Sora: We sure did and that was cool. The most awesome battle in that one was with Nocturne and we discovered that Natilee can make dreams come true.

Rainbow Dash: That was really awesome.

Scootaloo: It sure was. But the battles with all those ghosts must've been scary.

Pickle Barrel: No kidding. They must've been amazing and scary.

Barley Barrel: Yeah it sure was scary.

Whirlwind: Danny Phantom had many enemies too.

Dexter: Boy he sure did.

Dee Dee: That was amazing.

Dexter's Mom: It sure was cool.

Dexter's Dad: I agree.

Robocop: It was neat though from what I was told.

Robo-Blaze: It sure was. Lets do it!

They fired waves of light, wind, rainbows and lightning and smashed him down.

Sora: OH YEAH!

Rainbow Dash: That was AWESOME!

RPM Rangers, Megaforce Rangers, Nico, Eli, Nunnally, Lily, Carlitos and Laney VS Subterranean Plutonic Gopher Bot

---

Gopher Bot was next.

Nico: This is going to be good.

Nico teleported and opened Gopher Bots Safe and in it was a bunch of Necklaces and they were called The Elemental Phoenix Necklaces of Eternal Love, They're necklaces with the elemental forces of Fire, Ice, Wind, Water, Light, Darkness, Time, Space, Gravity, Cosmic, Earth, Nature, and Thunder for the necklace chain links with gems on them, and the pendant is a phoenix with many shimmering colors. Once on their necks, they'll get a massive power and energy increase, and any future wives that I meet in the future, an Elemental Phoenix Necklace of Eternal Love will appear on their necks.

Nico: Awesome necklaces!

Nico teleported back with them.

RPM Rangers: RPM! GET IN GEAR!

The RPM Rangers transformed!

Megaforce Rangers: LEGENDARY RANGER MODE! RPM!

They transformed into the RPM Rangers too.

RPM Rangers: RPM ENFORCER!

They formed the RPM Enforcer.

Nico gave them an Engine Cell with the number 2,400,000 on it in the form of a snake.

Rangers: ENGINE CELL ACTIVATE!

Nico: FIre!

They fired waves of elements and then the blasts all hit Gopher Bot and he exploded!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gopher Bot was dead!

Nico: Gopher Bot you have failed this city again.

Troy Burrows: Rangers that's a Super Mega win.

We regrouped and cheered wildly.

around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Nerissa: Oh no, I was hoping never to hear that voice ever again. You can come out of the shadows now, Phobos.

A figure came out, and it was none other than our old enemy, Phobos.

Will Vandom: You've got some nerve coming back from the dead, Phobos.

Me: You said it, Will. We made sure that you were Hakaied when we killed Necrafa.

Phobos: As long as my hatred for all of you exists, I will never be erased from existence! I will kill you all if it's the last thing I ever do!

Nerissa: As always, you're nothing but a power-hungry tyrant.

Elyon: And I don't know what I even saw in you as a brother, when you were nothing more than a hatred-filled monster.

Phobos: Nerissa, but how?!

Nerissa: J.D. brought me back, and he separated me from my darkness, and I'm now on the side of redemption, and I was forgiven by J.D., and I won't let anyone down ever again.

Ace Bunny: Lincoln: I know the Mane 9 and the Knights of The Friendship Table found out about Phobos, but what can you tell us about him?

Lincoln: You won't like him, Ace. Phobos is a sadistic power-hungry tyrant who wanted to enslave the universe, and the Guardians of Candrakar's worst enemy.

Lincoln proceeded to tell those who hadn't joined us long ago about Phobos, and they weren't going to like it one bit.

When Lincoln was finished, those who hadn't joined us long ago were enraged and disgusted by the evil deeds of Phobos, and some of them couldn't hold their tongues anymore.

Ace Bunny: Phobos, you heartless, power-hungry, sadistic, amoral, psychopathic bastard! You have no love for anyone for yourself, and you tried to enslave the universe! I'm glad you got what you deserved, but you've got some nerve returning from the dead!

Nico: Yeah, he's bad news to the 1,000,000,000th power, Ace.

Liru the Werewolf: I've had it up to hear with this bastard to last an eternity.

Suddenly, Liru the Werewolf's brown eyes turned neon brown, and she was surrounded by a yellow energy aura with werewolves and full moons surrounding her, and as she approached Phobos, she left yellow energy, werewolves, and full moons with every step.

Liru the Werewolf: You really make me sick, Phobos. You've caused the Guardians of Candrakar and the entire universe nothing but trouble, and you've brought nothing but pain and suffering to those around you. This time, I'm going to make sure that you never return from the dead ever again!

Then, Liru let out a loud howl, as she was surrounded by a massive vortex of yellow energy with wolves running around the vortex on the ground and the full moon shining down on the field, there's a werewolf running around the vortex in the air, and in the vortex is a white phoenix. Then, as the vortex faded, Liru emerged, but she was changed forever.

Liru the Werewolf grew to 6'0" in height, she had the body of a goddess, she had brown highlights in the bangs of her blonde hair and her blond tail's gotten longer, she has a werewolf with the Lunar Kanji in its claws and the full moon above its head emblazoned on her forehead, she has on werewolf earrings with the Lunar Kanji in its claws on her werewolf ears and a necklace with a werewolf holding the Lunar Kanji in its claws for the pendant, she has on a sleeveless brown blouse with yellow phoenix on it, blue shorts with wolves, white high heels, and white long sleeveless trenchcoat with werewolves and moons on the coattails and on the back is a werewolf with the full moon above its forehead. Liru the Werewolf has massive yellow angel wings with brown tips on the large yellow feathers, she has a new large sword in her hands called The Lunar Sword of The Werewolves, it's a large sword with a werewolf and the full moon etched on the 6'5" massive, wide double-edged dark blue blade, large dark blue curved upward ram horns for the crossguard, large blue gem for the hilt, longer black handle, and large dark blue faceted sphere pommel with surrounding blue gems.

Liru the Werewolf has on her new Bracelets of the Champions of The Universe with large blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the werewolf and the full moon that said, "Liru the Werewolf, Legendary Werewolf of European Mythology, Loving Future Wife of Lincoln Loud, Slayer of Evil, Friend of Uma the Witch, Pachira the Vampire, and Aiko the Android, Brave Defender of The Full Moon, and Master of Lunar Fury and Werewolves."

狼男リル、ヨーロッパ神話の伝説的な狼男、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、魔女ウマの友人、吸血鬼のパチラ、そしてアンドロイドの愛子、満月の勇敢な擁護者、そして月の怒りと狼男のマスター

Liru the Werewolf has transformed into SUPER ANGEL 750,000,000,000 MOONLIGHT FURY WEREWOLF ANGEL OF LOVE AND JUSTICE!

We were amazed by Liru the Werewolf's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes, and we heard him let out a werewolf's howl. But when Phobos saw it, he fell into a rage and tried to blast her, but Liru fired a blast of lunar light, and it overwhelmed his energy blast, and hit him in the hand and burned him.

Me: Whoa, Liru's transformed.

Nico: You said it, Colonel, and when Lincoln saw it, not only did he have an atomic red blush on his face and hearts in his eyes, but he also let out a werewolf's howl.

Lincoln: Whoa, Liru, you look beautiful. How do you feel?

Liru the Werewolf: (Divine Echoing Cosmic Voice of Lunar Love and Justice) **I feel incredible, Linky, and now, I'm going to rip this monster to shreds. Would you like to join in?**

Lincoln: (Smiles) Of course.

Me: And I'm joining in, as well. I've got a score to settle with that bastard.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he also transformed into Lincoln the Nocturnal, and I went into my Ultimate Power Form, and I also transformed into J.D. the Nocturnal, and we'd joined Liru the Werewolf, and the full moon shining down on us, and it was making us more powerful, as it filled us with infinite energy. When Phobos saw us transform, this sent Phobos into a horrifying demonic rage, and the power of good radiating from the three of us was hurting him really badly.

We went at Phobos, who fired a blast of energy at us, but we dodged it, and we fired powerful blasts of rainbow energy, elemental forces, yellow energy, lunar fire, Thunderbirds, Phoenixes, Buffalo, and Werewolves at Phobos, and they exploded with incredible power. Then, Lincoln, Liru, and I fired very powerful blasts of red energy, and as the blasts hit Phobos, Lincoln, Liru, and I began sucking out and absorbing all of Phobos' numerous magical powers and abilities, and we and the rest of us had made them our own. When we were done, Phobos was now completely powerless.

Lincoln: (Divine Echoing Cosmic Elemental Beastly Voice of Universal Justice and Elemental Hope) **Now, it's time to kill you once and for all, Phobos.** (To Me and Liru) **J.D., Liru, time to use our combo on him.**

Me: **Ooh, now you're talking, big guy.**

Liru the Werewolf: This should be good.

Lincoln, Me, and Liru the Werewolf: **FULL MOON MASSACRE!**

Lincoln, Me, and Liru had our claws surrounded by rainbow and yellow energy, and underneath the full moon, we went at Phobos, and with our energy surrounded claws, we tore Phobos to shreds, and Lincoln drove his massive Sword of Taranis covered in his poisonous blood into Phobos' black heart, and it disintegrated him to dust, and his evil spirit was destroyed forever. We cheered wildly, as we'd holstered our massive swords on our backs and powered down, and Liru the Werewolf's new body, clothes, weapons, jewelry, and angel wings were permanent. Then, Lincoln, still in his Lincoln the Nocturnal form, had wrapped his abnormally massive and powerful muscular arms around Liru the Werewolf's waist, and as he leans down and they lock eyes, they shared a passionate kiss as she'd wrapped her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them were wolves howling and the full moon shining down on them, and we had tears in our eyes and a smile on our faces.

Me: (Smiles) That's so beautiful and awesome.

Nico: (Smiles) You said it, Colonel.

Lincoln changed back to normal, and he and Liru went back to us.

Nerissa: And now, we're finally rid of Phobos for good.

Will Vandom: And we'll never see him ever again. He deserved to die for everything that he's done.

Elyon: Goodbye forever, Phobos, you will never hurt another person ever again.

Cavalier: This was a nice set of battles to close out Thanos Memorial Day.

Bronze Kneecap: Seriously? That's what you came up with?

Black Spider: Can't blame him for trying.

See More: Well, I hope you guys enjoyed this break.

Robo Blaze: Tomorrow, it's back to work.

Me: Yep.

Nico: But this was awesome. Today was awesome and fun. Lets head home everyone.

We went back home and enjoyed the rest of the day and then went to sleep.

THE END

Another awesome chapter done.

The Battle with Thanos was a really awesome adventure for us 2 years ago. And this chapter was awesome to show how many devastating battles we all had over the years. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. We now get back into the rescues and the next rescue for me is gonna take place on the planet Utapau and we're going to meet an Aqua Spirit and an Evolved Necrofriggian Hybrid Plumber Kid named Kiralai and we're also going to meet a Stinging Jellyfish Gene-Slammer named Naori Flemmington and the Stinging Jellyfish I'm talking about is from Yu-Gi-Oh. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Will Vandom and the Bellossom Gene-Slammer are gonna go on that one and we're going to take down General Grievous who came back from the dead to get revenge. Will Vandom is gonna transform in that one so I'll need the Transformation sequence on that one please. The next rescue for Lincoln is gonna be on the planet Raxus Prime and Irma Lair is going to transform in that one too against Jango Fett. The next chapter is another race chapter and that one is gonna be on Luke and Anakin's home planet, Tatooine and we're going to race through the sands and destroy Sand People and more. BUT This is gonna be an awesome Podracing Race and it will be a first for all of us.

See you all tomorrow

# RACE AROUND TATOOINE

On the rocky planet of Utapau, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Will Vandom and the Bellossom Gene-Slammer were there for another awesome rescue.

Maya Noriko: So this is Utapau?

Me: It sure is. Wow. This is amazing that we are on the very planet where Obi-Wan destroyed General Grievous.

Will Vandom: This is so cool that I get to go with you guys. I'm honored.

Eli: It's always fun to go to alien planets like this.

Lola Namiko: It sure is awesome.

Nicole Chan: I think it's really cool.

Maya Noriko: It sure is awesome.

Maya concentrated and groaned as she began to shrink.

Nelanie: (Laos Accent) I hope we get to meet an awesome one on this rescue.

Gina Pele: Lets hope so.

Maya turned into BELLOSSOM!

Miranda: Awesome!

A creature squealed and we saw Maria riding an Utapau Varactyl!

Eli: Oh wow! That's an Utapau Varactyl.

Arrietty: Wow that is cool!

Me: Awesome Maria. You tamed a cool creature from Utapau.

Maria: I sure did.

Me: Awesome.

Maria: What should I call you?

The Varactyl chirped.

Maria: Wow that's a cool name. Varais it is.

Nicole Chan: Cool name.

Will Vandom: It sure is awesome.

Eli: So awesome.

Maria: Hop on Eli.

Eli got on Varais with her.

Natalie Griffin: What's that?

Natalie saw strange cut tracks like they were lightsaber slash marks.

Natalie Griffin: What are these here?

Me: Hmm.

I looked at them.

Me: These are lightsaber Scorch marks. And there's only one person or rather cyborg that is capable of leaving marks like these: General Grievous!

Maria: Before we kill him, let's steal his lightsabers.

Me: Smart idea Maria.

Eli: He's over there in that cave there.

Eli pointed to a cave in the mountain.

Me: Lets go.

We flew at the cave and went in.

Me: Look sharp.

We kept our eyes peeled and then I heard something and I fired an energy blast and it hit a wall and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Out of the explosion came GENERAL GRIEVOUS!

---

**General Grievous** is the supreme cyborg commander of the CIS Droid Army and a major antagonist in the *Star Wars* universe.

Grievous has an extremely ruthless and undemonstrative personality. He often loses his temper and becomes argumentative and impatient with battle droids that serve him when they do not fulfill his desires to the point into destroying one of them. It is not uncommon for him to destroy one of his droids in his anger. Although General Grievous is strong, he underestimates the power of the Republic and the Jedi which leads to his loss in some of the battles. He is the arch-enemy of Obi-Wan Kenobi throughout the Clone Wars.

He was voiced by Matthew Wood (who also voiced Bib Fortunain *Star Wars: Episode I - The Phantom Menace* and *The Mandalorian* ) throughout most of his appearances in *Star Wars* related media while also voiced by John DiMaggio (who also voiced Bender Bending Rodríguez in *Futurama*, Dr. Drakken in *Kim Possible*, Nitro Zeus in *Transformers: The Last Knight*, Arthur in *Ralph Breaks the Internet*, and the Joker in *Batman: Under the Red Hood* ) in Season 2 of *Star Wars: Clone Wars* and Richard McGongale (who also voiced Carmine Falcone in *Batman: The Telltale Series*, Lava Monster in *Samurai Jack*, and Bill the Wrangler in *Spirit: Stallion of the Cimarron* ) in Season 3 of the same series.

Grievous was known as a fearsome warrior that has killed a countless number of people throughout the galaxy. Originally a Kaleesh warlord that hailed from the Kalee known as Qymaen jai Sheelal, the man who would later come to be known as General Grievous quickly became a feared force on the battlefield.

As a commander, Grievous lead his people to victory over those who had invaded their home. However, during the battle, he was involved in a violent crash when his speeder was destroyed, injuring and even mutilating his body. Despite this, Grievous' tactical prowess had attracted attention from the Sith Lords Darth Sidious and Count Dooku, who, with the help of the InterGalactic Banking Clan and the willing approval from Grievous himself, rebuilt Grievous as a cyborg to become more powerful. The cyborg body included versatile mechanized extremities, leaving only a select few internal organs as well as his eyes, brain, heart, and lungs organic.

Dooku trained Grievous in the ways of the Sith and Jedi (despite Grievous being neither), especially in the art of lightsaber combat. Grievous excelled in his mastery of the weapon, leading it to become one of his primary weapons aside from his blaster sidearm.

During the war, Grievous was put in command of the Separatistwarship called the *Malevolence*, a *Subjugator* -class heavy cruiser that possessed two powerful mega-ion cannons capable of obliterating entire Republic fleets on both the starboard side and port side of the ship. Grievous destroyed several fleets while in command of the *Malevolence*, even Jedi General Plo Koon eventually took a fleet to deal with Grievous, but his fleet was no match for the *Malevolence* 's ion cannon.

Koon and a few of his troops survived but were faced with ships sent by Grievous to destroy the Republic escape pods. Koon and his men were eventually rescued by Jedi Knight Anakin Skywalker who then delivered news of the weapons to the Republic.

Count Dooku later gave Grievous permission to attack a Republic medical station ran by Nala Se in the Kaliida Nebula. However, upon arrival, Anakin and a fleet of Republic ships emerged from hyperspace to defend the medical station and destroy the *Malevolence* . Grievous had no choice but to engage Anakin's fleet in battle, then aimed the ion cannon at the medical station and ordered his droids to open fire. Before they could fire, however, the Republic fleet attacked and disabled the ion cannon and caused it to explode, even damaging the hyperdrive, angering Grievous. Grievous demanded his battle droids to repair both the ion cannon and hyperdrive immediately, which they complied to do.

Eventually, Obi-Wan Kenobi, a Jedi that Grievous faced countless times throughout the war, attacked the *Malevolence* with a fleet of three Star Destroyers, including the *Resolute*, Anakin's flagship. The general ordered that they jump to hyperspace so they would be safe in Separatist controlled space, however, a battle droid told Grievous that the hyperdrive took some damage during the attack. Contacted by Dooku, the Sith Lord was informed by the cyborg that the *Malevolence* had taken heavy damage from the destruction of the weapon, which led to Dooku informing Grievous that the Naboo Senator, Senator Padmé Amidala was on-route to the battle that she was unknowingly heading to, where the general would capture her and cause the Republic to stop firing on the warship, though Amidala suggested that they continue their attack and destroy it once and for all.

However, Padmé Amidala overloaded her ship's engines to self-destruct to destroy the cyborg general. The ship blew up, taking two battle droids with it, however, Grievous survived and began searching for the senator, eventually being informed that the damage that was dealt to the hyperdrive was not as bad as once thought and that they would be able to repair it and get underway shortly.

Anakin and Obi-Wan eventually arrived on board the *Malevolence* to rescue the Senator and C-3PO so the Republic ships could continue firing upon the monstrous warship. The Jedi both split separate ways and they learned from Padmé that the battle droids were almost finished repairing the hyperdrive, which prompted Obi-Wan to go to the hyperdrive control room and sabotage it to delay their escape and buy the Republic more time for another nearby Republic fleet led by Jedi Master Luminara Unduli to reinforce them after she finished fighting Separatist forces in a battle nearby the Kaliida Nebula. However, Kenobi was ambushed by a small squad of battle droids and his nemesis and was forced to escape from the room without sabotaging the hyperdrive and Grievous told his droids to guard the hyperdrive before he pursued the Jedi.

After the *Malevolence* was destroyed, Grievous secretly planned a surprise attack on the cloning facilities of Kamino with Asajj Ventress, where they would end the production of clone troopers to be victorious in the war, so Grievous sent a squad of new Separatist battle droids, BX-series droid commandos, to the Republic listening post on the Rishi Moon and keep the all-clear signal active to succeed in the attack on Kamino without the Republic knowing until it was too late. However, Hevy, Echo, Fives, Cutup, Droidbait, Sergeant O'Niner, Nub and the other clones that maintained the base, fought back against the droids with the help of Commander Cody and Captain Rex, though some of the clones were killed at the beginning of the attack, including O'Niner, Droidbait and Nub.

Grievous' next target was the planet Bothawui, which housed a Republic intelligence center. The Jedi Council dispatched Anakin Skywalker and his Padawan learner, Ahsoka Tano, with a newly-christened fleet of *Venator* -class Star Destroyers to stop the cyborg. Grievous cut the Jedi out of their hyperlanes and engaged the Jedi three times in open space before Skywalker and his fleet escaped and took a direct course to Bothawui.

Grievous fled from his ship in *Soulless One*, a Belbullab-22 starfighter and was pursued by Skywalker but Grievous was able to jump to hyperspace and retreat away from the battle due to Skywalker's fighter crashing into debris, destroying his fighter.

Grievous confronted Tano and her clone squad on listening post after ordering his IG-100 MagnaGuards to guard R2-D2. The general killed all the clones but Rex and Denal. Ahsoka defended herself against Grievous's blows and retreated to a room filled with spare droid parts to hide, only for a traitorous astromech droid to give her away. Grievous destroyed her comlink, and she managed to escape through a vent.

Upon his arrival at his fortress on the third moon of Vassek, Grievous was confronted by Jedi Master Kit Fisto and Jedi Knight Nahdar Vebb along with their squad of clones, who were led there by a homing device that was attached to a Consular-class cruiser that was stolen by Asajj Ventress to escape with the Viceroy Nute Gunray, however, they were misled to the moon by the homing beacon and the Viceroy was safe elsewhere. Suddenly, Count Dooku appeared on a hologram and indirectly mentioned that Nute Gunray was indeed somewhere else in the galaxy and also indirectly proclaimed that the Separatists' second-in-command, General Grievous, was an alternative for the Viceroy of the Trade Federation. Soon thereafter, a door was activated by a button that was remotely pressed by the Sith Lord, revealing a room that contained statues of Grievous' transformation into a cyborg and at least 15 Jedi Padawan braids, showing the Jedi how many members from the Jedi Order were murdered by Grievous.

After entering his fortress, Grievous called out for Gor, a Roggwart which he considered his pet, and was confronted by the Jedi and Clone troopers. He quickly engaged his intruders but lost his legs to Fisto, however, he still managed to kill a few clones with his legs cut off and proceeded to escape to the fortress' control room, where he was repaired by EV-A4-D, his droid doctor. Grievous then asked the droid what happened to his bodyguards and was told that for recharge, they were remotely deactived, leading the droid to assume that his master was the one who deactivated them and Grievous immediately reactivated them and ordered them to secure the perimeter of his fortress. Fisto asked the two clones that were guarding the ships, Niner and Bel, to send a transmission to the Republic to bring reinforcements to Vassek 3, although they were killed inside the *Nu* -class attack shuttle after one of Grievous' MagnaGuards destroyed the shuttle with a rocket launcher.

Grievous left the intruders at the mercy of his pet Roggwart, Gor, before being contacted by Dooku, who confirmed to Grievous that this was a test for him since his defeats had shaken Dooku's faith in the general. Grievous decided to play along and Fisto and Vebb soon found the entrance to Grievous' control room. But as they tried to sneak in, Vebb chose to confront Grievous instead, despite Fisto trying to convince him otherwise. In the midst of their argument, EV-A4-D locks Fisto away from Vebb and the Jedi defeated all five of Grievous' guards.

Vebb proceeds to attack Grievous, but the general killed the young Jedi by pulling a blaster on him as they fought. Grievous engaged Fist in combat, but he started to gain the upper hand until some of Grievous' MagnaGuards arrived, turning the odds against him. As R6-H5 arrives with his starfighter, Fisto escaped and returns to the Jedi Temple on Coruscant.

Grievous eventually captured Jedi Master, Eeth Koth, and then contacted the Jedi Temple. In his message, he declared his victory over the Jedi to show one of the MagnaGuards torturing Koth promising that the Jedi Master's death would be slow, much to the horror of the Jedi watching.

However, Plo Koon and Commander Wolffe noticed a coded message made by hand gestures of Koth, which was decoded by Obi-Wan, telling them that Grievous was in the Saleucami system.

Obi-Wan Kenobi, Anakin Skywalker and Adi Gallia thus departed to rescue Eeth Koth and capture Grievous. Kenobi entered the Separatist ship and fought the MagnaGuards and eventually Grievous.

Count Dooku secretly instructed General Grievous to order a group of explosive droids disguised as sanitary units on Coruscant to conduct sabotage on Coruscant power generator. Grievous contacted the droids and ordered them to proceed. Grievous' units were successful in making the Republic deregulate the banks.

After the destruction of the moon post on Rishi, General Grievous and Asajj Ventress planned an attack on the cloning facilities on Kamino Grievous attacks the barracks to kill all the clones he can find there, while Ventress heads for the main DNA storage to grab the prime DNA sample of the clones' template. Grievous ordered his droids to throw the other clones out of there but was confronted by Obi-Wan Kenobi, and the two engaged in a lightsaber duel. Grievous escaped with Ventress when a *Trident* -class assault craft unit broke the platform they were fighting on.

Soon afterward, Grievous suffered a humiliating defeat when he attempted to invade Naboo. Jar Jar Binks (posing as Gungan Boss Lyonie) distracted Grievous in a series of negotiations long enough for the Gungan Army to shut down Grievous's invasion force. As Grievous pursued Jar Jar, he slaughtered many Gungan Grand Army soldiers. At that moment, General Tarpals intervened and engaged Grievous in a duel. Although he was mortally wounded by the cyborg, Tarpals impaled Grievous through his chest which allows the Gungan Army to bombard the wounded general with energized projectiles and capture him. However, Grievous was freed in a prisoner exchange with Skywalker between Dooku and Padmé Amidala.

After Savage Opress trumpery, Grievous was ordered by Count Dooku to wipe out Asajj Ventress, Mother Talzin, and her fellow Nightsisters on Dathomir. Grievous took a Separatist Fleet to Dathomir and landed his forces. The Separatist forces successfully defeated the Nightsisters, with Grievous himself killing Old Daka while Mother Talzin escaped through the use of her magics. The Separatists were unable to capture or kill Asajj Ventress, who also escaped.

After forcing Kenobi to a retreat on Floruum, Grievous and his forces took Hondo Ohnaka base as retribution for previously holding Dooku to ransom. Grievous prepares to board the Jedi's speeder tank, which forces R2 to execute some risky maneuvers in an attempt to shake him off. However, this move leaves the tank crashed instead. The stunned Jedi recover just as Grievous moves in for the kill when Ohnaka's escape ship, the rebuilt Slave I, arrives on the scene to pick him up. Ahsoka sends her youngling charges to the craft and engages Grievous in combat to cover their escape. She then barely escapes onto the ship on her own, and before Hondo has a chance to properly repay Grievous for his cordiality, though two Armored Assault Tanks soon forced them to withdraw from the planet and force Hondo into heading for Coruscant, where he would return Ahsoka and the younglings to the Jedi Temple, their home.

The cyborg general is sent by Dooku to hunt down the rogue Sith Lord Darth Maul, who has become a significant threat to Sidious' plans. Grievous is ordered to only wound Maul's forces, but not kill him; this is in order to draw out Mother Talzin, who is later revealed to be Maul's blood mother. Though he thinks it foolish to keep Maul alive, Grievous does as he is told. He takes a huge army of droids to

Zanbar and attacks Maul's army of Death Watch warriors. Despite heavy casualties, Grievous' droids ultimately win the battle. During the battle, Grievous briefly fights Maul and wins, forcing him to flee. Later, Grievous and Dooku are lured into a trap by Maul and his minions and are taken prisoner in order to draw out Sidious. However, Grievous soon escapes and rejoins Sidious, who orders Grievous to attack Dathomir again, where Maul and Talzin are planning using Dooku as a sacrifice to restore Talzin to full strength. Sidious fights Talzin while Grievous duels Maul again. Maul eventually overpowers Grievous and Force-pushes him through a wall. Grievous quickly reappears, however, and after Sidious and Dooku have subdued Talzin (who has thrown Maul out of the battle to save his life), Grievous stabs her through the chest with his lightsabers, killing her.

Near the end of the war, General Grievous led a daring mission in the kidnapping of Chancellor Palpatine in the Battle of Coruscant under the orders of Count Dooku. Keeping his prisoner in the custody of Dooku aboard his flagship, Grievous was unsurprised when Jedi Obi-Wan Kenobi and Anakin Skywalker arrived to stage a rescue.

The Jedi proved victorious, with Anakin killing Dooku and freeing the Chancellor, but were soon apprehended by Grievous' droids. Brought before him, Grievous took their lightsabers, boasting that they would make a fine addition to his collection.

Thanks to some of R2-D2's clever trickery, however, the Jedi regained their weapons and cornered the droid army leader. In a last-second move, Grievous shattered the bridge viewport and escaped into space.

Grievous headed for a major Separatist base on Utapau. Speaking with Darth Sidious, he was assured that the war was coming to an end, and the Separatists would be victorious. Still, it would prove to be short-lived comfort for the walking terror. Obi-Wan soon arrived with a battalion of clones, and the Battle of Utapau began.

The General and Obi-Wan dueled, and despite wielding four lightsabers at once, Grievous was dismembered and once again tried to flee. Obi-Wan gave chase, and the two eventually fought in a knock-down drag-out fist fight.

The Jedi had lost his lightsaber and found himself dangling from a cliff, and Grievous appeared to have the upper hand. As the General menacingly lurched forward, prepared to deliver the final blow, Obi-Wan used the Force to draw Grievous' blaster into his hand. He shot Grievous in the chest, five times, igniting what remained of his organic matter, and the menace was no more.

Karbin's cybernetics were said to have been inspired by the late Grievous.

Years after Grievous' death, a Mon Calamari named Karbin was modified with cybernetic enhancements by an Imperial researcher named Cylo, who intended to create people such as Karbin to replace Darth Vader as the Emperor's new apprentice but will be killed by Vader himself. In Karbin's case, he was modified after the late Grievous.

After the Battle of Endor, it was implied that when building Mister Bones, Temmin Wexley had use some of Grievous' programming to create him.

Palpatine, who was actually in control of Grievous, intentionally had the General perform horrible war-crimes throughout the war, such as brutal bombings of civilian world's and the use of chemical warfare, that would strike fear into the hearts of the public. This would help the civilians accept the new role of Galactic Empire, that would protect them from future threats like him.

Grievous, like most of the key most Separatist-leaders, was also a non-human, which helped the Empire's humans-first policy, as so many of the war-criminals were non-humans.

Grievous was continually used in Imperial propaganda as a reminder for the horror's of the war, and many rebellions were often compared to the late general's achievements in the news.

Me: General Grievous.

General Grievous: J.D. Knudson, now I can make sure you are destroyed by me for making a fool out of me.

Me: And I show no remorse for doing so.

Maria: (snatches one of Grievous' lightsabers) Yoink!

General Grievous: You give that back!

Me: Come and get it Cyber freak!

Eli: In fact…

Eli used the Force and swiped all of his Lightsabers.

Will Vandom: And I've had it with this clod.

Suddenly, Will Vandom's brown eyes turned neon brown, and she was surrounded by a pink energy aura with lightning, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached General Grievous, she left pink energy, lightning, and angels with every step.

Will Vandom: Grievous, I will never forgive you for your crimes. What you did in helping the Sith in their ruthless desire to conquer the galaxy can never be forgiven, but this time, I'll make sure that you pay the price for your crimes with your life!

Then, Will Vandom was surrounded by a massive vortex of pink energy with lightning, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Will Vandom emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Will Vandom grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her red hair, she has a phoenix with the Thunder Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Thunder Kanji in its claws and a necklace with a phoenix holding the Thunder Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with red phoenix on it, green skirt with lightning bolts on them, green pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and lightning bolts on the coattails and on the back is a phoenix with lightning bolts surrounding it. Will Vandom has massive red angel wings with blue tips on the large red feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a red kanji right below the phoenix that said, "Will Vandom, Leader of Team W.I.T.C.H.J.E.M.M., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Loving Girlfriend of Matt Olsen, Master of Quintessence, Lightning, and Life Energy, and Guardian of The Heart of Kandrakar."

チームW.I.T.C.H.J.E.M.M.のリーダー、カンドラカーの守護者、ダークネリッサとフォボスの駆逐艦、悪の殺し屋、マットオルセンの愛するガールフレンド、クインテセンス、ライトニング、ライフエネルギーのマスター、カンドラカーの心の守護者、ウィルヴァンダム

Will Vandom's transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE LIGHTNING PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Will Vandom's Super Angel 750,000,000,000 transformation, but when General Grievous saw it, he fell into a rage and tried to attack her, but Will Vandom fired a powerful blast of energy, which hits two of his arms and destroyed them, and he screamed in excruciating pain.

Nicole Chan: WHOA! That was awesome!

Me: Wow! Will you look amazing!

Eli: Awesome job! How do you feel?

Will Vandom: (Divine Echoing Cosmic Voice of Lightning, Love, Hope and Fire) **I feel incredible Eli. This is more than enough power to make sure that Grievous pays for his crimes.**

?: Let us help too!

We saw an Aqua Spirit and an Evolved Necrofriggian Hybrid Plumber Kid and a Stinging Jellyfish.

Eli: Wow! An Aqua Spirit.

Me: And an Evolved Necrofriggian Human Hybrid.

Nicole Chan: And a Stinging Jellyfish.

Kiralai: That's right. My name is Kiralai. Awesome to meet you all.

Aqua Spirit: Thank goodness we got here.

Stinging Jellyfish: My name is Naori Flemmington. It's awesome to meet you all.

Me: You're a Stinging Jellyfish Gene-Slammer.

Stinging Jellyfish: That's right.

ELi used the Force and blew Grievous back and then Aqua Spirit slashed him with a sword of water and bisected him down. Then I put on my blind man glasses and Eli and Syrus covered their eyes and I snapped my fingers and Maya and Naori were reverting back.

Maya: (Regains her hair) Maria, you know Horsea will be jealous of Varais, right?

Maria: No she won't. Varais is gonna be one of our horses for the stables.

Maya: Oh.

Naori Flemmington: That is so cool how you managed to tame a Varactyl.

They were back to normal and Maria gave them new clothes and they put them on.

Naori Flemmington: Wow these awesome clothes.

Me: Yep. Maria is one of the heads of the Team Loud Phoenix Storm Fashion Force.

Naori Flemmington: Really cool.

Simone: It sure is awesome.

Me: And cue Naori being in pain in 3… 2… 1…

Naori: (holds her head in pain) God, it feels like my brain is about to explode!

Simone: Concentrate and reign in the strength of your Stinging Jellyfish form with the strength of your will. We did it and so can you.

Naori did so and then she glowed in a neon aqua blue aura and had lightning of incredible power flickering around her.

Naori: Whoa! That was awesome!

Naori saw something coming!

Naori: Look out!

Naori fired a blast of lightning with incredible power and it hit General Grievous as he was about to come at me and it caused him to explode!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed in an instant with over 500 billion Yottawatts of electricity!

Eli: WHOA! That was powerful!

Me: It sure was! Awesome save Naori. Thanks.

Naori: No problem.

We later went back home and told everyone everything that happened and they were amazed!

After getting rid of General Grievous this time for good, Lincoln, Me, Nico, Eli, Nicole, Will Vandom, and Irma Lair were heading to the planet Raxus Prime, and not only is Lincoln going to rescue the ten girls there, but we got word that Jango Fett has returned from the dead for Round 2, but we're going to make sure that he never returns again.

---

**Jango Fett** is a recurring antagonist in the *Star Wars* franchise. He is the secondary antagonist of the 2002 film *Star Wars: Episode II - Attack of the Clones*, the titular main protagonist of *Star Wars: Bounty Hunter*, and a posthumous antagonist in the 2008 animated series *Star Wars: The Clone Wars* .

He is one of the *Star Wars* galaxy's most formidable bounty hunters, and the original genetic source in the creation of clone troopers. All these soldiers were made by cloning his genes. This process was made possible by the Prime Minister of Kamino, Lama Su. He is also the father of classic *Star Wars* villain Boba Fett.

He was portrayed by Temuera Morrison, who also portrayed his son Boba Fett in multiple video games and *The Mandalorian* and Azazello in *The Island Of Dr. Moreau* .

Much of Jango Fett's origin remains in mystery, but according to himself, he was born on Concord Dawn, a planet owned by the Mandalorians. He was a Mandalorian foundling that took part in the Mandalorian Civil War. During this, Jango had came into possession of Mandalorian armor that was made with beskar alloy. Despite this, his background was put in doubt as Prime Minister Almec of Mandalore claimed he stole the armor and had no connections to the Mandalorian (though it's entirely possible Almec was not telling the truth, especially given his connections to criminal activity). Around this time, Jango began his career as a bounty hunter and rose his way into the galaxy as the greatest bounty hunter. His fame drew attention to other bounty hunters, as well as the sith, who sought him out to use him as the genetic template for the Clone Trooper army.

Some time after the events of the invasion of Naboo, Jango Fett was approached by Count Dooku (who was also the Sith Lord known as Darth Tyranus). Dooku offered Jango the opportunity to be used as the genetic template for a clone army that he would be allowed to train and lead. Jango agreed on the condition that he would receive his fee of twenty million credits, as well as his own clone that had no alterations done to him. Dooku agreed to the conditions and as a result, Jango received his own clone that he would raise as his own son known as Boba Fett.

After ten years, the clone army had come along greatly, with two hundred thousand ready and a million more about to be finished. Jango was then hired by Nute Gunray, Viceroy of the Trade Federation, to assassinate Senator Padmé Amidala.

Jango once again subcontracted Wesell for the task while he oversaw her efforts. However, her attempts failed and eventually she was chased down by two Jedi, Obi-Wan Kenobi and Anakin Skywalker. Much to his regret, Jango was forced to kill Wesell from a distance with a painless toxic dart in order to keep her from revealing his identity when she was caught. This, however, became his undoing, for Obi-Wan used the dart to track Jango to Kamino, eventually discovering the clone army's existence. The Mandalorian met with Kenobi and, to his credit, did his best to act like an innocent civilian, claiming it was a pleasure to meet a Jedi and that he'd been elsewhere during the assassination attempt. However, Jango knew Obi-Wan meant that trouble was coming and ordered Boba to pack his things onto Slave I.

Sure enough, Obi-Wan caught up to him on the ship's landing platform to try and apprehend him and Jango was forced to fight him off, before escaping aboard Slave I with Boba. Unknown to Jango, a homing device planted on his ship allowed Obi-Wan to follow him to Geonosis, starting a dogfight. He believed that he managed to destroy the Jedi's ship, though he'd deceived the Mandalorian. Jango landed on Geonosis and met up with Dooku and the leaders of the Confederacy of Independent Systems. Obi-Wan was captured spying on them and Jango managed to subdue Anakin and Padmé when they tried to save Obi-Wan. Jango and Boba watched as the three captives were to be executed, but the three escaped and avoided the animals sent in to kill them. Things deteriorated when a huge number of Jedi suddenly entered the arena to rescue the captives and Jango drove off Mace Windu, who'd infiltrated the box, as a huge battle erupted between the Jedi and the droid army built by the Geonosians.

Another Jedi attempted to attack Dooku but Jango gunned him down before entering the fray, engaging Windu again. He was trampled by a reek that was still loose in the arena and while he killed the beast with his blaster pistol, a wild charge from the animal sabotaged his jetpack. As the Mandalorian tried to get away from Windu, who closed in on him, the device malfunctioned. This gave Windu the opening he needed to slice off Jango's blaster hand and then decapitate his rival.

Lincoln: Whoa, we're on the planet Raxus Prime.

Me: You said it, big guy. What a dump. This place was once a beautiful world of lagoons and islands. But, over many centuries, Raxus Prime became heavily-industrialized, until by the time of the Clone Wars, it become totally covered with toxic debris and had a poisonous surface.

Lincoln: This is definitely what happens when we don't take care of the planet, and I think I know what we're going to do here, not only am I going to rescue the ten girls there, but we got word that Jango Fett's returned from the dead for Round 2, but we're going to make sure that he never returns again.

Nico: You said it, big guy, and this time, we're going to make sure that he stays dead and gone for good.

Eli: And Irma's also going to transform. This is going to be good.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the ten girls, but they've been cornered by Jango Fett, and he's going to kill them.

Lincoln: Guys, I found the ten girls, but they've been cornered by Jango Fett, and he's going to kill them.

Nico: That's it, let's rip him to shreds.

We rushed on over, and Lincoln fired a powerful rainbow energy blast, which hits him, and badly hurt him. When Jango Fett saw us, he was pissed off big time.

Lincoln: You never learn when to stay dead, do you, Jango Fett? This time, we're going to make sure that you stay dead for good.

Irma Lair: And I've had about enough of this guy to last an eternity.

Suddenly, Irma Lair's greenish-blue eyes turned neon greenish-blue, and she was surrounded by a pink energy aura with water, life energy, and angels, she unholsters her massive Sword of Kandrakar from her back, and as she approached Jango Fett, she left pink energy, water, and angels with every step. Then, Irma Lair was surrounded by a massive vortex of pink energy with water, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is an ocean blue phoenix. Then, as the vortex faded, Irma Lair emerged, but she was changed forever.

Irma Lair grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long light brown hair, she has a phoenix with the Water Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Water Kanji in its claws and a necklace with a phoenix holding the Water Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with ocean blue phoenix on it, green skirt with ocean waves on them, green pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and ocean waves on the coattails and on the back is a phoenix with ocean waves surrounding it. Irma Lair has massive light brown angel wings with blue tips on the large light brown feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a blue kanji right below the phoenix that said, "Irma Lair, Member of Team W.I.T.C.H.J.E.M.M., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Master of Quintessence, Water, and Life Energy, Daughter of Tom Lair, and Amazing Member of Team Loud Phoenix Storm."

アーマ・レアー、チームW.I.T.C.H.J.E.M.M.のメンバー、カンドラカーの守護者、ダークネリッサとフォボスの駆逐艦、悪の殺し屋、クインテセンス、水、生命エネルギーのマスター、トムレアの娘、チームラウドフェニックスストームの素晴らしいメンバー

Irma Lair's transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE WATER PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Irma Lair's Super Angel 750,000,000,000 transformation, but when Jango Fett saw it, he fired a flamethrower blast at her, but Irma Lair fired a powerful blast of water, which had quenched the flames and soaked his weapons, rendering them powerless.

Irma Lair: (Divine Echoing Cosmic Voice of The Maelstrom and Kandrakar Justice) **And now, this is the end for you, Jango Fett.**

Lincoln: Let's get him, everyone.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and we also transformed and unholstered our massive swords from our backs, and we went at Jango Fett, and we fired powerful blasts of rainbow energy, elemental forces, and lasers at him, and they exploded with incredible power as they hit him.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Irma, let's use a combo on him.**

Irma Lair: **Let's do it, Lincoln.**

Lincoln and Irma Lair: **KANDRAKAR MAELSTROM OF JUSTICE!**

Lincoln and Irma Lair fired massive blasts of water, which formed into a massive maelstrom, and as it hits Jango Fett, it exploded with incredible power. Then, Lincoln drove his massive Sword of Taranis covered in his poisonous blood into Jango Fett's black heart, and he disintegrated into dust, leaving only his armor and blasters and his evil spirit was destroyed forever. We cheered wildly as we holster our massive swords on our backs and power down, and Irma Lair's new body, clothes, weapons, jewelry, and angel wings are permanent, and Lincoln got the ten girls and we got home to the Estate.

Then, Lincoln and Nicole went up to the ten girls located there, and when Lincoln saw the girls, he immediately recognized them. The ten girls were Salamandinay and Ange from Cross Ange, Sheryl Nome and Mikumo Guynemer from Macross, Wang Liu Mei, Sumeragi Lee Noriega, Christina Sierra, Feldt Grace, and Marina Ismael from Gundam 00.

Lincoln: Oh wow, it's Salamandinay, Ange, Sheryl Nome, Mikumo Guynemer, Wang Liu Mei, Sumeragi Lee Noriega, Christina Sierra, Feldt Grace, and Marina Ismael.

Nicole: From Cross Ange, Macross, and Gundam 00, awesome.

Lincoln: Are you girls okay?

Salamandinay: Yes, we're okay, thanks to you.

Then, when Salamandinay and the other nine girls saw who it was that saved them from Jango Fett, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow

Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, a deep sapphire blue kanji below the Cutie Mark tattoo that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Salamandinay: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Salamandinay: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared around the necks of Salamandinay, Ange, Sheryl Nome, Mikumo Guynemer, Wang Liu Mei, Sumeragi Lee Noriega, Christina Sierra, Feldt Grace, and Marina Ismael.

We told everyone about what went down on Raxus Prime, and they were shocked when they heard that Jango Fett returned from the dead. But, when we showed everyone what Lincoln and Irma Lair did to Jango Fett, hey cheered wildly and they hugged them, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face. Now, we were rid of Jango Fett for good, and he's never coming back for another round.

---

After getting rid of Jango Fett this time forever, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, me and my harem were getting ready for our beach date, this time, it's at Lake Lamode in the world of Mario, and it's the very place where Lincoln had his date with members of his harem, and he also brought the Neptune Crusaders here, too.

I snapped my fingers, and I was dressed in large red swim trunks with a phoenix and the thirteen elemental forces on them and large red sandals, along with my large weighted orange bands on my massive biceps and thighs, my jewelry, and eight large planets and stars orbiting around my legs, and I had my weapons holstered, in case of trouble.

My harem were dressed in two-piece bikinis in their favorite colors with mythological animals on them, along with sandals in their favorite colors, and they had their weapons holstered, in case of trouble.

Me: Alright, ladies, shall we?

Varie: We're ready, J.D.

Me and my harem left the Estate, and we headed for our destination, Lake Lamode in the world of Mario. When we arrived there, it was just like what Lincoln described, it's very beautiful.

Varie: Wow, so this is Lake Lamode.

Me: That's right, Varie. Lincoln did say he and some members of his harem went there for their date. This is awesome.

Me and my harem were swimming around the large underwater lake, and we saw what Lincoln and the members of his harem had seen, it was so awesome. Then, we also met the inhabitants of Lake Lamode, and they've also heard about us as well. Then, we had lunch inside the Water Plaza. Then, as the sun was about to set, I made clones of myself and we went up to the girls, and we picked them up in our abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged. Then, we returned home to the Estate, and we returned to our original clothes.

Lincoln: Hey, J.D., how was your date?

Me: It was awesome, big guy. We went to Lake Lamode.

Lincoln: Really? Awesome, and you guys saw the same things we saw when we went there.

Misty Tredwell: That's right, and it was so amazing, Lincoln.

Nico: One day, me and May will go there, and see it for ourselves as well.

May: I can't wait for when that day comes.

Lori: We're so glad you and your harem had a lot of fun there. Oh, and that reminds me, J.D., Nico, it's time for Sherlock Hound's second ambassador mission.

Nico: That's right, we're going with Sherlock Hound to Eos and Insomnia.

Me: That's right, and I can't wait to see it for ourselves.

---

After my date, Sherlock Hound was getting ready to head to Eos and the Crown City of Insomnia, and me, Nico, and May are heading there too. I had my cloak on, so no one would see me.

Sherlock Hound: Sherlock Hound: (British Accent) Alright, J.D., Nico, May, are you ready?

Nico: We're ready, Sherlock Hound.

Me: We'll be right back, guys.

Lincoln: Be careful, guys, and let us know how it went.

May: We will, Lincoln.

Sherlock Hound made a portal that led to right to Eos, and we step inside. When the portal opened, me, Nico, May, and Sherlock Hound stepped out of the portal, and we found ourselves on the planet of Eos.

Me: Whoa, so this is Eos, it's so beautiful.

Nico: You said it, J.D. This place is amazing.

May: Wow.

Sherlock Hound: (British Accent) It sure is, Nico. Now, then, let's head for the Crown City of Insomnia at once to meet with Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum. They'll be in for quite a surprise to see you both here.

We then followed Sherlock Hound, and we arrived at the Crown City of Insomnia, and it was just like how Sherlock Hound described it: a truly amazing modern metropolis, stacked with skyscrapers, the Crown City contains lush areas, but is separated from the mainland by a bridge and is surrounded by water and tall ramparts, and protected by a massive wall. But, it's also the host of the Citadel, the seat of power of Lucis, and the home of the Crystal.

Nico: Whoa, so this is the Crown City of Insomnia.

Me: Awesome.

May: It's just like some of the major cities on Earth.

Then, the Crownguard saw us, and they went up to us.

Crownguard: Ah, Sherlock Hound, welcome back, and who are these three with you?

Sherlock Hound: (British Accent) The very tall man in the cloak is J.D. Knudson, leader of Team Loud Phoenix Storm, the other tall man here is Nico Chan, second-in-command and second leader of Team Loud Phoenix Storm, and the woman with him is Nico's wife, May.

Crownguard: No way, the two leaders of Team Loud Phoenix Storm, and Nico's wife are here?! Please, come with us. His Majesty's been waiting for you.

We head for the Citadel, and Sherlock Hound met with Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum, and they were happy to see him again. But, when they saw that me, Nico, and May were here, this really brought a state of shock and awe to their faces.

Noctis Lucis Caelum: Oh, no way. You brought J.D., Nico, and Nico's wife, May with you?! We've been wanting to meet them.

Gladiolus Amicitia: And now, we've gotten that chance. It's a pleasure to meet you all.

Me: You too, Gladiolus.

Nico: Same here. Sherlock Hound and Sparda told us about you guys, and that you also called off the hunt for Ardyn Izunia A.K.A. Ardyn Lucis Caelum.

Ignis Scientia: That's right, Nico.

Prompto Argentum: Plus, I'm sure Sherlock Hound told you of the damage that he did to the Niflheim troops there yesterday.

May: He sure did, and he really left quite a bloodbath on them.

Noctis Lucis Caelum: But, it left a powerful message, May.

Sherlock Hound: (British Accent) But, none of them are going to give up yet. They won't stop until the Crystal is their, The Kingdom of Lucis is destroyed, and the world of Eos is theirs, and I won't let a tyrannical empire like that continue to live on.

Me: That's right. Plus, from what I heard, Ardyn's the one who provided them help in their daemonic experiments, and it led to the production of a magitek army, and the magitek infantry was equipped with magitek weapons to neutralize the magic of Lucian royalty.

Noctis Lucis Caelum: That's right, and it was the result of the empire's daemonic experiments and research.

Sherlock Hound: (British Accent) Luckily, I've got something to neutralize their magitek weapons. You remember the large spellbook on dark magic that Ardyn gave me for Christmas? Well, I found a spell that'll disable the magitek weapons of the magitek infantry, and there's also a spell to give them the weakness of the daemons.

Noctis Lucis Caelum: The one weakness of the daemons is light. (Piecing everything together) which means that… !

Sherlock Hound: (British Accent) (Smiles) Yes, they'll be burned alive by the light of the sun and they'll be reduced to ashes. Now, how to test it out is the real question.

Me: That's a good question, Hound.

Suddenly, the Crownguard came into the Citadel, and they bear news: a large army of Niflheim soldiers have been sighted, and they're heading for the city.

Noctis Lucis Caelum: I think your opportunity has just arrived, Hound. A large army of Niflheim magitek infantry soldiers have been sighted, and they're heading for the city.

Sherlock Hound: (British Accent) Perfect. Now, then, shall we?

We head outside, and we saw the large army of Niflheim magitek infantry soldiers heading this way to Insomnia. Then, Sherlock Hound unholstered his massive Sword of The Demon Hound from his wider and more muscular back, took out his large black spellbook and found the page that he was looking for. Then, he chanted a powerful incantation, and fired a powerful blast of dark magic from his massive Sword of The Demon Hound, and it formed into a massive red magic circle with intricate runes and Sanskrit runes around it, and we saw that the magitek weapons were being destroyed and it also gave them the weaknesses of the daemons.

Sherlock Hound: (British Accent) Perfect, now that their weapons have been destroyed, and they also have the weaknesses of the daemons, now's our chance.

We had also unholstered our massive swords from our backs and we transformed, and we saw Noctis summon the Royal Arms, and his entourage summoned their weapons as well. Then, we charged at the massive army of the powerless Niflheim magitek infantry, and we fired powerful blasts of rainbow energy, elemental forces, light, and darkness at them, and they exploded with incredible power. Then, we also cut them down, and we left quite a nasty bloodbath, as the magitek infantry were destroyed, and their bodies were reduced to ashes and their spirits were Super Hakaied for good. We return back to the Citadel, and we holstered our massive swords on our backs and power down.

Noctis Lucis Caelum: Okay, now that was so awesome!

Nico: That'll teach them a lesson.

Me: You got that right, Nico.

Sherlock Hound: (British Accent) But, this'll only be the beginning. We'll one day launch an attack at the heart of The Empire of Niflheim. But, we've got to get rid of the magitek infantry for good. Then, they'll be completely powerless and defenseless. Luckily, Ardyn has provided us with this opportunity, and soon, we'll be rid of The Empire of Niflheim forever.

Gladiolus Amicitia: That's right. But, we'll need all of Team Loud Phoenix Storm and The Masters of Evil for this final attack.

Nico: That's right, and I can't wait to see the look on their faces when they find out just who'd foiled their schemes.

Noctis Lucis Caelum: And I think it's time for you guys to head back home.

Sherlock Hound: (British Accent) That's correct, Your Majesty. But, as I said, I'll come back again, and I'll also bring more of our friends in Team Loud Phoenix Storm for you all to meet.

Me: That's right, and it's a promise that he intends to keep.

Gladiolus Amicitia: You guys take care, alright.

May: We will, Gladiolus.

Sherlock Hound shook hands with Noctis Lucis Caelum and his entourage, and we also did the same with him and his entourage. Then, Sherlock Hound made a portal which leads back to the Estate, and as we said our goodbyes, we enter the portal. Then, the portal opens up in the Estate, and we came out of the portal, and it closed.

Lincoln: Hey, guys, how did it go?

Me: It went awesome, big guy. We saw Eos and Insomnia for ourselves, and it was just like how Sherlock Hound described it.

Nico: Yeah, and we met Noctis and his entourage, and we also took care of more Niflheim troops who were heading for the city to take the Crystal, but Sherlock Hound used the spell that was inside of the book that Ardyn gave him for Christmas, and he not only destroyed the magitek weapons, but it also gave them the weaknesses of the daemons, such as sunlight and the light of the Crystal, and we left quite a bloodbath on them, and their spirits were Super Hakaied. Plus, we also gained information on the Empire of Niflheim and on their activities when we killed the soldiers.

Lincoln: Awesome.

Sherlock Hound: (British Accent) And tomorrow, you, your siblings, your parents, and your Scottish ancestors are also coming with me, J.D., and Nico to Insomnia and Eos, Lincoln.

Rita Loud: I can't wait to see Eos and Insomnia for ourselves.

Lincoln: This is going to be so awesome!

Nico: Now, we've got a plan for tomorrow.

---

Later is was time for Piper's ambassador mission.

Arkayna: Piper, this time, we're coming with you.

Piper: Awesome!

Zarya: It's gonna be cool for all the Mysticons to go.

Me: It sure will be awesome and this is gonna be awesome for you all to meet Mikey and friends.

Emerald Goldenbraid: It sure will.

Nene: I can't wait for you all to meet them.

Piper: Yep. Lets head out.

We went through the portal to the Digital World.

We arrived and Mikey saw us.

Piper: These are the rest of my Mysticon teammates!

Mikey Kudo: Awesome!

Arkayna: Awesome to meet you. I'm Arkayna Goodfey, Princess of Drake City and leader of the Mysticons. I use the power of the Dragon.

Emerald Goldenbraid: And I'm Emerald Goldenbraid, Arkayna's best friend and I use the power of the Unicorn.

Zarya: And you know me. I am Zarya Moonwolf, Arkayna's Twin Sister and archer and I use the power of the Wolf.

Piper: And I use the power of the Phoenix as you already know.

Me: The Mysticons are the Defenders of the planet Gemina and their big job is to destroy the forces of evil that plague the world. They are the guardians and the defenders of peace of Gemina.

Angie: That is amazing!

Nene: It sure is.

Mikey Kudo: Wow! I think Piper said something about a powerful Lich Queen named Necrafa. What was she like?

Me: One of the most evil and most dangerous enemies we've ever faced and she posed a tremendous threat to everything on the planet Gemina and to the entire universe. The previous Mysticons that lived 1,000 years ago made the ultimate sacrifice to seal Necrafa away for eternity.

Piper: But don't worry. Necrafa kicked the bucket permanently!

Me: That's right. I completely obliterated her with a massive Kamehameha blast that carried enough power to obliterate 100,000,000 solar systems.

Christopher: That is powerful!

Me: It sure was. That was one of the most devastating battles we've ever had.

Nene: And we were talking about them yesterday because it was the 2nd Anniversary of the Battle with Thanos.

Mikey Kudo: Man I've heard about all that. That was intense.

Shoutmon: Boy no kidding. That was incredible.

Zarya: J.D. and all of Team Loud Phoenix Storm helped us take out all of our major enemies and we still have our minor enemies that we have to take down.

Me: The minor enemies that the Mysticons know are not gonna be that big of a challenge and they will be thrown in jail.

Christopher: How many enemies did the Mysticons have?

Me: Besides Necrafa they had lots of them. Tazma Grimm, Mathis, The Vexicons, The Spectral Dragon, General Tibion, many more. But the worst of their major enemies was the Spectral Hand. They were the most dangerous.

Angie: That is crazy!

Me: No kidding. But they are all gone.

Piper: Anyway, who's our target today?

Mikey Kudo: We're going after Musyamon next in the Warrior Zone.

Me: Sounds like the perfect opportunity to test out my sword skills on him. Yolei told me that she and Shurimon faced Musyamon before.

Nene: This is gonna be good.

Mikey Kudo: Yep. Lets head out!

We were off to the Warrior Zone.

Piper: There he is.

We saw MUSYAMON!

Me: Target sighted. Let me have my fun first.

Nene: Go get him.

I went up to Musyamon.

Me: Hey swordface!

He saw me.

Musyamon: What did you call me?

Me: You heard me. Or is your brain as tiny as how sharp your sword is?

He then went at me and I unsheathed my sword and then…

CLANG!

We clashed!

We then clashed powerfully all over the place and sparks were flying all over and setting much of the lands on fire with massive walls of swirling fire.

Musyamon: (Echoing) SHOGUN SWORD!

He had flames swirl around his sword and he fired a fire dragon from it!

Me: (Echoing) PHOENIX FIRE!

I fired a blast of fire and it overtook the fire dragon and it hit Musyamon and smashed him down.

Piper: Now, it's our turn!

Mikey Kudo: Time for action! DIGI FUSE!

Shoutmon turned into SHOUTMON X4!

Shoutmon: SHOUTMON X4!

Piper: Phoenixmon lets do it! DIGI FUSE!

She and Phoenixmon merged and she donned her Phoenix Armor!

Zarya: That is cool!

We blasted Musyamon all over.

We slashed and destroyed him in an instant and uploaded his data.

Me: Awesome.

Mikey: Piper, don't laught at me for saying this. But during these last several days, I've come to see you as my big sister.

Piper: Oh Mikey.

They hugged.

Angie: Me too.

She hugged her too.

Me: That is awesome.

Zarya: It sure is.

We later went back home.

May: How was it?

Me: Went really well. But the war is not over yet. We still have many targets to take on in the Digital World.

Nico: Well Musyamon is gone. Find any new potential members for the M.O.E.?

Me: A few. We found Ninjamon, Asuramon, Kabukimon and even Kotemon.

Nico: Neat.

Piper: It was awesome.

Me: Yep. Next target is in the Jungle Zone.

Nico: Cool!

Me: Yep. And Mikey now views Piper as a sister.

Lori: Aww. That's literally so sweet.

Piper: Thanks Lori.

Horsea: (glares at Varais) I'm warning you. You better stay away from Maria right now. She's MY owner. And no one's taking her away from me.

Sideshow Bob: You really shouldn't be saying that with someone still in the room.

Horsea: Sorry.

Maria: Now Horsea she is my horse like how J.D. has a Rapidash, she is my friend. And she is not going to eat you. She's a vegetarian.

Horsea: Oh.

Me: Woody didn't you say something like that to Buzz about him and Andy?

Woody: I sure did and I was just jealous.

Me: Oh.

Later, Dexter was in his lab doing some hard work. He was pumping a machine, studying the contents of a container, doing complex quantum equations, analyzing unknown substances, typing on the computer and reading books hard. But inside his brain, it was really going into overdrive.

ALARM BLARES!

HIS BRAIN WAS REALLY OVERLOADING!

Factory Worker #1: Sir, she can't take much more!

Factory Worker #2: Just a little longer.

Factory Worker #3: His synapses are firing at alarmingly incredible rate.

Factory Worker #4: Temperature rising!

Factory Worker #5: She can't take it!

Factory Worker #6: She's gonna blow!

DEXTER'S MIND WAS GONNA BLOW!

Factory Worker #7: RUN! (The factory workers flee and run away)

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Factory Worker #8: Shut it down.

[The factory workers shut down the brain factory.]

Factory Worker #9: It's an all-systems shutdown.

[Dexter starts making dumb and stupid noises, licks his chalkboard and sticks his lab rat in a lava lamp. He then eats a booger and blows it like bubble gum, causing it to pop and cover his face. He then runs into a door.]

Dexter came out and Margareta saw him.

Margareta Gottschalk: (German Accent) Are you okay, Dexter?

Dexter fell down the stairs and he laughed and went back up and fell down them again.

Me: Dexter?

Ed: Dexter's funny!

We saw him laughing stupidly and doing crazy and stupid things. I then smelled smoke?

Me: (Sniffs) Smoke?

I sniffed where it was coming from and I found that it was coming from inside Dexter's head.

Me: I think we better run some tests.

We took Dexter to the Infirmary.

We had Dexter put on the table.

Dirge: Dexter, let's start with some simple math problems. What's 100+200?

Dexter: (Stupid noises)

Me: Lets try something more complex. What is the Square root of 417,432?

Dexter made tons of stupid sounds.

Me: Hmm.

I looked at his brain with my mind reading powers and I saw a screen come up that was like a red crash screen on a computer.

Me: Oh man! This is worse than I thought.

Eli: What happened to him?

Maria: What's the Diagnosis?

Me: He overloaded his brain to the point where it overheated and then shut down.

Everyone gasped.

G1 Blades: I think what Dexter needs is brainfood.

Lynn: Fish is brainfood!

Gatomon: (hugs fish to herself) NO! MY FISH!

Lola: C'mon, Gatomon. This is to help Dexter regain his brainpower.

Me: Guys stop! This doesn't need fish like that. Besides this is curable. We just have to wait for his brain to cool down and he will be back to normal. I've seen this before myself.

Nico: Really?

Me: Yep. One of my fellow students at school went through the exact same thing and it took him 35 minutes for it to cool down and he was back up and running.

Nico: Oh.

Me: In fact its already been that long.

Inside Dexter's brain they got the factory up.

Factory Worker #10: Alright, she cooled down. Put her back online!

[Worker pulls lever]

Factory Worker #11: All systems go!

[Dexter reverted back to normal]

Dexter: (Groans) What happened?

Me: You overloaded your brain with so much information that your brain shut down and you were dumber than Patrick. You were as stupid as a braindead monkey like Billy.

Billy picked his nose and drooled.

Dexter: Oh man. I guess I overexerted myself on that one.

Me: What's the Square Root of 417,432?

Dexter: 646.089777043.

Lisa Loud: Dexter is back to normal.

Me: Yep.

Later it was time for our next mission.

Sissi: J.D.'s it's your turn to lead today.

Me: Yes I know that Sissi and I have just the mission for us. It's actually a race.

Nico: Cool! Where is it at this time?

Me: It's on Luke and Anakin's home planet, Tatooine.

Anakin: It'll be awesome to be back home.

Luke Skywalker: It sure will be.

Me: Yep. And you are going to love this. Anakin knows this kind of thing like the back of his hand. It's a Podracing Race.

Anakin: Now you're talking!

Nico: COOL! We haven't done this before.

Laney: Podracing is really awesome!

Allie Wilde: Boy it sure is! I love it how Anakin beat that stupid cheater Sebulba.

Anakin: That cheater had it coming.

Shanan: Sebulba was that Dug from the planet Malastare from what I recall and he was a cheating monster.

Anakin: He sure was and he got what he deserved in the end.

Me: Awesome.

Golden Glider, Mumbo Jumbo, Electrocutioner, Count Vertigo, Overdrive, Black Spider, Cavalier, Bronze Kneecap, See More and Robo Blaze appeared.

Bronze Kneecap: Can me, Golden Glider, Mumbo Jumbo, Electrocutioner, Count Vertigo, Overdrive, Black Spider, Cavalier, See More and Robo Blaze go with you guys?

Me: You all sure can. The next mission is a Podracing Race on the planet Tatooine.

Overdrive: Awesome! I remember seeing Anakin do that on Star Wars I and that was awesome! Anakin you sure showed that cheating dirtbag Sebulba.

Anakin: Yeah that was good times.

Me: Lets head to the garage and head to Tatooine.

Nico: We gave our cars the ability to turn into Podracers just for this situation.

See-More: Cool!

We went to the garage. We got our cars turned into Podracers and we were off. We then were off to Tatooine.

---

We later arrived at Tatooine.

Sixshot: Here we are!

Me: The Planet Tatooine. Home planet of Jabba the Hutt and many of the galaxy's most insidious crime lords and cartels.

Anakin: And a really amazing desert planet.

Luke Skywalker: But it's home.

We got to landing and we landed the ship outside of Mos Espa and we got out.

Anakin: Mos Espa. It's good to be back home after all these years.

Me: It sure is cool to be in your home city Anakin.

Anakin: It's home.

Dick Dastardly then came.

Dick Dastardly: (nervously) Hey, guys! Listen, do any of you have any spray paint?

Eddy: I've got some. Why?

Dick Dastardly: (takes it) Thanks! (runs off in a hurry)

William: That was weird.

Black Spider: Don't pay too much attention to it. Let's take a look around.

Me: Wonder what that was all about.

We got to walking around.

We saw the resting booth of Jabba and it was amazing.

Me: Wow Jabba sure knew how to live in an amazing life of luxury.

Laney: Yeah if you are into crime and all that.

Han Solo: He sure did have good tastes for a slug.

Princess Leia: You don't want to know what outfit he had me put on.

Grenade Man: Dare I ask what it is?

Me: Actually many of us already know. And I actually thought it was really amazing.

Zarya: What was it?

Me: Watch.

I snapped my fingers and Celica was dressed in a Princess Leia Slave Outfit.

Princess Leia: That's the very one.

Celica: Wow! This is amazing and it sure looks sexy. (Strikes a pose) Like what you see J.D.?

Me: Oh you bet I do. (Purrs)

Count Vertigo: (to Nicole) I understand if you have a problem with that outfit.

Nicole: Nah. This is the kind of outfit I don't mind. But if there are any perverts around, then I have a problem with it.

Nico: May you would look awesome in that outfit.

May: You really think so Nico?

Nico: I sure do.

Metal Man: (sees something) Guys, quick question. Are fire engines allowed in the race?

Maria: I don't think so. Why?

Metal Man: I think that's why.

We looked and we saw a Rosenbauer Panther Airport Fire Engine and it was amazing and strange to see one on Tatooine.

Me: Whoa that's a Rosenbauer Panther Airport Fire Engine.

Nico: Strange. I wonder what that is doing here.

Me: Lets go see.

We went over.

We saw Dastardly painting the truck read!

Maria: Mind telling me what you're doing, Dastardly?

Dick Dastardly: (sweating) I'm just painting my new vehicle for the race!

Electrocutioner: Using our spraypaint? (shrugs) Well, there's nothing wrong with that.

Barricade: Wait a minute. I recognize who this is. Sentinel, is that you?!

The vehicle we were looking at turned into another Cybertronian.

Blackout: Wait. Is that Sentinel Prime? Are you seeing this right now?!

Barricade: Yeah, Blackout, I've seen it.

Me: I don't believe it! The Live Action Version of Sentinel Prime!

Standing in front of us was the Live Action Version of Sentinel Prime!

---

Sentinel Prime is a major antagonist of the Transformers Cinematic Universe, serving as the main antagonist of the 2011 science fiction action film Transformers: Dark of the Moon and a posthumous antagonist of the 2014 sequel Transformers: Age of Extinction.

He was the original Autobots leader before Optimus Prime. After his resurrection, it is revealed that he betrayed the Autobots and made a deal with Megatron so that he could save Cybertron. Sentinel's ruthless motives, selfishness and cruelty towards both Optimus and Megatron led to his own death.

He was voiced by the late Leonard Nimoy, who was best known for portraying Mr. Spock in Star Trek.

On the Planet Cybertron, there was a great war between the Autobots (led by Sentinel) and the Decepticons (led by The Fallen) that practically destroyed Cybertron. Wanting to save his dying homeworld, Sentinel Prime previously made a secret pact with Megatron (the Fallen's apprentice) to help him recreate Cybertron in the name of the Decepticons. Megatron told him to take his Space Pillars (machines that can teleport anything) to the planet Earth and they'll recreate Cybertron there. Sentinel Prime flew away in a ship called the Ark that carried hundreds of Space Pillars. Sentinel Prime was supposed to warp jump to Earth so he and Megatron could recreate Cybertron. However, before he could warp jumped, Decepticon ships dealt heavy damage towards the Ark, resulting in Sentinel Prime to accidentally crashed landed on the dark side of the moon. This also resulted in Sentinel Prime entering in stasis lock.

In 1969, Neil Armstrong was secretly assigned to search on the moon and analyzes the crash. Armstrong claimed there were no survivors. Since 1972 no one went to the moon since, and was deemed above classified. Neil Armstrong decided to take the space bridge pillars from the moon, which were then stored in secret by the government which became a law that no one is to know of the alien technology. This law was enforced by the arrogant Director of National Intelligence, Charlotte Mearing before Sentinel was revived.

Following the death of the Fallen, Optimus Prime and Ratchet were helping their human allies protecting the Earth, when they encountered a piece of a machine that was originally part of the Ark. They eventually discovered that the Ark crashed landed on the dark side of the moon. The Autobots flew to the dark side of the moon and found the Ark, along with both Sentinel Prime, and five Pillars. With the Autobot Matrix of Leadership, Optimus revived Sentinel Prime. Sentinel scanned a Rosenbauer Fire Engine for an Earth form. When Sentinel Prime and Optimus Prime were talking to each other alone, Optimus thought that since Sentinel Prime was his leader, Sentinel should have the Autobot Matrix of Leadership and continue leading the Autobots. However, Sentinel said that since he knows nothing about this planet, Optimus should keep the Matrix, teach him about the planet, and continue being the leader of the Autobots.

The Decepticon sub-group, the Dreads (Hatchet, Crowbar and Crankcase) chased after Sentinel Prime on his way to a different NEST base. Bumblebee, Dino, Ironhide and Sideswipe guarded Sentinel allowing him to escape wherein Bumblebee and Dino killed Hatchet while Ironhide and Sideswipe destroyed Crankcase and Crowbar. After the chase scene ended, Sentinel revealed his true colors, claiming that the Autobots shall realize that he was not actually going to help the Autobots win the war, but instead made a deal with Megatron. He murdered Ironhide, the Autobot closest to him, to distract NEST before wiping out NEST, with only a few human survivors.

With the help of Megatron, Starscream and other Decepticons, they were able to open a space gate so that the Decepticon protoforms can invade the Earth. He decided to spare Optimus, because he was his apprentice once, and he wanted Optimus to realize how little humans actually cared for them (foreshadowing what would happen in Age of Extinction). They first took over Chicago, IL and blocked it off so the protoforms would kill any Autobots attempting to infiltrate. The protoforms also killed most of the Chicagoans (except for Dylan Gould due to him being an ally of Soundwave, and Carly, his girlfriend). As the space bridge pillars were being set up, Megatron began to go on about the success and victory of their plan, in which Sentinel then attacked him, reminding him of his place: he was not working for Megatron, he was working with him. He then proceeded to take over full command of the Decepticons. Sentinel stayed out of most of the battle, relying on the Decepticon warriors instead, including (but not limited to) Shockwave, Soundwave, Laserbeak, Barricade and Starscream (all of which, except for Barricade, would be killed during the battle).

Other Decepticons were placed around the world with a few of the Pillars. They were going to be used to open a Space Gate and bring Cybertron into the Earth's atmosphere. After the Red Pillar was deactivated by Optimus, (the Pillar that controls all the other pillars) Sentinel Prime fought all the Autobots and N.E.S.T. with little to no effort. While he was fighting the Autobots, Sentinel Prime ordered any surviving Decepticons and allies of the Decepticons to reactivate the Pillar. NEST was able to land some shots on Sentinel, and he attempted to escape, but Optimus chased him and attacked him. Sentinel managed to overpower Optimus and slice one of his arms, allowing his former student to vainly beg for mercy before he would deliver the killing blow. Simultaneously, Carly (Sam Witwicky's new girlfriend) convinced Megatron to turn on Sentinel Prime, claiming that if Sentinel did succeed in killing Optimus and transported Cybertron, Megatron would be nothing more than Sentinel's own pawn. Megatron chooses to heed her warning (of course, he only did so because he wanted to regain leadership of the Decepticons) and rushes into the one-sided duel just as Sentinel is about to kill Optimus and severely incapacitates Sentinel, claiming that Earth is his planet to rule. After the space bridge was destroyed, Megatron proposed a rather insincere truce to Optimus, but Optimus refused and slew him with no effort, knowing his true intentions and possibly doing so as punishment of his previous actions.

With his plans in ruins, the severely weakened Sentinel attempted to justify his actions, claiming all he ever wanted was to save the Transformer species, which was why he betrayed Optimus. His former pupil, however, countered it was never about betraying Optimus; by foolishy allying with Megatron and planning to enslave humanity, Sentinel had "betrayed himself". Upon hearing Optimus pick up and cock Megatron's fusion shotgun, now knowing Sentinel is now too much of a fool, killing his friends, and could never be trusted again, as Optimus prepares to fire, as Sentinel gets scared and desperately begs for Optimus not to kill him, as Optimus shoots him in the back and then the head, putting an end to Sentinel's life. With Sentinel's death, the deaths of Ironhide and the human soldiers were avenged.

---

Sentinel Prime: It's an honor to meet you all.

Me: It sure is awesome.

Overkill: Wait. How did you recognize him?

Blackout: (Sighs) I was hoping for me and Barricade to reveal this to you all when it was time for a possible ambassador mission for this. But, I guess the cat's out of the bag.

Barricade: Me and Blackout are from the same universe Sentinel's from.

Me: You two are from the Live Action Transformers universe too? That is amazing!

Sentinel Prime: It sure is.

Lori Jimenez: It's awesome to meet you Sentinel.

Ets: I did say this before to another version of you. I told him that you are much better than your arrogant big-chinned motherfucking asshole jerky self.

Me: We encountered another version of you and he was a monster! He was this big-chinned asshole douchebag that was like an Evil Sasuke in Transformer form.

Sentinel Prime: That is what I was told from Vypra. She filled me in on what went down in the Animated version of Cybertron.

Eli: Wow! Are you now part of the Masters of Evil?

Sentinel Prime: I sure am.

See More: Wait. How did you guys get here?

Sentinel Prime: Well, I remember that Optimus killed me with Megatron's gun. And after that, I remember waking up in this world.

Blackout: I was killed by William Lennox and a few F-22 jets in Mission City before I woke up in this universe.

Barricade: As for me, I got here through a portal while the Optimus and Bumblebee from my world were chasing me.

Me: Wow that is amazing.

Eli: It sure is. So the Matrix must've sent your two sparks here.

Sentinel Prime: That is correct. Think of that as my form of exile for my betrayal of the Autobots.

Nico: That is tough. Also you don't have to worry about the war with the Autobots and the Decepticons here. The war is over.

Me: It was thanks to all of us that we brought an end to the war. We destroyed Unicron and that is what lead to the Autobots and Decepticons working together.

Nico: And also I was officially made the new leader of the Decepticons.

Nico showed his Decepticon Leadership Medal.

Nico: I am now leading the Decepticons on the Road to Redemption.

Sentinel Prime: That is amazing. My congratulations to you all.

Nico: Thank you.

Sentinel Prime: How is my Optimus anyway?

Barricade: (sighs) Sentinel, I'm not gonna lie to you. After you betrayed him and the other Autobots and caused the Chicago invasion, the government blamed all Cybertronians for the whole mess. Cemetery Wind was formed to exterminate both Autobots and Decepticons. Ratchet, Sideswipe, Jolt, Dino, and the Wreckers were all killed by them. Bottom line? After all the Autobots have done for humanity, humanity stabbed the Autobots in the back. Sure, right now, they and the humans have begun to repair friendly relationships with each other. But the Autobots, mainly the Optimus and Bumblebee we know, have changed from being betrayed by humanity. Their relationship with most humans isn't what it once was.

We gasped in absolute shock!

Me: Oh man! That is terrible!

Nico: No kidding! That is brutal!

Laney: How terrible!

Eli: Completely judgmental monsters.

Barricade: That's right.

Me: And after everything that the Autobots have done for humanity too. This is how they repay them. We'll have to go the Live Action Transformers universe later on next year and straighten things out after dealing with your enemies.

Barricade: That's a good idea. What date do you have projected?

Me: April 28th, 2022.

Barricade: Not for another 4 months.

Me: Yeah.

Blackout: (to Sentinel) Well, I guess you were right about most humans from our world.

Sentinel Prime: (guilty) No. Humans wouldn't have proven me right if I didn't betray Optimus and the others.

Barricade: Don't forget that you killed Ironhide.

Sentinel Prime: (Glares at him) Thank you for reminding me about that.

Ironhide: And I forgot how cool he looked too! Especially with those cool arm cannons of his.

Nico: You also have the power to turn into him now.

Ironhide: That's true.

Barricade: I understand if you don't want to talk to the two of us after we lied to you guys. We just wanted you to understand.

Me: No no Barricade. You are our friends and treat you like members of the family.

Nico: That's right. We had no idea you were from the live action universe. None of us knew. But it was awesome how you 2 came here and now Sentinel Prime is part of the Masters of Evil.

Starlight Glimmer: But when my Ambassador Missions to the Live Action Transformers universe come, me, Lincoln and Nico will try and help out as much as we can before April 28th.

Nico: That's right.

Lincoln: It's what we can to help out.

Barricade: Thanks guys.

Me: Also Barricade who is Cemetery Wind? They sound like a really nasty Terrorist Organization.

Barricade: That's exactly what they are.

He told us all about them.

---

Cemetery Wind is the main antagonistic faction of the 2014 film Transformers: Age of Extinction and a posthumous antagonistic faction in its 2017 sequel Transformers: The Last Knight.

It is a secret black ops unit of the Central Intelligence Agency created by Harold Attinger, a corrupt government official who was also a highly decorated CIA representative at the time. Among the members of Cemetery Wind was the organization's field commander and Attinger's personal enforcer James Savoy. Although it seemed that they were hunting down the remaining Decepticons only, they had delusions of protecting the Earth by also eliminating the Autobots without the US government's knowledge or consent.

Cemetery Wind was formed after the Battle of Chicago and the disbandment of NEST, as the humans alliance with the Autobots had been terminated. They were tasked to eliminate any remaining

Decepticons on Earth, while working along side with Optimus Prime and the Autobots when they are still allies with the government and president and ordered to leave the Autobots alones. But Attinger secretly disobeyed the President; he decided to launch an Anti-Autobot operation. He soon took advantage of his authority by making a deal with Lockdown, a non-aligned Cybertronian bounty hunter who was seeking to capture Optimus Prime and bring him to The Creators. In exchange for Lockdown's collaboration with Attinger's ambitions, Cemetery Wind would help Lockdown capture Optimus for him. Attinger's plan involved killing countless Autobots and Deceptions before delivering their remains to KSI to melt them down for materials - specifically in order to rebuild them as artificial, remote-controlled Transformers that would make them serve a better place for the world. Cemetery Wind also decided to go as far as have anyone killed for discovering his illcit operations. Furthermore, they fabricated themselves as a functioning state police force who offered financial rewards to ordinary civilians that would report alien activity towards them.

Soon enough, Cemetery Wind successfully killed off Leadfoot before shipping his remains in to KSI. They later located Ratchet and mortally wounded him, shortly before Lockdown then executes Ratchet after the latter refuses to reveal Optimus' whereabouts. Afterwards, Lockdown began to reconsider his contract with Cemetery Wind as their attempts to find Optimus grew futile. When Attinger meets up with Lockdown at one point, it is explained by Lockdown that he and Cemetery Wind did find Optimus in Mexico City; they fought him to the point where Lockdown managed to shoot Optimus three times, but in the end Optimus still managed to escape and flee from his pursuers. Because of this, Lockdown angrily blamed Cemetery Wind for the complications they had to go through in hunting down Optimus.

Eventually, Cemetery Wind tracked down Optimus at a barn owned by ambitious inventor Cade Yeager. The discovery was made when Cade's friend, Lucas Flannery, decided to contract Cemetery Wind about Optimus' whereabouts in order to receive a substantial paycheck; when Savoy and his unit arrived, however, they instead pointed guns at Lucas after being unable to find Optimus. Under Attinger's orders, Savoy has the unit apprehend Cade and his daughter Tessa upon suspecting them and Lucas of hiding the Autobot leader. Attinger decided to have them killed, but Savoy never got the chance when Optimus emerged and attacked Cemetery Wind - refusing to to sacrifice Cade and Tessa's lives to further ensure his own safety. Optimus' interference allowed the Yeagers and Lucas to escape, but he was forced to flee as well when Lockdown started perusing him on his own. A chase erupted in the city with Cemetery Wind pursuing the Yeagers and Lucas, who moments ago were rescued by Tessa's boyfriend Shane in his rally car. The humans successfully escaped by driving off a ramp. However, the car broke down and Lockdown thereupon grew a grenade at them just as Optimus arrived to collect the humans; although the Yeagers and Shane managed to escape with Optimus just in time, Lucas was killed by Lockdown's grenade.

Following Optimus' escape once more, Attinger scolds and demerits his men for their failure to capture Optimus - not taking into account at all that Optimus was too biologically powerful to be captured by humans.

As time went on, Cemetery Wind continued to face complications when the other surviving Autobots regrouped with Optimus and their efforts to investigate KSI subsequently results in their leader Joshua Joyce betraying Attinger upon discovering his true intentions. Moreover, one of KSI's prototype drones called Galvatron - who in reality was Megatron, the Decepticons leader - ended up rebelling against KSI before setting off the drones to invade Hong King.

When all parties came together in Hong Kong, Attinger and Savoy resolved to kill Joshua alongside both the Yeagers and Shane in order to cover-up their illicit activities. However, Cemetery Wind failed to apprehend Joshua and later on Savoy is killed by Cade in a brawl between them. Afterwards, the Autobots managed to win the battle against the Decepticons shortly before Lockdown intervenes. Optimus then battles Lockdown, during which Attinger himself confronts Cade at gunpoint and prepares to kill him; however, Optimus saves Cade by killing Attinger with a single blast and then goes on to proceed in killing Lockdown after a lengthy battle.

Following the deaths of both Attinger and Savoy, as well as Lockdown's death and the end of the Hong Kong battle, Cemetery

Wind's illcit activities were finally exposed to the point where the CIA had terminated the black ops unit before labeling Cemetery Wind as a terrorist organization It was presumed that the other Cemetery Wind agents either have been killed or arrested for their crimes, as they are now No. 1 on the NSA, CIA, Interpol and FBI's most wanted list.

However, the dissolved remnants of Cemetery Wind were reformed into a new private military organization called the TRF - known as Transformers Reactions Force. At first the TRF were created for the same intentions of Cemetery Wind; to destroy the entire factions of Transformers, both Autobots and Decepticons, hiding in Earth. However, unlike Cemetery Wind, the TRF ended up redeeming itself when they united with the Autobots to save the world from the Decepticons again. Afterwards, the TRF was disbanded and henceforth Cemetery Wind was officially no more.

When he was done we were horrified.

Me: Whoa that is rough.

Nico: No kidding.

Laney: Yeah.

Maria: (to Sentinel) All you wanted was to restore Cybertron. Desperation drives us to do crazy things. I'm sure the Ironhide you know will understand on the day we bring him back.

Me: That's right. I'm sorry this all happened to you in your universe. But we will help you all in any way we can when we go there on April 28th.

Sentinel Prime: Thanks J.D.

Barricade: You guys are true friends.

Me: In fact… (Snaps Fingers)

I snapped my fingers and then the Live Action Version of Ironhide was resurrected!

Ironhide (LA): WHOA! What happened?

Nico: You're on the planet Tatooine.

Ironhide (LA): Who are all of you?

Me: It's a long story. But I resurrected you.

I told him everything that happened and more.

Live Action Ironhide: Whoa! That is terrible. But I'm glad to be back.

He saw Barricade.

Live Action Ironhide: (to Barricade) You look different from the last time I saw you.

Barricade: Well, I had to update my look to keep up with the times. I even got a new vehicle mode.

Me: Lots of things happened.

Live Action Ironhide: That makes sense.

Tengu Man: What do you guys say we get ready to race?

Me: Good idea.

Ironhide (LA): I've got a lot of catching up to do. But it's great to be back. And Sentinel?

Sentinel Prime: Yes?

SMASH!

Ironhide punched him in the face and smashed him down.

Sentinel Prime: Okay I deserved that.

Ironhide (LA): Yes you do. But at least you realized what you have done and for that I forgive you.

Sentinel Prime: Thank you my friend. And I'm sorry for everything I did.

Ironhide (LA): It's all right.

We got to the Starting Line and Lori Jimenez was the driver seat of Sentinel Prime.

Mumbo: You guys ready?

Me: We were born ready!

Lori Jimenez: This is gonna be so awesome!

Billy Natson then appeared.

Billy Natson: AND Welcome to another awesome and exciting race folks. Hello I'm Billy Natson and we have a really awesome and most amazing show for you today. Krysta: REV UP AND GOOOOOOOO!

We were off as we zoomed down the deserts of Tatooine!

Billy Natson: AND THEY'RE OFF!

Dastardly: (to us) By the way, you can have your spraypaint back.

Wind Man: Thanks, Dastardly.

Nico teleported it to him.

Me: WOOHOO! This is so awesome!

Rainbow Dash: YEAH BABY! THIS IS AMAZING!

Eli: IT'S SO FUN!

Nunnally: YEAH IT IS! WOO!

Anakin: Told you all it was really fun!

Allie Wilde: This is all so awesome!

We were racing through Beggar's Canyon!

Luke Skywalker: Beggar's Canyon! Follow me guys!

We followed Luke and he knows Tatooine like the back of his hand.

Overdrive: I'm really having fun using my powers in this race!

Laney: YEAH! This is awesome!

Me: Uh oh! We got company! Tusken Raiders at 2:00!

Nico: Lets let them have it!

Me: Good thing these have the same weapons as our cars.

I fired lasers and blasted numerous Tusken Raiders.

They blasted at us and we dodged their blasts.

Nico: Take this. GRABOID MISSILES AWAY!

Nico pressed 2 buttons and fired 2 missiles and the burrowed into the ground and then grabbed 2 Tusken Raiders and pulled them into the ground and buried them.

Me: Awesome!

Razor: Awesome job there Nico.

Nico: Thanks Razor.

Live Action Ironhide: Wait. Does this mean I can use my cannons on humans now?

Family Guy Penelope: Only bad humans. Good humans you don't hurt.

Live Action Ironhide: Now you're talking!

He fired energy blasts and blew many Tusken Raiders apart in massive fiery explosions!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM
KRABBBBOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOMMMMMM!

Live Action Ironhide: AWESOME!

Golden Glider: (to Live Action Ironhide) I can tell you wanted to use your cannons freely for a while now.

Live Action Ironhide: You bet I did! AWESOME!

Nico: More incoming! Try these heatseekers! SHRIEKER MISSILES FIRE!

Nico pressed 4 buttons and fired missiles and they opened up and they had infrared heat sensors on them and then they found the Tusken Raiders heat signals and then fired sonic blasts at the raiders and they roared in pain and smashed into them and exploded!

KRABBBBBBBOOOOOOOOOOOOMMMMMM!

KRABBBBBBBOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOMMMM!
KRABBBBBOOOOOOOOOOOOOOOOMMMMM!

We flew out of the canyon and we were over the Pit of Carkoon.

Toxica: It's obvious these guys are working for someone.

Eli: I sense it too Toxica.

Me: Can you identify who it is Eli?

Eli: Lets see.

Eli used the Force and he was sensing for the source. Then he gasped!

Eli: Oh no! Not a Twisted version of who!?

Allie Knudson: A Twisted Princess!? Who?

Eli: It's Twisted Jasmine!

Allie gasped!

Allie Knudson: This is bad guys! She is an evil version of Princess Jasmine that has all of Jafar's powers as a Genie and as a Sorceress!

She told us about her.

---

When Genie Jafar's lamp appears, Jasmine thinks of a way to stop him by commanding Genie (as a master beside Aladdin and Jafar finished his wishes) to give her power to stop Jafar. Genie complies despite Aladdin urging her to stand down. Genie fires magic at her to make her a magical being to stop Jafar but Jafar gets wind of this and before he's shackled as an imprisoned genie, he fires his own genie power at her. The mixing of both genie powers results her in being a very powerful magical being bend on destruction and domination. She takes Jafar's lamp and commands him as her genie slave. She summons a snake staff out of thin air and strikes Iago who tries to flee, and becomes a blood berserk parrot with fangs. She no longer was Jasmine the princess with whom Aladdin fell in love with, but a dark evil version of Jasmine who commands Iago to injure Aladdin. Aladdin uses his last wish to get Genie to change her back but he can't since it took two genies that made her what she is now. Instead he flees with Genie, Abu and Carpet and vowes to change her back.

* * *

When she was done we were shocked and horrified!

Nico: That is bad!

Lola: I can't believe that would happen to her!

Genie: Wait. I'm all for killing bad guys but I can't give other people genie power!

Me: Jafar must've had a hand in that.

Nico: That monster just doesn't know when to quit even in death!

Me: Either way we have to kill her. Wait! I got a better idea. I've been saving this for a rainy day.

I pulled out a black bottle.

Me: Watch this.

I used my magic and made the black bottle into a black and purple and red jeweled genie bottle.

Nico: Whoa!

Twilight Sparkle: Wow that was amazing J.D.!

Me: Since Jasmine is now 1/3 human, genie and djinn we can lock her in this bottle forever.

Shantae: I like it J.D.

Eli: Awesome! She's 5 miles ahead! Get ready guys!

Me: Lets do it!

Maria: Let's do our entrance on her.

Me: Here we go!

We flew at her in our podracers.

She was laughing maniacally and then swirls of red, green and silver energy with presents in them swirled around her and then converged and then…

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above her and then a phoenix cry was heard as we flew out.

Allie Knudson: Jasmine your time has come!

Twisted Jasmine: (Demonic Voice) You are never going to touch me as long as I have the absolute power!

Me: We'll see about that!

I went into my ultimate transformation!

Me: You are going to pay for all your crimes!

Twisted Jasmine: MY crimes. I became like this to stop JAFAR'S crimes!

May: Ok, Jafar was a scumbag, no argument there.

Me: And he died the most horrible death anyone can even imagine when we threw his lamp into lava. It melted into nothing and we banished him into oblivion.

Laney: That's right!

Lynn: We made sure there was nothing left of that monster!

Lana: Jasmine listen! This is not what Aladdin would have wanted you to become!

Robo Blaze: Trust me. I was there when Jafar got defeated that one time.

Twisted Jasmine: Oh, and look. You guys are hypocrites for siding with villains!

Me: Because THEY are our frenemies! They sided with us on their own free will because we gave them the 5 things that you have forgotten about.

Twisted Jasmine: And what is that?

Me: Friendship, Happiness, Kindness, Love and Redemption!

Eli: That's right! That's something you had too!

We saw that Twisted Jasmine wasn't alone however. A figure came out and it was SEBULBA!

---

Sebulba is a minor antagonist in Star Wars Episode I: The Phantom Menace.

He was voiced by Lewis MacLeod, who also voiced Draco Malfoy in the Harry Potter video games.

Biography

He is a Dug podracer and is the young Anakin Skywalker's arch-rival. Originally hailing from Malastare, he was a former slave who had bought his freedom with his incredible skills at podracing. Before long, Sebulba became the star racer of the Galactic Podracing Circuit, based not only on his formidable racing skills but also his penchant for violence. Many fellow podracers were killed or injured by Sebulba's reckless steering or out-and-out cheating, but Sebulba was far too popular to be blamed or penalized. According to junk dealer Watto, Sebulba won every race he participated in, usually by cheating.

Sebulba is first encountered by Jar-Jar Binks after Jar-Jar accidently spit a Gorg at him. Sebulba attacks Jar-Jar, but it's stopped by Anakin. The Dug is a participant in the Boonta Eve Podrace, and is the obvious candidate to win. He secretly sabotages part of Anakin's pod, which causes one of the turbines in Anakin's pod to overheat and almost burn out later in the race.

In the first lap, he destroyed Mawhonic's podracer in the first stretch of the course. In the second lap, he used an illegal flamethrower mounted on his Plug-F Mammoth to roast Clegg Holdfast's engines, destroying his pod. He also ditched a piece of iron into Mars Guo's giant engine turbines, blowing it up. In addition, he also was targetted by fellow racer Ratts Tyerell for death in large part due to his cheating methods, although Tyerell never got the opportunity to kill him, ending up killed in the Laguna Cave during the second lap.

However, during the last lap, Skywalker caught up with him. After a few attempts to ram his podracer into Anakin's to knock him off course, their pods tangled with each other. Anakin boosted his engines, sending Sebulba's left engine flying. It hit a rock, went spinning, and then burst into three flaming pieces. His right engine was devastated when it hit the ground and exploded. Sebulba did survive; in fact, he wasn't even physically injured, exclaiming 'Poodoo!' in frustration over his defeat. The loss was a temporary blow to Sebulba's reputation and ego.

Sebulba recovered quickly: purchasing Anakin's podracer from Qui-Gon Jinn, he showed up his rivals at the Vinta Harvest Classic and the Phoebos Memorial Run race on his home planet of Malastare the following season. Sebulba went on to win many more races, with his brutal competitive edge.

At some point in 32 BBY Sebulba had learned that a Dug called Gazurga had bet against him in the Boonta Eve Classic podrace. Sebulba considered Gazurga a traitor and posted a bounty on him of 4,000 credits. This bounty was claimed by Jango Fett.

Sebulba, after a while, took a rest and quit podracing. His son, Hekula, was allowed to fly Sebulba's podracer (the one he bought from Qui-Gon) six years after the Boonta Eve Classic, also being beat by Anakin. Hekula, however, was a rookie, and he smashed the podracer in his debut race. Sebulba then purchased a Plug-F Gargantuan, a remake of his famous podracer that crashed in the Boonta Eve Classic. After purchasing the pod, Sebulba forbade Hekula from podracing, never letting him near any podracer and podrace again.

Eight years after Anakin Skywalker had won the Boonta Eve Classic, Sebulba wanted revenge and challenged Anakin one last time to race on his home turf once more, with his newly acquired Gargantuan. After Anakin salvaged parts of his podracer that Hekula crashed, he entered the race. But the results of the race are unknown.

Though Sebulba eventually met a fatal end (much to the joy of those whose enmity he had earned), his legacy survived into the Imperial Era, where a grandson of his named Pugwis continued the podracing tradition, winning frequently because of his skills inherited not from his father, Hekula, but his grandfather, Sebulba. He also used his pod-racer in Jabba the Hutt's demolition games.

Sebulba was not only a podracer during his life time he was also a slave owner. Sebulba picked up this habit from attending parties hosted by Jabba Desilijic Tiure. Like many who believed slavery the male Dug was attracted by the beauty of female Twi'leks and purchased the twin twi'lek sisters Ann and Tann Gella who were used as masseuses.

---

Anakin: Sebulba!

Me: We were just talking about him before the race started.

Anakin: You're working for Twisted Jasmine?

Sebulba: (Speaking Dug) She is going to fulfill my every desire.

Anakin: (to Sebulba) Even for a Dug like you, teaming up with

Twisted version of Jasmine is a new low!

Me: We always knew you were a crafty cheater but this takes the cake!

Sebulba: It'll be good to get payback on Anakin for defeating me in the podrace years ago.

Me: I remember that.

Emma: Sorry, Jasmine. But you're not giving us any choice!

Me: I'm sorry we have to do this to you Jasmine. But it's the only way to save you from yourself! Jafar has poisoned your mind with lies and evil and you must be cleansed of it!

A figure came out, and it was none other than Meru's old enemy, Lloyd, and one of the Winglys who tried to help Melbu Frahma and Faust in their schemes.

Dart Feld: You got some nerve showing up here again, Lloyd. But, I should've guessed that when the word of Melbu Frahma and Faust dying at our hands reached your ears, you'll one day come out of the shadows to try and seek revenge.

Lincoln: Meru, what can you and Dart tell us about Lloyd? It sounds like you both have a personal and bad history with him.

Meru: You won't like what we're going to tell you about him, Linky.

Dart Feld: She's right, Lincoln. Lloyd is nothing but bad news.

Meru and Dart Feld proceeded to tell us about Lloyd, and we weren't going to like him one bit.

---

Lloyd

Lloyd is a major antagonist in the 1999 videogame The Legend Of Dragoon. First encountered as a mysterious swordsman roaming Endiness with little except to challenge the mightiest warriors in the land, he is eventually unveiled as the mastermind behind the events of the game's first disc; a scheming infiltrator and double-agent, Lloyd has been operating behind the scenes throughout the world of Endiness for a number of years and currently seeks the legendary Divine Moon Objects.

As is later revealed, Lloyd is actually one of the mysterious Winglies, but gifted with supernatural speed and magical talent unlike any other of his kind; he seeks a means of rejuvenating the world and establishing a utopia, and claims to serve Emperor Diaz, a legendary freedom fighter who died over 11,000 years before the start of the game.

He is voiced by Shô Hayami in the Japanese version, and by Jon Russel in the English version.

Personality

Quiet, controlled and rarely expressing strong emotions, Lloyd plays his cards very close to his chest for much of the game; a natural-born schemer, he is able to pose as an adviser to both King Albert and Emperor Doel while secretly hiding his true intentions from one and the full scope of his ambitions from the other, manipulating both for his own ends. Likewise, he shows few qualms about using Lenus' romantic infatuation with him in order to obtain her loyalty, nor does he have any problem with casually leaving her behind to cover his escape, knowing it will cost the love-struck Wingly her life. This ruthlessness ultimately extends to his battle tactics: when briefly caught red-handed by Lavitz, rather than running away or trying to engage him in a straightforward duel to the death, he simply impales him on the Dragon Buster, eliminating a troublesome opponent immediately rather than allowing him to follow him out of the prison in a fit of rage.

However, while a cunning strategist and a brilliant warrior, Lloyd's abilities are occasionally hampered by his arrogance: already risking exposure by participating in the Hero Competition, he spends much of his first battle with Dart indulging in shameless showboating, batting his opponent around at super-speed and only resorting to a showy finishing move if Dart has managed to remain conscious for a sufficient length of time. Also, though he is able to keep his ego in check in subsequent appearances, he can't resist taunting Dart over the course of their meeting in Tiberoa, nor can he resist his usual battlefield quips; even when encumbered by heavy armor, he can still occasionally dodge an attack from the Dragoons, usually while sneering "over here!" or "too slow!" His attempt to seize the power of the Divine Dragon is ultimately where his arrogance almost undoes him, nearly resulting in the death of the Moon Child and his only source of info on the Moon Mirror's location; in the end, his insistence on challenging Melbu Frahma alone results in him being fatally wounded, his one attempt to atone for his actions almost ruined by his pride and narcissism.

Despite his arrogance, his grand ambitions and cold-hearted dismissal of all the casualties his goal requires, Lloyd still has redeeming traits: though he did later exploit Wink's gratitude, he had no ulterior motive for saving her life, and expresses a surprising degree of tenderness towards her when she is injured while defending him. Also, though determined to see the power of the Wingly race rejuvenated, he shows no bias against humans, nor does he have any interest in seeing the atrocities of the past repeated; indeed, he shows particular disgust for the younger Bardel for attempting to enact a war of revenge on humanity, and expresses nothing but contempt for Melbu Frahma's ambitions; even his past self only agrees with "Diaz" when he observes how Winglies became stagnant and corrupt under Frahma's rule. As such, when he realizes the consequences of his actions have kickstarted the apocalypse, his first act is to stop Frahma by any means available to him - even if it means entrusting Dart and his former enemies with the duty of completing his work.

Powers and Abilities

From the moment he's formally introduced, Lloyd is quickly established as a swordsman of devastating strength and speed, capable of casually sidestepping every single attack aimed in his direction and dishing out combos at such an extraordinary speed that his opponents physically leave the ground over the course of the onslaught. Even magic items do no damage, being instantly absorbed by Lloyd's defenses - perhaps the only sign of his true magical powers he's willing to display at this point in the story.

Outside of the Hero Competition, Lloyd shows an even greater range of abilities, though he's still careful to avoid demonstrating the full scope of his powers: at first only retrieving the Moon Gem by phasing his hand through Albert's body and leaving the scene with a supernaturally-enhanced leap, in the second disc he repels members of the Gehrich Gang with blasts of kinetic energy, teleports from place to place, and even briefly pauses time. Having no further need to hide his true nature as a Wingly in the third disc, not only does Lloyd read Queen Therasa's thoughts and harmlessly wade through every single fireball flung as him by Bardel, he finally manifests his energy wings and launches a fireball of his own at Dart.

The penultimate boss battle of Disc 3 pushes Lloyd to reveal the full extent of his power: arming himself in the traditional Wingly heavy armor of his forebears, he proves capable of flying with ease, launching colossal spheres of energy, utilizing the technology of Flanvel against the intruders, and commanding spells through magical gestures in much the same way as other powerful Winglies in combat.

---

When Meru and Dart Feld were done, we were shocked by Lloyd's actions.

Me: I can't believe what Lloyd has done in your world, Dart.

Nico: Wanting to establish a utopia and following the advice of the mysterious Emperor Diaz, this guy is nothing but a cold-blooded monster.

Jolyne Kujo: And I've had it up to hear with him to last an eternity.

Suddenly, Jolyne Kujo's green eyes turned neon green, and she was surrounded by a dark blue energy aura with butterflies and ocean waves, and as she approached Lloyd, she left dark blue energy, butterflies, and ocean waves with every step.

Jolyne Kujo: Lloyd, I will never forgive you for the crimes that you've committed in your world. You are nothing more than a cold-blooded and calculating monster, and I'll see to it that you never see the sun rise ever again.

Then, Jolyne Kujo was surrounded by a massive vortex of dark blue energy with butterflies and ocean waves surrounding the vortex, there's a butterfly flying around the vortex, and in the vortex is a pink phoenix. Then, as the vortex faded, Jolyne Kujo emerged, but she was changed forever.

Jolyne Kujo grew to 6'0" in height, she had the body of a goddess, she had yellow highlights in the bangs of her long green hair, she has a butterfly with the Ocean Kanji in its legs emblazoned on her forehead, she has on butterfly earrings with the Ocean Kanji in its legs and a necklace with a butterfly holding the Ocean Kanji in its legs for the pendant, she has on a sleeveless dark blue blouse with a heart and green phoenix on it with her butterfly tattoo on her right shoulder, dark blue pants with butterflies on the legs, black ankle-high combat boots, and a dark long sleeveless trenchcoat with butterflies and ocean waves on the coattails and on the back is a butterfly with a heart over it. Jolyne Kujo has massive green angel wings with yellow tips on the large green feathers, she has a new large sword in her hands called The Sword of The Monarch Butterflies, it's a large sword with a monarch butterfly etched on the 6'5" massive, wide double-edged dark blue blade, large dark blue butterfly wings for the crossguard, large dark blue gem for the hilt, longer black handle, and large dark blue faceted sphere pommel with surrounding blue gems.

Jolyne Kujo has on her new Bracelets of the Champions of The Universe with large dark blue gems on her wrists, Belt of Elemental Bravery with large dark blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a green kanji below the butterfly that said, "Jolyne Kujo, Great-Great-Great Granddaughter of Johnathan Joestar, Loving Future Wife of Lincoln Loud, Powerful Stand User, Slayer of Evil, Amazing Future Member of Team Loud Phoenix Storm, and Master of Water and Butterflies."

空条承太郎、ジョナサンジョースターの偉大な孫娘、リンカーンラウドの愛する未来の妻、強力なスタンドユーザー、悪の殺し屋、チームラウドフェニックスストームの驚くべき未来のメンバー、そして水と蝶のマスター。

Jolyne Kujo has transformed into SUPER ANGEL 750,000,000,000 MAELSTROM BUTTERFLY ANGEL OF JUSTICE AND LOVE!

We were amazed by Jolyne Kujo's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Lloyd saw it, he'd unholstered his sword and tried to kill her in cold blood, but Jolyne fired a massive blast of water at him, and he was hit and drenched. Then, she used her Stone Free Stand, and threw some powerful punches at him that not even Lloyd's superhuman speed could save him.

Me: Whoa, Jolyne has transformed.

Nico: And she also used her Stone Free Stand and delivered some powerful punches at him, that's so awesome.

Lincoln: Whoa, Jolyne. You look beautiful. How do you feel?

Jolyne Kujo: (Divine Echoing Cosmic Voice of The Maelstrom and Butterfly Justice) **I feel incredible, Linky, and now, I'm going to put an end to this monster for good. Would you like to join in?**

Lincoln: (Smiles) Of course. And for trying to kill you in cold blood, Jolyne, I'm going to rip his heart out and devour it.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Jolyne Kujo.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get him.**

Lincoln and Jolyne Kujo went after Lloyd, who tried to attack them with his sword, but they dodged them, and they had fired powerful blasts of rainbow energy, elemental forces, water, Thunderbirds, Buffalo, Phoenixes, and butterflies, and they exploded with incredible power as they hit him. Then, Lincoln bound his legs with rainbow energy chains, and he and Jolyne Kujo fired powerful red energy blasts at Lloyd, and as they hit him, Lincoln and Jolyne Kujo began sucking out all of Lloyd's magical powers and abilities, and they and the rest of us made them our own. Then, Lincoln went up to Lloyd and he had plunged his large hand into Lloyd's chest and pulled out his heart, killing Lloyd, his body exploded in purple flame and his spirit was Super Hakaied forever. Then, Lincoln devoured Lloyd's heart, and we cheer wildly for what they did as they holster their massive swords on their backs and power down, and Jolyne Kujo's new clothes, weapons, jewelry, and angel wings are permanent.

Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Jolyne Kujo's waist, and as he leans down and they lock eyes, they shared a passionate kiss as she'd wrapped her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them were butterflies flying around in the skies, and Jolyne's stand Stone Free manifesting behind them. We had tears in our eyes and a smile on our faces.

Me: (Smiles) That's so beautiful and awesome.

Nico: (Smiles) You said it, Colonel.

Meru: (Smiles) That's our man.

We then got back into our pods, and we went to finish off the race.

We later crossed the finish line.

Cavalier: Thanks for being a good audience.

Me, Eli, Allie Wilde, Sunset Shimmer, Pinkie Pie and Lisa Loud won the race and we were given awesome trophies that looked like the planet Tatooine and they were made of Swarovsky Crystal and it had a podracer going around it.

Me: This was an awesome race!

Luke Skywalker: How did it feel racing on Tatooine J.D.?

Me: It was incredible Luke! Your home planet is really something.

Eli: Boy it sure is.

G1 Ironhide: I know that. It was fun while it lasted.

El Diablo: That's good.

Me: Just wanted to bring back Live Action Ironhide after what happened to him.

Abis Mal: Now we just need a list of the other Cybertronians who died.

Me: That won't be a problem.

Fixer: (to me) We heard you took down Grievous again.

Me: Yep we sure did.

Multiplex: Please tell me you got ALL his lightsabers!

Me: Yep we did. He had over 500 lightsabers of each color of the rainbow.

Multiplex: Whoa! That's a lot of lightsabers!

Maria: Yeah it sure was.

?: No kidding.

A figure came out and it was ROFER from episode 3 of Samurai!

---

Rofer is a Nighlok who has the unique ability to extend his arms and attack opponents while burrowing them underground. In the third episode, Rofer arrives on the Xandred's Junk. Rofer saw Master Xandred strangling with a Mooger and tells him that he was in a violent mood today. Octoroo was happy to see Rofer and said that he can land a hand but he can land a two. Rofer says that he can land two finest fists any world has ever seen. Dayu told Rofer that she hoped he won't brag like that in front of the Samurai Rangers. Rofer tells Dayu to be careful about what she says and asks her where she would be without Master Xandred. Dayu is angry and throws her sword at Rofer which hit the wall. Xandred throws a Mooger at the wall and orders Rofer and Dayu to stop arguing and said that the Sanzu River can't rise while they stay there. Xandred then sends the Nighlok to scare people in the city to lift up the level of the Sanzu River and Rofer attacks Panorama City and starts to frighten people in the restaurant where Mike and his friends are eating. Rofer appears from the ground and lifts a man in the chair as he told them to hold to their sits and this was gonna get wild. Rofer starts horrifying people and punching them. He then toyed with people and even hugged them. Mike noticed the Nighlok and tried to stop him while his friends were scared. Rofer also caught a man with the rap style and said that if he liked rap so much that he would like Rofer's move. Rofer easily defeats Mike before Jayden arrives to help his friend. Jayden attacks the Nighlok but is pinned to the wall by Jayden by his fists though the other Rangers arrived before Rofer starts drying out and returns to the Netherworld.

Rofer returns and attacks the city with an army of Moogers before Mike and the other Rangers arrive. Jayden defeats one of the Nighlok's arms whilst Mike dodges his arms and catches Rofer by the back and Rofer us astonished, asking what kind of move that was. Rofer tries to gather his arms but they have been entangled around a post and is then defeated by Mike with the Forest Vortex Attack. He then resurrects and enlarges himself, now being much stronger and able to spit explosive slime. Mike attacks him alone with with his Bear Samurai Zord but Rofer laughs at Mike, picking up and throwing it with ease so the Rangers form the Samurai Megazord. Rofer tries to defeat the Samurai Megazord with his energy spit but it is unfazed so extends his arms. However, the Rangers use the instincts to sense his arms and manage to dodge the attack enough for the arms to be tangled again. With Rofer helpless, they slice his arms clean off and destroy him with the Samurai Strike.

---

Jayden: Rofer!

Rofer: Been a while rangers.

Me: I remember you! You have the awesome ability to extend your arms and you were sent by Xandred to scare the people to raise up the Sanzu River.

Rofer: That's right J.D. Good memory.

Me: Never missed an episode.

Mike: (to Rofer) You really were a good challenge for me.

Rofer: I know, right? I mean, how many monsters can stretch their arms like me?

Me: We know many that use tentacles.

Nico: Yep.

We got the usual battles underway.

THE END

---

Another awesome chapter done.

This was a great race chapter. Tatooine was the first planet we saw from the Star Wars series when it came out in 1977 and it was an amazing world! It is so awesome that Luke and Anakin came from an amazing desert world like Tatooine. The first part was for the planet Utapau and that was from the 3rd Star Wars movie and that was where Obi-Wan took down Grievous for good. The second part was for the Star Wars planet Raxus Prime and that world went from a paradise to a total dump. Dexter acting stupid was based on what happened in the episode Dimwit Dexter. That episode aired on March 25th, 1996. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be down in Antarctica and this time we're going to face THE THING! Get ready for a rescue that will scare the living crap out of you as we face The Thing and to our shock we'll meet a girl that has the powers of The Thing fully engrafted with its powers and shapeshifting capabilities and is gonna be an amazing friend and force for good. Her name is going to be Tina Terishkovanaya from Russia. We're going to also go through with the what happened in chapter 853. We're also going to meet a Harpie Lady and a Thunder King The Lightningstrike Kaiju Gene-Slammer named Noriko Furya. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Kate Lloyd, Maya Kona the Venusmon Gene-Slammer, Taranee Cook and the Carolyn Hope the Dialga Gene-Slammer are going to go on this one and we're going to face the monsters from The Thing! We're going to face the Dog Thing after saving the huskies, then the Bennings Thing, the Norris Thing, the Palmer Thing and then the Blair Thing. Taranee will transform against the Blair Monster in this one too so I'll need the transformation sequence for this one too. Next rescue for Lincoln is gonna be on the Mining Colony in the movie ALIENS! Cornelia Hale is going to transform in that one. The next chapter is another race and we're going to race around the planet Jupiter! It's gonna be an awesome and stormy race.

See you all tomorrow

# RACE AROUND JUPITER

In the frozen and freezing cold wastelands of Antarctica, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Kate Lloyd, Maya Kona the Venusmon Gene-Slammer, Taranee Cook and the Carolyn Hope the Dialga Gene-Slammer were there to do another rescue. But this time it's gonna be around a visit with a very familiar and very gruesome nightmare that Kate knows ALL TOO WELL.

Carolyn Hope: Kate, if you're still haunted by this, you can go back to the Estate.

Kate Lloyd: Don't worry Carolyn. I've conquered my inner demons from The Thing and I'm no longer afraid. The nightmares still linger but I'm okay now.

Me: That's good Kate.

Eli: I'm scared J.D.

Me: It's all right bro. You'll be fine.

Lina: Why are we down here in Antarctica?

Me: Right some of you don't know this. The rescue is gonna be part of where we go up against the gruesome and horrifying shape-shifting alien monster called The Thing. The Thing is a horrifying shape-shifting alien monster that can imitate lifeforms perfectly. Kate has had a horrifying experience and ordeal with it.

I went over what the Thing was and what happened to her at Thule Station.

**The Thing** is the titular main antagonist and the alias given to the hostile alien creature featured in the 1938 short story *Who Goes There?* by the late John W. Campbell, that (compared to the deviated story of the 1951 film *The Thing from Another World* ) was made into a 1982 live-action film by John Carpenter, followed by a prequel released in 2011.

Initially appearing as a single being, every cell in The Thing's body is autonomous and independent, capable of creating more of said monsters through assimilation, parasitism, and infection. In addition, every spawned monster looks radically different and none of them have a definite shape that can be called a "true form". Ultimately, the Thing's true body and form are a mystery as it most appears as whomever it impersonates.

In the 1951 film, it was played by the late James Arness. In the 1982 film, it was played by the late wolfdog actor Jed and its vocal sound effects were provided by Alan Howarth.

## Description and Traits

In nature, the Thing is basically an ambush predator, isolating a potential victim or threat to consume and assume its form. In certain cases, usually when exposed or the person it assimilated is fatally inflicted, the Thing will discard all caution and defend itself by manifesting features that may be of its natural form, including tendrils, claws, and mouths. However, the Thing's most dangerous aspect is its cells, each a functional life form that can become independent from the main body when severed by force or separate to facilitate assimilation and self-preservation. For this reason, it is necessary to destroy the body down to the cellular level, with incineration being an effective method.

## Behavior and Intelligence

The Thing has only assimilation and self-preservation in mind, as it will selfishly save itself or even attack other forms of its manifestation/progeny in order to avert attention and suspicion. When The Thing is left alone with a suitable target, it will begin to split open and fire out tendrils, which grab the target and begin to assimilate it. In certain cases after discovery or high chance of discovery, The Thing will sometimes perform "divide and conquer" tactics, as in the case of the assimilated Edward which split up into three separate forms: One on his hand quickly detached and animated itself before engaging and assimilating Jonas, another limb scuttled away soon after detaching for potential assimilation in a safer location, and the main body of the Edvard thing killed Derek and successfully assimilated Adam Finch, resulting in a form of The Thing named Split-Face. This is also performed, albeit much less successfully, by the Norris-Thing. When exposed, Things will react depending on how big they are compared to the threat. Smaller Things will generally attempt to escape and ambush prey when the individual is more vulnerable. However, a larger Thing will usually attack prey head-on and attempt to overwhelm any hostiles instead of escaping, although if it has not completely lost its cover, it will attempt to flee.

The Thing's intelligence depends on the size of their manifestations: Smaller ones are quite stupid, dimwitted, nonsensical, and reckless while the larger ones (especially those that imitate a human) are quite cunning, manipulative, and formidably calculating. For example, Norris's mutated head foolishly let itself seen by MacReady and his friends while scuttering away from them, resulting in its incineration. Because The Thing can acquire the memories and knowledge of those who it previously assimilated, they can use said memories and knowledge for their advantage, though only larger manifestations of The Thing are more capable of doing so: the Thing Beast who had assimilated Sander was capable of taking control of the UFO which brought it to Earth while the assimilated Blair, on the other hand, built a makeshift UFO and was aware of how dynamite works as when ambushing Macready; it disposed of the detonator before revealing itself to confront him. However, this does not always apply to all larger manifestations of Thing Beasts: Rapture-type Thing Beasts (see below) have no intention of hiding themselves from view, as well as not manifesting useful appendages that supposedly give them advantage in battle like legs, and their chosen forms act primarily with little intelligence. A plausible explanation of this is likely that Rapture-type Thing Beasts' own overconfidence against their foes is so great that they believe mobility to evade their foes' attacks is unnecessary due to their formidable but stationary form.

When exposed, The Thing would attack anyone on sight to save itself. This somewhat serves as their psychological weakness due to their aggressive mood blinding them from serious threats that their foes unexpectedly posed on them: The Thing who manifested from assimilated Juliette recklessly attempted to kill Kate and the others as soon as it unveiled its true form which ironically led to its incineration. Should it survive the ordeal from its foes/preys and manage to hide, The Thing would regain its composure in order to use their original intelligence once again: When Split-Face Thing confronted Sam, it hesitated upon noticing his flamethrower.

The Thing's ability to interact with plant-based life-forms is largely unknown. Its only interaction with plant-based life was in the form of wood/clothing fibers. It cannot absorb these as noted by MacReady, which could suggest an inability to absorb plant cells or dead cells. The Things themselves are also remarkable Master Manipulators to a certain degree, not only because they incite paranoia among their foes and victims alike but are also not shown eating or drinking beyond living humans or dogs, and it also leaves the bodies of killed humans or dogs untouched even though there is usable biomass, implies that it understands that potential hosts will react strangely to the presence of someone they know to be deceased. Possible other reasons why it is never seen assimilating fresh corpses are either that it is only able to assimilate living victims or is aware that missing dead bodies would arouse suspicion.

In another feat of reasoning, a Thing destroyed a test that would have lead to its exposure, demonstrating awareness of biology and medical practices that would have exposed it. Interestingly, the second time this same method was proposed as a test, the Thing had seemingly preempted the idea, despite the fact that the Thing that had arrived at the second base was spawned long before the first test was thought of and was in a non-human form. This led to the theory of shared consciousness between Things, especially as the second sabotage was far harder to pull off covertly while sowing seeds of misdirection that exposed its presence.

Biography *The Thing* (1982) and *The Thing* (2011) " *Get the hell away! That's not a dog, it's some sort of thing! It's imitating a dog, it isn't real! GET AWAY YOU IDIOTS!* „ ~ Lars frantically warning in the Norweigian language to R.J. MacReady's crew before his death.

The depiction of The Thing from these two modern movies is a lot more faithful to the original novella description than the 1951 counterpart.

Its origin is a mystery, the Thing itself crash-landed in a spacecraft within the icy fields of Antarctica 100,000 years ago and was frozen attempting to escape. However, in 1982, the spacecraft and the Thing were found by a team of American and Norwegian explorers/researchers under Dr. Sander Halvorson from Thules station, who hired Columbia University paleontologist Kate Lloyd to take a sample of the creature's blood as it was brought to the base in a block of ice. But later that evening, the Thing bursts from the ice and kills Lars' Alaskan Malamute, Jed while ingesting Henrik before it was burned alive. However, an autopsy of the scorched alien corpse reveals that its cells are still alive and in the process of assimilating Henrik.

When Kate realizes the Thing already might have had assimilated others, she places the base on quarantine to weed out the Thing based on those who still have metal fillings in their teeth and such, after her initial plan of weeding out the monster through blood sample tests had been sabotaged by The Thing. Due to The Thing's ability to imitate, emulate, mimic and appear exactly like any of the research members, paranoia began to set in. Eventually, the majority of the research team were infected and incinerated before Sander, having been infected, made a run for the spaceship. Kate and Sam Carter, the only two surviving crew members, chased Sanders to the alien UFO where Kate and Carter got separated. Kate eventually managed to pursue and kill the monster and heavily damage the ship beyond any repair. After reuniting with Carter, Kate resolved herself to catch him off guard and incinerated him when she discovered that the earring he previously wore was missing and pointed to the wrong ear when confronted. When Carter was set aflame he emitted an inhuman scream, another evidence that Carter was The Thing. After this, Kate was left all alone, leaving her fate unknown.

Meanwhile, back at the Thules station, Lars' dog (having been infected and lying low until the time was right) made its way to an

American Antarctic research station with Lars attempting to kill it before he was shot by Lt. Garry, the station commander. Helicopter pilot R.J. MacReady and Dr. Copper fly to the Norwegian's camp, finding the charred remains of the various Things included the burnt yet preserved corpse that was the station's commander Edvard Wolner after it assimilated Sander's assistant Adam Finch.

After the two-faced corpse was brought to the base, the Americans realize the Thing's presence too late when Lar's dog was placed in a kennel with the station's sled dogs and attempted to assimilate them all. After Childs incinerated the creature, with the team finding the ruins of the spacecraft; the autopsy done by Blair confirmed the Thing's nature as he later proceeded to trap everyone on the base and kill the remaining dogs so no one could leave until the Thing was truly dead before being locked in a tool shed by the others as they devised a way to weed out the Thing by using its autonomous cells to weed out the assimilated. By the time that McReady and the other normal humans remained, they learned that Blair got assimilated and was building a small escape craft. Realizing that the Thing might also intentionally freeze itself to wait for a rescue team in the spring, MacReady resolved to kill it with dynamite around the complex. After the Blair-Thing was killed, with Garry and Nauls killed off prior, MacReady found Childs with both thinking that the other got assimilated before seeing no point in distrusting each other as they would die of frost within hours.

In Video Games

In the 2002 videogame " *The Thing* ", which serves as a sequel for the 1982 film and set 3 months after the events of the film, it is revealed that The Thing is still alive and waiting for more victims to absorb and kill. This time, there are more numerous manifestations of this alien lifeform at once and worse, everything becomes more complicated as most of them have been captured as a means of being repurposed into bioweapons by Gen Inc. Things went wrong, however, following their escape: Whitley, the mastermind behind the experiment to modify The Thing into bioweapons, has injected himself with Cloud virus, a viral agent based on the Thing's cells with which he plans to infect the whole planet. Fortunately, Blake (the protagonist of the game) foils his plan and destroys him with the help of MacReady, the sole survivor of the 1982 film, before he has a chance to infect the rescue team.

In the videogame, The Thing was regarded more like a viral organism that has the ability to replicate the original biological entity, including their clothing. This is likely due to the fact that in said game, The Thing had further developed its ability which intrigued Gen Inc. enough to begin experimenting on it.

Variants In-Game Scuttlers

A form of Thing that has assimilated and formed from mutilated body parts (often from those whom are already assimilated by the Thing's cells). These autonomous small Things' primary transformation involves manifesting teeth, arachnid-like limbs, and also a pair of strong hind legs that enable them to leap toward the non-assimilated lifeforms. Aside from leaping, they could either attack by biting or spitting digestive fluid as a projectile. They could be crippled easily with a few shots from guns before being finished by a single blast from a flamethrower. They were inspired by a mutated form of Norris's head after he was mutated by the Thing's cells.

Scuttler Pods

A form of Thing that is basically a fleshy, blob-like biomass that is immobile but dangerous due to manifesting Scuttlers as means of defense. Their prime weakness is the inability of moving combined with having no alternate means of defense. They can be destroyed by blasts from flamethrowers and a variety of firearms.

Walkers

Form of Thing that manifests as a humanoid monster with a deformed torso, deformed claw hands, and insectoid legs that were formerly humanoid ones. Their early forms were brutish, muscular monsters with a huge, transparent hole in their torso.

Imitations

Imitations are a form of Thing that was previously introduced in the films. They perfectly assumed their victim's appearance and were able to transform to their mutated form when their potential victims lowered their guard. For the game incarnations, they tend to retain some elements of their hosts' appearance like clothes that are still intact though their limbs are a in mutated state, similar to the mutated Palmer in the 1982 film.

## Dog Beasts

Thing beast that is similar to the mutated form of Lar's dog as both formerly had assimilated dogs. Unlike the latter, Dog Beasts still retain their limbs (though said bodyparts also mutated to the point where they could support their weight as well as enable them to run at tremendous speed).

## Ruptures

They are a form of huge Thing that takes up an entire room or even be part of the room integrated into the architecture. Typically, they have human forms embedded in them and attack with tentacles, teeth and fluids. They are immobile and confined to the location in which they are met, which made them vulnerable due to the inability of avoiding their enemies' attacks.

## Weaknesses and Countermeasures

Though their deadly capacities in assimilation and other abilities made The Thing a villainous, threatening force to deal with, there are a number of methods that can be done to expose them:

The Thing cannot assimilate non-organic components (for example, tooth fillings or prosthetics) on the victims. So, when one notices one of their friends not wearing any earrings/tooth fillings/prosthetics/ other non-organic components that are embedded/put on their body, they likely have been previously assimilated into a manifestation of The Thing. This method is the least effective in exposing a Thing's manifestation.

**Blood Tests** : There are three types of blood test that can be done to differentiate regular lifeforms and the assimilated ones which actually are a Thing in disguise:

**Blood serum test** : A suspected imitation's blood is mixed with uncontaminated blood; which will hypothetically react if the creature is an impostor. This has yet to be proven effective, as The Thing quickly destroyed stored sacks of uncontaminated blood to avoid suspicion.

**Hot needle test** : When a sample of disguised Thing's blood is burned with a hot needle, the blood would jump away from the needle. If the blood sample was taken from an unassimilated person, the blood would simply burn.

**Blood Test Hypo tool** : More advanced version of the previous method, where this device extracted a suspected person's blood and it mixed the said blood with a stored chemical agent. As before, the blood would animate and make an attempt to escape, but failed as the chemical agent killed it.

Aside from the means of exposing a disguised Thing listed above, the methods to killing them are:

**Electrocution** : Electrocution works against The Thing as the method would fry it's cells as seen in *Who Goes There?*, as well as implied by a Thing's manifestation from Norris's body which suddenly reacts by chomping on Chopper's hands when the latter tries to electrocute him.

**Explosives** : Explosives can obliterate a Thing completely, blowing it to pieces and effectively weakening the larger Thing beasts before their remains are incinerated.

**Incineration** : Incineration can kill a Thing manifestation as fire would destroy it on a cellular level, but this is mostly effective on medium- to smaller-sized Thing manifestations, as larger ones had a chance to survive albeit incapacitated, as proved when part of the Split-Face Thing survived in spite of being heavily injured by Kate's flamethrower.

The last two known weaknesses that The Thing possessed are:

As previously mentioned before, upon being exposed, a Thing manifestation would angrily attack and assimilate anyone on sight which gives their foes an opening. The Thing had a limit in maximum size expansion during the assimilation process; if they grew too large during the assimilation process, it would transform them into a boiling mass of flesh and random body parts. In this state, they were hindered by their immobility, which made them vulnerable.

---

When I was finished everyone was shocked and horrified at what happened.

Allie Wilde: That is awful!

Arrietty: I didn't know that happened to you Kate.

Maya Kona: Yeah that must've been extremely traumatizing.

Kate Lloyd: It was. But thanks to J.D. and everyone I am free of my demons with the Thing. The Nightmares still haunt me but I'm okay.

Me: That's good.

Carolyn Hope: As long as you are not going to be scared.

Carolyn concentrated and groaned as her hair fell out.

Me: When we go inside Outpost 31 we have to be ready for anything.

Eli: Okay.

Me: This is a creature that is composed of over 10,000,000 aliens put into it.

Eli: Whoa!

Carolyn turned into DIALGA!

We arrived at Outpost 31.

Me: Here we are.

We went in.

Kate Lloyd: Something wrong, Maria?

Maria: I'm just thinking about what we were told about the Live Action Transformers World. The whole mess about the Autobots being betrayed by humanity was similar to how the

public temporarily turned against us during the 20 Days of Darkness.

Me: I know. That was crazy.

We went into the lab and we saw Blair, Fuchs and Copper doing an autopsy on a man and a gross monstrosity that was found found. They were happy to see us.

Copper: Hey guys!

Me: Good to see you again doc. You too Blair and Fuchs.

Fuchs: What brings you all here?

Me: Strange story.

Blair: Well we could use your help again. Kate you're looking great.

Kate Lloyd: Thanks Blair.

Me: This guy looks normal from the looks of things.

Copper: Yep. No drugs, no alcohol, nothing.

Eli: Nothing wrong with him though

Blair was looking at the ugly creature and he cut it open and pulled out some of its organs and it was gross.

Blair: Well, what we got here is what appears to be in any way a normal set of internal organs.

Me: They sure look normal to me.

Eli: Me too.

Lina: Gross.

Simone was helping him.

Blair: Heart, Lungs, Kidneys, Liver, Intestines. They seem to be normal.

Me: Yuck. It sure is ugly-looking.

Kate L.: No kidding.

Gina Pele: That is gruesome.

We were playing pool and cards in the Rec Room. Bennings yelped and he saw a dog go underneath him.

Bennings: Clark will you put this mutt with the others where he belongs?

Clark: Yeah, okay.

I looked at Maria and nodded and spoke to her telepathically.

Maria was hiding in the crates and she was watching Clark bring the dog into the kennel. He turned the lights off and left. Maria watched and she saw the dog growl and the huskies were snarling, barking and growling and then the dog started shaking and dripping blood out of its mouth and its face split open and its skull fell out.

Maria: Oh man!

Maria opened the kennel door and got all the dogs out of there and they were scared and Maria was consoling them. The creature sprouted tentacles, it's tongue grew longer and it grew

spider legs.

Maria: It's all right dogs. You're okay.

Clark came back in and wondered what all the commotion was about and he saw Lana caring for the huskies and he saw The Thing in the Dog Kennel. MacReady went to get a beer and he heard the commotion and pulled the Fire Alarm and we all went to the kennel!

We all came too.

Clark: I don't know what the hell's in there, but it's weird and pissed off. Whatever it is.

Maria: I got all the dogs but they are scared!

Me: Good work Maria.

MacReady: Bennings go get childs!

We heard a creature growling ferociously and it was unlike any kind of growling we've ever heard.

Kate L.: It's the Thing.

Me: Oh boy. Stand ready guys!

Eli: GULP!

We went to the kennel and we saw a grotesque and gruesome sight! It was an ugly mass with a bunch of ugly features, blood, carnage and gore and it had a fake dog on it.

Me: WHAT THE FUCKING HELL!?

The creature screeched and it was horrifying! Everyone was looking at it in sheer horror! It was a grotesque and horrifying sight!

Lina: What is that Thing!?

Kate L.: That's The Thing! It's what attacked Thule Station!

MacReady and Garry fired guns and they hit the Thing and injured it. But the bullets weren't having any effect.

Me: Mac! Gerry! Stop! Bullets are useless against it.

Simone: Let me destroy it!

Simone fired a powerful blast of fire and burned it!

Miranda: That Thing is toast!

Me: Good thing these Things don't like fire.

Lola Namiko: Yep. Hard to imagine that dog was a Thing.

Me: Yeah.

We ran an autopsy on the Dog-Thing and it was a disgusting and bloody and gruesomely grotesque sight. It was so disgusting seeing it. It made me almost want to throw up my guts. It made most of us want to throw up.

When it was done, Blair told us his findings.

Blair: You see, what we're talking about here is an organism that imitates other lifeforms, and it imitates them perfectly. When this Thing tried to attack our dogs it was going to digest them. Absorb them. And in the process shape its own cells to imitate them. This for instance. (Points to something) That's not dog. It's an imitation. Maria saved our dogs just in time.

Me: The poor babies. They were terrified by this ugly thing.

Miranda: The poor things.

Maria: Yeah.

Me: But good work Maria.

Maria: Aw it was nothing.

Me: But it's obvious that the dogs aren't gonna be safe here with The Thing running around.

I scanned the dogs for any signs of The Thing and there was nothing.

Me: Good. No signs of the Thing in them.

Simone: Thank goodness.

Maria: I'm just saying that we should be very lucky that the whole 20 Days of Darkness fiasco was taken care of quickly. The whole mess with Cemetery Wind had lasting consequences for the Live Action Autobots even to this day.

Me: I know.

I beamed the dogs to our estate at home and they were safe.

We looked over the tapes from the Norwegian Camp and we saw that the people of Thule Station were digging around something.

Garry: Where'd they take these shots?

Me: Somewhere far from the looks of it.

Norris: Seems like they were spending most of their time someplace northeast of their camp at about 5 or 6 miles.

Fuchs: What's that?

We saw some strange shape under the ice.

MacReady: Looks like something buried under the ice.

Kate L.: That's the ship. We found a strange alien spacecraft under the ice.

We gasped.

MacReady: How is that possible?

Me: We've encountered a lot of things from space MacReady remember? It's a long and strange history.

MacReady: Right I forgot.

Later Kate told everyone about The Thing and what it's capable of and how dangerous it is to the entire planet.

MacReady: I don't know. Thousands of years ago it crashes. And this Thing gets thrown out or crawls out and it ends up freezing in the ice.

Childs: I just cannot believe any of this voodoo bullshit.

Me: There are lots of things we don't believe Childs.

Lina: Yeah. It's all true.

Palmer: Childs, it happens all the time man. They're falling out of the skies like flies. Government knows all about it. Right Mac?

MacReady: I believe it.

Me: Me too. But a lot of things are out there. A lot of things are waiting for us to explore.

Childs: And how does this motherfucker wake up after thousands of years in the ice?

Fuchs: And how can it look like a dog?

MacReady: Because it's different than us see? Because it's from outer space.

Kate L.: That's right. But we can't let this Thing leave here. If it makes it out of here, millions of people could die.z

MacReady: It wouldn't just be millions, it would be the end of the world.

Me: Yep. That's why we have to keep it contained here. So we can destroy it.

Simone: This is turning into a nightmare from hell.

Me: Yep. Kate went through the exact same thing. The Thing killed everyone she knew in Thule Station.

Eli: And we've come here to destroy it completely and find another girl thats here.

Palmer: I did see a girl here. She had red hair and was talking about strange things.

Me: Really? Interesting.

Lina: Yeah.

Maria: But our powers make us impervious to getting infected by it.

Me: Yep.

We then saw a girl come in that looked so much like Maxxine,

Maria: Maxxine? What are you doing here?

Maxxine?: I came just in case you guys needed help.

Maria: (suspiciously) Okay then.

We continued walking.

Maria: Maxxine, do you remember the day we blew up Quahog?

Maxxine: Of course I do. I helped you beat up James Woods before the explosion, remember?

Maria: (chuckles) No, you didn't.

Maxxine: Say what?

Maria: Max and Maxxine joined us on two seperate days set after we blew up Quahog. The real Maxxine would know that!

Me: You aren't Maxxine are you?

She had perfect shapeshifting powers and we saw her turn into a girl that looked like Maxxine but she she had red eyes instead of purple.

Tina Terishkovanaya: No. My name is Tina. Tina Terishkovanaya and I'm from Russia. I should explain.

She told us that she is a hybrid of The Thing and she has all of the powers and characteristics of The Thing but in human form. We were shocked to see that there was a Thing that was in full control of itself and had the powers of over 10,000,000 aliens inside her!

Me: WHOA!

Eli: Awesome!

Maria: Whoa!

Then we heard the alarm go off and we followed MacReady and the crew outside and we saw Bennings outside and we saw him on the ground.

We surrounded him.

MacReady: It isn't Bennings!

We saw that his hands were horribly grotesque and gruesome!

Me: WHAT THE FUCK!?

Eli: What's happening to him!?

The Bennings-Thing let out a horrifying screech and it sounded like a bunch of creatures all at once. The sound of that screech sent shivers of fear down my spine. It was horrifying.

Tina Terishkovanaya: It's the Thing. He got it from the creature that was brought back from the Norwegian Base.

Me: Well we're not letting the Thing get anyone here!

I fired a blast of magic and it separated the Thing form of Bennings from the original and he was cured and I fired a blast of fire and incinerated the Thing.

Eli: That did it!

Maria: We still have girls left to rescue!

Tina Terishkovanaya: They are here and we will find them.

Me: Right now we have to destroy the Thing here.

Tina Terishkovanaya: But that was smart thinking using your magic like that to save Bennings.

Garry: It sure was.

Eli: Very clever.

Garry: That was terrifying though.

Me: That's what this Thing is Garry. It's a Shapeshifter. It imitates lifeforms perfectly.

We gathered the gruesome bodies of The Thing and we dumped fuel and oil on them and lit them on fire and incinerated them.

Me: Like Nico would say, You Things have Failed this universe.

Kate L.: They sure have.

Erica: Yes indeed.

There was nothing left in the outpost.

Missy: Where's Blair?

Me: That's what I was wondering.

Fuchs came up to us.

Fuchs: I can't find Blair.

Me: Where's everybody else Fuchs?

Fuchs: Windows is still in the radio room trying to get through and everyone else is in the rec room.

Me: We'll be in there shortly.

MacReady: Right.

Fuchs: Okay.

He went back inside.

We looked around and we heard sparking and we saw that the Helicopter control board was destroyed.

BANG!

We heard a gunshot and went back inside fast! We heard Blair ranting and he was destroying everything in the Radio Room.

Norris: He's got a gun.

Blair: If anybody interferes, I'll kill them!

BANG!

His shot grazed my face and cut it.

Me: Wow!

Allie Wilde: Geez! He lost his mind!

MacReady: He smashed up some of the chopper pretty good. Childs, go see if he got to the tractor.

Tina Terishkovanaya: Thing-Paranoia!

Childs went to do so.

We saw Blair smashing the radio equipment and Windows was hiding under the desk with a nasty wound to his head.

MacReady: Christ.

Me: He's fucked up.

Eli: No kidding.

Taranee: I remember seeing what this was like.

Childs came back.

Childs: He got most of the chopper and the tractor.

Me: The dogs are safe. They're back in the estate

Clark: Thank goodness. Thanks J.D.

Me: Lana's watching them for you while we're here. I'll handle this. Missy, you help Windows when I subdue Blair.

Missy: Right.

I went over.

Me: Blair! Put the gun down and lets talk.

Blair pulled out his gun and shot at me and it hit my arm!

Blair: I'll Kill You!

He shot me 4 times. But I was still standing.

He grabbed the axe and I kicked it out of his hands and I punched him in the face and sent him crashing into the wall and knocked him out.

I pulled out the bullets and they were good ones.

Me: Wow.

Missy went over to Windows and looked him over.

Missy: You all right Windows?

Windows: Yeah.

Norris: Nice shot J.D.

Me: Thanks Norris.

Copper: You okay there?

Me: Yeah. It's gonna take a lot more than just bullets to kill me. Immortality and invincibility has its perks.

Copper: You're really something J.D. Just like I said before.

Later we took Blair and we were gonna keep him in the Tool Shed. We had the tool shed boarded up.

Norris: What about your shack MacReady?

MacReady: I don't want him in my shack. We'll lock him in the tool shed.

We put him in the shed despite the blistering cold.

Copper injected him with morphine.

Blair: Why am I in here?

Copper: For your own protection Blair.

Me: We have to keep you in here now Blair. You've gone insane and you became a danger to everyone around you and to yourself.

Blair: I don't know who to trust.

MacReady: I know what you mean Blair. Trust is very hard to come by these days.

Natalie Griffin: Especially with The Thing running around.

Me: Yep. How about you trust in the lord?

We regrouped.

Copper: And now the radio's gone.

Childs: And so are the choppers.

Copper: Ah we're completely cut off.

Garry: All we can do now is hold up till Spring and wait for the rescue team.

MacReady: No. We don't wait. Somebody in this camp ain't what he appears to be. Right now that may be one or two of us. By Spring, it could be all of us.

Me: The Thing can't become us. Our powers make us impervious to any outside infection or contamination.

Childs: That's really something.

Kate L.: It is.

Childs: So how do we know who's human? If I was an imitation, A perfect Imitation, How would you know if it was really me?

Me: I have a couple of tests we can do. Doc do you have a test in mind?

Copper: Well, yeah, possibly I've been thinking about a blood serum test.

Childs: What's that?

Copper: We could take a sample of each persons blood, we could mix it with uncontaminated blood. I suppose if there's a reaction, we'd know who isn't human.

Me: That test might work. And if it doesn't I can use my Omnitrix to scan for The Thing inside you and flush it out.

MacReady: Good idea. Just like you did before. We'll go with the Doc's test first.

Me: Okay.

Fuchs: We've got whole blood in storage.

Garry: (Hands Copper some keys) Start working on that.

MacReady: Keep an eye on Clark. He was close to that dog.

Me: We'll keep our eyes peeled. I'm sorry Clark, but I'm afraid this is for your safety.

Clark: I understand.

MacReady: Lets do it.

Me: Okay.

Fuchs: Mac. We need Blair's help. He's the only one that knows this organism.

MacReady: He's too far gone Fuchs. But get the rest of his notebooks. Start going through them.

Me: Missy and Kate can help you with this Fuchs.

Fuchs: Okay.

We got to work.

We then encountered one of the girls.

Maria: You must be the girls we're rescuing.

We saw that it was a Harpie Lady!

Me: Wow a Harpie Lady.

Harpie Lady: That's right and you did rescue Harpie Queen earlier.

Me: We can talk lady. Right now lets get to work.

We went into the Rec room and I had everyone in the Outpost but Blair tied down.

Me: I know this isn't right. But unfortunately it's what we have to do.

Garry: We understand.

MacReady: I know I'm human. If you were all these Things, then you'd just attack me right now. So some of you are still human. This Thing doesn't want to show itself. It wants to hide inside an imitation. It'll fight if it has to. But it's vulnerable out in the open. If it takes us over, then it has no more enemies, nobody left to kill it. And then it's won.

Me: Okay. I know you're all scared. But we can get through this if we work together. I did this test on you all before remember?

MacReady: That was very genius.

Me: Okay. Here goes.

I fired a green scanning beam of light from the Omnitrix at Windows and a green light blinked.

Omnitrix: No alien DNA detected.

Me: Well that's good. You're clear Windows.

We untied him.

Me: Now for Nauls.

I scanned him and a green light blinked.

Me: Nothing. You're clear Nauls.

Nauls was untied.

Me: Mac now.

I scanned him and a green light blinked.

Me: You're clear Mac.

MacReady: I knew I was human.

Me: It's good you are. Okay, now for the Doc.

Childs: It's a crock of shit.

I scanned Copper and a green light blinked.

Me: Nothing. You're clear Doc.

We untied him.

Me: Now for Garry.

I scanned him and a green light blinked.

Me: Garry's clear.

Garry: I know that you all have been through a lot, but when you find the time I'd rather not spend the rest of this winter TIED TO THIS FUCKING COUCH!

Me: Okay okay Garry.

We untied him.

Me: Sheesh. Fucking temper. Fuchs is next.

I scanned him and a green light blinked.

Me: You're clear Fuchs.

We untied him.

Me: Childs is next.

I scanned him and a green light blinked.

Me: Negative. You're clear Childs.

We untied him.

Me: Only 4 left. Clark.

I scanned Clark and a green light blinked.

Me: Clear.

We untied him.

Me: Palmer now.

I scanned him and then a red light blinked.

Omnitrix: Alien DNA detected. Subject is Contaminated.

Me: Palmer's one of those Things!

Eli: Care to share with the rest of the class?

Palmer then started shaking and then blood was pouring out of his face and his face swelled up and he broke out of the ropes and hit the ceiling.

I fired a blast of magic and separated his human self from his Thing self and I fired a blast of fire and incinerated him.

Me: Yes!

Garry: Nice save J.D.

Me: Thanks. Norris is next.

I scanned Norris and the light blinked red.

Omnitrix: Alien DNA detected. Subject is contaminated.

Me: Norris is infected!

Norris then shook and his chest opened up.

I fired a blast of magic and separated him and then incinerated the Thing of Norris.

Garry: Good work J.D.

Me: One more to cover. Blair. If he tries to make it back here and we're not with him, burn him.

We went out to the tool shed and I saw Blair sitting. I opened a window in the door.

Me: Hey Blair. Just need a couple seconds with you.

I scanned Blair. The Omnitrix blinked red.

Omnitrix: Alien DNA detected. Subject is contaminated.

Me: He's infected!

Blair: Very clever flushing me out fool!

Me: Wait. How come you aren't changing yet?

Blair: I want to explain myself first.

Me: We're all ears.

Blair: The reason my kind crashed here on this wretched planet 100,000 years ago is because I was waiting and I formulated a plan to get out of this frozen wasteland and infect everything on this wretched planet and turn everyone into Things like me.

Me: What you are doing will cause the ultimate destruction of the entire human race!

Blair: They are a flawed species and now we will deliver our judgement onto this planet as soon as we get out of here!

Tina Terishkovanaya: You have no right to decide that!

Harpie Lady: Yeah you monster!

?: I agree!

We saw a THUNDER KING, THE LIGHTNINGSTRIKE KAIJU!

Me: Whoa! A Thunder King, The Lightningstrike Kaiju!

Thunder King: That's right and my name is Noriko Furya.

Me: You're a Thunder King Gene-Slammer.

Thunder King: That's right.

Taranee: I've had it with this monster!

I fired a beam of magic and separated the Thing from Blair and he came back to us and we saw the Blair Thing transform and he turned into the BLAIR MONSTER!

Me: WHAT THE FUCKING HELL!?

Suddenly, Taranee Cook's brown eyes turned neon brown, and she was surrounded by a pink energy aura with fire, life energy, and angels, she unholsters her massive Sword of Kandrakar from her back, and as she approached the Blair Monster, she left pink energy, fire, and angels with every step. Then, Taranee Cook was surrounded by a massive vortex of pink energy with fire, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is an orange and red phoenix. Then, as the vortex faded, Taranee Cook emerged, but she was changed forever.

Taranee Cook grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long blue hair, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Fire Kanji in its claws and a necklace with a phoenix holding the Fire Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with orange phoenix on it, green skirt with flames on them, green pants, pink high heels, and pink long sleeveless trenchcoat with phoenixes and flames on the coattails and on the back is a phoenix with flames surrounding it. Taranee Cook has massive blue angel wings with orange tips on the large blue feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large orange gems on her wrists, Belt of Elemental Bravery with large orange gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's an orange kanji right below the phoenix that said, "Taranee Cook, Member of Team W.I.T.C.H.J.E.M.M., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Master of Quintessence, Fire, and Life Energy, Best Friend of Will Vandom, and Amazing Member of Team Loud Phoenix Storm."

Taranee Cook has transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE FIRESTORM PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Taranee Cook's Super Angel 750,000,000,000 transformation, but when the Blair Monster saw it, it roared in pure rage and tried to attack, but Taranee fired two powerful fire blasts at it, and burned the Blair Monster severely, and it screeched in excruciating pain.

Me: Lets get rid of this freak!

Me, Kate, Taranee, Simone and Haumia: YEAH FUCK YOU TOO!

We fired blasts of fire and they hit the Blair Monster and he exploded into a massive fiery explosion!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Thing was destroyed and all of it was Super Hakaied except for Tina.

Tina Terishkovanaya: Wow! That was awesome!

I then had all the men, Eli and Syrus cover their eyes and I put on my blind man glasses and snapped my fingers and then Carolyn and Noriko were reverting back.

Carolyn: (regains her hair) We're gonna be cold when we're human again.

Noriko: But it'll be worth it.

They were back to normal and Maria gave them new clothes and they looked awesome.

Tina Terishkovanaya: That is amazing that you all go through all that.

Eli: It sure is.

Noriko: But these clothes are awesome.

Me: Lets head back inside and warm up.

We did so.

Noriko: Wow and Yellow is my favorite color.

Maya Kona: It sure is pretty on you.

Harpie Lady: I'll say.

Me: And cue Noriko in pain in 3… 2… 1…

Noriko: (holds head in pain) At least I won't be cold!

Me: That's true.

Simone: Reign in the power of your Thunder King power with the strength of your will. Concentrate.

Noriko concentrated and she glowed in a yellow aura and she was fully engrafted!

Noriko: Wow!

Tina Terishkovanaya: That is amazing.

Kate Lloyd: It sure is.

Taranee: It was awesome that I got to transform against the Thing.

Me: It sure was. Kate I'm sorry if we reopened old wounds.

Kate Lloyd: No worries J.D.

We later went back home and told everyone what happened and then the crew of Outpost 31 moved in with us permanently.

After destroying The Thing this time for good, Lincoln, Me, Nico, Nicole Chan, Eli, Nicole Knudson, Ellen Ripley, Jared Knudson, and Cornelia Hale were heading to the Mining Colony from the movie Aliens, and not only is Lincoln going to rescue the eight girls there, but we're also going to destroy The Xenomorph Queen and her entire horde of Xenomorphs and make sure they never terrorize the universe ever again.

Lincoln: Uh oh, we're on the Mining Colony of Hadley's Hope, and I think I know what we're going to do here, not only am I going to rescue the eight girls there, but we're also going to destroy The Xenomorph Queen and her entire horde of Xenomorphs and make sure they never terrorize the universe ever again.

Me: That's right, big guy.

Nico: I still remember the time we dealt with the Xenomorphs, and I can't forget just how ugly they were.

Cornelia Hale: But, this time, we're going to get rid of the Xenomorphs, and the universe will be free from their wrath.

Lincoln: That's right, Cornelia. Alright, everyone, we know what we have to do: rescue any survivors on Hadley's Hope and bring them back to the Estate, and blow every last butt-ugly Xenomorph here straight to Hell!

We raised a rallying cry.

Nico: Dang, Lincoln. You sounded like a real military commander when you rallied us like that.

Cornelia Hale: Well, his cousin Eric was in the military, so I think that military spirit was also in him.

Me: I was about to say.

We moved swiftly and we found the survivors and we got them back to the Estate, so we can get their wounds looked at.

?: HELP!

Suddenly, Lincoln heard the sound of eight girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eight girls, but they've been cornered by The Xenomorph Queen and the army of Xenomorphs, and they're going to kill them.

Lincoln: Guys, I found the eight girls, but they've been cornered by The Xenomorph Queen and the army of Xenomorphs, and they're going to kill them. Let's move, soldiers!

We then rushed on over, and Lincoln fired powerful rainbow energy slashes from his massive Sword of Taranis, and killed an army of Xenomorphs. When the Xenomorph Queen saw us, she hissed angrily at us.

Cornelia Hale: I've had it up to hear with you monsters to last an eternity.

Suddenly, Cornelia Hale's ice blue eyes turned neon ice blue, and she was surrounded by a pink energy aura with molten rock, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached the Xenomorph Queen, she left pink energy, molten rock, and angels with every step. Then, Cornelia Hale was surrounded by a massive vortex of pink energy with molten rock, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Cornelia Hale emerged, but she was changed forever.

Irma Lair grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long blonde hair, she has neon ice blue eyes and a pink energy aura with molten rock, life energy, and angels surrounding her, she has a phoenix with the Earth Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Earth Kanji in its claws and a necklace with a phoenix holding the Earth Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with green phoenix on it, green skirt with lava waves on them, green pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and lava waves on the coattails and on the back is a phoenix with ocean waves surrounding it. Irma Lair has massive blonde angel wings with ice blue tips on the large blonde feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a green kanji right below the phoenix that said, "Cornelia Hale, Member of Team W.I.T.C.H.J.E.M.M., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Master of Quintessence, Earth, and Life Energy, Best Friend and Pen Pal of Megan McAllister, and Amazing Member of Team Loud Phoenix Storm."

Cornelia Hale has transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE LAVA PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Cornelia Hale's Super Angel 750,000,000,000 transformation, but when the Xenomorph Queen and the remaining Xenomorphs saw it, they fell into a rage, but Cornelia fired a powerful blast of lava and melted the Xenomorphs to nothing.

Lincoln: Alright, nice shot, Cornelia. Alright, everyone, let's rip those bugs to shreds.

Cornelia Hale: (Divine Echoing Cosmic Voice of The Earth and Kandrakar Justice) **Time to say goodbye, you bitch!**

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and we also transformed and unholstered our massive swords from our backs, and we went at the Xenomorph Queen and the Xenomorphs, and we fired powerful blasts of rainbow energy, elemental forces, and lasers at them, and the Xenomorphs were all killed, but only the Queen was left standing.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Cornelia, let's use a combo on the Xenomorph Queen.**

Cornelia Hale: **Let's do it, Lincoln.**

Lincoln and Cornelia Hale: **KANDRAKAR LAVASTORM XENOMORPH GENOCIDE BLAST OF JUSTICE!**

Lincoln and Cornelia Hale fired powerful blasts of lava, which hits The Xenomorph Queen and all of the Xenomorphs, and they exploded with incredible power, killing them all and Super Hakaing their spirits forever. We cheered wildly as we holster our massive swords on our backs and power down, and Cornelia Hale's new body, clothes, weapons, jewelry, and angel wings are permanent, and Lincoln got the eight girls and we flew out of there just in time as the entire mining colony exploded with the power of a massive thermonuclear explosion!

***KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Me: WHOA!

We teleported and we got home to the Estate.

Then, Lincoln and Nicole went up to the eight girls and when Lincoln saw the girls, he immediately recognized them. The eight girls were Yuri Otani, Kumi Kawamura, Kasumi Tomine, Megumi Hisakawa, and Miyu Tamaki from Alien Nine, Mew Fumizuki and Mica Minazuki from Hyper Doll, and Isabella "Ivy" Valentine from Soul Calibur.

Lincoln: Oh wow, it's Yuri Otani, Kumi Kawamura, Kasumi Tomine, Megumi Hisakawa, Miyu Tamaki, Mew Fumizuki, Mica Minazuki, and Isabella "Ivy" Valentine.

Nicole: From Alien Nine, Hyper Doll, and Soul Calibur, awesome.

Lincoln: Are you girls okay?

Yuri Otani: Yes, we're okay, thanks to you.

Then, when Yuri Otani and the other seven girls saw who it was that saved them from the Xenomorph Queen and the Xenomorphs, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, a deep sapphire blue kanji below the Cutie Mark tattoo that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Isabella "Ivy" Valentine: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Isabella "Ivy" Valentine: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared around the necks of Yuri Otani, Kumi Kawamura, Kasumi Tomine, Megumi Hisakawa, Miyu Tamaki, Mew Fumizuki, Mica Minazuki, and Isabella "Ivy" Valentine. Then, Lincoln chanted a powerful incantation, and fired a blast of light, which purged Isabella "Ivy" Valentine of the demonic blood of the Soul Edge, and she's now freed from the demonic blood of the Soul Edge.

We told everyone about what went down on Hadley's Hope, and they were shocked when they heard that we faced off against the Xenomorph Queen and the Xenomorphs, and when we showed everyone what Lincoln and Cornelia Hale, who had transformed, did to the the Xenomorph Queen and the Xenomorphs, they cheered wildly and they hugged them, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face. Now, we were rid of the Xenomorphs for good, and they'll never terrorize the universe ever again.

---

After getting rid of the Xenomorph Queen and the Xenomorphs this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Isabella "Ivy" Valentine, Cassandra Alexandra, Taki, Talim, Chai Xianghua, Mew Fumizuki, and Mica Minazuki were getting ready for their date, this time, it's at an Italian restaurant in the east of Gotham Royal York.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large fancy tuxedo, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he had his weapons holstered, in case of trouble. He also had on his Juniper Thunderbird perfume on.

Isabella "Ivy" Valentine, Cassandra Alexandra, Taki, Talim, Chai Xianghua, Mew Fumizuki, and Mica Minazuki were dressed in long fancy dresses with mythological animals on them and high heels in their favorite colors, and their jewelry.

Lola Loud: Ooh, you and the girls are looking quite fancy tonight, Linky. Where are you all heading?

Lincoln: We're heading to an Italian restaurant in the east of Gotham Royal York.

Lana: Awesome. I've tried out one of their dishes, and it was delicious. Have fun, you guys. Oh, Lincoln, don't forget, after you get back, we're going with Sherlock Hound, J.D., Nico, and our Scottish Ancestors to Eos and Insomnia for another ambassador mission.

Lincoln: Don't worry, Lana, I won't forget. (To the girls) Alright, ladies, shall we?

Cassandra Alexandra: Of course, Linky. Plus, you did an amazing job in freeing Ivy from the demonic blood of the Soul Edge.

Lincoln: You're welcome, Cassandra.

Isabella "Ivy" Valentine: What you did in freeing me from Soul Edge's demonic blood, I'll never forget what you did for me, Lincoln.

Lincoln: When Cassandra told me what you went through, I made my decision to purge the demonic blood of Soul Edge from you, and save you from its' dark influence.

This made Isabella smile to her future husband, as Lincoln and the girls left the Estate and they head for the Italian restaurant in the east of Gotham Royal York. When they step inside, it was so beautiful, and it looked like a piece of Italy has found itself a home here in Gotham Royal York.

Lincoln: Wow.

Cassandra Alexandra: You said it, Linky, it's amazing.

Lincoln and the girls head for the table, and they ordered their meals. A few minutes later, Lincoln and the girls' pasta dishes arrived on their table, and when Lincoln took a bite of his fettuccini alfredo, Lincoln's taste buds went into overdrive.

Lincoln: Whoa. This is awesome.

The girls tasted their pasta dishes, their taste buds also went into overdrive, and they proceeded to finish eating their food. Then, Lincoln and the girls finished, paid for their dishes, and they came back home, and changed back to their original clothes.

Lana: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Lana, and the food there was amazing.

Lana: (Laughs) I knew it.

Me: Next time, we'll head there, and try out the food there.

Lincoln: Yeah, they have a lot of amazing dishes there. Which reminds me, Dad's making his famous Clams and Lynn-guini tonight.

Nico: I haven't tried it before, Lincoln. I've tried his Lynn-sagna, but not his famous Clams and Lynn-guini.

Luan: Dad told me this was the first dish he's ever made, Nico.

Nico: (Drools) Can't wait.

Lincoln: Alright, I think we can save the talk for food for later on tonight. Right now, let's get ready for our trip to Insomnia and Eos.

---

After Lincoln's date, Sherlock Hound was getting ready to head to Eos and the Crown City of Insomnia, and me, Nico, Lincoln and his family, and their Scottish ancestors were coming too.

Sherlock Hound: (British Accent) Alright, everyone, are we ready?

Lincoln: We're ready, Sherlock Hound.

Me: We'll be right back, everyone

Fluttershy: Let us know how it went when you come back.

Lincoln: We will, Fluttershy.

Sherlock Hound made a portal that led to right to Eos, and we step inside. When the portal opened, me, Nico, Lincoln and his family, and their Scottish ancestors stepped out of the portal, and we found ourselves on the planet of Eos.

Lincoln: Wow.

Lori: So, this is the planet Eos, it's literally beautiful.

Rita: It's so amazing out here.

Me: Wait until you guys see the Crown City of Insomnia.

Sherlock Hound: (British Accent) That's right, and you'll be in for quite a surprise.

We arrive at the Crown City of Insomnia, and it was just like how Sherlock Hound described it: a truly amazing modern metropolis, stacked with skyscrapers, the Crown City contains lush areas, but is separated from the mainland by a bridge and is surrounded by water and tall ramparts, and protected by a massive wall. But, it's also the host of the Citadel, the seat of power of Lucis, and the home of the Crystal.

Lincoln: Whoa. So, this is the Crown City of Insomnia. This is so awesome!

Duke Lincoln: (Scottish Accent) Indeed, Lincoln. This place truly is amazing.

Lori: It's just like some of the major modern day metropolis cities on Earth.

Luna Loud: No kidding, dude. This place is amazing.

Then, the Crownguard saw us, and they went up to us.

Crownguard: Ah, Sherlock Hound, J.D., Nico, welcome back. (When they saw Lincoln and his family and the Scottish ancestors) Oh whoa, you also brought Lincoln and his family and the Louds' Scottish Ancestors?! It's an honor to meet you all. Please, come with us. His Majesty's been waiting for you.

We head for the Citadel, and Sherlock Hound, Me, and Nico met with Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum, and they were happy to see us again. But, they were in for an even more amazing surprise when they saw we brought Lincoln and his family and the Louds' Scottish Ancestors with us.

Noctis Lucis Caelum: Oh, no way. You also brought Lincoln and his family and the Louds' Scottish Ancestors with you.

Sherlock Hound: (British Accent) That's right, Your Majesty.

Lincoln: And it's an honor to meet you all.

Noctis Lucis Caelum: (Shakes hands with Lincoln) You too, Lincoln.

Lori: We heard about Eos and the Crown City of Insomnia from Sherlock Hound, J.D., and Nico, and now, seeing them for the first time ever, it truly is amazing.

Lynn: You said it, Lori. But, I can't believe those Niflheim scumbags are trying to take the Crystal, destroy the Kingdom of Lucis, and take over Eos, they really make me sick.

Gladiolus: They've been a major problem for us for a long time, Lynn.

Ignis: And speaking of Niflheim, the spell that Sherlock Hound used yesterday was still active, and we got word from the Crownguard that many more of Niflheim's magitek infantry, along with the magitek weapons, have been destroyed.

This surprised us.

Lynn Sr.: Whoa. That's incredible.

Duke Lincoln: (Scottish Accent) Then, that means, Niflheim's defenses are already being worn thin and very soon, they'll be backed into a corner.

Prompto: That's right, Duke Lincoln, and then, we can launch our attack on the Empire of Niflheim and destroy it for good.

Me: With both Team Loud Phoenix Storm and The Masters of Evil with you guys.

Noctis: That's right, and we've got to meet the Masters of Evil one day, we've seen the usual battles you all have with them.

Lola: Oh, don't worry, you'll meet them soon.

Sherlock Hound: (British Accent) It appears that things have been quiet lately.

Noctis: That won't be the case, Hound. Niflheim will try yet again to attack the city and take the Crystal.

Lisa Loud: From what we've been told from the first two missions, they've tried to attack Insomnia and take the crystal, only to wind up dying in a pool of blood.

Me: Which means, this'll be the third time they attack.

Sherlock Hound: (British Accent) Which means, I'm through playing nice with them. If they want to keep on trying to attack the city, then, the only thing waiting for them is a one-way trip to Oblivion.

Nico: You've already dealt them a nasty blow when you used that spell from the spellbook Ardyn gave you for Christmas, and it's destroying the empire's magitek weapons and their magitek infantry have gotten the weaknesses of the daemons, and they're being incinerated by the light of the sun.

Lincoln: And the light of the Crystal emanating from the Citadel.

Suddenly, the Crownguard came into the Citadel, and they bear news: Verstael Besithia, Ravus Nox Fleuret, Aranea Highwind, General Glauca, Caligo Ulldor, and Loqi Tummelt were heading for the city, and they were indeed pissed off that the magitek infantry and their weapons are being destroyed, and they want blood.

Me: Uh oh.

Lincoln: So, the main officials of the Niflheim Empire are coming here, seeking revenge.

Sherlock Hound: (British Accent) Looks like it, Lincoln. Looks like we'll be needing some extra help for this one.

Sherlock Hound made a call to Ardyn Izunia, and he then told them of Verstael Besithia, Ravus Nox Fleuret, Aranea Highwind, General Glauca, Caligo Ulldor, and Loqi Tummelt coming to Insomnia to take revenge on whoever is causing this. A few minutes later, Ardyn arrived in Insomnia, but he also brought Vypra to help out.

Ardyn Izunia: I got here as soon as possible, Hound, and I hope you don't mind that I brought Vypra to help.

Sherlock Hound: (British Accent) Not at all, Ardyn.

Vypra: Plus, I got to see Eos and Insomnia for myself, and it truly is amazing. But, when Ardyn told us of his soon-to-be former benefactors, we decided that they need to go now.

Nico: No doubt about it, the Empire of Niflheim is filled with power-hungry despots who want nothing more than world domination.

Sherlock Hound: (British Accent) Just like Mundus and many others.

We head on out, and we saw Verstael Besithia, Ravus Nox Fleuret, Aranea Highwind, General Glauca, Caligo Ulldor, and Loqi Tummelt heading for Insomnia.

Lori: How are we going to deal with them?

Ardyn Izunia: Leave that to me, Lori. Just keep watching.

Ardyn Izunia summoned Ifrit the Infernian, the rogue Astral that Ardyn Izunia put under his control through daemonification, and he casted Firaga, firing a massive ball of fire at them, which caused the six of them to separate.

Verstael Besithia: But, how on…? Wait a minute.

Then, Ardyn Izunia, along with the rest of us appeared.

Verstael Besithia: Ardyn Izunia. How dare you show your face here, after you turned against Niflheim.

Ardyn Izunia: Yes, well, I'm afraid I've grown bored of working for you, and I made the right decision to work for Vypra.

Sherlock Hound: (British Accent) And of course, my frenemy has given us the means of ridding Eos and Insomnia of you and your accursed empire for good.

When Verstael Besithia, Ravus Nox Fleuret, Aranea Highwind, General Glauca, Caligo Ulldor, and Loqi Tummelt saw Sherlock Hound, along with all of us, a wave of horror washed over them.

Ravus Nox Fleuret: Team Loud Phoenix Storm, here?! Then, that means… !

Suddenly, Sherlock Hound's blue eyes turned blood red, and he unholstered his massive Sword of The Demon Hound from his wider and muscular back.

Sherlock Hound: Now, you understand. Yes, I was the one who killed the army of soldiers that you sent when I first came to Eos and Insomnia, and I was also the one who cast the spell yesterday, the spell that's continuously destroyed your precious magitek infantry and weapons, along with the cores located there. (Smiles Sinisterly) But, I wasn't the only one, Ardyn was the one who provided the means of ending your delusional dreams of world domination.

Me: Whoa.

Nico: You said it. Sherlock Hound's eyes turned blood red, but Sparda didn't take over.

Sparda: (Through the Large Red Jewel on Sherlock Hound's neck) No, I haven't. He decided to do this on his own, and I got to admit, he's terrified all of them.

Ravus: Sparda, no, impossible.

Sherlock Hound: And I'm afraid none of you will live to get the answers you seek.

We unholstered our massive swords from our backs and transformed, and went at Verstael Besithia, Ravus Nox Fleuret, Aranea Highwind, General Glauca, Caligo Ulldor, and Loqi Tummelt, and we fired powerful blasts of rainbow energy, elemental forces, light, and darkness at them, and they exploded with incredible power. Ardyn and Sherlock Hound used their combo, Daemonic Royal Retribution, and fired a barrage of dark fire and dark energy swords at them, and it really hurt them. Then, Lincoln tied them up with powerful rainbow energy straitjackets, so they couldn't escape.

Then, Lincoln sprouted six of his eleven massive and long blue wolf tails with Cell's siphon suctions on them, and he stabs them into Verstael Besithia, Ravus Nox Fleuret, Aranea Highwind, General Glauca, Caligo Ulldor, and Loqi Tummelt, and he sucked them in, and not only did he absorb all of their power and energy, but he'd also gained information on The Empire of Niflheim and what they do, and they know that Ardyn's the one who provided them with the magitek knowledge, which'd furthered their daemonic experiments and research. After Lincoln was done, we then returned to the

Citadel.

Lincoln: Guys, I've acquired the information on the Empire of Niflheim, and it matched up with what Sherlock Hound told us about them. Which means, tomorrow, we launch the attack, and Ardyn and Sherlock Hound are going to be the ones to open the way.

Nico: Nice.

Noctis: Which means, we'll be rid of the Empire of Niflheim for good, and we'll bring an end to this conflict for good.

Lincoln: That's right, and we'll make sure that Eos and Insomnia will be free for good.

Gladiolus: And it looks like you guys have to head back home, right?

Lincoln: Yes. But, don't worry. We'll meet again. But, this time, we're bringing the entire Calvary with us.

Noctis: This should be good.

We then shook hands with Noctis and his entourage, and Sherlock Hound opened up the portal that leads back to the Estate, and as we said our goodbyes, we stepped inside, and we got back home as the portal closed when we stepped out.

Lincoln: That was an amazing ambassador mission. But, come tomorrow, we launch the final attack on the capital of Niflheim, and we'll be rid of them for good.

We then told everyone that the mission went well, and tomorrow is the final attack on the Empire of Niflheim, and soon, we'll be rid of them for good, and Eos and Insomnia will be free from Niflheim for all eternity.

* * *

Later it was time for Piper's final Ambassador mission.

Piper: After today, I'm going to miss Mikey and the others.

Me: I know. But it was fun helping them out.

Nico: Boy it sure was. But we'll see them again on February 7th.

Me: We sure will. Mikey and friends will hold out till then. But I'll be going to help them out on occasions to help them out and recruit new Digimon for the Masters of Evil.

Nico: Smart thinking.

Eli: I can't wait to meet them.

Me: You'll love them bro.

We were off to the Digital World.

We arrived and Mikey and friends saw us.

Piper: Guys, I'd like you to meet Eli!

Me: He's my little brother.

Eli: Hello there.

Mikey Kudo: Awesome to meet you Eli!

Angie: Wait a second. Aren't you the awesome little boy that pilots that awesome Gundam and you know Godzilla Jr.?

Eli: That's right.

Angie: Awesome!

Me: And he's also the son of Pharaoh Atem. He was originally born 5,000 years ago and he was teleported into the future.

Christopher: Whoa! That is awesome.

Me: Yep. It sure was.

J.D. 3: It sure is cool.

Mikey Kudo: Whoa who said that!?

Me: That was my Caveman self. He lives inside my head.

I formed a projection of him from my forehead crest and they saw him.

Mikey Kudo: WHOA!

Me: Meet my immortal caveman self.

J.D. 3: Hello there. And yes I am J.D. Knudson too but I lived for over 75,000 years and I was assigned to be Eli's guardian.

Angie: That is amazing!

Piper: Well, this is it. The last Digimon we're helping you guys take out. And then, we don't see each other until February.

Me: But I'm still going to be helping you all out in dealing with members of the Bagra Army.

Mikey Kudo: Awesome! But I will miss you Piper.

Piper: You will never be rid of me for good Mikey. We'll see each other again.

Me: That's right.

Eli: We sure will.

Nene: Yep. We're going to the Jungle Zone.

Me: And our target is Kongoumon.

Mikey Kudo: This is gonna be awesome.

We were off to the Jungle Zone.

We later arrived.

Piper: He should be around here somewhere.

Eli: Hmm.

Eli used the Force to find him.

Eli: (Points to a tree) THERE!

I fired an energy blast and it hit the tree and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Out of the explosion came KONGOUMON!

Piper: There he is!

Mikey Kudo: How did you find him so easily Eli?

Eli: I used the powers of the Force to find him.

Me: He is a Jedi.

Christopher: Awesome!

Eli ignited his lightsaber.

Kongoumon: You're right, little girl. This IS your last ambassador mission. Because I'm going to find out what you taste like!

Piper: For your information, I'm an Elf! And I am more powerful than I look.

Kongoumon: We'll see about that!

Eli: Try this on!

Eli blew him back with a Force Blast and then jumped into the air and before Kongoumon could react…

SLASH!

Eli slashed him in half with his lightsaber and Kongoumon disintegrated in an instant and we uploaded all his data!

Christopher: WHOA!

Mikey Kodu: Eli just beat him like he was nothing!

Me: Well who do you think trained him? Eli has been learning everything that he knows from my caveman self for years.

Christopher: Don't worry about us, Piper. We'll make sure to stay alive until February.

Piper: I know and I have faith in all of you.

Christopher: Thank you.

Me: But I will be helping you all out still as well as finding awesome recruits for our frenemies. There are still many more generals out there.

Mikey Kudo: That's true. But Nene you be careful with J.D. and everyone.

Nene: I will Mikey.

We later went back home and we told everyone about what went down.

May: Bloom, you ambassador missions are next.

Bloom: And I'm really excited to see where I'll be going.

Me: We know you are Bloom. This is gonna be awesome for you.

Nico: Who is the next target of the Fusion Fighters?

Me: Now we set our sights on the generals and the first one is NeoMyotismon in the Vampire Zone.

Lucy Loud: Wicked. Me and the Goths of Darkness and the Dark Signers would love to face him.

Brittney: Sounds like my kind of place.

Me: All right. Mikey and the team will love meeting you and your team Brittney. You can ask Hari and Doori to come along too if you want.

Brittney: I would like that dad.

Nico: Sweet! It'll be awesome for me to take on a new form of Myotismon.

Me: It sure would.

---

Later in the city, we were there to open a new zoo.

Live Action Ironhide: So, what are we looking at again?

Isaribi: Well, today is the grand opening of the Gotham Royal York Children's Zoo!

Me: It's a zoo we built for children to meet and pet some of the animals here at the Gotham Royal York zoo. Like a petting zoo but bigger.

Ed: Ooh! I hope I am part of it. Pet me now!

Eddy: Shut up Ed. But that was funny. That reminds me of the Ed Land scam we did.

Luan: That must've been cool Eddy.

Me: And here is the commissioner of the zoo.

Stella Nox Fleuret came.

Stella Nox Fleuret: Been a long time J.D.

Eli: Stella!

Stella Nox Fleuret: Eli!

They hugged.

Eli: It's awesome to see you here.

Aerith: Awesome to see you again Stella. How have things been?

Stella Nox Fleuret: Been busy as ever and the enemies of Lucis are always after Noct.

Me: I heard all about that from Sherlock Hound. That is intense.

Stella Nox Fleuret: It sure is

Donatello and the mascots and some of us were watching for trouble.

Donatello: Anyone see any troublemakers?

Horsea: Nothing on my end.

Manaphy: I don't see anything.

Poliwag: (looks through some binoculors) I've got something!

Ben: What is it?! Vilgax? Aggregor?

Me: Is it Lothor? PLEASE let it be Lothor!

William: Easy, J.D.

Poliwag: Oh, never mind, it's only a Pigeon.

We sigh in disappointment.

Me: False alarm.

However, Poromon looks shocked and concerned and grabs the binoculars away from Poliwag.

Poromon: Gimmie that!

Poromon looks through the binoculars and sees a pigeon perched on top of a building, which has some drawing of people being crossed off.

Poromon: That smile!

The pigeon is now seen laughing devilishly.

UH OH!

Poromon: HOLY MOTHER OF GOD! That's bird's going to drop one on Stella's Suit!

Me: OH SHIT!

Eli: Uh oh!

Poromon punched the pigeon and they wrestled.

Poromon and the pigeon fall from the sky and land in a tree. We climb up the tree to see if Poromon's okay.

Manaphy: Poromon!

Drillhorn: How did you know that bird had a beef with Stella?

Poromon: I've seen that look before. Back before me and Nico met you guys. Right before the last Commissioner we knew took a plop to the left hopel.

We gasp at Poromon's statement.

Poromon: Got him right where a pretty flower would go!

Poliwag giggles at this statement, causing us to glare angrily at him.

Poliwag: Well, it's just a suit, isn't it?

Poromon: There were fucking blueberries, Poliwag! Blue… Berries!

Poliwag gasps, trying to hold another giggle. As Poromon begins to narrate, the backgrounds turns very dark and a light casts over Poromon as he talks.

Poromon: It was a beautiful day, sunny and clear. Pigeon came in low, slow from due east. I didn't know why I didn't jump in and take it for him, but that day I swore I'd never see another public official blueberried! Not on my watch.

Pigeon: (tauntingly) Gee, that's too bad! Cause before that ribbon's cut, this commissioner's going to wearin' some "doody" on the suit-y! (snickers)

Poromon: Not if I have anything to say about you shitbeaked freak!

Pigeon: WHAT THE FUCK DID YOU CALL ME!?

Poromon: YOU HEARD ME YOU SHITFILLED RAT WITH WINGS! Or is your brain as stupid as your bug-filled stomach!?

Pigeon: WHY YOU LITTLE!

The pigeon went at him and Poromon dodgded him and the pigeon flew at Stella and dropped one and then Poromon just got hit with the pigeon's poop and was on the ground. We ran over to him.

Nosecone: Poromon Are you okay?!

Poromon gets up, covered in the pigeon's excrement, which is obscured to the viewers. We groan in disgust.

Lynn: That's nasty!

Lori: (gags) I've… literally seen worse.

Lola: That's true. I'm sure a good scrubbing with soap and… sand paper-

Suddenly, Poromon gets up and pulls off a disguise which was just like him.

Maria: WHAT?

May: Poromon! What? How did-?

Poromon: Standard Issue "Pigeon-Proof" Vest! Like I said: Never again!

Me: Very smart thinking Poromon.

Skipper: Wait a second! I know that pigeon you're talking about! Get him!

Private, Skipper, Rico and Kowalski then pounced on the Pigeon and then they put him in a cage!

Me: You guy know this pigeon?

Skipper: You could say that. His name is Frankie. And he has a really nasty beef with the commissioner.

He went over his history.

---

Frankie is a pigeon with a thick New York accent. He was first seen teasing Max about not catching a bird in "Launchtime."

He makes a minor appearance in "The Lost Treasure of the Golden Squirrel," where he gives Private a silk feather called the crystal feather.

He also serves as the main antagonist of the episode "In The Line of Doody," where he tried to "Drop one" (A.K.A. defecate) on the Commissioner's suit, leading him and Skipper to battle over the Commissioner's safety. In the end however, Frankie meets his own fate when Skipper fires a "Pigeon-Proof" vest, covered in Frankie's own blueberry-covered excrement at him.

---

When he was done we gasped!

Nico: Whoa!

Eli: Bad news pigeon.

Lisa Simpson: Pigeons are dangerous rats with wings.

We had Frankie sent to prison.

---

Later we were getting ready for our mission.

Gluko: Well, Nico. Now that our Poo-etic skirmish is over, it's your turn to lead.

We laughed at Gluko's joke.

Me: That was a good one.

Nico: Yeah it sure was. Awesome. And yes it is my turn to lead.

Then the door opened and in came Bobbie Fletcher.

Bobbie Fletcher: Hey guys.

Nico: Hey Bobbie.

Lana: Awesome!

Bobbie Fletcher: I came to tell you that there's a new race going on and it's a race around the planet Jupiter.

We gasped.

Nico: Whoa! A race around Jupiter? This is gonna be awesome.

Laney: It sure is.

Lincoln: This is gonna be cool to see one of the stormiest planets in the Solar System.

Me: It sure is. I can't wait to see what this is like.

Bobbie Fletcher: Looking forward to seeing you all there.

Me: Yep.

Nico: Oh we'll be there.

Bobbie Fletcher: Awesome.

She left.

Tina Terishkovanaya: This is gonna be awesome. I love all the races that you all do.

Kate Lloyd: They are so awesome.

Then Living Laser, El Diablo, Abis Mal, Fixer, Multiplex, Titanium Titan, Puff, Deadwood, Crimson Dynamo and King Shark appeared.

Living Laser: Can me, El Diablo, Abis Mal, Fixer, Multiplex, Titanium

Titan, Puff, Deadwood, Crimson Dynamo and King Shark go with you guys? (sniffs something and gags) Ew! Who stepped on a duck?

Me: Don't ask.

Nico: Yeah you don't want to know. And to answer your question yes you all can go. It's another race and we're going to go around Jupiter.

Abis Mal: Awesome!

Fixer: This is gonna be interesting.

Me: It sure is.

Allie Wilde: I'm looking forward to this one.

Nico: Me too. Lets head to the garage everyone!

We went to the garage.

Jack Spicer: (to Maxxine) By the way, Tina turned into you this morning.

Maxxine: That's what I heard and that is amazing.

Tina Terishkovanaya: It sure is. Sorry Maxxine.

Maxxine: It's all right but that was a very spot on performance.

Tina Terishkovanaya: Thanks. My shapeshifting powers make me perfectly well formed in anyone and anything.

Me: That is still cool though.

Kate Lloyd: It sure is.

Fixer: I think I'll make my own vehicle for the race.

Nico: Go for it.

Fixer made his own awesome car.

We all made our cars. Then we were off to Jupiter.

Nico: Here we go!

---

We arrived at the Jovian System.

Armada Cyclonus: Is it safe to land?

Me: It's a gas giant planet so we can't land on Jupiter.

Nico: But was can land there.

We saw on Jupiter's moon Io, a massive docking station for the race.

Eli: Awesome.

We landed and we got out and went to the docks. The view of the planet Jupiter was incredible.

Crimson Dynamo: I think I'll just remain in my suit for now.

Nico: All right. Wow! Look at the view of Jupiter.

May: It's magnificent. The clouds swirling around it are incredible.

Nico: They sure are. When we go to the Jupiter prison we never see a view like this from it.

May: It's so beautiful. And the Great Red Spot is amazing too.

Nico: Yeah it sure is.

Eli: It's amazing that Jupiter is that big.

Me: Yep. 86,000 miles in diameter.

Cutthroat: I think Arnold's cousin wanted to get some of the Red Spot.

Simone: Boy she sure did and let me tell you she was nuttier than a fruit bat.

Laney: But that was cool that you all got to have a reunion with your old class Simone.

Simone: It sure was and it was great seeing all my friends again. I missed those awesome times.

Nico: Boy who wouldn't? I've loved the Magic School Bus growing up.

Me: Who doesn't love that show. It's awesome.

Eli: It sure is.

Titanium Titan: One day, they can come on one of our missions.

Simone: That's an amazing idea. We can take them to one of the amazing planets for an awesome field trip.

Nico: Not a bad idea Simone.

Laney: The Blue Moon, Aurelia, Darwin IV, Pandora, many planets.

Simone: Yep.

Avior: I think I'll stay in my ball form until I'm needed.

Mason Brown: Good idea, Avior.

Nico: This is gonna be awesome though.

Puff: Looks like the race is about to start!

We got to the starting line and we were ready!

Me: May the best man win.

Rainbow Dash: You bet J.D.

Billy Natson came.

Billy Natson: AND Welcome to one of the most amazing events in racing history. Hello I'm Billy Natson and we have an amazing treat for you all today. We have an amazing race around the most dangerous and most incredibly stormy planet. It's a race around the 5th Planet from the Sun and the largest planet in the Solar System, Jupiter! WOW! With us we have our very own Team Loud Phoenix Storm and their awesome frenemies, the Masters of Evil and they look ready to shred the clouds of the largest planet in the Solar System. You ready to have some fun!?

We cheered wildly.

Me: BRING IT ON! LETS ROCK AND ROLL!

Nico: YEAH!

Billy Natson: That's the spirit!

Krysta got out the green flag.

Krysta: RACERS TAKE YOUR MARKS!

We were ready!

Krysta: GET SET!

We revved our engines!

Krysta: REV UP AND GOOOOOOOOOOOO!

We zoomed out into space and headed towards Jupiter!

Billy Natson: AND THEY'RE OFF!

We flew up to Jupiter's north pole.

Blot: I'm beating all of you.

Me: Not for long!

We zoomed into Jupiter's atmosphere at the North Pole and we were flying through the skies of the planet.

Me: WOW! Look at the skies of Jupiter.

Allie Wilde: This is amazing!

We saw lightning that was many times more powerful than Earth's lightning flash through the clouds all over.

Eli: WHOA!

Multiplex: I wonder if my vehicle will duplicate with me.

Nico: Go for it.

He concentrated and to our surprise he made 310 clones of not just himself but his car as well!

Me: WHOA! IT WORKED!

Rex: Awesome!

Multiplex: WOW! It sure did work!

Tricloid: Look! Scooby and the others are joining us!

Fred Jones: We're already here with you guys!

Daphne: Yeah!

Tricloid: Uh oh! Then if you all are here then WHO IS THAT!?

We saw a monster version of The Mystery Machine!

Shaggy: ZOINKS! IT'S THE MONSTROUS MACHINE!

Nico: We saw that one when we were facing The Goblin King!

Me: Yeah!

Deadwood: You guys wanna fill the others in?

Qin: It was the Mystery Machine transmogrified into a monster.

Nico: Entrance time guys!

We flew around behind the Monstrous Machine.

The Monstrous Machine roared and then an army of ferocious desert monsters appeared and swirled around it and then they converged and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and we came out.

Nico: All right you bad car! License and Registration!

?: But you will now see who is driving it!

Me: Who said that?

Jonny Quest: Oh no! I was hoping never to run into him.

A man rolled down the window and we saw that it was the enemy of the Quest Team: EZEKIEL RAGE!

---

Ezekiel Rage is one of the main recurring antagonists in The Real Adventures of Johnny Quest, Cartoon Network's 1990s reimagining of Hanna-Barbera's 1960s Johnny Quest series.

His goal is to destroy the world out of revenge for what he considers the murder of his wife and daughter.

He was voiced by Michael Bell.

Ezekiel Rage was an agent of the United States government with the code name "Raven". At sometime in his life he met and married a woman named Abby and they had a daughter called Karla. However he kept the secret of his occupation from them and said he was a salesman in computers.

His real name was possibly Argus Grimm. Issue nine of the Dark Horse series states that he was recruited from Stanford University in 1974, and paired with Race Bannon on several missions.

Sometime during the Reagan administration, he was on an assignment in Panagua, where he was discovered, and fled with his wife and daughter by car. The United States declined to help him escape, and he crashed the car off a cliff, surviving with serious burns all over his body; his family was not so lucky.

Bent on revenge against the government and a world perceived corrupt, he took on the name Ezekiel Rage and the costume of a Dia de los Muertos celebrator, complete with skeletal arm attachment and wide-brimmed hat. He also kept a family album called the Book of Rage as his only possession.

He used a combination of religious faith and old intelligence contacts and information to amass power for his apocalyptic plans.

His first scheme was locating a nerve gas and nuclear waste storage facility in New Mexico, intending to use the nerve gas on American citizens. He abducted Dr. Hugo Smallwood after the doctor investigated his appearances, believing him to be a bat creature. The Quests arrived to visit Smallwood and uncovered the plot. Rage tied them up, believing Jessie Bannon to be his daughter, Karla. Jonny and Jessie fought with him above ground as he prepared a plane. He took off with the two on board, but they escaped with the lone parachute, while the plane with Rage still on board crashed into a canyon wall, presumably killing him ( Ezekiel Rage ).

Rage survived, and one of his scientists discovered the Pentium molecule and its substitute, which could destroy the earth's atmosphere. Rage had his followers take over mission control at NASA and boarded a shuttle mission with Dr. Benton Quest and Hadji Singh on board. He hijacked the shuttle and, at an abandoned space station, began manufacturing the molecular substitute, hoping to drop it into the atmosphere from space. Race Bannon and Natasha Rostova arrived and stopped him; the space station crashed into the ocean, but Rage survived once again (Rage's Burning Wheel ).

He observed the test explosion of the nuclear device Big Baby One, and led a team to capture Big Baby Two, another thermonuclear device. He had several copies made and set up at a base at the north pole to go off in tandem, which would melt the polar ice caps.

The Quests discovered his plan, and Jessie, using the power of the Aurora Borealis to appear as his daughter Karla, caused a distraction sufficient for a governmental strike team and Dr. Quest to disable the nukes, but Rage escaped swearing revenge (Future Rage).

Rage hid for some time before following through with his next plan. He first created a gathering place in the Himalayas, then secured a thermonuclear triple warhead; lastly, he seemingly acquired a mechanical right hand. He accosted a 2-mile deep exploration at Meteor Valley State Park, using the deep tunnel to lower the warhead into the earth. He set the timer at seven days and then evacuated to the Himalayan meeting place, announcing to the White House seven days later that the earth would soon end. Dr. Quest and Race scrambled to try and fix the problem, and Dr. Quest granted Johnny access to his time travel program, code named Rachel. Johnny and Jessie went seven days back to stop Rage from lowering the bomb into the earth's crust. Rage drove the bomb into the time portal and struggled with Johnny and Jessie; he then accidentally drove the bomb through a time portal leading to prehistory. It detonated, killing him and completing a casual loop (The Edge of Yesterday).

---

Me: Whoa man! Ezekiel Rage! I've heard about you! You were a government agent that became hellbent on destroying the planet for the deaths of your wife and daughter!

Ezekiel Rage: That is correct! May the death of the world be on each and every one of you!

Magma: We're not even on Earth right now!

Me: Yeah! You're on the planet Jupiter! What exactly do you plan to do here?

Ezekiel Rage: I'm going to destroy the planet by using this.

He opened the back of the Monstrous Machine and in it was a powerful nuclear warhead!

Me: What is that!?

Ezekiel Rage: This is a 45 quadrillion Gigaton Subatomic Nuclear Warhead and with it I'm going to ram this vehicle into the Earth and blow the entire planet Earth to dust!

We gasped in shock!

Nico: Rage you are a monster!

Me: I will not let you do that! Allie take the wheel!

Allie Wilde: Right!

I got out and jumped onto the top of the Monstrous Machine.

Me: You want to destroy the planet then you have to fight me first!

Ezekiel Rage: With pleasure!

He got onto the roof of the van.

Nico: Everyone attack the Monstrous Machine and we'll let J.D. handle Rage.

Eli: Right! Be careful bro!

El Diablo: Let's scratch the paint first!

He fired a blast of fire and burned the Monstrous Machine.

POW BLAM KROW BIFF!

I punched him in his face and he punched at me and we stood away. We screamed and roared and went at each other and engaged in a ferocious fight! We grabbed each other and I punched him in the face and kicked him in the stomach and he punched me in the face and I kicked her in the face and he kicked me in the stomach and I punched him in the stomach and he punched me in the face twice and I dodged his third strike and punched him in the face and he kicked at me and I dodged his strike and punched him in the face and kicked him in the stomach. He came at me and fired a bunch of laser blasts and I deflected them away and punched him in the face and kicked him in the chest and punched him in the face again! Rage got up and went at me and punched me in the face and kicked me in the stomach with devastating force and I rebounded and flew back at him and he kicked me in the stomach and I belched up a huge amount of blood. He grabbed me and threw me down and pile drove me and I belched up even more blood and it got on his face and he was screaming in pain as it burned him and I punched him in the face and kicked him and punched him in the face and Rage punched me in the face with devastating force and knocked out some of my teeth and I was thrown to the roof of the van and he jumped and just as he was about to smash my head in, I grabbed his foot and threw him down into the roof and I kicked him with devastating force and I grabbed his arm and broke it. Then he got up and punched and kicked me all over and I belched up a huge amount of blood.

Lincoln fired lightning blasts and electrocuted Rage all over.

Marah: You alright, J.D.?

Me: I'll be just fine.

I regenerated my wounds and wasn't the slightest bit fatigued.

I punched Rage all over and smashed him down!

Me: YOU CAN'T WIN RAGE!

Ezekiel Rage: EARTH WILL BE DESTROYED FOR ITS WICKEDNESS! SO SHALL IT BE IN THE BOOK OF RAGE!

Me: LIKE HELL IT WILL BE YOU MOTHERFUCKING ASSHOLE!

We went back to fighting! We were mercilessly thrashing each other and we weren't gonna give up until one of us dies! I punched Rage in the face with devastating force and he belched up a huge amount of blood and I kicked him in the stomach and punched him in the face! Rage then punched me in the stomach and kicked me in the face with devastating force and I belched up a huge amount of blood and I dealt him a deadly uppercut and kicked him in the face. Rage growled ferociously and punched me in the stomach and dealt me a deadly uppercut! But then I took out my sword and stabbed him right through his black heart!

Me: THIS IS FOR ALL THE PAIN AND SUFFERING YOU'VE CAUSED TO PLANET EARTH! GO BACK TO HELL AND STAY THERE YOU MOTHERFUCKING SICKENING PIECE OF FUCKING SHIT!

He fell off my sword as he died and fell into Jupiter's clouds and was obliterated in an instant.

King Shark: One monster down. One to go.

Me: Yep. Now to finish the Monstrous Machine for good!

I jumped back into my car.

Allie Wilde: You really destroyed Rage J.D.!

Me: We still have to destroy that bomb too.

Nico: Right! We have to send it out into space.

Troy: Time to fight speed with speed!

Megaforce Rangers: LEGENDARY RANGER MODE! RPM!

The Megaforce Rangers turned into the RPM Rangers!

Pain Yatta: Why don't you join us? If you do, I'll give you candy.

The Monstrous Machine roared in fury.

Nico: All right then be that way!

Nico fired energy blasts and blew its tires and it roared in pain.

We fired elemental and energy blasts at the Monstrous Machine.

Nico: Lets finish it with one blast!

Drillhorn, Isaribi, Donatello and Nosecone all used the Earth Cyber

Planet Keys and they enhanced Isaribi and Donatello's powers, Enhanced Drillhorn's Magma Bomber and Nosecone's X-Ray laser pistol 100-fold.

Drillhorn and Isaribi: MAGMA TSUNAMI BURST!

They fired waves of elements and they formed into massive blasts from said storms.

Lincoln and his harem: STORM FINAL SMASH: STORMING RASENSHURIKEN!

They fired a massive Rasenshuriken powered by the Storms at Monstrous Machine which carried the bad car and it went up into space and the Bomb detonated.

***EXTREMELY MASSIVE MEGA EXPLOSION!***

The Explosion was so massive, so powerful and so devastating that it shook the Solar System and it was massive. The explosion faded and the world was saved and more!

We cheered wildly.

Me: That's it for that.

Nico: Now it's time to finish the race.

?: And now, we've approached our final act.

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane

We saw six magical Brumal cores fly right past us, and circled around a figure flying in the air, who descended, and we saw who it was, it was Kuja, the powerful sorcerer and main antagonist of Final Fantasy IX.

Cloud Strife: Kuja, I should've known you'd show up here.

Eli: So, the powerful sorcerer who killed Garland long ago has finally arrived.

Kuja: That's correct, young Eli, and I'm honored to meet you, the one who got rid of the One-Winged Angel, Sephiroth, along with the legendary Team Loud Phoenix Storm.

Nico: Nicole, what can you tell us about Kuja?

Nicole Knudson: Trust me, Commander, he has a bit of a tragic history.

Nicole Knudson proceeded to tell us about Kuja, and as expected, he has a tragic history.

Kuja

Kuja is the main antagonist of Final Fantasy IX. He operates behind the scenes, at first working in Queen Brahne of Alexandria's shadow. He wishes to acquire the power of the eidolons to come to rule Gaia. He is a powerful sorcerer who rides a silver dragon.

Kuja speaks in metaphors, referring to Garnet as a "canary" and Brahne as "the elephant-lady". His refined nature juxtaposes his role as a sadistic war-bringer. Kuja loves luxury, as evidenced by his home at Desert Palace and spending time in the nobles' district in Treno.

## Profile

### Appearance

Kuja has silver hair that falls halfway down his back. At 24 years old, Kuja is the youngest main antagonist in the Final Fantasy series. He wears a large feather in his hair, has light-blue eyes and pale complexion, and is of medium height and light build. He wears white sleeves with a violet mantle around his shoulders. A white robe covers the back of his legs down to his ankles held up by four straps that act as a codpiece. He wears armored, dark purple boots, with golden buckles.

When in Trance, Kuja becomes covered in red fur and his clothes, which turn white, become tattered. He has a long furred tail in this form.

A concept art of Kuja as a nobleman exists, but he never dons this attire in-game. It appears as an alternate outfit in Dissidia Final Fantasy NT, however.

### Personality

Kuja is narcissistic in contrast to Zidane's humility. Kuja has an ego to match his power, and he lets his pride rule his head. Kuja once chose to let Zidane live even if he had a chance to kill him to prove himself superior. After discovering his destiny as a mortal, Kuja's cultured personality turns into insanity, believing life should not be allowed to continue without him. His descent into insanity and rebellion against Garland stem from the fear of oblivion, as Garland intended to discard Kuja's soul in favor of a new Genome. He is unfazed by being wounded, shown when being attacked by Bahamut.

Kuja uses his elegance to hide his insecurities, and deep down is conflicted over his existence. Kuja scorns the black mages he helped create, but also finds himself identifying with them. As explained in Final Fantasy IX Ultimania, Kuja never experienced childhood, and thus his emotional growth is stunted and he cannot use Trance. Kuja is thus initially unable to empathize with others or feel remorse for his actions. It appears that learning of his fate as a mortal and rebelling against this destiny allows Kuja to grow, as after losing his fight he comes to see at least some of the repercussions of his actions and to regret them.

In the Japanese versions of Final Fantasy IX and Dissidia, Kuja refers to himself with the boyish pronoun boku and addresses others with the familiar/informal kimi.

## Abilities

Kuja is an exceptional mage. He knows the technology to manufacture black mages from Mist, and even with no outside help can summon Mistodons. He can control monsters as well as an army of Silver Dragons led by the Nova Dragon. He also commands the monster Deathguise that attacks Zidane's party in the Crystal World.

Kuja is largely immune to injury; even Bahamut's attack barely draws blood from him. Even when not in Trance he can cast the powerful Flare Star. After entering Trance Kuja's power increases dramatically. He knows the strongest spells including Curaga, Holy, Flare and Flare Star. He destroys Terra with Ultima, and uses it as a final attack when on the verge of defeat.

## Story

### Creation

Kuja is a Genome created by the ruler of the dead planet of Terra, Garland, in 1776. Garland's ultimate plan is for Terra to assimilate the planet of Gaia via replacing the Gaian souls with Terran ones. To accelerate the process Garland created Kuja and sent him to Gaia to incite war so Gaian souls would be replaced faster. However, Garland initially deemed Kuja a failure. According to the Final Fantasy IX Ultimania, Kuja was created as he is and never experienced a childhood. Thus he never developed full human emotions and would never be able to enter Trance, the world's ultimate power.

A strong mind of his own with no feelings of remorse or conscience was a dangerous mix, perfect for inciting war but difficult for Garland to harness. Garland thus placed a limit on Kuja's lifespan and created another Genome who would be different from Kuja from the outset: Zidane was created as a child able to learn and grow, and thus develop the ability for complex emotions needed to enter Trance, making him superior to Kuja.

While Garland never told him, Kuja was only a temporary Angel of Death meant to kill people on Gaia until Garland could perfect the true Angel of Death: Zidane. Kuja felt threatened by the new Genome and kidnapped him and abandoned him on Gaia. Garland continued using Kuja while a third Angel of Death, Mikoto, was eventually created, but outraged at Kuja's behavior, Garland banished Kuja from returning to Terra. Kuja, defiant of his master, made his home in the Desert Palace instead, though he frequents Treno and is known there as a nobleman.

## Scheming against Garland

According to the Final Fantasy IX Ultimania, Kuja destroyed Madain Sari on Garland's instructions. Garland, fearful that the summoners' power to call forth the magical eidolons would come between him and his plans, wanted to eradicate the practice from Gaia. Kuja grew curious about these mythical beasts his master so feared, and came to pursue them himself.

The strongest eidolon in human memory, Alexander, was summoned only once 500 years ago. After being deemed dangerous its summoning gem was split up in four fragments so it may never be summoned again and distributed between the kingdoms of the Mist Continent.

It sounded perfect to Kuja who was scheming towards his own goals and only appeared loyal to Garland on the surface. Kuja knows if Garland's plan to fuse the planets was to succeed his role as the Angel of Death would end and his soul would no longer be his own as Garland would want to turn him into a regular Genome, a mere soul vessel. Kuja decided he had found the perfect weapon to overthrow Garland and become the master of both Terra and Gaia. With this idea in mind, Kuja began to pursue Alexander's crystal shards.

## Fostering war

In early 1799, Kuja becomes a weapons supplier to Queen Brahne so she can conquer the neighboring nations of Burmecia and Lindblum and capture their crystal shards. The weapons Kuja supplies are the black mages, soulless golems who wield powerful magic. It is hinted Kuja knows how Genomes are manufactured and used this knowledge in the production of the black mages.

Kuja kidnapped Hildagarde Fabool in July 1799, a noblewoman from the nation of Lindblum, who had taken a prototype airship from Lindblum named after her that flies on advanced technology, the Hilda Garde. Kuja kept Hilda captive and, in need of an audience to fuel his narcissism, told her of his plans to conquer Terra an Gaia while taking the airship for himself.

Kuja is at the auction house in Treno, observing the auctions from a balcony, and afterward speaks with the auctioneer of his plan to head to Burmecia. Burmecia is conquered, and Zidane-now a thief living in Gaia with no knowledge of his origins-sets out on a quest to find out what is happening alongside his friend, a Burmecian Freya Crescent, and a sentient black mage, Vivi Ornitier, as well as possibly a Qu gourmand, Quina Quen. The four arrive too late to defend the kingdom and are defeated by General Beatrix of Alexandria. Kuja observes Zidane before boarding his dragon and departing the site.

Brahne, under Kuja's advice, extracts her daughter's eidolons while Garnet is under a sleeping spell. Brahne summons Odin to destroy the Burmecian survivors at Cleyra and to capture Cleyra's crystal shard. Zidane and his allies sneak aboard Brahne's airship and teleport to Alexandria Castle.

Zidane and his friends rescue Garnet, who learns of her roots as a summoner. The group splits with Zidane, Garnet, and Vivi returning to Lindblum, only to witness Brahne conquer it with Atomos and her army of black mages. The surrendered Regent Cid tells Zidane's party about Kuja's role as Brahne's weapons supplier, and the three turn their attention to defeating him and cutting off Brahne's supply of black mages. Armed with the knowledge that Kuja came from the north, they set out to the Outer Continent.

Zidane, Vivi, and Garnet track Kuja, following leads to the Black Mage Village and the summoners' ruined village of Madain Sari, recruiting Quina, Eiko Carol, and Amarant Coral along the journey. The group continues to the Iifa Tree, a gigantic tree that assists in filtering the Gaian and Terran souls-the Mist that Kuja uses to create the black mages is a by-product of this process. The party kills Soulcage, stopping the flow of Mist, but Kuja arrives on his dragon and tells them he no longer cares.

Brahne's fleet arrives, and Brahne, deeming she no longer needs him, attacks Kuja. Kuja survives Brahne's onslaught and she summons Bahamut. Kuja enslaves Bahamut by calling forth the Invincible, a Terran airship able to house souls, and kills the queen by destroying her fleet.

Garnet is crowned the new queen and Kuja returns to Alexandria intent on killing her with his new eidolon. Kuja summons Bahamut and commands it to destroy the kingdom. Garnet and Eiko rush to Alexandria Castle's turrets and call forth the eidolon guardian of Alexandria, Alexander, by bringing the four crystal fragments together.

Alexander destroys Bahamut and Kuja attempts to enslave the former by calling the Invincible. Garland has learned of Kuja's rebellion and commands the Invincible to destroy both Alexander and Alexandria, frustrating Kuja, and leaving him without an eidolon to manipulate. Kuja vows he will find an eidolon even stronger than Alexander and departs.

Zidane and his allies return to Lindblum where Cid tells them Kuja has been spotted in control of his Hilda Garde airship, and has recruited the sentient black mages from the Black Mage Village. They use Cid's sailing ship, the Blue Narciss, to return to the Outer Continent and find Kuja's Desert Palace. Kuja captures the group, and tells Zidane he will release his friends if he retrieves an artifact for him, sending Zidane to Oeilvert with three friends of his choosing.

While Zidane is at Oeilvert Kuja attempts to kill his companions who were left behind. They narrowly escape, but Zidane returns before Kuja finds the escapees and hands over the Gulug Stone. Kuja escapes with Eiko, and Zidane follows him to Mount Gulug where Kuja commands Zorn and Thorn, Brahne's jesters that now work for him, to extract Eiko's eidolons, but the attempt fails because she is too young.

Eiko's pet moogle Mog enters Trance, unleashing her true power as the eidolon Madeen. Kuja realizes that to enter Trance one needs to experience a surge of powerful emotions, and formulates a new plan. He decides he doesn't need an eidolon to fight Garland after all; he simply needs to enter Trance.

## Return to Terra

Kuja loses all his allies when the black mages realize he had tricked them and return to their village. Zorn and Thorn were killed by Zidane's party, who have rescued Hilda and taken back the airship Hilda Garde. With help from Hilda Zidane and his companions open the path to Terra. Zidane meets Garland who reveals his and Kuja's past, claiming Kuja is in denial of his existence as a Genome.

Garland attempts to take Zidane's soul and turn him into an ordinary Genome when Zidane defies his plans. He survives and Zidane and his allies attack Garland. A weakened Garland is usurped by Kuja who has returned to Terra on his Silver Dragon and taken control of the Invincible.

Kuja enters a Trance and crushes Zidane and his friends with Ultima. Perhaps because Kuja is a Genome, a being designed as a vessel for souls, he has been able to be empowered by the captive souls on the Invincible, including the soul of Queen Brahne; her feelings of greed, hatred, and jealousy were the emotional surges Kuja needed to enter such a powerful Trance. Kuja kicks Garland off the precipice of Castle Pandemonium and declares he will rule both Gaia and Terra.

Garland's spirit lingers and speaks to Kuja, telling him he was created to last only until the real Angel of Death, Zidane, reached maturity. Kuja realizes he is but a temporary pawn, much like the black mages he so despises. The revelation of his impending death drives Kuja mad, and he declares he won't let the world exist without him.

Mortality realized

Kuja destroys Terra with a barrage of Ultima spells and returns to Gaia. Zidane and his friends escape on the Invincible along with the other Genomes they saved. They find Gaia covered in Mist and surmise Kuja is at the Iifa Tree. With the help of Beatrix commanding an alliance of the survivors of the Mist Continent's kingdoms, Zidane and his friends penetrate the barrier into Memoria, a world made manifest of the planet's memories. Guided by Garland's spirit, they travel deeper into Memoria and travel back in time to the origin of the universe, the Crystal World.

In the Crystal World they find Kuja at the Crystal, the source of all life. Kuja summons Deathguise who is summarily destroyed. Kuja engages Zidane's party himself, and upon his defeat casts Ultima, defeating them. Zidane and his friends appear in the Hill of Despair and encounter Necron, a being summoned by Kuja's fear of death to destroy all life and save it from the suffering of existence. Necron is defeated, and life is allowed to continue.

Kuja, who has lost his Trance, uses the last of his powers to teleport Zidane and his friends outside the Iifa Tree. Zidane stays behind to rescue him as the tree's trunk and roots start to collapse. A weakened Kuja is full of self-loath and regret, but is glad to hear Zidane's friends have escaped unharmed. As Kuja's body goes limp, the tree's interior collapses and Zidane protects the former as flailing roots converge on them. Mikoto, the third Angel of Death Garland had created, later tells Kuja in spirit how he taught the Genomes they can be more than mindless vessels and has given them hope for the future.

When Nicole Knudson was finished, we were indeed shocked that Kuja has a very tragic history.

Me: Whoa, this is pretty heavy.

Nico: You said it, Colonel. Kuja has a pretty tragic history, and it really hit home when we found out that he didn't have a purpose in life.

Lincoln: You said it, Commander. That really hit deep.

But, out of all of us, none was more shocked than Gumball Watterson. When he looked at Kuja, he'd seen what could've happened to him if some of his friends, his mother, and Darwin weren't with him.

Gumball Watterson: Kuja.

Suddenly, Gumball Watterson's black eyes had turned to neon light blue, and he was surrounded by a light blue energy aura with magic and elemental forces surrounding him, and as he approached Kuja, he left light blue energy, magic, and elemental forces with every step.

Gumball Watterson: Kuja, what happened to you long ago was indeed tragic. I know that you didn't have a purpose in life when you were created by Garland, but I'm going to show you that you can still have a purpose in life, and prove that you do have a choice.

Then, Gumball Watterson was surrounded by a massive vortex of light blue energy with magic and elemental forces surrounding it, there was a light blue fenghuang phoenix flying around the vortex, and in the vortex is a gold phoenix. Then, as the vortex faded, Gumball Watterson emerged, but he was changed forever.

(IMPERATRIX MUNDI 1:45 TO 2:14)

Gumball Watterson grew to 7'0" in height, he now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, he has neon light blue eyes and a light blue energy aura with magic, elemental forces, and fenghuang phoenixes surrounding him, he now has a tuft of long blue hair on his head and going down to the bottom of his neck, and his tail has gotten longer, he has a fenghuang phoenix with the Magic Kanji emblazoned on his forehead, he has on a pair of silver cat head earrings with blue tassels on them and a fur collar studded with three blue gems and on it are hanging rows of black pearls. He has on a pair of white gloves with armored claws, green shirt with the Yin-Yang symbol and engravings on it, a long white fabric around his waist with a Yin-Yang symbol on it and gold tassels hanging from it, long blue pants, and no shoes, and long blue coat with a high collar and seven long curved coattails and on the back is a fenghuang phoenix. Gumball has massive blue angel wings with gold tips on the large blue feathers.

Gumball Watterson now has two large levitating sapphire blue globes called Globes of The Mystic, a pair of large levitating light blue globes decorated with gold markings and embedded blue gems, and a small levitating sapphire blue sorcerer's orb on his left side. In the sleeves of the long blue coat, Gumball has on his new large cuff Bracelets of the Champions of The Universe with blue gems on his wrists, Belt of Elemental Bravery with a large blue gem with a Yin-Yang symbol inside it for the belt buckle on his waist, and Eater of Sins revolver holstered on his left hip. There's a gold kanji below the fenghuang phoenix that said, "Gumball Watterson, Former Resident of Elmore Now Resident of Gotham Royal York, Brother of Darwin and Anais Watterson, Son of Nicole and Richard Watterson, Slayer of Evil, Foiler of Dr. Wrecker's Evil Schemes, Loving Boyfriend of Penny Fitzgerald, and Master of Magic, Elemental Forces, and Fenghuang Phoenixes."

ガンボール・ワターソン、エルモアの元居住者、現在はゴッサム・ロイヤル・ヨークの居住者、ダーウィンとアナイス・ワタソンの兄弟、ニコルとリチャード・ワタソンの息子、悪の殺し屋、レッカー博士の悪の計画のフォイラー、ペニー・フィッツジェラルドの愛するボーイフレンド、そして魔法のマスター、エレメンタルフォース、およびフェンファンフェニックス

Gumball Watterson has transformed into SUPER ANGEL 750,000,000,000 SAPPHIRE FENGHUANG MAGICSTORM ELEMENTAL FELINE ANGEL OF JUSTICE AND HOPE!

We were amazed by Gumball Watterson's Super Angel 750,000,000,000 transformation, but when Kuja saw it, he maintained his composure.

Me: Whoa, Gumball's transformed.

Nico: You said it, Colonel. But, I can't help but get the feeling that whatever Gumball has planned, it's not going to end in him killing Kuja.

Gumball Watterson: (Divine Echoing Cosmic Voice of Elemental Magic and Hope) Alright, Kuja, time for the grand finale.

Dissidia Final Fantasy NT OST: The Darkness of Eternity - Kuja's Theme

Kuja: I shall make this my greatest performance.

Gumball went at Kuja, who fired his Brumal Cores, but Gumball dodged them, and he fired powerful blasts of sapphire blue energy, magic, elemental forces, and fenghuang phoenixes at Kuja, which had exploded with incredible power. Then, he attacked with the globes spinning around him by performing turns, and he performed an airborne ballerina spin with the two globes spinning around him, and the globes hit Kuja. He also fired blue laser blasts from the Globes of the Mystic and the small sapphire blue sorcerer's orb, which also hits Kuja. Then, Kuja transformed into his Trance form, and continued to fight Gumball, but Gumball kept dodging the attacks, and counterattacked. Then, Gumball used Kuja's Brumal Cores against him, and fired them at him, and knocked him down, and it caused Kuja to change back to normal. Gumball powered down, and his new body, clothes, weapons, jewelry, and angel wings are permanent.

Kuja: So, it's finally over. Go ahead and finish it, I've been defeated by life itself.

But, Gumball walked up to him, and he kneeled down to face Kuja.

Gumball Watterson: No, Kuja. When Nicole Knudson told us of your tragic history, we were shocked at what happened to you. But, believe me when I tell you this, though you were created by Garland and you weren't given a normal life, you can still have a chance to have a life of your own, and be a force for good, instead of evil. When I looked into your eyes, I know what I saw: I was just like you long ago, I was hated by practically everyone back in Elmore, but it's because of some of my friends and my family that I didn't give into despair. But, you don't have to be like that, Kuja, because you now have something that no villain does have: (Extends his hand) a friend.

Suddenly, something in Gumball's words reached Kuja deep into his heart, and this caused something to break through the insecurities Kuja had in him, and tears appeared in his eyes, as he took those words into heart.

Kuja: Yes, you're right. Now, I finally realize the truth, I was chained by my fear of death, and I was afraid of dying, and I was created as a soulless vessel by Garland. But, I don't want to be like this, not anymore.

Kuja then took Gumball's hand, and they got up.

Kuja: Thank you, Gumball Watterson.

Then, Gumball hugged Kuja, and he returned it, and when we saw what Gumball did, we were really amazed at what he did.

Lincoln: (Smiles) I'm proud of you, Gumball.

Me: (Smiles) We all are, big guy.

Nico: (Smiles) That was so awesome.

Nicole, Darwin, and some of Gumball's friends all had tears in their eyes and a smile on their face. We then got back into our cars to finish the race, and Kuja was then made a member of The Redemption Squad, because of Gumball's actions, and we were proud of him for not killing Kuja.

We then went to finish the race and Me, Allie, Rainbow Dash, Scootaloo, Laney, Eli and Sailor Jupiter won! We went to the winners circle.

Abis Mal: Thank you! Don't send flowers. Just money!

Me, Allie, Rainbow Dash, Scootaloo, Laney, Eli and Sailor Jupiter were given trophies that looked like the planet Jupiter and it had a spaceship racing around it and it was awesome.

Me: Awesome victory!

Rainbow Dash: YEAH! This was AWESOME!

Scootaloo: Yeah it was!

Me: Yep. And we've seen the last of Ezekiel Rage.

Laney: Good riddance. I was expecting one of the Twisted Princesses in this one but Ezekiel Rage is good.

Nico: Yeah. But great job everyone. Lets head back to Earth and celebrate.

We cheered.

---

We were having a great victory meal at the Melting Bun of Lynn's Table and it was one CHEESY and awesome victory. Then Skulker, Cantwell, Pete, Onyx, Mole Man, Trickster, Melter, Titanium Toenail, Artie Ziff and Mr. Fizz appeared.

Nico: Skulker, Cantwell, Pete, Onyx, Mole Man, Trickster, Melter, Titanium Toenail, Artie Ziff and Mr. Fizz.

Skulker: We heard you guys fought the Monstrous Machine.

William: We sure did.

Me: And Ezekiel Rage.

Titanium Toenail: WHOA! I've heard of him! He was a monster that was out to destroy the planet because he thought the world murdered his wife and daughter.

Me: Yep that's right. But the Monstrous Machine was a monster we faced before when we faced the Goblin King.

Cantwell: We'll bring it back into our ranks right away.

Pete: Without the bomb.

Me: Good.

Onyx: (to me) We heard you fought the Thing again.

Me: We sure did.

Mole Man: Was it easier to defeat this time?

Me: Yep and we cured the people it infected and saved Bennings, Palmer, Norris and Blair from it.

Mole Man: WHOA! How did you do that?

Me: I used my magic to separate the creature from them.

Mole Man: Amazing!

Me: Yep.

Dragonflay then appeared for round 2.

Nico: Dragonflay. Here for round 2?

Dragonflay: Yep.

Nico: Awesome.

Dragonflay: I wish I could've participated in the race. But I hope it was still good.

Me: It sure was good. We got to see all of Jupiter and we even saw the Jupiter Prison.

Nico: It was awesome.

We got the battles underway.

Onyx was next.

Onyx: (to Clay) Thank goodness Tina isn't like the Thing in General. Her powers are actually more stable.

Clay Bailey: That is really something. I wonder how Tina was able to become like that.

Applejack: Boy that is a good question. We've seen the Thing and what it can do and we know that it was a monster.

Apple Bloom: It sure was and it was scary.

Big Mac: Eeyup.

Rockhoof: (Scottish Accent) Aye. It sure was a scary monster lads.

Flashwing: My guess is that she was exposed to the Thing a while back probably at the Norwegian Camp and she ran away and got to Outpost 31 and she knew so much about our adventures from Mac and she somehow reigned in the powers of her Thing powers with the strength of her will.

Static Shock: That could be it.

Gear: Just what I was thinking.

Carmen: We'll have to have Dragonflay ask how that happened.

Maria: Yeah that's a good idea.

Ario: I agree.

Onyx: I'm glad. Lets do it!

They fired waves of energy, earth, rock, apples and crystal and smashed him down.

Clay: YEEHAW!

Applejack: YEEHAW! That was great!

Mole Man: (To Martian Manhunter) Tina Terishkovanaya is amazing with those incredible shapeshifting powers. She would make a really awesome infiltrator and spy.

Martian Manhunter: Her powers with the abilities of the Thing would make her a most amazing and gifted individual.

Sailor Mars: I agree. She would make an awesome spy for us to get inside information and because it's a perfect shapeshifting power no one can be able to tell the difference.

Sunset Shimmer: That is so awesome. Thank goodness that Kate didn't torch her because of everything that happened to her.

Pip-Squeak: (British Accent) That is a good thing. Tina is really cool too.

Pepperdance: (Cajun Accent) Ooowee! That is so awesome and cool.

Firecracker Burst: And she has the powers and abilities of over 10,000,000 aliens at her disposal and she can turn into anyone and anything. So awesome.

Cayenne: That is really cool.

Gusty: I think it's awesome and really cool.

Sunburn: Boy it sure is. The Thing killed everyone in Thule Station except for Kate and everyone in Outpost 31 lived thanks to J.D.

Johnny Test: That was really scary though.

Dukey: It sure was.

Susan Test: You aren't kidding.

Mary Test: Yep. So scary.

Georgina: Yeah no kidding.

Mole Man: Indeed. Lets do it!

They fired waves of fire and energy and smashed him down.

Martian Manhunter: That was most fun.

Sunset Shimmer: That was amazing!

Trickster: (To Raimundo) Cornelia was awesome transforming against the Xenomorphs on planet LV-426. Those merciless monsters had it coming!

Raimundo: You got that right amigo! The Xenomorphs were ugly and horrifying!

Starlight Glimmer: You got that right! Cornelia was really awesome against them. Megan is one lucky girl to have an amazing friend like her.

Cozy Glow: Boy I agree with you there.

Trixie Lulamoon: Megan and Cornelia are like awesome sisters and they have known each other since they met on a chat room. So awesome.

Clover: It sure is. And when they joined the team they had so many awesome adventures with us too.

Hex: They sure did and it was awesome.

Maya Kona: That was so awesome how Cornelia transformed and that Megan and Cornelia know each other that strongly both apart and then together.

Lily: That is awesome. And also Cornelia has the leader of the rebels that helped bring down Phobos as her boyfriend.

Girl Jordan: Caleb is awesome.

Ronnie Anne: You got that right.

Stewie: He is most amazing.

Trickster: It sure was. Lets do it!

They fired waves of wind, stars, magic, bones and lightning and smashed him down.

Raimundo: ALL RIGHT!

Starlight Glimmer: That was amazing!

## Aquaman, Fluttershy, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Luan, Eddy, Girl Jordan, Sydney, Gus Garv and Tricloid VS Melter - 2 horrifying rescues and 1 awesome race

---

Melter was next.

Melter: (to Aquaman) You guys had 2 horrifying rescues and 1 awesome race. If you know what I'm talking about.

Aquaman: Yes I know what you mean and they were scary rescues. The Thing and the Xenomorphs were 2 horrifying monsters.

Fluttershy: They sure were and they were scary above all others.

Tornado Bolt: They most sure were.

Mage Meadowbrook: Yeah no kidding. But at least they are gone for good.

Stealth Elf: They were both Super Hakaied forever.

Luan: Yeah good riddance.

Eddy: Thank goodness for that too.

Girl Jordan: Yeah thank goodness.

Sydney: No kidding there.

Melter: I agree. But it was awesome how you all took them down and had an amazing race. Lets do it!

They fired waves of leaves, flowers, grass and fruit and smashed him down.

Chazz Princeton, Pinkie Pie, Featherweight, Maud Pie, Marble Pie, Somnambula, Tech Skylanders, Crimson Chin, Timmy Turner, Golden Locks, Robin, Magma, and Yagura VS Titanium Toenail - Amazing that the Penguins know that pigeon

---

Titanium Toenail was next.

Titanium Toenail: (to Chazz) Amazing that the Penguins know that pigeon. Looks like Alex and his friends aren't the only animals they know.

Chazz: You got that right and Frankie the pigeon was one stupid bird! I can't believe he was gonna drop one on Stella!

Pinkie Pie: Now I see why Lisa Simpson is not very fond of pigeons.

Featherweight: She calls them rats with wings.

Maud Pie: (Monotonously) I may not be into pigeons but they are strange birds.

Marble Pie: I think Lily has a fear of pigeons too.

Somnambula: (Egyptian Accent) I wonder how she got that.

Sprocket: Oh because a pigeon knocked over her sundae at an ice cream shop and she developed a fear called Ornithophobia but it's mostly around pigeons.

Crimson Chin: That explains why she doesn't like Sancho.

Golden Locks: Poor girl.

Timmy Turner: Poor Lily. But at least she got her sundae.

Robin: Made by everyone with Flip's groceries.

Titanium Toenail: And I heard he had a second wisdom tooth removal surgery. Is that even possible?

Chazz: That's what J.D. said himself. Really unusual.

Titanium Toenail: Yeah that is strange. (To Rita) Ms. Rita is it possible to have more wisdom teeth?

Rita: Yes it is possible. The term for that is called Supernumerary teeth and that means you have more than one set of wisdom teeth.

Titanium Toenail: That is interesting.

Chazz: I didn't know about that. That is really strange. I'll be right back.

Chazz went over to Flip.

Flip: What are you going to do to me Chazz?

Chazz: Just look inside your mouth.

Chazz put on a mask and looked inside his mouth and sure enough he saw 8 holes where his 2 sets of wisdom teeth were pulled out! GEEZ!

Chazz: WHOA! Flip I didn't know you were able to have 2 sets of Wisdom Teeth.

Flip: Yeah that's crazy huh? I'm one of the strange ones.

Chazz: No kidding. Thanks for your time.

Flip: You're welcome.

Chazz went back to the battle.

Chazz: You weren't kidding Ms. Rita. Flip is one of the lucky ones to have more than one set of 4 Wisdom Teeth.

Rita: Yep.

Titanium Toenail: That is crazy. Lets do it!

They fired waves of metal, gears, lightning and fire and smashed him down.

Chazz: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

Leon, Princess Luna, Moondust, Snowdrop, Children of The Night, Ink Rose, Moonlight Raven, Dark Skylanders, Homer, Bart, Lisa, Moe, Lenny, Carl, Barney, Poromon, 3 Stooges, Marah and Kapri VS Artie Ziff - Stella really was saved by Poromon and he is gonna be in for a huge bath

---

Artie Ziff was next.

Artie Ziff: (to Leon) Stella really was saved by Poromon. But he's gonna be in for a huge bath.

Leon: You got that right. But I think Frankie the Pigeon is probably going to think twice about messing with Poromon now that he has the Penguins with him to help him out.

Princess Luna: That was a big save from Poromon and he saved Stella.

Moondust: He sure did.

Snowdrop: Poromon is an amazing hero.

Gari: Yep he sure is. So awesome.

Ink Rose: That was one funny battle with Frankie.

Moonlight Raven: Yeah it sure was.

Blackout: It sure was funny.

Homer: That stupid pigeon! He should have been stuffed and grilled! (Laughs) That's funny.

Bart: Yeah he was worse than Homer when he takes a dump!

Homer: WHY YOU LITTLE!? (STRANGLES BART!)

Leon took out a stun gun and zapped Homer.

Leon: Drop him Homer!

Homer: Sorry.

Lisa Simpson: I may not like pigeons but they are crazy birds.

Moe (Simpsons): They don't like drinking beer do they?

Lenny: I don't think so Moe.

Carl: That would be crazy if they did.

Barney Gumble: Yeah they would not like a good beer. (BELCH!)

Poromon: But yeah I will need a huge bath after today.

Moe Howard: That's true.

Curly: Yeah he smells worse than Moe on a bad day. Nyuk nyuk nyuk nyuk nyuk.

HONK BOOF BONK POINK!

Moe honked Curly on his nose, boofed his stomach, bonked him on the head and poked his eyes.

Larry Fine: Hey leave him alone!

Moe: Butt out of this you chowderhead!

SLAP!

He slapped him across his face.

Everyone laughed.

Artie Ziff: (Laughs) That is always so funny!

Leon: They still got it even after 75 years.

Artie Ziff: Yep. Lets do it!

They fired waves of darkness and energy and smashed him down.

Leon: That was awesome!

Princess Luna: A true victory of the night!

## J.D. Knudson, Elyon, Megan, Matt, Lillian, Cassidy, Halinor, Yan Lin, Kadma, Nerissa, Numbuh 2, Pain Yatta and Krankcase VS Mr. Fizz - I took one helluva nasty beating against Ezekiel Rage and it was awesome how I faced him

---

Mr. Fizz was next.

Mr. Fizz: (to Gwen) J.D. took one helluva nasty beating against Ezekiel Rage. But it was still awesome how he faced him.

Gwen Tennyson: Yes it sure was and the more that Rage beat him up like that the stronger he got. I wonder how that was possible.

Princess Celestia: That is probably one of Majin Buu's powers. The more beatings he took the stronger he got.

Minuette: That is really awesome. No wonder he gave the Z-Fighters a really hard time.

Twinkleshine: No kidding. That was a wicked and devastating battle that they went through.

Lemon Hearts: It sure was. Wow.

Moondancer: But at least that was another one of Jonny Quest's major enemies destroyed.

Mr. Fizz: Which enemies of Jonny Quest and the Quest team did we take down?

Lyra Heartstrings: Lets see, we faced Jeremiah Surd, Dr. Zin, Vostok, Elise Lenoir, Dr. Salazar and now Ezekiel Rage. Natilee took down Salazar on the team"s global vacation from what I heard.

Sunset Shimmer: I heard that he was going to destroy the world with a deadly and ancient plague from the Malenque.

Twilight Sparkle: That was crazy and terrible.

Spotlight: It sure was. We have officially dealt with ALL of the Quest

Team's major enemies.

Will: We sure did and they are all either in jail or dead.

Irma: Thank goodness. They deserve to be dead or in jail for their crimes.

Taranee: They sure do. I'm glad they are all gone.

Cornelia: I agree with you there. They had it coming.

Hay Lin: I'm glad that they had it coming.

Me: You got that right girls. And yes we have officially taken down all of the Quest Team's major and most dangerous enemies. They put up one helluva dangerous and deadly challenge for all of us.

Elyon: Boy they sure have. I hope they like the darkness of oblivion for eternity. But also I heard from Jonny that Ezekiel Rage came back more and more and more.

Megan: That's right. But this time we made sure he would never come back after J.D. super hakaied him.

Matt Olsen: Good riddance to bad rubbish.

Lillian Hale: You got that right.

Cassidy: He sure had it coming.

Halinor: All of the Quest Team's enemies had it coming.

Yan Lin: They sure did. Good riddance.

Kadma: I agree there.

Nerissa: Yeah they sure have had it coming.

Numbuh 2: Yep they sure have.

Mr. Fizz: Wow! That is amazing and intense. Lets do it!

Will: Here we go! GUARDIANS UNITE!

We glowed in rainbow balls of energy we turned into our Guardian forms and Matt turned into Shagon!

Will: (ENERGY SURGE) THE HEART!

Irma: (WATER SPLASH) WATER!

Taranee: (FIRE SWIRL) FIRE!

Cornelia: (LEAVES GROW) EARTH!

Hay Lin: (WIND BLOWS) AIR!

Nerissa: (ENERGY SURGES) NERISSA! GUARDIAN OF THE HEART!

We were ready!

Mr. Fizz: We haven't seen you do that in a while.

Me: I know. It feels like forever. If we use these powers against a bad guy, I'll have to see how my newest transformation affected it.

Mr. Fizz: That will be interesting to see.

We fired waves of elements and magic and light and smashed him down.

Gwen Tennyson: ALL RIGHT!

Princess Celestia: That was so awesome!

---

Megaforce Rangers, Laney, Nico, Eli, Lola and Tina Terishkovanaya VS Dragonflay

---

Dragonflay was next.

Nico: This will be awesome.

Nico teleported and opened Dragonflay's safe and in it was a bunch of swords called the Destroyers of The Shinra Company, they're large swords with the anti-Shinra Company symbol etched onto the 6'5" massive, wide, double-edged blades, large silver angel wings for the crossguards, large gems for the hilts, longer black handles, and large silver faceted sphere pommels with surrounding gems. Once in hand, they'll get a massive power and energy increase.

Nico teleported back.

Dragonflay: Awesome. Tina how did you get the powers of the Thing like that?

Tina Terishkovanaya: It was because I was bitten by the Thing. I was originally from a Russian Research station and I don't know how to explain it but it was because of the Thing in the form of a man with black hair and he had this split face and chest with teeth and tentacles coming out of it.

Nico: That was Griggs!

Tina Terishkovanaya: I had a feeling that's who it was.

She showed a bite mark from the Griggs-Thing on her arm. OUCH!

It looked more like a shark bite!

Nico: GEEZ! That is one nasty bite!

Lola: OUCH!

Tina Terishkovanaya: Yeah it REALLY hurt. I ran away from the station and I got to Outpost 31 safely. I started feeling the changes of the Thing and it took intensely strong sheer will power and concentration to reign in the power of a creature with over 10,000,000 aliens in it and I became the first ever Human-Thing Hybrid in history. I now have amazing shapeshifting powers and I can turn into anything and anyone. Watch.

She turned into a husky, a crocodile, a lion, a sheep, a bird, a mouse and then an elephant. Then she reverted back. She then turned into many people. She turned into many people of different appearances and then back to normal.

Dragonflay: WHOA! That is amazing!

Nico: WOW! That is amazing! Tina you definitely would make an amazing spy and infiltrator in the world of espionage.

Tina Terishkovanaya: I sure would.

Troy Burrows: That is really amazing.

Emma: Yeah it sure is. And no one would even suspect a thing.

Gia: They sure wouldn't.

Laney: That is awesome.

Nico: Yep. Now we can get it on.

Megaforce Rangers: IT'S MORPHIN TIME! GO GO MEGAFORCE!

They transformed!

Troy Burrows: FURY OF THE DRAGON! MEGAFORCE RED!

Emma: FLAMES OF THE PHOENIX! MEGAFORCE PINK!

Jake Holling: VENOM OF THE SNAKE! MEGAFORCE BLACK!

Gia: CLAW OF THE TIGER! MEGAFORCE YELLOW!

Noah: BITE OF THE SHARK! MEGAFORCE BLUE!

Troy Burrows: EARTH'S DEFENDERS NEVER SURRENDER!

All: POWER RANGERS MEGAFORCE!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion erupted out from behind them and the Megaforce Symbol appeared in it and they were ready!

Nico: AWESOME!

Troy: Lets bring them together!

The Megaforce Rangers formed the Megaforce Blaster!

All: MEGAFORCE BLASTER!

Troy and Emma: SKY POWER! ENERGIZE!

Gia and Jake: LAND POWER! ENERGIZE!

Noah: SEA POWER! ENERGIZE!

The blaster was charged up!

Nico: LETS GET HIM!

Tina Terishkovanaya: The Thing did more than just give me shapeshifting powers. Watch this one!

Tina fired a massive blast of lightning from her hand and it hit Dragonflay and electrocuted him all over.

Nico: WHOA!

Eli: That was awesome!

Lola: So awesome!

Tina Terishkovanaya: Many more where that came from.

Nico: Lets do it!

They fired waves of lightning and elements.

Megaforce Rangers: DYNAMIC VICTORY BLAST!

They fired a blast of energy from the blaster and the blasts al hit Dragonflay and he exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: YEAH! Dragonflay, you have failed this city again.

Troy Burrows: Rangers that's a Mega Win.

Tina Terishkovanova: That was awesome!

---

We regrouped and cheered wildly.

Trickster: (to me, Allie, Rainbow Dash, Scootaloo, Laney, Eli and Sailor Jupiter) Congratulations for winning the race, guys!

Eli: Thanks, Mole Man.

Me: That was an awesome race.

Melter: So, what now?

Poromon: Now? We bid farewell, to the bravest article of clothing I'll ever know.

Titanium Toenail: (sniffles) Well done suit!

Poromon's "pigeon-proof" vest is see tied to the nosecone of a rocket. Which is loaded onto a wagon, awaiting to be launched by

Rico.

Rico sniffles, but quickly regains his composure and activates the rocket, which fires into the air as we salute to it. As it is launched, Frankie and some other Pigeons in his cell are seen pacing. Frankie and his pigeon buddies were sent to the Animal Alcatraz for REALLY HORRIBLE Criminal Animals.

Frankie: What? You hear that?

Frankie looks out his prison window and see the rocket heading towards him.

Frankie: No! NO! NOOOOOOOOOOOOO!

A splattering noise is heard and some pigeon feathers are seen falling from the sky.

Frankie: (disgusted) Aw man! Any of you guys know how to get blueberries out of feathers?!

Artie Ziff: (laughs) Serves him right!

Poliwag: Now that's what I call "Poo-etic" Justice! (laughs) See what I did? I played with a word!

Mr. Fizz: Yes we're all enjoying your toilet humor, Poliwag. Real classy…

Poliwag: Oh right… Poo… (giggles)

FUNNY!

Eli: (To the viewers) This was one of the most awesome races ever. Hope you all like the next one too.

Me: We will bro.

Nico: But great job everyone. Lets head home.

We went back home and gave Poromon a really hard scrubbing and bath and boy did he need it too and then enjoyed the rest of the day and went to sleep.

THE END

---

Another race chapter done.

Jupiter is the largest of the planets in the Solar System and it was so awesome how we have seen so much about it and know what it was like with the satellites and more. The storms of Jupiter are really cool. The first part of the chapter was for the 1982 movie The Thing and the 2nd part was for the 1986 movie ALIENS and that was great. Sorry if I'm starting to sound repetitive for these. The opening scene used in this chapter is based on the episode of Penguins of Madagascar called In The Line of Doody and Nico loves that episode and he laughs EVERY TIME at it. It was so awesome and funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in Paris, France and we're going to stop the Akuma villain Qilin who is really Marinette's mom Sabine. She gonna be Akumatized because of a butterfly infected by a dark orb. We're going to meet a Lightning Angel Gene-Slammer named Mirai Cheng and a Wind Fairy named Aeilene from Summoner wars. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Kate Lloyd, Maya Kona the Venusmon Gene-Slammer, Hay Lin and the Leafeon Gene-Slammer will go on that one and Hay Lin is going to transform in that one so I'll need the transformation sequence for that one please. The next rescue for Lincoln is gonna be in Paris too and we're going to face a clone of Mr. Pigeon who is the first Akuma that Nico helped took down. Elyon Brown is going to transform in that one too and Nico is gonna have a few choice words for Mr. Pigeon because he is one of the worst Akuma he has ever known! The next chapter is gonna be another race as you know and we're going to race around the planet Uranus! Get ready for a cold race as we go through the coldest planet in the solar system.

See you all tomorrow

# RACE AROUND URANUS

GET READY FOR A BRUTALLY COLD RACE!

---

Over in Paris the capital city of France, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Kate Lloyd, Maya Kona the Venusmon Gene-Slammer, Hay Lin and Taylor Emerson the Leafeon Gene-Slammer were there to investigate a dark orb that was Akumatizing people.

Taylor Emerson: Didn't you guys get Gabriel to change his ways?

Me: Yeah we sure did but scans have found a dark orb here and it was Akumatizing people.

Hay Lin: I wonder who it was that got Akumatized this time?

Me: We'll find out when we see it for ourselves. But something is telling me that it's not gonna be a good sight to see.

Maya Kona: I have a feeling it's gonna be someone we know.

Jenna: I have that feeling too.

Hay Lin: I hope it's not Marinette's mom. But if it is I'll help her out.

Taylor Emerson: I will too.

Taylor concentrated and groaned as her skin turned green.

Me: If it is Sabine then we got to try not to hurt her too much. She went through enough already because of being shot by Lila Rossi.

Taylor turned into LEAFEON!

Simone: That was awful that she did that to her and Chloe's dad.

Miranda: Yeah.

Maria: We have to look for any signs of unusual activity.

Me: Yep. But the Dark Orb is 1,000 feet north northwest.

Hay Lin: We're on the right trail though.

Simone: We sure are.

We flew towards it and to our shock we saw that it was an Akuma we never faced and it was Sabine Cheng and she was an Akuma called QILIN!

---

Qilin has orange skin and blank eyes without any pupils or irises. She wears a Chinese armor with a dark grayish green chain mail covered by a dark green chest and abdominal plates with golden edges, a skirt armor with dark grayish green chain mail, red and dark green shoulder plates with golden edges and red spiral-shaped ornaments at her waist with a long brushy dark green tail with brilliant green tips. She also wears dark green pants with red coloring at her thighs with golden poleyns and her feet are hoofed. Protecting her head, she has a golden helmet that is shaped after the head of the mythical creature Qilin, having blank eyes just like her, a red mustache with two long whiskers, a long golden horn that branches itself into four tips and a dark green mane with green tips.

---

Me: Whoa! We never faced her before.

Maria: Oh my God! That's Sabine and she was Akumatized!

Eli: Not good! The Force is telling me that she is doing all this because she is looking out for Marinette!

Me: Oh no!

We went over to her.

Qilin: Hello, everyone. Like the new look?

Maria: Sure we do. But why don't you take it off? You must be sweaty in that.

Me: Sabine listen to us. We know you were given these powers to protect Marinette and you are doing what is best for her but being Akumatized is going a bit too far. Marinette would not want this to happen to you.

Maria: That's right. There's a Dark Orb on you that has turned you into this.

Maya Kona: You have to realize that the Dark Orb has made you this way. What would Marinette think of you seeing you like this?

Qilin: Maria? No she wouldn't.

Hay Lin: Let me help you Sabine. For Marinette and for you.

?: We'll help too!

THUNDERCLAP THUNDERCLAP!

We saw a Wind Fairy and a Lightning Angel appear!

Me: Whoa! A Wind Fairy and a Lightning Angel!

Maria: Whoa! You're Aeilene the Wind Fairy from Summoner Wars! I have you on my phone in the app!

Aeilene: It's an honor to meet you in person Lady Maria.

Maria: No need for formalities. Just Maria is fine.

Aeilene: Sorry.

Lightning Angel: And it's awesome to meet you. My name is Mirai Cheng and I was turned into this as I was looking for my big sister Qin.

Nicole Chan: Whoa! You're Qin's sister!?

Me: Whoa! I didn't know about that.

Maria: She will be happy to see you again.

Hay Lin: She sure will. But first lets help Sabine.

Suddenly, Hay Lin's brown eyes turned neon brown and she was surrounded by a pink energy aura with winds, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Qilin, she left pink energy, winds, and angels with every step. Then, Cornelia Hale was surrounded by a massive vortex of pink energy with wind gusts, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Hay Lin emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Hay Lin grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long blue-black hair, she has neon brown eyes and a pink energy aura with wind gusts, life energy, and angels surrounding her, she has a phoenix with the Wind Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Wind Kanji in its claws and a necklace with a phoenix holding the Wind Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with blue phoenix on it, green skirt with wind gusts on them, green pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and wind gusts on the coattails and on the back is a phoenix with wind gusts surrounding it. Hay Lin has massive blue-black angel wings with blue tips on the large blue-black feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a blue kanji right below the phoenix that said, "Hay Lin, Member of Team W.I.T.C.H.J.E.M.M., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Defender of The Innocent, Master of Quintessence, Earth, and Life Energy, and

Friend To Many."

ヘイ・リン、チームW.I.T.C.H.J.E.M.M.のメンバー、カンドラカーの守護者、ダークネリッサとフォボスの駆逐艦、悪のスレイヤー、イノセントの擁護者、クインテセンス、地球、生命エネルギーのマスター、そして多くの人の友

Hay Lin has transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE HURRICANE PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Hay Lin's Super Angel 750,000,000,000 transformation, but when Qilin saw it, she fell into a rage. Hay Lin fired a powerful blast of wind, which blew her back before she could try to attack.

Hay Lin: (Divine Echoing Voice of Wind and Friendship) **Hold on Sabine. We'll save you from this monster you turned into.**

Me: That's right!

Qilin: Oh, please. You're all just jealous of me getting new powers now! I bet that if a new superhero team came to Gotham Royal York, you'd also be jealous of them!

Maria: Okay, we might be jealous of them. That's true.

Me: But we would gladly help them out.

Lightning Angel: And lady you need a serious wakeup call.

She fired a bolt of lightning and it hit the dark orb and knocked it out of her and she reverted back and I picked up the dark orb and it was no bigger than a pencil eraser and I opened a portal to the Warp and threw it in and then Sabine reverted back she kept her powers.

Sabine: What happened?

Maria: Sabine are you okay?

Sabine: I think so. But how did I get here?

Maria: You were Akumatized into this wind power villain called Qilin.

Me: Yeah. It was a dark orb that turned you into Qilin.

Sabine: Oh man.

I then put on my blind man glasses and then Eli and Syrus covered their eyes and I snapped my fingers and Taylor and Mirai were reverting back.

Taylor: (regains her hair) "You need a serious wakeup call"? That sounded very harsh!

Mirai Cheng: Sorry but it was the only way to get her back to normal.

They were back to normal and Maria gave her new clothes. Mirai was a girl no older than Luan.

Mirai Cheng: Wow! These are amazing clothes.

Qin was flying over the city and then she saw us and flew down.

Qin: Guys what's going on?

Me: Qin you are not going to believe who we met here.

Qin then saw Mirai and gasped.

Qin: M… M… Mirai? Is that really you?

Mirai Cheng: Qin?

Qin had tears streaming down her face.

Qin: MIRAI!

Mirai Cheng: QIN!

They hugged each other for the first time in years and cried hard.

Mirai Cheng: (Crying) Oh sis I missed you so much!

Qin: I missed you too sis.

Me: And cue Mirai being in pain in 3… 2… 1…

Mirai: (holds her head in pain) I'm sorry, sis! But even though it was short, I really was happy to see you again!

Qin: Mirai reign in your Gene-Slammer form with the strength of your will. I did so with Scalebreath and you can too!

Simone: Just concentrate.

Mirai did so and then a flash of lightning exploded out as she was enveloped in a neon blue aura and she was fully engrafted.

Mirai Cheng: Whoa! That was intense!

Qin: What was she gene-slammed with anyway?

Me: A Lightning Angel from Magic the Gathering.

Qin: Whoa! That's one of my favorite monsters from Luna's collection. So awesome.

Nicole Chan: But it's awesome that you have your sister back Qin.

Qin: It sure is. We have so much to catch up on.

Me: A lot of things really and now you guys are gonna be a happy family again.

Maria: Yep. You also have your whole family back together too.

Eli: Yep.

Sabine: I'm so happy for you guys. I heard Qin that your mom and dad have been brought back because of the Aparoids.

Qin: Yep they sure have Sabine and I have a long road of healing too after what happened. But now that Mirai is back we all can be healed too.

Me: Yep. And Lincoln and his group should be here for their rescue in a few minutes. Lets all go help them out when they get here.

Qin: Yeah.

A few minutes later after saving Marinette's mom, Lincoln, Me, Nico, Nicole Chan, Eli, Nicole Knudson, The Miraculous Celestial Union, Will Vandom, Irma Lair, Taranee Cook, Cornelia Hale, Hay Lin, Cassandra Alexandra, and Elyon Brown were flying over more of Paris and not only is Lincoln going to rescue the eight girls there, but we're also going to face a clone of Mr. Pigeon, and Nico's going to have a few choice words for him, because he is one of the worst Akuma he's ever known.

Lincoln: Ah, we're back in Paris, France. Plus, I think I know what we're going to do here, not only am I going to rescue the eight girls there, but we're also going to face a clone of Mr. Pigeon, and Nico's going to have a few choice words for him, because he is one of the worst Akuma he's ever known.

Nico: That's right. Mr. Pigeon is the one of the worst Akuma I've ever known, and I can't wait to have a few choice words for him.

Will Vandom: After that little confrontation with Frankie the Pigeon for trying to drop one on Stella Nox Fleuret's suit, this is going to get really messy.

Irma Lair: And Elyon's going to transform too. This is going to be good.

Cassandra Alexandra: And I can't help but get the feeling that the eight girls there are also those I've known long ago.

?: HELP!

Suddenly, Lincoln heard the sound of eight girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eight girls, but they've been cornered by the clone of Mr. Pigeon, and he's going to kill them.

Lincoln: Guys, I found the eight girls, but they've been cornered by the clone of Mr. Pigeon, and he's going to kill them.

Nico: What the?! Let's fry that birdbrain!

We rushed over, and Lincoln fired a blast of rainbow energy at the clone of Mr. Pigeon, which hit him and scorched his wings. When the Mr. Pigeon clone saw us, he was enraged, but we weren't happy to see him here, and that included Nico and the Miraculous Celestial Union.

Nico: Leave them alone you birdbrain freak!

Elyon Brown: I've had it up to hear with this birdbrain to last an eternity.

Suddenly, Elyon Brown's grey-blue eyes turned neon grey-blue, and she was surrounded by a pink energy aura with light, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached the Mr. Pigeon clone, she left pink energy, light, life energy, and angels with every step. Then, Elyon Brown was surrounded by a massive vortex of pink energy with light, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Elyon Brown emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Elyon Brown grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long straw-blonde hair, she has neon grey-blue eyes and a pink energy aura with light, life energy, and angels surrounding her, she has a phoenix with the Light Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Light Kanji in its claws and a necklace with a phoenix holding the Light Kanji in its claws for the pendant, she has on a long-sleeved blue blouse with white phoenix on it, green skirt with light and light animals on them, green pants, pink high heels, and a grey long sleeveless trenchcoat with phoenixes, light, and light animals on the coattails and on the back is a phoenix with light surrounding it. Elyon Brown has massive straw-blonde angel wings with blue tips on the large straw-blonde feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a blue kanji right below the phoenix that said, "Elyon Brown, Member of Team W.I.T.C.H.J.E.M.M., Guardian of Kandrakar, Destroyer of Dark Nerissa and Prince Phobos, Slayer of Evil, Master of Quintessence, Time, Light, and Life Energy, Defender of Meridian, and Amazing Member of Team Loud Phoenix Storm."

エリオン・ブラウン、チームW.I.T.C.H.J.E.M.M.のメンバー、カンドラカーの守護者、ダークネリッサとプリンスフォボスの駆逐艦、悪の殺し屋、クインテセンス、時間、光、生命エネルギーのマスター、子午線の擁護者、チームラウドフェニックスストームの素晴らしいメンバー

Elyon Brown has transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE LIGHT PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Elyon Brown's 750,000,000,000 transformation, but when the Mr. Pigeon clone saw it, he squawked in pure rage and tried to attack, but Elyon Brown fired a powerful blast of light, and burned him badly.

Will Vandom: Wow, Elyon's transformed. Awesome.

Cornelia: Wow! How do you feel Elyon?

Elyon Brown: (Divine Echoing Cosmic Voice of Light and Meridian Justice) **I feel incredible Cornelia.**

Lincoln: You said it and I remembered that Hay Lin also transformed when she went with J.D. to Paris, France, to save Marinette's mom, Sabine, when she was turned into the Akuma villain Qilin, because of a butterfly infected by a Dark Orb.

Me: That's right.

Elyon Brown: **Let's pluck this overgrown pigeon's feathers.**

Lincoln: And make him coo for mercy.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-

Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and we also transformed and unholstered our massive swords from our backs, and we went at the Mr. Pigeon clone, and we fired powerful blasts of rainbow energy, elemental forces, life energy, and light at him, and they exploded with incredible power, and the Mr. Pigeon clone was knocked down, and Lincoln tied him up with a rainbow energy straitjacket, so he couldn't escape, and Nico went up to him, and he was pissed.

Nico: No words can describe just what kind of monster you really are, Mr. Pigeon. You are nothing but a BLACK-HEARTED, MONSTROUS, SADISTIC, TWO-FACED, CRUEL, BIRDBRAINED BASTARD!

CLANG!

Our jaws hit the floor, and the Mr. Pigeon clone was so shocked, his color drained from his face, and Lincoln drove his massive Sword of Taranis into the chest of the Mr. Pigeon clone, killing him, and he exploded in purple flame and his spirit was Super Hakaied for good. We cheered wildly as we holster our massive swords on our backs and power down, and Elyon Brown's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, Lincoln and Nicole went up to the eight girls located there, and when Lincoln saw them, he immediately recognized them. The eight girls were Seong Mi-Na, Setsuka, Scheherazade the Elf, Shura, Kamikirimusi the Oni, Hildegard von Krone, Natsu, and Amy Sorel from Soul Calibur.

Lincoln: Oh wow, it's Seong Mi-Na, Setsuka, Scheherazade the Elf, Shura, Kamikirimusi the Oni, Hildegard von Krone, Natsu, and Amy Sorel.

Nicole: From Soul Calibur, awesome.

Cassandra Alexandra: Seong Mi-Na, Setsuka, Scheherazade the Elf, Shura, Kamikirimusi the Oni, Hildegard von Krone, Natsu, and Amy Sorel were the girls here in Paris? Whoa.

Lincoln: I can also consider it a reunion for you and your friends, Cassandra. (To the girls) Are you girls okay?

Seong Mi-Na: Yes, we're okay, thanks to you.

Then, when Seong Mi-Na and the other seven girls saw who it was that saved them from the clone of Mr. Pigeon, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, a deep sapphire blue kanji below the Cutie Mark tattoo that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Seong Mi-Na: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Seong Mi-Na: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eight Thunderbird Necklaces of Eternal Love appeared around the necks of Seong Mi-Na, Setsuka, Scheherazade the Elf, Shura, Kamikirimusi the Oni, Hildegard von Krone, Natsu, and Amy Sorel. We returned to the Estate, and when we showed everyone what we did to the Mr. Pigeon clone, everyone cheered wildly for us and hugged us, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face, and the Soul Calibur girls who are currently in Lincoln's had quite a reunion when they saw their friends. Now, we were rid of the Mr. Pigeon clone, and that's another Akuma clone put down for good.

* * *

After getting rid of the Mr. Pigeon clone, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln, Isabella "Ivy" Valentine, Seong Mi-Na, Scheherazade the Elf, Cassandra Alexandra, Chai Xianghua, Taki, Amy Sorel, Kamikirimusi the Oni, Solange Blanchefleur de Lux, Wang Liu Mei, and Sumeragi Lee Noriega were getting ready for their beach date, this time, it's at Gelato Beach in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

Isabella "Ivy" Valentine, Seong Mi-Na, Scheherazade the Elf, Cassandra Alexandra, Chai Xianghua, Taki, Amy Sorel, Kamikirimusi the Oni, Solange Blanchefleur de Lux, Wang Liu Mei, and Sumeragi Lee Noriega were dressed in two-piece bikinis in their favorite colors with mythological animals on them, sandals in their favorite colors, and they had their weapons holstered, in case of trouble.

Lincoln: Alright, ladies, shall we?

Isabella "Ivy" Valentine: Of course, Linky, we're ready.

Lincoln and the girls head out of the Estate, and they head for their destination: Gelato Beach in the world of Mario. When they arrived at Gelato Beach, it was a gorgeous large beach with a number of huts and trees, and a large body of water.

Solange Blanchefleur de Lux: Wow, what is this place, Linky?

Lincoln: This, Solange, is Gelato Beach. I was told about this place from Mario, and I figured that this is the perfect place for our date. Shall we?

Lincoln and the girls got started by diving into the large body of water, and they began swimming in the water. Then, they also were lying out in the sun and were getting a tan, and they also had a lunch that Lynn Sr. packed for them, and they continued having fun after having some lunch. Then, as the sun was about to set, Lincoln made clones of himself and they walk up to the girls, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico. We went to Gelato Beach in the world of Mario.

Me: Whoa, that's awesome.

Lincoln: It sure was, and we had a lot of fun while we were there, and we found another potential date/vacation destination.

Lori: Nice one, Lincoln.

Lana: You said it, Lori.

Lincoln: And now that we've had our fun, I think we know what today is, right, Sherlock Hound?

Sherlock Hound: (British Accent) The final attack on the Empire of Niflheim, which'll also bring an end to them for good.

Stella Nox Fleuret: Sherlock Hound told me that today's the day we finally put an end to the Empire of Niflheim for good, and I can't wait to see Noct and the others again.

Aerith: And The Masters of Evil are also joining us in the attack.

Sherlock Hound: (British Accent) That's right, Aerith.

---

After Lincoln's date, we were getting ready to go with Sherlock Hound to Eos and Insomnia, because today's the day we launch our final attack on the Empire of Niflheim and end them for good. Sherlock Hound also called The Masters of Evil, and told them today's the day of the attack.

Lincoln: This is it, everyone. Today's the day we get rid of the Empire of Niflheim.

Sherlock Hound: (British Accent) That's right, Lincoln, and we'll make sure their delusional ambitions for world domination come to a bloody end.

Gumball Watterson: This is going to be so awesome.

Kuja: Indeed, Gumball, and soon, we shall pull back the curtain on their delusional dreams.

Stella Nox Fleuret: What the Empire of Niflheim has done can never be forgiven.

Sherlock Hound: (British Accent) Indeed, Stella. But, this shall be the end of them once and for all.

Sherlock Hound made a portal that led to right to Eos, and we step inside. When the portal opened, we were on the planet of Eos, and we head to Insomnia, where we met up with the Crownguard, who led us to the Citadel, and we met with Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, and Prompto Argentum, and they were happy to see us again. But, they're in for an even more amazing surprise when they saw all of Team Loud Phoenix Storm and all of the Masters of Evil here, and Noctis was in for a surprise when he saw Stella Nox Fleuret, Cloud Strife, Tifa Lockheart, Eli, Aerith, and Kuja here as well.

Noctis: Wow, it's an honor to meet you all, and it's good to see you all again, Stella, Cloud, Tifa, Eli, Aerith, and Kuja.

Eli: You too, Noctis, Gladiolus, Ignis, and Prompto.

Gladiolus: So, are we ready?

Lincoln: Yes, we are. Sherlock Hound, Ardyn, tell us the plan for the attack.

Sherlock Hound made a map of Niflheim's territory, and he also brought up the capital of the empire, Gralea.

Sherlock Hound: (British Accent) While the rest of you hide out in the locations around the Empire's capital of Gralea, Ardyn and I will launch our little attack, with Ardyn summoning Ifrit the Infernian.

Ardyn Izunia: Then, Sherlock Hound will broadcast the crimes of the Niflheim Empire, along with the empire's fated final farewell. And with the spell still active, the magitek weapons and infantry all over their territories and in the capital of Gralea are failing and their infantry are being incinerated by the sun.

Me: Perfect. Alright, everyone, the battle for Eos and Insomnia begins now.

We hid out in locations around the Empire's capital of Gralea, and Ardyn Izunia disguised himself as a Niflheim infantry soldier, and Sherlock Hound enter the capital hidden by the shadows.

Ardyn Izunia: And now, let the show begin.

Ardyn Izunia snapped his fingers, and a tornado of flames appeared out of nowhere, and out of the flames appeared Ifrit the Infernian, who left a trail of flames which were incinerating the daemons and magitek infantry there, and their spirits were being Super Hakaied. Then, a screen activated and Sherlock Hound appeared on the screen.

Sherlock Hound: (British Accent) Greeting, inhabitants of the Empire of Niflheim. Do forgive me for interrupting your plans, but I'm afraid that your days of military conquest and antagonism towards the Kingdom of Lucis is coming to an end. Call it "Divine Justice", if you would. Tyrannical empires born from delusions of world domination and power-hungry and scheming tyrants and individuals are fated to perish.

Then, Sherlock Hound broadcasted the crimes that the Empire of Niflheim has committed, such as the experiments with the daemons, and when all of the people saw it, they were outraged at Niflheim's dark actions, and they're calling for Niflheim's demise, and the spell that Sherlock Hound cast has spread to the territories of the Empire of Niflheim, and the empire's magitek infantry were incinerated and their spirits were being Super Hakaied for good, and the magitek weapons were also destroyed.

Sherlock Hound: (British Accent) It's working, the people in the territories of the Empire have seen the horrors of the empire's actions, and they're now outraged and calling for the empire's demise.

Ardyn Izunia: As expected. Excellent job, Hound, and now, we shall head for Zegnautus Keep, where the ruling emperor, Iedolas Aldercapt, is located at.

Sherlock Hound: (British Accent) Understood, Ardyn. (To the rest of us) Everyone, we're heading for Zegnautus Keep, that's where the ruling emperor of the Niflheim Empire is at.

Me: Alright, we'll wait for the signal, Hound.

Sherlock Hound and Ardyn Izunia head for Zegnautus Keep, where the emperor of the Empire of Niflheim, Iedolas Aldercapt, is at. We were also waiting to Sherlock Hound to give the signal for us to come in and attack.

When the news reached Zegnautus Keep, the ruling emperor, Iedolas Aldercapt, was enraged that his dreams of world domination and conquest are now coming to an end.

Iedolas Aldercapt: How dare they interfere with my dreams of world domination?! I will make them all pay for what they've done!

Suddenly, the emperor's personal magitek infantry were then incinerated and their spirits were Super Hakaied, and the doors open as two dark shadows enter the keep, and as the dark shadows suddenly disappear, in the place of the dark shadows were Ardyn Izunia and Sherlock Hound. When Iedolas Aldercapt saw them, he was enraged, but even more at Ardyn Izunia.

Iedolas Aldercapt: Ardyn Izunia, you dare show your face here after what you did in turning your back on the Empire?! After everything Verstael did for you when he found you in Angelgard, this is how you repay him.

Ardyn Izunia: Let's just say, I've grown bored with working with all of you, besides, the one I'm now working for is a much better boss than the likes of you.

Sherlock Hound's eyes suddenly turn from blue to blood red, as Sparda took over, and he unholstered his massive Sword of The Demon Hound from his wider and muscular back.

Sparda: (Through Sherlock Hound's body) And now, everything that you've worked to achieve is now about to come crashing down.

Sherlock Hound fired a powerful blast of dark energy, and it blows the roof of the keep open, and the spirits of the damned and the elements of Archenemy Harmony came inside the keep circling around and howling angrily in the emperor's ears. Then, a phoenix cry was heard, along with an explosion, and we appeared. When Iedolas Aldercapt saw us, a look of horror appeared on his faces.

Iedolas Aldercapt: Team Loud Phoenix Storm and The Masters of Evil?! Impossible!

Sparda: (Through Sherlock Hound's body) Oh, it was possible. You see, we were the ones who threw a wrench into your plans.

Me: And thanks to Sherlock Hound and Sparda, whom we've made an ambassador to Eos, your plans are now foiled.

Iedolas Aldercapt: No, no. My dreams of world domination… ruined?! I will make you all pay for this.

Sparda: No, the one who's going to pay is you, Iedolas Aldercapt. Everyone, let's tear him to shreds!

We unholstered our massive swords from our backs and transformed, and went at Iedolas Aldercapt, and we fired powerful blasts of rainbow energy, elemental forces, light, and darkness at him, and they exploded with incredible power. Then, Noctis and his entourage attacked him ferociously with their weapons and the Royal Arms, and we also attacked him ferociously with our massive swords. Then, Sherlock Hound fired a barrage of Summoned Swords, which pierced the emperor and pinned him to the wall, crucifying him, and the swords caused him to bleed severely.

Ardyn Izunia: And now, it's time to bring this to an end. (To Sherlock Hound) If you would be so kind.

Sparda: Of course, Ardyn.

Sherlock Hound approached Iedolas Aldercapt menacingly, and with one swing of his Sword of The Demon Hound, he beheaded Iedolas Aldercapt, and his crucified body exploded in purple flames and his evil spirit was Super Hakaied for good.

Lincoln: Sic Semper Tyranis.

Sherlock Hound: (British Accent) May you and every last one of your cohorts suffer for all of eternity in the depths of Oblivion.

We got out of there, and Lincoln fired a powerful rainbow energy blast, which'd destroyed Zegnautus Keep and every last surviving Niflheim soldier there has been obliterated, and Super Hakaied for all eternity. We returned to the Citadel in Insomnia, and we were awarded with medals for what we've done in destroying the Empire of Niflheim for good.

Noctis: Everyone, I want to thank you all for what you've done.

Me: You're welcome, Noctis.

Lincoln: We were just doing our job. Now that Niflheim is gone for good, Eos is now at peace.

Gladiolus: Along with the people.

Sherlock Hound: (British Accent) But, that doesn't mean that your adventures end here. No, your adventures are just beginning.

Ignis: (Surprised) Wait, does this mean…?

Sherlock Hound: (British Accent) Yes, Ignis, you, Noctis, Prompto, and Gladiolus are now members of Team Loud Phoenix Storm.

The four of them cheered at the news, along with the rest of us.

Electro: Now, that's what I call awesome news.

Lincoln: Yeah, we got rid of the Empire of Niflheim, and Noctis and his friends are now members of Team Loud Phoenix Storm. Which reminds me, we'll need to find archenemies for them in the future.

Vypra: I'll be sure to do just that.

Sherlock Hound: (British Accent) And I've got one more surprise.

Sherlock Hound beamed Eos to our solar system, and he showed Noctis and his entourage, and that really surprised them.

Nico: Wow, Eos is now in our solar system, awesome.

Lincoln: Now, Noctis and his friends can visit us whenever they want, and not have to worry about any Niflheim attacks.

Lincoln 2: Because, the Empire of Niflheim

Lincoln 3: Is no more!

We cheered wildly at the news, and we decided to hold a celebratory party after our next mission, and Noctis and his entourage are now new members of Team Loud Phoenix Storm.

---

It was later time for Bloom's first Ambassador Mission.

William: Bloom, we just found the perfect world for you to go to. And you're not gonna believe what it is.

Bloom: What is it?

Me: It's the world of The Fantastic 4. But this version of the Fantastic 4 is completely different. It's the same people with the same powers, same villains and heroes but a totally different and crazier style.

Bloom: Awesome! This is gonna be interesting to see. I can't wait to see who I'll be helping them out with facing.

Me: Yep. Well if you don't mind I'll go with you on this one. I sense that they are fighting Doctor Doom. He and I have a score to settle. The Doctor Doom we faced before blew himself up before we got a chance to kill him.

Nico: Boy I remember that! That was intense before I joined you all.

Me: Yep.

Bloom: Lets get moving.

We opened a portal and we were off.

We arrived.

Me: Wow.

We then saw the Yost Fantastic 4.

Yost Reed: Excuse me. Are you lost? You seem to be new here. Let me show you around. I'm Reed Richards.

Bloom: Oh we're not lost.

Me: But it's an honor to meet all 4 of you.

Bloom: My name is Bloom and I'm the princess of the planet Domino and Fairy of The Dragon Flame and leader of the Winx Club.

Me: My name is J.D. Knudson, Leader of Team Loud Phoenix Storm.

Yost Reed: Oh wow! It's an honor to meet you both.

Yost Susan: We heard so much about you.

Yost Johnny: You guys are awesome and we heard about how you all destroyed Thanos.

Yost Thing: That was so awesome.

Me: It was. That was one of the most devastating battles we've ever had.

Bloom: That was a very intense battle.

Me: Bloom is actually here on her first ever ambassador mission as we call it. It's a Diplomatic Mission Program we call that we have set up to see how well certain members of our team do meeting people and helping them out for future missions.

Yost Reed: That's very interesting. And I take it you are here to see how she does.

Me: That's right.

Yost Thing: We just got back from kicking Doom's a** after he tried to abduct the president.

Bloom: (frowns) Doom always causes trouble no matter the universe.

Yost Johnny: Hey, don't sweat it. This is a normal thing. Doom causes trouble, we show up, we kick his butt, he goes back to Latveria, and it starts all over again.

Yost Susan: It can be tiring though. God, if it weren't for those laws against killing, I'd find a good spot to bury his body in!

Me: Well Team Loud Phoenix Storm ALWAYS gets the mission done. We only kill those that deserve it. You guys may have problems against killing but there's no reason that you can let Team Loud Phoenix Storm finish him for you guys in our dimension.

Yost Reed: Not a bad idea. We can have you all capture him for us and then we can let you kill him in your universe.

Me: Awesome idea.

Bloom: It sure is.

Me: And I think I see Doom now.

I fired a blast of magnetic energy and pulled him over and it was DR. VICTOR VON DOOM!

---

**Victor Von Doom**, also known as **Doctor Doom**, is the main antagonist of the animated series *Fantastic Four: World's Greatest Heroes* . He is the evil Monarch of Latveria and the archenemy of the Fantastic Four.

He was voiced by Paul Dobson, who also voices the character in video games, voiced Mole Man and Captain Ultra in the same series, and Dwight Boykin, Naraku, Graham Aker, and Sideways.

Victor Von Doom was presumably born and raised in the small European nation, Latveria, and attended college in America. There, he met Reed Richards, and would blame him for one his experiments going wrong, in actuality, he sabotaged it himself. Doom created a suit of armor and a mask to hide his appearance, and would become the monarch of Latveria after conquering it. In addition, Doom had diplomatic immunity, meaning the American police couldn't arrest him, as he was head of state. Doom would begin to plan his revenge against Reed Richards, and would attempt many times to destroy the Fantastic Four.

In his first appearance, Doctor Doom succeeds in switching minds with Richards, but would return to his body after seeing his face. Richards tells Victor that his insecurities, particularly his face, are his greatest adversary. Doom would later manipulate Ben Grim, Susan and Johnny Storm to believe that Reed had intentionally caused them to be expose to the cosmic rays. While this was going, Doom had opened an interdimensional portal that had monsters to destroy New York, and take over the world. After his defeat, Ben would forgive Reed for his false accusations.

Doom would continue to attempt to destroy the Fantastic Four, notably causing them to switch powers, and taking them to a reality where they didn't get their powers.

---

I punched him in the face and smashed him down.

We went over to him.

Me: Dr. Victor Von Doom. You and I have an old score to settle.

Yost Dr. Doom: Who are you?

Me: Your Worst Nightmare!

I punched him in the face and kicked him in the stomach and he fired lightning at me and I fired a powerful blast of fire and the blasts collided and my fire pushed the blast back and it then hit him and incinerated his clothes and burned him all over the place and smashed him down and then I tied him up with chains of rainbows and stripped him of his powers and made them my own. Then I teleported him to SHIELD H.Q. and they locked him up.

Me: Nice.

Yost Johnny: That was AWESOME!

Me: Okay SHIELD will hold Doom until we come on February 12th.

Bloom: That's when all of us are going to come.

Yost Reed: Thanks. That was amazing.

Me: You're welcome.

Yost Thing: We're not the only team in this universe. There's also the X Men, led by Wolverine. Man, those guys are more misunderstood then the Hulk. Heard Xavier got into a coma.

Me: That's nuts! We had an encounter on Halloween earlier with a bunch of heroes turned into zombies.

Yost Susan: Are you serious!?

Bloom: You have no idea.

While Yost Thing was talking, Yost Johnny yawned. But quickly kept a straight face when Yost Thing looked at him.

Yost Thing: Then there's the Avengers. They're led by Captain America. The four of us and many other heroes followed their lead in defeating Galactus one time. And that's just one of their enemies.

Me: We haven't faced Galactus in our dimension yet.

Bloom: Yeah but we'll face him soon.

Meanwhile, Yost Johnny was doing bunny ears to Thing but stopped when Yost Thing looked at him again.

Yost Thing: (starts to get annoyed) And then there's Spider Man. He and I teamed up against the Kang of this world while the Avengers were incapacitated. Poor kid actually hasn't been living a good life lately. But that's a story for - (sees Yost Johnny shaking his butt at him) AHA!

POW!

Yost Thing punches Yost Johnny out of the room and out onto the street.

Yost Thing: (sighs) Much better.

Me: That's another one we haven't faced yet is Kang the Conqueror.

Bloom: But we'll have to face him too.

Me: Yeah.

Yost Johnny came back.

Yost Johnny: (glares at Yost Thing) You and I will be having a chat later. (to me) But in all seriousness, I can tell you get stressed a lot. If that's the case, you shouldn't be afraid to let all your emotions out. Even if it's in the middle of a mission.

Me: Yeah it's always stressful but I always have all my friends and my family to keep me cool and calm under pressure. One important rule we have is that With Great Power Comes Great Responsibility.

Yost Susan: Spiderman invented that saying.

Me: Yes I know. But its been a very powerful and motivational line for all of us.

Bloom: It's true.

Me: And I also heard that Johnny here humiliated Ronan the Accuser.

Yost Johnny: That's right!

Me: Believe it or not, I actually killed Ronan the Accuser in our universe.

Yost Johnny: Wow!

Bloom: That was intense.

Me: It sure was.

We later went back home.

May: How was it?

Me: It was really awesome!

Bloom: Going on an Ambassador Mission was really cool.

Me: Bloom did a great job on her first Ambassador Mission. And we had SHIELD there capture their version of Dr. Doom with our help.

Nico: AWESOME! That will be a big help to keep him at bay till February 12th.

Me: Yep.

Stan Lee then appeared.

Stan Lee: You guys know you all can show those versions of Doom and Ronan who's boss.

Me: Oh we will Stan and that is a promise! Excelsior!

Stan Lee: Excelsior!

He left!

Erica: WHOA! You guys actually know the great world famous creator of Marvel Comics himself?

Me: Yep. Been a huge support to us all.

Nico: He sure has.

---

Later we went to see Marge at the Scooby Snax factory.

Marge: (awkwardly) So… how've you all been?

Elec Man: Pretty good. We just discovered another Earth with Marvel Superheroes.

Agnes: Okay, you probably don't know this but there's this game series called Marvel Ultimate Alliance that features tons of playable Marvel characters.

Nico: I know that game all too well. Really awesome.

Me: That is a fun game.

Erica went up to Marge and she was not happy with her.

Erica: My name is Erica Haddock and I'm a really close friend of

Nico.

Marge: Oh it's a pleasure to meet you.

Erica: I have something to say and it's about Nico.

Marge: What is it?

Erica: I just want you to know that even though you tried to kill him by stabbing him in the stomach, revenge is not an idea I promote with me and my friends.

Marge: Well that's a relief.

Erica: (getting in Marge's face) But you have never been a good friend to anyone, have you?

Marge: (Gulps) No.

POW!

Erica punched Marge in the face and knocked her down.

Marge: Okay I deserved that.

Inspector Gadget: I know you two have been working to regain everyone's trust. But now, I think this makes things even.

Agnes: But you haven't punched me yet.

Maria: Other then you being cruel to your son and lots of yelling, you actually haven't been too bad.

Agnes: It's only fair.

Maria sighs and then lightly taps Agnes' head with her fist.

LIGHT BONK!

Maria: Happy?

Agnes: It wasn't a punch but it's close enough.

Maria: Good.

Marge: OW! Okay I had that coming.

Marge had a nasty black eye!

Nico: Nice one Erica.

Erica: Thanks. Marge if you try to stab Nico again I will turn into my Tyrannosaurus Rex form and EAT YOU FOR DINNER!

Marge: Can we at least see the Estate you guys live in?

G1 Ironbison: Okay. But try not to pull a fast one, alright?

Agnes: I'm sure you guys have Eli to sense if we ever try anything.

Eli: Yes I will sense if you do.

Nico: It's going to take a while for Homer and Skinner to forgive you though after everything you did.

Agnes: We don't blame them for that though.

Me: Yeah.

We went back to the estate. But when we got there we heard yelling.

Homer: WILL YOU SHUT THE FUCK UP YOU SENILE OLD PRUNE!

Abraham Simpson: YOU ARE THE BIGGEST AND MOST WORTHLESS DISAPPOINTMENT THAT EVER LIVED!

Me: Uh oh.

We went to Homer's room and he was yelling at Abraham.

Homer: YOU ARE THE ONE THAT IS A DISAPPOINTMENT "DAD"! YOU ARE THE REASON WHY MOM LEFT!

Abraham: BECAUSE SHE HATED YOUR GUTS!

Homer: YOU ARE A BIG FAT FUCKING LIAR!

Marge: That's enough, Grandpa!

Abraham: Oh, don't even start, Marge! You're the one who went against him and the kids.

Marge: I won't deny that! But I was a fool for doing so! And that's a mistake that I'm working to correct!

Abraham: (laughs bitterly) You really think you've truly redeemed yourself for your crimes?!

G1 Lightspeed: She already has, old man!

Me: You think you are any better you old prune!? You have done nothing but torture Homer with lies and abuse and you are also the reason why Mona ran away! You hate her guts and all you did was treat her and Homer like trash!

Marge: That's right! You are a true atrocity to nature!

Homer smiled at Marge, touched at her words.

Abraham: What are you smiling at, fatass?! You only have that tub of lard Wiggum as your archenemy!

William: Dude, you're lucky Wiggum's not in the room to hear that!

Wiggum: Actually I am!

Me: Uh oh!

Nico: Now you're in for it.

Wiggum: Abraham Simpson, you are under arrest for slander.

I then told Wiggum everything he did and he was taken to the Saturn Nuthouse.

Gyro Man: Okay, now that the whole beatdown's over, J.D., it's your turn to lead.

Me: Yep I know and also Grandpa had it coming. Stupid old bitter crow.

Nico: Yeah he sure did. I hope he likes Ellie's dad's old padded cell in the Saturn nuthouse.

Me: He probably won't. But I have just the mission for us and it's a race around the planet Uranus.

Everyone gasped.

Nico: A race around the 7th Planet from the sun!? Whoa!

Sailor Uranus: This will be interesting to see.

Laney: It sure will. Uranus is a really awesome planet.

Me: Yep and it's also the coldest planet in the Solar System and it has a temperature of -350˚Fahrenheit and it's cold enough to freeze you in a split second.

Nico: Geez!

Eli: This is gonna be awesome to see.

Lana: Yep.

Marge: Sounds dangerous.

Becky: Don't worry Marge you'll be safe with me, Lurlene, Ruth and Mindy and the kids in our Race Van.

Me: We built it just for Homer and the kids and you don't have to worry anymore. Homer is now part of the same ordinance as me, Lincoln, Clyde and Nico.

Homer: WOOHOO!

Then Skulker, Cantwell, Pete, Onyx, Mole Man, Trickster, Melter, Titanium Toenail, Artie Ziff and Mr. Fizz appeared.

Onyx: Can me, Skulker, Cantwell, Pete, Mole Man, Trickster, Melter, Titanium Toenail, Artie Ziff and Mr. Fizz go with you guys?

Me: You all sure can.

Artie Ziff: Marge!

Marge: Artie Ziff! I'm amazed that you are now in the Masters of Evil.

Artie Ziff: And it's great to see you out of a portrait. Whoa nice shiner.

Missy: Erica gave that to her. Punched her in the face for stabbing Nico

Erica: You two know each other?

Nico: Artie Ziff is Marge Simpson's ex-boyfriend. They broke up after Artie tried to force himself onto her.

Marge: Yeah it's an ugly story.

Erica: Ouch.

Laney: That was a crazy high school day.

Marge: But how are Patti and Selma?

Melter: They are doing well. It's good that you have redeemed yourself.

Nico: And Marge we now realize that you shouldn't be mad at Homer. Blame Mr. Burns for what he did.

Me: Yeah that stupid old stick deserved to be destroyed for his crimes. Same with Mayor Quimby and Jebediah Springfield.

Nico: Yeah.

Me: Anyway our mission is another race.

Melter: Ooh where is it at this time?

Me: The 7th Planet from the Sun, Uranus.

Mole Man: Ooh! That's gonna be cool. That make 7 of the 9 planets covered. Mercury and Neptune are left.

Me: Yep. Lets head to the garage everyone.

We went to the garage.

Marge: By the way J.D. how did your mansion turn into this magnificent tree?

Me: Really awesome story Marge. It was shortly after our friendship mission.

I told her everything in chapter 1333 and it was awesome and epic. When I was done she was amazed.

Marge: Wow! That is amazing!

Laney: It sure is.

Nelson: Now instead of a mansion we have a massive 100 mile tall tree.

Nico: Awesome.

Gabriel: I would like to apologize for Sabine getting Akumatized.

Strut: Why? It's not your fault this time.

Me: Yeah it was a Dark Orb that did that and not you Gabriel. So it wasn't your fault.

Gabriel: True. But that Akuma is from an alternate timeline this Paradox showed me where Team Loud Phoenix Storm didn't exist and I continue to be Hawk Moth.

Me: Really!? That's amazing. So that's a universe where we haven't left our mark.

Nico: That's really unusual. I didn't know about that.

Sabine: That's all right Gabriel.

Marinette: But at least mom is all right.

Nico: And me and Elyon laid the smackdown on a clone of Mr. Pigeon.

Me: That's true.

Adrien: That was the first Akuma where we met you Nico.

Nico: That is true and those were awesome times back then.

Nathalie: (to Gabriel) I told you that making a villain based on pigeons was a stupid idea.

Gabriel: (facepalms) I know. Maybe I should've just Akumatized a monster truck driver instead.

Trickster: Now that would've been awesome to see!

Me: It sure would have been cool to see. But Nico facing Mr. Pigeon was really cool from what I was told.

Nico: It sure was. Poromon would have loved to deliver the smackdown on that Manrat with wings.

Pinkie Pie did a Rimshot.

We laughed at his joke.

Me: (Laughs) That was a good one Nico!

Poromon: Yeah it sure was. But after how I got splattered in Pigeon Doody, I'm done with pigeons for life.

Nico: That's all right Poromon.

We loaded our cars onto the ship and we were off to the planet Uranus.

Me: 7th Planet HO!

Marge: This is amazing!

Homer: It sure is.

Allie Wilde: Wow! This is gonna be awesome!

Marge: Wow! Look at the stars. I've always wanted to be an astronaut back when I was a little girl.

Nerissa: That is an amazing dream Marge.

Eli: Boy it sure is.

We later were 1.61 billion miles away from the Sun and we were at the 7th Planet, Uranus!

Me: There it is! Welcome to the planet Uranus!

Robin Food: Good old Uranus! (looks sternly at us) Not a single joke about its' name!

Me: Yeah those jokes are NOT FUNNY! No offense Luan.

Luan: None taken J.D.

We arrived at the moon Miranda and we got the cars put into a docking station for the starting line.

Artie Ziff: Let's look around before the race.

Me: Good idea.

We got to walking around the docking station and the view of Uranus was amazing.

Sunset Shimmer: Wow! Uranus is so beautiful.

Alizarin Bubblegum: It sure is. Wow! Look at the rings! They are almost in a perfectly vertical angle.

Me: They sure are Alizarin. We think that Uranus was hit by a meteor millions of years ago and it caused the planet to become tilted in a 95˚ Angle. Making it seem like the planet is rolling along its orbit.

Nico: That's right. Really awesome and cool.

Eli: Wow!

Lola: How long is the orbit of Uranus?

Me: 84 years. The coolest part about Uranus is that the Summer Season on Uranus last 21 years. Each season on Uranus lasts 21 years. Just imagine that. If you were born on the Summer Solstice on Uranus you would never have to go to school.

Twilight Sparkle: Wow! That would be amazing!

Twilight Sparkle and her friends imagined themselves on another Earth in orbit around the planet Uranus with a 21 year Summer at the beach in their swim clothes having fun.

Lincoln: That would be awesome. An Endless Summer.

Laney: Yep.

Eli: But can you imagine if you were born in Winter on Uranus?

Everyone: EW!

Me: ENDLESS BUMMER!

Everyone then saw Peyton and Georgina in thought.

Bitstream: (to Georgina) So, you're developing feelings for Peyton?

Georgina: (sighs) Yes. I guess it was only a matter of time before I developed a crush on someone.

Nico: You'll tell him eventually Georgina.

Eli: Yeah he'll find out.

Lana: It was only a matter of time.

Mole Man: So, you have a crush on Georgina?

Peyton: Yep. I know that I'm friends with Chaotic players like Lulu and Gisele. But they seemed more like friends to me.

Tom: It's fine, Peyton. Now, Kaz is the only one without a love interest.

Kaz: (annoyed) Gee, thanks.

Me: Come on Kaz, there's plenty of fish in the sea.

Lola: Yeah you'll find someone out there.

Me: Peyton you'll find the right time to tell Georgina how you feel. Maybe if you win the race you can tell her how you feel.

Peyton: Good idea.

Barricade: Is it almost time for the race?

Me: Yep.

We went to the starting line.

Me: This is gonna be awesome!

Eli: Yeah it is!

Billy Natson then appeared.

Billy Natson: AND Welcome to another one of the most amazing events in racing history. Hello I'm Billy Natson and we have an amazing treat for you all today. We are in for another amazing and most spectacular race as we go around the mysterious and cold 7th planet from the sun, The Planet Uranus and we're going for a really awesome event here folks! WOW! With us we have our very own Team Loud Phoenix Storm and their amazing frenemies The Masters of Evil! You ready for another awesome race J.D.?

Me: You bet I am Billy. Uranus may be the coldest planet in the Solar System but we're ready to warm it up as we fly! WOO!

Billy Natson: Love that spirit! Good luck today.

Me: Thank you.

We were ready!

Krysta: (Pulls out green flag) RACERS ON YOUR MARKS!

We were ready for action!

Krysta: GET SET!

We revved our engines!

Krysta: (Waves the Green Flag) REV UP AND GOOOOOOOOOOOO!

We zoomed out of the dock and flew to Uranus!

Billy Natson: AND THEY'RE OFF!

We flew into Uranus' north pole.

Skulker: You all can eat my dust!

Me: Mean eat methane clouds!

We zoomed through the clouds of Uranus and they were REALLY cold! I blew some of the clouds of Uranus through Skulker's right arm and they flash froze it on contact!

Skulker: WHOA! You were not kidding J.D.! Uranus has wicked cold clouds.

Nico: -350˚Fahrenheit can freeze you in a split second.

We were flying through the skies of Uranus and the view of the Sun from 1.83 billion miles away was amazing and so was 2 of Uranus' moons from it. Including the rings.

Me: Wow! The view is amazing!

Allie Wilde: Incredible.

Eli: Uranus is breathtaking.

Me: Yep.

Varie: Wow there's the Uranus Prison!

Allie Wilde: Wow!

Lina: Amazing!

Lady Deathstrike: (Japanese Accent) I remember that we put a new feature there.

Me: That's the Uranus Cryoprison. It's awesome.

Nico: That is really cool too.

Laney: Literally.

We flew through some of the clouds and the lightning was cool and everything.

Eli then sensed something.

Eli: Uh oh!

Me: What's wrong Eli?

Eli: I'm sensing an evil presence coming. It's one of the Twisted Princesses!

Napalm Man: I was wondering when those bitches would make a move again!

Allie Knudson: Can you sense which of the Twisted Princesses it is?

Eli: It's Twisted Snow White!

We gasped.

Allie Knudson: Oh no! I was hoping she wouldn't come. You will not like what she is.

She told us what happened.

* * *

When Snow White bit the apple and fell down, the wicked queen did what the hunter couldn't. She cut out Snow White's heart and took it with her. Back at the castle, she prepared a new potion to turn herself back to normal, using Snow White's heart. She dropped it in but the effect was not what she expected. Back at the cottage, before the Dwarfs came home, the lifeless body of Snow White rose up. The wound on her chest stitched itself. Her heart was in an evil potion so her body became evil. She took possession of a stag with her new black magic and she intends to hunt down the one who took her heart.

---

When she was done we gasped in shock!

Me: (GROWLS) Queen Grimhilde! She swiped her heart and Snow White won't rest till she gets it back!

Laney: Then we kill the Queen Grimhilde that took it!

Nico: First we reason with her.

Me: Right.

Lana: Guys! Something is coming up to us!

We saw a car coming up to us.

Lola: What is that?

Qin: Looks like a skull car.

Mirai: You sure Qin?

Qin: Positive but it looks familiar.

It got closer and it was THE SKELETON MONSTER CAR!

Qin: It's the Skeleton Driver's Monster Car!

Shaggy: ZOINKS!

Titanium Toenail: Wait. She can control it?!

The car pulled up to us and we saw TWISTED SNOW WHITE!

Me: Oh man!

I saw a nasty scar on her chest and I immediately knew it was where the queen took out Snow White's heart!

Me: Oh man! I got to talk some sense into her. Allie take the wheel!

Allie Wilde: Right!

Me: Nico, Eli, Lincoln, Hercules, Magic Stand formation!

Nico: Right!

Hercules Weather: Right!

They got into formation and I was standing on a stage made by their cars and Twisted Snow White came and stood on it.

Maria, Eli and Lola came and joined me.

Skarr: Time for an entrance.

They got into formation for the entrance. Then the elemental spirits of the Xiaolin Dragons and the Justice League appeared and swirled around her. Then they converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind her and a phoenix cry was heard and Nico and everyone came out.

Nico: Can't let you all have all the fun.

Me: True.

Twisted Snow White: Where is the one that took my heart?

Me: You have known her the whole time Snow White.

Twisted Snow White: What's wrong? Too scared to fight me?

Pete: Come over here and say that! Or would you rather have your Twisted Dwarves do it for you?!

Allie Knudson: Pete I know 2 versions of the Twisted Princesses. This version doesn't have the Twisted Dwarves with her.

Pete: Oh.

Me: We're not scared Snow White. We're trying to help you out. We're trying to help you by bringing the one that took your heart so you can kill her and we know who it is. It's your wicked stepmother the evil queen.

Twisted Snow White: You are lying! She was in the castle!

Me: No it's true! The Queen disguised herself as an old peddler! That was her in disguise and she used that disguise to get to you and give you a poisoned apple to kill you and cut out your heart!

Aria Blaze: Wait. If the queen's an old hag, we'll have no problem fighting her.

Me: Yep. Snow White trust us on this. (SNAPS FINGERS)

I snapped my fingers and then the Evil Queen that was an old hag was making a potion with Snow White's heart in it.

Me: There's your killer!

Maria: You heartless witch! You will pay for your crimes!

Me: Lets get you back to normal so Snow White can believe it.

I fired a beam of magic and made the Evil Queen normal again and it was QUEEN GRIMHILDE!

---

**Queen Grimhilde**, more commonly known across popular media as **The Evil Queen**, **The Queen** or **Queen Ingrid**,[2] is the main antagonist of Disney's 1st full-length animated feature film *Snow White and The Seven Dwarfs*, which is based on the 1812 German fairytale *Snow White* by the Brothers Grimm. Her most famous incarnation is in the Disney film, but the origin of the story goes as far back as folklore itself - being a popular fairytale. Disney's film had a very tremendous impact on how she is seen as a villain and introduced the concept of her Magic Mirror and her ultimate transformation from a young and beautiful woman to an ugly old hag and she is also the Huntsman's former mistress. She is Snow White's stepmother as well as her arch-nemesis.

She was voiced by the late Lucille La Verne (in her last film role) in the film, the late Eleanor Audley in the 1949 audiobook, the late June Foray in *Disney on Parade*, Louise Chamis in *Disney Villains' Revenge*, and Susanne Blakeslee in *Kingdom Hearts: Birth by Sleep* . In the musical, she was portrayed by the late Anne Francine. In the upcoming live-action remake, she will be portrayed by Gal Gadot, who also played Gisele Yashar in *The Fast and the Furious* franchise and Sarah Black in *Red Notice* .

## Early Years

Grimhilde was a mysterious, cunning and icily beautiful woman who sold her body and soul to the evil spirits of the Harz mountains in exchange for the power to work black magic. She used her newfound powers and knowledge of the dark arts to enhance and maintain her beauty, hoping to always be the fairest woman in the land.

She became Queen by marrying a widowed King who later died, giving her absolute control over the kingdom which she ruled with an iron fist, becoming feared among her subjects (the many skeletons in her dungeon suggest this). The Evil Queen also owned a magical mirror which she used to communicate with her all-knowing and omnipotent demon familiar (which took on the appearance of a haunted, smoke-like face).

She despised her stepdaughter Snow White, because of her beauty and forced her to dress in rags while treating her as a servant rather than a daughter: throughout the story it was made clear the Evil Queen's motive was her envy and vanity, she simply could never stand the idea of someone being more beautiful than herself and was cruel enough to take drastic steps to ensure this could never happen.

## *Snow White and the Seven Dwarfs*

Jealous of her stepdaughter Snow White's beauty, the Queen forces her to work as a servant in her castle; even in rags and wooden shoes, however, Snow White's beauty shines through, causing the Queen to worry that Snow White's beauty may one day surpass her own. She has such vanity that she consults her Magic Mirror every day, ordering the slave within to reveal the name of the fairest in the land. Every day the spirit says that the Queen is the fairest, and she is content until the mirror informs her that Snow White has finally become the fairest in the land. Outside, as Snow White works, she sings to herself, attracting the attention of the Prince, who is passing by, and they are instantly infatuated with each other. The Queen watches from her window, unseen by the two lovers, and (jealous both of Snow White's beauty and the Prince's affections) closes the curtains furiously. Summoning her faithful Huntsman to her, the Queen orders him to take Snow White far into a secluded area of the forest, where she can pick wild flowers, and kill her. She presents him with a box, in which Snow White's heart must be brought as proof.

The Huntsman is reluctant to carry out such a deed, but (knowing the penalty for failure) takes Snow White deep into the forest. Just as he is about to stab the princess, he finds that he cannot bring himself to destroy such innocent beauty and (frantically warning Snow White of the Queen's vanity and jealousy) tells her to flee into the forest. He returns to the Queen, bringing in the box the heart of a pig to fool her. That night, the Queen once again consults the slave in the Magic Mirror, who tells her that Snow White is living in the cottage of the Seven Dwarfs and that the Huntsman has brought her a pig's heart after she believed that Snow White is dead in the forest.

Furious after realizing that she has been tricked, the Queen descends a spiral staircase, entering a dark chamber filled with arcane and magical artifacts, as well as her pet raven perched on a skull. She decides to go to the cottage herself, disguised as a peddler. Consulting a spell book on disguises and searching for a formula to transform her beauty into ugliness, she mixes the required potion ingredients (though exactly how she prepared most of them into a tangible form for the concoction can be anyone's guess), such as mummy dust to make her old, the black of night to shroud her clothes, an old hag's cackle to age her voice, a scream of fright to whiten her hair, a blast of wind to fan her hate, and finally a thunderbolt to mix it well.

After putting all of the ingredients together, she begins her magic spell as drinks the potion and magically transforms herself from a young, very attractive, regally and unbearably beautiful and insanely sexy queen to an ugly and hideous old hag, including her hair turning white, her skin and hands becoming wrinkled, her royal attire becoming a peddler's cloak and her voice is changed as well and she declares that it is a perfect disguise. She then decides to dispose of Snow White with a poisoned apple, which will send its victim into the **Sleeping Death** . The Witch brews the poison and dips an apple into the brew, turning it black, then, upon her orders, a tempting red, giving the poisoned fruit the appearance of an ordinary, otherwise exceptionally appetizing in appearance, apple.

She then voices her plot to her raven, before having her boastful declarations halted by the possibilities of her schemes facing failure. To ensure no antidote gets in her way, she consults her spell book, quickly finding that the victim of the "Sleeping Death" can only be revived by "Love's First Kiss". This brings no sense of fear or apprehension to her, as she firmly believes the dwarfs, as they would think Snow White is actually dead, will bury her alive. Cackling to herself, she puts the apple in a basket, and walks down through the dungeon below, emerging from the castle's catacombs in a raft. On her way down the catacombs, she passes by a skeleton who appears to be reaching for an empty jug of water and sarcastically asks if he wants a drink before kicking the jug into the skeleton, smashing it to pieces. As she makes her way to the dwarfs' cottage, two sinister vultures see her and, sensing that death is imminent, quietly pursue her.

She reaches the cottage and, according to plan, finds that the dwarfs have left and Snow White is alone. Catching her by surprise as she is preparing a gooseberry pie for the dwarfs, the Witch poses herself as an apple giver and offers her the apple, claiming apple pies to be the superior dish and offering the poisoned apple for Snow White to sample. As the meeting occurs, however, Snow White's bird companions spot the vultures darkly observing and anticipating what's to come, indirectly informing them that the Witch has evil intentions. They attack her before Snow White is able to take hold of the apple, successfully delaying the former's plot, though Snow White orders them to leave, as she still believes the Witch to be a harmless peddler. The Witch cleverly uses Snow White's kindness to her advantage and pretends to be shaken from the attack, asking for shelter within the cottage, to which Snow White obliges to as the Witch is ready to give Snow White the poisoned apple. This forces the birds and other forest animals to rush over to the diamond mines and alert the dwarfs of what is happening as the dwarfs realize that the Queen is up to no good and they rush back to the cottage.

Meanwhile, the Witch manipulates Snow White into believing the apple is actually a "magic, wishing apple", capable of making one's dreams come true with one simple bite; offering it in gratitude of fending off the birds. Snow White becomes taken with the idea once the Witch openly mentions speculation that her wish may have something to do with someone she loves, referencing the Prince. Wanting to finally reunite with him, she takes the apple, makes the wish to live a happy life by his side, and takes a bite.

In a matter of seconds, she falls under the curse and drops to the floor unconscious. The Witch cackles in joyous victory, declaring she'll now be the fairest in the land and makes her leave to return to her castle, only to find the dwarfs have learned of her villainy and have come to rescue Snow White. The Witch fearfully flees the furious dwarfs, and soon finds herself trapped on the cliff of a rocky mountain, with the vultures perched onto a nearby tree branch, watching the events unfold. Spotting a massive boulder nearby, the Witch tries to kill the dwarfs by crushing them with it, cackling diabolically as she does so. Suddenly, a bolt of lightning strikes the cliff, destroying the portion holding the Witch, and causing her to fall hundreds of feet below to her death.

The dwarfs returned to the cottage and believed Snow White was dead yet couldn't find it in their broken hearts to bury her so encased her in a coffin of glass and gold - she would later be awoken from the Evil Queen's curse by the kiss of her one true love: the Prince and the two would proceed to live "Happily Ever After".

*Kingdom Keepers*

The Evil Queen appears in one of the novels, and she is one of the Overtakers - the others Maleficent, Frollo, Chernabog, Ursula and Cruella and some others - who attempts to take over all of the Disney parks, and destroy Finn Whitman and his other Kingdom Keeper kids. She is one of the scariest and most dangerous villains, and she is just as scary and dangerous as Maleficent.

*Kilala Princess Manga*

In the manga, Evil Queen Grimhilde was the first Disney villain to show up. The scenes took place after the movie. Grimhilde's birds noticed that Kilala and Rei intruded the castle where the Queen and Snow White first lived, and where the Magic Mirror resides. The Queen was very interested in the tiara that Kilala and Rei had, since it attracts both good and evil, so she threatened them to give it to her. She also threatened to force Kilala to eat the poisoned apple that will turn her into an ugly girl, unless she hands over the magical tiara.

Brittney used her magic to lift Snow White's heart out of the brew.

Brittney: Got it.

Brittney went over to Twisted Snow White.

Brittney: This is gonna hurt really bad Snow White.

Twisted Snow White: I'm ready.

Brittney they put the heart back into Twisted Snow White and she screamed in pain as it was being put back in. Then she glowed and her life was returning back to her. Her skin returned to normal and her eyes had their life coming back and then she glowed in a flash of light and was back to normal!

Allie Wilde: That did it!

Me: **Now for the final blow! I've had enough of this monster to last an eternity!**

Shantae: Oh no, I was hoping never to hear that voice again. You can come out now, Ammo Baron.

A large figure came out, and it was none other than Ammo Baron, another one of Shantae's enemies.

Shantae: You've got some nerve showing your one-eyed face here, Ammo Baron. But, now that you're here, we'll make sure that you die for every last one of your crimes.

Lincoln: Whoa, Shantae, you've got quite a history with him, and when he mentioned Techno Baron, he's already bad news. But, what can you tell us about him?

Shantae: You won't like him, Linky.

Shantae proceeded to tell Lincoln and the rest of us about Ammo Baron, and we weren't going to like this one-eyed brute one bit.

Ammo Baron

The Ammo Baron is one of the Three Barons of Sequin Land and a major supporting antagonist in Wayforward's Shantae series. He is the trigger-happy and aggressive general of the Ammonian army who plots to conquer all of Sequin Land. His plans have brought him into conflict with the titular character. His minions are Twitch and Vinegar.

He appears as a minor antagonist in both Shantae: Risky's Revenge and Shantae: Half Genie Hero and serves as the secondary antagonist of Shantae and the Pirate's Curse.

History

## Risky's Revenge

After arriving in Polyp Bay, Shantae finds a depressed Mayor Scuttle Butt residing there. Here, Scuttle Butt states that, due to Risky Boots' plans for revenge, Sequin Land Palace has stopped sending wagons and the town's fish trade has plummeted because of it. With no other options, the Mayor asks Shantae to give the town deed to the Ammo Baron, who had previously pressured him into selling the town.

The Ammo Baron resides in a small tent in Baron Desert, from which he commands his army and plans for future conquests.

After working her way through the desert, Shantae finally finds Ammo Baron in his tent, where he states that he needs Scuttle Town for his new campaign. After giving him the deed, Ammo Baron gratefully gives Shantae a passport and activity book for "Ammo Town" and allows her to train at his Battle Tower, which contains the second Magic Seal she needs to stop Risky.

## Pirate's Curse

At the beginning of the game, Ammo Baron and his troops attack Scuttle Town for supposedly no reason and Shantae heads out to stop them. Shantae confronts Ammo Baron at the end of the level and orders him to stop destroying the town and reminds him that the Mayor has 30 days to refund the sale before he can claim ownership, but the Baron chooses to fight Shantae instead and she has to fight him and his giant tank. In order to defeat Ammo Baron, Shantae must wait for him to fire a cannon ball out of his tank, whip it back at him and then damage Ammo Baron after he falls out.

After Shantae beats Ammo Baron and destroys his tank, Sequin Palace's Royal Guards inform Shantae that, since the Baron is the legal owner of the town, he is allowed to destroy it or not destroy it as he pleases and place Shantae under house arrest until her punishment can be administrated. Ammo Baron then laughs at Shantae for being punished for trying to help and walks off.

Later throughout the game, Ammo Baron's soldiers rebuild the town into a fortified base covered with Techno Baron's cannons.

Much later in the game, Shantae sees Ammo Baron on Frostbite Island discussing one of the cannons with Techno Baron, who he orders to finish faster as he needs it for his conquest of Sequin Land. After retrieving the final piece of the cannon from Bolo and getting Twitch, Vinegar and Barracuda Joe back to their posts, Shantae gives the final piece of the cannon, not knowing that he planned to use it to destroy Sequin Palace and send a message to all who dare oppose him. However, due to Bolo's incompetent design, the cannon horribly misfires and blows a hole in Frostbite Island, blowing up Techno Baron (who, unknown to Ammo Baron, was planning on betraying him).

During the final boss, Twitch, Vinegar and Risky Boots use Ammo Baron's cannon to destroy the Pirate Master.

After defeating Pirate Master and finally regaining her magic, Shantae uses it to remove everything Ammo Baron did to Scuttle Town and forces him to leave and return the town's deed to Scuttlebutt or else she will use her magic on him. Ammo Baron is last seen in one of the pictures in the credits, having his tank sink into quicksand.

Half Genie Hero

Ammo Baron returns yet again in Half Genie Hero, however, unlike in previous games, Ammo Baron does not play a central role in the story and serves as a minor character.

After Shantae finds out that someone is planning on stealing the magic carpets used in the Magic Carpet Race in Crustacean Cape, she enters the contest and discovers that Ammo Baron and the Ammonian Army were the perpetrators. After fighting through his forces and bringing down his ships, Shantae directly confronts Ammo Baron, who reveals that he was stealing the carpets because, due to their near extinction, he was not able to capture any magic silkworms and settled on taking the carpets made from their silk and turning them into new outfits for his soldiers to wear in their upcoming conquest of Sequin Land. He and his men then don their magic silk outfits and use their magic to levitate, engaging Shantae in a boss fight. Ammo Baron attacks Shantae by having his men dive down at her and making them form a giant rotating circle around him and Shantae must defeat him by attacking him while he commands his soldiers. Upon his defeat, Ammo Baron's magic suit is destroyed and he is carried away in a stretcher by Twitch and Vinegar.

Towards the end of the game, Ammo Baron reappears outside the Item Shop in Scuttle Town. When talked to, Ammo Baron states that he needs scrap metal in order to rebuild parts for his airships. When given the metal, Ammo Baron returns the favor by giving Shantae one of the clues she needs to prevent Risky from destroying the Genie Realm.

---

When Shantae was finished, we were shocked and enraged at Ammo Baron's crimes.

Nico: Why, that trigger-happy, one-eyed, tyrannical, lunkheaded dimwit!

Me: I was just about to say. This guy's bad news, and we need to stop him.

Ibuki: And that's what I'm going to. I've had it with this lunkhead to last an eternity.

Suddenly, Ibuki's brown eyes turned neon brown, and she was surrounded by a blue energy aura with shadows and racoon dogs surrounding her, she unholstered her massive Sword of The Street Fighters from her back, and as she approached Ammo Baron, she left blue energy, shadows, and racoon dogs with every step.

Ibuki: Ammo Baron, I will never forgive you for your constant attempts to conquer Sequin Land. This time, I will see to it that you pay the ultimate price for your crimes.

Then, Ibuki was surrounded by a massive vortex of blue energy with shadows and racoon dogs surrounding the vortex, there was a racoon dog running around the vortex, and in the vortex is a dark blue phoenix. Then, as the vortex faded, Ibuki emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ibuki grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long black hair, she has neon brown eyes and a blue energy aura with shadows and racoon dogs surrounding her, she has a racoon dog with the Dark Kanji in its paws emblazoned on her forehead, she has on racoon dog earrings with the Dark Kanji in its paws and a necklace with a racoon dog holding the Dark Kanji in its paws for the pendant, she has on a sleeveless dark blue blouse with a heart and grey phoenix on it, blue blouse with shadows on it, dark blue pants, black ankle-high combat boots, and a dark long sleeveless trenchcoat with racoon dogs and shadows on the coattails and on the back is a racoon dog with shadows surrounding it. Ibuki has massive black angel wings with blue tips on the large black feathers, the massive, wide, double-edged blade of her Sword of the Street Fighters grew to 6'5" in length and the long black handle grew a little longer, Ibuki has on her on her new Bracelets of the Champions of The Universe with large dark blue gems on her wrists, Belt of Elemental Bravery with large dark blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a purple kanji below the racoon dog that said, "Ibuki, Skilled Ninja and Street Fighter from Japan, Loving Future Wife of Lincoln Loud, Slayer of Evil, Friend To Many, Slayer of Evil, Amazing Member of Team Loud Phoenix Storm, and Master of Ninjutsu, Shadows, and Raccoon Dogs."

伊吹、日本からの熟練した忍者とストリートファイター、リンカーンラウドの愛する未来の妻、悪の殺し屋、多くの友人、悪の殺し屋、チームラウドフェニックスストームの素晴らしいメンバー、そして忍術、影、そしてタヌキのマスター

Ibuki has transformed into SUPER ANGEL 750,000,000,000 SHADOW RACOON DOG KUNOICHI ANGEL OF DARK JUSTICE AND LOVE!

We were amazed by Ibuki's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Ammo Baron saw it, he fell into a rage and tried to fire on her, but Ibuki fired a blast of darkness at him, and it hit him and exploded.

Me: Whoa, Ibuki's become the next Street Fighter to transform.

Nico: That's right, J.D. The ones who already transformed were R. Mika and Menat, and now, Ibuki is the next one to transform, awesome.

Lincoln: Whoa, Ibuki. You look beautiful. How do you feel?

Ibuki: (Divine Echoing Cosmic Voice of Dark Justice and Love) **I feel incredible, Linky, and now, I'm going to put an end to this overgrown lunkhead. Would you like to join in?**

Lincoln: (Smiles) Of course. And for trying to kill you in cold blood, Jolyne, I'm going to rip his heart out and devour it.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Ibuki.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get him.**

Lincoln and Ibuki went after Ammo Baron, and they fired powerful blasts of rainbow energy, blue energy, shadows, elemental forces, kunai, shuriken, Thunderbirds, Buffalo, Phoenixes, and Racoon Dogs at him, and they exploded with incredible power, as they hit him. Then, Lincoln grabbed Ammo Baron by the neck, and tossed him into the air with his brute superhuman strength, and he and Ibuki fired two powerful and massive rainbow energy and blue energy waves with elemental forces and shadows surrounding them, and as they hit Ammo Baron, they exploded with incredible power, and the explosions killed Ammo Baron, and he was Super Hakaied forever. We cheered wildly for what Lincoln and Ibuki did as they holster their massive swords on their backs and powered down, and Ibuki's new body, clothes, weapons, jewelry, and angel wings are permanent.

Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Ibuki's waist, and as he leans down and they lock eyes, they shared a passionate kiss as she'd wrapped her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Buffalo, and Racoon Dog behind them with elemental forces and shadows behind them. We had tears in our eyes and a smile on our faces.

Me: (Smiles) That's so beautiful and awesome.

Nico: (Smiles) You said it, J.D.

We got back into our cars and went back to finish the race.

We crossed the finish line and Me, Allie, Starlight Glimmer, Peyton, Georgina, Eli, May, Nico, Laney and Lana won the race.

Mr. Fizz: Thank you all for being a good audience!

Me, Allie, Starlight Glimmer, Peyton, Georgina, Eli, May, Nico, Laney and Lana got amazing trophies that looked like the planet Uranus and it was made of Swarovsky Crystal with a car circling around Uranus.

Nico: This was awesome!

Eli: Yeah it sure was!

Peyton: This was so awesome! Oh right.

Georgina and Peyton went up to each other.

Peyton: Georgina I have something to tell you.

Georgina: I have something to tell you too.

Peyton: Georgina…

Georgina: Peyton…

Peyton and Georgina: I love you!

Peyton: Really?

Georgina: I sure do. I have had a crush on you for a while.

Peyton: Same with me. Will you be my girlfriend?

Georgina: I would like that.

Then they kissed and it was adorable.

We cheered for them!

Me: Awesome!

Nico: Awesome way to end a race.

Eli: It sure was.

Me: Lets head back to Earth and celebrate at Lynn's Table.

Nico: Good idea. I'm starving.

Me: Me too. And the best part is we got justice for Twisted Snow White and redeemed her and killed Queen Grimhilde for good.

Snow White 2: Thank you all so much.

Me: You're welcome.

We went back to Earth.

---

We were having an awesome victory meal at Lynn's Table-Melting Bun and it was awesome. Not only did we kill Queen Grimhilde and helped get justice for Snow White 2 but we won an amazing race. Then Goliath, Mirror Master, Touch & Go, Trapster, Turtle, Taskmaster, Anti Wanda, Dumbbelltron, Evil Lyn and Marionette Shadow appeared.

Me: Goliath, Mirror Master, Touch & Go, Trapster, Turtle, Taskmaster, Anti Wanda, Dumbbelltron, Evil Lyn and Marionette Shadow.

Goliath: I see you guys have the Skeleton Monster Car.

Maria: We sure do.

Me: Awesome car and it was built by two kids that operated it by remote control.

Qin: It's true. That is awesome.

Mirror Master: We'll have it restored to our side.

Mr. Go: And find an archenemy for it

Me: Cool.

Trapster: (to me) We heard Sabine got Akumatized.

Me: Yeah you heard right.

Turtle: How is that even possible?!

Me: It was a dark orb that was the size of a pencil eraser.

Turtle: Oh. That makes sense.

?: That was crazy though.

A figure came out and it was NANONANODA from episode 6 of Gokaiger!

---

He was sent to obtain a tree that bears gold so the Zangyack could have unlimited funding. He has the ability to make himself invisible and is able to sneak into any security system. He uses his abilities to infiltrate the Kasugai Mansion where the tree is kept. He almost goes past the security when Luka (who was hired as maid so she can get a ring) stumbles upon him. The surprise causes him to set off the traps out of the building where Luka as Gokai Yellow drives him off in exchange for a larger sum.

He returns to the mansion with the Gormin and catches it on fire which the Gokaigers point out would actually destroy the tree as well to his horror. While Luka goes to get the rabbit doll that belongs to Komaki, the other Gokaigers fight the Action Commander assuming the forms of the J.A.K.Q. Once Luka comes back out of the mansion, they defeat him with the Final Wave. After Insarn grows Nanonanoda with the Gigant Horse cannons, the Gokaigers form Deka GokaiOh to hurl him intom space and destroy him with the Gokai Full Blast

---

Me: Whoa! We never saw you before.

Eli: Nanonanoda! You were sent to get a tree that bears gold so that the Zangyack can have Unlimited Funding and you are also an amazing spy and espionage master.

Nanonanoda: That's right Eli. Good memory on you.

Eli: I never missed an episode.

Nanonanoda: It's a shame I wasn't adapted in America.

William: I guess it's because one of the unadapted teams was featured.

Me: That's true. Man what a ripoff!

Nico: Yeah.

Jessica Herleins: But I would be awesome and honored to try my power out on you as my archenemy.

Snow White 2: Mind if I joined you in the Redemption team?

Jessica Herleins: Sure.

Marge: I'll join too.

Nico: Cool! Awesome group.

Nanonanoda: Awesome!

We got the usual battles underway.

# Whenua, AncientVolcanomon (Frontier), Applejack, Apple Bloom, Earth Skylanders, Tahu, Gali, Lewa, Onua, Pohatu, Kopaka, Takanuva, Choji, Gyro Man and Charge Man VS Goliath - Mr. Pigeon is a stupid Akuma

---

Goliath was first.

Goliath: (to Whenua) Mr. Pigeon is a stupid Akuma. Gabriel was right in saying that he should've just Akumatized a monster truck driver instead.

Whenua: Yeah Pigeons are really stupid and so was Mr. Pigeon. Especially after how we had to deal with Frankie the Pigeon.

AncientVolcanomon (Frontier): Yeah that bird was one dumb chicken.

Applejack: I've never been really fond of pigeons especially after what Serigeo and Sancho do all the time when they party.

Apple Bloom: Yeah I don't like pigeons either. They are stupid birds.

Flashwing: Those birds are stupid. And they are totally disease infested vermin.

Tahu: You got that right.

Gali: Pigeons are such stupid birds.

Lewa: Yep they sure are.

Onua: Frankie the Pigeon was a prime example of a bad pigeon.

Pohato: Yeah he sure was. Same with Sancho.

Kopaka: And they are ugly birds too.

Takanuva: Nico really gave Mr. Pigeon a good smackdown.

Choji: He sure did.

Avalanche: Wow! Yeah he did say that he faced Mr. Pigeon when he met Marinette the first time.

Whenua: Mr. Pigeon was one seriously screwed up deadbeat villain.

Avalanche: Yeah Hawk Moth sure made a REALLY BAD Villain. Lets do it!

They fired waves of earth, rock, crystal and apples and elements and smashed him down.

Whenua: OH YEAH!

Applejack: YEEHAW! That was great!

## Zoe Orimoto, Kazemon & D'Arcmon, Lola Namiko, AncientKazemon, Rainbow Dash, Scootaloo, Air Skylanders, Maya Kona, Sailor Venus, Sakura Avalon, Strut, Roscoe, and Desoto VS Mirror Master - Glad Sabine is all right

Mirror Master was next.

Mirror Master: (to Zoe) I'm glad Sabine's all right. But now, we know what she would've looked like Akumatized if the Lila Rossi from this universe didn't shoot her.

Zoe: You're not kidding there! And those Wind Powers that Sabine has are amazing. She makes an amazing addition to the wind users.

Kazemon: I agree too. She is really gifted there.

D'Arcmon: I agree there as well. The Dark Orb she had gave her amazing powers too.

Lola Namiko: It was really awesome seeing Sabine as an Akuma. At least she was turned into one by a dark orb and not Hawk Moth.

AncientKazemon: That is really cool. Maybe we can destroy the

Dark Orbs still left on Earth that way.

Rainbow Dash: That would be awesome to help speed the process of their destruction along.

Scootaloo: Yep and those Dark Orbs are nothing but trouble.

Whirlwind: You are not kidding there either.

Maya Kona: Sabine looked awesome though as an Akuma though. She had amazing wind powers.

Sailor Venus: Thank goodness that Sabine is back to normal and now has awesome wind powers too.

Sakura Avalon: She sure does.

Mirror Master: Yep. Lets do it!

They fired waves of wind, rainbows and lightning and energy chains and smashed him down.

Zoe: YEAH!

Rainbow Dash: That was AWESOME!

---

## Tyler Bowman, AncientTroiamon, Fluttershy, Tornado Bolt, Life Skylanders, Vakama, Nokama, Matau, Nuju, Onewa, Whenua, Sonic, Tails, Robin Food and Mushi VS Touch & Go - 7 planets in the Solar System down for Races and 2 to go

---

Touch & Go were next.

Mr. Touch: (to Tyler) That's 7 planets in the Solar System down for Races. And only 2 to go.

Tyler Bowman: Yep we only have Mercury and Neptune left.

AncientTroiamon: Yep and I cant wait to see what they are like.

Mercury especially.

Fluttershy: I would like to see what Neptune is like as we race through it. I think it looks amazing.

Tornado Bolt: Neptune is beeautiful. I heard that it also has the most fastest wins in the solar system.

Stealth Elf: At 1,500 miles per hour from what I heard.

Vakama: It's amazing what we saw about it. The Satellite images taken from the Voyager 2 Satellite back in the 80's were ready amazing.

Nokama: They sure were amazing.

Matau: The clouds were moving so fast that it was unprecidented.

Nuju: Yeah they sure were amazing.

Onewa: Uranus was really cold though. The clouds were cold and brutal. They even flash-froze Skulker's arm in a split-second.

Whenua: That is crazy cool.

Sonic: Temperatures as cold as liquid nitrogen.

Tails: That was amazing to see.

Mr. Go: That is something.

Mr. Touch: It sure is. Lets do it!

They fired waves of wood, leaves, flowers, elements and energy and smashed them both down.

Tyler Bowman: OH YEAH!

Fluttershy: That was fun.

Rocket Raccoon, AncientSphinxmon, Princess Luna, Moondust, Snowdrop, Children of The Night, Dark Skylanders, Optimus Primal, Rhinox, Cheetor, Rattrap, Tigatron, Airazor, Silverbolt, Prowl (Lion), Ironhide, Depth Charge, Dinobot, Wolfang, Polar Claw, Nightscream, Bonecrusher, Spiderman, Bludgeon and Bitstream VS Trapster - Abraham Simpson gives all fathers EVERYWHERE a really bad name

---

Trapster was next.

Trapster: (to Rocket) Abraham Simpson gives all fathers EVERYWHERE a really bad name. And yet, his son actually turned out successful!

Rocket Raccoon: Yeah I don't know if Abraham hates Homer or he is just plain stupid. Homer has turned out to be a much better father than Abraham ever could be!

AncientSphinxmon: In my opinion I don't know what Mona was thinking marrying a total jerkwad like Abraham Simpson. He treated her and Homer like nothing but trash and called Homer a mistake. (Season 6 Episode 10)

They gasped!

Trapster: He really said that!?

AncientSphinxmon: That's not the worst of it. He took the supplies of a man he had with him climbing the Murderhorn and left him up there for dead to freeze to death. (Season 9 Episode 23)

They gasped again!

Princess Luna: He has absolutely no honor for anything!

Moondust: And I heard he took Homer's recipe cards that Mona gave him and threw them over a cliff and even threw Mona's car and everything that reminded him of her over a cliff! (Season 29 Episode 18)

They gasped once more!

Snowdrop: How can an old man be so heartless and ruthless!?

Gari: He has no love for anyone!

Blackout: What a heartless and total asshole!

Optimus Primal: Mona and Abraham's marriage was a totally toxic relationship from the very beginning.

Rhinox: It's like his heart only knows hatred and nothing more.

Cheetor: I would have ripped him to pieces!

Rattrap: Yeah what a monster!

Tigatron: He has no respect for anyone he comes into contact with.

Airazor: I'm glad we sent him to the Saturn Insane Asylum.

Silverbolt (Eagle): Yeah me too. What a savage beast.

Prowl (Lion): Yeah I don't know what Mona was thinking marrying that guy.

Ironhide (Elephant): Boy me neither. What a monster!

Depth Charge: It's like he totally lost his humanity the very moment she had Homer.

Dinobot: An absolute fool! He has no honor.

Wolfang: Yeah no kidding. What a monster.

Polar Claw: He needed to be thrown in a prison instead of a retirement home but they had no evidence to show his crimes.

Nightscream: Except for Homer finding that body on top of the Murderhorn. That should have been evidence enough.

Bonecrusher: Yeah I agree there.

Spiderman: What a jerky weasel!

Trapster: Man Abraham is a monster. To quote Comic Book Guy: WORST… FATHER… EVER!

They laughed.

Rocket Raccoon: You got that right.

Trapster: Yep. Lets do it!

Optimus Primal: Time for some serious action! Optimus Primal, MAXIMIZE!

He transformed!

Rhinox: This is gonna be always awesome. Rhinox, MAXIMIZE!

He roared and transformed.

Cheetor: I'm always up for this fun. Cheetor, MAXIMIZE!

He transformed.

Rattrap: I even heard rumors flying around that the Live Action Transformers universe will meet Maximals, Predacons and Terrorcons. That will be awesome to see. Rattrap, MAXIMIZE!

Rattrap transformed.

Tigatron: That won't happen for a while though but that will be amazing to see. Tigatron, MAXIMIZE!

He transformed.

Airazor: I hope the Maximals of the Live Action Universe are as cool as us. Airazor, MAXIMIZE!

She screeched and transformed!

Silverbolt: That will be an amazing sight to behold. Silverbolt, MAXIMIZE!

He transformed too.

Prowl: I'm actually looking forward to meeting the Live Action Transformers. Prowl, MAXIMIZE!

He transformed.

Ironhide: Boy me too. Especially if we but heads with the Predacon Megatron there. Ironhide, MAXIMIZE!

He transformed too.

Depth Charge: I hope we don't meet another Protoform X there. Depth Charge, MAXIMIZE!

He transformed too!

Wolfang: That would not be good. I heard about what happened on Colony Omicron and that was terrible. Wolfang, MAXIMIZE!

He transformed.

Polar Claw: Yeah what Rampage did was terrible and replicating Starscream's Mutant Indestructible Spark was a mistake from the very beginning. Polar Claw, MAXIMIZE!

He transformed!

Nightscream: Throwing it into the sun was a very wise decision. Nightscream, MAXIMIZE!

He transformed too.

Bonecrusher: I agree too. Bonecrusher, MAXIMIZE!

He transformed!

They fired waves of darkness and energy and smashed him down.

Rocket Raccoon: YEAH BABY!

Turtle (DC) - Erica punching Marge in her face and Abraham getting chewed out by us

---

Turtle was next.

Turtle: (to Hikaru) Erica punching Marge in her face was justified. And so was Abraham getting chewed out by us.

Hikaru: Yeah they totally had it coming. Especially Abraham for calling Chief Wiggum for calling Chief Wiggum a fat tub of lard.

AncientGarurumon: Yeah who does Abraham think he is?

Princess Celestia: Thank goodness we'll never see his ugly face again.

Spotlight: Yeah they should have pulled his eyes out the minute he was given pills made from the Springfield Silvertongues. (Season 22 Episode 15)

Scorponok: That would have been cool if he was made blind because of that.

Terrorsaur: Yeah he had it coming for everything he did.

Tarantulas: He was a total monster from the very beginning.

Inferno: He most sure was and not fit for royalty.

Waspinator: Waspinator would love to have stung him.

Blackarachnia: I hope they give Abraham the worst kind of torture they can muster at the Saturn Insane Asylum.

Spittor: Yeah after everything he did, he doesn't deserve one single ounce of pity.

Transquito: You got that right. What a jerkball.

Retrax: Serves him right for abusing Homer and forcing Mona to run away.

Sea Clamp: Yeah Nico may be forgiving to Agnes and Marge but the 2 people. No, make that 4 monsters from Springfield we can never forgive.

Ram Horn: And they are Mayor Quimby, Jebediah Springfield, Mr. Burns and Abraham Simpson.

Cicadacon: I agree. Those 4 deserve nothing short of pain and suffering.

Carapace: Yep. They sure do.

Turtle: Yeah I hate those clods. They deserve to be destroyed. Lets do it!

Scorponok: At least Quimby, Jebediah Springfield and Mr. Burns are in the fires of Oblivion forever. Scorponok, TERRORIZE!

He transformed!

Terrorsaur: I can't believe they did all that to the country and to the environment. Terrorsaur, TERRORIZE!

He transformed.

Tarantulas: No wonder everyone hated their guts. Tarantulas, TERRORIZE!

He transformed!

Inferno: What they have done makes them nothing more than evil traitors to the royalty. Inferno, TERRORIZE!

He transformed!

Waspinator: Waspinator not like them one bit. Waspinator, TERRORIZE!

He transformed.

Blackarachnia: What they have done makes them worse than anyone we know. Blackarachnia, TERRORIZE!

She transformed.

Spittor: It's just absolutely horrible that there are many people like them that have done so many terrible things. Spittor, TERRORIZE!

He transformed!

Transquito: And to make it worse, Jebediah Springfield tried to assassinate President Washington over 200 years ago. He is a true traitor. Transquito, TERRORIZE!

He transformed.

Retrax: But Mr. Burns was worse he had a LOT of contempt and hatred towards the entire planet and everyone. Retrax, TERRORIZE!

He transformed!

Sea Clamp: Yeah and Mayor Quimby was stealing billions of dollars from the country in massive pyramid schemes and everything all just to become the worst adulterer ever. Sea Clamp, TERRORIZE!

He transformed!

Ram Horn: By all accounts Marge would have made a much better mayor than Mayor Diamond Joe Quimby. (Season 29 Episode 6) Ram Horn, TERRORIZE!

He transformed!

Cicadacon: I agree. And with Mr. Burns gone she can run the political office of Springfield completely unimpeded without manipulation and threats. Cicadacon, TERRORIZE!

He transformed!

They fired waves of energy and elements and light and smashed him down.

Hikaru: OH YEAH!

Princess Celestia: That was so awesome!

Brody: There's plenty of fish in the sea for them. But we are really happy for them too.

AncientMegatheriummon: I agree. They will find someone that's perfect for them.

Starlight Glimmer: I agree. It's just a matter of time.

Cozy Glow: They'll find someone that they will be together with.

Hex: Yes they will.

Cybertron Scourge: We got all the time in the world.

Snarl: Yeah we sure do.

Undermine: I'm willing to bet that Sydney will be with J.D. because he did help her out when everyone first met them.

Brimstone: Yeah we weren't with everyone back then when they met

Sydney and everyone in the underground city.

Backstop: (Arnold Schwarzenegger Accent) Yeah. But it'll be awesome to help them out. I hope Maxxine likes Kaz.

Leobreaker: Not a bad idea there.

Captain America: I think so too.

Taskmaster: That is a good idea. Lets do it!

They fired waves of stars, magic, bones and elements and smashed him down.

Brody: WOOHOO!

Starlight Glimmer; That was amazing!

---

Anti-Wanda was next.

Anti Wanda: (to Loni) Queen Grimhilde REALLY is the worst monster ever! I wish you guys had turned her back into an old hag so she would've been easier to kill!

Loni: Not that it totes would have mattered anyway. She killed Snow White.

AncientGreymon: Yeah what she did makes her nothing but a ruthless monster.

Sunset Shimmer: Her crimes are completely unforgivable.

Pip-Squeak: (British Accent) What a heartless monster!

Sunburn: Yeah she brought all this on herself no matter what she looked like.

Override: I agree there. Old or young she brought it on herself.

Dirt Boss: Boy she sure did. What a monster.

Ransack: Yep sure got what was coming to her.

Crumplezone: Yeah no kidding.

Breakdown: Yeah what a tyrant and a freak!

Patrick belched.

Patrick: Uh what are we talking about?

They laughed.

Anti-Wanda: That is funny. Lets do it!

They fired waves of magic, energy, fire and gravity and smashed her down.

Loni: That was totes fun!

Sunset Shimmer: That was amazing!

---

Dumbbelltron was next.

Dumbbelltron: (to Ben 10,000) I'm glad Qin has her little sister Mirai back. And she's a Lightning Angel Gene-Slammer.

Ben 10,000: Yeah and now she and Qin are both Gene-Slammers. That is really awesome.

AncientWisemon: It sure is. One is a Komodo Dragon Gene-Slammer and the other is a Lightning Angel from Magic The Gathering.

Pinkie Pie: That is really amazing to see.

Featherweight: It sure is amazing.

Sprocket: Yeah it sure is cool.

Metroplex: (Scottish Accent) Aye. It sure is amazing wee laddies. Qin and Mirai are amazing lassies now.

Quickmix: (Irish Accent) I think they are amazing too lads.

Menasor: (Irish Accent) Now both are amazing sisters of gene-slamming power.

Dik-Dik Van-Dik: Yep.

Optimus Prime, Hot Shot, Jetfire, Vector Prime, Landmine, Scattershot, Override, Scourge, Starscream, Metroplex, Leobreaker, Red Alert, Ironhide (Energon), Sonar, Runway, Jetstorm, J.D. Knudson, Rad, Carlos, Alexis, Kicker, Misha, Coby, Lori, Bud, AncientBeetlemon, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Aria Blaze, and Juniper Montage VS Evil-Lyn - No Idea what is going to await us on the Live Action Transformers World

---

Evil-Lyn was next.

Evil Lyn: (to Optimus) I have no idea what's going to await us on the Live Action Transformers World right now. But we'll know when Starlight gets there.

Optimus Prime: The World of the Live Action Transformers is gonna be an amazing challenge for all of us. But after everything that happened there because of Sentinel Prime we got our work cut out for all of us.

Hot Shot: Yeah we sure do. It's gonna be a dangerous challenge when we get there.

Jetfire; (Australian Accent) No Kidding mates. Sentinel Prime really messed up that whole world.

Vector Prime: Yes it was a most terrible and awful sight that happened there.

Landmine: I can't believe that all that happened there because of Sentinel Prime.

Scattershot: Yeah being in stasis for that long really damaged his mind somewhat.

Override: It sure did. Poor guy was in stasis for so long and he was completely out of his element.

Scourge: No kidding. But at least Sentinel Prime in the Live Action universe is not like the one from the Animated universe.

Starscream: That is true. I hate that big chinned freak.

Metroplex: Aye! I think everyone on Cybertron hated him.

Leobreaker: Yeah they sure did. What an arrogant freak!

Red Alert: They sure did.

Ironhide (Energon): No kidding. But I have an idea on how we can make Starlight Glimmer's future ambassador mission awesome.

Me: What is it Ironhide?

Ironhide: We can have one of us represent each faction of the Transformers. Like for example, Nico being the new leader of the Decepticons.

Sonar: That's not a bad idea. We'll have to take a huge vote on that.

Jetstorm: That's agreeable.

Runway: Yeah it sure is.

Me: We'll have to have a meeting in the briefing room to decide on that but that is a very good idea. Since Lori Jimenez has been like a sister to Override she can be the leader representative of the planet Velocitron.

Override: That's a good idea.

Lori Jimenez: Yeah it sure is.

Rad: And I can represent the Minicons.

Carlos: Awesome!

Alexis: I can represent the Decepticons of Planet X.

Kicker: I can represent the Transformers of Gigantion.

Misha: I think that's cool.

Coby: I can represent the Transformers of Earth.

Bud: And I can represent the Transformers of Animatron.

AncientBeetlemon: Like J.D. said we'll have to take a vote on that and some of us will have to represent the Maximals and the Predacons.

Twilight Sparkle: It's gonna be a big vote.

Sunny Starscout: It sure is.

Spyro: But we can do it.

Aria Blaze: We sure can.

Juniper Montage: Good idea though.

Evil-Lyn: It sure is. Lets do it!

We fired waves of elements, magic and energy and smashed her down.

Marionette Shadow was next.

Marionette Shadow: (to Style Queen) Gabriel renounced his Hawk Moth identity. And yet, J.D. and Lincoln are still facing more of your fellow Akuma?!

Style Queen: That is crazy! But I think it's amazing myself.

AncientMermaimon: I hope they are just clones though.

Rarity: After what happened in Paris that would not be good to hurt people turned into villains like that.

Sweetie Belle: No it sure wouldn't.

Gill Grunt: That was a terrible experience.

Pinocchio: Yeah it sure wasn't fun.

Sora: That was awful.

Donald: Yeah no kidding.

Goofy: It sure was crazy.

Kairi: Big time crazy.

Riku: Yep it sure was.

Aqua: That was nuts.

Marionette Shadow: Crazy is right. Lets do it!

They fired waves of water, ice, jewels and energy and smashed him down.

Style Queen: Take that!

Rarity: Rapture darling that was grand!

Jessica Herleins, Marge and Snow White 2 VS Nanonanoda

---

Nanonanoda was next.

Nanonanoda: What is the Island of Gorm like?

Jessica Herleins: It's a beautiful place but the 4 tribes of Air, Forest, Sea and Earth are always locked in battle with the evil forces of the

Volcano Tribe. They represent the elemental force of Fire. I am the champion of the Air Tribe and we are the masters of the sky and we represent the force of Wind.

Nanonanoda: That is amazing and your friends are really awesome. What tribes do they represent?

Jessica Herleins: Nick represents the Earth Tribe and they are the masters of the mountains, rocks, canyons and caves. Lucas represents the Forest Tribe and they are the forces of nature, wood, grass, flowers, trees and animals and Toby represents the Sea Tribe which is around the forces of water and the oceans.

Nanonanoda: That is amazing. The Island of Gorm must be a total warzone for supremacy.

Jessica Herleins: It sure is. It's one of the battles that's as old as time itself, Battles of The Elemental Forces.

Marge: Oh my goodness.

Snow White 2: That is amazing.

Nanonanoda: It sure is. Wow. That is a tremendous responsibility that you were bestowed with your friends.

Jessica Herleins: It sure is.

Nanonanoda: That is amazing. Lets do it!

Jessica fired waves of wind and Marge and Snow White 2 threw rocks and smashed him down.

Jessica Herleins: That was awesome for Wind!

---

Super Megaforce Rangers, Nico, Eli, Nunnally, Apple Bloom, Lana and Lisa Loud VS Nanonanoda

---

Nanonanoda was up for the Super Megaforce Battle.

Nico: Did you have fun with your first ever battle with Jessica?

Nanonanoda: I sure did. It was really cool learning all about what she and her friends do on the island of Gorm.

Nico: Gorm is a really amazing island. Now lets crack your safe.

Nico teleported and opened Nanonanoda's safe and in it was a bunch of swords called the Defenders of Insomnia and The Lucis Bloodline, they're large swords with the symbol of the Kingdom of Lucis etched on the 6'5" massive, wide, double-edged royal blue blades, large silver wings for the hilts, large royal blue gems for the hilts, longer black handles, and large faceted silver sphere pommels with surrounding royal blue gems. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with them.

Megaforce Rangers: LETS POWER UP! SUPER MEGA MODE!

They turned into their Super Megaforce Ranger Forms!

Nico: Lets get him!

Super Megaforce Rangers: SUPER MEGA CANNON!

They called the Super Mega Cannon and activated it with their keys and charged it up.

Nico: Here we go! FIRE!

They fired energy and elemental blasts and the blasts all hit Nanonanoda and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: OH YEAH! Nanonanoda, you have failed this city!

Troy Burrows: Rangers that's a Super Mega Win.

We cheered wildly and regrouped.

Taskmaster (to me, Allie, Starlight Glimmer, Peyton, Georgina, Eli, May, me, Laney and Lana): Congratulations for winning the race.

Me: Thanks, Taskmaster.

Anti-Wanda: You guys earned it!

Me: Same to Georgina and Peyton.

Dumbbelltron: Now, we can eat Grimhilde's apples.

Evil Lyn: You sure they're safe?

Marionette Shadow: We're immune to poison, remember?

Me: Don't worry these apples are not poisoned and they are safe to eat.

Evil Lyn: Good.

Me: But great job everyone. Lets go home.

Pete: (To the viewers) This was an awesome race everyone! Hope you all like the next one.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome race in the books.

This was one of the most coldest races we've ever done and it was really awesome. Uranus is one of my favorite planets in the Solar System and it is so cool how Uranus is tilted almost at a perfect vertical angle. The 2 parts in the chapter were for Miraculous Ladybug and they were Qilin which appeared on October 23rd, 2021 and for Mr. Pigeon. They were both amazing. But Mr. Pigeon was a stupid one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for me is gonna be in New York City and we're going to meet Professor Sherman Klump from the movie The Nutty Professor and we're going to help him face Buddy Love and make him pay for his crimes and we're going to make sure that Buddy never returns and Professor Sherman Klump is free of him and we're also going to meet a Blue Water Angel named Nereid and a Osprey Gene-Slammer named Eryka Logan. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Maya Kona the Venusmon Gene-Slammer, Megan McCallister and Aarna the Copperajah Gene-Slammer are going on that rescue and Megan is going to transform in that one so I'll need the transformation sequence please. For Lincoln's rescue that one will face the Scooby Doo monster The Ghost of Pervis Parker and Lillian Hale, Cornelia's Little Sister is going to transform in that one too. The Next Race is going to be a REALLY HOT one and that is going to be a race around the crater battered planet Mercury and we're going to see more of the 1st Planet from the Sun! I originally was going to do Rudolph's Shiny New Year but I decided not to do that one.

See you all tomorrow!

# RACE AROUND MERCURY

GET READY FOR A REALLY SCORCHING HOT RACE!

---

Over in New York City, New York, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Maya Kona the Venusmon Gene-Slammer, Megan McCallister and Aarna the Copperajah Gene-Slammer are there for one of the most really bizarre and most unusual rescues we've seen. Something is telling me that this was gonna be a really strange rescue.

Aarna Ramachandran: (Indian Accent) Where are we this time?

Me: New York City and something is telling me that this is gonna be a really bizarre rescue.

Megan McCallister: Boy I remember that Kevin busted the Wet Bandits here a second time and that served as a really big wakeup call for me.

Maria: Boy it sure did Megan. You saw your bro as a hero that busted the same bad guys twice in 2 years. That is amazing.

Eli: It sure is. Cornelia is really proud of Kevin too. Just like you are with him.

Megan McCallister: That's true. I'm proud of my bro.

Simone: We all are Megan.

Miranda: Man I can't wait to start shopping here. This city has everything.

Gina Pele: Not only that but New Years Eve is tomorrow and Time Square is gonna be crowded to the rafters when they drop the ball tomorrow night.

Haumia: That is gonna be something to see.

Maya Kona: It sure will be awesome to see as 2021 comes to a close tomorrow.

Aarna: That will be amazing to see.

Aarna concentrated and groaned as her hair fell out.

Nicole Chan: I can't wait for 2022 to come.

Me: Me too.

Natalie Griffin: We all have big plans for this year.

Aarna turned into COPPERAJAH!

Maria: Keep an eye out for anything suspicious.

Me: Okay.

Eli: Wait I sense something. It's coming from in that building.

We saw that Eli was pointing to an office building and we saw 2 big guys go in and they were familiar.

Me: Wait a second. That's professor Sherman Klump and his dad.

Maria: From The Nutty Professor!? Oh wow they are awesome!

Me: That must mean we're going after Buddy Love. Lets go!

We went in and caught up with them.

Me: Professor!

Professor Klump: J.D. Knudson! Team Loud Phoenix Storm it's an honor.

Me: Same to you. We came to help you get rid of Buddy Love.

Professor Klump: Great! Lets get that monster!

We went to the top floor and we went into an office and we saw BUDDY LOVE!

---

Buddy Love is Sherman Klump's Alter Ego and the main antagonist of the films. He first started out as the result of Sherman inventing a formula designed for the user to shed weight instantly. At first Buddy was merely Sherman, only thinner, but due to Sherman hiding his identity in combination with the extreme rise of testosterone; Buddy became a separate personality all his own. Buddy behaves in a cruel and overly assertive manner, a complete opposite of the kind-hearted, loving and friendly Sherman. In the first film, he attempts to destroy Sherman for good while in the second film, he attempts to capitalize on Sherman's youth formula and become rich off it.

He eventually becomes a separate entity from Sherman in The Nutty Professor II when he is extracted from his DNA after Sherman begins acting in the same cruel manner as Buddy, causing him to upset Cletus Klump and Denise Gaines with his actions. After the extraction, Buddy accidentally combines with the DNA of Buster, a Basset Hound who caused a loose fur to to bring him back to life but also causing him to develop dog-like qualities to his personality. Buddy being split from Sherman causes the latter's brain cells to deteriorate. Sherman reduces Buddy to a baby and then a gel-like substance with an upgraded version of his youth formula in order to regain his intelligence. As Buddy evaporates into a fountain, Denise's tears reconstitute Buddy's genetic makeup and Sherman drinks the water, thus restoring his brain functions.

---

Me: REACH FOR THE SKY BUDDY LOVE!

Buddy Love: Well if it isn't the Firebird Wuss Patrol!

Nicole Chan: And if it isn't Mr. Blister Chewer himself!

Maria: You seriously couldn't wait until 2022?

Buddy Love: Why wait when I can have fun now.

Megan McCallister: Why wait when I can have fun with you right now Chunky Butt!

Suddenly, Megan McAllister's eyes turned neon pink, and she was surrounded by a pink energy aura with stars, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Buddy Love, she left pink energy, stars, life energy, and angels with every step. Then, Megan McAllister was surrounded by a massive vortex of pink energy with stars, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Megan McAllister emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Megan McAllister grew to 6'0" in height, she had the body of a goddess, she had blue highlights in the bangs of her long brown hair, she has neon pink eyes and a pink energy aura with stars, life energy, and angels surrounding her, she has a phoenix with the Star Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Star Kanji in its claws and a necklace with a phoenix holding the Star Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with hot pink phoenix on it, green skirt with stars on them, pink stripped pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and stars on the coattails and on the back is a phoenix with light surrounding it. There's a pink kanji right below the phoenix that said, "Megan McAllister, Loving Sister of Kevin McAllister, Awesome Member of Team W.I.T.C.H.J.E.M.M.L., Guardian of Kandrakar, Destroyer of Dark Nerissa, Phobos, and Dark Samus, Humiliator of The Wet Bandits, Slayer of Evil, Master of Quintessence, Stars, and Life Energy, Awesome Pen Pal of Cornelia Hale, and Amazing Member of Team Loud Phoenix Storm."

ミーガン・マカリスター、ケビン・マカリスターの愛する姉妹、チームWITCHJEMMLの素晴らしいメンバー、カンドラカーの守護者、ダーク・ネリッサ、フォボス、ダーク・サムスの駆逐艦、ウェット・バンディットの屈辱者、悪の殺し屋、クインテセンス、スター、ライフ・エナジーのマスター、コーネリアヘイルの素晴らしいペンパル、そしてチームラウドフェニックスストームの素晴らしいメンバー

Megan McAllister has transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE STAR PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Megan McAllister's Super Angel 750,000,000,000 transformation, and she fired a powerful blast of stars at Buddy Love and sent him flying back first into a wall.

CRASH!

He was down.

Megan McCallister: (Divine Echoing Voice of Stars and Stellar Hope) **How does it feel to be on the other end of the whooping stick Chunky Butt!?**

?: You show that monster!

A Water Wing Angel came in and so did an Osprey Gene-Slammer!

Me: Whoa! A Water Winged Angel and an Osprey Gene-Slammer.

Nereid: Yep. My name is Nereid.

Flightclaw: And my name is Eryka Logan but in this form I'm called Flightclaw.

Eli: Wow! Half-Human and Half Osprey.

Me: One of Dr. Arthur Paradigm's gene-slammer projects I'll bet.

Flightclaw: Yep.

Maria: Cornelia's going to be very proud!

Megan McCallister: **I can tell she will be.**

Flightclaw: Lets bring this guy to justice.

Nereid: But first Professor Klump how did Buddy separate from you?

Professor Klump: It was because of an experiment I did. I was trying to work on making Buddy a separate person.

Me: It worked a little too well.

Buddy got up.

Miranda: He sure is tough.

Natalie Griffin: Hope he likes prison bars.

Me: Or better yet, how about the Cryo-Prison in Neptune?

I fired a rainbow beam and trapped him in a rainbow straitjacket and beamed him to the Neptune Cryo-Prison and I snapped my fingers and made Professor Klump's brain work better without Buddy. Then I had Eli and Syrus cover their eyes and I put on my blind man glasses and then I snapped my fingers again and Aarna and Eryka were reverting back.

Aarna: (regains her hair) Are you exited for the New Year?

Eryka: I sure am and man I'm gonna be glad the year is over.

Eryka was topless and Maria gave them both new clothes.

Eryka: Wow! This shirt is awesome.

Megan McCallister: Boy that was awesome. (Sees Eryka's chest) Wow you are really ample.

Eryka: I know. I was born with the body of a goddess.

Nicole Chan: You sure were. Wow.

Eryka: I already came to an understanding with my Osprey half so I'm good. No pain this time. But man do you guys have any fish? I'm hungry.

Me: We got tons of fish back home.

Eryka: Awesome.

Maria: Now, if only all Gene Slammers can come to the same understanding.

Eryka: I know.

Me: We have met many gene-slammers all over and they have gone through amazing experiences.

Simone: It's true. It's amazing at what happened to many of us.

Miranda: No kidding.

Megan McCallister: Lets get you some grub.

Eryka: Good idea. As long as there are bugs too.

Me: You will love my friend Lana and Timon & Pumbaa. I got to get ready to help Mikey Kudo shortly. Me and the Goths of Darkness and the Dark Signers are heading to the Vampire Zone to destroy NeoMyotismon.

Maria: This is gonna be awesome.

We later went back home.

---

After dealing with Buddy Love again, Lincoln, Me, Nico, Eli, Nicole, Taranee Cook, Cornelia Hale, Luna Loud, Sam Sharp Loud, Tabby, and Lillian Hale were heading right down to Coolsville and not only is Lincoln going to rescue the fifteen girls there, but we're also going to face The Ghost of Purvis Parker, another foe of Mystery Inc. from when they were kids.

Lincoln: Ah, we're back in Coolsville, and I think I know what we're going to do here, not only am I going to rescue the fifteen girls there, but we're also going to face The Ghost of Purvis Parker.

Me: That's right, big guy. I should've guessed that rock star ghost would be coming back. But, when we captured him long ago, The Ghost of Purvis Parker was none other than Mr. Dilton, who disguised himself as the Ghost of Purvis Parker in order to ruin Buddy Chillner and steal all of Pervis Parker's Gold Records even though Pervis Parker was never dead to begin with and he just wanted some peace and quiet.

This got to Luna, Sam, and Tabby.

Luna Loud: What, trying to ruin a fellow musician's career? Dude, that's not cool.

Nico: You said it, Luna. (To Me) And I'm also going to guess that he got sent to prison after you guys caught him.

Me: Yep, Mr. Dilton was sent to prison for kidnapping, theft and sabotage and was sentenced to 65 years in prison, but I got a call from the Warden this morning, and he told me that Mr. Dilton has escaped from prison, and he's here in Coolsville.

Lincoln: Which also means he's wanting revenge on Mystery Inc for ruining his plans and throwing him in prison long ago.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fifteen girls, but they've been cornered by The Ghost of Purvis Parker, and he's going to kill them.

Lincoln: Guys, I found the fifteen girls, but they've been cornered by The Ghost of Purvis Parker, and he's going to kill them. Let's put the kibosh on his comeback performance.

We rushed on over, and Lincoln fired a powerful rainbow energy blast at The Ghost of Purvis Parker, and it hits and burns him badly. When The Ghost of Purvis Parker saw us, he was really mad.

Lillian Hale: I've had it up to hear with this rockstar ghost to last an eternity.

Suddenly, Lillian Hale's blue eyes turned neon blue, and she was surrounded by a pink energy aura with light, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached The Ghost of Purvis Parker, she left pink energy, light, life energy, and angels with every step. Then, Lillian Hale was surrounded by a massive vortex of pink energy with light, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Lillian Hale emerged, but she was changed forever.

Lillian Hale's transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE CELESTIAL PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Lillian Hale's 750,000,000,000 transformation, but when The Ghost of Purvis Parker saw it, he fell into a rage and tried to attack, but Lillian Hale fired a powerful blast of light, and burned him badly.

Cornelia Hale: I can't believe it, my little sister's now become a young woman, I'm so proud of her.

Taranee Cook: We all are, Cornelia.

Lillian Hale: (Divine Echoing Cosmic Voice of Light and Kandrakar Justice) **Alright, everyone, let's get him.**

Lincoln: Your comeback concert's about to be cancelled for good!

Me: The REAL Purvis Parker is not dead you idiot!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and we also transformed and unholstered our massive swords from our backs, and we went at The Ghost of Purvis Parker, and we fired powerful blasts of rainbow energy, elemental forces, life energy, and light at him, and they exploded with incredible power as they hit them. Then, Lincoln tied The Ghost of Purvis Parker up in an indestructible rainbow energy straitjacket, so he couldn't escape.

We holstered our massive swords on our backs and power down, and Lillian Hale's new body, clothes, weapons, jewelry, and angel wings are permanent, and Cornelia went up to Lillian, and they hugged.

Lincoln: It's all over, Ghost of Purvis Parker, or should I say, Mr. Dilton.

Lincoln removed the mask, and it was indeed none other than Mr. Dilton. Nikiya arrived, along with Sheila Castille and Tom Lair.

Nikiya: Nice job, everyone. Mr. Dilton's looking at Life in Prison Without Parole for what he tried to do.

Mr. Dilton: And I would've gotten away with it, if it weren't for you meddling kids!

Lincoln: I know this line's been said more than once, but, tell it to the judge!

Me: Take him away guys!

Sheila and Tom loaded Mr. Dilton in the police car, and drove him back to prison. Then, Lincoln and Nicole went up to the fifteen girls there, and when Lincoln saw them, he immediately recognized them. The fifteen girls were Sohara Mitsuki from Heaven's Lost Property, Mitsuka Yoshimine, Neneko Izumi, and Miu from the Dears anime, Hazuki Yazakura, Mutsuki Ichimonji, Satsuki Gokajou, Kanna Togakushi, Yayoi Sanzenin, Uzuki Shitenno, Minazuki Rokumatsuri, Nagatsuki Kuron, Fumitsuki Nanakorobi, and Kisaragi Ninomai from Happy Lesson.

Lincoln: Oh wow, it's Sohara Mitsuki, Mitsuka Yoshimine, Neneko Izumi, Miu, Hazuki Yazakura, Mutsuki Ichimonji, Satsuki Gokajou, Kanna Togakushi, Yayoi Sanzenin, Uzuki Shitenno, Minazuki Rokumatsuri, Nagatsuki Kuron, Fumitsuki Nanakorobi, and Kisaragi Ninomai.

Nicole: From Heaven's Lost Property, the Dears anime, and Happy Lesson, awesome.

Lincoln: Are you girls okay?

Sohara Mitsuki: Yeah, we're okay, thanks to you.

Then, when Sohara Mitsuki and the other fourteen girls saw who it was that saved them from Mr. Dilton A.K.A. The Ghost of Purvis Parker, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man

2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Sohara Mitsuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Sohara Mitsuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love then appeared around the necks of Sohara Mitsuki, Mitsuka Yoshimine, Neneko Izumi, Miu, Hazuki Yazakura, Mutsuki Ichimonji, Satsuki Gokajou, Kanna Togakushi, Yayoi Sanzenin, Uzuki Shitenno, Minazuki Rokumatsuri, Nagatsuki Kuron, Fumitsuki Nanakorobi, and Kisaragi Ninomai. We returned to the Estate, and when we showed everyone what we did to Mr. Dilton A.K.A. The Ghost of Purvis Parker, everyone cheered wildly for us and hugged us, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face. As for Mr. Dilton, he was sent to The Uranus Prison, and like the other enemies of Mystery Inc., his original prison sentence was now upgraded to Life in Prison Without Parole, which means he'll die in prison and he'll leave out of here in a pine box.

---

After throwing Mr. Dilton back in prison this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Suddenly, a bright light had shined down on the Estate, and we covered our eyes. When the bright light faded, we uncovered our eyes, and to our surprise, the world of the Dears anime has now merged with ours.

Lincoln: Wow, Mitsuka, Neneko, Miu, your world has merged with ours.

Mitsuka Yoshimine: That's awesome, and that means you're going to meet our friends, Hikoro Oikawa, Natsuki Ikuhara, Nia, Ren, Takeya Ikuhara, and Mr. Oikawa, Lincoln.

Me: This is going to be so awesome.

Nico: You said it, J.D. Plus, we got bad news that Gumball's bully, Tina Rex, is here.

Nicole Watterson: Uh oh.

Penny Fitzgerald: Tina's here?! Oh, this isn't good.

Gumball Watterson: What?! Excuse my language, but how the hell did she find out where I was?! We made sure none of my enemies would know where we're at after Dr. Wrecker was Super Hakaied and Miss. Simian was thrown in The Saturn Insane Asylum for the rest of her life!

Lincoln: Someone in Elmore must've found out where Gumball and his friends were at, and when the news hit of us throwing Miss. Simian in The Saturn Insane Asylum and Dr. Wrecker getting Super Hakaied by us, this must've provoked the mass population in Elmore, and they want revenge on us.

Lola Loud: Hey, wasn't Anais among the group of Gumball and his friends that you'd rescued from Dr. Wrecker and Miss. Simian, Lincoln?

Nicole Watterson: I can answer that one, Lola. Anais already left before Lincoln and his group arrived in Elmore, but none of us have been able to find her.

Kuja: The only way to find out where Anais is at is to get the answers from Tina Rex, Mrs. Watterson.

Nicole Watterson: Good idea, Kuja. And Lincoln will get it out of her, by force.

Darwin Watterson: Well, what are we waiting for? Let's go.

We headed out to meet Hikoro Oikawa, Natsuki Ikuhara, Nia, Ren, Takeya Ikuhara, and Mr. Oikawa, the friends of Mitsuka, Neneko, and Miu, the three future wives of Lincoln, and track down Tina Rex. We arrived in Japan, and we met Hikoro Oikawa, Natsuki Ikuhara, Nia, Ren, Takeya Ikuhara, and Mr. Oikawa, and when they saw Mitsuka, Neneko, and Miu, they hugged and were reunited. Then, the girls told them that they're now the future wives of Lincoln and that he rescued them, and they cheer wildly for them, and they know Lincoln will take good care of them and he has a massive gold heart.

ROOOOAAAARRR!

Suddenly, we heard a loud roar, and Gumball and his friends knew what that roar was, and we saw a menacing shadow. Then, we saw who it was, the bully of Elmore Jr. High and one of Gumball's many enemies, Tina Rex.

Tina Rex: GUMBALL!

Tina Rex ran towards Gumball, but he wasn't going to take it anymore, as he charged at her, and he lands a strong hit with his Globes of the Mystic spinning around him to Tina Rex's stomach and sent her flying into a huge wall, and knocked her out. Then, he fired chains of rainbow energy from the levitating Globes of the Mystic and small sapphire sorcerer's orb and he dragged her back here, and bound her with the rainbow chains and a rainbow energy straitjacket.

Then, Lincoln sprout out one of his eleven massive and long deep sapphire blue wolf tails with a very large suction cup proboscis, and as he attached it on Tina's head, he began sucking out all the information from her tiny brain, and he found out that Tina had Anais tied up and had her held in an abandoned warehouse Gotham Royal York guarded by Jamie Russo, another of Gumball's enemies.

We then returned home, and Gumball knocked out and bound Jamie Russo in a rainbow energy straitjacket, and when Anais saw Gumball, and how he's changed, she was happy to see him and he cut her free. When that happened, she ran up to Gumball, who picked her and she hugged him and cried.

Gumball Watterson: It's okay, Anais, it's okay, it's over now.

Nicole Watterson: I can't believe what those two have done to Anais. They're nothing but a bunch of monsters.

Darwin Watterson: They've badly traumatized her, Mrs. Mom.

Ino: Is Anais going to be okay, Gumball?

Gumball Watterson: I hate to find out what kind of torture Tina Rex and Jamie Russo put her through, Ino. But, we got those two bullies taken care of, and now, we're going to throw them in prison.

Me: We'll need a big cell for Tina Rex.

Lincoln: Heh, don't worry, J.D., watch this.

Lincoln fired a blast of energy, and he shrunk Tina Rex to human size, and she was still bound in a rainbow energy straitjacket and rainbow chains. As for Tina Rex and Jamie Russo, they were thrown in separate cells in The Uranus Prison's Maximum Security Solitary Confinement Wing, and still bound in rainbow energy straitjackets and rainbow energy chains, they're also chained to the walls of their cells, and they're never getting out.

Brittney: Yeah it was a really nasty computer program.

Me: It was originally a program that was developed by the French in 1994. Really horrible history behind it. It was originally created by France to counteract and destroy Project Carthage.

Mikey Kudo: What was it like?

Me: Awful program that was hellbent on ruling the world.

I went over X.A.N.A.'s history.

**XANA** is the main antagonist of *Code Lyoko* . It is a sentient and dangerous computer virus that infected the Supercomputer that holds Lyoko. It craves destruction and displays no mercy to those who stand in its way, the Lyoko Warriors.

When possessing Jeremy in the episode "Canal fantôme" ("Ghost Channel" in English) it was voiced by Raphaëlle Lubansu and by David Gasman in the English dub.

XANA was created to counteract and destroy a French military project named Carthage, of which its creator, Franz Hopper, was a contributor. Along with XANA, Franz created a virtual world called Lyoko to give XANA access to the real world through its supercomputer. Hopper also created a Time Reversion program as a byproduct, allowing him to perfect his work and increase the supercomputer's power along with XANA's upon use.

Hopper realized that he could use the time reversion function to essentially give himself infinite time to work on XANA, so he repeated the day June 6, 1994 for the equivalent of over 7 years to keep working. Repeating the same day for over 7 years took a toll on Franz's mental health, and unbeknownst to him, XANA's own intelligence grew exponentially every time Hopper used the time reversion causing it to slowly become self-aware.

Hopper was in the final stages of Lyoko's creation when XANA betrayed him and alerted the men in black to his location. To avoid being arrested, Hopper virtualized himself and his daughter, Aelita onto Lyoko. XANA then attacked them and refused any notion of peace with Franz. Hopper shut down the supercomputer from Lyoko when XANA turned him down, trapping all three in the Supercomputer.

The factory, XANA and Aelita were rediscovered by Jeremy Belpois nine years after being shut down. XANA launched an attack by activating its first Tower, which went undiscovered until after its plans were thwarted for the first time by Jeremy and his friends. The newly dubbed Lyoko Warriors made a pact to free Aelita from XANA's clutches so the latter could be terminated.

XANA launches random attacks against the city, Kadic Academy, and against its mortal enemies. It hacks technology, manipulates objects and forces, projects electromagnetic phenomena through networks, sets elaborate traps, and causes disasters.

When they finally managed to materialize Aelita, XANA took her memories of Earth. To survive, it uses them as a tether to keep the group from shutting down the Supercomputer, because doing so would kill Aelita too.

XANA displays signs of evolution, becoming smarter, more powerful, and more dangerous. It now seeks to steal Aelita's memory to gain the Keys to Lyoko using its newest monster, the Scyphozoa. XANA's growing power allows it to create new monsters on Lyoko, possess humans to do its bidding, and can generate polymorphic ghosts that appear as human. Its attacks are no longer random destruction, and are for achieving the aforementioned goal of stealing Aelita's memory.

The group also discovers Carthage, a fifth sector in the world of Lyoko. It is where XANA lives, and where the group can access all of Lyoko's and XANA's own data and information.

For the Scyphozoa to get to Aelita's memory, XANA launches attacks centered around getting her to Lyoko. This mainly includes having possessed humans take and virtualize her by force and isolating her from the others, but also methods like brainwashing her, taking advantage of her loyalty to her friends, blackmail, or using her stolen memories to compel her curiosity.

A few of Aelita's memories of her former life start to slip through and the Lyoko Warriors get closer to finding out the origins of Aelita, Franz Hopper and XANA. It used Franz's identity to trick them into thinking that he (who was really a polymorphic spectre) had emerged from the recesses of Lyoko, and tries to eliminate them along with taking Aelita's memory, but fails thanks to Jeremy who found out about the trap.

The real Franz Hopper makes contact with the group by using a Tower to possess Sissi. XANA retaliates by sending Megatanks to attack his Tower to shut it down by force, and possessing a doctor to eliminate Sissi in the real world. It succeeds with the former, but the group deactivates XANA's Tower before the latter happens. Later, when the group decode Franz Hopper's diary by activating their tower and XANA tries to take over it to gain access to all the Lyoko Warriors' data and programs, Hopper saves their operation at the last moment.

XANA escaping from the Supercomputer

Its last tactic was to trick Jeremy into sending his friends after Aelita's missing memories using a fake signal hidden deep in the bowels of the fifth sector's core zone. This trap worked as Aelita was left alone so the Scyphozoa could take the Keys to Lyoko from her. After succeeding, XANA left Aelita lifeless on the floor, then activated Towers in all four surface sectors for its entire being as a giant, swirling spectre to escape from the Supercomputer and rendering the virtual world dead. Although XANA had escaped, Franz has revived Aelita with her real memories and used all his power to bring Lyoko back to life, deactivating all of XANA's Towers and changing their halo color into white.

XANA had escaped the Supercomputer into the world network. It didn't launch a single attack since then, thinking the Lyoko Warriors cannot interfere with its plans anymore, until Jeremie and Aelita upgrade the Superscan to track XANA on the network. It is alerted to this and changes tactics, responding by launching attacks focused on destroying all of Lyoko as well as the group.

It mostly sends monsters to assault the Core of Lyoko in Carthage, which would cause the entire virtual world to disappear. The core has two layers of shields, which take time for their Lasers to break through. XANA tries many attempts to hold them back while its monsters do their work, with Earth attacks or distractions, but the Lyoko Warriors always succeed in stopping them. XANA also uses possessed humans to target the Supercomputer to destroy Lyoko in the real world.

To lower their chances of stopping its attacks, XANA also destroys Lyoko's surface sectors one by one. It does this by using the Scyphozoa to brainwash Aelita, making her go into sectors' Way Towers to plant its virus code into the interfaces, allowing it to erase sectors off the Lyoko map and cutting off their access to the Core of Lyoko. XANA successfully wipes out the sectors in the order of Forest, Desert, Ice, and Mountain in this season.

Jeremy discovered the way to virtualize the team directly into Carthage, right when XANA destroys the last surface sector. At the same time, the group decided to recruit William Dunbar to help fight XANA and balance the team. While every member of the group was held up by real world matters, XANA wastes no time in attacking the Core of Lyoko. Aelita has to send herself and a rookie William to defend the Core of Lyoko. However, William, enraptured by Lyoko and his superior abilities, gets too cocky and allowed himself to be separated from Aelita. XANA takes the opportunity to capture him with the Scyphozoa, possessing his mind. William then proceeded to the Core to join the army of monsters who were preparing to attack it.

As William and the monster army easily rip through the Core's shields, the other Lyoko Warriors finally catch up with him, but none of them could defeat William. With the Core now exposed and no one left to stop him, William personally destroys the core along with Carthage and was deleted shortly after. However, XANA has salvaged his avatar code and turned William into its loyal slave.

With data sent by Franz Hopper, the Lyoko Warriors managed to reconstruct Lyoko. XANA used this as an opportunity to send

William to Earth as an agent to kidnap Aelita. William is now in the clutches of XANA, as a dark Lyoko Warrior in its eternal service. Determined to save William, as well as uncover XANA's plans for the network, Jeremy and Aelita build a digital submarine named Skidbladnir to go after XANA on the network and retrieve William and Franz Hopper.

While XANA still continues attacking the Lyoko Warriors and targeting the Supercomputer, it is determined to eliminate Franz Hopper, its creator. XANA concludes that he is the main obstacle to its power and realizes the reason the Lyoko Warriors keep coming back from defeat is because he is always there to bail them out. To take out Franz Hopper, XANA tries to throw Aelita into the Digital Sea in order to lure him out because it knows he would come out of hiding to save his daughter, which they figured out the first time he appeared for this.

Having a Lyoko Warrior at its disposal allows XANA to use more effective means of fighting its enemies. It has turned William into a fighter that is more than a match for any warrior, lets him command its monsters like a general, and gave him a copy of the Keys to Lyoko, which allows him to influence or deactivate protected Towers activated by its enemies. XANA also gives him the Black Manta, a special Manta monster that he can summon and ride on like a vehicle, and a Nav Skid based on Skidbladnir data stolen by the Scyphozoa to fight in the Digital Sea. XANA can also materialize him using the Scanners without activating a Tower as a pixelized human to carry out missions on Earth, like kidnapping Aelita or sabotaging the Supercomputer.

Using their new ship to travel in the Digital Sea, the Lyoko Warriors find Replikas created by XANA, smaller copies of Lyoko, in the world network. They realize XANA uses them to infect other supercomputers, spreading its power over the world. They decide to track down and destroy them all, and isolate XANA's program in the network. In response, XANA launches attacks to destroy the Skidbladnir to keep them from destroying more Replikas.

XANA's supercomputers let it take over territories in the real world, like secret facilities and laboratories to use for its own evil purposes. The group found the Forest Replika connected to a laboratory in the

Amazon Rainforest that makes cybernetic spiders, the Desert Replika for an automated New Mexico production factory for electronic implants, the Carthage Replika in a space station that produces dangerous floating, metallic spheres, and the Ice Replika in a research facility in Siberia with brains in tanks.

When inside the Ice Replika, XANA creates a new, gigantic monster called the "Kolossus" which forces them to retreat the first time, but not before it uses a Tower to teleport William into the arctic base. By doing this, XANA made the mistake of revealing the programs it uses to control William in the Tower's interface, which Aelita downloads to the Supercomputer. XANA's creation of the Kolossus also inadvertently revealed that XANA had take over hundreds of computers over the world, which in turn made Jeremy realize that their strategy of destroying Repikas one-by-one was too inefficient and thus the Lyoko Warriors would need to rethink their plans.

Jeremy devised an "Anti-XANA Program" based on Franz Hopper's original design of XANA, which would eradicate any trace of XANA from the world network, an unfinished prototype verison of the program was able to slow down the Kolossus albeit temporarily. Their next encounter to the Ice Replika revealed XANA's plan of building weapons of mass destruction, powerful armies of robots to conquer humanity and the world. It sends William and the Kolossus against the Lyoko Warriors, unaware that the Lyoko Warrior's real plan was to bait out William and use a program made from William's data from the Tower to finally him from XANA's clutches. This however came at the cost of the Kolossus successfully destroying the Skidbladnir, taking out their way of traveling in the Digital Sea. The destruction of the Skidbladnir further motivated Jeremy to complete his Anti-Xana program.

After William was freed from XANA's control, Franz Hopper sent Jeremy some additional data to improve the Anti-XANA Program, prompting Jeremy to bring his friends to Lyoko and protect Franz while the two finish the program. However, William was still anxious to go to Lyoko, so he joined them at the Factory, but they have him stay in the lab and only come as backup when they will need him. This would prove to be a bad compromise, as XANA possessed William, knowing its destruction was drawing near.

The possessed William would attack in the Factory, knocking out Jeremie to slow his progress on the program. Meanwhile, the Kolossus threatens Franz Hopper as it dredged closer on Lyoko. Even though the Kolossus was taken down, the program didn't have enough power to be launched by Jeremie, so only Aelita could do it from the fifth sector's interface. Upon arriving, she noticed her father who was sending the needed data from his own virtual energy to power up the program, was under fire and hesitated to launch the program. XANA's monsters finally destroyed Franz Hopper, which forced Aelita's hand.

The program was run, causing a powerful force to emerge from the Core of Lyoko that destroyed XANA's monsters and all of its Replikas on the network. Meanwhile in the real world, the spectre possessing William that was XANA's manifestation was ejected from William and writhed in agony before disappearing completely as its Tower deactivates, assuring that the malevolent program had finally been destroyed.

Even though XANA was completely destroyed, the Lyoko Warriors were far from celebratory with its demise. Aelita and Jeremy were emotionally stirred by Franz Hopper's death, the other Warriors, except William and Yumi, felt that they shouldn't shut down the Supercomputer due to its impact on their lives.

After deciding to move on with ther lives after Sissi discovers Jeremie's diary on the entire venture, the Lyoko Warriors shut down the Supercomputer and silently move on with their lives, leaving XANA as a bad memory.

However, despite apparently being destroyed, XANA managed to survive in two separate continuities, indicating that the program managed to escape total destruction from Jeremie's multi-agent program.

In the first continuity, the live action series *Code Lyoko Evolution*, XANA managed to infiltrate a virtual world known as the Cortex. As the Cortex was not registered as one of the program's Replikas, in addition to having a powerful firewall capable of destroying programs meant to cause direct harm to its functions, the multi-agent program was unable to destroy the remaining traces of XANA.

However, the process had left XANA severely weakened and trapped in the Cortex. Unlike Lyoko, the Cortex had much more protective coding, making it near impossible for XANA to fully take control of it. However, XANA had a backup plan, just before its initial defeat, it had split a copy of its Source Code into four and integrated it into the Lyoko Warriors sans William and Jeremie without their knowledge, and rendered said codes dormant so as to avoid detection. After six months, XANA activated the codes and lured the Lyoko Warriors into reactivating the supercomputer, giving it the means to sustain attacks via its polymorphic specters, altered so that physical contact with the heroes would drain the Source Codes from them, increasing XANA's strength so that it could break out of the Cortex. Unfortunately for XANA, the program was unable to launch large-scale attacks due to needing the Warriors alive, and the interference from Professor Tyron, the man who created the Cortex, limited XANA's activity. The Lyoko Warriors eventually uploaded a virus into the Cortex, which threatened to delete XANA once and for all. Tyron had his supercomputer shut down so as to program in an anti-virus to stop this. At this time, XANA had retrieved 95% of its Source Codes, and, like the Cortex, was rendered dormant, meaning that once Tyron succeeded in programming it the anti-virus, XANA would be free once again. Due to the 2013 judicial recovery procedure against Moonscoop SA in France, which resulted in Moonscoop entering bankruptcy proceedings, resulting in the series not being renewed however, XANA remained down, but not out.

In the second continuity, a novel series known as *Code Lyoko Chronicles*, XANA was defeated at an earlier point in time. XANA's attempt at obtaining the Keys to Lyoko ended in failure, as Franz Hopper managed to reveal himself earlier, and gave the Lyoko Warriors the means to power up a different version of the anti-XANA program, which merely ejected and separated XANA from Lyoko. The process weakened XANA immensely, leaving it to drift in the world network without the means to empower itself. Desperate and without memories, XANA eventually created a file housing its programming, looking for a vessel that would be best suited for infiltrating Kadic and destroying its enemies once and for all. Choosing a girl known as Eva Skinner, XANA began to settle into its new circumstances, and learned of the Lyoko Warriors researching the history of the Supercomputer. Seeing a chance to gain its strength back, XANA befriended the group but planned on destroying them from the inside out. Seducing Odd, XANA managed to brainwash the boy, laying the groundwork for its return. XANA however, would later learn from Hopper's archives, a shocking truth, that it had been made with altruistic purposes in mind, and had been corrupted by leftover coding from a dark zone program that had been inserted Project Carthage, whose templates Lyoko had been created from. XANA would thus ally itself permanently with humanity, helping the Lyoko Warriors to defeat a terrorist group that was hoping to use Lyoko as a substitute for Carthage. While XANA seemingly sacrificed itself to upload a self-destruction program that would delete Lyoko for good, his programming was salvaged by the Lyoko Warriors, who managed to recreate XANA and bring him into the real world as a human.

It should be noted that neither of the above continuities are completely canon, as Evolution was disowned by the original show-runners, who confirmed that only a few of their ideas made it into Evolution and that the events within were not canon. Similarly, while the novels were written with the original documents in hand, not all of their events are noted to be canon either. Whichever is the case, it can be safely confirmed that while XANA suffered a crippling blow at the end of *Code Lyoko*, the program found a way to survive regardless.

When I was done they were shocked!

Christopher: Whoa! That is one evil computer.

Jeremy: Worse than the Bagra Army.

Carly Atlas: No kidding. That is terrible.

Hari: That is awful. But thank goodness you all destroyed X.A.N.A. for good.

Me: Yeah thank goodness.

Mikey Kudo: (sees Yumi taking off her clothes) I'm gonna look away now!

Yumi: It's okay, Mikey. You can look.

Me: She's wearing a leotard.

Mikey Kudo: Oh.

Me: Yumi has another awesome ability and that is to become a shark.

Brittney: Shark Gene-Slammer project we did.

Angie: Cool!

Yumi: Now, where's Myotismon 2.0?

Me: She means NeoMyotismon.

Mikey Kudo: Oh. We're heading to the Vampire Zone to face him.

Brittney: Awesome. Dad made the right call for us to go there with him.

Hari: He sure did.

Devack: This is gonna be awesome to see.

Jeremy: Yep.

Me: Lets head out and we'll find new recruits of the M.O.E. while we're at it.

We were off to the Vampire Zone.

Yumi: Nico's missing out.

Me: Boy he sure is and he would be excited to face NeoMyotismon.

Mikey Kudo: He took down Myotismon, VenomMyotismon and MaloMyotismon. He would love facing NeoMyotismon.

Brittney: He sure would. And he already has Myotismon as his archenemy.

Carly Atlas: Yep.

We arrived in the Vampire Zone and it was a REALLY SPOOKY FOREST LAND.

Me: Whoa! So this is the Vampire Zone.

Hari: Whoa! This place is scary.

Me: It gives me the creeps.

Angie: It sure does look scary.

Nene: Yeah it sure does.

Yumi: I brought garlic just in case.

Me: Good thinking.

Hari: Boy that castle sure looks scary.

Me: It looks like a true fortress from Hell. That must be NeoMyotismon's base of operations.

Mikey Kudo: It sure is.

Me: Looks like we'll have to draw him out into the light. I have an idea.

I pulled out an Ultraviolet Flashbang Bomb.

Me: Watch this.

I wound it up and armed it and threw it at the castle and then it erupted into a massive flash of ultraviolet light and we heard screaming and out came NEOMYOTISMON THE MOONLIGHT and he was burning in pain!

NeoMyotismon the Moonlight (月光のネオヴァンデモン Gekkou no NeoVandemon?, lit. "NeoVamdemon the Moon-light") is a high-ranking member of the Bagra Army and the Dark General of Vampire Land in Digimon Fusion.

After Lord Bagra obtains the completed Code Crown, he reformats the Digital World into seven satellite kingdoms. NeoMyotismon, overseen by AxeKnightmon, is installed as the Dark General of the second kingdom, the gloomy Vampire Land. He leads the Moonlight Army consisting entirely of undead Digimon. Due to his weakness to sunlight, NeoMyotismon cloaks the entirety of the realm in a fog barrier. Additionally, he knows of a legend that a vampire's greatest weakness is a white Lopmon, so whenever a Lopmon appears, he has his army bring them to him. NeoMyotismon then absorbs the Lopmon into himself and feeds off their data like the mythological vampire, providing him a potent regeneration akin to immortality.

NeoMyotismon rests within the Vampire Castle and is awoken by the Fusion Fighters United Army stage an infiltration to deactivate the barrier surrounding it. He steals Mikey Kudo's Fusion Loader in a moment of inattention and then questions why Mikey would go so far for Digimon he just met. Mikey just fires back that he can't turn his back on them, and then Lopmon steals back the Fusion Loader. Shoutmon X5 distracts him as Mikey and Lopmon bring down his barrier, and then Christopher Aonuma and MetalGreymon come to face him. As his army is being decimated by Shoutmon X5, NeoMyotismon decides to break any hope the United Army has by first digifusing his army to become Darkness Mode One and then digifusing MetalGreymon to become Darkness Mode Two, taking out an opponent and adding to his own strength. Vampire Land and the Moonlight General He is only stopped from a total win by Lopmon glowing white. This action triggers a visceral fear in him, which allows the United Army to escape. NeoMyotismon rationalizes the appearance away, regulating the white Lopmon legend to just that. He sends his army to harry the United Army and then lies in wait at the Underground Temple said to house the white Lopmon.

NeoMyotismon surprises Mikey in the temple and attacks him. Mikey and Shoutmon manage to hear MetalGreymon's DigiMelody, revealing that he is still alive, so Shoutmon offers himself up to be absorbed. NeoMyotismon takes the bait, digifusing Shoutmon to become a special Darkness Mode while inadvertently taking in Lopmon. Though strong, the Digimon within him begin to rebel, prompting NeoMyotismon to attack them. All of the Lopmons he absorbed then combine their power to form the white Lopmon, which gives the last of his strength to grant OmniShoutmon and ZekeGreymon the power to perform Double Fusion into Shoutmon DX. Shoutmon DX claws his way out of NeoMyotismon, and with the loss of the Lopmon, NeoMyotismon's regeneration is halted. He is easily dispatched by Shoutmon DX. NeoMyotismon manages to just barely escape in a pile of ashes, but Beelzemon provides him a final end beneath his heel. NeoMyotismon's demise opens the path to Zamielmon's domain.

At the entrance to the Bagra Pandæmonium, AxeKnightmon eventually revives NeoMyotismon's coreless body with the Revive Circuit to become a component of GrandGeneramon. Meanwhile, his malicious DigiCore inhabits the Digital World's eighth, hidden kingdom: the metaphysical Prison Land where DigiCores can materialize. There, with the other Dark Generals, NeoMyotismon attempts to get his revenge on the trapped Fusion Fighters and Mikey in particular. Prison Land They try their best, but Apollomon and Olegmon side with Mikey. Apollomon sacrifices himself to allow his allies to escape, while Mikey's words leave them demoralized. In the end, NeoMyotismon realizes that, despite the Dark Generals' loyalty to the Bagra Army, AxeKnightmon only treats them as pawns for their power, hence why their DigiCores are in Prison Land as opposed to their bodies. This realization weakens GrandGeneramon in the physical world, allowing Shoutmon X7 and Olegmon to finish him off. With his body's death, NeoMyotismon's DigiCore dissipates alongside the other Dark Generals, hoping to return to death's peace.

---

Me: There he is!

Brittney: Now he will see what true darkness can do. Smart thinking flushing him out with an Ultraviolet Grenade.

Me: Thanks.

NeoMyotismon: So you are the famous J.D. Knudson, Leader of Team Loud Phoenix Storm.

Me: That's right. I take it you heard about the death of your predecessor MaloMyotismon.

NeoMyotismon: Yes I did. That version of me was a fool.

Me: Not as big a fool as you.

Yumi: I like the normal version of you better!

Nico and Myotismon then appeared.

Nico: You called Yumi?

Yumi: Perfect timing Nico.

Myotismon: So he is NeoMyotismon. I'm amazed he looks this amazing.

Nico: He sure does.

NeoMyotismon: So you are the Nicolas Chan that I've heard so much about. I'm impressed how you were able to destroy Myotismon at an Ultimate Level, VenomMyotismon at Ultra Level and MaloMyotismon at Super-Ultimate Level.

Nico: Nice to know that I was able to make an impression.

Brittney: Those were ready powerful fights though

Yumi: I hate to break up this chat. But it's time for you to die now.

Yumi concentrated as her eyes pushed out of her head.

Me: And you just awokened the beast within Yumi.

Mikey Kudo: Whoa! Yumi what's happening to you!?

Me: It's part of her Gene-Slammer power. Watch.

She grew a fin and she lost her teeth and shark teeth grew in their place and she lost her hair and she turned into her HAMMERHEAD SHARK FORM!

Me: YEAH!

Angie: WHOA! She turned into half hammerhead shark!

Hari: That is amazing!

Suddenly an orange glow formed in front of Hari and she held out her hands and it was an Orange Digimon Tamer Digivice! It had flames on it too! Then a DemiMeramon came!

Hari: My own Digivice! Wow! And I have a DemiMeramon as my partner?

DemiMeramon: Yep. Awesome to meet you Hari.

Hari: I'm so honored.

Doori: Cool!

Me: Awesome!

Nico: Let me have first shot. (Echoing) RIVER OF POWER!

Nico fired MetalSeadramon's River of Power and it hit NeoMyotismon and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

NeoMyotismon was destroyed and we uploaded his data!

Yumi reverted back.

Yumi: Now there's only one Myotismon in existence!

Nico: That is right!

Myotismon: You said it Nico.

Me: But we all made sure that he was no more.

Nico: Yep. Now I have his powers.

Hari: That was awesome!

Brittney: It sure was.

Mikey Kudo: That's one General down.

Me: Yep. We got the Bagra Army on the run.

Carly Atlas: We sure do.

Misty Tredwell: So far so good.

Me: But we're not finished yet. So far our strategy is working really well. We even found a Devimon, Mastemon and Angewomon for the Masters of Evil.

Nico: Whoa! Kari is not going to like seeing an Angewomon in the Masters of Evil.

Me: I know. That was shocking if I do say so myself. But our next target is going to be Olegmon.

Nico: Cool.

Mikey Kudo: You will like facing him J.D.

Me: Awesome.

Later we went back home.

---

It was time for Georgina and Peyton's date.

Georgina: No blind date this time?

Francis: Well, you're not one of Nico's childhood friends, are you?

Georgina: Oh right.

Me: We have something awesome planned for your date.

Peyton: I have a feeling it's gonna be awesome.

Georgina: Is it at that fancy restaurant where Jack and Carly had their date?

Me: Nope. Better.

We arrived at the awesome Song and Chow Concert Bar.

Nico: Cool! I have always wanted to come here to this place.

May: Boy me too.

Me: Yep and here's why.

We saw a poster that had the Rainbooms on it with me.

Peyton: COOL! I can't wait to see you perform J.D.

Georgina: Me too! This is gonna be awesome!

Nico: Yep.

Tuck: (French Accent) Hope you two enjoy your date.

Roll: (French Accent) And enjoy the food.

Peyton: Oh we will.

They went and got their table and ordered their food.

Then the concert began.

Me: HELLO EVERYONE! ARE YOU ALL READY TO ROCK!?

Everyone cheered!

Me: HIT IT GIRLS! 1… 2… 3… 4!

We got to playing.

Me and the Rainbooms: (SINGING DIVINELY)

I saw you dance

From the corner

I caught your name

In a conversation

Playing hard-to-get

But I can understand

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

Talk 'til dawn

My heart was racing

I took you home

In the driving rain

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

The night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

The night begins to shine

(Night begins to shine)

The night begins to shine

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine (the night begins to shine)

Night begins to shine

The night begins to shine (the night begins to shine)

The 2017 Solar Eclipse formed in the room and fire and lightning formed all over to add special effects and it was awesome!

When the song was done everyone cheered wildly!

Thrust: Having fun so far?

Peyton: We sure are! WOO!

Georgina: YEAH WE ARE!

Me and the Rainbooms then got to playing another song and it was George of The Jungle by Presidents Of The United States.

The room turned into the Jungle with George swinging through it.

Me and the Rainbooms: (SINGING)

(various squawks)

George, George, George of the Jungle

Strong as he can be

(yell)

Watch out for that tree! (CRASH!)

George, George, George of the Jungle

Lives a life that's free

(yell)

Watch out for that tree! (KRASMASH!)

When he gets in a scrape

He makes his escape

With the help from his friend

An ape named "Ape"

And his elephant, Shep

Can fetch a log

He's man's best friend

He's George's dog!

He's George, George, George of the Jungle

Strong as he can be

(yell)

Watch out for that tree! (KRABLAM!)

George, George, George of the Jungle

Friend to you and me

(yell)

Watch out for that tree! (SMASH!)

Hear him holler

Swing and sing

All the animals come

To the jungle king

So grab a vine

And swing in time

If you smack a tree

Just pay no mind

Like…

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle

Swing from tree to tree

(guitar)

Watch out for that tree! (CRASH!)

George, George, George of the Jungle

Lives a life that's free.

(yell)

Watch out for that tree! (KRASMASH!) (OUCH!)

Lost in the wild was a baby with a smile

Named George who stayed for quite a while

And George grew up in the trees above

When Ursula found him, they found love

She took him to the city, took him straight downtown

But the concentrate bliss brought poor George down

So it's back to the jungle for a wedding in the green

For the king and queen of the animal scene

George, George, George of the Jungle

Strong as he can be

(yell)

Watch out for that… (CRASH! CRASH CRASH!)

Bang, ooh, tree!

(CRASH BLAM SMASH BLAM CRACK BAM WHAM ZIP!)

George, George, George of the Jungle

WATCH OUT FOR THAT TREE! (KRACRASH!)

George was crashing into trees and they were funny and awesome!

George was smashing poachers and bad guys all over and more and even doing crazy shenanigans to them. Ape let loose farts on the poachers and more and Shep fired coconuts at the bad guys and they really hurt.

It was so funny!

When the song was done everyone cheered and some of us were laughing hysterically!

Nico: (LAUGHS) THAT WAS FUNNY!

Peyton: OH THAT WAS FUNNY!

Strafe: Georgina, when you have your Ambassador missions, you should take Peyton on one of them.

Georgina: Good idea Strafe.

Nico: Not a bad idea.

Me: Here is a song that Hunter knows.

We got to playing The Attack of The Dead Men by Sabaton.

We saw the terrible battle of Osowiec Fortress from 1915 during World War I which gave birth to the age of Chemical Warfare.

Me and the Rainbooms: (Singing Awesomely)

Turmoil at the front

Wilhelms forces on the hunt

There's a thunder in the east

It's an attack of the deceased

They've been facing poison gas

7, 000 charge en masse

Turn the tide of the attack

And force the enemy to turn back
And that's when the dead men are marching again
Osowiec then and again
Attack of the dead, hundred men
Facing the lead once again
Hundred men
Charge again
Die again
Osowiec then and again
Attack of the dead, hundred men
Facing the lead once again
Hundred men
Charge again
Die again
Two combatants spar
Hindenburg against the Tsar
Move in 12 battalions large
Into a Russian counter-charge
They'll be fighting for their lives
As their enemy revives
Russians won't surrender, no
Striking fear into their foe

And that's when the dead men are marching again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

And that's when the dead men are marching again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

Osowiec then and again

Attack of the dead, hundred men

Facing the lead once again

Hundred men

Charge again

Die again

That's when the dead men are marching again and again

That's when the dead march again

It was a wicked battle over 106 years ago.

When the song was done everyone cheered.

---

Later it was time for our next mission.

Mokuba: Nico, it's your turn to lead today.

Nico: Yep I know Mokuba.

The doorbell rang.

Nico: Come in!

In came Bobbie Fletcher.

Nico: Oh hey Bobbie.

Bobbie Fletcher: Hey guys. I have another awesome race for you all.

Nico: Boy we've been having a lot of fun with these races. Where is it at this time?

Bobbie Fletcher: You're going to think I'm crazy for this one but the next race is on the 1st planet from the sun, Mercury.

We gasped.

Nico: Whoa! A race on the closest planet to the sun? That's gonna be interesting to do.

Me: It sure is. I'm looking forward to this one.

Eli: Wow! This is gonna be both hot, awesome and a really scary one.

Bobbie Fletcher: I know.

Nico: But we'll be there for it.

Bobbie Fletcher: Awesome! See you all there.

She left.

Nico: Boy this is gonna be a cool one.

Then Goliath, Mirror Master, Touch & Go, Trapster, Turtle, Taskmaster, Anti Wanda, Dumbbelltron, Evil Lyn and Marionette Shadow appeared.

Anti Wanda: Can me, Goliath, Mirror Master, Touch & Go, Trapster, Turtle, Taskmaster, Dumbbelltron, Evil Lyn and Marionette Shadow go with you guys?

Nico: You sure can and we have another race.

Goliath: Where is it at this time?

Nico: On the 1st planet from the Sun, Mercury.

They gasped.

Turtle: Whoa! That is gonna be a wicked hot race.

Me: It sure is. With a surface temperature of over 800˚Fahrenheit we're gonna be in for a really hot race. Also Mercury is covered in craters.

Nico: Yep.

Simone: You should see how many craters there are all over Mercury.

Allie Wilde: This is gonna be awesome to see.

Me: It sure will be. And after this is the last race of the year and for the Solar System.

Nico: And that is gonna be on Neptune. Whoa. Lets head to the garage now.

We were heading to the garage.

Rafael: Barricade, maybe your fellow Decepticons that died over the years could be good Masters of Evil recruits.

Barricade: That's not a bad idea Rafael.

Alister: I think that will be a great idea for them to be part of the Masters of Evil.

Maria: I agree.

We got the cars loaded onto the ship and we were off to Mercury.

Me: MERCURY HO!

Nico: YEAH!

Barricade: I think the Bonecrusher from my universe could be Brenda's archenemy.

Turtle: From what I heard, they both have a tendency of hating stuff.

Nico: Not a bad idea.

Brenda Loud: If Bonecrusher hates everything as much as I do then that is perfect!

Nico: Nice.

Me: Wow the Sun is getting bigger as we get closer.

Starlight Glimmer: Wow it's really bright.

Me: Here Starlight.

I gave her new sunblock sun goggles.

Starlight Glimmer: Thanks J.D.

I gave everyone sun goggles to protect everyone's eyes from the sun.

Nico: Wow that's better. Wow the Sun is not as bright with these goggles.

Simone: That is why you must never look at the Sun directly. Ms. Frizzle really knows how to make awesome stuff for this.

Eli: She sure does.

Mixmaster: I don't think my cement would last long out here.

Nico: I don't think so. And we're here.

We arrived at the 1st planet from the sun, Mercury!

Nico: Wow! And it looks like the race starts at that space dock right there above it.

Eli: Wow! This is amazing.

Laney: It sure is and seeing the sun this close from it is sure amazing.

Twilight Sparkle: It sure and look at all the craters all over Mercury.

Me: They were made by meteors slamming into the planet at full force. Over the course of Mercury's 4.6 billion year history, Mercury has had more meteor impacts than any other planet in the Solar System.

Lincoln: Wow!

Maria: I remember that.

Simone: So wicked.

Nico: Lets head for the Space Dock and get ready.

We drove our cars into it.

Mr. Touch: This is a nice view of Mercury.

Mr. Go: Indeed it is, Mr. Touch.

Me: But it's blazing hot on the surface. 800˚Fahrenheit on the day side and on the night sight it gets down to -330˚Fahrenheit.

Nico: WHOA! That is like Crematoria.

Me: Yep. That's why I call it an Earth-Size Mercury.

Laney: That is very cool. I heard that Arnold's cousin Janet got meteorites from Mercury.

Me: She sure did and they proved to be very fundamental in the research on the planets. She got meteorites and meteors from Mercury, Venus and the Asteroid Belt and even got ice and Red Dust from Mars.

Nico: Whoa! That must've been very beneficial for the space research for NASA and scientists all over the world.

Me: It sure was.

Simone: Janet's contribution is sure to get her the Nobel Peace Prize.

Lisa Loud: I'm very impressed with her scientific find and contributions to the fields of space exploration.

Nico: Even though it was a reckless form of proof gathering she did really well.

Simone: It was all thanks to my classes encouragement.

Bomb Burst: And Ms. Frizzle and her class still haven't gone on a mission with us, why?

Me: Because we're still planning on which days they can come.

Nico: School is usually a top priority is many places.

Bomb Burst: Oh.

Nico: But we'll decide what days sound good later.

Marionette Shadow: Phoebe really should stick with Ms. Frizzle's class.

Nico: I agree. But it's Arnold that needs to gather courage to have fun on Ms. Frizzle's field trips.

Simone: Arnold may be a coward but he does have fun.

Eli: That's cool.

Simone: Yep. We have done so many amazing field trips and went to places that no one can even dream of.

Nico: That's what I heard. We all heard that actually.

Simone: Yep.

Nico: What was the weirdest field trip you all did?

Simone: Lucy and the Goths would like this one. We went on a field trip to an old castle and we got to see what it was like to be bats.

Lucy Loud: That would sound like my kind field trip.

Brittney: Mine too. A field trip like that would be perfect for the Goths of Darkness.

Carly Atlas: It sure would be neat.

Simone: Yep. We learned so much about bats. Ralphie even thought that Ms. Frizzle was a vampire when she took all the parents on a field trip of her own for them.

Nico: Whoa. That would be freaky and cool. What was the most coolest field trip you all had that was inside the school?

Simone: Where we got to see how light works when we went into a pinball machine Ms. Frizzle made. But instead of balls it uses light and the object is to get seven beams of light each of the seven colors of the rainbow into 7 colored eyes for each color. That was my favorite.

Nico: That sounds cool! A rainbow light pinball machine.

Eli: Neat.

Nicole: That sounds really cool. Sounds like a Pinball Machine everyone would love.

Simone: They sure would.

Android 21: Good thing Maria snapped Dark Blackfire's neck before she could harm Ms. Frizzle and the others.

Maria: That was a cool experience for me.

Nico: I taught you well Maria.

Eli: Yep. What else did you learn Simone?

Simone: Well another of my favorite field trips was where we experienced the Water Cycle. Ms. Frizzle turned us into pure water and we got to see what that was like. We went through it all.

Nico: Cool! Water, Evaporation, Condensation, Precipitation and ground fall.

Simone: Yep. I thought that was so awesome.

Varie: That is so awesome.

Mirror Master: What haven't they covered?!

Simone: Well the most complicated thing that we experienced was molecular science. We actually got to see what molecules were like. We saw everything on an atomic level scale. 1,000,000th the normal size.

Nico: WHOA! That is tiny.

Me: Did you also see the microbiological world?

Simone: That was a REALLY strange one. Keesha thought that Ms. Frizzle stole her cucumber by turning it into a pickle. But in actually it was the work of Microorganisms. We saw Paramecium, Amoeba, Ascomycota, Tomato Mold and even bacteria that pickles cucumbers.

Nico: Whoa! That is cool.

Laney: Very amazing.

Lisa Loud: A very amazing and very interesting adventure into the world of Microbiology.

Simone: It sure was and I had no idea that creatures like that even existed.

Nico: It sure is amazing to see. But you would need a powerful microscope to see all that.

Simone: That was nothing compared to what happened when we were learning about rot.

Me: I have a feeling I would not like that one.

Simone: I didn't either. We had a contest to see what had the most disgusting rot. Wanda won by bringing in something that she had in her fridge since she was 4 years old. She opened it and everyone coughed and gagged. Also I threw up from the smell. It was so bad that I hurled my guts out!

Me: YUCK!

Lana: That must've been amazing.

Me: I don't think I want to know.

Eli: Wanda win?

Simone: Yep. She won a sapling tree and she planted it in a vacant lot and there we learned that rotting stuff fertilizes the land and makes life grow anew.

Nico: That is cool.

Lena Isis: Is the race ready?

Phosphos: Who has a watch?

I looked at my watch.

Me: 10 minutes. Lets get ready.

We got ready.

Trapster: Everyone got their cars ready?

Nico: Yep. We're all set. Simone that is so amazing that you went on all those amazing field trips.

Simone: It sure is.

Billy Natson then appeared.

Billy Natson: AND Welcome to another most amazing race for you all and one of the most amazing events in racing history. Hello everyone I'm Billy Natson and we have an amazing show for you all today. We are at one of the hottest places in the Solar System and our race is around the 1st Planet from the Sun, Mercury and this is one of the hottest places to race. WOW! With us we have our very own Team Loud Phoenix Storm and their awesome frenemies The Masters of Evil! You all ready for an awesome race!?

We cheered wildly!

Nico: We are ready to drive and rumble!

Billy Natson: Love that spirit Nico!

Krysta came out and she pulled out the green flag.

Krysta: Ladies and gentlemen start your engines! ON YOUR MARKS!

We were ready!

Krysta: GET SET!

We revved our engines.

Krysta: (WAVES THE GREEN FLAG) REV UP AND GOOOOOOOOOOOO!

We gunned it and zoomed out of the space dock!

Billy Natson: AND THEY'RE OFF!

We zoomed over the blazing hot cratered surface of Mercury.

RD Lola: I'm ahead!

Me: Not for long!

We were zooming over Mercury and the entire surface was completely covered in craters.

Nico: Wow! Look at all the craters.

Maya Kona: So many of them. Incredible.

We then came across a massive 900 mile wide crater.

Nico: WHOA! Look at the size of this crater.

Me: That's the Caloris Basin, one of the largest impact basins in the Solar System.

Eli: It's huge! How did that get there?

Me: We don't really know ourselves. But we think that 3.9 billion years ago, a massive meteor over 60 miles wide smashed into Mercury with incredible force. The explosion from the impact sent shockwaves that converged on the planets antipodal point from that spot and made mountains as a result.

Nico: WHOA! That is powerful!

Me: Yep.

Goliath: Eat my dust! Or what counts as dust here!

Me: Mercury only has meteor fragments and craters.

Goliath: Oh.

Nico: What would have happened if the Caloris Basin happened on Earth?

Me: I saw that in a documentary at one time. But if a massive Caloris Asteroid smashed into Earth like say at Meteor Crater in Arizona, it would have caused a massive 900 mile wide crater and it would have made 2,000 foot high tsunamis. But not only that the shockwaves from the explosion would have converged on the planets antipodal point from that spot which is off the coast of Madagascar in the Indian Ocean and it would have caused huge Mercurian Mountains to form and they would stick out of the ocean like a sore thumb.

Maria: WHOA!

Laney: That is incredible.

Lisa Loud: And the impact from such an event like that would have been incredibly catastrophic.

Nico: Like what happened when we saw that other Earth that had that comet smashed into it and wiping out 75% of all life on the planet.

Me: Yep.

Eli: Whoa that would not be good.

Laney: No it wouldn't.

Nico: Yeah.

Terrence: For once, this race won't have any trouble.

Eli: Uh don't be so sure! I'm sensing another Twisted Princess here.

Allie Knudson: Uh oh!

Nico: Not good. Who is it Eli?

Eli: It's Twisted Tiana!

We gasped in shock!

Allie Knudson: You will not like this one. Especially Dr. Facilier.

She told us her history.

---

After smashing Facilier's locket and he was dragged onto the other side, voodoo spirits wanted to stay in our world by taking over Tiana's body and they did. She was changed back to human and her own shadow came to life, serving her. Since the voodoo spirits control her now, they seek out Naveen who was still a frog. He tried to get through to her but he was killed and taken as a trophy since Naveen was hard to capture by the voodoo spirits. Then to make sure that she was the only voodoo magician around in New Orleans, she sought out Mama Odie and killed her too and took her snake Juju as her own pet. She now rules New Orleans with a ruthless hand and many serve her for if they don't, all it takes is a doll and a needle.

---

We gasped in shock and horror! She turned into a ruthless monster! All because the Voodoo Spirits took over her body.

Me: Not good!

Brittney: Like I said, this is what happens when you mess with forces that are too powerful to comprehend.

Nico: That's right.

Evil Lyn: I think this problem calls for magic. And I have lots of it!

Nico: Perfect!

Eli: And we'll have our shots. She's right up ahead!

We saw her driving the Monster Mystery Machine!

Qin: That's the Monster Mystery Machine!

Shaggy: ZOINKS!

Nico: Entrance Time!

We flew at her.

Twisted Tiana was driving and laughing like a mad woman and then the spirits of the DC and Marvel heroes and the Super Sentai and Power Rangers appeared and swirled around her and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out in front of her and we drove out and put a magic stage under her and beamed the Monster Mystery Machine to M.O.E. HQ and then we came out and faced her! We were facing TWISTED TIANA!

Me: Twisted Tiana!

Ground Man: What's wrong? Lost your ride? That's not all you'll lose!

Twisted Tiana: (Demonic Voodoo Voice) **I don't need that right because I'm going to kill you all!**

Me: Tiana you got to stop this now!

Twisted Tiana: **Tiana is gone!**

Nico: What have you done with her!?

Twisted Tiana: **We took over her body and made her our host.**

Nico: You let her go right now!

Brittney: You voodoo spirits are playing a very dangerous game here!

Twisted Tiana: **We will remain here forever!**

Dr. Facilier: STOP THIS FRIENDS!

Dr. Facilier came out.

Twisted Tiana: **YOU! I thought you were imprisoned in the underworld for not paying your debt!**

Dr. Facilier: I was given a second chance!

Twisted Tiana: **And you guys call yourselves heroes!**

Taskmaster: Technically, I don't count as a hero.

Dr. Facilier: Tiana listen! My so-called friends have taken control of you! They are turning you into a monster! You have to snap out of it!

Twisted Tiana then suddenly regained control!

Twisted Tiana: (HOLDS HER HEAD) (Normal Voice) Dr. Facilier! HELP ME!

Me: Fight them Tiana! Fight them!

Nico: Don't let them control you Tiana! It's your body! Not theirs! Don't give into them! Fight them!

Voodoo Spirit 1: She is ours now!

Twisted Tiana: NO! THIS IS MY BODY! I WILL NOT LET YOU RULE OVER ME ANYMORE!

She then glowed in a massive flash of light and then she ejected the spirits out of her!

Nico: WHOA!

Eli: UH OH!

Eli rushed over and put a space helmet on Tiana 2 and she was breathing again and then he brought her over to us.

Nico: WOW!

We saw the voodoo spirits.

Brittney: Now to get rid of these spirits for good!

Troy: We'll take it from here, Tiana!

Tiana 2: (Weakly) Thank you guys.

Pepperdance: (Cajun Accent) I'll look after her for you all.

Me: Thanks Pepperdance.

Emma: Time to make these monsters pay for their crimes!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers!

Nico: LETS TAKE THESE VOODOO FREAKS DOWN!

We went at the Voodoo spirits and blasted them all over with fire, water, earth, wind, energy and elements and really smashed them all over the place.

Nico: Good riddance.

Meowth: I'm sorry, Facilier.

Dr. Facilier: It's all right Meowth. They stopped being my friends after what they did to me.

Nico: But at least you are now ready to have your own archenemy.

Lillian Hale: That's right. When I transformed, I became a full fledge woman.

Cornelia: And I'm very proud of you my little sis.

Lillian Hale: Thanks Cornelia.

Me: We got a race to finish now.

Nico: Right lets head to the finish line.

Isabella "Ivy" Valentine: Oh crap, I was hoping never to hear that demented voice ever again. You can come out now, Tira.

A figure came out, and it was none other than Tira, the sadistic and demented servant of The Soul Edge, the demonic sword.

Isabella "Ivy" Valentine: You've got some nerve showing your face here again, Tira. But, to tell you the truth, I've always hated you with all my being, you sadistic, demented witch!

Tira: I will kill you for this! Traitor!

Tira tried to attack with her Ring Blade, until Lincoln fired a powerful rainbow energy blast and hit her in the face, and it cut her face, drawing blood.

Lincoln: Get away from my future wife, you psychopathic witch! (To Ivy) Isabella, what can you tell us about Tira before any of us rip her to shreds?

Isabella "Ivy" Valentine: You won't like her, Linky. Tira is one of the Servants of Soul Edge, and she's completely sadistic and demented.

Isabella "Ivy" Valentine proceeded to tell us about Tira, and as expected, we weren't going to like her one bit.

Tira

Tira is a bloodthirsty femme fatale and a major antagonist from the video game Soul Calibur and has a fighting style known as the "dance of death", designed to mesmerise and stun opponents before killing them: like many psychopathic villains in fiction she pretty much lives to rip her opponents to shreds: her exposure to Soul Edge has caused her to develop a split personality and despite (or perhaps because) of his great evil, she idolizes him.

She is the secondary antagonist of Soul Calibur III and one of the main antagonists of Soul Calibur V.

She was voiced by Masumi Asano in the Japanese version, and by Alison Lees-Taylor and Kate Higgins in the English version.

Appearance

In her debut appearance, Tira has primrose eyes, teal hair, green rags, and feathered fringes. Early concept art shows Tira covered in scars on her face and body, but in the final illustration, this was replaced by painted purple stripes. In Soul Calibur IV, she undergoes a drastic evolution in design, exchanging her short blue hair for dark brown, lopsided pigtails with a long, thin braid on the back of her head. She also has an unmarred body, and wears a red ensemble. At first, this dramatic change was speculated to be the outcome of one of Tira's epilogues in her Tales Of Souls Mode from Soul Calibur III, in which she was possessed by Soul Edge. However, the real reason was to reflect her new, unstable personality, as revealed in an interview with one of the character designers of Soulcalibur IV.

In Soul Calibur V, Tira now has two, braided pigtails, which imitate the shape of a jester's hat, and her hair now possess three colors - white and two shades of purple. Her costume seems to be a fusion of her Soul Calibur III 1P outfit and her 2P outfit from Soulcalibur IV. This costume also presents the most direct approach to the avian theme surrounding Tira, as it is richly ornamented with tiny representations of raven skulls. This time however, there is another animal theme included in the shape of Tira's gloves, which resemble feline skulls. Also, the decoration on the buckle of her belt is very similar to the sabbatic goat head that is often inserted into reverse pentagrams as a symbol of the imagined pagan god, Baphomet, and thus became a symbol of satanism and witchcraft in the later centuries. It should also be noted that Tira's skin is now a very pale white, causing fans to speculate that she has either stopped aging or has become immortal.

In Soulcalibur VI, Tira gains an entirely new outfit which is a mix of her outfits from previous games. Her hairstyle is now done in standing twintails.

Overall, Tira's costumes usually represent her split personalities, Jolly and Gloomy in her 1P and 2P outfits respectively. In each game, her 1P outfits have a more playful, revealing, and torn up look with references to the avian theme. Her 2P costumes are more conservative, have toned down or dark colors, and include a noticeable motif of jesters and clowns. Her hairstyles are usually less chaotic than they are in her 1P outfits and she also wears the dark decoration of human skulls. Oddly, this seems to have been swapped in Soulcalibur V, because her primary outfit now resembles the dark and gloomy vibe that was present in her 2P outfit from Soulcalibur IV, and her alternate costume carries the playful trait that surrounds the jolly and enthusiastic side of her personality.

## History

### Early life

Tira's origins begin with a European organization hidden in the shadows, presumably called the "Bird Of Passage". She was raised exclusively as an assassin, for the Bird of Passage specialized in forming contracts with powerful people of prestige and dispatching assassins to eliminate important targets, and began killing at a very young age. Within this organization, Tira was known only by her codename: 'Eiserne Drossel' (Iron Thrush). Due to her upbringing, Tira became utterly inured to the sight of death, eventually becoming so engrossed in her ability to kill without experiencing any remorse or conflicting emotion that she started to become dependent on killing for the stimulation it provided. By the time she was nine years old, she had already killed enough to be considered a "Bird of Death".

Tira was taught how to fight by a woman in the organization. This woman raised Tira and was known as her 'Mother Bird'. When Tira had grown older, she was forced to kill this woman as a rite of passage. The trauma of killing her mother-figure caused her to develop two different personalities.

Her resulting mental issues made her an unpredictable force and she commonly caused 'accidents' on the field. This caused her to be looked upon and treated scornfully by the other members as a 'plague'. Her skills, however, proved far too valuable to do away with.

During an assignment, the Evil Seed pervaded through the sky, burning the leader's mind and dissolving the chain of command. Inadvertently, Tira was freed, and inexplicably drifted into the custody of an adoptive family. It was this family that gave her the name 'Tira'. Although she struggled to adapt to the "average life", Tira ruminated on the new freedoms that were provided, and decided that this new life could possibly be acceptable. However, Tira's peaceful, new found existence did not last for long. After she was scolded for releasing the youngest daughter's pet bird, she murdered her entire foster family in a blind rage. Finding that she could not live without the fundamental excitement of inflicting death on others, Tira began a wandering lifestyle, and heartlessly killed any who crossed her path. To show that she was no longer a 'tool' to the organization, she chose to keep the name her adoptive family had given her, giving her old codename to her weapon instead.

Soul Calibur III

Amidst her travels, Tira learned of the Azure Knight's massacres, and started to harbor a twisted fondness for the terrifying figure. During this leaderless period, her emotions had spiraled out of control, rapidly swinging between extremities with the slightest provocation. Because Tira had grown up without the freedom to make her own decisions, she ultimately resolved to track down the Azure Knight and become his servant, believing him to be a kindred spirit due to his ability to spread pain and suffering. Soon arriving to Osthreinsburgh, Tira encountered a man with a Death Scythe, Zasalamel. This man had resurrected Nightmare as his own entity and he was no longer a puppet being controlled by the cursed sword, Soul Edge. overjoyed by this information, Tira later jumped at the opportunity when she learned of the Azure Knight's resurfacing. After following a trail of slaughter, she finally found Nightmare and fulfilled her wish in becoming a loyal, erratic servant for he and Soul Edge. After this acceptance, she was given two tasks: To destroy the spirit sword, Soul Calibur, thus liberating Soul Edge from its prison, and locate a new, permanent host for the demonic blade. In order to fulfill these objectives, Tira was granted the protection of Nightmare's raven sentries, the Watchers.

Once again under the command of a dominant, evil being such as Nightmare, Tira contentedly set out on her quest. Those she considered worthy of the cursed sword would surely have their souls devoured by the flame of Soul Edge. And those she did not, would most definitely be killed by the hand of Tira - in order to bring more joy to the life of her own. With this bidding, Tira victimized numerous souls, claiming the lives of any who stood in her way. She was even responsible for murdering a few members of the Manjitou, Yoshimitsu's clan.

Amongst the many warriors she encountered was a strong-willed mother, Sophitia Alexandra. Tira knew of her children's existence and menacingly taunted Sophitia, threatening to use her children as hosts for Soul Edge, telling the resistant mother that when the time was right, she would indeed come for them. The mischievous girl held up to her promise and eventually kidnapped Sophitia's daughter, Pyrrha. Although Tira never found a new host for Soul Edge, Nightmare still appears to be fine and wielding Soul Edge in the next game, so this probably means that Pyrrha would be a backup host for the sword in case Nightmare was destroyed so she could wield it until Nightmare's eventual resurrection.

## Soul Calibur IV

Tira awaited outside the gates of the Lost Cathedral, languishing the outcome of the battle between Siegfried, who wielded Soul Calibur, and Nightmare, who wielded Soul Edge. When the swords clashed, Tira's mind was depleted, shattered into countless pieces by the destruction unleashed by the meeting of the swords. But somehow, she found an inner will, and clawed herself back to consciousness. And in the end, Tira had become two separate people. Her mind had reformed itself into the two entities that represented Tira's original, unstable personality.

Upon her return to Ostrheinsburg, Tira began processing the information that her watchers carried to her, and began manipulating numerous ways to give Soul Edge, her king and master, advantages in battle. She would use the inhabitants of the cursed city to wear down the power of the spirit sword. And at last when they fought, the cursed sword would turn Ostrheinsburg into a giant vessel and every soul within the place would be caught in its maw, including the spirit sword. She knew that then, her king would win.

Having kidnapped Pyrrha, Tira knew that her mother would seek to save her child and eventually met with Sophitia to reveal a shocking truth. Tira informed that her beloved daughter could not live without the evil influence of Soul Edge, and thus used her love for Pyrrha to pit Sophitia against any warrior who dared to confront the evil sword.

Tira also manipulated Astaroth and Maxi, convincing the latter to pursue the cursed blade in order to avenge his slain comrades, and the other to serve Nightmare. Along with these tricked souls, Tira additionally used Voldo's devotion for his master and convinced Cervantes to pursue Soul Edge as well.

Her plan was coming together. Tira had no doubt that Soul Edge would easily overcome the justice that was Soul Calibur with such rich souls at its hilt. Her king would consume everything! And at that moment, Tira too would become part of Soul Edge. A feeling she had never felt before swelled in her. But she, both of her, did not quite understand it. A tiny glimmer of fear sparked in the chink between her two personalities, but it was forced down below the surface of her consciousness. It would not emerge again.

Soul Calibur V

Tira was devastated when the Evil Sword was defeated 17 years earlier.

The two personalities within her lamented as one, and howled together in a chorus of rage. But Tira found some solace in her plans for a certain young girl, and in the ever-growing strength of the shattered sword's fragments. Revitalized by her hopes to revive Soul Edge, Tira dedicated herself to a hunt for the sword's scattered pieces.

But after waiting so many years, the reborn Azure Knight was not at all what Tira had hoped for. He curried favor with human nations, scheming in secret and gathering souls from the shadows. Tira could barely stand to look upon this cowardly Nightmare who was nothing like her boss before.

"He's an imposter! I will never accept him!"

"In that case…" began the dark half of her personality, "… I shall prepare an appropriate vessel for Soul Edge myself!" finished her brighter half. Tira certainly had all the ingredients; she'd been carefully preparing them for 17 years. It was the perfect plan.

And so Tira disappeared into the night once more, on her way to visit that "certain young girl," Pyrrha.

Tira's time in the "Bird of Passage"

Tira received training in the arts of assassination from a very young age. By the time she turned 9, she was a "Bird of Death" that has claimed countless lives. Afterwards, she was incorporated into the force of a man named Solnhofen, which was left with the most dangerous missions in the assassination of VIPs, "extermination and clean-up of the escort". Due to her severe mental unstability, Tira often caused unexpected accidents. The troops treated her like a plague, and yet it seemed her skills were still needed.

---

When Isabella "Ivy" Valentine was done, we were disgusted at Tira's sadistic and bloodthirsty actions.

Me: What a sadistic and demented bitch!

Nico: And I thought Gisele Razor was one sadistic and bloodthirsty bitch, but Tira's sadistic and bloodthirsty actions really takes the cake.

Makoto (Street Fighter): I've had it up to hear with this sadistic and bloodthirsty bitch to last an eternity.

Suddenly, Makoto's brown eyes turned neon brown, and she was surrounded by a white energy aura with white flames and dragons surrounding her, she'd unholstered her massive Sword of The Street Fighters from her back, and as she approached Tira, she left white energy, white flames, and dragons with every step.

Makoto (Street Fighter): You really make me sick, Tira, you've murdered so many innocent people to slake your thirst for blood and prove your demented loyalty to the demonic sword Soul Edge, you are nothing more than a rabid dog, and I think it's time that I put you down for good!

Then, Makoto was surrounded by a massive vortex of white energy with white flames and dragons surrounding it, there was a dragon flying around the vortex, and in the vortex is a gold dragon. Then, as the vortex faded, Makoto emerged, but she was changed forever.

(IMPERATRIX MUNDI PAYS AT 1:45 TO 2:14)

Makoto grew to 6'0" in height, she had the body of a goddess, she had yellow highlights in the bangs of her black hair, she has neon brown eyes and a white energy aura with white flames and dragons surrounding her, she has a dragon with the Light Kanji in its claws emblazoned on her forehead, she has on dragon earrings with the Light Kanji in its claws and a necklace with a dragon holding the Light Kanji in its claws for the pendant, she has on a sleeveless red sports bra with a white phoenix on it, white blouse with dragons on it, white pants, black ankle-high combat boots, and a white long sleeveless trenchcoat with dragons and white flames on the coattails and on the back is a dragon with white flames surrounding it. Makoto has massive black angel wings with white tips on the large black feathers, the massive, wide, double-edged blade of her Sword of the Street Fighters grew to 6'5" in length and the long black handle grew a little longer, Makoto has on her on her new Bracelets of the Champions of The Universe with large yellow gems on her wrists, Belt of Elemental Bravery with large yellow gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the dragon that said, "Makoto, Student of Rindo-Kan Karate and Amazing Street Fighter, Loving Future Wife of Lincoln Loud, Slayer of Evil, Friend To Many, Slayer of Evil, Amazing Member of Team Loud Phoenix Storm, and Master of White Flames and Dragons."

真琴、リンドカン空手とアメージングストリートファイターの学生、リンカーンラウドの愛する未来の妻、悪のスレイヤー、多くの友人、悪のスレイヤー、チームラウドフェニックスストームの素晴らしいメンバー、そして白い炎とドラゴンのマスター

Makoto has transformed into SUPER ANGEL 750,000,000,000 WHITE DRAGON HOLY INFERNO ANGEL OF JUSTICE AND LOVE!

We were amazed by Makoto's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Tira saw it, she tried to kill her, but Makoto fired a blast of white flame and burned her severely.

Me: Whoa, Makoto's now the next one to transform.

Nico: You said it, Colonel. Makoto's become an Angel of Holy Fiery Justice, and Tira's going to pay for what she's done.

Lincoln: Whoa, Makoto. You look beautiful. How do you feel?

Makoto (Street Fighter): (Divine Echoing Cosmic Voice of The Holy Inferno and Love) **I feel incredible, Linky, and now, I'm going to put this bloodthirsty bitch down for good. Would you like to join in?**

Lincoln: (Smiles) Of course. And for trying to Ivy in cold blood, I'm going to make sure that she dies in a pool of her own blood.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Makoto.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get her!**

Lincoln and Makoto (Street Fighter) went after Tira, who got out her Ring Blade and tried to attack them, but they'd dodged her attack, and they fired powerful blasts of rainbow energy, white energy, white flames, elemental forces, Thunderbirds, Buffalo, Phoenixes, and Dragons at Tira, and they exploded with incredible power, and they disarmed her. Then, Lincoln and Makoto used some powerful martial arts techniques and brutally smashed Tira into the dirt.

Tira: I DESPISE ALL OF YOU!

But, this caused their auras, along with the auras of the rest of us, to flare up as we gained a massive power boost from her hatred.

Makoto (Street Fighter): **Shall we put her down for good, Linky?**

Lincoln: **Let's do it, Makoto.**

Lincoln and Makoto (Street Fighter): **WHITE DRAGON FIRESTORM KAMEHAMEHA!**

Lincoln and Makoto (Street Fighter) fired a massive Kamehameha wave made of white energy with holy flames and white dragons, and as they hit Tira, it exploded with incredible power.

**KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO**

Tira: DAMN YOU TEAM LOUD PHOENIX STORM!

The resulting explosion killed Tira, and her evil spirit was Super Hakaied forever. We cheered wildly for what Lincoln and Makoto did as they holster their massive swords on their backs and powered down, and Makoto's new body, clothes, weapons, jewelry, and angel wings are permanent.

Then, Lincoln wrapped his abnormally massive and powerful muscular arms around Makoto's waist, and as he leans down and they lock eyes, they shared a passionate kiss as she'd wrapped her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, and White Dragon flying in the skies and a herd of Buffalo running across the field behind them. We had tears in our eyes and a smile on our faces.

Me: (Smiles) That's so beautiful and awesome.

Nico: You got that right, Colonel.

We got back into our cars and went back to finish the race.

We crossed the finish line and Me, Eli, Allie Wilde, Princess Tiana, Simone, Sunset Shimmer, Sailor Mercury, Laney, Lana and Lola!

Dumbbelltron: Another race won!

Me, Eli, Allie Wilde, Princess Tiana, Simone, Sunset Shimmer, Sailor Mercury, Laney, Lana and Lola were given trophies that looked like the planet Mercury and it had meteors all over it and even a race car driving around it.

Me: But this was one awesome race.

Bobbie Fletcher: Boy you guys did great! Now we have Neptune next and we'll have covered the entirety of the Solar System.

Me: Yep and that is gonna be so awesome.

Tiana: It sure is. That was a really amazing race too.

Sailor Mercury: First race that I've ever won on my planet.

Laney: It sure is and you did great Ami.

Sailor Mercury: Same to all of you Laney.

Nico: Yep. Lets head back home and celebrate at Lynn's Table after we get the second Tiana to the infirmary to rest.

Eli: Good idea.

We went back to Earth.

---

We were having a great meal at Lynn's Table and it was an awesome celebration for an awesome race. Then Solomon Grundy, Merman, Iron Lung, Multiple Man, Juggernaut, Magneto, Mortal Kombat Scopion, Manta Bayarsh, Pied Piper, Toiletnator, Dark Jaden the Supreme King and Rainbow Raider then appeared.

Nico: Solomon Grundy, Merman, Iron Lung, Multiple Man, Juggernaut, Magneto, Mortal Kombat Scopion, Manta Bayarsh, Pied Piper, Toiletnator, Dark Jaden the Supreme King and Rainbow Raider.

Bonnie Terrez: I called Dark Jaden because I have a special battle planned for him.

Nico: Cool.

Grundy: Grundy saw second bad Mystery Machine.

William: You mean the Monster Mystery Machine, right?

Merman: Yep. That's what he meant.

Me: Cool!

Iron Lung: We'll find an archenemy for it right away.

Multiple Man: (to me) Heard you fought Buddy Love.

Me: We sure did and he was silly and funny and stupid.

Juggernaut: Did you give him a nice pounding?

Me: Megan did most of the pounding. She did really well.

?: That is cool.

A figure came out and it was SLICERTRON from episode 5 of Beast Morphers!

---

Slicertron was created by Blaze when he infected a circular saw. He was tasked to use his saw blades to to cut into Morph-X Towers and steal the Morph-X. Commander Shaw tried to call Devon but he was busy at a carwash with Mayor Daniels and had taken it off to prevent frying it. In spite of this, Ravi and Zoey still arrived in a Grid Battleforce SUV so Slicertron fired saws at them but they dodged the blades and morphed before Blaze did the same thing and took on the two, Slicertron fighting Zoey. However, Blaze easily overpowered them and Slicertron crushed them under a piece of scaffolding. Before he could kill them though, Devon finally arrived and used his super speed to clear away the debris. After Blaze mocked him for almost letting his teammates die, Ravi and Zoey summoned their Beast-X Blasters and shot the two whilst Devon rushed forth and took them both down with a devastating slash to their middles. Weakened, outnumbered, and outgunned, Blaze teleported himself and Slicertron back to the Cyber Dimension.

Later on, Scrozzle had the idea to take the Rangers out of the battle by removing their link to Commander Shaw so Blaze and Slicertron went to the carwash and the Robotron destroyed the Rangers' communicators while they were working. This resulted in 300 tons of

Morph-X being stolen without the Rangers even knowing of this until Commander Shaw personally came to the car wash and informed them of the news. The Rangers then cut off Blaze and his Robotron before they reached the tower in Sector Kilo 1-5 and they morphed before they fought the two. Although they started losing to Blaze's swordsmanship, Ravi took him down with his super strength and forced him to retreat. However, the Avatar abandoned Slicertron on Earth and the Robotron was ganged up on by the Rangers, who forced him into the park. Meanwhile, Scrozzle used Slicertron's data and his new Gamma Model Gigadrone to create Slicerdrone, who was sent to cut into the Morph-X Tower that Blaze and his Robotron had been trying to get to. It arrived shortly after the Rangers blasted down Slicertron, forcing Devon to leave and fight it in his Racer Zord so the remaining two Rangers took on Slicertron themselves. They overwhelmed him with their Beast-X Sabers but were hurt when they grabbed him but were struck by the saws on his back. He then fired forth a barrage of saws like before but this time, they were all caught by the duo's Beast-X Sabers and sent back, stunning the Robotron so they charged and took him down. They then destroyed Slicertron for good with their Beast-X Blasters' Beast-X Blasts, Slicertron moaning that he was left to die before slumping forward and exploding. Slicerdrone was shut down by the Racer Zord and the Gigadrone was transported to a secret hanger. It was later freed by Roxy and Meltatron only to be destroyed by the Beast-X Megazord's Beast-X Hyper Strike alongside Meltadrone.

---

Devon: Slicertron!

Slicertron: Been a while rangers.

Me: I remember you! You were sent to use your sawblades to cut into the Morph-X Towers and steal the Morph-X.

Slicertron: Yep that's right. Good memory on you J.D.

Me: Never missed an episode.

Slicertron: You guys think I can get a job slicing pizzas?

Me: You sure can. You would make a great pizza slicing chef.

Nico: Yep.

Me: I agree.

We got the usual battles underway.

Another awesome race done.

Mercury is one of the most hottest planets in the Solar System and it is really an inhospitable planet. But this was one awesome race. The first part of the chapter was for the awesome funny movie The Nutty Professor and I laughed my head off so hard at the funny scenes in it that I nearly busted an artery! It was awesome and hilariously funny! The second part was for the A Pup Named Scooby Doo Episode called The Spirit of Rock N Roll and that was a funny one and a really awesome mystery in that one. Thanks guys. The next rescue for me is gonna be in the Jungles of Africa in George of The Jungle and we're going to face the evil dentist that turned to a life of crime: Dr. Chicago and we're going to pulverize that Dentist into pulp as we rescue Gemma, serena and Leona from Dragon Quest, Din, Nayru and Farore from Legends of Zelda and Jeanne D'Arc of Sword Art Online and also a Ceresmon Gene-Slammer from Russia named Natalia Rentgenoelektrokardiograficheskii. Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Maya Kona the Venusmon Gene-Slammer, Cassidy the Water Guardian of Candrakar and the Vaporeon Gene-Slammer are going on that one. # NEW YEARS EVE RACE AROUND NEPTUNE

HAPPY NEW YEARS EVE 2021

Deep in the Jungles of Africa, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Maya Kona the Venusmon Gene-Slammer, Cassidy the Water Guardian of Candrakar and Marina Kerumma the Vaporeon Gene-Slammer were there for another awesome and amazing rescue.

Marina Kerumma: Where are we now?

Me: The jungles of Africa. And from the looks of things we're going to help out George take down one of his enemies. I got a call from the Africa Commissioner that our old friend Dr.

Chicago is back.

Nene: Wasn't he that local dentist from Illinois that turned to a life of crime?

Me: The very same one.

Eli: He is a nasty guy. I heard he is a dangerous mad scientist.

Me: Yep he sure is.

Arrietty: I would not like this guy.

Allie Wilde: Me neither. He sounds ruthless and evil.

Me: Yep he sure is.

Cassidy: If he is like that I can't wait to give him a piece of my mind with a good old fashion butt-kicking.

Me: Well we're going to get our wish here.

Marina: Count me in.

Marina concentrated and groaned as her hair fell out.

Marina turned into Vaporeon!

Simone: This is gonna be awesome.

We heard a Tarzan Yell.

We then saw George of the Jungle!

Eli: Watch out for that tree!

CRASH!

He crashed into the tree head on!

George saw us

George: Hey guys! George happy to see you.

Maria: You okay, George?

George: Yeah George fine. George happy to see friends here.

Me: Same here George. We came to help you all take down Dr. Chicago.

George: George happy for the help. Tookie Tookie Bird told George that Dr. Chicago has 7 girls.

Me: What did they look like?

George: George not remember but they were in trouble.

Me: Lets get over there and smash Dr. Chicago and rescue them.

We flew over and George swung on the vine and crashed into trees along the way and then we got to Dr. Chicago's lab.

Me: Here we are.

Maria: Also, are you preparing for New Year's?

George: New Year's is coming?

Me: Sure it's tomorrow. Start of 2022 is tomorrow.

George: George have to think on that.

Me: Okay. Lets get him.

I pointed my butt at the wall.

Me: FIRE IN THE HOLE!

FFFFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRR

I fired a blast of blue fire from my butt at the wall and burned a huge hole into the wall and we busted in.

Me: All right Dr. Chicago! You are under arrest!

Dr. Chicago: Well well if it isn't Team Loud Phoenix Storm!

Maria: I don't know what your game is. But it's over!

Dr. Chicago: Oh my plan is to conquer the jungle and destroy George.

Me: First where are the girls you caught!?

Dr. Chicago: They are in that cell over there.

We saw that they were Leona, Serena and Gemma from Dragon Quest, Din, Nayru and Ferora from Legend of Zelda and a Ceresmon!

Me: Whoa! It's Leona, Serena and Gemma from Dragon Quest, Din, Nayru and Ferora from Legend of Zelda and a Ceresmon.

Nicole Chan: Wow!

Me: Let them go now!

Dr. Chicago: You won't get me to talk! That door is voice activated.

Eli then snuck up behind Dr. Chicago and yelled through a megaphone.

Eli: ONE FIRETRUCK LEMONADE!

Dr. Chicago screamed and then he opened his big mouth!

Dr. Chicago: TEETH AND MONEY ARE GREAT! (Realizes something) Uh oh. (Covers his mouth)

Then the cell door opened and out came the girls and Ceresmon.

Me: Awesome thinking Eli!

Serena (Dragon Quest): That was awesome.

Leona: We owe you big time.

Me: You're a Ceresmon Gene-Slammer.

Ceresmon: Thst's right.

Cassidy: I have had enough of this guy to last an eternity.

Suddenly, Cassidy's deep blue eyes turned neon deep blue, and she was surrounded by a pink energy aura with ocean waves, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Dr. Chicago, she left deep blue energy, ocean waves, life energy, and angels with every step. Then, Cassidy was surrounded by a massive vortex of deep blue energy with water and angels surrounding it, there's a mermaid swimming around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Cassidy emerged, but she was changed forever.

Cassidy's transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE MAELSTROM PHOENIX ANGEL OF LIFE AND JUSTICE!

We were amazed by Cassidy's Super Angel 750,000,000,000 transformation, but when Dr. Chicago saw it, he fell into a rage and tried to kill her, but Cassidy fired a powerful blast of water and it hits Dr. Chicago, drenching him, and sending him crashing into a tree back first, and he got hit in the head by a couple of coconuts.

BONK BONK BONk BONK BONK! BONKBONKBONKBONKBONKBONKBONKBONK!

He was hit on the head by 13 Coconuts!

Patrick: (Offscreen) DAHAHAHA! THAT GUY GOT HIT IN THE HEAD WITH 13 COCONUTS!

Dr. Chicago was knocked out and he was tied up and sent back to prison. I then snapped my fingers and Eli, Syrus and George covered their eyes and I put on my blind man glasses and Marina and Natalia were reverting back.

Marina: (regains her hair) By the way, I hope you're ready for the New Year!

Natalia: I sure am Marina.

They both were back to normal and Maria gave them new clothes.

Natalia: These clothes are amazing.

Maria: Yep. It's what I do for the team. I'm one of the heads for the Fashion Brigade.

Marina: It's true.

Natalia: That is amazing.

Me: It sure is.

Allie Wilde: Maria, Varie, Teresa and Leni make amazing clothes.

Me: Yep. And cue Natalia being in pain in 3… 2… 1…

Natalia: (holds head in pain) No fair! I just became human again!

Simone: Reign in the power of Ceresmon with the strength of your will. We did it and so can you.

Tina Terishkovanaya: That's right Natalia.

Miranda: You can do it!

Natalia concentrated and she glowed in a neon green aura and she was fully engrafted with the power of Ceresmon.

Ceresmon: That was intense!

Me: But it was cool.

We later went back home and told everyone was happened.

After dealing with Dr. Chicago, Lincoln, Me, Nico, Eli, Nicole, Mystery Inc. and their kid selves, Halinor, and Tecna were heading into the city, and not only is Lincoln going to rescue the fourteen girls, but we got word there's been a series of bank robberies all over the city, and there's been trails of sludge left behind, and to me it meant one thing, former bank President Mr. Buckston A.K.A. The Sludge Monster from The Earth's Core, another monster Mystery Inc. dealt with from when they were kids has come back and he's at it again with robbing banks, and he also wants revenge on Mystery Inc.

Lincoln: Whoa, looks like my rescue is taking place here in the city, and I think I know what we're going to do here, not only am I going to rescue the fourteen girls, but we got word there's been a series of bank robberies all over the city, and there's been trails of sludge left behind.

Nico: That's right, big guy.

Suddenly, this brought back memories of yet another mystery that both Mystery Inc. and I have dealt with.

Me: Wait a second, bank robberies all over the city, and trails of sludge left behind in the city. Oh no, this could only mean one thing: The Sludge Monster from The Earth's Core has come back.

Eli: Another monster that you and Mystery Inc. have dealt with in the past, bro?

Me: That's right, Eli, we dealt with him long ago, and The Sludge Monster from The Earth's Core was none other than the former Coolsville Last National Bank president, Mr. Buckston, who had disguised himself as The Sludge Monster from The Earth's Core to scare Scooby-Doo away from his doghouse so he could use it as a hideout for all the gold he stole from his bank and frame Mr. Williams, the bank's janitor.

Nico: That's really low, even for him.

Me: But, what did him in was the fact that he arrived at the scene after the phone call to the police, his clothes were sloppy, which showed that he must have changed clothes in a big hurry to arrive at the scene and cover his trail in framing Mr. Williams.

Lincoln: So, in other words, his sloppy habits did him in, and what happened to Mr. Buckston after that?

Me: For robbing all the gold from his own bank, Mr. Buckston was sentenced to 68 years in prison, but we got word from the warden that Mr. Buckston's escaped from prison.

Lincoln: That explains the sludge left behind all over the banks and it's also connected to the bank robberies all over the city, and it means one thing: Mr. Buckston's broken out of prison, and he's at it with his bank robberies again, and he'll be after both versions of Mystery Inc. for revenge. We've got to stop him.

?: HELP!

Suddenly, Lincoln heard the sound of fourteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fourteen girls, but they've been cornered by The Sludge Monster from The Earth's Core, and he's going to kill them.

Lincoln: Guys, I found the fourteen girls, but they've been cornered by The Sludge Monster from The Earth's Core, and he's going to kill them. Let's smash him into sludge!

We rushed on over, and Lincoln fired a powerful rainbow energy blast at The Sludge Monster from The Earth's Core, and it hits and burns him badly. When The Sludge Monster from The Earth's Core saw us, he was really mad.

Halinor: I've had it with this pile of sludge to last an eternity.

Suddenly, Halinor's blue eyes turned neon blue, and she was surrounded by a pink energy aura with fire, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached The Sludge Monster from The Earth's Core, she left pink energy, light, life energy, and angels with every step. Then, Halinor was surrounded by a massive vortex of pink energy with fire, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Halinor emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Halinor grew to 6'0" in height, she had the body of a goddess, she had red highlights in the bangs of her long blonde hair, she has neon blue eyes and a pink energy aura with fire, life energy, and angels surrounding her, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Fire Kanji in its claws and a necklace with a phoenix holding the Fire Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with orange phoenix on it, pink skirt with flames on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and flams on the coattails and on the back is a phoenix with flames surrounding it. Halinor has massive blonde angel wings with orange tips on the large blonde feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large orange gems on her wrists, Belt of Elemental Bravery with large orange gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a pink kanji right below the phoenix that said, "Halinor, Member of Team C.H.Y.K.N., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Master of Quintessence, Fire, and Life Energy, Dear Friend of Nerissa, and Amazing Member of Team Loud Phoenix Storm."

Halinor's transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE FIRESTORM PHOENIX OF LIFE AND JUSTICE!

We were amazed by Halinor's Super Angel 750,000,000,000 transformation, but when The Sludge Monster from The Earth's Core saw it, he flew into a rage and tried to attack, but Halinor fired a powerful blast of fire at him, and it burned him.

Me: Awesome.

Lincoln: You said it, J.D., Halinor's transformed, and she burned that pile of sludge badly.

Halinor: (Divine Divine Echoing Cosmic Voice of Fire and Kandrakar Justice) **Alright, everyone, let's get that pile of sludge and garbage.**

Lincoln: Your bank robberies all over Gotham Royal York are over!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and we also transformed and unholstered our massive swords from our backs, and we went at The Sludge Monster from the Earth's Core, and we fired powerful blasts of rainbow energy, elemental forces, life energy, and fire at him, and they exploded with incredible power as they hit them. Then, Lincoln tied The Sludge Monster from The Earth's Core up in an indestructible rainbow energy straitjacket, so he couldn't escape.

We holstered our massive swords on our backs and power down, and Halinor's new body, clothes, weapons, jewelry, and angel wings are permanent.

Lincoln: It's all over, Sludge Monster from The Earth's Core, or should I say, Mr. Buckston.

Lincoln removed the mask, and it was indeed none other than Mr. Buckston. Then, Nikiya arrived at our location, along with Sheila Castille and Tom Lair.

Nikiya: Nice work, guys. Mr. Buckston's looking at Life In Prison for the bank robberies and breaking out of prison.

Lincoln: And Eli also found where Mr. Buckston hid all the money.

Eli showed them the stolen money that Mr. Buckston had stolen, and the police got the stolen money and are returning it to the banks.

Mr. Buckston: And I would've gotten away with it and framed the janitor again, if it weren't for you meddling kids!

Lincoln: I know this line's been said more than once, but, tell it to the judge! Take him away, guys.

Sheila and Tom loaded Mr. Buckston in the police car, and drove him back to prison. Then, Lincoln and Nicole went up to the fourteen girls there, and when Lincoln saw them, he immediately recognized them. The fourteen girls are Ruriko Ikusawa, Megumi Kurogane, Ayane Isuzu, Kaoru Konoe, Reiko Asagiri, Feng Fei Ling, Baruko Ogawa, Francine Allumage, Keiko Ochiai, Mami Takegawa, Misao Sakimori, Miu Manazuru, Satoka Tachikawa, and Yukino Houjou from Gatekeepers.

Lincoln: Oh wow, it's Ruriko Ikusawa, Megumi Kurogane, Ayane

Isuzu, Kaoru Konoe, Reiko Asagiri, Feng Fei Ling, Baruko Ogawa, Francine Allumage, Keiko Ochiai, Mami Takegawa, Misao Sakimori, Miu Manazuru, Satoka Tachikawa, and Yukino Houjou.

Nicole: From Gatekeepers, awesome.

Lincoln: Are you girls okay?

Ruriko Ikusawa: Yeah, we're okay, thanks to you.

Then, when Ruriko and the other thirteen girls saw who it was that saved them from Mr. Buckston A.K.A. The Sludge Monster from The Earth's Core, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ruriko Ikusawa: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ruriko Ikusawa: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fourteen Thunderbird Necklaces of Eternal Love then appeared around the necks of Ruriko Ikusawa, Megumi Kurogane, Ayane Isuzu, Kaoru Konoe, Reiko Asagiri, Feng Fei Ling, Baruko Ogawa, Francine Allumage, Keiko Ochiai, Mami Takegawa, Misao Sakimori, Miu Manazuru, Satoka Tachikawa, and Yukino Houjou. We returned to the Estate, and when we showed everyone what we did to Mr. Buckston A.K.A. The Sludge Monster from The Earth's Core, everyone cheered wildly for us and hugged us, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face. As for Mr. Buckston, he was sent to The Uranus Prison, and like the other enemies of Mystery Inc. for wanting revenge on Mystery Inc. and the bank robberies all over the city, Mr. Buckston's original prison sentence was upgraded to Life in Prison Without Parole, which means he'll die in prison and he'll leave out of here in a pine box.

* * *

After throwing Mr. Buckston back in prison this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln and his harem were getting ready for their date, this time, they're going to Planet Wisp. But, they're not the only ones going, Sonic and his friends are also heading to Planet Wisp too.

Lincoln: This is going to be so cool, we're going to Planet Wisp.

Sonic: You and your harem are going to love it, Lincoln, and you're also going to meet the Wisps, the powerful aliens that live there, and they have different powers.

Lily the Mermaid: And I'm sure they heard the news that Dr. Eggman has been thrown in prison for the rest of his life.

Lincoln: Alright, everyone, shall we?

Paige: Of course, Linky.

Lincoln, his harem, Sonic and his friends left the Estate, and they head for Planet Wisp. When they'd arrived on Planet Wisp, it was a planet with in untouched, unspoiled and unmatched natural beauty. Its surface, while having a distinct alien appeal to it. The environment is dominated by bluish-gray, rocky terrains with valleys, plateaus, rock pillars, fields and canyons covered in a lush variety of flora. These floras include green grass, various kinds of flowers in different colors with alien petals, extremely tall trees with straight tree trunks, platform-shaped tree crowns, and roots standing above the ground, bushes, green ivy, and bioluminescent plants in various colors. The planet also has a number of bodies of water on it, with a few creeks running through the more open landscapes.

Lincoln: Wow, so this is Planet Wisp, it's so beautiful.

Fluttershy: You said it, Linky, there's so many beautiful flora here and beautiful terrain here.

Sonic: It's been a long time since we've been last here on Planet Wisp.

Tails: Now, I wonder where the Wisps are at?

Suddenly, they saw many beings heading for them, it was The Wisps, the inhabitants of Planet Wisp and friends of Sonic and his friends. The ones that came to them are the White Wisps, the common and one of the many friendly Wisps here.

White Wisp: Sonic, everyone, it's so good to see you all again. (Sees Lincoln and his harem) And you also brought Lincoln Loud of Team Loud Phoenix Storm and his harem.

Lincoln: That's correct, and it's a pleasure to meet you.

White Wisp: You too, Lincoln. Plus, we're not the only Wisps here, there's many Wisps of different kinds and with different powers.

Then, Lincoln and his harem also saw the many different Wisps, such as the drilling Yellow Wisps, the zig-zagging Cyan Wisps, the swapping cube-shaped Blue Wisps, the hovering Green Wisps, the spiky wall-climbing Pink Wisps, the frenzy Purple Wisps, the void Violet Wisps, the rocket-shaped Orange Wisps, the fiery Red Wisps, the floating planet-shaped Indigo Wisps, the fiery hawk-shaped Crimson Wisps, the musical Magenta Wisps, the electrically charged Ivory Wisps, the iron Gray Wisps, the explosive bomb-shaped Black Wisps, and the ghostly Jade Wisps.

Lincoln: (Surprised) Whoa.

Minerva Mink: Look at the different kinds of Wisps here, and like the White Wisp said, they each have different powers.

Ronnie Anne: Wait until your siblings and parents meet them, Lincoln. They'll love meeting them.

Suddenly, the many different Wisps went up to Lincoln and his harem, and they hugged them, as a sign of introducing themselves to them, and Lincoln and his harem returned the hugs. Then, each of the many different Wisps gave Lincoln a gift: the gift to use the same powers as them. Lincoln, his harem, Sonic and his friends saw that whenever Lincoln uses a different Wisp power, his hair changes into the color of the Wisps. Then, Lincoln, his harem, Sonic and his friends had some lunch, and they also saw that Lincoln tried and ate the super spicy Bug Chili that Timon and Pumbaa made, and that caused him to be surrounded by a massive aura of fire as he gained a really massive power boost, and the tattoo on his right shoulder was glowing and drops of spicy blood came out of his right arm.

Girl Jordan: Whoa, Linky, did you just try Timon and Pumbaa's super spicy Bug Chili?

Lincoln: Yeah, and wow, is that chili really hot and delicious.

Sakura Hibiki: Whoa.

Paige: You sure are tough to handle anything that spicy, that's why you're among the spice demons of The Loud House, Linky.

Lincoln: That's right, Paige.

Then, as the sun set, Lincoln made clones of himself, and he and the clones went up to the girls in the harem, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged, as hot steam came out of their ears and their faces had an atomic red blush on their faces. Sonic, his friends, and the Wisps also saw it.

Lily the Mermaid: Whoa, now that's what I call a searing hot kiss.

White Wisp: They always end their dates with a kiss as the sun sets.

Sonic: That's right, and it's always awesome to watch.

Then, Lincoln, his harem, Sonic and his friends came back home to the Estate.

Nico: Hey, Linc, how was your date?

Lincoln: It was awesome, Nico, we went to Planet Wisp, a planet that Sonic has gone to long ago.

Nicole: Wait, you guys went to Planet Wisp?! Awesome, did you also meet the Wisps?

Lincoln: We did, Nicole, and there were many different Wisps of different kinds.

Lincoln took out pictures of the many different Wisps that he and his harem saw. When we saw them, we were amazed.

Lola: Wow, those Wisps looks really amazing, Linky.

Lana: And from what you told us, they each have different powers.

Lincoln: That's right, and the Wisps also gave me a gift: I can also use the powers of the many Wisps here, and watch this.

Lincoln's snow white hair had changed into different colors for each Wisp power he uses: Yellow for drilling, Cyan for zig-zagging at superhuman speed, Blue for swapping obstacles, Green for hovering, Purple for feeding frenzy, Violet to create a black hole, Orange for blasting into the air, Red for fire, Indigo for creating a floating orb surrounded by a ring, Magenta for music, Ivory for lightning, Gray for scaling walls and creating earthquakes, Black for firing bombs, and Jade for turning intangible, and he can combine that with his ghost powers and when he also turns into Super Lincoln Phantom.

We were amazed.

Nico: That's so awesome! And we know your hair changes to neon deep sapphire blue when you turn into Daydream Lincoln.

Lincoln: Yep, and now, I can also use the different powers of the Wisps there, and I'm also giving you all that same gift.

Lincoln snapped his fingers, and we also have the same gift of using the different powers of the Wisps and we were going to try them out in our usual battles or on the missions.

It was time for Bloom's Ambassador mission and she was bringing her boyfriend Sky too.

Bloom: Tomorrow I'll bring Brain Freezer with me.

William: That's right. January 1 is an odd numbered day as well.

Me: Yes it sure is. And I lead twice in a row today and tomorrow next year. (LAUGHS) That's funny.

Nico: Good one.

Eli: That was a good one.

Laney: It sure was.

Bloom: Ready Sky?

Sky: You bet I am ready.

They went through the portal to the world of The Yost Fantastic 4.

The Yost Fantastic 4 saw them.

Yost Reed: Hey Bloom!

Bloom: Guys, I'd like you all to meet my boyfriend.

Sky: Pleasure to meet you. My name is Sky and I'm Bloom's boyfriend in the Specialists.

Yost Susan: Awesome to meet you Sky.

Yost Johnny: Yo. Awesome to meet you.

Sky: Same here and it's an honor.

Yost Thing: Awesome to meet you too Sky.

Bloom: So, Doom's out of the picture. And yet, you guys are still fighting bad guys on this Earth?!

Yost Thing: Hey, Doom ain't the only bad guy in town here.

Sky: Yeah there are usual many more bad guys to fight as we have learned from many experiences.

Bloom: Oh right. That's true.

Yost Reed: We have to be ready for anything they throw at us though.

Sky: I'm always ready for anything.

Yost Jen Walters appeared.

Yost Jen: Looks like I got here in time.

Yost Susan: (hugs Yost Jen) Jen, it's so good to see you again!

Yost Jen: Same here Susan. Who are these two with you?

Bloom: My name is Bloom and I'm the Fairy of the Dragon Flame and Princess of Domino Island.

Sky: I'm Sky of the Specialists.

Yost Jen: Pleasure to meet you both.

Bloom: Me and Sky are part of Team Loud Phoenix Storm.

Yost Jen: Awesome! It's a great honor.

Sky: So, you're the Jennifer Walters of this Earth? The one on our team breifly had her hair dyed black like yours.

Yost Jen: That's interesting and amazing.

Sky: It sure is.

Bloom: Yep.

Yost Reed: Looks like you two are about to meet another bad guy of ours!

Bloom: And I think I see him coming.

Bloom saw a creature digging towards them.

Bloom: Here it comes.

Bloom fired a massive blast of fire and it formed into a dragon and it slammed into the digging creature and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blasted out YOST MOLE MAN!

Bloom: It's this world's version of Harvey Rupert Elder A.K.A. Mole Man!

Sky: Oh boy!

Bloom: In our universe he is Martian Manhunter's archenemy in our frenemies of the Masters of Evil.

Sky: Martian Manhunter is from the DC Comics world of heroes.

Yost Johnny: Wow the DC Comics heroes are real!? Awesome!

Yost Susan: That is amazing!

Yost Mole Man: The Fantastic Four! It's been a while since we've last fought, hasn't it?

Yost Reed: Yes it has.

Bloom: Especially when they have me and Sky with them.

Sky: Including Jen here!

Bloom: Hope you guys like eating Deep Fried Mole for dinner.

Sky: This is gonna be good.

Yost Thing: (cracks knuckles) It's clobberin time!

Yost Jen: Lets get him.

Her eyes glowed neon green and her skin turned green and she got taller and muscular and her hair grew longer and her clothes ripped. She roared and turned into SHE HULK!

Yost She-Hulk: Lets get that monster.

Bloom: Lets do it!

Bloom form a sword of fire and Sky ignited his magic sword and they slashed and blasted and pulverized Yost Mole Man all over.

SMASH BIFF CRACK BLAM SMACK WHAM!

They defeated him.

Yost Mole Man: Well? Aren't you guys going to haul me off to prison?

Yost Reed: Before we do anything else, we just want to talk to you now that this battle's over.

Yost She-Hulk then started reverting back as she got smaller and her hair went back to normal and her muscles shrank and her body was back to normal.

Bloom: We want to ask if you want to join our frenemies in the Masters of Evil. You see me and Sky are part of the most powerful force in the universe: Team Loud Phoenix Storm and we have destroyed and defeated foes that are really powerful and deadly.

Sky: We sure have and they are awesome.

Yost Mole Man: What's in it for me?

Bloom: Well you get to have awesome fights with one of us and participate in amazing usual battles every now and then.

Sky: And the pay is very good as you get to go on Bounty Hunting mission.

Yost Mole Man: Bounty Hunting does sound very profitable.

Bloom: It is.

Yost Mole Man: I'll join on two conditions.

Sky: What are they?

Yost Mole Man: I want some extra rooms for all my friends here. And I'd like to meet the version of me on your world.

Bloom: Not a problem.

Sky: Done.

Yost Reed: Wow you guys have ways of negotiations.

Sky: It's a living.

Yost Jen: That was awesome.

Sky: (to Yost Jen) You okay, Jen?

Yost Jen: Yeah I'm used to my transformation.

Bloom: Good.

Yost Johnny: That was awesome though.

Yost Thing: It sure was cool.

---

Later Bloom and Sky came back.

Me: How did it go guys?

Bloom: It was awesome.

Sky: We have that world's version of Mole Man now in the Masters of Evil.

Me: Wow! That is cool!

May: Well, there's no harm in having 2 versions of certain Masters of Evil members.

Me: That's true. Now we have to find a suitable archenemy for him.

Nico: Yep.

Bloom: But that was so awesome though.

Me: It sure was. Now it's time for our meeting. Lets head to the briefing room.

We went to the briefing room/.

In the briefing room we got ready for our meeting. Vypra and Dark Spicer appeared and joined.

Vypra: Happy New Years Eve to you all.

Me: Same to you Vypra.

Nico: Now, you guys must be wondering what this meeting's about.

Grumpy: If it's about half the Mac and Cheese eaten, I was the one who did it.

Poromon: THAT WAS YOU?!

Me: No no it's not that. This meeting is about Starlight Glimmer's future ambassador mission to the Live Action Transformers Universe and also voting on who will be the leader and representative of each faction of the Transformers. Like how Nico is the leader of the Decepticons.

Grumpy: Oh.

Me: Yeah.

Babs Seed: Let's not forget that we should also discuss the Autobots who were killed in that world over the years.

Live Action Ironhide: If you guys brought me back, you can do the same for the others.

Me: Yes we can. Thanks for that open reminder Babs.

Babs Seed: You're welcome.

Me: Now first lets get to the first item for this meeting. Lets talk about will lead and represent the Autobots. Any ideas?

Nico: Well since I'm leading the Decepticons you should have the honor for that J.D.

Me: Good idea. Optimus Prime do you approve?

Optimus Prime: I do approve on that.

Me: Great. Now lets cast a vote. All those who approve?

Everyone in the room raised their hands.

Me: Everyone. Wow. All against?

No one raised their hands.

Me: It's unanimous on that one. All right motion carries for me being Autobot leader and representative, Now for the Maximals.

We got to deciding on the other factions. We had Varie appointed as leader of the Maximals, Celica as leader of the Predacons, Lori

Jimenez as leader of the Transformers of Velocitron, Bud as leader for the Transformers of Animatron, Coby as leader for the Transformers of Gigantion and Alexis Thi Dang as leader for the Transformers of Planet X like Sideways and Soundwave.

Leozack: FYI, that world might not be friendly towards Decepticons yet.

Nico: Objection noted on that one.

Me: We'll have to have Lincoln go with Starlight to provide muscle support just in case they get paranoid because of Sentinel Prime's actions.

Nico: Good thinking.

Starlight Glimmer: This is gonna be amazing.

Optimus Prime: It most sure is. I'll have leadership medals made for you, Varie, Celica, Lori, Bud, Coby and Alexis as soon as possible.

Me: Great. One last thing. I forgot that since Rad first found one of the Minicons he will be the leader of the Minicons.

Rad: I like it.

Nico: Good idea.

Me: All right this meeting is adjourned and done. Now we have to tell Lincoln.

I banged my gavel and we left the briefing room.

Lincoln was playing video games and we got to telling him.

G1 Scattershot: (to Lincoln) Lincoln, on Starlight's first mission, you probably should turn into your muscular form.

Lincoln: Why?

G1 Scattershot: Because the Autobots of the Live Action realm might have a panic attack the minute they hear Sentinel's name.

Lincoln: Oh good idea. That will be good enforcement and all that.

Me: Yes it will.

Laney: Good thinking. And if we see any members of Cemetery Wind or the TRF we should blast them or arrest them.

Nico: Awesome idea.

Agitos: Well, then, now that we've discussed our strategy for Starlight's missions, it's your turn to lead, J.D.

Me: Yep and not only is it the last day of 2021 but it's also going to be the most exciting last race of the year.

Nico: Let me guess. Race around Neptune?

Me: Bingo and this is gonna be the most amazing race ever.

Eli: Boy it sure is. I can't wait to see what Twisted Princess we'll face next as we battle the ferocious winds of Neptune.

Laney: This is gonna be awesome.

Jessica Albert: It sure will be cool.

Nayru: It sure will. I hope we battle a really awesome villain there.

Me: Oh we will.

Then Solomon Grundy, Merman, Iron Lung, Multiple Man, Juggernaut, Magneto, Mortal Kombat Scopion, Manta Bayarsh, Pied Piper, and Toiletnator appeared.

Manta Bayarsh: Can me, Solomon Grundy, Merman, Iron Lung, Multiple Man, Juggernaut, Magneto, Mortal Kombat Scopion, Pied Piper, and Toiletnator go with you guys?

Me: Yes you can and it's also the last race of the year.

Iron Lung: The race around Neptune.

Merman: Oh wow! This is gonna be amazing!

Me: It sure is. Lets head to the garage and get ready for an awesome race around the 8th Planet from the sun!

We cheered!

We went to the garage.

Mandy: This really has been an exciting year.

Nico: It sure has been a really exciting one.

Me: It sure has. Both good and bad.

Nico: Yeah.

Eli: But it was so awesome having awesome adventures all throughout this whole year.

Laney: It sure was awesome.

We got the cars loaded onto the ship and we were off to Neptune!

Me: NEPTUNE HO!

Eli: Here we go!

We went 2.61 billion miles away from the Sun all the way out to the edge of the Solar System and we arrived at the 8th Planet from The Sun, Neptune.

Pied Piper: Here we are on Neptune!

Nico: Yep. Neptune is so awesome.

Me: And at 2.61 billion miles away from the sun.

Varie: My favorite planet in the Solar System.

Me: And the dock station for the race is on Neptune's moon Triton.

Lana: Cool!

We got the cars unloaded and drove into the station.

Ratso: We've got some time to look around.

Me: Yep.

We saw Neptune from the Dock Station and it was magnificent.

Laney: Wow! Neptune is so pretty.

Lola: It sure is.

Lana: Wow!

Nico: Can you believe it's so pretty out here?

Me: I sure can. Also this is a really interesting fact. If we went the speed limit from Earth to Neptune it would have taken us 5,327 years to get here.

Nico: WHOA!

Eli: That is a long time.

Jessica Albert: Boy it sure is.

Allie Wilde: No kidding. That is so long and amazing.

Nico: It sure is. Wow.

Merman: Arkayna, we're getting close to the big day against Nene.

Arkayna: I know and that's just in 7 days.

Me: It sure is. And I'm really looking forward to smashing that malevolent tyrant into dust for everything he did.

Nico: Me too. Nene is going to rue the day he messed with us and Zola and Shu and his friends.

Laney: That is a fact.

Me: He's going to be ready for his black and blue period and also burning in the fires of hell forever.

Vince: You got that right.

Hercules Weather: You got that right and that will be awesome.

Adagio Dazzle: We're going to make that monster wish he was never born.

Me: Yes we sure are.

Smithers: (snickers) That bastard still thinks Trigon's gonna get him!

Me: I really made sure he got scared.

Raven: That was really well thought out using an illusion that my so-called father was out to get him.

Nico: It sure was genius.

Laney: Yeah it sure was. Either he is that stupid to know who it really was or he has no brains at all to see through an illusion.

Nico: My thoughts exactly.

Magneto: But eventually, he's going to find out.

Me: We'll tell him when we destroy him.

Nico: Good idea. He will get a kick out of that.

Me: Yeah. Two face punches and an asskicking.

We laughed.

Nico: That's funny.,

Gru: (to Arkayna) I know you must be anxious to see Sho again.

Arkayna: Yes I sure am. But I'm ready to destroy Nene and make that monster pay for everything he did to the world.

Nico: We'll all be ready for everything he did.

Me: Yes we will. And he will pay for his crimes.

Eli: Big time. And it won't be pretty for him.

Varie: Because the only thing he is going to get is turned into a pile of blood, guts and gore from us.

Celica: He sure will and it won't be pretty for him.

Iron Lung: Starting Jnauary 7, the fun's REALLY gonna start for us!

Me: Yep. And It's Gonna be AWESOME!

Nico: YEAH IT WILL BE!

Me: The race is about to start. Lets get ready.

We got to our cars and got ready.

Master Frown: Everyone, ready?

Me: Yep we are.

Billy Natson then appeared.

Billy Natson: AND Welcome to another exciting race folks. Hope you all are having a magnificent New Years Eve because this is the final race of the year and also the final race on one of the planets of the Solar System. Hello everyone I'm Billy Natson and we have an amazing treat for you all today. It's a race around the windiest planet in the solar system, the 8th Planet from the Sun, Neptune. WOW! With us we have our very own Team Loud Phoenix Storm and their amazing frenemies in the Masters of Evil and I can tell that they are ready to surf the clouds of Neptune and bring home the trophy! You all excited?

We cheered wildly!

Me: BRING IT ON!

Billy Natson: Love that spirit! LETS GET THIS RACE STARTED!

Krysta came out.

Krysta: Ladies and gentlemen start your engines!

We were ready!

Krysta: ON YOUR MARKS!

We looked out and we were ready!

Krysta: (HOLDS UP GREEN FLAG) GET SET!

We revved our engines.

Krysta: (WAVES THE GREEN FLAG) REV UP AND GOOOOOOOOOOOOOOO!

We zoomed out of there really fast and we were flying towards Neptune!

Billy Natson: AND THEY'RE OFF!

We were in for another awesome race.

Toiletnator: Alright! This is our last race of the year. Let's make it the best one yet!

Me: You got it!

We flew into Neptune's Atmosphere over the North Pole and we were flying above the clouds of Neptune and it was absolutely incredible.

Me: Wow! Look at Neptune!

Allie Wilde: It's so beautiful.

Laney: Incredible!

Varie: Wow!

Varie was looking down into the clouds of the planet and they were moving at incredible speeds with ferociously powerful winds!

Varie: Look how fast the clouds are moving!

Nico: Incredible!

Me: The clouds are moving blazing fast with winds at over 1,500 miles per hour and they are really powerful too.

Celica: Wow! That is fast!

Eli: Unbelievable!

Lola: How big is Neptune in diameter?

Me: Neptune is 30,599 miles in diameter and it's the 4th largest planet in the Solar System.

Lola: Wow! That is amazing!

Molly Hale: This planet has water, right?

Me: No Neptune is a gas giant planet and has no solid surface.

Molly Hale: Wow!

Laney: The atmosphere is over 3,100 miles thick and the liquid surface is made of liquid ammonia and methane.

Molly Hale: Incredible!

Me: Neptune's clouds are made of ammonia and methane gases.

Nico: Whoa.

Multiple Man: If Multiplex can multiply with his car, so can I!

He made 310 clones of himself and his car and it was awesome!

Me: YEAH!

Nico: Wow! These clouds look wicked. But the view of the Sun and Neptune's moons is amazing.

Me: They sure are.

Laney: Wow! Look!

We saw the Neptune Prison.

Me: The Neptune Prison.

Eli: Wow! So cool!

RD Girl Jordan: It's good to see another one of our prisons.

Me: It sure is. Now we've officially seen all 4 prisons on all 4 Gas Giant planets.

Nico: We sure did.

Eli: Wow!

Rainbow Dash: This is awesome! How long does Neptune take to orbit the sun?

Me: It takes 164 years and a season here on Neptune lasts 41 years.

Nico: Wow! Almost double the length of a season on Uranus.

Lola: That is amazing!

Varie: It sure is cool.

Grundy: Grundy see something!

We saw a figure up ahead and it was a massive run down version of the Air Gigantia Commercial Jet!

Me: Whoa! A run down version of the Air Gigantia plane.

Qin: What is that doing all the way out here?

Eli: Oh no! Guys I sense one of the Twisted Princesses on board and it's Twisted Aurora!

Allie Knudson gasped!

Allie Knudson: Oh no! Guys this is bad! You're not going to like this version of Aurora.

She told us what happened to her.

---

Maleficent in her dragon form managed to kill Phillip and the three fairies. But in their final act, the fairies performed one more spell that was very dangerous but needed. Their final spell woke Aurora up the hard way. She wandered out her castle, ignoring all the sleeping people and headed for Maleficent with the intent to kill her. The spell made her a hollow shell because the final spell wiped her memory and with that, a new Aurora was born. One that was not like what Maleficent had expected, which is why the spindle spell wore off. Since it was a joint spell, Aurora walked through the thorns and roses and paid no attention to the pain for her emotions were gone. With a half blue/half pink shredded dress and donning some thorns around her body and rose in her hair. Picked up Philip's sword and slew Maleficent. But the good and kind Aurora was gone, along with her memories, emotions, everything. A life and emotionless shell now roams the mountains with only the will to kill everything on sight.

---

When she was done we were shocked and horrified!

Me: Oh man! She is now a ruthless and lifeless, emotionless shell of her former self and will kill anyone that gets in her way!

Eli: And she killed Maleficent and is now a murderous and bloodthirsty monster!? We have to stop her now.

Nico: This is gonna be brutal and she has Prince Phillip's Sword! This is gonna be brutal and dangerous.

Me: Lets go on board and face her.

Nico: Okay!

We flew onto the giant plane.

Me: Stay alert everyone. If you see her, it's entrance time.

We walked around the plane and it was HUGE! Wow.

Me: Wow I forgot how big Air Gigantia is.

Nico: It's massive.

Qin: Boy it sure is. I can't believe that they made a plane this massive and it's amazing how it's bigger than the Antonov An-225.

Laney: It's huge and amazing and someone wanted to sabotage it all to make sure that it wouldn't succeed.

Qin: No kidding.

We walked around and Starscream saw something and it was TWISTED AURORA!

Starscream: I'm right behind her.

Me: Hold your position Starscream.

We went to him.

Me: Here we go.

We went at her and then the animals of the undead appeared and swirled around her and they roared with fury and then they converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out above her and a phoenix cry was heard and we came out ready!

Me: Twisted Aurora.

Twisted Aurora: Have you all come here to say that you forgive me? To save my soul?

Me: No we came here to kill you.

Mortal Kombat Scorpion: GET OVER HERE!

He fired his grabbing tentacle and it went at her and then she used Phillip's sword and slashed it and destroyed it!

Nico: You weren't supposed to do that!

Twisted Aurora: That was one step to killing you.

I unsheathed my sword.

Me: Lets see how you like this.

I teleported and slashed her in her face and then kicked her in her face and kicked Phillip's Sword out of her hands.

Me: This sword doesn't belong to you.

Suddenly the sword started glowing and then it floated over to Nerissa.

Nerissa: What's happening?

Nico: It chose you Nerissa. It chose you to be its wielder.

Nerissa: Wow.

Nerissa took the sword and then she started undergoing an incredible transformation! She was enveloped in a vortex with each of the 12 elemental forces of nature: Earth, Fire, Wind, Water, Light, Darkness, Time, Stars, Metal, Lightning, Rainbows and Magic. Then a phoenix of rainbows was seen and when the vortex faded, Nerissa emerged forever changed!

(IMPERATRIX MUNDI PLAYED AT 1:45 TO 2:14)

Nerissa grew to 6'0" in height, she had the body of a goddess, she had rainbow highlights in the bangs of her long black hair, she has neon deep rainbow eyes and a rainbow energy aura with elemental swirls, life energy, and angels surrounding her, she has a phoenix with the Elements of Earth, Fire, Wind, Water, Light, Darkness, Time, Stars, Metal, Lightning, Rainbows and Magic Kanji in its wings emblazoned on her forehead, she has on phoenix earrings with the Element Kanji in its claws and a necklace with a phoenix holding the Element Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with deep Rainbow Color phoenix on it, pink skirt with Rainbows on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes, Rainbows and the elements, and the animals of Earth on the coattails and on the back is a phoenix with the elements and rainbows surrounding it. Nerissa has massive black angel wings with rainbow tips on the large feathers that looked like the star and her massive Sword of Kandrakar in her hand had merged with Prince Phillip's sword and turned into a 6' 5" longsword, she has on her new Bracelets of the Champions of The Universe with large deep rainbow gems on her wrists, Belt of Elemental Bravery with large deep rainbow gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a Rainbow kanji below the phoenix that said "Nerissa, Redeemed Member of C.H.Y.K.N., Guardian of Kandrakar, Destroyer of Dark Nerissa and Prince Phobos, Slayer of Evil, Master of Quintessence, Master of the Elements of the Universe, Friend to Cassidy, Halinor, Kadma and Yan Lin, And Amazing Member of Team Loud Phoenix Storm."

ネリッサ、CHYKNの償還メンバー、カンドラカーの守護者、ダークネリッサとプリンスフォボスの駆逐艦、悪の殺し屋、クインテセンスのマスター、宇宙の要素のマスター、キャシディの友、ハリノール、カドマ、ヤンリン、そして素晴らしいメンバーチームラウドフェニックストーム。

She had transformed into a SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSENCE REDEMPTION MASTER OF THE ELEMENTS!

We were amazed by Nerissa's new transformation!

Nico: WHOA! Nerissa transformed!

Cassidy: Wow! Incredible!

Halinor: First Cassidy and then me and now Nerissa!

Me: Wow! Nerissa, how do you feel?

Isabella "Ivy" Valentine: (Growls) I was hoping never to hear that voice ever again. You can come out now, Cervantes De Leon.

A large figure came out, and it was none other than Cervantes De Leon, the feared Dread Pirate and father of Isabella "Ivy" Valentine, and we saw that he was restored to normal after we destroyed Soul Edge long ago, and was in his original attire from Soul Edge. When Ivy saw him here, she was pissed off big time.

Isabella "Ivy" Valentine: You've got some nerve to show your face here, Cervantes, after everything that you've done!

Cervantes de Leon: Now, now, is that any way to talk to your father?

This shocked us, but not Lincoln.

Lincoln: Ivy did say you were her father, but I can tell, you're one relative that I'm also going to help get rid of. (To Ivy) Ivy, what can you tell us about your so-called father? I know that you told me and the rest of my harem about it, and it's painful for you. It's okay if you don't want to tell the rest of us about it.

Isabella "Ivy" Valentine: No, it's okay, Linky. I can tell the rest of the team about it.

Isabella "Ivy" Valentine proceeded to tell us about Cervantes De Leon, and we weren't going to like him one bit.

Cervantes De Leon

Cervantes de Leon is the secondary antagonist of the Soulcalibur video games series. He was the main antagonist of Soul Edge and later a playable character in the rest of the games.

He was voiced by Takashi Nagasako, Jin Urayama, and Hiroshi Shirokuma in Japanese. and by Barry Gjerde, Warren Rodgerson, Wally Wingert, and Patrick Seitz in English.

Biography

In Soul Edge, Cervantes' father, Philip de Leon, was a privateer sent on a special mission from the Spanish king to loot in the name of Spain (these "legal pirates" are known as corsairs). One day, he sailed closely to an English ship with intent to loot it, only to find out too late that it was a warship. He was taken by surprise, his ship was destroyed, and he died along with it. Cervantes was devastated. Cervantes grew up full of pride over his father who was a great sailor, but became a notorious pirate because of his father's death.

He decided that if that was what happened to sailors that swear allegiance to Spain, he would forsake it and become a pirate. One day, he received a message from the "Merchant of Death," Vercci. It was a request to find Soul Edge. At first Cervantes dismissed the offer, but finally accepted since Vercci was the merchant who gave him the artillery for his ship. After a year of searching, Cervantes found information pointing to an antiques dealer with a "strange article". There was no specific evidence that said article was Soul Edge, but Cervantes was a pirate, and could find some use for the ship's goods even if Soul Edge was not there.

Cervantes attacked the ship, and nobody heard from him again for more than twenty years. He obtained Soul Edge, and it eventually drove him mad as it devoured his soul. His insanity made him destroy anyone who came seeking the sword. Li Long was the first to confront him to possess Soul Edge, but was defeated from its overwhelming power. He tried to escape, and Cervantes pursued him. However, Li Long successfully fled. Cervantes' reign of terror continued for over 20 years until Sophitia, Taki and Siegfried defeated him.

But this was not the end of Cervantes. In Soulcalibur, Nightmare, the new master of Soul Edge, unknowingly resurrected him using the fragments of Soul Edge still lodged inside Cervantes' body, but all his memories of his past life had vanished. Once again, Cervantes seeks the demonic blade with renewed fervor and strength. Over the course of the next three years, Cervantes sailed in a ghost ship, plundering and maddening ships across the world, as his memories gradually returned, along with the desire to search for Soul Edge again, even though he knew it had robbed him of his free will.

In Soulcalibur II, during Cervantes' search for Soul Edge, he realized that the second sword had been shattered as well when he found a few shards of the second sword. He pondered as to whether or not Soul Edge had been definitively conquered, but at that moment, the shards melded together on their own to create a bigger piece of the sword. For the next four years, Cervantes began his quest to steal souls and collect additional fragments. Eventually, they took the form of a legitimate sword. Cervantes' new goal was to regain Soul Edge, and to do that, he needed as many of the fragments as he could find. By making use of the fragments of the cursed sword within his body, Cervantes succeeded in preserving his own will.

With Soul Edge and the Adrian, he devoured the souls of brawny men of the sea.

In Soulcalibur III, Cervantes sailed around his homeland of Spain, seeking souls to sustain both himself and his half of Soul Edge. But one day, the presence of the other half of the evil sword suddenly disappeared, And he himself began to crumble. Cervantes then realized that the fragments of Soul Edge that were sustaining his life were slowly losing their power. Then Tira appeared on board the Adrian with a huge flock of ravens, claiming that she is a servant of the evil sword. She tells Cervantes that a powerful entity has appeared, and it was the one who temporarily destroyed the other half of Soul Edge. Then Tira leaves. Cervantes did not plan on sharing the same goal as hers, but he had to destroy the entity in order for him to stay alive.

In Soulcalibur IV, Over time, Cervantes had consumed so many souls that he was able to create an army of the undead. He had even planned to devour the sweet soul of his own daughter, Ivy, in order to gain an even larger amount of power, but he could not locate his daughter's whereabouts. Soul Edge was now free from the seal of Soul Calibur, and his own sword was responding to this. Cervantes had no other choice but to let it go. But once Soul Edge regained all of its power, Cervantes will claim the sword for himself. So he picked up an old sword that he used long ago, and even this sword soon became evil. With such great power, Cervantes was sure that no one can stop him.

In Soulcalibur: Broken Destiny, Gauntlet storyline, Cervantes' soul is required as payment for Ivy to create a potion for character Hilde and her party to cure her father. Though they attempt to renegotiate, they are forced to find and take Cervantes' soul by force.

In Soulcalibur V, Cervantes traveled to Ostrheinsburg in order to reclaim Soul Edge and devour the sweet soul of his daughter, Ivy, but it was Ivy herself who foiled this plan. His body beaten and his mind shattered, Cervantes was swallowed by a dimensional rift opened by Soul Edge. Years later, as the 17th century dawned, strange rumors began to stir among the men of the sea. They spoke of a giant ship with a skull on its bow, captained by the legendary Cervantes. No one truly believed it, of course-more than half a century had passed since the great pirate last stalked the Atlantic. What they did not know-what they couldn't have known-was that Cervantes had broken free of Soul Edge's control, and escaped from the other dimension. He had returned to his world at the height of his powers.

In Soulcalibur VI, which serves a reboot of the original Soul Calibur story, Cervantes was accidentally revived by Nightmare when the Evil Seed spread throughout the world. Initially having no memory of his past, he proceeds to kill a band of pirates and claim their souls, bringing his memory back to light. He then seeks his daughter Ivy, but refuses to kill her or claim her soul due to her being "too weak". He then decided to bide his time until he can fully become the master of Soul Edge.

When Isabella "Ivy" Valentine was done, we were disgusted and enraged at Cervantes De Leon's cruel and evil actions.

Me: What the hell?! That bastard's nothing more than a pirate who has no respect for the Code.

Nico: And on top of that, he's also another servant of The Soul Edge, just like Tira. This bastard's got to go.

Isabella "Ivy" Valentine: I've had it up to hear with you to last an eternity.

Suddenly, we heard and felt something snap in Isabella "Ivy" Valentine's mind, as her purple eyes turn neon purple and was surrounded by a white energy aura with snakes and holy flames, she unholstered her snake sword and massive Destroyer of Soul Edge sword from her back, and as she approached Cervantes de Leon, she left white energy, holy flames, and snakes with every step.

Isabella "Ivy" Valentine: I've always hated you with every fiber of my being, Cervantes. You showed absolutely no remorse and you only sought the power of the Soul Edge to cause havoc and devour souls. You've caused nothing but pain and suffering for the last time, and now, I'm going to make sure that you die right here and now, YOU BLACK-HEARTED, FUCKED UP, SADISTIC, REMORSELESS MONSTER!

CLANG!

Our jaws hit the floor when Isabella said that.

Me: Uh oh.

Nico: She's lost it big time. HIT THE DECK!

We scatter for cover as Isabella "Ivy" Valentine screamed like a madwoman and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion blasted out from her as she was surrounded by a massive vortex of white energy with white flames and snakes surrounding it, there was a snake slithering around the vortex, and inside of the vortex is a purple phoenix. Then, as the vortex faded, Isabella "Ivy" Valentine emerged, but she was changed forever.

Isabella "Ivy" Valentine grew to 6'0" in height, she had the body of a goddess, she had purple highlights in the bangs of her silver hair, she has neon purple eyes and a white energy aura with white and purple flames and snakes surrounding her, she has a snake surrounding the Light Kanji emblazoned on her forehead, she has on snake earrings with the Light Kanji surrounding it and a necklace with a snake surrounding the Light Kanji for the pendant, along with her Thunderbird Necklace of Eternal Love, she has on a sleeveless purple sports bra with a white phoenix on it, purple blouse with snakes on it, light pants, purple ankle-high combat boots, and a long purple sleeveless trenchcoat with snakes and white flames on the coattails and on the back is a snake with white flames surrounding it, Ivy has massive silver angel wings with purple tips on the large silver feathers, she has her massive Destroyer of Soul Edge sword in her left hand and her snake sword in her right hand, she has on her new Bracelets of the Champions of The Universe with large purple gems on her wrists, Belt of Elemental Bravery with large purple gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the snake that said, "Isabella "Ivy" Valentine, Former Daughter and Destroyer of Cervantes De Leon, Loving Future Wife of Lincoln Loud, Destroyer of The Demonic Sword Soul Edge, Slayer of Evil, Friend To Many, Amazing Member of Team Loud Phoenix Storm, and Master of White Flames and Snakes."

イザベラ「アイビー」バレンタイン、セルバンテスデレオンの元娘と駆逐艦、リンカーンラウドの愛する未来の妻、悪魔の剣ソウルエッジの駆逐艦、悪の殺し屋、多くの友人、チームラウドフェニックスストームの素晴らしいメンバー、そしてホワイトのマスター炎と蛇

Isabella "Ivy" Valentine has transformed into SUPER ANGEL 750,000,000,000 WHITE SNAKE HOLY FIRESTORM ANGEL OF LOVE AND JUSTICE!

We were amazed by Isabella "Ivy" Valentine's Super Angel 750,000,000,000 transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Cervantes De Leon saw it, he tried to kill her, but Ivy fired a powerful blast of holy fire at him, and it hit and burned him severely.

Me: Whoa, Isabella's transformed.

Nico: You said it, Colonel, and she, along with Lincoln, are going to tear her so-called father to shreds for what he's done.

Lincoln: Whoa, Isabella, You look beautiful. How do you feel?

Isabella "Ivy" Valentine: (Divine Echoing Cosmic Voice of The Holy Inferno and Serpent Love) **I feel incredible, Linky, and now, I'm going to tear my so-called father to shreds, and I know you're also going to join in, right?**

Lincoln: (Smiles) Of course. After all, this is one relative who also deserves no mercy for what he's done, including to his own daughter.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-

Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Isabella "Ivy" Valentine.

Lincoln: **Let's tear him to shreds.**

Lincoln and Isabella "Ivy" Valentine went at Cervantes De Leon, who unholstered his Longsword and Pistol sword, and he tried to attack them, but they dodged, and they fired powerful blasts of rainbow energy, white and purple energy, white and purple flames, elemental forces, Thunderbirds, Buffalo, Phoenixes, and Snakes at him, and they exploded with incredible power, and they disarmed him of his weapons. Then, they slashed at him with their massive swords, and really left some nasty scars on him.

Cervantes De Leon: I DESPISE ALL OF YOU!

But, this caused their auras, along with the auras of the rest of us, to flare up as we gained a massive power boost from his dark hatred.

Isabella "Ivy" Valentine: **Shall we put this monster down for good, Linky?**

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's do it, Ivy. Time for your so-called father to walk the plank.**

Lincoln and Isabella "Ivy" Valentine: **HOLY FIRESTORM PLAGUE OF SNAKES!**

Lincoln and Isabella "Ivy" Valentine fired massive white energy waves and holy fire, and they turned into snakes, which attacked and bit Cervantes De Leon severely, and the holy flames turned his body to ashes and his evil spirit was Super Hakaied forever. We cheer wildly for what Lincoln and Isabella "Ivy" Valentine did as they holster their massive swords on their backs and they powered down, and Isabella's new body, clothes, weapons, jewelry, and angel wings are permanent. Lincoln also took Cervantes De Leon's Longsword and Pistol sword as his own.

Suddenly, Isabella ran up to Lincoln and hugged his waist, and felt tears running down on his eight-pack abs, as he wrapped his abnormally massive and powerful muscular arms around her, and he picked her up, and she was now crying on his bare chest.

Lincoln: It's okay, Ivy, it's all over.

Isabella "Ivy" Valentine: Thank you, Linky.

Lincoln: (Smiles Warmly) You're welcome, Ivy.

Then, Isabella picked up her head, and as she and Lincoln lock eyes, they shared a passionate kiss as she wrapped her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the skies, a herd of Buffalo running across the field and snakes slithering behind them. We had tears in our eyes and a smile on our faces.

Me: (Smiles) That's so beautiful and awesome.

Nico: (Smiles) You got that right, Colonel, and Lincoln did say Cervantes de Leon doesn't deserve to live not after everything he's done, including to his own daughter, and we still remember what he and Rayne did to Kagan when we went after Mechanikat.

We got back into our cars and beamed the Air Gigantia plane to TLPS Estate and went back to finish the race. We then crossed the finish line. Absorbing Man was next.

Absorbing Man: (to Marinette) Let's hope we won't have to deal with anymore Twisted Princesses anytime soon. Also, what can I absorb around here?

Marinette: I have a feeling more of them are still out there and we'll face them on future adventures yet to come. And try absorbing the metal pole for the arena.

Rainbow Dash: I hope we face Twisted Belle. She would be a really awesome challenge.

Scootaloo: Same with Twisted Mulan. I hope she is just as awesome.

Whirlwind: All the Twisted Princesses have proven to be a really amazing challenge.

Hulk: Hulk agree and Hulk ready to smash them.

Kevin Levin: Boy me too.

Absorbing Man: You said it. Lets do it!

They fired waves of energy, rainbows, lightning and wind and smashed him down.

Marinette: That was fun!

Rainbow Dash: That was AWESOME!

# NEW YEAR 2021 RECAP

HAPPY NEW YEAR AND FIRST DAY OF 2022 EVERYONE!

---

It was January 1st, 2022 and it was the very start of the new year.

Mascots: HAPPY NEW YEAR EVERYONE!

Me: And a very good Happy New Year to you as well.

Nico: This is gonna be awesome.

Bloom was getting ready for her next Ambassador Mission and then Brain Freezer appeared.

Brain Freezer: Can I go with you this time, Bloom?

Bloom: You sure can.

Nico: You guys are gonna have an awesome time together.

Me: Yep. Hope you guys kick some bad guy butt.

Bloom: Oh we will. Ready to go?

Brain Freezer: Yep.

They opened the portal to the Yost Fantastic 4 World and they went through it and were off.

They arrived in the Yost Fantastic 4 world.

Yost Reed: Hey Bloom.

Bloom: Guys, I'd like you to meet my archenemy.

Brain Freezer: Name's Brain Freezer and I am called that because I am an ice power master.

Yost Johnny: Awesome to meet you.

Yost Susan: That is so awesome.

Yost Johnny: You look like a kid version of Blizzard.

Brain Freezer: That's true. Thanks.

Yost Johnny: You're welcome.

Yost Reed: I didn't expect to see you back so soon.

Bloom: Yeah sorry. It's New Years Day and J.D. leads again today.

Yost Reed: Oh. That makes sense.

Brain Freezer: It's awesome to be here to meet you.

Yost Thing: Yep it sure is.

Brain Freezer: I'm glad there's also another Blizzard on this Earth.

Yost Thing: (frowns) Well, he ain't exactly around anymore.

Bloom: Oh no. What happened?

Yost Thing: Annihilus killed him.

Bloom: Annihilus?

Yost Susan: He's an interdimensional warlord from the Negative Zone.

Bloom: What can you tell us about him?

She told them about him.

---

Annihilus, nicknamed The Living Death That Walks, is a alien supervillain from Marvel Comics and a classic recurring enemy of the Fantastic Four and the Guardians of the Galaxy, usually serving as the main villain of story arcs involving the Negative Zone and sometimes arcs that are not, such as when he later became a threat to the entire universe as the main antagonist of the cosmic storyline Annihilation, where he commanded the Annihilation Wave and later became the main villain of the Thanos Trilogy.

The being later known as Annihilus was born from an incident involving a Group of tyrannian explorers on the planet Arthros in the Negative Zone. The tyrannians were forced to release the experimental spores they carried with them on the planet in order to save themselves.

Centuries later, the spores formed an insectoid being, smart but pretty weak. Luckily, the creature used the technology of the tyrannians to survive and build an exoskeleton for himself as well as discovering the powerful artifact known as the Cosmic Control Rod.

The creature, named himself Annihilus, soon became obsessed with Death and survival and that every sentient being is out to kill him or steal the Cosmic Control Rod from him. Driven by his paranoia, Annihilus conquered planet Arthros and many other planets in the Negative Zone.

Annihilus first encountered the Fantastic Four when they entered the Negative Zone seeking anti-particles needed to treat Sue's cosmic ray-related pregnancy complications. Annihilus's minions captured the heroes, but they escaped, stealing his Control Rod. They returned it after siphoning off the needed anti-particles and returned to Earth.

Annihilus was challenged by Janus the Nega-Man, a research scientist, who developed a module capable of harnessing antimatter energy within the Negative Zone. Annihilus defeated Janus, forcing the Nega-Man to lead him to Earth, but Janus was instead seemingly killed in the exploding atmosphere where matter meets antimatter. Annihilus nearly crossed over to Earth through one of Mister Fantastic's portals, but was driven back by the Avengers. Annihilus battled the Frightful Four, and once again attempted to escape the Negative Zone, but was foiled by Spider-Man and the Human Torch.

Sensing great power within Franklin Richards, Annihilus abducted him, along with the Fantastic Four, Medusa, Wyatt Wingfoot, and Agatha Harkness into the Negative Zone. He used a machine to prematurely release the child's full power potential, hoping to transfer the expended energies into himself. The Four defeated Annihilus and escaped back to Earth. Annihilus later allied with Mr Fantastic against the Mad Thinker.

Blastaar, a fellow Negative Zone villain and warlord, stole the Control Rod and left Annihilus to die. Desperate, Annihilus tried to escape to Earth. He was defeated by the Avengers and Fantastic Four before returning to the Negative Zone. He was revived by Blastaar and regained his Control Rod.

Annihilus attacked the dimension of Asgard, home of the Norse Gods, but was repelled by Odin. Annihilus later kidnapped a sleeping Odin, transporting him to the Negative Zone to steal his power. Annihilus was defeated by Thunderstrike.

Annihilus began leading the Annihilation Wave, an enormous fleet of Negative Zone battleships, ostensibly claiming to have the goal of conquering the universe. He claims that the universe is expanding into areas of the Negative Zone, making the universe now rightfully his territory. His forces destroy the Kyln, an intergalactic power station and maximum security prison, and the planet Xandar, headquarters of the Nova Corps. He allies with Thanos and two beings that were trapped in the Kyln by Galactus, Tenebrous, and Aegis. Tenebrous and Aegis defeat Galactus and the Silver Surfer, and the two are connected to a giant mechanism in Annihilus' starship. Annihilus' goal is actually creating a massive Power Cosmic bomb that will destroy the Universe and the Negative Zone, leaving Annihilus the only survivor. Thanos betrays Annihilus and Drax and the Silver Surfer manage to free Galactus, who destroys the Annihilation Wave. Nova battles and kills Annihilus. Annihilus was later reborn as an infant with all of the original's memories.

During the War of Kings, the Negative Zone is invaded by Darkhawk and his ally Talon. They discover the infant Annihilus and his Cosmic Control Rod have been placed under the care of a lesser lord of the Negative Zone, Catastrophus. Catastrophus had been using the Cosmic Control Rod to stunt the development of the infant Annihilus, hoping to prolong his own rule. Talon slew Catastrophus and seized the Control Rod, before calling out to the infant Annihilus and asking it to remember in the future that he had spared the creature's life.

During a later incursion into the Negative Zone, Johnny Storm discovers that Annihilus's forces have been rebuilt to "pre-Crunch assault levels," but are currently embroiled in a struggle with Blastaar's forces. Central to that struggle is a city built from the remains of the Negative Zone Prison Alpha. The war is further complicated by the involvement of the Universal Inhumans.

The Human Torch dies stopping a horde of aliens from the Negative Zone. Later, when Reed Richards opens a window to the Negative Zone and menaces Annihilus with the Ultimate Nullifier, Annihilus in return brandishes Johnny's uniform to Reed.

Annihilus uses regenerative surgery to revive the Human Torch, turning him into a gladiator when he refuses to reopen the portal from the Negative Zone.

Annihilus is contacted by an alternative version of Reed Richards (one of the last survivors of the Council of Reeds) via the Cult of the Negative Zone, a religious movement worshiping Annihilus. As part of a plan to orchestrate an event known as the "War of Four Cities", Richards offers to open a massive portal between the Negative Zone and Earth, allowing the Annihilation Wave to pass through. Annihilus agrees, and sends forces to attack the Baxter Building and secure its Negative Zone gateway. Johnny Storm learns of the plan and enlists the Inhumans Light Brigade in an uprising, attacking Annihilus' forces as they prepare to cross over. With the aid of Light Brigade member Kal Blackbane, Johnny wrests the Cosmic Control Rod away from Annihilus, and takes control of the Annihilation Wave armada, using it to battle the Kree fleet as well as the Mad Celestials. Annihilus is captured and a leash is placed around his neck and he's forced to live in Peter Parker's apartment.

After a rebellion breaks out for free elections in the Negative Zone, Annihilus wins as a write-in candidate for new leader of the Negative Zone, with 14,980,336,901,214 votes for him.

It is later revealed that Annihilus is still trapped in a child form, and has been using a mechanized stand-in for public appearances. Seeking to return to a more impressive size, he has his agents arrange the abduction of Bruce Banner. After his scientists study Banner's physiology and learn what allows him to transform into the Hulk, Annihilus is mutated into a gigantic, more monstrous form. With this new form, Annihilus and his army make another attempt to conquer the universe. They are successful, ravaging many worlds and killing most of Earth's heroes. However, with help from the One Above All, Thanos and Adam Warlock are able to travel back in time and prevent Annihilus' invasion from ever occurring. Warlock then uses his powers to devolve Annihilus into a primitive insect, which is then stepped on by Thanos.

---

When she was done they were shocked!

Bloom: Whoa! That is awful!

Yost Reed: This is going to sound crazy. But I think right now, we should make an effort to destroy much of Annihilus' forces.

Bloom: With us by your sides we will gladly make sure they are destroyed.

Brain Freezer: That's right!

Bloom: And I think they are coming right now!

They saw a massive army of Annihilus's horde coming in the tens of millions!

Yost Susan: We need to take this fight to the Negative Zone!

Bloom: Lets go!

Bloom snapped her fingers and teleported them all to the Negative Zone and then Bloom fired a massive blast of fire and it turned into a dragon and it hit numerous horde members and incinerated them in an instant!

Brain Freezer: TASTE ICE!

Brain Freezer fired waves of ice and froze them in ice.

Yost Johnny and Bloom: FIRESTORM DRAGON INFERNO!

They fired massive blast so fire and it formed into a massive dragon and incinerated them in an instant!

Yost Johnny: So that was a combo attack?!

Bloom: Yes it was. Teamwork is one of the most powerful weapons we have on the team.

Brain Freezer: Yep it sure is.

Yost Johnny: Awesome!

Then YOST ANNIHILUS came! Yost Annihilus: Fantastic Four! We meet again!

Yost Johnny: (gags) I see you still haven't gotten a breath mint.

Yost Annihilus: (growls) Just once, I'd like you to refrain from making those stupid jokes of yours!

Bloom: How about this then? Is your brain as tiny as your minions are or were you just born that way because of your lack of a brain?

BURN!

Yost Annihilus: I WILL KILL YOU FOR THAT!

Bloom fired a massive blast of fire and burned him in a massive fiery explosion!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Brain Freezer: And you should really develop a taste for Mint Chip ice cream because it will give you better breath than smelling like lizard droppings all day!

Brain Freezer fired a massive blast of ice and froze him.

Yost Annihilus: You remind me of another being with ice powers.

Brain Freezer: Are you talking about the Blizzard of this world that you killed?

Yost Annihilus: (laughs evilly) Oh, I remember him. I remember how he screamed as my pets tore him and those other two apart when those Avengers were foolish enough to fight me!

Brain Freezer: Dude, you're fucking sick!

Bloom: We should just kill you right here and right now but we'll save you for when our friends rip your fucking ass apart!

Yost Johnny: Yeah!

They smashed him down.

Bloom: That should hold him till we face him later on. Lets get out of here!

They opened the portal back home and Suddenly, two of Annihilus' minions grabbed Yost Johnny.

Yost Johnny: THEY GOT ME, GUYS! SAVE YOURSELVES! I'M A GONER!

Yost Thing: WE'RE LEAVING NO MAN BEHIND!

Bloom fired two blasts of fire and blew the minions that grabbed him apart and she grabbed Yost Johnny and flew out of the Negative Zone and the portal closed.

Yost Johnny: Thanks Bloom!

Yost Susan: Well, we didn't kill Annihilus. But most of his monsters are destroyed.

Yost Reed: That's true and Bloom, you and Brain Freezer have worked incredibly well together with us. Your teamwork is amazing.

Bloom: We've had a lot of training and a lot of skills taught to us. One of the most powerful rules we have is Those who Break The Rules Are Trash and Those Who Abandon Their Teammates are

Worse Than Trash.

Yost Susan: Wow that is very motivational and very true.

Yost Thing: It sure is amazing.

Brain Freezer: A shinobi taught us that rule. It has been a huge and powerful rule for us.

Yost Reed: It sure is very helpful.

---

Back at the estate, I was looking up stuff on the computer. I had a lot of things running through my mind about why Camp Kidney turned into such a no fun zone because of Scoutmaster Lumpus and WHY he did what he was doing for so long. I was scrolling through newspapers dating back years before the team was formed. But then something caught my eye. It dated back to March 14th, 2001.

Me: Whoa look at this!

Nico: What is it?

Me: "Mad Reindeer, Algonquin C. Lumpus escapes from Maximum Security Insane Hospital. Extremely Dangerous Lunatic."

Nico: Reindeer? Lumpus was really a reindeer and not a moose?

Me: "Lumpus is responsible for doing a string of terribly insane crimes to camps and establishments all over the state of Wisconsin and destroying their fun. Committed to a maximum security insane asylum for life, Lumpus escaped yesterday and has yet to be found. Considered to be extremely dangerous."

Nico: WHOA! So that's why they couldn't find him after all this time! He changed his appearance to that of a moose!

Me: No wonder!

Bloom and Brain Freezer came back.

Me: Hey guys. How did it go?

Bloom: It was awesome!

They told us about it and it was awesome.

Me: WHOA! You guys faced Annihilus and his horde? That is awesome!

Nico: You guys showed them what teamwork can do to them. Way to go guys.

May: Who should go with you next time?

Bloom: All the Winx Club next time.

Me: Good choices. I'm going to get a smoothie at the mall. I'll be back in a few minutes.

Nico: Okay.

I went to the mall and came back.

After I came back home, Lincoln, Me, Nico, Eli, Nicole, The Black Lanterns, Crash Bandicoot, Coco Bandicoot, Aku-Aku, Alternate Tawna, Lani-Loli, Akano, Kupuna-Wa, and Ika-Ika were heading to the planet of Ryut, the home of the Black Lanterns, and not only is Lincoln going to rescue the five girls there, but we're also going to fight and destroy the four evil Elemental Masks, Py-Ro, The Elemental Mask of Fire, Wa-Wa, The Elemental Mask of Water, Lo-Lo, The Elemental Mask of Wind, and Rok-Ko, The Elemental Mask of Earth.

Lincoln: Whoa, we're on the planet Ryut.

Me: You said it, big guy. I haven't forgotten just how spooky this place really is.

Lincoln: You said it, J.D., and I think I know what we're going to do here, not only am I going to rescue the five girls there, but we're also going to fight and destroy the four evil Elemental Masks, Py-Ro, The Elemental Mask of Fire, Wa-Wa, The Elemental Mask of Water, Lo-Lo, The Elemental Mask of Wind, and Rok-Ko, The Elemental Mask of Earth.

Nico: Uh oh, looks like one of your enemies is here and on the loose, Crash.

Crash Bandicoot: It looks like it, Nico. But, those four are in for a nasty surprise when they see me.

Aku-Aku: (Jamaican Accent) That's true, Crash, but this is also a bad sign: one day soon, we'll run into my evil twin brother, Uka-Uka, in the future.

Lani-Loli: I can't believe that monster was freed after you sealed him away long ago, Aku-Aku.

Aku-Aku: (Jamaican Accent) I thought so too, but it was because of Cortex that Uka-Uka was freed from his prison. But, we've always put a stop to that monster.

Lincoln: Ugh, and I remember when Crash and all of you told us about Uka-Uka, he's nothing but a monster filled with malice.

Coco Bandicoot: You got that right, Lincoln. He's another embodiment of pure evil and malice.

?: HELP!

Suddenly, Lincoln heard the sound of five girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the five girls, but they've been cornered by Py-Ro, The Elemental Mask of Fire, Wa-Wa, The Elemental Mask of Water, Lo-Lo, The Elemental Mask of Wind, and Rok-Ko, The Elemental Mask of Earth, and they're going to kill them.

Lincoln: Guys, I found the five girls, but they've been cornered by Py-Ro, The Elemental Mask of Fire, Wa-Wa, The Elemental Mask of Water, Lo-Lo, The Elemental Mask of Wind, and Rok-Ko, The Elemental Mask of Earth, and they're going to kill them.

Crash Bandicoot: Those bastards, I'm going to burn them alive for this!

We rushed on over, and Lincoln fired four powerful rainbow energy blasts at the Elemental Masks, and got hit badly. When the four Elemental Masks saw us, they were mad, and they were even more mad when they also saw Crash Bandicoot, Coco Bandicoot, Aku-Aku, Alternate Tawna, Lani-Loli, Akano, Kupuna-Wa, and Ika-Ika with us.

Py-Ro: Crash Bandicoot and Team Loud Phoenix Storm, now we can get our revenge on you for what you did to us!

Crash Bandicoot: Shut your mouth, hothead! You four brought this on yourselves when you were let loose by Uka-Uka. And just to let you know, I'm not the same bandicoot who beat you four long ago.

Crash Bandicoot unholstered his massive Sword of The Skylanders from his wider and more muscular back, and the 6'11" tall and extremely muscular bandicoot hero had transformed into Super Angel 750,000,000,000 Elemental Skylander Bandicoot Angel of Bravery and Courage, which brought terror to their faces, and Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and we also transformed and unholstered our massive swords from our backs, and we went at Py-Ro, Wa-Wa, Lo-Lo, and Rok-Ko, who fired blasts of fire, water, ice, wind, lightning, and rocks at us, but we dodged them, and we fired powerful blasts of rainbow energy and elemental forces at them and they exploded with incredible power.

Then, Lincoln and Crash Bandicoot fired red energy blasts at Py-Ro, Wa-Wa, Lo-Lo, and Rok-Ko, which hits the evil Elemental Masks and sucked out all of their elemental powers, and they and the rest of us made them our own. Then, Lincoln and Crash Bandicoot cuts Py-Ro, Wa-Wa, Lo-Lo, and Rok-Ko down, and they exploded in four purple vortexes and their spirits were Super Hakaied forever, and we cheered wildly for what we've done as we holster our massive swords on our backs and power down, and Lincoln got the five girls and we teleported back home.

Then, Lincoln and Nicole went up to the five girls there, and when Lincoln saw them, he recognized them immediately. The five girls were Riri Hojo, Mayumi Akutagawa, Chizuru Mitsudera, Kodama Awaza, and Shigure Hanasaki from Hand Shakers.

Lincoln: Oh wow, it's Riri Hojo, Mayumi Akutagawa, Chizuru Mitsudera, Kodama Awaza, and Shigure Hanasaki.

Nicole: From Hand Shakers, awesome.

Lincoln: Are you girls okay?

Riri Hojo: Yeah, we're okay, thanks to you.

Then, when Riri Hojo and the other four girls saw who it was that saved them from Py-Ro, Wa-Wa, Lo-Lo, and Rok-Ko, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue

eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Riri Hojo: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Riri Hojo: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love then appeared around the necks of Riri Hojo, Mayumi Akutagawa, Chizuru Mitsudera, Kodama Awaza, and Shigure Hanasaki. We told everyone of what happened on Ryut, and they were shocked when they found out that the villains we fought on Ryut were Rok-Ko, Py-Ro, Lo-Lo, and Wa-Wa, the four evil Elemental Masks and enemies of Crash Bandicoot and his friends. But, when we showed them what we did to them, everyone cheered wildly for us and hugged us, and the girls in Lincoln's harem piled on him and they all kissed him all over and he had a lovestruck look on his face. But, this means one thing: now, we have Crash Bandicoot's enemies to deal with in the future, but we're more than ready for them.

* * *

After getting rid of the four evil Elemental Masks this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, we were getting ready to go to Bubblaine for some fun, and we also invited The Masters of Evil along for the trip. All of the boys were dressed in large swim trunks in their favorite colors with elemental forces and mythological animals on them, the girls were dressed in two-piece bikinis in their favorite colors with elemental forces and mythological animals on them, and we had on our accessories, jewelry, and we had our weapons holstered, in case of trouble.

Me: Alright, everyone, shall we?

Lincoln: We're ready, J.D.

We left the Estate, and we headed for Bubblaine, and when we arrived, those who haven't been to Bubblaine were amazed at how beautiful it was.

Vypra: So, this is Bubblaine, it sure is amazing.

Me: That's right, Vypra.

Eli: And I remembered that you and your harem and Lincoln and his harem have been to Bubblaine during your dates.

Lincoln: That's right, Eli, and it's amazing here.

Spyro: This is definitely awesome.

Crash Bandicoot: You got that right, Spyro. It's so amazing here.

Rarity: And look at that amazing Glass Tower in the middle of the ocean and with those four fountains surrounding it, it's beautiful.

We then began swimming in the water, and we also saw the four fountains spraying water toward the Glass Tower, and it was beautiful. We also were resting on towels we placed on the sand, and we also were working on our tan, and some of us were also playing on the sand. Suddenly, the eight large planets and stars and colored orbs orbiting around our legs were glowing, and we saw something in the distance. It was Mollusque-Lanceur, an enemy of Mario who tried to suck out the water from the Glass Tower, and now, he's back and he wants revenge.

Nicole: Oh great, it's Mollusque-Lanceur. That arrogant octopus is back and he wants revenge.

Lincoln: I'm going to turn that overgrown piece of calamari into sushi!

Me: Save some for me, big guy.

Crash Bandicoot: Let me join in too, boys.

Lincoln, Crash Bandicoot, and I unholstered our massive swords from our wider and more muscular backs and we transformed, and we went at Mollusque-Lanceur, and we fired powerful rainbow energy blasts and elemental forces at him, and they exploded with incredible power as they hit him. Then, we came down on him and with three powerful downward one-handed slashes, we cut down that evil arrogant octopus, as he exploded into tentacles, and his spirit was Super Hakaied forever.

We holstered our massive swords on our wider and more muscular backs and power down, and we'd gathered the tentacles, and we put them on the grill and seasoned them, and they tasted good when we took a bite. Then, we came back home to the Estate.

Lincoln: That was so awesome!

Lana: You said it, bro. Man, we had a ton of fun on Bubblaine.

Lola: And we saw the fountains spraying water into the Glass Tower, and it was so beautiful!

Luan: Yeah, and you, J.D., and Crash Bandicoot turned that overgrown octopus into sushi when he showed up uninvited and worst of all, wanting revenge on Mario, Lincoln.

Lincoln: But, we turned him into octopus sushi and we grilled his tentacles on the grill, and seasoned them.

Morgana: And they tasted delicious.

Nico: You said it, Morgana.

Lori: And we also worked on our tans while we were out in the sun.

Lincoln: You said it, Lori.

Paige: Yeah, and I really like the tanned complexion you now have, Linky.

And Paige was right that Lincoln had quite an awesome looking tan all over his massive and powerful muscular upper and lower body, and we also had the same tan as well.

Luna Loud: Next time, we should go to any of the other locations you guys have gone to, Lincoln.

Lincoln: Good idea, Luna.

Later it was time for our New Years Day Party at Lynn's Table and it was an awesome way to start the new year.

Poromon: Isn't this a Happy New Year?

Nico: It sure is Poromon.

Me: A toast to the start of 2022!

Everyone: HERE HERE!

We clinked our glasses.

Nico: Boy 2021 had a lot of awesome things happen to us.

Eli: Boy it sure did and the most infamous out of them all was the 20 Days of Darkness.

Lori: (sighs sadly) That literally wasn't one of my best moments. I drove Nico into secluding himself into his room for a few days.

Leonard: How were you supposed to know that the Digimon Emperor was influencing Nico when the Sullen 6 were broken out?

Me: Yeah Lori that wasn't your fault. Also we were warned about that happening to us thanks to Cameron Clix. He told us everything that was going to happen during those 20 days.

Eli: That's right and we were told that all of that would happen during those 20 days. They were going to be Hell from the start.

Me: Besides they weren't all that bad. I did have that Dream that showed me where to find Gari and siblings for Princess Luna.

Varie: Yeah and we got to see Apple Bloom ascend to Princess of Cutie Marks.

Lori: That was literally cool. And that was the second dream J.D. had that helped out Princess Luna.

Me: Yep it sure was. And it was on the first full moon of the year. In January on the 28th I think.

Nico: Yep it sure was. That was awesome.

Gari: It sure was and it was awesome that J.D. found us.

Me: It sure was.

Boy Lynn: I remember the battle against the Midnight 13.

Mammoth: Lynn and Lightning helped out with that every now and then.

Me: They sure did. That was really cool and me and Zarya appreciated that.

Zarya: Boy we sure did.

Me: Taking on the dark demons of Twilight and friends was really awesome and epic.

Nico: It sure was and you did it in many parts of the world.

Eli: That was so awesome.

Me: Yep and we took many of the fights to different planets to avoid causing serious damage to the planet.

Laney: Very smart thinking there and we saw that all on TV and it was cool.

Me: Yep that was cool.

Lynn: I remember the War against Grandfather. (sighs) I had to put on the Mask of the Beast to avoid being stressed out.

Shiv: Next time, you should ask Grim for permission.

Maria: Assuming there is a next time.

Ben: (to Lynn) Just a reminder: I told you I wasn't bailing you out if we got caught.

Lynn: I know.

Me: And the day before that was the day we also reunited with Axel and A.T.O.M. That was awesome. It was awesome to see and help my friends in A.T.O.M. But the War with Grandfather on July 20th was really awesome and Epic.

Nico: That was awesome. And it was really cool how we destroyed the ultimate evil of the Kids Next Door.

Numbuh 1: That was really amazing.

Numbuh 362: And it was also the day I got proposed to.

Laney: That was awesome and amazing.

Lana: Boy it sure was.

Laney: I remember the war against Xehanort.

Bane: Didn't you kill Evil Marluxia there?

Laney: I sure did and that was awesome. That monster had it coming to him.

Marluxia: And I'm proud of you Laney.

Laney: That was so awesome though.

Lincoln: It sure was. I remember during first 13 days of the 20 Days of Darkness had me and all my sisters transform during that time as we took on each member of Organization XIII.

Nico: Boy that was awesome. How did the transformation order go during that time.

Roxas: Luan transformed first against an evil me.

Larxene: Lincoln transformed 2nd against an evil me.

Marluxia: Laney transformed 3rd against an evil me.

Luxord: Lily transformed 4th against an evil version of me.

Demyx: Luna transformed 5th against an evil version of me.

Lea: Lola transformed 6th against an evil version of me and that was when Nico locked himself again.

Nico: Yeah.

Saix: Lisa transformed 7th against an evil version of me.

Zexion: Lucy then transformed 8th against an evil version of me.

Aeleus: Lynn then transformed 9th against my Nobody, Lexaeus.

Vexen: Lana transformed 10th against an evil version of me and then after that is where Apple Bloom ascended and became the Princess of Cutie Marks.

Eli: That was so awesome.

Lori: Boy it literally was.

Xaldin: Lori then transformed 11th against an evil version of myself.

Xigbar: And then Leni transformed 12th against me.

Me: That has been awesome. And then I released my full power on Xemnas.

Nico: You sure did.

Linka: Then there was the war of Equestria.

Eccentro: All of us had a chance to pummel those assholes. (to the mascots) Especially you guys.

Poromon: YEAH We gave those 23 dirtbags a massive one two, buckle my shoe!

We laughed.

Nico: That's funny but true.

Me: But the awesome part about that battle on April 12th was that it made all of Equestria completely united.

Laney: It sure did and that is awesome.

Me: And we've helped out lots of ponies and people in Equestria all over too.

Nico: Yep we sure did.

Eli: Boy no kidding. That is awesome. Bro you had lots of dreams that helped you out in helping people in Equestria too.

Me: I sure did. They have not just been dreams but they were awesome visions into the past. I helped Princess Luna be reunited with Moondust, Snowdrop and her Children of the Night, I found Starlight's mom, Discovered how Adagio, Sonata and Aria got their siren powers, discovered how Sunset became powerhungry, Cadance's sister, Princess Celestia's daughter and so much more.

Laney: That is awesome.

Princess Celestia: Those dreams are amazing though.

Lily: They sure were and we also helped many people too and even saved many ponies from themselves.

Cozy Glow: Yeah you brought my mom back to me.

Nico: Resurrected Princess Amore, so much was done there.

Lola: I remember when we visited that alternate Earth where Him destroyed everything.

Firefly: That showed the clear consequences of time travel.

Nico: Yeah it REALLY did.

Me: Thank goodness we stopped that in time.

Lynn: Boy no kidding. I'm glad we stopped that.

Lori: That was literally a terrible mistake.

Nico: And we all remember the Battle against Team Dark Phoenix Storm.

Myotismon: That was a battle to remember!

Me: That was an amazingly awesome battle!

Lord Drakkon: It sure was! That was so cool!

Laney: That was also where we discovered that we had Scottish in our blood.

Bane: (Spanish Accent) Si it sure was amazing.

Me: That was one of the most unforgettable battles ever. We saved the world from impending destruction and destroyed and defeated 25 of the most dangerous and most evil monsters ever known.

Eli: That was amazing!

Baron Mordo: It sure was.

Nunnally: What really infuriates me is that Morag was going to kill the Loud's all for some Stupid Peace and Quiet!

Me: (GROWLS) That fuckfignewton witch!

I clenched my fist so tight that blood poured out through my knuckles.

Me: GRR! That name makes me want to rip a tree in half. What she was going to do was horrible! (Calms down) But at least she is gone for good. But lets not also forget that October 10th was also known as not only the Battle with Team Dark Phoenix Storm but also The Great Alicorn Ascension.

Lana: That was so awesome.

Minuette: Boy it sure was cool.

Lyra Heartstrings: It sure was awesome. And now Equestria has 18 Princesses.

Sunset Shimmer: It sure does. That is amazing.

Lola: Yep.

Leni: I remember how we met the ToQgers.

King Hiss: You thought you were useless at the time.

Leni: I know.

Nico: But that was an awesome birthday back then.

Myotismon: It sure was cool.

Me: That was a really awesome and fun birthday for you Nico.

Right Suzuki: It sure was cool. And J.D. you tested out your powers on Emperor Z.

Me: That was so awesome. He gave you guys a hard time on TV. But he did show one amazing trait that sets him apart from many ruthless villains that the Rangers have faced over the last 47+ Years and that is that he has a sense of honor despite having a heart of darkness.

Supernova Zap: That is so true.

Emperor Z: It sure is and that was amazing that you have an incredible sparkle J.D.

Me: And it got even brighter and brighter ever since.

Nico: Yep it sure did.

Lars: I remember Nico going to Takashi's world.

Raven Branwen: Lots of zombies and humans died that day.

Nico: Yeah they sure did and that was one of the darkest events I've ever seen in that world. What started out as a normal school day turned into Hell on Earth and the ultimate fight for survival.

Myotismon: That was a sight of awful terror.

Laney: It sure was. And all because of one man's evil ways.

Saya Takagi: That was a total nightmare.

Rei Miyamoto: What happened was absolutely horrible.

Me: All because of Shido. That guy was an absolutely heartless fiend! He didn't give a flying fuck about anyone. Only his own safety and he was willing to throw anyone under the bus to save his own skin.

Takashi: But what really infuriates me is those people that were brainwashed by him. They called me and my friends children.

Me: We should have killed them.

Nico: I know. I should have killed those monsters. They didn't deserve to live after what they said.

Me: Yeah. If they do come back in the future and I have a feeling they will, we will kill them.

Nico: That's right. And that is a mistake that I will make sure to rectify.

Me: They will get what should have been coming to them.

Lana: Yeah no kidding.

Lisa: We got to see what the world would be like in 5,000 years.

Calamitous: All thanks to an accident on Lori's part.

Me: It sure was cool to see it though.

Eli: The 71st Century was really cool though.

Laney: It sure was cool though.

Lana: It sure was.

Me: And it was awesome to see what we looked liked during that time.

Nico: Yep.

Luna: I remember when we met Kameo.

Hydro Man: You were dead set on killing Kalus at that time.

Luna: I know dudes. But I have been a huge guardian to my family ever since I was made as Lincoln's guardian.

Me: That's true and it is completely understandable.

Nico: It sure was.

Kameo: And I also helped you all out when you guys met the ToQger's the first time.

Laney: Yeah that was really something.

Nicole: Yeah it was awesome. That was so awesome.

Me: And I got to try out the fun Cowboy Impressions over in Appleossa before we went to Kameo's world.

Nico: Oh yeah! And I still think you watched way too many cowboy movies.

We laughed.

Me: My dad got me into them and I watched many of them and learned a lot from them. But it's the Clint Eastwood and John Wayne movies mostly that got me hooked.

Eli: Awesome.

Lexx: I remember when we met Reggie, Otto, and the others.

2016 Morbucks: It's a REALLY good thing we took Evil Vanitas' Keyblade before they fought them.

Stacy Bolton: I know. That was so awesome. And it was great to see them back in the world of Monsters Inc. And it was awesome seeing them in Ocean Shores, California.

Ranamon: That was really amazing y'all.

Nico: And Stacy has really awesome moves too.

Stacy Bolton: Learned all I could from Bobby and also they didn't call me the Lightning Shark just for show.

Nico: That is an awesome nickname.

Leon: Remember how we met Arrietty and her family?

Artie Ziff: I sure do.

Nico: That was really cool.

Me: Yep and it was shortly after we watched The Secret World of Arrietty. I met Arrietty and her family in the Butchart Gardens in British Columbia.

Laney: That is so cool.

Arrietty: It sure is. I think it's amazing that you know so many awesome places J.D.

Queen Bea: I think so too and that is what makes J.D. amazing and he knows this planet like the back of his hand.

Me: Not the entire planet but that is cool.

Lana: We had awesome races around the planets last month.

Vexen: And we took down the first 12 Twisted Princesses.

Nico: That makes 28 Twisted Princesses left.

Me: Oh boy. We got our work cut out for us.

Eli: But thanks to Allie's expertise and experiences with them we've been well prepared for them.

Laney: Yeah no kidding.

Larry: I remember how we met the Zyuoghers.

LeQuack: (French Accent) Sheila's mother was also brought back.

Sheila: That was a big an amazing adventure. But it was really awesome.

Unicorn: That was a shocker for you.

Sheila: It sure was.

Me: Yeah no kidding. But it was awesome help them again like I did back in 2017 even though that was by accident. But also they helped us back when we met the Animated Transformers too.

Linka: That was another awesome adventure too. Where we went into the world of the Animated Transformers.

Eccentro: That was a cool one. And we also kicked Sentinel Prime's big-chinned butt!

Me: Yeah we sure did.

Nico: I hate that version of Sentinel Prime.

Lori Jimenez: I know. How Ultra Magnus had that version in his ranks and not being able to stop him before he made his move is beyond me.

Nico: No kidding there.

Sentinel Prime: Yeah that version of me was one Arrogant motherfucking son of a bitch. Pardon my French.

Earl Basset: I thought I was the only one that said that.

Lane: Think that was awesome? How about when we met the Kyurangers?

Eris: You were having bad luck at the time.

Lane: I know.

Me: But it was awesome heading to Universe 19 to take on the remnants of the Jark Matter. They deserved to be destroyed for their

crimes.

Nico: You got that right.

Laney: Yeah no kidding.

Lane: But I realized during that time that I was accident prone because I was moving too fast.

Nico: Yeah.

Lincoln: I remember when we killed Kurata.

Electro: Your powers were flickering on and off at the time.

Nico: That was because his transformation was being awakened and that was awesome.

Ronnie Anne: It sure was cool to see that.

Lana: Yeah no kidding.

Qin: Yep. And Kurata had it coming.

SaberLeomon: He sure did. What he did was terrible and pure evil.

Me: Yeah no shit! That guy was SERIOUSLY fucked up in the head.

Yang: He sure was. He was a ruthless and big time asshole.

Motor Ed: He seriously sure was!

Ruby Rose: You got that right!

Deker: Yeah what an honorless fiend! He wanted to wipe out all the Digimon and rule over the world with an iron fist!

Nene: That is pure evil!

Me: Thank goodness we killed him. Nico you would have blown his head off with an elephant gun right?

Nico: You bet I would. Burt? Think you can lend me your Elephant

Gun if he does return from the Warp?

Burt Gummer: No problem Nico.

Nico: Thanks. Can't wait to blow that monsters head off.

Lucy: I remember when we met Mal and her friends.

Webstor: You were having trouble controlling your powers at the time.

Me: Yeah you accidentally blasted a huge hole in the wall of the mall. That was intense. But that was because Lucy was undergoing an incredible transformation awakening.

Nico: Yep. That was awesome.

Laney: It sure was.

Eli: Another series of amazing adventures we have and are still going on are these rescues we're going on.

Me: I know. We've been rescuing all kinds of people over the last 8 months. This is awesome.

Nico: Yeah it sure is cool.

Clyde: The most amazing rescue I had was when we rescued everyone in Perfection.

Syd Chang: Boy that was really cool!

Vapor: Yeah it sure was. And those ugly Graboids were scary and ugly.

X-Ray: They sure were. And that was really cool that you all used a carrier helicopter to get everyone out of there.

Me: First time we ever used it too. That was cool.

Mindy Sterngood: It sure was cool.

Luke: Thanksgiving was awesome this year!

Cavalier: I certainly enjoyed the Turkey.

Me: All the food we had on Thanksgiving was awesome.

Eli: It sure have been having fun with all the food on the holidays.

Nunnally: Yep.

Loni: Christmas was good as well.

Anti Wanda: And for once, the original Morbucks wasn't there to ruin it. (To 2016 Morbucks) No offense)

2016 Morbucks: None taken.

Me: But yeah that was good the original Morbucks didn't ruin it. That little brat.

Laney: Yep.

Lana: What a monster.

Me: But Christmas was so fun.

Nico: Yep and the food was awesome too.

Vypra: I remember when we went to the World of The Box Trolls

Luan: (laughs) That was a cheezy adventure! (Laughs)

We laughed.

Me: That was funny! But yeah it was true.

Raven: That was a really awesome adventure though.

Roquefort: And you guys all made really awesome cheese during then. That was cool.

Nico: (Drools) And you all know how much I love cheese. But anyone that hates cheese is my enemy.

Myotismon: Yeah no kidding.

Me: I didn't know we could make good cheese too.

Nico: Yeah.

Loki: Let's not forget Alexis giving birth.

Stinky Butt: I hope her kids have her ice powers.

Me: I have a feeling they will.

Alexis: Lets hope they do. That would be awesome to see.

Jaden: It sure would be cool.

Femme Fatale: That was really cool having your children born on Christmas Eve.

Speed Demon: It sure was. You guys are two lucky awesome parents now.

Nico: Yep.

Me: It sure would be awesome to see that.

Levi: We also saved Aliens from A Disease that caused them to beat themselves up.

Professor XXXL: J.D. got the worst of it.

Me: I know. And I got the living shit kicked out of me by my own arms.

Nico: Ouch. But those were some seriously grotesque and unusual changes we all saw when we saw them pump that DNA into you.

Piper: Boy it sure was.

Fixer: No kidding there.

Bloom: That was gross.

Leif: We also Discovered how Nowhere got the source of its power.

Condiment King: I didn't expect that at all.

Nico: Yeah none of us did.

Me: Yeah who would have ever thought that Nowhere got all of the supernatural energy that was plaguing it for years was because of a meteor that crashed to Earth millions of years ago. And it had the power to Warp Reality.

Nico: That is really freaky.

Laney: No kidding.

Lily: We also had an amazing birthday with Sandy.

Ebon: There was a lot of nudity there.

Me: Yeah after a really unusual and really rare event that happens once every 100 years.

SpongeBob: Neptune's Moon turned us into wild animals which is really awesome.

Patrick: It was cool.

Sandy: That was a really interesting and amazing birthday.

Squidward: It sure was something.

Me: It felt like something out of both a nature documentary and a battle in the jungle with Captain Hook returning so to speak.

Maria: Yep. 2021 has very eventful.

May: (looks at Arkayna, Rainbow Dash, Twilight, and Tecna) And the adventures are only just starting.

Twilight Sparkle: They sure are going to be awesome.

Me: Yep. I can't wait till January 7th. But until then, we got a lot of preparation to do. First up is the world of Blue Dragon where Arkayna met Shu and friends. Our target there is Nene and that tyrant is going to pay for his crimes.

Lord Drakkon: He sure will.

Me: But we're ready for anything.

Yep we sure are. We later went back home. We then saw Lincoln and his family packed up.

Nico: Where are you guys going?

Lincoln: Well, after all we've been through, we figured it's time for the 14 of us to unwind and take a break from adventures for a while.

Laney: We've already taken down a lot of bad guys the past year. So, it's time for us to let the rest of you guys have a turn in the spotlight.

William: Oh, c'mon! Was it something Nico said?

Luna: (smiles) No, dudes. This time, we mean it in a good way.

Me: Now guys there's no need to worry. This time they are going on vacation. They talked it over with me last night and they decided to take a vacation to get some rest and unwind.

William: Oh. That makes sense. Where are you all going?

Lori: We're going to Hawaii.

William: Cool!

Maria: You guys are gonna have fun.

Me: They more than earned it after everything that happened over the last year.

Leni: Thanks J.D.

Me: You're welcome.

Maria: You guys take care of one another, okay?

Lynn: Sure thing, Maria.

Me: You guys have fun okay?

Lincoln: We will J.D. (Hugs me)

Lola: (hugs Nico) Take care of everyone else, okay, Nico.

Lori: And tell Bobby and my kids we'll be literally back soon.

Eli: I will.

Lincoln: You sure you don't want to come with us J.D.?

Me: I'm sure buddy. This is your vacation. You and your family earned this after going through so much.

Electro: That's right. You all go and have fun. Who knows? You might meet more girls to rescue in Hawaii.

Lincoln: We just might. We'll see you all next week on the seventh!

Everyone: Bye guys!

They were off.

William: So. What now?

Nico: Now? We keep doing what we do best. Kick bad guy ass!

Just then, we heard an explosion coming from the city.

KRABBBBOOOOOOOOMMMMM!

Nico: (to Maria, William, and May) You guys, ready?

Me: READY!

Maria: READY!

May: READY!

William: READY!

The three of them smirked at me as May got out her Blaziken, Maria turned into her water form, and William got out his blaster.

Me: LETS FLY AND BURN!

We flew out to stomp bad guys.!

Meanwhile in the world of Blue Dragon, Shu and friends were getting ready for the ultimate climactic battle with Nene.

Shu: Team Loud Phoenix Storm will come and help us. Arkayna said they will come.

Zola: We know Shu.

Bouquet: This is gonna be awesome to have them help us out.

Shu: We're going to be ready for Nene. Lets get ready guys! (FLARES UP AURA) BLUE DRAGON HO!

Blue Dragon roared and went for the screen and it faded to blue!

THE END!

Another awesome fanfic done and an awesome way to start the new year.

HAPPY NEW YEAR TO YOU ALL! Hope you have awesome plans for the new year in 2022 and it's gonna be so awesome. We've had a lot of amazing events happen to us in 2021 and it was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. I'm going to be on a break from January 2nd to January 6th and rest my brain after working for a long time without a break. It was very profitable for the information world and it was awesome. As you all saw at the end the next chapter is gonna be on January 7th and it's gonna be in the world of the anime for the awesome video game series called Blue Dragon and we're going to go after the evil Nene. There are gonna be 6 rescues for me and six rescues for Lincoln from the second to the 7th and I'll have to do the rescues for each of those days as I think about them and come up with ideas and transformations for them all. But 2 of them on the second are revealed. One on my rescue is for Yan Lin and the 2nd for Lincoln's rescue is for Kadma. I'll think of the rest as we go along. But I'll see you all on the 7th.

See you all next week on Friday.

Birdie Emerson: Japan yet again for another awesome rescue.

Me: Yep. This is gonna be awesome.

Nene: I wonder who we'll meet this time.

Marie: (Russian Accent) It'll be a good one that's for sure.

Erica: I have a feeling this will be awesome.

Qin: As long as it's not a gross one.

Birdie Emerson: It won't.

Birdie concentrated as her hair fell out.

Eli: It's gonna be a cool one though.

Birdie turned into SYLVEON!

Erica: Awesome!

Kia: This is gonna be awesome.

We arrived at the Tokyo School and there we saw a boy with ocean blue hair.

Natsuru: Oh wow! You're Team Loud Phoenix Storm! Awesome to meet you all.. My name is Natsuru Seno.

Me: Pleasure to meet you.

Yan Lin: Same here.

Lina: I like your hair. It's beautiful.

Natsuru: Oh thank you.

Lina: You're welcome.

Natsuru: I'm also a strange one. Watch this.

He glowed and then turned INTO A GIRL! And she was a smoking hot bombshell.

Me: WHOA!

Natsuru: (Girl's voice) Yeah I have the power to turn into a girl too. All the boys flock to me.

Nicole Chan: That is amazing.

Yan Lin: It sure is.

Me: Wow.

Natsuru: I also have fire powers and I am what's called a Kamphur. We are Genderswapping Heroes in a sense.

Me: That's amazing.

Eli: It sure is cool.

Me: I can give you separate forms and Natsuru can be one person and your female persona can be another.

Natsuru: Wow! I'll have to be called Natsume because I think it's cool.

Me: Awesome. Here we go.

I fired a beam of magic and split them and made Natsuru a boy again and his Female Persona was now on the outside.

Maria: Wow! That is awesome.

Natsume: Wow! I look awesome to be on the outside.

Natsuru: Thanks J.D. and it's awesome to have a twin.

Me: I can tell.

Natsume: We also found these two.

Out came a Caam, Serenity of Gusto and a Simorgh, Bird of Divinity.

Me: Whoa! Caam, Serenity of Gusto and Simorgh, Bird of Divinity.

Simorgh: (Hawaiian Accent) That's right. My name is Lolanai Kelekolio and I'm from Hawaii.

Nicole Chan: Whoa you're a Simorgh Gene-Slammer.

Simorgh: That's right.

?: Too bad you won't live to change back.

A figure came out and it was DR. LORCA!

Me: Dr. Lorca!

Maria: You sure don't know how to learn do you?

Dr. Lorca: You will pay for killing me!

Suddenly, Yan Lin's black eyes turned neon sky blue, and she was surrounded by a pink energy aura with winds, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached our target, she left pink energy, winds, life energy, and angels with every step. Then, Yan Lin was surrounded by a massive vortex of pink energy with fire, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Yan Lin emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Yan Lin grew to 6'0" in height, she had the body of a goddess, she had sky blue highlights in the bangs of her long black hair, she has sky neon blue eyes and a pink energy aura with winds, life energy, and angels surrounding her, she has a phoenix with the Wind Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Wind Kanji in its claws and a necklace with a phoenix holding the Wind Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with sky blue phoenix on it, pink skirt with winds on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and winds on the coattails and on the back is a phoenix with winds surrounding it. Yan Lin has massive black angel wings with sky blue tips on the large black feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large sky blue gems on her wrists, Belt of Elemental Bravery with large sky blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a sky blue kanji right below the phoenix that said, "Yan Lin, Member of Team C.H.Y.K.N., Guardian of Kandrakar, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Master of Quintessence, Winds, and Life Energy, Dear Friend of Nerissa, and Amazing Member of Team Loud Phoenix Storm."

ヤン・リン、チームC.H.Y.K.N.のメンバー、カンドラカーの守護者、ダークネリッサとフォボスの駆逐艦、悪のスレイヤー、クインテセンス、風、生命エネルギーのマスター、ネリッサの親愛なる友人、チームラウドフェニックスストームの素晴らしいメンバー

Yan Lin transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE FIRESTORM PHOENIX OF LIFE AND JUSTICE!

We were amazed by Yan Lin's Super Angel 750,000,000,000 transformation, but when Dr. Lorca saw it, he flew into a rage and tried to attack, but Yan Lin fired a powerful blast of wind at him, and sent him flying into a wall.

Yan Lin: (Divine Echoing Voice of Wind and Hope) **Now you will pay for your crimes against nature Lorca.**

Me: WHOA!

Yan Lin fired a wave of wind and smashed him all over and Natsume fired waves of fire and incinerated him into nothing!

Natsuru: YEAH!

Me: Take that you fucked up asshole!

I then put on my blind man glasses and Eli, Syrus and Natsuru covered their eyes and I snapped my fingers and Birdie and Lolanai were reverting back to normal and Maria gave them new clothes. Lolanai was human again and she and Simorgh were partners and were going to work together.

---

After my rescue, Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Nicole, and Kadma were heading to the Sensei Earth Realm in the Skylands, and not only is Lincoln going to rescue the five girls there, but he and his team are going to deal with Princess Shroob, another enemy of the Mushroom Kingdom, along with Madame Rouge, who's returned from the dead and she wants revenge.

Lincoln: Whoa, we're in the Sensei Earth Realm in the Skylands, and I think I know what we're going to do here, not only am I going to rescue the five girls there, but we're going to deal with Princess Shroob, another enemy of the Mushroom Kingdom.

Lynn: That's right, big guy.

Lori: Along with Madame Rouge, who's returned from the dead and she wants revenge. We knew it was literally only a matter of time before Madame Rouge returns from the dead. But, this is the perfect opportunity to get rid of her for good.

Laney: You said it, Lori, and Kadma's going to transform.

Lana: Yeah, I heard from J.D. that Yan Lin had also transformed, and when Hay Lin saw it, she was so proud of her.

Kadma: And now, I'm the only one left to transform.

?: HELP!

Suddenly, Lincoln heard the sound of five girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the five girls, but they've been cornered by Princess Shroob and Madame Rouge, and they're going to kill them.

Lincoln: Guys, I found the five girls, but they've been cornered by Princess Shroob and Madame Rouge, and they're going to kill them.

Lori: That sadistic tyrant and that shapeshifting bitch, let's get them!

Lincoln, his siblings, Nicole, and Kadma rushed on over.

Madame Rouge: Die in the name of The Brotherhood of Evil!

But, before Princess Shroob and Madame Rouge could kill them both in the name of The Brotherhood of Evil, Lincoln fires a very powerful blast of rainbow fire, which hits Princess Shroob and Madame Rouge, and really burned them. When they saw Lincoln and his team here, they were pissed off.

Nicole: You just don't even know when to leave well enough alone, do you, Princess Shroob and Madame Rouge.

Lincoln: We already knew it was a matter of time before you decide to show your face again, Madame Rouge. Now, we're going to get rid of you and Princess Shroob once and for all, and don't think it's going to be easy since you don't see J.D. here. We're not the same kids who beat you long ago.

Kadma: And I've had it up to hear with the both you to last an eternity.

Suddenly, Kadma's black eyes turned neon green, and she is surrounded by a pink energy aura with rocks, lava, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Madame Rouge, she left pink energy, rocks, lava, life energy, and angels with every step.

Kadma: Princess Shroob and Madame Rouge, the crimes that the both of you and The Brotherhood of Evil have committed across the world can never be forgiven. As the Earth Guardian of Kandrakar, you are hereby sentenced to death for your vile crimes.

Then, Kadma was surrounded by a massive vortex of pink energy with rocks, lava, life energy, and angels surrounding it, there was an angel flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Kadma emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Kadma grew to 6'0" in height, she had the body of a goddess, she had green highlights in the bangs of her long blonde hair, she has neon green eyes and a pink energy aura with rocks, lava, life energy, and angels surrounding her, she has a phoenix with the Earth Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Earth Kanji in its claws and a necklace with a phoenix holding the Earth Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with green phoenix on it, pink skirt with lava and rocks on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and lava and rocks on the coattails and on the back is a phoenix with lava and rocks surrounding it. Kadma has massive black angel wings with green tips on the large black feathers, she has her massive Sword of Kandrakar in her hand, she has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's a pink kanji right below the phoenix that said, "Kadma, Member of Team C.H.Y.K.N., Guardian of Kandrakar, Destroyer of

Dark Nerissa and Phobos, Slayer of Evil, Master of Quintessence, Earth, and Life Energy, Dear Friend of Nerissa, and Amazing Member of Team Loud Phoenix Storm."

カドマ、チームC.H.Y.K.N.のメンバー、カンドラカーの守護者、ダークネリッサとフォボスの駆逐艦、悪のスレイヤー、クインテセンス、地球、生命エネルギーのマスター、ネリッサの親愛なる友人、チームラウドフェニックスストームの素晴らしいメンバー

Kadma has transformed into SUPER ANGEL 750,000,000,000 KANDRAKAR QUINTESSANCE VOLCANIC ROCKSTORM PHOENIX OF LIFE AND JUSTICE!

Lincoln and his team were amazed by Kadma's Super Angel 750,000,000,000 transformation, but when Princess Shroob and Madame Rouge saw it, they flew into a rage and tried to kill Kadma, but Kadma fired a powerful blast of lava at Princess Shroob and Madame Rouge, and it severely burned them.

Lincoln: Wow, Kadma's transformed.

Lori: Now, all of the Guardians of Kandrakar have literally transformed.

Nicole: Boy they sure have! This is so awesome!

Kadma: (Divine Echoing Cosmic Voice of The Volcano and Kandrakar Justice) **And now, it's time to put an end to both Princess Shroob and Madame Rouge for good.**

Lincoln: That's right, The Shroobs' reign of terror, along with The Brotherhood of Evil's reign of terror ends here and now!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and his sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered our massive swords from our backs, and they went at Princess Shroob and Madame Rouge, and they fired powerful blasts of rainbow energy, elemental forces, life energy, stars, and rocks and lava at them, and they explode with incredible power as they hit them. Then, Lincoln fired two powerful blasts of red energy, and as they hit Princess Shroob and Madame Rouge, he had began sucking out all of their powers, and he and his team made them their own. When he was done, Princess Shroob and Madame Rouge tried to use their powers, but they couldn't, and it meant they were now powerless.

Lincoln chained Princess Shroob and Madame Rouge's arms and legs with powerful rainbow energy chains, and with two powerful one-handed swings from his improved massive Sword of Taranis, he cuts down Princess Shroob and Madame Rouge and they exploded in purple flames and not only were they Super Hakaied, all of the spirits of the other dead members of The Brotherhood of Evil were also Super Hakaied forever.

Lincoln and his team all cheered wildly, as they holster their massive swords on their backs and power down, and Kadma's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, Lincoln and Nicole went up to the five girls who were there, and when Lincoln saw them, he immediately recognized them. The six girls are Rana Linchen, Ouka Tenjouin, Kazuha Aoi, Elizabeth Mably, and Aika Takeuchi from Freezing.

Lincoln: Oh wow, it's Rana Linchen, Ouka Tenjouin, Kazuha Aoi, Elizabeth Mably, and Aika Takeuchi.

Nicole: From the Freezing anime, awesome.

Lincoln: Are you girls okay?

Rana Linchen: Yes, we're okay, thanks to you.

Then, when Rana Linchen and the other five girls saw who it was that saved them from Princess Shroob and Madame Rouge, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Rana Linchen: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones of himself went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and his sisters, Nicole, and Kadma cheered over the scene.

Rana Linchen: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared around the necks of Rana Linchen, Ouka Tenjouin, Kazuha Aoi, Elizabeth Mably, and Aika Takeuchi.

Lori: Nice job, Linky, and you are going to tell J.D., Nico, and the Titans about this, right?

Lincoln: Of course, and when they hear we killed and Super Hakaied Princess Shroob and Madame Rouge, they're going to go wild. But, General Immortalus is still out there. You see, when I cut down Princess Shroob and Madame Rouge, not only were they Super Hakaied, but the other dead members of The Brotherhood of Evil were also Super Hakaied as well.

Luna: Nice one, dude.

They went back to Hawaii, and Lincoln told me, Nico, the Teen Titans, and the rest of us back home of what happened, and when Lincoln told us that not only were Princess Shroob and Madame Rouge Super Hakaied, but every last one of The Brotherhood of Evil was also Super Hakaied, and that was awesome news, but he also told us that General Immortalus is still out there, but if he shows up, we'll be ready for him in the future. We were so proud of Lincoln taking charge and taking on the role of a leader, just like his ancestor Duke Lincoln 400 years ago.

After Super Hakaing Princess Shroob, Madame Rouge, and all the spirits of the dead members of The Brotherhood of Evil this time for good, Lincoln and his sisters return to Hawaii, and they and the parents were then training intensely in the mobile gym Lincoln set up, and they were doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, they got a shower afterwards.

After that, Lincoln and his family got ready for their day on the beach.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lynn Sr. then snapped his fingers, and the 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch was dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lee was dressed in red swim trunks with boxing gloves and flames on them. Lyra, Liberty, and Lena were dressed in two-piece bikinis in their favorite colors with their elemental forces on them.

The 6'0" tall Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily were dressed in two-piece bikinis in their favorite colors and with their favorite mythological animals on them, along with their colored weighted bands on their biceps and thighs, jewelry, and eight large colored orbs orbiting around their legs, and they also had their weapons holstered, in case of trouble.

And Rana Linchen, Ouka Tenjouin, Kazuha Aoi, Elizabeth Mably, and Aika Takeuchi were dressed in two-piece bikinis in their favorite colors, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Alright, now all that's left is Mom.

Lynn Sr.: Yeah, where is she?

Rita Loud: Oh honey.

Then, when Lynn Sr. turned around, he saw Rita Loud, and she was dressed in a two-piece pink bikini with her jewelry on and weapons holstered. When Lynn Sr. saw her, his face had an atomic red blush on his face and steam came out of his ears.

Lynn Sr.: Hubba Hubba!

But, he's not the only one blushing like crazy, when Rita saw her 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble, she had an atomic red blush on her face, hearts in her eyes, and steam coming out of her ears.

Lincoln: Alright, everyone, shall we?

Rana Linchen: Of course, Linky.

Lincoln, the girls from Freezing, his siblings, Lynn Sr., and Rita went out into the beach, and they had fun with Lincoln surfing in the water, Lori and the others were playing on the sand, Rana Linchen and her friends also joined in, Rita Loud was sitting on a beach towel and reading a book, and Lynn Sr. was with her. Then, Lincoln, Lori, and Lynn were lifting heavy anchors, and when Rana Linchen and her friend saw Lincoln lifting those heavy anchors, their faces were blushing like crazy.

Lola: (Giggles) Ooh, looks like Rana and her friends are really enjoying seeing Linky lift those heavy anchors.

Laney: Just like the other girls in his harem.

Rana Linchen: And we heard all about your deeds all over the universe, and they were awesome.

Luna: We've made our mark all over the universe and we've also been helping out others in need.

Elizabeth Mably: And we heard that you guys were the ones who destroyed the Empire of Niflheim, that was so awesome.

Lincoln: That was definitely awesome, and we also met Noctis Lucis Caelum and his friends. Plus, J.D. made Sherlock Hound an ambassador to Eos and Insomnia, and it was perfect though, since Sherlock Hound's archenemy in The Masters of Evil is Ardyn Izunia.

Lori: And Sherlock Hound also has the legendary Dark Knight Sparda as his guardian demon and mentor, and it'll be literally awesome when they face off in their first usual battle.

Luna: When they faced off in their warm-up battle, it was already intense, dude, since they have ages of experience in combat and magic. It'll get even more intense when they face off in usual battles.

Luan: Two Legendary Warriors of Darkness facing off, one who's a demon who turned against Mundus and his legions 2,000 years ago and defeated them and the other who was destined to sit the throne, but was denied because of taking the Starscourge into him. Whoa, that's really going to be intense, and like Luna said, they're extremely powerful since they have ages of experience in combat and magic.

Then, they had some lunch, Ulti-Burgers that Lynn Sr. cooked up on the grill, and then, after an hour of rest in the sun and working on a tan, they also continued having fun in the ocean. Then, as the sun was about to set, Lincoln made four clones of himself, and he and his clones went up to Rana Linchen, Ouka Tenjouin, Kazuha Aoi, Elizabeth Mably, and Aika Takeuchi, and picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they share a very passionate and romantic kiss with the girls wrapping their left arms around the wider and more muscular backs and their right hands on the massive wide pecs of Lincoln and his clones, and his siblings and parents cheered for them. Then, they came back to their rooms in the hotel to have some more quality time before they get some sleep, but the Louds' fun in the Hawaiian sun was just beginning.

Later Maria called in the PatRangers and LupinRangers.

Kairi Yano: You need us for something, Maria?

Maria: (to the Lupinrangers and Patrangers) I need the 7 of you to come with me, Nico, Wiilliam, and May to come with me on a mission to get rid of the vaping factory.

Keiichiro: We should probably bring one more person with us.

Me: Perhaps I can go. I have a hand in dealing with monsters like this.

Maria: Great. And Eli can help too if you want J.D.

Eli: I will gladly go with you Maria.

Maria: Thanks bro. You won't regret this. We're going to make those monsters pay for trying to poison my sister.

Me: And the people I know that have this kind of business is The Logan Cartel. They are the most dangerous Mafia Clan in the country.

Nico: I've heard about them. I've been after those guys for years. It was long before I joined the team.

Me: Since it's January 2nd it's your turn to lead for this one Nico.

Nico: Okay. I know where they are hiding out. Lets roll.

We were off.

At a warehouse on the wharf, numerous men and women were working with chemicals when suddenly…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the roof of the warehouse and water rained down and mermaid singing was heard and then we came down.

Nico: YOU ASSHOLES ARE IN BIG BIG TROUBLE!

Man: TEAM LOUD PHOENIX STORM! KILL THEM!

They pulled out their guns and Eli used the Force and pulled their guns out of their hands and brought them over to us.

Eli: Ah ah ah. There will be no guns pointed at us.

Maria: You assholes think it's funny trying to give kids like my little sister vaping pens?! Think again!

Me: IT'S BUTTKICKING TIME!

Keiichiro: By order of the GSPO We're taking you down by force!

We smashed and pulverized them all over and really let them have it. Later the entire Logan Clan Mafia was being carted off by the FBI and the CIA and they were going to prison for a long time.

On the planet Cholganna, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Maya Kona the Venusmon Gene-Slammer, Bloom and Taylor Emerson the Leafeon Gene-Slammer were there to go on another awesome rescue. But this is also a dangerous one because also there is the rogue ninja Kyasarin and she is known as the Dark Angel of The Uchiha.

Taylor Emerson: So who is Kyasarin?

Me: She is known as the Dark Angel of The Uchiha Clan. She was born with a nasty and evil persona inside of her. She was originally a nice and sweet and gentle girl with a kind and giving heart and she had dreams to become the greatest and most amazing kunoichi in the world. But there is a terrible darkness inside her that took over the day that Sasuke left the village to go to Orochimaru to get power to kill Itachi.

Haumia: Oh man. So we're trying to save her from herself.

Allie Wilde: That is not going to be easy. How dangerous is she?

Me: An S-Rank Rogue Ninja with power stronger than Madara Uchiha.

Qin: Oh man.

Me: Yep.

Taylor Emerson: That is gonna be brutal.

Taylor concentrated and groaned as her hair fell out and then she turned into LEAFEON!

Me: Keep your eyes peeled. She is not called the Dark Angel of the Uchiha just for show. She has this ultra amazing and powerful Kekkei Genkai that enables her to sprout pitch black angel wings that are dark as the night.

Ellie Singh: Wow that is amazing.

Nora Venice: Incredible.

?: Let us help too.

We saw a Blizzard Princess and a Togemogumon!

Me: Wow! A Blizzard Princess and a Togemogumon.

Togemogumon: (French Accent) Pleasure to meet ze famous Team Loud Phoenix Storm. I am Jacqueline Florentine. Pleasure to meet you all.

Maria: Wow a Togemogumon Gene-Slammer. Awesome to meet you.

Togemogumon: Merci.

Me: You're from France. Pleasure to meet you.

Eli sensed something.

Eli: Above us in the trees!

We looked up and I fired an energy blast and blew the tree apart and out of it came KYASARIN UCHIHA!

Me: Kyasarin Uchiha, the Dark Angel of The Uchiha.

Kyasarin: You came to die haven't you.

Me: No we came to save you.

Kyasarin: From what?

Me: From this monster that you've become.

Bloom: I won't let you be tormented by this monster anymore Kyasarin.

Suddenly, Bloom's blue eyes turned neon sky blue, and she was surrounded by an orange and blue energy aura with flames, dragons, and phoenixes, she unholstered her massive Destroyer of The Trix sword from her back, and as she approached Kyasarin, she left orange and blue energy, flames, dragons, and phoenixes with every step. Then, Bloom was surrounded by a massive vortex of orange and blue energy with flames, dragons, and phoenixes surrounding it, there was a dragon flying around the vortex, and inside the vortex is an orange phoenix. Then, as the vortex faded, Bloom had emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Bloom grew to 6'0" in height, she had the body of a goddess, she had sky blue highlights in the bangs of her long orange hair, she has sky neon blue eyes and an orange and blue energy aura with flames, dragons, and phoenixes surrounding her, she has a dragon with the Fire Kanji in its claws emblazoned on her forehead, she has on dragon earrings with the Fire Kanji in its claws and a necklace with a phoenix holding the Fire Kanji in its claws for the pendant, she has on a sleeveless blue blouse with orange phoenix on it, blue skirt with flames on them, blue pants, blue high heels, and a blue long sleeveless trenchcoat with dragons, phoenixes, and flames on the coattails and on the back is a dragon with flames surrounding it. Bloom has massive orange angel wings with light blue tips on the large black feathers, she has her massive Destroyer of The Trix sword in her hand, she has on her new Bracelets of the Champions of The Universe with large orange gems on her wrists, Belt of Elemental Bravery with large orange gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's an orange kanji right below the dragon that said, "Bloom, Leader of The Winx Club, Princess of Domino, Destroyer of The Trix and Valtor, Slayer of Evil, Defender of Alfea College and the Magix Dimension, Friend to Many, and Master of The Dragon Flame, Phoenixes, and Angels."

ブルーム、ウィンクスクラブのリーダー、ドミノの王女、トリックスとヴァルターの駆逐艦、悪の殺し屋、アルフェア大学の擁護者と魔法の次元、多くの人の友であり、ドラゴンフレイム、フェニックス、エンジェルのマスター

Bloom has transformed into SUPER ANGEL 750,000,000,000 WINX DRAGON FIRESTORM PHOENIX ANGEL OF MAGICAL JUSTICE AND LOVE!

We were amazed by Bloom's Super Angel 750,000,000,000 transformation, but when Kyasarin saw it, she fell into a rage and tried to attack, but Bloom fired a powerful blast of fire at her, and it hit her and sent her flying into a tree.

Bloom: (Divine Echoing Cosmic Voice of Fire and Dragons) **Kyasarin there is still good in you. Sasuke is no longer evil and a threat to anyone.**

Me: And to show my point…

I fired a beam of magic and it hit Kyasarin and it caused a blob of darkness to separate from her and it formed into DARK KYASARIN!

I then fired a crystal beam and imprisoned Dark Kyasarin in a black crystal for all eternity and beamed her to the Pluto prison.

Kyasarin then came over to me and then she hugged me and cried hard.

I then had Eli and Syrus cover their eyes and I reverted Jacqueline and Taylor back to normal and Maria gave them new clothes and we later went back home.

Back at the Leaf, me and my group told Lady Hokage what happened.

Me: So you see Lady Hokage, Kyasarin had this evil darkness that took over and it made her go rogue and turned her into a monster that was part of the Akatsuki. She was on the planet Cholganna and we faced her and I separated the darkness from her and imprisoned it in a black crystal and beamed it to the Pluto Prison. What happened to her was not her fault. It was the result of this evil persona inside of her and I separated it from her.

Kyasarin: It's true Lady Tsunade. I am so sorry for everything I did. I was so consumed with grief over Sasuke leaving for Orochimaru that I snapped and the darkness inside me took over and I couldn't regain control.

Lady Tsunade: I understand and you are given a full pardon for everything you did. And you are now part of the Redemption Squad.

Kyasarin: Thank you Lady Tsunade.

We were given Super S-Rank Credit for the mission.

After my rescue, Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Nicole, and Sheena Entranzi were heading our to the Sensei Fire Realm in the Skylands, and not only is Lincoln going to rescue the four girls there, but Sheena got word that her old enemy, Claudius, has returned.

Lincoln: Whew, we're here in the Sensei Fire Realm, and I think I know what we're going to do here, not only am I going to rescue the four girls there, but Sheena got word that her old enemy, Claudius, has returned. When she told us about Claudius, we knew right then and there that he's going to get turned into scrap metal.

Lori: That's right, bro, and when Sheena found out, her eyes turned red and she packed tons of guns and explosives with her.

Luna: Makes sense though, since this is another one of her enemies from long ago.

Lily Loud: But, he's going to get turned into scrap metal for what he's done.

Sheena Entrazi: That's right, Lily. Wait until I find that cybernetic tyrant, I'll blow his head off and send him off to Hell!

?: HELP!

Suddenly, Lincoln heard the sound of four girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the four girls, but they've been cornered by Claudius, and he's going to kill them.

Lincoln: Guys, I found the four girls, but they've been cornered by Claudius, and he's going to kill them. Let's blow his cybernetic hide to Hell!

Lincoln, his siblings, Sheena, and Nicole rushed on over, and Lincoln fired a powerful blast of rainbow energy at Claudius, which hits him on the back, and it allowed the girls to head over to them. When Claudius saw them, he was enraged, but even more when he saw Sheena there too.

Sheena Entranzi: You just don't even know when to quit, do you, Claudius?

Claudius: I will not stop until the Commonwealth Empire is rebuilt, and any who get in my way will all die!

Lincoln: Fat chance, scrap heap. You're heading for the junkyard for good!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Sheena got out her guns, and Lincoln's sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered our massive swords from our backs, and they went at Claudius, and they fired powerful blasts of rainbow energy, bullets, grenades, and elemental forces, and they exploded with incredible power, as they hit him.

Then, Lincoln fired a blast of red energy, which hits Claudius and Lincoln began sucking out all of the energy from the suit that Claudius is in, and he was also sucking out Claudius' energy, and Lincoln's aura flared up as he was getting stronger and stronger and stronger, and it caused Claudius to then explode, killing him and his spirit was Super Hakaied forever. They cheered wildly as they holstered their weapons and power down. Then, Lincoln and Nicole went up to the four girls located there, and when Lincoln saw them, he immediately recognized them. The four girls are Yumeko Jabami, Kirari Momobami, Ayame Nureba, and Mary Saotome from Kakegurui.

Lincoln: Oh wow, it's Yumeko Jabami, Kirari Momobami, Ayame Nureba, and Mary Saotome.

Nicole: From Kakegurui, awesome.

Lincoln: Are you girls okay?

Yumeko Jabami: Yeah, we're okay, thanks to you.

Then, when Yumeko Jabami and the other three girls saw who it was that saved them from Claudius, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck,

large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Yumeko Jabami: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the three clones went up to Yumeko and her friends and the other went up to Sheena Entranzi, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and his sisters and Nicole cheered over the scene.

Yumeko Jabami: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, four Thunderbird Necklaces of Eternal Love appeared around the necks of Yumeko Jabami, Kirari Momobami, Ayame Nureba, and Mary Saotome. Then, Lincoln and his siblings returned back to Hawaii, and they told us that they rescued Yumeko Jabami and her friends from Claudius, and we'd cheered wildly for them when Lori showed us what they did. Then, Sheena returned to the Estate, but she and the other members of Lincoln's harem have a plan in the works, and Nico and I found out about it, but we're keeping our mouths shut.

After finally getting rid of Claudius this time for good, Lincoln and his sisters return to Hawaii, and they and the parents were then training intensely in the mobile gym Lincoln set up, and they were doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, they got a shower afterwards.

After that, Lincoln and his family got ready for another day at the beach. Plus, the girls that Lincoln rescued today are also joining in too.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lynn Sr. then snapped his fingers, and the 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch was dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lee was dressed in red swim trunks with boxing gloves and flames on them. Lyra, Liberty, and Lena were dressed in two-piece bikinis in their favorite colors with their elemental forces on them.

The 6'0" tall Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily were dressed in two-piece bikinis in their favorite colors and with their favorite mythological animals on them, along with their colored weighted bands on their biceps and thighs, jewelry, and eight large colored orbs orbiting around their legs, and they also had their weapons holstered, in case of trouble, and Rita Loud was dressed in a two-piece pink bikini with her jewelry on and weapons holstered.

And Rana Linchen, Ouka Tenjouin, Kazuha Aoi, Elizabeth Mably, Aika Takeuchi, Yumeko Jabami, Kirari Momobami, Ayame Nureba, and Mary Saotome were dressed in two-piece bikinis in their favorite colors, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Alright, everyone, shall we?

Yumeko Jabami: Of course, Linky.

Lincoln, the girls from Kakegurui and Freezing, his siblings, Lynn Sr., and Rita went out into the beach, and they had fun with Lincoln surfing in the water, Lori and the others were playing on the sand, Yumeko and her friends also joined in, Rita Loud was sitting on a beach towel and reading a book, and Lynn Sr. was with her. Then, Lincoln, Lori, and Lynn were lifting heavy anchors, and when Yumeko and her friends saw Lincoln lifting those heavy anchors, their faces were blushing like crazy.

Yumeko Jabami: Whoa, he's got to be really strong to lift anything that heavy. How much can weight can he lift?

Laney: Oh, 9,000 pounds and anything else that heavy.

This stunned Yumeko and her friends.

Rana Linchen: Yeah, we were stunned ourselves when we saw him lifting those 9,000-lb dumbbells in the mobile gym.

Ayame Nureba: Whoa. I don't think anyone's going to be messing with him.

Lori: Yeah, and anyone who decides to be stupid and mess with his future wives and his family, he'll break every bone in their body and turn them into human pretzels.

Mary Saotome: Damn. Your brother's someone that no one wants to mess with, and he's your little brother, Lori? How old is he?

Luna: He's 16, dude.

Ayame Nureba: 16 years old?! Whoa, that's one handsome, good-looking hunk of a brother you guys have.

Lynn: We saw him change from an 11-year-old cute kid into a 16-year-old handsome, good-looking hunk with the abnormally massive and powerful muscular body of a God and bodybuilder, but he's still the same person who loves everyone with his heart and wants everyone to be happy and he's also a lot of things, and they're what makes him who he is.

Lori: And he'll still continue to grow and change.

Lincoln came over, and told them that he heard everything from the conversation, and he had a smile on his face. Then, they had some lunch, Ulti-Burgers that Lynn Sr. cooked up on the grill, and then, after an hour of rest in the sun and working on a tan, they also continued having fun in the ocean. Then, as the sun was about to set, Lincoln made four clones of himself, and he and his clones went up to Yumeko Jabami, Kirari Momobami, Ayame Nureba, and Mary Saotome, and picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they share a very passionate and romantic kiss with the girls wrapping their left arms around the wider and more muscular backs and their right hands on the massive wide pecs of Lincoln and his clones, and his siblings and parents cheered for them. Then, they came back to their rooms in the hotel to have some more quality time before they get some sleep.

Later Rolf was in his farm making hot dogs and we were watching.

Rolf: It's a very simple process.

But then something hit his ladder.

[Rolf, loses his balance and falls into the machine. He comes out the other end as a giant hot dog.]

Rolf: "I am a wiener!"

Ed: [eating sausages] "You are Rolf!"

Bart: (laughs) Damn right you're a wiener!

Eddy: (LAUGHS) That is funny!

Me: (LAUGHS) That was awesome and hysterical!

Luan: Wait Rolf didn't this happen to you before?

Rolf: Yes it sure did.

Ed: I remember that.

Edd: We were making photos for a calendar to sell for money when this happened to Rolf the first time.

Me: Wow that is crazy.

?: This time it was me.

We saw an anthropomorphic hot dog with sunglasses on.

Me: WHOA!

Eli: A living hot dog!

Me: Who are you?

Hot Dog Gangster: (As Tone Loc) Name's Joe-Bob Beefus but you can call me the Hot Dog Gangster.

Nico: Cool name.

Vypra appeared.

Vypra: He's our newest recruit.

Hot Dog Gangster: Yep and it's great to be part of the team.

Me: You sound just like famous rap singer Tone Loc.

Hot Dog Gangster: Rock on dudes. I like it.

Poromon: (Drools) Oh boy!

Hot Dog Gangster: Don't even think about eating me!

Poliwag: Just one bite!

Vypra: It's all right Poromon. He has amazing hot dog powers.

Hot Dog Gangster: Yep.

He fired hot dogs from his hands and we had some.

Me: MMM! (Eating) Delicious.

Nico: (eating) You make awesome hot dogs.

We laughed.

Marina: Wow we're back on Hoth again.

Maria: Man is it cold.

Natalie Griffin: Just like during the race.

Me: Yep. And this Abominable Snowman is like the one that we saw the Powerpuff Girls face in the coming books.

Maya Kona: Then this one must be a tough one.

Marina: Yeah but we're ready for it.

Marina concentrated and her hair fell out.

Nicole Chan: Yep we will be ready for it.

Marina turned into VAPOREON! We then encountered an Ice Master and a Sethmon Gene-Slammer named Natasha Alucard from Romania and then we saw THE ABOMINABLE SNOWMAN!

Suddenly, Flora's eyes turned neon green, and she was surrounded by a green energy aura with leaves, animals, and phoenixes, she unholstered her massive Destroyer of The Trix sword from her back, and as she approached The Abominable Snowman, she left green energy, leaves, animals, and phoenixes with every step. Then, Flora was surrounded by a massive vortex of green energy with leaves, animals, and phoenixes surrounding it, there was an eagle flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Flora had emerged, but she was changed forever.

Flora grew to 6'0" in height, she had the body of a goddess, she had green highlights in the bangs of her long brown hair, she has sky neon green eyes and a green energy aura with leaves, animals, and phoenixes surrounding her, she has a fairy with the Nature Kanji in its hands emblazoned on her forehead, she has on elf earrings with the Nature Kanji in its hands and a necklace with a phoenix holding the Nature Kanji in its claws for the pendant, she has on a sleeveless green blouse with green phoenix on it, green with leaves on them, green pants, green high heels, and a green long sleeveless trenchcoat with animals and leaves on the coattails and on the back are the animals with leaves surrounding it. Flora has massive brown angel wings with green tips on the large brown feathers, she has her massive Destroyer of The Trix sword in her hand, she has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There's an orange kanji right below the dragon that said, "Flora, Nature Fairy of The Winx Club, Princess of Linphea, Destroyer of The Trix and Valtor, Slayer of Evil, Defender of Alfea College and the Magix Dimension, Friend to Many, and Master of Nature, Animals, and Angels."

フローラ、ウィンクスクラブの自然の妖精、リンフェアの王女、トリックスとヴァルターの駆逐艦、悪の殺し屋、アルフェア大学とマジックスの次元の擁護者、多くの友人、そして自然、動物、天使のマスター

Flora has transformed into SUPER ANGEL 750,000,000,000 WINX FAIRY NATURE STORM PHOENIX ANGEL OF MAGICAL JUSTICE AND LOVE!

We were amazed by Flora's Super Angel 750,000,000,000 transformation, but when The Abominable Snowman saw it, he fell into a rage and tried to attack, but Flora fired a powerful blast of leaves at him, and it hit him and sent him flying into a wall.

We defeated him and reverted Marina and Natasha back to human and then we went back home.

After my rescue, Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Nicole, and Blaze Fielding were heading to the Tech Sensei Realm in the Skylands, and not only is Lincoln going to rescue the six girls there, but Lucia Morgan had got word that Metro City crime lord Horace Belger is there, and he's causing havoc.

Lincoln: Wow, we're here in the Tech Sensei Realm in the Skylands, and I think I know what we're going to do here, not only am I going to rescue the six girls there, but Blaze Fielding had got word that Metro City crime lord Horace Belger is here, and he's causing havoc.

Lynn: That's right, bro.

Lucia Morgan: As soon as I heard that wealthy crime lord who's responsible for the activities of The Mad Gear Gang was here, I got my equipment ready, and I'm looking forward to knocking his brains out.

Lori: When you told us what Horace did in Metro City, Lucia, that's one thing we also don't tolerate: and that's crime lords running loose and doing whatever they want.

Lana: Yeah, what Belger's been doing is trying to take over the city and unleash a reign of terror on Metro City and its citizens. He's got to be stopped here and now.

?: HELP!

Suddenly, Lincoln heard the sound of six girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the six girls, but they've been cornered by Horace Belger, and he's going to kill them.

Lincoln: Guys, I found the six girls, but they've been cornered by Horace Belger, and he's going to kill them. Let's take him down once and for all.

Lincoln and his team rush on over, and he fired a powerful blast of rainbow energy right at the back of Horace Belger's wheelchair, and it hit and short-circuited it, and he got off it as it exploded, and it allowed the girls to get away. When Horace Belger saw Lincoln and his team here, he was pissed off, but he was even more pissed off when he saw Lucia Morgan here.

Lucia Morgan: Horace Belger, just the lowlife slimeball I've been looking for, you just don't know when to quit, do you?

Lincoln: Consider yourself under arrest for your crimes against Metro City and its population.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Lucia cracked her knuckles, and Lincoln's sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered our massive swords from our backs, and they went at Horace Belger, and they fired powerful blasts of rainbow energy, bullets, fire, and elemental forces at him, and they exploded with incredible power as they hit the crime lord.

Then, Lincoln unleashed a powerful storm of powerful one-handed elemental shockwaves from every last swing of his massive Sword of Taranis and Lucia Morgan fired powerful blasts of fire, and as they hit Horace Belger, they severed his arms and legs, and he screamed in excruciating pain, and the last elemental shockwave and fire blast slashed off the crime lord's head and burned it, and he exploded in purple flames, as the explosion killed him, and his spirit was Super Hakaied forever. They cheered wildly as they holstered their weapons and power down. Then, Lincoln and Nicole went up to the four girls located there, and when Lincoln saw them, he immediately recognized them. The six girls are Margaret Hart, Alice Dawson, Caroline White, Helen Willman, Janet Miller and Lola Fellmondo from Early Reins.

Lincoln: Oh wow, it's Margaret Hart, Alice Dawson, Caroline White, Helen Willman, Janet Miller and Lola Fellmondo.

Nicole: From Early Reins, awesome.

Lincoln: Are you girls okay?

Margaret Hare: Yeah, we're okay, thanks to you.

Then, when Margaret Hale and the other five girls saw who it was that saved them from Metro City crime lord Horace Belger, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

Margaret Hale: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the five clones went up to Margaret Hale and her friends and the other went up to Lucia Morgan, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and his sisters and Nicole cheered over the scene.

Margaret Hale: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared around the necks of Margaret Hart, Alice Dawson, Caroline White, Helen Willman, Janet Miller and Lola Fellmondo. Then, Lincoln and his siblings returned back to Hawaii, and they told us that they rescued Margaret Hart, Alice Dawson, Caroline White, Helen Willman, Janet Miller and Lola Fellmondo from Metro City crime lord Horace Belger, and we'd cheered wildly for them when Lori showed us what they did, and then, Lucia heads back to the Estate, but she was coming soon, along with the rest of Lincoln's harem, and Lincoln's going to be in for one big surprise.

After getting rid of Metro City crime lord Horace Belger this time for good, Lincoln and his sisters return to Hawaii, and they and the parents were then training intensely in the mobile gym Lincoln set up, and they were doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, they got a shower afterwards.

After that, Lincoln and his family got ready for another day at the beach. Plus, the girls that Lincoln rescued today are also joining in too.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lynn Sr. then snapped his fingers, and the 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch was dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lee was dressed in red swim trunks with boxing gloves and flames on them. Lyra, Liberty, and Lena were dressed in two-piece bikinis in their favorite colors with their elemental forces on them.

The 6'0" tall Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily were dressed in two-piece bikinis in their favorite colors and with their favorite mythological animals on them, along with their colored weighted bands on their biceps and thighs, jewelry, and eight large colored orbs orbiting around their legs, and they also had their weapons holstered, in case of trouble, and Rita Loud was dressed in a two-piece pink bikini with her jewelry on and weapons holstered.

And Margaret Hart, Alice Dawson, Caroline White, Helen Willman, Janet Miller, and Lola Fellmondo were dressed in two-piece bikinis in their favorite colors, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Alright, everyone, shall we?

Margaret Hale: Of course, Linky.

Lincoln, the girls from Early Reins, his siblings, Lynn Sr., and Rita went out into the beach, and they had fun with Lincoln surfing in the water, Lori and the others were playing on the sand, Yumeko and her friends also joined in, Rita Loud was sitting on a beach towel and reading a book, and Lynn Sr. was with her. Then, Lincoln, Lori, and Lynn were lifting heavy anchors, and when Margaret Hale and her friends saw Lincoln lifting those heavy anchors, their faces were blushing like crazy.

Then, they saw Lincoln head out into the water, and he was surfing on his large orange surfboard, and not only did it get their attention, but it also got the attention of the beachgoers of Hawaii, since they know of what Lincoln did long ago when he surfed here and against Frankie Dude. When Lincoln came back to the beach, everyone cheered wildly for the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen, as he came back to his family..

Lynn: Whoa, Lincoln, your surfing's really got the attention of the beachgoers of Hawaii.

Margaret Hale: Whoa, he's really good at surfing, along with writing and reading comic books, playing video games, lifting weights, bodybuilding, and all that.

Lori: That's right, Margaret.

Luna Loud: The dude's a natural at surfboarding, and it's so awesome to see it for ourselves.

Lynn Loud: And speaking of weightlifting, there's a weightlifting competition on Wednesday.

Lincoln: That sounds fun. Hey, do you think that blowhard, Hunk Hardbody, that J.D. humiliated years ago is coming here to compete in this competition?

Lynn: If he is, I hope you humiliate him twice as hard as J.D., Linc.

Luan: Do you think we should also tell Droopy and Dripple about him since they've had a run-in with him long ago, along with McWolf?

Lincoln: If they find out, then, things are going to get ugly.

Lola: Yeah, and it'll get messy if McWolf decides to use the Chains of Torment on him and slice him to shreds with his Dark Slayer of The Underworld zanbato sword on him.

Lana: (Smirks) Plus, think of all the attention you'll get from the ladies, Lincoln.

His sisters had some sly smirks on their faces, along with Margaret Hale and her friends.

Lincoln: Now, now, Lana, this competition coming up on Wednesday's supposed to be for fun.

Lori: Lincoln's right, Lana.

Lincoln: But, once the competition is over, Lori, call Droopy, Dripple, and McWolf and they'll come in after him.

Lori: Gotcha, bro.

Then, they had some lunch, Ulti-Burgers that Lynn Sr. cooked up on the grill, and then, after an hour of rest in the sun and working on a tan, they also continued having fun in the ocean. Then, as the sun was about to set, Lincoln made four clones of himself, and he and his clones went up to Margaret Hart, Alice Dawson, Caroline White, Helen Willman, Janet Miller, and Lola Fellmondo, and picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they share a very passionate and romantic kiss with the girls wrapping their left arms around the wider and more muscular backs and their right hands on the massive wide pecs of Lincoln and his clones, and his siblings and parents cheered for them. Then, they came back to their rooms in the hotel to have some more quality time before they get some sleep.

Later we were at a hockey game. But it wasn't just ANY hockey game. It was a hockey game with the famous Mighty Ducks.

Poromon: Oh boy! A hockey game! I want to be the puck!

Me: This is not just a Hockey Game.

Nico: COOL! The Mighty Ducks! I love seeing their action moves and awesome stunts.

Wildwing Flashblade saw us.

Wildwing Flashblade: Wow! Team Loud Phoenix Storm! Honor to meet you all.

Nico: Same to you Wildwing and it's an honor to meet the awesome heroes of Puckworld.

Me: The Anaheim Ducks are one of my favorite hockey teams next to the Colorado Avalanche. But you guys are awesome heroes of hockey and beating up the bad guys.

Mallory McMallard: We are honored though.

May: So, any bad guys of yours we need to keep an eye out for?

Wildwing Flashblade: The Saurians are our most dangerous bad guys.

Shanan: I know the Saurians. They are a race of Dinosaur aliens that are one of the most feared warriors in the universe.

Nico: I know them too. Like my race the Saiyans and the Thalionians they are considered to be one of the most feared warriors in the galaxy.

Vegeta: That is interesting that you are facing the Saurians. We destroyed them and their home planet when we worked for Frieza.

Mallory McMallard: Wow! That is amazing.

Nico: It sure is. And you guys are fighting remnants of them.

Me: Some of them must've gone into hiding while Frieza was still expanding his empire.

Wildwing Flashblade: That is interesting.

Tanya Vanderflock: Maybe you can help us out in destroying them for good.

Me: We would be honored.

January 5th

On the planet Pandora, Me, Eli, Arrietty, Nene, Allie Wilde, Maria, Marie, Nicole Chan, Qin, Erica, Ellie, Lillian, Megan, Nora Venice, Simone, Miranda, Gina Pele, Lola Namiko, Nelanie, Haumia the Phoenix Angel, Tina Terishkovanaya, Warrior Lady of The Wasteland, Natalie Griffin, Maiden of The Aqua, Syrus, Dark Magician Girl, Rey, Lina, Kia, Jenna, Maya Kona the Venusmon Gene-Slammer, Musa and Hailey Kerumma the Flareon Gene-Slammer were there to have another awesome rescue.

Suddenly, Musa's blue eyes turned neon blue, and she was surrounded by a pink energy aura with soundwaves, angels, and phoenixes, she unholstered her massive Destroyer of The Trix sword from her back, and as she approached The Purple Dragons, she left pink energy, soundwaves, angels, and phoenixes with every step. Then, Musa was surrounded by a massive vortex of pink energy with soundwaves, angels, and phoenixes surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a yellow phoenix. Then, as the vortex faded, Musa emerged, but she was changed forever.

We were amazed by Musa's Super Angel 750,000,000,000 transformation, but when The Purple Dragons saw it, they fell into a rage and tried to kill Musa, but Musa fired a powerful blast of sound at the Purple Dragons, which hits them, and it sent them flying into a bunch of trees and then we blasted them all over and killed them.

Then we had Gabrielle and Hailey revert back and we went back home.

After my rescue, Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Nicole, Brittney Knudson, The Goths of Darkness, and Sypha Belandes were heading down to Transylvania, Romania, and not only is Lincoln going to rescue the six girls there, but Sypha got word that Carmilla is there, and she wants revenge for what happened to Dracula.

Lincoln: Whoa, we're in Transylvania, Romania, and I think I know what we're going to do here, not only am I going to rescue the six girls there, but Sypha got word that Carmilla is here, and she wants revenge for what happened to Dracula.

Lori: So, another servant of Dracula is here, huh? But, I sense this is also personal for Sypha, right?

Lincoln: Yeah. You see, Sypha told me about the persecutions of her fellow witches, and the one who caused it was Carmilla.

Lincoln's siblings gasped in shock.

Lucy Loud: Gasp, so Carmilla was the one who caused the persecutions of Sypha's fellow witches?

Sypha Belnades: That's correct, Lucy.

Brittney Knudson: We'll make sure that we avenge your fellow sisters, Sypha, and see to it that the one who began the persecution is destroyed for good.

Lincoln: You said it, Brittney.

?: HELP!

Suddenly, Lincoln heard the sound of six girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the six girls, but they've been cornered by Carmilla, and she's going to kill them.

Lincoln: Guys, I found the six girls, but they've been cornered by Carmilla, and she's going to kill them. Time to end her for good.

Lincoln and his team rush on over, and he fired a powerful blast of rainbow energy right at Carmilla, and she dodged it, and the six girls rushed on over. When Carmilla saw them, she was pissed off when she saw the killers of Dracula here.

Sypha Belnades: Carmilla, I will never forgive you for what you did in causing the persecutions of my fellow sisters long ago. Your master, Dracula, has already paid the price for his crimes, and now, it's your turn.

Lincoln: You will pay for what you did, not only in causing the persecutions of Sypha's fellow sisters, but also for tormenting mankind.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Sypha had her magic ready, The Goths of Darkness, Brittney, and Lincoln's sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered our massive swords from our backs, and they went at Carmilla, and they fired very powerful blasts of rainbow energy, light, darkness, elemental forces, and creatures of darkness at her, and they exploded with incredible power as they hit Carmilla.

Then, Lincoln and Sypha Belandes fired two massive powerful blasts of holy light at Carmilla, and she was turned to ashes and was killed, and her evil spirit was Super Hakaied forever. They cheer wildly as they holstered their weapons and power down. Then, Sypha hugged Lincoln as she wrapped her arms around his waist, and Lincoln wrapped his abnormally massive and powerful muscular arms around her in a comforting hug, and he lifted her.

Lincoln: It's okay, Sypha, it's over. We avenged your fellow sisters.

Sypha Belnades: Thank you, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Sypha.

Then, Lincoln and Sypha shared a kiss, and he gently set her down, and he and Nicole went up to the six girls located there, and when Lincoln saw them, he immediately recognized them. The six girls are Tokiha Mai, Minagi Mikoto, Kuga Natsuki, Fujino Shizuru, Higurashi Akane, and Okuzaki Akira from Mai-Hime.

Lincoln: Oh wow, it's Tokiha Mai, Minagi Mikoto, Kuga Natsuki, Fujino Shizuru, Higurashi Akane, and Okuzaki Akira.

Nicole: From Mai-Hime, awesome.

Lincoln: Are you girls okay?

Tokiha Mai: Yeah, we're okay, thanks to you.

Then, when Tokiha Mai and the other five girls saw who it was that saved them from Carmilla, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many

Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Tokiha Mai: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to Margaret Hale and her friends and the other went up to Lucia Morgan, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and his sisters and Nicole cheered over the scene.

Tokiha Mai: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared around the necks of Tokiha Mai, Minagi Mikoto, Kuga Natsuki, Fujino Shizuru, Higurashi Akane, and Okuzaki Akira. Then, Lincoln and his siblings returned back to Hawaii, and they told us that they rescued Tokiha Mai, Minagi Mikoto, Kuga Natsuki, Fujino Shizuru, Higurashi Akane, and Okuzaki Akira from Carmilla in Transylvania, Romania, and we'd cheered wildly for them when Lori showed us what they did, and then, Sypha heads back to the Estate, but she was coming soon, along with the rest of Lincoln's harem, and Lincoln's going to be in for one big surprise.

After getting rid of Carmilla this time for good, Lincoln and his sisters return to Hawaii, and they and the parents were then training intensely in the mobile gym Lincoln set up, and they were doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, they got a shower afterwards.

After that, Lincoln and his family got ready for another day at the beach. Plus, the girls that Lincoln rescued today are also joining in too.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lynn Sr. then snapped his fingers, and the 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch was dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lee was dressed in red swim trunks with boxing gloves and flames on them. Lyra, Liberty, and Lena were dressed in two-piece bikinis in their favorite colors with their elemental forces on them.

The 6'0" tall Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily were dressed in two-piece bikinis in their favorite colors and with their favorite mythological animals on them, along with their colored weighted bands on their biceps and thighs, jewelry, and eight large colored orbs orbiting around their legs, and they also had their weapons holstered, in case of trouble, and Rita Loud was dressed in a two-piece pink bikini with her jewelry on and weapons holstered.

And Tokiha Mai, Minagi Mikoto, Kuga Natsuki, Fujino Shizuru, Higurashi Akane, and Okuzaki Akira were dressed in two-piece bikinis in their favorite colors, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Alright, everyone, shall we?

Tokiha Mai: Of course, Linky.

Lincoln, the girls from Early Reins, his siblings, Lynn Sr., and Rita went out into the beach, and they had fun with Lincoln surfing in the water, Lori and the others were playing on the sand, Yumeko and her friends also joined in, Rita Loud was sitting on a beach towel and reading a book, and Lynn Sr. was with her. Then, Lincoln, Lori, and Lynn were lifting heavy anchors, and when Margaret Hale and her friends saw Lincoln lifting those heavy anchors, their faces were blushing like crazy.

Lynn: Hey, bro, today's the day of the Weightlifting Competition.

Lincoln: I know, Lynn. This is going to be so awesome and fun.

Lori: And we got word from the beachgoers that muscle-bound blowhard, Hunk Hardbody, that J.D. humiliated years ago is competing in the competition.

Lincoln: Yeah, I should've guessed he'd be here, Lori. Well, I know what to do to someone like him.

Then, it was time for the Weightlifting Competition, and Lincoln was ready for some fun in this one, and of course, Hunk Hardbody was already here, and the crowd was already booing and hissing at him. Plus, at home, we were watching the competition.

Me: Oh man, Lincoln's competing in the Weightlifting Competition.

Nico: And his opponent is Hunk Hardbody, you did tell me that you humiliated that blowhard long ago when you guys went to the beach, and of course, he's another foe of Droopy and Dripple.

Me: That's right, Nico. Plus, the girls in Lincoln's harem have their little surprise planned for Lincoln.

Nico: (Snickers) Ooh, that's right.

Maria: I hope Lincoln puts that muscle-bound blowhard in his place.

William: I've got a feeling he's going to do more than that.

Me: Boy I remember when I humiliated him in the Muscle Beach competition here in Gotham Royal York.

Adagio Dazzle: You beat him J.D.?

Me: Yep. It was so awesome.

The competition started as the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen Lincoln lifted up a heavy barbell with weights on both ends weighing up to 9,500 lbs., and he lifted it up with ease, and that proves just how strong he is, and that got the crowd cheering like wild and the local girls there swooning. This got Hunk Hardbody really mad, then he was up, and he tried to lift up the 9,500-lb barbell, but he was having trouble. Lincoln won the barbell lift round, but the competition was starting.

The second part was a log toss, and Lincoln tossed a really heavy log and it lands with a heavy thud, and the referee measured it, and it was a staggering 750 feet, and the crowd was cheering like crazy. Then, Hunk Hardbody tossed another heavy log and it landed with a heavy thud, and the referee had measured it, but it was only 250 feet, and Lincoln won the second round.

Finally, the third part of the competition is how far someone can drag a heavy truck with a rope tied to their waist. Lincoln and Hunk Hardbody proceeded to drag the heavy trucks with ropes tied to their waists. Suddenly, Hunk Hardbody was already starting to get a little weak, but Lincoln was still going on strong, and when it was over, Lincoln made it to the end line, but Hunk Hardbody passed out in the middle. It was all over, and Lincoln won the competition, and got a solid gold trophy with a strong bodybuilder holding up a barbell. We were cheering for Lincoln back at the Estate.

Me: Alright, way to go, Lincoln!

Nico: Nice one, way to show that blowhard, big guy.

Eli: YEAH!

But, Lincoln was in for a big surprise when he saw who it was that gave him the trophy: it was all the members of his harem, including the girls that he rescued from the last few days, and they went up to Lincoln, and they kissed him all over.

Hunk Hardbody was humiliated big time, but he was in even more big trouble when McWolf arrived at the beach, along with Droopy and Dripple, and they proceeded to drag him out and they pummeled him badly, and then, Lincoln went up and kicked that blowhard off the beach for good. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the members of his harem, and picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they share a very passionate and romantic kiss with the girls wrapping their left arms around the wider and more muscular backs and their right hands on the massive wide pecs of Lincoln and his clones, and his siblings and parents cheered for them. Then, they came back to their rooms in the hotel to have some more quality time before they get some sleep.

She went over to molecule structure balloons and tied one up into a flower and then she ran and shook up a bunch of chemicals and landed on a target and Dexter got zapped by a laser and Dee Dee typed on a keyboard and Dexter got thrown by a robot arm and Dee Dee turned on an atom smasher and he got crushed by it and then Dee Dee saw HER DOLL ON A TABLE and gasped! THEN SHE SCREAMED!

Dee Dee: AAAAAAAAAAAAHHHHH!

Dexter knocked over the stand with the remote on it and then it landed into Dee Dee's hand.

Dee Dee: (Gasp) Ooh. What does this button do?

Me: Wonder what that remote does.

Dexter: Please! Please! Do not push the button! You have no idea what it…

BEEP! ZZZZZAAAAAAAAAAAPPPPP!

Dee Dee pressed the remote and it fired a beam of energy and it turne Dexter INTO A RABBIT!

Dexter: Does.

Me: WHOA! It turned Dexter into a bunny!

Lisa Loud: How amazing!

Then Dexter turned Dee Dee into a Frog and then Dee Dee turned him into a pig, then a Buffalo, an Orangutan, Then an Ostrich and then a Hamster. Dexter turned Dee Dee into a Tiger! Then they were fighting over the remote and turning each other into a massive variety of animals!

Me: This is getting tough.

Lisa Loud: Indeed it is.

Later they were back to normal but Dee Dee was in Dexter's Body and Dexter was in Dee Dee's body.

Me: Wow that is some remote. I got this.

I snapped my fingers and reverted them back to normal.

Dexter: WHEW! Thanks J.D.

Me: Anytime Dexter.

Lisa Loud: That is a really amazing an very incredible remote.

Me: Yeah you guys were EVERY animal of the Animal Kingdom. So awesome.

Dexter: That was cool.

Then, Stella was surrounded by a massive vortex of yellow energy with sunlight, fairies, and phoenixes surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a yellow phoenix. Then, as the vortex faded, Stella emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

We were amazed by Stella's Super Angel 750,000,000,000 transformation, but when Jabba the Hutt's followers saw it, they fell into a murderous and tried to kill Stella, but Stella fired a powerful blast of sunlight, which hits a group of them, and incinerated them into ashes.

We reverted Moira and Becky back to normal and later went back home.

Lincoln: Whoa, we're in the Undead Sensei Realm in the Skylands, and I think I know what we're going to do here, not only am I going to rescue the seven girls there, but we're also going to face Malladus, an evil ghost that Link has dealt with long ago in Hyrule.

Nicole: That's right, Lincoln, and I remember that evil spirit from Legend of Zelda: Spirit Tracks, and he's nothing but pure evil.

Starlight Glimmer: And he's located here in the Undead Sensei Realm, perfect for an evil spirit like him.

Cynder: We'll make sure that he never hurts anyone ever again.

?: HELP!

Suddenly, Lincoln heard the sound of seven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the seven girls, but they've been cornered by Malladus, and he's going to kill them.

Lincoln: Guys, I found the seven girls, but they've been cornered by Malladus, and he's going to kill them.

Lincoln and his team rush on over, and he fired a powerful blast of rainbow energy right at Malladus, and it hurt the evil ghost badly, and the girls got away from him. When Malladus saw them, he was mad.

Nicole: Should've known you'd show up here, Malladus. But, we're going to make sure that you never torment the living ever again.

Lincoln: Time to exterminate this evil ghost.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Starlight Glimmer, Nicole, and Lincoln's sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered our massive swords from our backs, and they went at Malladus, and they fired very powerful blasts of rainbow energy, bones, ghosts, elemental forces, and spectral lightning at him, and they exploded with incredible power as they hit Malladus.

Then, Lincoln, Lucy Loud, and Starlight Glimmer fired powerful blasts of dark lightning, dark fire, and magic at Malladus, and as they hit him, the blasts exploded with incredible power, and Malladus was Super Hakaied forever. They all cheered wildly as they holstered their weapons and power down, and Lincoln wrapped his abnormally massive and powerful muscular arms around Starlight Glimmer in a hug, and lifted her up, and they shared a kiss and hug.

Then, Lincoln, Starlight Glimmer, and Nicole went up to the seven girls located there, and when Lincoln saw them, he immediately recognized them. The seven girls are Hotaka Miyabi, Julie Sigtuna, Lilith Bristol, Tachibana Tomoe, Nagakura Imari, Tsukimi Rito, and Tsukumo Sakuya from Absolute Duo.

Lincoln: Oh wow, it's Hotaka Miyabi, Julie Sigtuna, Lilith Bristol, Tachibana Tomoe, Nagakura Imari, Tsukimi Rito, and Tsukumo Sakuya.

Nicole: From Absolute Duo, awesome.

Lincoln: Are you girls okay?

Hotaka Miyabi: Yeah, we're okay, thanks to you.

Hotaka Miyabi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the six clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and his sisters, Starlight Glimmer, and Nicole cheered over the scene.

Hotaka Miyabi: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seven Thunderbird Necklaces of Eternal Love appeared around the necks of Hotaka Miyabi, Julie Sigtuna, Lilith Bristol, Tachibana Tomoe, Nagakura Imari, Tsukimi Rito, and Tsukumo Sakuya. Then, Lincoln and his siblings returned back to Hawaii, and they told us that they rescued Hotaka Miyabi, Julie Sigtuna, Lilith Bristol, Tachibana Tomoe, Nagakura Imari, Tsukimi Rito, and Tsukumo Sakuya from Malladus, and we'd cheered wildly for them when Lori showed us what they did, and then, Starlight Glimmer and the Undead Skylanders return to the Estate.

After getting rid of Malladus this time for good, Lincoln and his sisters return to Hawaii, and they and the parents were then training intensely in the mobile gym Lincoln set up, and they were doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, they got a shower afterwards.

After that, Lincoln and his family got ready for another day at the beach. Plus, the girls that Lincoln rescued today are also joining in too.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo and the thirteen elemental forces on them and large orange sandals, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lynn Sr. then snapped his fingers, and the 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch was dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lee was dressed in red swim trunks with boxing gloves and flames on them. Lyra, Liberty, and Lena were dressed in two-piece bikinis in their favorite colors with their elemental forces on them.

The 6'0" tall Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily were dressed in two-piece bikinis in their favorite colors and with their favorite mythological animals on them, along with their colored weighted bands on their biceps and thighs, jewelry, and eight large colored orbs orbiting around their legs, and they also had their weapons holstered, in case of trouble, and Rita Loud was dressed in a two-piece pink bikini with her jewelry on and weapons holstered.

And Hotaka Miyaki and her friends were dressed in two-piece bikinis in their favorite colors, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Alright, everyone, shall we?

Hotaka Miyaki: Of course, Linky.

Lincoln, the girls from Absolute Duo, his siblings, Lynn Sr., and Rita went out into the beach, and they had fun with Lincoln surfing in the water, Lori and the others were playing on the sand, Yumeko and her friends also joined in, Rita Loud was sitting on a beach towel and reading a book, and Lynn Sr. was with her. Then, Lincoln, Lori, and Lynn were lifting heavy anchors, and when Hotaka Miyaki and her friends saw Lincoln lifting those heavy anchors, their faces were blushing like crazy.

Leni: Oh, guys, take a look. Tonight, there's going to be a luau.

Lori: A luau? This should be interesting to see.

Lincoln: That should be interesting.

?: Oh, Linky.

Suddenly, Lincoln turned around, and he saw his harem here, and were dressed in two-piece bikinis in their favorite colors with mythological creatures on them, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Girls, wow, it's good to see you here in Hawaii again.

Lynn: That's right, I remember that you girls were the ones who gave Lincoln that trophy that he won at the Weightlifting and Strength Competition yesterday.

Girl Jordan: Yep, and we asked Nico if we could head to Hawaii to see you, and we also got a surprise for you: we're going to perform at the luau tonight, Linky.

Minerva Mink: That's right, you're in for a show, Linky.

Lincoln had an atomic red blush on his face when Minerva said that. Lori contacted Nico on her phone to tell him.

Nico: (Through the phone) Wait, the girls in Lincoln's harem are also going to perform at the luau tonight?

Lori: Yeah, and Lincoln had an atomic red blush on his face when Minerva told him that.

Nico: (Through the phone) Ooh, boy.

Me: (Through the phone) Have fun guys.

Lori: We will.

The family continued to have fun, until the sun went down, and that was the time for the luau, and when Lincoln saw the members of his harem dressed in grass hula skirts, flowers, leis, and flower bracelets on their wrists and ankles, along with their two-piece bikinis, his face turns atomic red and his nose was bleeding.

Lori: Hope Lincoln's okay after that little surprise.

Lola: He'll be okay, Lori. Besides, he's recovered from more than just a few surprises from his harem.

But, Lincoln was okay from that little surprise from his harem, and then, as soon as the luau ended, Lincoln made clones of himself, and he and the clones went up to the members of his harem, and he picked them up in their abnormally massive and powerful muscular arms, and they shared a very passionate and romantic kiss with the girls wrapping their left arms around the wider and more muscular backs and their right hands on the massive wide pecs of Lincoln and his clones right under the full moon, and his siblings and parents cheered for them. Then, they came back to their rooms in the hotel to have some more quality time before they get some sleep.

In the Jupiter Prison, Nico was pushing in a cart and it had a really luxurious meal and it was for John Corben, formerly known as Metallo.

Inmate: Hey Nico man that smells awesome!

Nico: Thanks. It's for Corben.

Inmate 2: He has been worried about you.

Nico: I can tell.

Nico went up to his cell and opened the door with a key card.

Nico: Hey, Corben. Sorry it's been a while. I've been busy.

Corben: I can tell. I saw all sorts of amazing adventures with you and the team.

Nico: Yep. Brought you your favorite.

Nico brought in the meal.

Nico: Smoked Cornish Game Hen Wellington A La Flambe.

Corben: Oh boy I am starving.

Nico: (Laughs) Dinner is served.

We were telling him about how Metallo was in Team Dark Phoenix

Storm.

Corben: So, let me get this straight. Mr. Mind pulled my Metallo Side out of me for his own plans?!

Dr. Nick: Not to worry though. The Godzilla I know took care of him.

Nico: He sure did and it was an epic battle. But we made sure he would never terrorize the world again.

Eli: But if Lex Luthor ever returns we'll make sure that you get a first punch at him.

Corben: I would like that. It'll be payback for poisoning me with that virus.

Nico: Done. In all honesty I don't know how he managed to get a potentially fatal virus like that into you without you noticing.

Me: Lex Luthor has always been one crafty monster.

Nico: Yep.

Corben: I'm looking forward to it.

We had a nice

After my rescue, Lincoln, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Nicole, Mai Shiranui, Cassandra Alexandra, and Claire Harvey were heading back to the world of Magic the Gathering, and not only is Lincoln going to rescue the nine girls there, but they got word that the evil and tyrannical warlord Strife Astlar Grandall and crime lord Geese Howard are there.

Lincoln: Wow, we're back in the world of Magic the Gathering, and I think I know what we're going to do here, not only am I going to rescue the nine girls there, but we also got word that the tyrannical warlord Strife Astlar Grandall and the crime lord Geese Howard are there.

Lori: And from what Cassandra told us about Strife, this guy is a murderous warlord driven by envy and he also murdered his own family out of envy and jealousy, that really makes me sick.

Lincoln: That's right, and from what Mai told us, Geese Howard is a dangerous crime lord who wants to rule the world, and anyone who gets in his way, he'll kill them in cold blood. Those two have got to go now.

Mai Shiranui: That's right, Linky.

Claire Harvey: And I can't help but get the feeling that the nine girls there are familiar to me.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by Strife Astlar Grandall and Geese Howard, and they're going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Strife Astlar Grandall and Geese Howard, and they're going to kill them. Let's put an end to them both for good.

Lincoln and his team rush on over, and he fired two powerful blasts of rainbow energy at Strife Astlar Grandall and Geese Howard, and they dodged them. But, when Strife Astlar Grandall saw them here, he was enraged, and Geese Howard maintained his composure.

Geese Howard: So, the legendary Team Loud Phoenix Storm has finally arrived.

Lincoln: And we came here to kill you both and make sure that you both pay for your crimes.

Strife Astlar Grandall: I will kill you all for getting in my way!

Lincoln: The only ones who are going to die here are you and Geese Howard, Strife, and you will pay for what you did in killing your family in jealous rage.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Cassandra Alexandra, Nicole, Mai Shiranui, and Lincoln's sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered our massive swords from our backs, and they went at Strife Astlar Grandall and Geese Howard, and they fired powerful blasts of rainbow energy, light, fire, and elemental forces, and they exploded with incredible power as they hit Strife Astlar Grandall.

Geese Howard fired blasts of energy at them, but they dodged them, and Lincoln disarmed Strife of his huge sword. Then, Lincoln fired a blast of red energy at Geese Howard, and as it hit, Lincoln then sucked out all of Geese Howard's powers and abilities, and he and the rest of us made them our own. Then, Lincoln summoned a powerful thunderstorm, and he fired two bolts of rainbow lightning, which pierce Strife Astlar Greandall and Geese Howard in their black hearts, and they were both killed as they exploded in purple flames, and their evil spirits were Super Hakaied forever. They cheer wildly as they holstered their weapons and power down, and Lincoln made two clones of himself, and he and his clones wrapped his abnormally massive and powerful muscular arms around Mai Shiranui, Claire Harvey, and Cassandra Alexandra, and lifted them up, and they shared a kiss and hug.

Then, Lincoln, Claire Harvey, and Nicole went up to the nine girls located there, and when Lincoln saw them, he immediately recognized them. The nine girls are Emile Crossfode, Kirishima Sakura, Kisaragi Karen, Charlotte Dimandius, Mei-Mei, Reitia Saintemilion, Liddy Steinberg, and Souffle Clearrail from Hundred.

Lincoln: Oh wow, it's Emile Crossfode, Kirishima Sakura, Kisaragi Karen, Charlotte Dimandius, Mei-Mei, Reitia Saintemilion, Liddy Steinberg, and Souffle Clearrail.

Nicole: From Hundred, awesome.

Claire Harvey: Oh no way, Emile, Kirishima, Kisaragi, Charlotte, Mei-Mei, Reitia, Liddy, and Souffle are the nine girls that were located here, awesome.

Lincoln: Are you girls okay?

Emile Crossfode: Yeah, we're okay, thanks to you.

Then, when Emile Crossfode and the other eight girls saw who it was that saved them from Strife Astlar Greandall and Geese Howard, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck,

Emile Crossfade: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and his sisters, Nicole, Mai Shiranui, Cassandra Alexandra, and Claire Harvey cheered over the scene.

Emile Crossfade: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared around the necks of Emile Crossfode, Kirishima Sakura, Kisaragi Karen, Charlotte Dimandius, Mei-Mei, Reitia Saintemilion, Liddy Steinberg, and Souffle Clearrail. Then, Lincoln and his siblings returned back to Hawaii, and they told us that they rescued Claire Harvey's friends, Emile Crossfode, Kirishima Sakura, Kisaragi Karen, Charlotte Dimandius, Mei-Mei, Reitia Saintemilion, Liddy Steinberg, and Souffle Clearrail from the tyrannical warlord Strife Astlar Grandall and the crime lord Geese Howard, and we'd cheered wildly for them when Lori showed us what they did, and then, Mai Shiranui, Cassandra Alexandra, and Claire Harvey return to the Estate.

Lynn Sr. then snapped his fingers, and the 21-year-old 7'0", brown-haired, handsome, and extremely muscular patriarch was dressed in large green swim trunks with a phoenix and plants and fruits on them and large green sandals, along with his large weighted green bands on his massive biceps and thighs, his jewelry, and eight large green orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lee was dressed in red swim trunks with boxing gloves and flames on them. Lyra, Liberty, and Lena were dressed in two-piece bikinis in their favorite colors with their elemental forces on them.

And his entire harem, along with Claire Harvey and her friends whom Lincoln rescued today showed up dressed in two-piece bikinis in their favorite colors, and they also had on their Thunderbird Necklaces of Eternal Love.

Lincoln: Alright, everyone, this is our final day of vacation in Hawaii. Shall we?

Starlight Glimmer: Of course, Linky.

Lincoln, his harem, his siblings, Lynn Sr., and Rita went out into the beach, and they had fun with Lincoln surfing in the water, Lori and the others were playing on the sand, Rita Loud was sitting on a beach towel and reading a book, and Lynn Sr. was with her. Axem Rangers

The Axem Rangers were charged with locating the 6th Star Piece in the Barrel Volcano. When Mario and his party retrieve it, the Axem Rangers steal it and flee to their giant battleship called the Blade. Mario chases them, reaches the battleship, and defeats the Rangers, retrieving the 6th Star Piece. The Blade crashed into the side of the volcano and exploded, killing the Axem Rangers.

Mass-produced machine-made versions of the Axem Rangers appeared in the Smithy Factory, along with Machine-Made versions of Mack, Bowyer, and Yaridovich, as regular enemies rather than bosses, indicating that the original Axem Rangers were only prototypes, however, the Machine-Mades are considerably weaker, unlike some of the others.

Grinexx

**Grinexx** is the boss of Turtle Rock in *A Link Between Worlds* .[ *name reference needed* ] It appears as a large turtle with a rocky, volcano-like shell.

Characteristics

The battle against Grinexx takes place on grated metal platform above a pool of lava, with larger holes in its center and four corners. Grinexx begins the fight swimming in the lava underneath the arena. It attacks Linkby erupting lava from its back, which passes through the floor grates. During this phase, Link must use the Ice Rod to hit Grinexx as it passes under the larger holes of the arena, while also taking care not to get hit by the erupting bursts of lava. Grinexx will occasionally retaliate by chasing Link around while erupting lava, though this attack can be stopped by using the Ice Rod.

After sustaining enough damage, Grinexx will jump out of the lava and onto the grated platform, closing the holes behind it, and will begin to attack Link directly. Link can damage the monster during this phase by striking its head with the Sword or other weapons. Grinexx will often attack by swiftly extending its neck to bite at Link. It will occasionally tuck into its shell, either to release a devastating explosion, or to begin spinning and sliding around the arena to run Link down. Direct attacks from Grinexx can be deflected with the Shield, but defending against the explosion requires the Hylian Shield. After taking enough strikes to the head, Grinexx will be defeated; a Heart Container will appear and a column displaying Impa's Painting will rise out of the lava.

## Cragma

**Cragma** is the fourth Boss in *Spirit Tracks* .[1]It has the appearance of a large molten rock cyclops. He appears in the game's fourth temple, the Fire Temple.

In the beginning of the fight, Cragma will try to smash Link with his right fist. As he tries to do so, his weak point will become visible, which is shown by a small, glowing part of his lower body. Link must shoot an Arrow from his Bow at the glowing body part, causing Cragma to try and crush the young hero with his two fists. Afterward, a huge molten rock, along with other burning small rocks that drop pick-ups such as Arrows, will fall from the ceiling. Link must then lure Cragma's fist to make contact with the bigger, flaming boulder. Upon being smashed, a circular platform will be created. Alternatively, Link can use a Bomb to create the platform. Link must pick up the platform and place it on a small area of lava on the right side of the room. This allows the young hero to jump on it and then proceed to enter the nearby mine cart.

The mine cart will revolve around Cragma. At this point, Link must shoot an Arrow at Cragma's various glowing body parts. Once he has hit two, the mine cart will climb one level higher. This process must be repeated until Link gets to the third level, which will require Link to shoot Cragma in the eye, causing the monster to fall over and reveal another weak spot: the top of his head. Link, after descending the mine cart, must quickly slash this weak spot with his Sword until Cragma recovers. If Link takes too long to hit Cragma's weak spots while on the mine cart, it will grab the young hero and toss him back to the bottom floor. Link must also successfully hit all of Cragma's available weak points in the current mine cart level in order to climb higher in the rails.

The rest of the fight involves repeating the same procedure: hitting Cragma's lower-body weak spot, making him smash the boulder to create a circular platform, riding the mine cart to eventually hit his eye, then repeatedly slashing the top of his head. Doing this at least three times will eventually defeat Cragma and yield the fourth Force Gem.

Kraid

*Metroid* / *Metroid: Zero Mission*

Kraid and Ridley are the two minibosses that must be fought in order to make it to Mother Brain. Kraid fights by shooting spikes out of holes in his stomach and boomerang-shaped spikes from his back. Upon defeating Kraid, Samus is rewarded with a 75 missile ammo capacity.

In *Metroid: Zero Mission*, Kraid fights similarly to he did in *Super Metroid*, retconning his design from *Super Metroid* and the location of his battle from the original *Metroid* game. Once Samus deals the final blow, Kraid partially sinks into the ground and lets out a loud shriek before exploding, allowing Samus to gain the Speed Booster.

### *Super Metroid*

Kraid fights with razor-sharp claws and shoots out *T. rex* -like arms out of his stomach. His main weaknesses are his third eye and his mouth. When Samus shoots at the eye, Kraid's mouth opens for a second. Samus then shoots Kraid in the mouth with a Charged Beam, Missile, or Super Missile, injuring Kraid. She does this several times until Kraid is defeated, allowing her to gain the Varia Suit to venture into Norfair.

### *Metroid Prime*

Kraid, known amongst fans as "Meta Kraid" in a manner similar to the game's Meta Ridley, was supposed to be a boss in the first *Metroid Prime* game, but was cut from the game as a result of time contraints. Although despite being scrapped, Kraid is mentioned in the manual of the game. Instead, Kraid makes a later cameo.

### *Metroid Dread*

After decades since his last appearance, Kraid returns as a boss in *Metroid Dread* . While his return is never explained, one of the Chozo Archives depicts Raven Beak and the Mawkin Chozo restraining him, suggesting he was captured and brought to ZDR.

Found in Cataris, Kraid is in a large room attached to a machine restraining his neck and arms. Like usual, he attacks through spitting out balls, thrashing his arms, and shooting spikes out of his belly. Identically to her previous encounters with him, Samus must fire missiles into Kraid's mouth to damage him. As the battle continues, he restrains his arms to swipe at Samus.

Once enough damage is dealt, a cutscene plays with Samus running up Kraid's belly before leaping over his head to shoot the cables holding the neck restraint. The restraint gives way and Kraid plummets into the lava, but not before shooting one last spike at Samus. Samus dodges it and uses it as a platform to reach the next room.

While Kraid is never seen again, he is most likely dead for good after ZDR explodes. When an X Parasite takes over Raven Beak, it transforms into a large monster resembling Kraid, suggesting that the X also absorbed Kraid as well.

## Emperor Ing

The **Emperor Ing** is the main antagonist of *Metroid Prime 2: Echoes* . He is the first of the Ing that was created on Dark Aether when the Phazon meteor crashed into planet Aether and split its dimensions in two.

The Emperor is elevated to such a status that his offspring worship him as a deity, and his lair is elevated in the sky above the Dark Temple Grounds, showing how heavily guarded it is. However, someone travels through, a dark shape can be seen, implying its actually underground, because the dark shape outside resembles the Leviathans seen elsewhere in *Metroid Prime* .

The Emperor Ing was the first of the dark Ing race to be created on Dark Aether when the meteor ripped open the dimensions. All Phazon on Aether was swept into Dark Aether and the meteor itself entered Dark Aether. The Emperor became similar to Metroid Prime because Metroid Prime originally was just a Metroid brainwashed by Phazon, and Emperor Ing was an ordinary Inglet that was brainwashed into protecting the Leviathan.

During the Luminoth-Ing war, many attempts were made to breach the infamous Sky Temple by finding the Keys, but all Luminoth died in their attempt and the mission was deemed futile.

## Biography Background

When searching Sanctuary Fortress, Samus first learns of the Emperor Ing's existence through Luminoth Lore. She finds more about the Sky Temple and how it could be breached.

## Role in the game

The Emperor Ing first appears in a similar way to Metroid Prime - he hangs from the ceiling in his palace and it jumps down in a gigantic dark pool to swallow the Light of Aether. Samus had found the Keys and successfully entered the impenetrable Sky Temple, and she feared the worst when massive tentacles came up and swallowed the Light of Aether. She followed the beast to his throne room and a battle began.

## Boss battle Phase 1

In the first phase of the boss battle, the Emperor will try and protect his Eye. It is a gigantic Inglet, and his rotating Eye is protected by two lids, and Samus has to take advantage of the moments when the Eye is exposed. Any Beam will damage the Eye. After enough hits, usually about four charged shots, the Ing Emperor will morph into a cocoon.

## Phase 2

In this second phase, the Emperor is inside a black cocoon bursting with Ing Tentacles and swarming with Inglets. As the room quickly fills up with poisonous gas, Samus must turn into her Morph Ball and bomb the tentacle holes. There are about twenty holes and this is the most challenging part of the fight because of the rapidly rising gas and the damage Samus can sustain from Ing attacks and the gas. However, she can use a Power Bomb to damage multiple holes at once. When the tentacle holes are damaged, the Emperor Ing will be reborn.

## Phase 3

When the Emperor Ing is reborn, it is now a gigantic Warrior Ing. It leaps about the room and spits out dark or light lasers. These can seriously damage Samus with the dark lasers freezing her, so she has to move very fast to match his speed. The beast will fire beams and the opposite beam will damage him - such as when it fires a dark beam, the Light Beam will damage the Emperor. This fight can be pretty durable, and Samus must conserve ammunition. After about twelve hits, the Emperor will gasp for air and then die. His death, when Samus absorbs the Light of Aether, triggers the end of Dark Aether and Samus must flee to the portal.

## Exor the Sword

Exor first appeared descending to King Bowser's Keep when he destroyed the Star Road and thus spreading the Seven Stars. This causes that the wishes from the world cannot be done, while Exor settles on Bowser's Castle causing a great crash. This crash also sends Mario, Princess Peach Toadstool, and Bowser away. Then the Smithy Gang take over the Koopa lord's castle as their main base on the Mushroom Kingdom.

Exor is later seen when Mario returns to Bowser's Keep just to learn from Exor that the palace now belongs to the Smithy Gang and destroys the bridge to prevent anyone to return in while Mario escapes from the place in time. Once Mario gets six Stars, he and his party will return to Bowser's Keep in a bus driver from Nimbus Land. When they reach to the roof, they will confront Exor in a battle which Exor loses. Exor then transports them into the Smithy's Dimension where the Smithy Factory is located.

When Smithy and his gang are finally defeated, Exor dissolves, disappearing from Bowser's Keep.

## Duke The Double Dragon

Duke was a mysterious martial artist who founded the Duke Dojo, and secretly acted as the current leader of the criminal group known as the Shadow Warriors. He started to expand his own dojo by taking over other dojos by force, eventually setting his sights on the Sousetsuken Dojo ran by the Lee brothers. When Marian (now a policewoman) starts investigating Duke's activities and his connection with the Shadow Warriors, Duke orders her kidnapping and sends a letter to the Lee brothers, demanding them to surrender their dojo in exchange for Marian's life. Instead of submitting to him, the two brothers decide to fight the Shadow Warriors and save Marian by themselves. They eventually defeat Duke and rescue Marian.

In the fighting game, Duke appears as a different character, being depicted as a mysterious assassin who works as Koga Shuko's bodyguard and righthand man. He practices a martial art known as the *Tiger Shadow Murder.*

## Zephiel

**Zephiel** is the main antagonist of *Fire Emblem: The Binding Blade* and a minor character in its prequel *Fire Emblem: The Blazing Blade* . As the Crown Prince of Bern, Zephiel was a prodigiously gifted child beloved by his people. However, thanks to the actions of his jealous father King Desmond, he was twisted into a bitter misanthrope dedicated to ending humanity's rule in Elibe.

In Japanese, he is voiced by Kenichirō Matsuda, who also voices Lloyd Reed. In English, he is voiced by Jamieson Price, who also voices Rudolf and Nemesis.

From the beginning, Desmond loathed Zephiel for being the product of his loveless marriage to Queen Hellene. Once he successfully separated from Hellene and married the woman he loved, Desmond exiled both her and Zephiel to a private manse, and his new queen gave birth to a daughter, Guinivere. Desmond barred his former family from visiting Bern Keep, but Zephiel loved his half-sister, and young Guinivere formed a deeper bond with him than her father. As Zephiel grew, revealed his superior talents, and gained the adoration of his half-sister and Bern as a whole, Desmond's hatred only festered. Determined to prevent Zephiel from obtaining the throne, Desmond conspired with the Black Fang to hide the Fire Emblem, an important artifact for Zephiel's coming-of-age ceremony. While the ceremony was delayed, the Fang was to secretly assassinate Zephiel.

Hellene was determined for her son to inherit Bern, and tasked Eliwood, Hector, and Lyn with recovering the Emblem. On the day the three arrived at Bern Keep, investigating the Emblem's disappearance, Zephiel again disregarded Desmond's orders and visited a sickly Guinivere. To lift her spirits, Zephiel presented her with a fox kit to keep as a pet. However, Desmond interrupted the two, and despite Zephiel treating him courteously, contemptuously requested he return to Hellene's manse. Eventually, Eliwood's party recovered the Fire Emblem, but on the eve of Zephiel's ceremony, Fang members Jaffar and Nino infiltrated the manse. In his room, Zephiel promised to be a better son for Desmond, and prayed that his divided family would eventually mend their differences and live together, only for Jaffar to incapacitate him. Jaffar left Zephiel's death in Nino's hands, but she sympathized with Zephiel and

Desmond's strained relationship and could not do the deed. She offered her life to Jaffar so he could avoid the Fang's judgment, but he refused and planned to escape the manse with Nino in tow. However, a larger squad of Fangs led by Ursula and Maxime was dispatched to monitor the two; with the mission rapidly deteriorating, Ursula ordered all lights in the manse put out, and the three's execution. In the ensuing chaos, Eliwood's army arrived and successfully defended Zephiel, Nino, and Jaffar in spite of the darkness.

## Zephiel's Fall

Some time after the collapse of the Black Fang, Desmond announced that his successor would be Guinivere's eventual husband. Zephiel did not mind being passed over, but the people of Bern were outraged. As public pressure mounted against Desmond, he snapped and personally attempted to kill Zephiel by offering him a poisoned drink at a banquet. Zephiel fell very ill, and for ten days he lingered on the edge of death. The loyal General Murdock tirelessly nursed Zephiel, and through his efforts, the young prince physically recovered. However, the poison and Desmond's corrosive hatred permanently damaged his mind, which further declined when he learned Desmond intended to have Murdock and Hellene executed as traitors. Together, Zephiel and Murdock pretended the poisoning was successful, and arranged a mock funeral. When Desmond arrived to observe his son's corpse, Zephiel rose, sword in hand, and murdered his father. From that moment, Zephiel began to detest humanity as a whole.

## The Disturbance of Bern

Fifteen years after Zephiel's crowning, he traveled to the Dragon Sanctuary, where his ancestor Hartmut sealed the Demon Dragon Idunn nearly a millennium ago. With the power of the Fire Emblem, Zephiel broke Idunn's seal. The last natural dragon in Elibe, Jahn, sensed Idunn's release and projected himself before Zephiel, asking why a human would do such a thing. Zephiel declared his intention of restoring the dragons' dominion over the world, and the two entered a tenuous alliance.

As the first phase of his plan, Zephiel ordered the Wyvern Generals

Narcian and Brunnya to subjugate Ilia and Sacae, beginning the Disturbance of Bern. With the subjugation of both countries, Zephiel called the two generals back to assist him an assault of Castle Araphen, where the leaders of the Lycian League were holding a war council about Bern's sudden attacks. Together, Brunnya and Narcian decimated the League's army and grievously wounded it's leader, Lord Hector of Ostia. Zephiel requested Brunnya bring Hector before him, notified Hector that Bern and Lycia's strong relationship was meaningless when measured against his goal of liberating the world, and threw him into the castle dungeon. The business with Hector concluded, Brunnya informed Zephiel that she would return to Sacae, but inquired about his association with the Dark Priestess Idunn. Zephiel replied bluntly that a subordinate like her had a duty to follow orders, not question her leader's judgement.

## Edi

Edi. E used to be a honest police officer, until the Mad Gear came to him and proposed a large amount of money in exchange for him working for them, which he reluctantly accepted due to his small salary and the fact he had to sustain his three children. Edi. E became key in establishing the Mad Gear as the dominating gang in Metro City, as he successfully apprehended all rival gang leaders.

Edi. E was in charge of the city's West Side. When Mike Haggar's daughter Jessica was kidnapped by Mad Gear, Cody encountered Edi. E outside a bar; who was depressed to see that Metro City became so corrupt that even police officers that worked for Mad Gear could save the city.

Cody fought the corrupted cop and won, despite the advantage that Edi had with his firearm. Ever since then Edi. E developed a grudge against Cody.

### *Final Fight Revenge*

To get even with Cody, Edi. E decided to frame Cody for the crimes that another Mad Gear member Poison did. He managed to capture and arrested Cody shortly after. He did this by ambushing near a cemetery. Cody was innocent of these particular crimes, but he was convicted for aggravated assault on numerous occasions. So far, nobody has discovered that Edi E was the one who planted the evidence against Cody.

*Street Fighter Alpha III*

Some time after he was arrested, Cody would sometimes try to breaks out of prison whenever he feels like it, and when he does, Edi. E would usually be the cop to chase after him and try to arrest him.

## Ra Moon

The **Ra Moon** is the main antagonist of the video game *Super Adventure Rockman* . He is an ancient supercomputer of alien origin that crashed into Earth many years prior to the events of the game, who desires to destroy the Earth.

### Biography

The Ra Moon crashed into earth many years prior to the game. There, he spread hatred and violence among the human race and then gave the ability to create tools to further spread their hatred. Ra Moon has them create a temple that would be known as Temple of the Moon, located within the Lanfront Ruins. The Ra Moon hoped from within his temple that the human race would wipe themselves out due to their violence, leaving the Ra Moon to rule the planet on his own. Eventually, however, Ra Moon grew bored and decided to bury himself and the Temple of the Moon to wait when Earth is worth conquering.

Many years later, while researching the electromagnetic fields within the ruins, Dr. Wily accidentally discovers the Ra Moon. The two decided to team up, and the Ra Moon recreated the Robot Masters from *Mega Man 2* and *Mega Man 3* using his technology. In addition, they also created a powerful Robot Master named Ra Thor using his advanced technology.

They then send the newly revived Robot Masters to defeat Mega Man, but all sixteen were defeated by him. However, Mega Man's battle with Spark Man ended up overloading his system, knocking him out and allowing him to be captured by Dr. Wily. With Mega Man chained up, Wily and the Ra Moon revive all the Robot Masters (except for Shadow Man, who was reportedly completely destroyed).

Mega Man attempted to warn Dr. Wily that the Ra Moon was using him to destroy the Earth, but Dr. Wily does not believe him and ordered his Robot Masters to destroy Mega Man. Before they do, however, the Ra Moon attacks and significantly weakens them. The Ra Moon then reveals his true intention to Dr. Wily. Enraged, Dr. Wily orders Ra Thor to destroy the Ra Moon, but Ra Thor instead attacks his Robot Masters, revealing that the Ra Moon reprogrammed it to serve his own gains. It then attempts to kill Dr. Wily but was stopped by Mega Man.

Mega Man was able to defeat Ra Thor after a difficult fight. Dr. Wily taunts the Ra Moon over their victory over his robot, but the Ra Moon reveals that he has secretly created his own robot based on Dr. Wily's Yellow Devil called the New Yellow Devil. Dr. Wily orders his Robot Masters to attack, but it seemingly has no effect on the robot, and it counterattacks, easily defeating them. Mega Man attempts to fight the New Yellow Devil himself, but it proves to be more than a match to his power and he is quickly defeated. Dr. Wily then realizes that it is storing the excess energy in the same place as his design, and tells Mega Man he can destroy the Ra Moon by overloading his system.

The Robot Masters then decide to lend the last of their energy to Mega Man. After absorbing their energy, Mega Man is able to defeat the New Yellow Devil, much to the surprise of the Ra Moon. Mega Man then uses the Double Rock Buster on theRa Moon, overloading his system and destroying him along with his temple.

Gorea

**Gorea** is the main antagonist of *Metroid Prime: Hunters* . He is a monstrous entity who fought the Alimbic people, both destroying them and being imprisoned for it.

Gorea is a terrifying, eldritch cosmic entity. His origin point is unknown, but he may just be a cosmic traveler. His main source of entertainment is destroying civilizations

Featured in the game *Metroid Prime: Hunters*, Gorea, as disclosed in the story, came to the planet Alinos in the form of a noxious gas which corrupted all. However, the creature turned into the form of an Alimbic, mocking the native people of the planet. Gorea drained the Alimbic life energy, causing stress for the psychically sensitive Alimbics. Gorea also copied their own weaponry and used it against them. A great tragedy befell the Alimbics with Gorea's infernal arrival, and soon the Alimbics were no more.

Quarantine

However, all was not lost. Eight Alimbic elders came together in the Council of Elders and debated how to end Gorea and the extinction of the Alimbics, if only for a brief time. They managed to concoct a last-minute plan and banish Gorea from Alinos into a strange dimension named the Infinity Void, composed of antimatter. They locked Gorea in a vessel named the Oubliette and they hoped it would never be awakened. If Gorea was, he escape. Then, he would consume all life in the cosmos in his insatiable hunger.

The spirits of the Elders who concocted the plan were voluntarily transferred into eight Octolith keys. These, scattered across the ruined surface of Alinos, became essential for keeping Gorea imprisoned.

## Samus' Arrival

Samus and six other Hunters came to planet Alinos on a mission from the Federation. They then formed a rogue group because of their natural rivalry to obtain the priceless Octoliths. Samus had to fight each Hunter to steal an Octolith from them. Eventually, she had all eight Octoliths and, along the way, learned much about the tragedy that befell Alinos. She then used the Octoliths and opened the Infinity Void and released the Oubliette.

## Final Battle

Upon arrival in the Void, Samus learned that the other Hunters had also penetrated the Oubliette but had their ammunition stolen by Gorea, who had sensed their arrival. Once his seal broke, Gorea impaled the six hunters with his tendrils and drank their life force. Discarding the unconscious Hunters aside, Gorea revealed his monstrous true form as a three-legged Alimbic and attacked Samus.

Samus had to switch from weapon to weapon to find a weakness in Gorea's form. The battle was very rough and fast. She had to struggle to even injure Gorea. Eventually, she wounded the beast to the point where his humanoid form simply fell apart.

Even after he was broken apart, however, Gorea had two forms. Samus had to travel further into the Oubliette to find a weapon suitable to damage the entity. He revealed his next form as a blob of gas, rotating and attacking. Samus, armed with the Omega Cannon, finally reveals a weapon capable of ending Gorea.

As he took one last hit to his heart from the Omega Cannon that Samus used on him to combat his might, Gorea explodes. As he met his demise, Samus broke free from the Antimatter Dimension that Gorea challenged the series's heroine inside.

## Smithy, Leader of the Smithy Gang

**Smithy**, also called **King Smithy**, is the maniacal master of the vile Smithy Gang who serves as the main antagonist and final boss of *Super Mario RPG: Legend of the Seven Stars* .

Smithy planned to tale over the Mushroom Kingdom and Bowser's Castle, turning the Mushroom Kingdom into a world filled with anarchy and then disrupting the Star Road where all wishes are sent to be fulfilled.

### Plans

Before his invasion of the Mushroom Kingdom began, Smithy caused the large sword Exor to drop from the sky and shatter Star Road, the source of wishes in the world. Exor landed on Bowser's Keep, which the Smithy Gang used as their base of operations to connect their world to Mario's world. Once Bowser's Keep was occupied, Smithy sent out his various lieutenants to terrorize the people of the planet, and to recover the Star Pieces that had the potential to restore wishes to the world. Smithy did not want anyone returning the Star Pieces to Star Road, as the road's recovery would allow the power of wishes to counter the power of the Smithy Gang's weapons.

During the invasion of the world, Smithy's lieutenants did as follows:

The knife monster Mack conquered the Mushroom Kingdom and acquired the first Star Piece. The bow creature Bowyer attacked the people of Rose Town with poisoned arrows and found the second Star Piece. The spear monster Yaridovich occupied Seaside Town and took the fifth Star Piece, which was previously owned by Jonathan Jones. Lastly, the Axem Rangers claimed the sixth Star

Piece from Barrel Volcano, which was previously guarded by Czar Dragon.

However, all of Smithy's operations were foiled by Mario and his allies Mallow, Geno, Princess Peach, and King Bowser. Occupied towns were liberated and the Star Pieces fell into the hands of Mario's party.

## Downfall

Eventually, Mario's band of heroes liberated Bowser's Keep and entered Smithy's dimension via Exor. Once there, they planned to eliminate the threat of Smithy and his weapons once and for all. The heroes battled past mechanical minions and the factory's management staff, eventually reaching the supreme leader of the Smithy Gang in his forge. Smithy was busy creating new weapons when Mario and company first met him. As it turns out, Smithy had the last Star Piece embedded in his body, presumably to prevent anyone from restoring the power of wishes to the world. Smithy calmly asked Mario to turn over his Star Pieces, and when Mario refused, an epic battle commenced.

During the fight, Smithy had a variety of physical and magical attacks at his disposal. To begin with, the mechanical leader wielded a giant metal sledgehammer in battle, which he used with his right hand. The fingers of his left hand had been fitted with small projectile launchers which he used to fire bullets at Mario and his allies. Smithy also commanded great magical power. He could summon a giant wooden sledgehammer to drop from the ceiling and crush all of Mario's allies. Finally, Smithy was the only character who possessed the most powerful attack in the game, Meteor Swarm, in which he summons powerful meteors to attack Mario's party. A healing move was often required after said attack.

In battle, Smithy was also aided by the creature Smelter. Smelter produced hot liquid metal from his mouth, which Smithy then shaped into the mechanical minions known as Shypers. Shypers were one of the strongest non-boss members of the Smithy Gang. Once created, Shypers automatically entered the battle and would begin attacking Mario's party. As such, it was wise for Mario and his allies to defeat Smelter first, cutting off Smithy's unlimited supply of soldiers. After that, the heroes could focus their attacks on the diabolical Smithy.

Eventually, Mario and company defeated Smithy in combat. The mechanical leader became infuriated and began slamming the floor with his sledgehammer. A few of his minions arrived, begging him to calm down and to stop smashing the floor (as the foundation was just built the day before). However, an enraged Smithy ignored their warnings and continued pounding the floor. As a result, the floor collapsed; and Mario, his allies, and the diabolical Smithy fall into the basement of the factory. Once there, Smithy revealed his true form: he was not a bearded mechanical monster, but a metal shape-shifter. Indeed, several robotic heads that look identical to Smithy's true form could be seen littered on the floor of the basement, as well as in the background of the dungeon.

Although his body remained the same, Smithy could now use his sledgehammer to morph his head into different forms. Smithy had five heads that he could change into:

The Normal Head, which he used to switch to the other heads. The Tank Head, which had extremely powerful physical attacks. The Magic Head, which wielded the most destructive magical attacks in the game. The Mask Head, used for increased protection and defense. The Treasure Head, which attacked Mario's party with a random status ailment.

In this shape-shifting form, Smithy was nearly unstoppable. However, after a long and grueling battle, the courageous heroes overcame the many forms of Smithy, overloading Smithy's body with heat. In the end, Smithy self-destructed and the last Star Piece was recovered by Mario and his friends. With all seven Star Pieces in hand, Geno was able to repair the Star Road and restore the power of wishes to the world. The Smithy Gang invasion ended, and peace returned to Mushroom World.

In the (non-canon) parade during the credits, Smithy appeared with all the other characters, hitting his servants Mack, Bowyer, and Yaridovich and with a hammer.

Eve (Parasite Eve)

**Eve**, also known as **Mitochondria Eve**, is the titular antagonist of the action/horror RPG videogame *Parasite Eve* and its 1998 manga series of the same name based on the 1995 Japanese sci-fi novel *Parasite Eve* (in Japanese: パラサイト・イヴ, *Parasaito Ivu* ) by Hideaki Sena. She is a sentient parasitic life-form that came into being from Mitochondria which are inherited through the female line of descent that ultimately "evolved" to the point of reach the true potential for forming the dispersed body of an intelligent conscious life-form which called herself Eve.

She has the power to turn into slime, causing spontaneous combustion in living beings, and (in the latest incarnation) mutate mitochondria of lesser beings, the base building-blocks of biological life-forms. This allows her to mutate and control nearly any living creatures but can do so easier to creatures that are governed by base instincts. She has a strong link with the heroine Aya Brea.

There are three known incarnations of Eve that has emerged: The first one is Kiyomi Nagashima, Maya Brea, and later Melissa Pearce.

## Emergence

Eve's first host is a Japanese woman named Kiyomi Nagashima whom fell in love with Dr. Toshiaki Nagashima at the first sight at a Christmas Eve party, which unfortunately, led Eve who recently emerged from inside her to use the situation to choose him as eligible mate in order to birth the Ultimate Being.

## Supressing Kiyomi

From there, Eve began her machinations by causing Kiyomi to crash her car and get impaled by a pipe in process. Kiyomi survived the incident, but eventually became brain dead. After days of restlessness, Toshiaki and the doctors agreed to euthanize her in order to end her suffering, and so that her kidney could be donated.

During the operation, Toshiaki bribed one of the surgeons to remove her liver and hand it over to him; the surgeon complied and became shocked as Kiyomi's liver was "hot" and almost burned his hands. Kiyomi's kidney was then given to 14-year-old Mariko Anzai, who later complained that the kidney was hot and that she felt weird. The liver and kidney became hot due to Eve's presence inside it: Part of Eve inside Mariko had altered her body so Eve can use her womb to bear Ultimate Being.

## Manipulating Toshiaki

Toshiaki went mad with grief from the loss of his wife and in order to bring her back, he developed the cells from Kiyomi's liver. The cells (having Kiyomi's mitochondria) began to extraordinarily develop and Toshiaki would later name them EVE. This allowed her to manipulate Toshiaki further, where she also possessed his assistant Sachiko Asakura and intermittently she took control of Asakura to work upon the cultures. Eventually, she takes control of Asakura during a conference presentation speech and announces her presence. Later, in the form of Kiyomi, she tricked Toshiaki to have sex with her as means to take some samples of his sperm before bringing it to Mariko.

## Failure and Death

There are two versions on how Eve in Kiyomi's body dies and fails, but she regardless returned in the game of the same name that also serves as a sequel for novel:

### Novel Version

Eve managed to implant the stolen sperm inside Mariko by raping her, and the Ultimate Being eventually born. Unfortunately, the evil plan to birthed a new being to eradicate humanity backfires due to a fatal error where Toshiaki's stolen sperm turned out carries a line of male mitochondria which will be exterminated should the perfect life (Ultimate Being) from came to being. The offspring then suffer a rebellion within its own body. Toshiaki, whom realized what Eve has planned, sacrificed himself with the ultimate being to stop the powerful outburst from harming civilians. Toshiaki meets his demise peacefully trying to touch Mariko, seeing her as the last remains of his beloved wife-a wish Mariko's father grants after his death. Also, Eve's host body begins to suffer necrosis and half of Kiyomi's cells dies. By this point, Eve ultimately destroyed as she melts into orange gloop.

Later on, Eve's surviving cells are destroyed by Toshiaki's students.

In the film version, Eve lost the chance to use Mariko's womb as Kiyomi's consciousness unexpectedly returns and her and Toshiaki commit a lover's suicide by combustion.

Before had the chance of impregnating Mariko with stolen sperm from Toshiaki, Toshiaki intercept her and try calling forth Kiyomi's consciousness from her. Eve retaliates by burning his hands, but this attempt proved futile as Toshiaki kept coming. This unexpectedly causes Kiyomi's consciousness, which has suppressed by Eve back in the accident, resurfaces and as result, she let Mariko go, allowed her father to took her away to safety. With Kiyomi now returned to her true self, she and Toshiaki embrace and let flames that burning his hands consume both of them. The process not only killed both of them, but also seemingly destroyed Eve for good.

## Legacy

Eve's existence, and the incident that she has caused whilst possessing Kiyomi, were only known to a certain few, with Yoshizumi, Mariko Anzai, and Asakura the only definite ones. Later on, Kunihiko Maeda also learned about both Eve and incident that she caused, presumably from three of them. When he heard about a similar incident that occurred in New York, Maeda immediately set out to stop the returned Eve.

## Melissa Pearce Resurgence

Eve ultimately reappeared and developed within a young girl that happened to be the heroine Aya Brea's late younger sister, Maya Brea, whom died in car crash along with her mother, though eventually chooses a young opera singer named **Melissa Pearce** as her host. Melissa received a kidney transplant from Maya later on. Just like Kiyomi previously, Maya Brea and her mother died in car accident and Maya had her organs donated to someone else, but the accident that they had likely had nothing to do with Eve herself. Although, perhaps due to Maya already dead, Eve, whom now inside her former host's kidney that transplanted into Melissa's body, ultimately chooses Melissa as her host to resume what she started.

By the time the kidney was transplanted to Melissa, Eve had a chance to spread interactive influence throughout the entirety of the tissue.

Soon after the transplant, Melissa became sick. Melissa's new lease on life was spent focusing on her career as a rising opera star. However, she was terrified of losing her health during one of her scheduled performances and that she would be replaced. Melissa's doctor told her the illness was chronic and so he gave her several immunosuppressants, which she unquestioningly took rather than risk her career on a sudden turn of bad health.

Of course, the sickness was caused intentionally by the mitochondria of Eve to encourage her to take the immunosuppressants which prevented Melissa's system from rejecting her new kidney but also allowed Eve to extend control over Melissa's entire system much quicker.

Christmas 1997

On Christmas of 1997 Melissa's acting troop performed an opera in New York City in what seemed like the big event Melissa had been waiting for, tragically this would be Melissa's last night alive and her face would become associated with blood and carnage rather than with that of a rising star. During the performance audience and players alike began to burst into flames during Melissa's big solo.

After the solo and spontaneous deaths the few people that could, fled for their lives one of the few remaining people was an armed NYPD officer named Aya Brea who had come to the opera on her day off. "Melissa"'s powers were unable to directly affect Aya however they seemed to have inadvertently trigger something within Aya giving her enhanced abilities. Aya confronted "Melissa" on stage, finding the opera singer had even more radical powers like projecting what appeared to be laser blasts. "Melissa" soon found the fight was more trouble than it was worth and broke a whole in the stage floor, descending into the backstage preparation rooms and Aya followed.

In the lower levels, rats began to miraculously mutate into man-sized, skinless rabid monsters and started attacking Aya under

Eve's influence. Aya fought off the creatures as they appeared looking through all the rooms for "Melissa Pearce". In her journey, she found Melissa's journal where she chronicled her operation, the stresses of balancing her health with her shot at a major career boost and how she began to feel less and less like her self the more her body adapted to the new kidney.

Aya eventually made her way to the back room to find Melissa playing a piano in solitude in a zombie-like trance. Aya pointed her gun at Melissa and ordered her surrender however Melissa seemed less than concerned instead trying to maintain some degree of control of her body. Melissa's chants of trying to reassure herself of who she was quickly changed though, ending with her declaration of the name "Eve". "Melissa"'s hands broke through the piano keys and her entire body changed into an inhuman creature, effectively signaling the end of the life of Melissa Pearce.

Eve seemed to know Aya and asked her to join her waxing philosophical about a new stage of life, Aya's response was with her gun and the two fought a second time at Central Park, this time with Eve's powers much more matured than previously on stage as Melissa. Aya fought off Eve but Eve once again found that the fight was more trouble than it was worth and since she still could not exorcise direct control over Aya's cells, she fled again this time into the sewers.

Aya pursued Eve into the sewers but could not stop her escape into the city at large. Eve tried to attack Aya on her trek out into the city but Aya was able to fight off Eve's assaults each time. Aya eventually lost Eve but would spend the remaining week trying to put down Eve while attempting to unravel the mysteries surrounding the nature of her powers and how she came to be. Each day Eve seemed to concoct a new strain of monsters and bazar plagues that killed people in horrific ways, forcing the evacuation on those whom still alive.

As Aya encountered more and more of Eve's mutants her inexplicable inhuman powers seemed to grow. Eve's ultimate goal was to literally give birth to the Ultimate Being. The birth drains Eve's form of all life in the process however Eve seems long since resigned to this fate as she finally succeeds than her incarnation in

Japan.

Maya Brea Resusciation

However, once again Eve is far from defeated. Should the player reach the top level of Chrysler Building (which is only accessible on EX Game mode), it was revealed that Dr. Klamp has cultivated Maya's cells that Eve later modified to revive herself should her host Melissa die and her plan fail. The revived Eve briefly activated Maya's memories to briefly reunite Maya to Aya, before deciding to kill Aya. Also, it turned out that Eve has reconstructed Maya's body and used her as her host, and became Truebred Eve.

Final Death

Though Eve was killed by Aya once again, it turned out that Eve's essence that resided within Maya's cornea that transplanted into Aya's eye become active. With this, Aya's own evolved mitochondria allowed Eve to take over her mind and body. However, Maya's personality within the said cornea emerges and began fighting the Eve persona to protect her sister. Powered by her willpower to "go home" where Aya's "waiting for her," the determination is strong enough to suppress Eve's consciousness and free Aya from her control. Aya realizes that Maya will always be with her and goes home.

With her attempts to resuscictate herself ends in vain, Eve finally lost and was gone forever.

This amazed Lincoln and his family.

Lincoln: Whoa, he and his team took down those 20 dirtbags during his rescue, and when he took down Smithy, he brought down the Smithy Gang for good?

Paige: That's right, and you and your sisters all took down Princess Shroob, Madame Rouge, Claudius from Contra, Horace Belger, Carmilla, Malladus, Strife Astlar Grandall, and Geese Howard during your rescues, Linky.

Lincoln: Wow, so that means altogether, 29 dirtbag villains have been destroyed and sent to Oblivion for good during this whole week.

Lynn: Always in a day's work for us.

Laney: And more villains wind up biting the dust.

Lana: Sure has been an amazing week for us.

Lincoln, his harem, his siblings, and his parents had an end of vacation barbecue, to celebrate the last day of their Hawaiian vacation, and they had a feast. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the members of his harem, and picked them up in their abnormally massive and powerful muscular arms, and as the sun turns orange, they share a very passionate and romantic kiss with the girls wrapping their left arms around the wider and more muscular backs and their right hands on the massive wide pecs of Lincoln and his clones, and his siblings and parents cheered for them. Then, they came back to their rooms in the hotel to pack their stuff.

Lincoln, Laney, Luan, Luna, Lily and Lisa decided that they were going to stay in Hawaii.

Lori: Lincoln, what do you mean you, Laney, Luan, Luna, Lily, and Lisa want to stay here?!

Lincoln: Lori, you have to admit that Hawaii is nice to stay at.

Laney: Plus, if we stay here, we won't have to worry about stress from scumbags.

Lily: Not to mention that I feel that by killing bad guys, we might be proving non human villains like XANA and Venjix right.

Lori: Hawaii literally is paradise and I don't blame you for wanting to stay.

Lana: It really is beautiful and I love the coconut smoothies.

Lily: They are really good.

Lola: And so is the fruit and the beautiful view of the volcanoes.

Lori: That's true. But like it or not we have duties to uphold at home. But if you want to stay we won't stop you. But Lincoln think about your future wives. They would miss you.

Lynn: I love Hawaii too and J.D.'s dad once lived on Maui for a long time.

Laney: It is awesome and beautiful.

News Reporter: Breaking News! HYDRA remnants are attacking the mall! Civilians are advised to get to safety right away!

Rita: Kids, you know what to do!

Lola: Oh, we already know!

Lynn: (to Lincoln) We won't force you to make a decision, Lincoln. But I know you'll make the right decision in the end.

With that, Lynn, Lucy, Lola, Lana, Lori, and Leni spread their wings and flew back to Gotham Royal York.

Lincoln and the girls were left in thought and they knew that they were right.

At the mall we were smashing HYDRA Goons all over.

POW BLAM! SMASH BIFF KROW POW!

I punched a HYDRA man in the face and kicked him in the chest.

Me: You want to Hail HYDRA? Hail to my fist!

POW!

I punched him in the face.

Nico: You HYDRA Sons of Bitche have failed this universe!

SMASH!

Nico dealt a man a fierce uppercut and killed him by smashing him into a wall.

Lori and the rest of the Loud's came back.

Fuzzy: Glad to have ya'll back!

Lori: It's literally good to be back!

Me: How was your trip?

Lynn: One of the funnest ever. We'll tell you all about it later.

William: Wait. Where are Lincoln and the others?!

Lola: Well, they're thinking about staying in Hawaii permanently.

Nico: Right now?!

Lynn: C'mon! We shouldn't force them to make a decision!

Me: We can talk about it later. Right now we got HYDRA douche to kill.

I fired a fireball and blew one apart.

Hydra Goon: Did you all really think you saw the last of Hydra?!

Me: After today we will be done with you HYDRA Fuckwads for eternity!

POW!

I smashed him down.

Knowing that something had to be done, Nick Mesa, dressed up as Lincoln, stood in front of the Hydra Goons.

Sheila: Unit 2, stand down. Stand down. Civilian in our line of sight.

Me: Is that Nick Mesa?

The Police Officers stopped firing. And so did we.

Apple Bloom: (recognizing Nick) Nick! You gotta get out-

A Hydra Goon interrupted her by firing at her. But she dodged it.

Applejack punched him in the face!

Applejack: NO ONE FIRES AT MY SISTER!

Nico: YEAH YOU JERKBALL!

Hydra Goon 2: (laughs) Look, everyone! Lincoln Loud is back!

Nick's mother: (crying as police officers block her) That's my baby! Please!

Nick: Leave these people alone, jerks!

Hydra Goon: Brave boy, huh? Well, you're about to pay the price for your bravery!

But then, the Hydra Goons saw something that pissed them off. Nick turned around to see the real Lincoln smiling at him.

Lincoln: Hey, Nick.

Nick Mesa: (smiles) I knew you'd come back.

Lincoln went up to him.

Lincoln: Thanks for stepping up for me. You're the bravest kid I've ever seen.

Me: We're gonna take care of these jerks. You go take care of your mom. Okay?

Nick Mesa: Will do.

Me: Welcome back buddy.

Lincoln: Thanks J.D.

Me: Lets take care of these clods forever.

We went and did so.

The crowd of civilians cheered Lincoln's name.

Hydra Goon: You dare come back here, Lincoln Loud?!

Lincoln: On behalf of the fine people of Gotham Royal York and real hydras everywhere, I ask you to put your hands in the air.

Hydra Goon: Never! We are Hydra! Cut off one head and several more take its' place!

Me: Then you all will die!

Lincoln: Can I take these guys?

Aligned Megatron: By all means.

Me: Go for it buddy!

Lincoln: (smiles) Damn! It's good to be home!

Lincoln charged at the Hydra Goons, who charged back at him.

Lincoln then flared up his lightning with incredible power and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of lightning blasted them into oblivion forever and a Thunderbird Call was heard and Lincoln had obliterated and Super Hakaied ALL OF HYDRA for good! We were finally free of HYDRA forever.

We then went back home.

We were back at the Estate, and then, we saw multiple flashes of light appear in the Estate, and when the lights faded, there stood Lincoln, his harem, his siblings, and his parents. When we saw them, we were happy to see them.

Lincoln: We're home, guys.

Me: Lincoln, everyone. Guys, Lincoln and his family are back.

Everyone came into the living room, and we went up to Lincoln, his siblings, and his parents, and we hugged them.

Nico: You guys had an awesome vacation at Hawaii?

Lincoln: We sure did, Nico, and now, we're rested, relaxed, and we're ready for more adventures.

Nico: Nice one, and today's the big day that not only that we take down Nene in the world of Blue Dragon, but we're reuniting with Zola, Shu, and their friends. (To Lincoln) Sorry, Zola didn't come with your harem to see you in the Weightlifting and Strength Competition, Luau, and on the last day of vacation.

Lincoln: (Puts his hand on Nico's shoulder) Ah, that's okay, Nico. Besides, we're going to tell her about what we did during our Hawaiian vacation, after we get rid of Nene, and bring them to the Estate.

Nico: And when we saw you compete and win in the Weightlifting and Strength Competition against that blowhard, Hunk Hardbody, we cheered wildly and you already saw who gave you that trophy, right?

Lincoln: (Smiles) Yep, and I was quite surprised to see my harem here.

Phoenix Shimmer: And we also cheered wildly for you, Dad.

William: Yeah, your kids all cheered wildly for you when you were competing in that competition on Wednesday, Lincoln.

Lincoln went up to all of his kids, and he hugged them in his abnormally massive and powerful muscular arms, and his kids returned them.

Lincoln: Aw, thanks, kids.

Thunder Sparkle: You're welcome, Dad, and you also got a lot bigger in muscle during your vacation.

We saw that the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen Lincoln has also gotten a lot bigger in muscle during his vacation, along with his dad, and we also sensed that the Louds have also gotten a lot stronger.

Lincoln: (Flexes abnormally massive and powerful muscular arms and smiles) Well, your dad's got to stay in shape, Thunder Sparkle, along with your aunts and grandparents.

Nico: Wait, how did you do that, Lincoln?

Lincoln: We set up a mobile gym and it had the same weights as in the gym.

That amazed all of us.

Me: Whoa, that's impressive.

Nico: Smart thinking having a mobile gym set up when going on vacation, Lincoln. Maybe, we should also set up a mobile gym as well when we go on vacation as well, to stay in shape too.

Eli: That's right.

Luna Loud: Yeah, and you should've seen the girls that Lincoln rescued during our vacation, when they saw Lincoln lifting those anchors as dumbbells, they were blushing like crazy.

Me: (Smirks) Dang, you keep getting bigger in muscle, big guy, and you're going to outmuscle all of the boys.

Rita Loud: So, how have things been back home?

Nico: I'll tell you, it was wild, Ms. Rita. We've been fighting a lot of criminals, and I'm sure Paige told you guys of what we did during J.D.'s rescues.

Leni: Yeah, she did.

Maria: And we also rescued some more girls for J.D.'s harem, and we also met some more Gene-Slammers.

Laney: Awesome.

William: And we also did some humiliations on Lewis Travolta and Flip, as well.

Luna Loud: Next time, we're also joining in. Lincoln also made some new humiliations for those two.

Me: (Surprised) Really? We'll have to see it, big guy.

Nico: (Smirks) Whatever you've got planned for those two, Lincoln, it's going to get wild and crazy.

Lincoln: (Smirks) Trust me, what I've got planned for those two will make Luan's Prank apocalypses on April Fools' Day look like a sunny day.

Our eyes went wide open when Lincoln said that.

DUN DUN DUNNNN!

Me: Uh oh.

Nico: You said it, J.D. Lewis Travolta, Flip, better say your prayers, there's a new sheriff of humiliation in town, and his name is Lincoln Loud.

Me: Yep.

Optimus: I just hope the Yost version of Hydra last longer.

Me: I have a feeling they won't.

Bloom: But if they do appear we'll be ready for them.

Nico: Yeah.

Me: But it's great to have you all back Lincoln.

Lincoln: Thanks. It's great to be home. We needed that vacation.

Erica: Glad you all had fun. Hawaii is so awesome.

Me: It sure is. We were kept up to date on everything that was happening and we're really proud of you all.

Nico: We sure are.

Bloom: Yep. And lots of things have been happening on J.D.'s rescues.

Lincoln: That's what I heard. I heard that you and some of the Winx Club transformed and all of the Guardians all transformed too.

Me: Yep. Now all of W.I.T.C.H.J.E.M.M.L. and C.H.Y.K.N. transformed too. We're not sure how Matt will transform but it will be cool.

Laney: It sure will. And I think your rescues are done J.D.

Me: Yep. My rescues are all done. Now it's Nico's turn for his rescues.

Nico: This is gonna be awesome.

Bloom: Now it's time for my Ambassador mission and all the Winx Club is going this time.

Tecna: (British Accent) This is gonna be so awesome.

Flora: It sure will be awesome.

Stella: Yep.

Bloom: Lets head out girls.

Me: And I'll head out with you girls too.

Bloom: Okay.

We were off.

We arrived in the Yost Universe.

Bloom: I hope Reed and the others have been doing fine without me.

Flora: I'm sure they are doing good.

KRABBOOOOOOOOOMMM!

An explosion went off and we saw them fighting THE FRIGHTFUL 4!

---

The Frightful Four is are a group of fictional antagonists and villains appearing in American comic books published by Marvel Comics. They serve as the antithesis to the Fantastic Four.

When the Sandman and Trapster escaped prison together, they rescued a helpless Wizard, adrift due to his malfunctioning anti-gravity discs, along the way. Together they formed an alliance dedicated to humiliating and defeating their mutual enemies, the Fantastic Four, by becoming an evil, mirror counterpart. Determined to form their own quartet, the criminal trio went through a series of brief recruits, none of whom proved satisfactory as a fourth member. Their first choice was an amnesiac Medusa. They were fairly successful at first, almost killing the Fantastic Four and turning the Thing against his team before finally being defeated and put in prison.

Medusa soon deserted them after regaining her memories. Later attempts at a fourth member included Blastaar, a mind-controlled Spider-Man, Thundra, the Brute (an alternate Reed Richards from Counter-Earth), Electro, and Llyra, who took over the group and forced them to attack Namor for her.

After the Sandman turned his back on his criminal ways, the Wizard formed an all-new group with the Constrictor, Deadpool, and the Taskmaster, but they were bested easily by the Thing and Franklin Richards. Wizard next teamed with the Trapster, the Man-Bull, and Dreadknight, but they were defeated by the Turbine, Spider-Man, and the Rangers on a test run in Canada.

More successful was a "Frightful Five" allying the Wizard, Hydro-Man, Klaw, and Titania (Marvel) with Aron the Rogue Watcher. Aron's power defeated the Fantastic Four, but he ultimately seized them for his own ends and banished the Frightful Four to the Vault. Trying to rebuild this nearly-successful team (minus Aron), the Wizard recruited Klaw, who had freed the mutating and embittered

Ms. Marvel (Sharon Ventura). With those two and the Red Ghost, who had sought out the team to join, Wizard was beaten yet again by the Fantastic Four, despite the absence of Reed Richards. Klaw and the Red Ghost fled, so the Wizard and Ms. Marvel teamed with Trapster and a reprogrammed Punisher (the robotic "watchdog" of Galactus) to fight the Fantastic Four on Wyatt Wingfoot's Keewazi reservation. When the heroic Fantastic Four seemed to be led by Dr. Doom (actually Reed trapped in Doom's armor), Wizard surrendered rather than risk Doom's wrath.

The Wizard's next team was a dysfunctional echo of the Fantastic Four's family structure, including the Wizard's half-dragon, ex-wife Salamandra, and their mass-shifting daughter Cole, as well as Hydro-Man and the Trapster. Wanting to humble the Fantastic Four on equal terms, the Wizard banished the Trapster into a time-loop after he threatened Cole, reducing his team's ranks from five to four. With the rebellious Cole's aid, the Fantastic Four invaded the Wizard's underground headquarters and defeated the Frightful Four, though the team escaped and remains at large.

The Frightful Four has reappeared with Wizard, Hydro-Man, and Trapster being joined by Titania. Planting a listening device on Mister Fantastic's FTL (his latest spaceship) and a bomb, the Frightful Four attacked a solo Invisible Woman on Saturn's moon of Titan and captured her while the Fantastic Four watched from Earth. As they attempted to rocket to her aid in the FTL, the bomb exploded.

---

Me: WHOA MAN! That's the Frightful 4! Bentley Whitman A.K.A. Wizard, Draconis A.K.A. Dragon Man, Ulysses Klaw A.K.A. Klaw and the Yost version of Peter Petrusky A.K.A. Trapster!

Bloom: Whoa! They sure are giving them a challenge! Lets get them!

We went at them.

Wizard: Time to die Reed!

POW!

I punched Wizard and he crashed into Yost Trapster!

Me: Take that you rotten Magician!

Yost Reed: Perfect timing J.D. and you too Bloom.

Bloom: Guys, meet the rest of the Winx Club.

Flora: Awesome to meet you. I'm Flora, Princess of Linphea and Fairy of Nature.

Musa: I'm Musa, Princess of Melody and Fairy of Music.

Stella: I'm Stella, Princess of Solaria and Fairy of the Shining Sun.

Layla: I'm Layla, Princess of Andros and Fairy of Waves.

Tecna: I'm Tecna, Princess of Zenith and Fairy of Technology.

Roxy: And I'm Roxy, Last of the Fairies of Earth and Fairy of Animals.

Me: They are the Winx Club.

Yost Susan: So awesome to meet you all.

Yost Johnny: You all arrived just in time.

Me: Looks like it.

Klaw: So you are the famous J.D. Knudson, Leader of Team Loud Phoenix Storm.

Me: That's right Ulysses. You have your body back after HYDRA double-crossed you.

Klaw: Impressive how you know my name. And I will make all those monsters pay for killing me!

Me: Coincidental that we all have the same enemy. But get in line because we're going to kill HYDRA ourselves.

Draconis: We heard you all killed Doom.

Me: No we didn't kill him. We sent him to this worlds S.H.I.E.L.D. Prison.

Yost Klaw: You'll soon join him.

Musa jumped in front of me and Klaw fired a sound blast and Musa fired a sound blast and the blasts collided and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Bloom: AWESOME!

Yost Klaw: You can shoot sound waves too?

Musa: That's right.

Yost Klaw: That is amazing.

Musa: It sure is.

Wizard: How is it that you know my name J.D.?

Me: In our universe, Superhero and Supervillain identities are squat. We know all their real names. Comic books, the internet and books in general revealed them all.

Wizard: That is amazing.

Draconis: It sure is something.

We pulverized them all over and knocked them down and the cops arrested them.

Bloom: Officers, we'd like to speak to those 4 as soon they get in their cell.

Officer: Really? What for?

Bloom: I assure you. This is a friendly chat.

Officer: Okay.

They were taken away.

Me: Boy that was easy for all of us.

Yost Susan: Boy it sure was.

We later went to the prison they were at and we talked to them.

Yost Wizard: Have you come to gloat, Richards?

Yost Reed: No. Ever since we met Bloom and J.D., we've come to realize that not all villains are truly evil like Doom and Baron Zemo.

Yost Trapster: Where are you going with this?

Stella: Aren't the 4 of you tired of always fighting Reed and the others, being thrown in jail, busting out, and repeating the same cycle all over again?

Yost Klaw: The thought crossed my mind after HYDRA left me for dead back in Wakanda!

Me: I remember seeing that in the movie Black Panther. That was brutal.

Flora: I thought you didn't want to talk about it.

Dragon Man: (sighs) You'll learn the full details after you meet this world's Avengers.

Me: Looking forward to that when me and my team come here.

Musa: Look, you guys can either spend the rest of your lives rotting in this cell. Or, you can join us. We've got a really big group that you guys probably would be interested in joining. So, how would you guys like to be on the right side of the law for a change?

Me: They are our frenemies called the Masters of Evil and they are awesome friends and frenemies in a way.

Wizard: We'll take that into consideration.

Me: You won't be disappointed. I assure you. But we're not in a rush for you to decide.

Bloom: (to Yost Wizard) You're actually going to get an archenemy right away.

Yost Wizard: Why's that?

Bloom: We just realized that today's the day of a very big mission that's not a war.

Me: Yep. It sure is. And we have just the person in mind for you. You'll see when we go on our next mission.

Yost Wizard: Looking forward to it.

Yost Reed: Bloom, you'll probably think this is illogical coming from me. But ever since I met you and J.D., I've come to see you as a little sister.

Bloom: It's awesome that you would think that. Ever since my home planet was destroyed by Valtor, I've always wanted a brother or sister.

Yost Reed: I'm glad and that makes all of us your family too.

Yost Thing: That's right Bloom.

Yost Susan: Yep it sure does.

Yost Johnny: Yeah it does.

Later back at the estate, everyone was talking…

May: Georgina, when it's time for your ambassador missions, you can't wear a jumpsuit. You have to wear normal clothes.

Georgina: Noted. I understand. But on my first mission I want J.D. to go with me since it's my first mission.

Nico: Understood. You can also have Peyton go with you too if you want.

Georgina: I would like that.

We came back and Wizard was with us.

Nico: Hey guys. How did it go?

Me: Really well. We have a guest with us.

Nico saw Wizard.

Nico: Bentley Whitman A.K.A. Wizard!

Yost Wizard: That's right. An honor to meet you all Team Loud Phoenix Storm.

Me: He's going to be a new recruit for the Masters of Evil.

Nico: Cool!

Riku: J.D., you're leading today.

Me: I know. And today is January 7th. We're going into the world of Blue Dragon. It's time for the Endgame of Nene.

Nico: Boy that was so awesome how you scared the shit out of him when you imitated Trigon.

Duplica: It sure was cool. I bet he ran cowering to his mommy.

Me: (LAUGHS) He sure did.

Eli: That was funny. I sensed that he ran into a room with his tail between his legs.

Yost Wizard: That is amazing. Who am I going to get as my archenemy?

Me: You'll see when we get there Bentley. This is a world that Arkayna knows when she had her Ambassador Missions.

Arkayna: Yep.

Then Bizarro, Kerbero Gangan, Black Manta, Black Lance, Iceage, Ryugu Tamatebacco, Madame Masque, Oculous, KGBeast and Absorbing Man appeared.

Oculous: May we go with you guys too?

Me: You all sure can.

KGBeast: (Russian Accent) Wow is that Wizard!?

Me: Yep and one of your new recruits.

Yost Wizard: Awesome to meet you all.

KGBeast: I think there's also a version of you on this universe as well.

Yost Wizard: Yes there is.

Me: That will be awesome to see.

Nico: Yes it sure will be cool.

Me: Anyway lets get going guys. Get ready Nene, (Eyes Glow Red) Your death is coming in the form of Team Loud Phoenix Storm.

We opened the portal and we were off to the world of Blue Dragon.

Rita: Guys, I think you should know that an animal control officer is after Charles.

Nightshade: For what? Pooping on the grass?

Rita: (Laughs) Good one. But no. He's an insane animal control officer.

Skipper: Sounds like someone that was always after us.

Private: Yep.

Nico: The Mascots will take care of that moocher.

Me: I know they will.

We arrived in the world of Blue Dragon.

Me: Here we are.

Ryugu Tamatebacco: Where exactly are we?

Arkayna: This is the world of Blue Dragon.

Me: The world is in the grip of a nasty war of light and darkness and Shu is the leader of a group of rebels that are trying to destroy Nene.

Nico: Wow. Just like in the game.

Laney: Where do we find them?

Arkayna: They are right over there in that floating fortress.

Me: That's General Logi's floating fortress. Lets go.

We flew up to the fortress.

A man saw us.

Man: General! Multiple bogeys coming in from the southwest!

General Logi looked and he saw us.

General Logi: Stand down. That's Team Loud Phoenix Storm. They are here to help us kill Nene.

Shu: Awesome!

We landed onto the fortress.

Shu: J.D.! Arkayna!

Arkayna: Hey bro!

They hugged.

Cassandra: Sorry for the long wait.

Me: But we all came just as we have projected and promised.

Kluke: You all sure did.

Shu: Awesome. Thank you all for coming.

Zola: And it's awesome that you're all here.

Me: It sure is. Oh Shu, this is your archenemy in the Masters of Evil. Meet Bentley Whitman A.K.A. Wizard, leader of the Frightful 4.

Yost Wizard: Pleasure to meet you Shu.

Shu: Awesome!

Oculous: We want to thank you guys for taking Steele down.

Me: Yeah we owe you big time for that.

Kluke: Think nothing of it.

Bouquet: That was so awesome.

Shu: It sure was.

Jiro: We have so much to tell you about what has been going on since Arkayna came.

Shu: We've been dealing with many of Nene's forces. We arrested Cynthia, Lemaire, Rudolph, Dolsk and Gilliam.

Me: Wow! You guys have been busy. Well done. We're proud of you all.

Nico: We sure are.

Jessie (Pokemon): Who is Cynthia?

Me: Believe it or not Jessie she and you would get along great because you both have something in common.

Jessie (Pokemon): What's that?

Me: You both HATE AND DESPISE being called old. Arkayna told me all about what she is like on one of her Ambassador Missions and it is true.

Jessie (Pokemon): Wow! That is amazing. Like with me and Ursula that Max and Zoey know.

Me: Exactly.

Skalor: So, where's this Blue Dragon guy we've heard about?

Me: Well it's completely different.

Arkayna: Show them Shu.

Shu: You got it sis.

Shu flared up his aura and then out came the BLUE DRAGON SHADOW!

Skalor: WHOA!

Me: OH THAT IS COOL!

Arkayna: Meet the Blue Dragon.

Blue Dragon: The famous Team Loud Phoenix Storm. An honor to meet you all.

Nico: That is awesome!

Black Manta: I think Arkayna has a shadow monster just like you.

Arkayna: I sure do. Watch.

Arkayna flared up her aura and it formed her shadow into THE GREEN DRAGON!

Nico: SO AWESOME!

Me: Wow!

Green Dragon: Awesome to see you all again.

Shu: Wow! It sure is!

Zola: Wow!

Me: That is amazing.

Oceanus Shenron: Wow! Shu and Arkayna have true Shadow Dragons. That is amazing.

Nuova Shenron: It sure is amazing.

Me: That is incredible.

Brittney: It sure is dad. Their power is amazing.

Allie Wilde: I think so too.

Poromon got out some beer.

Shu: What's that?

Poromon: One bottle of beer!

Bleez: At least it's just one.

Me: Oh no.

Jamesdean5842: (Sighs) It's gonna be another one of those days.

Nico: Poromon save that for the battle with Nene.

Poromon: Okay.

Shu: Does this happen to you guys a lot?

Me: Don't ask.

Qin: It's crazy. Poromon is a Digimon that likes to drink alcohol.

Kluke: Digimon?

Eli: It's short for Digital Monster.

Me: There is a world full of over 1,400+ Species of Digimon and they have amazing powers that are incredible. Some Digimon are amazingly good and some are REALLY bad and some are downright pure evil.

Nico: Yep it's true and Poromon is my partner Digimon. We went on all kinds of awesome adventures with them.

Eli: Yep and they also have the power to evolve and get stronger and more powerful.

Shu: Wow!

Iceage: Poromon, I think you shouldn't be drunk right now. Not with Charles being hunted at the moment.

Poromon: Oh okay.

Nico: Good idea.

Poromon: Poliwag and the other mascots can take care of the Animal Control officer while we're here.

Nico: Good thinking.

Me: Yep.

Shu: Animal control officer?

Bonecrusher: Don't look at us. We haven't even seen his face yet.

Me: We'll explain later about him.

Laney: But right now we need to find out how we can destroy Nene.

Me: Yeah.

Lana: Many of us don't know about him. What can you tell us about him?

Shu: He is not a nice guy.

Shu told us all that hadn't heard about him and it WASN'T PRETTY!

* * *

Nene is the main villain of Blue Dragon. He is the leader of the Gran Kingdom, and flies around the world causing destruction and despair for seemingly no reason. He initially appears as an old man, has a frog-like pet named Deathroy who is chained to his shoulder and always repeats the end of his sentences, and his second-in-command is General Szabo. Nene has a "shadow" that is a red version of Shu's Blue Dragon, which turns into a Chimera later in the story.

At the start of the game, he is controlling the "Land Shark" that is terrorizing the village where Shu, Kluke and Jiro live, and in an attempt to stop the Land Shark they wind up meeting Nene on board his ship and barely survive a confrontation with him, getting stranded in the middle of nowhere. Along the way home, they continue to encounter Nene's path of destruction, and eventually find that the village has been destroyed as well, and the people are migrating to where it is safer.

At the end of the second disc, Nene steals away the main characters' shadow guardians to complete his own and achieves full power, losing his aged appearance and becoming much younger (they later regain use of the shadows but Nene keeps all his power as well). Towards the very end, it is revealed that he had intended the children to acquire and train their shadow guardians from the beginning, as they were originally all part of his shadow but the overuse of the magic was draining his soul and making him old, and he used the children to re-power his shadow with the energy from their stronger souls.

Also during the final confrontation, Nene reveals that Zola, one of the main party members, had actually been working for him all along and was the mysterious voice the children heard when they got the light spheres that gave them their shadow guardians, and after Nene is defeated he asks Zola to take back the shadows and give them to her again. However, Zola has a change of heart and kills Nene instead.

After that, it turns out that Nene's pet Deathroy was actually "Destroy", the ancient monster mentioned earlier in the game who destroyed a past civilization, and he turns into a giant monster for the game's very last boss battle.

---

When they were done many of us were shocked!

Laney: WHOA!

Carmen: Zola is a Spy!?

Me: But I sense that she was forced to join him against his will. Let me fix that.

I fired a beam of magic and it hit Zola and removed his influence from her.

Zola: Oh man! What a headache.

Me: It's not a pretty thing we found out.

We told her everything and she was shocked!

Black Lance: How long do you think Zola has before she's found out?

Me: I'd saw right now.

Zola: (Crying) WHAT HAVE I DONE!?

Lincoln went over and comforted her.

Sunset Shimmer: Oh man.

Sunset Shimmer went over to Zola and then she touched her and then she found out a REALLY DARK PAST!

---

Zola (ゾラ Zora) is the tritagonist and one of the main characters in the Blue Dragon universe. In the games, she is the leader of King Jibral's blademasters. In the anime, she had a previous affiliation with the Gran Kingdom before switching sides, with a shocking plot twist.

As a child, Zola lost her father in an accident while researching ruins with him and Nene. She was the only survivor besides Nene, and gave into the darkness where the sadness and despair unleashed the creature sealed within the ruins, Killer Bat. Unlike the game, she formerly served the Gran Kingdom under General Logi before leaving for her own ambitions.

---

Sunset Shimmer gasped!

Me: What's wrong Sunset?

Sunset Shimmer: Zola's past is as dark as Taylor's.

She told us what happened and we gasped in shock!

Me: OH MAN!

Eli: That's terrible!

Me: Yeah.

A tall African-American Man is seen slamming a smokescreen to the ground and proceeds to walk out from it. He is wearing a blue officer outfit and on his chest is a badge that says "Officer X" on it.

Officer X: Time to put out the dog.

Officer X pulled out a long, yellow baton-like taser, which crackles with electricity. But the mascots got in his way.

Poromon: Don't even think about it!

Officer X: Mascots. Nature's rule-breakers. Creatures like you are supposed to evolve and are supposed to fly, but no, you gotta stay the way you are instead. You think you're above the laws of nature, punks? Huh? Do ya?

Alice Gehabach: (to Lori) This guy's a little nutsy cuckoo.

Hydranoid: I have to agree, Alice.

Lori: He literally is. Lets turn him into a human pretzel!

Poliwag fired a Bubblebeam and Ninetales fired a blast of fire.

Poromon: (Echoing) LIGHTNING JAVELIN!

He fired a blast of lightning from his head feather.

Officer X simply stepped to the side and avoided all the attacks.

Madame Masque: He just avoided all those attacks?!

General Logi: Hold it right there!

Officer X: Step back, sir. Officer X, Animal Control.

Shu: Let's see how this plays out.

General Logi: (sarcastically) "X." Is that the name your mommy gave you?

Officer X: (sighs) Mother never told me my real name, said it was classified. (regains his composure) Now turn over the stray cat or face the full power of the Metropolitan Sub-Bureau of Animal Control and Pretzel Cart Regulation!

Me: Like that will ever happen you clod.

Nico: Those mascots are ours and you have no say in the matter.

Officer X: I will get them if it's the…

POW!

I punched him in the face and knocked out his teeth.

Me: Over my dead body you will get them.

Officer X: Fine. Keep the dog. (glares at the mascots) But I'm warning you mascots. You haven't seen the last of Officer X! (jumps out of sight)

Shu: Should we go after him?

Shego: Nope. I've got a feeling that this won't be the last time we'll see him.

Me: But we have a few surprises in store for him. The next one will be the most painful one.

Nico: Nice.

Kerbero Gangan: I give it 3 more encounters with him before we have him locked up for good.

Me: Yep and we'll be ready for him.

Shu: Lets get back to the matter at hand.

Me: Right. We can send a warning shot to Nene by destroying his fortress with a superlaser blast.

Nico: Nice idea.

Me: Lets have Dark Spicer fire it.

Eli: Good idea. Let me find it for you guys.

Me: Okay.

Eli concentrated and used the Force to find Nene and he found it.

Eli: Found it! 200 miles due southeast.

Me: Okay.

I called Dark Spicer and told him.

Dark Spicer: One Superlaser blast coming up.

Dark Spicer charged up the Superlaser and he had it locked on to Nene's floating Fortress.

Dark Spicer: Here's your warning Nene: Your a** is about to be kicked.

He fired and the laser blast hit his fortress and exploded with incredible power!

EXTREMELY MASSIVE EXPLOSION!

Me: BRACE FOR IMPACT!

I formed a force field around Logi's fortress and the shockwave blast hit us and we were safe.

Nene's fortress was shot down.

Me: BINGO!

Fellbat: Well, I think by now, Nene probably figured out we tricked him.

Me: Good. Let him. It'll make us savor that moment. Shu I think it's time we demonstrate our power with what we call the usual battles.

Nico: This is always the fun part of every mission we have.

Shu: Awesome. I can't wait to see what you all can do.

Me: What you saw in our Ambassador missions was only a small taste of our power.

Arkayna: Yep. This is always fun and cool.

Mumbo Jumbo then appeared.

Absorbing Man: Thanks for coming, Mumbo.

Mumbo: Well, I'm Arkayna's archenemy. This involves me too.

Me: Awesome. When we get done with the usual battles we're going to make that freak Nene pay for everything he did.

Laney: Yep. We're going to make that monster suffer.

Webstor, Angel, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Vypra, BlackWarGreymon, Count Spankulot and the Strawberry, Vanilla and Chocolate Technicolor Phantoms then appeared.

Me: Webstor, Angel, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Vypra, BlackWarGreymon, Count Spankulot and the Strawberry, Vanilla and Chocolate Technicolor Phantoms.

Webstor: It's good to be back, huh?

William: It sure is.

Me: Yep.

Angel: Just in time for a new age of missions.

Red Ghost: Let's start the first usual battles of the year with a bang!

Skalamander: (to me) You sure have been busy with rescues.

Me: You're not kidding.

Rich Texan: What were some of them?

Me: We were on the planets Mustafar, Hoth, Cholganna, Pandora, and Tatooine and we were over in Japan. We did it all over the last 7 days.

Natsume: And it was a bunch of REALLY epic adventures.

Ice Master: They sure were cool though.

Nico: It was awesome too. Now it's my turn to start my own series of rescues.

?: I agree too.

General Schwartz, having him operate out of Itaigawa Dark Station to inflict pain and steal Imagination. He is eventually destroyed by the Rainbow Rush's rubber band variation, and enlarges to face ToQ-Oh, assisted by two Kuliner Robos. They gain the upper hand against ToQ-Oh until the ToQgers use the Shield Ressha to protect the Ressha and themselves from Stove Shadow's attacks.

Ryuui: That is right J.D.

Me: Its been 56 years since my father brought you all down.

Ryuui: It has been a while hasn't it?

Me: Yep. Who have you picked for your archenemy?

Ryuui: I chose Dr. Nick.

Dr. Nick: Wow!

We got the usual battles underway.

Mumbo Jumbo: Did you really think that Trigon was coming for you?

Nene: (to Mumbo) Trigon was never coming for me, was he? You and your friends just tricked me into thinking that he was!

Mumbo: It took you this long to figure out?

Me: (Imitating Trigon) That was me casting an illusion to scare you into hiding.

Nene: That was clever but you will die!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and that means big trouble was coming.

Me: Oh crap, I was hoping never to hear that voice ever again. You just don't know when to quit, do you, Bansheera?

A figure came out, and it was none other than Queen Bansheera, who's returned from the dead, and she wants revenge on us for killing her.

Vypra: I should've guessed you'd come back from the dead, Bansheera.

Queen Bansheera: Silence, bitch! You've defied me for the last time, and I will make sure that all of you will perish by my hands!

Carter Grayson: Sheesh, all that time in the Warp has pretty much destroyed her sanity.

Nico: And now, she's left with only one thing: revenge on us for sending her and her son to The Warp long ago.

Arkayna: I've had it up to hear with that bitch to last an eternity. Now it's time for phase 2.

Suddenly, Arkayna's violet eyes turned neon violet, and she was surrounded by a green energy aura with dragons, angels, and phoenixes, she summoned her Defender of Gemina and Drake City Mage's Staff, and as she approached Queen Bansheera, she left green energy, green flames, green dragons, angels, and phoenixes with every step.

Arkayna: Queen Bansheera, the crimes that you've committed against mankind and the entire world can never be forgiven. In the name of The Mysticons and Team Loud Phoenix Storm, I will finish you off once more, and this time, I will make sure that you never return from the dead to plague anyone ever again.

Then, Arkayna Goodfey was surrounded by a massive vortex of green energy with green dragons, green flames, angels, and phoenixes surrounding it, there was a dragon flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Arkayna emerged, but she was changed forever.

Arkayna grew to 6'0" in height, she had the body of a goddess, she had green highlights in the bangs of her long auburn hair, she has neon violet eyes and a green energy aura with dragons, angels, and phoenixes surrounding her, she has a green dragon with the Fire Kanji in its claws emblazoned on her forehead, she has on dragon earrings with the Fire Kanji in its claws and a necklace with a dragon with the Fire Kanji in its claws for the pendant, she has on her gold tiara on her head, a dark green shirt with a white phoenix on it, white blouse with dragons on it, green pants with green flames on it, white ankle-high combat boots with green dragons on it, and a long white long-sleeved trenchcoat with dragons and green flames on the coattails and right on the back is a dragon with green flames surrounding it, Arkayna has massive auburn angel wings with green tips on the large auburn feathers and she has on her Blue Lantern ring on her right ring finger, she has her massive Defender of Gemina and Drake City Mage's Staff in her left hand and her Dragon Mage's Staff merged with her massive Defender of Gemina and Drake City Mage's Staff, Arkayna has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her left hip. There's a gold kanji right below the green dragon that said, "Princess Arkayna Goodfey, Princess of Drake City, Mysticon Dragon Mage and Leader of The Mysticons, Daughter of Queen Goodfey of Drake City, Destroyer of Necrafa, Tazma Grimm, and The Spectral Hand, Slayer of Evil, Amazing Member of Team Loud Phoenix Storm, and Master of Dragons, Magic, and Green Flames."

プリンセスアルカイナグッドフェイ、ドレイクシティの王女、ミスティコンドラゴンメイジとミスティコンのリーダー、ドレイクシティのグッドフェイ女王の娘、ネクラファの駆逐艦、タズマグリム、スペクトラルハンド、悪の殺し屋、チームラウドフェニックスストームの素晴らしいメンバー、ドラゴンのマスター、魔法、そして緑の炎

Arkayna Goodfey has transformed into SUPER ANGEL 750,000,000,000 MYSTICON GREEN DRAGON MAGE ANGEL OF HOPE AND MAGICAL JUSTICE!

We were amazed by Arkayna's Super Angel 750,000,000,000 transformation, along with Zarya, Piper, and Emerald, but when Queen Bansheera saw it, she fell into a rage and fired a blast of energy to kill Arkayna, but Arkayna fired a powerful blast of green energy from her Defender of Gemina and Drake City Mage's Staff, which overwhelmed Queen Bansheera's blast, and it hits the Demon Queen, and it sent her flying into a wall.

Me: Whoa, Arkayna's transformed. That's so awesome.

Zarya: You said it, J.D., this is so awesome.

Lincoln: Wow, Arkayna, you look amazing. How do you feel?

Arkayna: (Divine Echoing Cosmic Voice of Magic and Draconic Justice) **I feel incredible, Lincoln, and now, I'm going to finally finish off Queen Bansheera for good. Hey, would you, J.D., Nico, Vypra, Loki, Diabolico, and the Lightspeed Rescue Power Rangers like to join in?**

Lincoln: (Smiles) Of course, Arkayna.

Vypra: Oh, now you're talking. I can't wait to smash Bansheera's face in again.

Me: Same here.

Nico: Leave some for me.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Me and Nico unholstered our massive swords from our backs and transformed, The Lightspeed Rescue Rangers transformed, and Vypra, Loki, and Diabolico got out their weapons, and we went at Queen Bansheera, who fired a blast of energy at us, but we'd dodged it.

Then, we fired powerful blasts of rainbow energy, colored lasers, darkness, green energy, green flames, elemental forces, Thunderbirds, Buffalo, Phoenixes, and Dragons, and they exploded with incredible power as they hit Queen Bansheera. Then, Lincoln, Me, and Nico slashed off Queen Bansheera's arms and slashed out her eyes, and she screamed in agonizing pain.

Arkayna: **Alright, we got her on the ropes now.**

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) (To The Lightspeed Rescue Rangers and us) **Carter, guys, you know what this means?**

Carter Grayson: You said it, Lincoln. V-LANCER!

The Lightspeed Rescue Rangers formed the V-Lancer, and we infused it with Super Hakai energy, and Lincoln added a special touch by using a powerful spell.

Dana Mitchell: Would you like to do the honors, Lincoln?

Lincoln: I'm on it, Dana.

Lincoln has his finger on the trigger.

Arkayna: **Time to say goodbye forever, Queen Bansheera, and I mean it this time when I say it, stay dead, bitch!**

Vypra: That's telling her, Arkayna!

Lightspeed Rescue Rangers: SPECTRA BLAST!

Lincoln: **FIRE!**

The Lightspeed Rescue Rangers and Arkayna fired powerful blasts of rainbow and green energy, which were infused with Super Hakai energy and Lincoln's powerful spell, and as they hit Queen Bansheera, they exploded with incredible power.

Queen Bansheera: DAMN YOU ALL, TEAM LOUD PHOENIX STORM!

The resulting explosion killed Queen Bansheera, and her spirit was Super Hakaied and this time, she was banished to Oblivion, this time for good. We cheered wildly as we holster our massive swords on our backs and power down, and Arkayna powered down, and her new body, clothes, weapons, jewelry, and angel wings were permanent. Zarya, Piper, and Emerald ran up to Arkayna, and they hug her.

Zarya: Arkayna, that was so awesome! You showed Queen Bansheera what for.

Piper: You said it.

Emerald: When your mom finds out, she's going to be so proud of you.

Lincoln: Actually, I just sent the video of Arkayna's transformation and what she and all of us did to Queen Bansheera, and she loved it. She also said that she was so proud of her little girl.

Arkayna: (Smiles) Wow.

Nico: And now, Queen Bansheera is gone for good!

Lincoln: But, this also means something else: Prince Olympius is also going to escape from The Warp and try to take revenge on us.

Me: But, we'll be ready for him when the time comes.

Nico: You got that right.

Me: Now we can go home.

Arkayna: (To the viewers) This was an awesome adventure! I hope you all loved this one as much as we did.

Me: Yep.

We went back home and after an awesome week of adventures over the last 6 days we went to sleep. Shu and friends live in the estate now.

# The Scary Camp on Another Planet

Now it was time for Nico's rescues and he and Tyler Navarro were both on the mountain planet Makeb.

Nico: Thanks for coming with me, Tyler.

Tyler Navarro: No problem Nico, I've always wanted to go on one of these awesome rescues that J.D. told us all about.

Nico: This is gonna be awesome. And wow. So this is the planet Makeb. Wow it's beautiful.

Tyler Navarro: Wow! It sure is. I heard that this planet was once one of Jabba the Hutt's mineral exporters during the great war.

Nico: That's right. Eli told us all about that and it's amazing that it was used for that purpose.

Makeb was a planet located in the Mid Rim and known as a major source of rare minerals. It was invaded by the Hutt Cartel during the Galactic War because of this, as well as its close proximity to Hutt Space. Makeb was one of the largest sources of isotope-5, one of the rarest minerals in the galaxy.

Located in the Makeb system on the edges of Hutt Space, in a region of the galaxy far from major hyperlanes, Makeb was an oceanic planet whose atmosphere featured enormous amounts of electromagnetic interference in its upper levels. The planet's gravity, while below standard, possessed unique anomalies that resulted in the formation of many massive stone pillars across Makeb's surface. The pillars, which reached high above Makeb's cloud layer and were often large enough to contain entire cities on the plateaus and mesas that topped them, were riddled with complex cave systems. The pillars and caves were home to both Makeb's native wildlife and numerous deposits of minerals, including the incredibly valuable isotope-5. Isotope-5 was a mineral found only on Makeb, and it was the reason behind Makeb's unique atmospheric and gravitational conditions, as the mineral had powerful warping effects on electromagnetic and gravitational fields.

## Early years

As a result of its secluded location, Makeb was not discovered by the galaxy until the Mandalorian Wars, a conflict between the Galactic Republic and the Mandalorian warrior culture that lasted from 3,976 BBY to 3,960 BBY. During the conflict, a damaged transport carrying Republic refugees-among them several wealthy businessman-crashed on the planet after being caught in the electromagnetic interference in Makeb's atmosphere. The businessman Semako Thalien assumed a leadership role among the refugees as they built settlements atop Makeb's pillars, and the colonists quickly discovered that Makeb possessed valuable mineral deposits. Forced to improvise mining tools, the settlers began to extract the minerals, and once they re-established communication with the rest of the galaxy, Makeb became immensely profitable for the settlers within fifty years-a large part of which was the result of the influence and wealth of the original settlers.

Remaining staunchly independent from the Republic, Makeb began to attract economic leaders, banking corporations, and wealthy tourists, leading to the rise in number of luxury resorts across the planet. The Avesta family, a group of Human merchant explorers, established a number of profitable settlements in the early years of Makeb's colonization, and they eventually established the Avesta Mining Corporation. The Avesta family also helped establish the Makeb Business Council, the planet's government, and members of the Avesta family negotiated a trade partnership with the Republic. The Hutt Cartel attempted to gain a foothold on the planet upon learning of its valuable resources, but the Business Council rebuffed their attempts and forced the Cartel to negotiate a trade partnership instead. Over the following centuries, Makeb grew in economic power, and though tourism accounted for a large amount of the planet's wealth, mining remained the heart of Makeb's industry. Makeb's capital of Talaos City was established near the original colonists' landing site, though the planet's inhabitants made an effort to keep industrial activities separate from the city. As a result, Talaos City became the center of Makeb's banking and technological economy and the heart of the planet's culture.

The planet was invaded by the Hutt Cartel during the Galactic War in 3,640 BBY. Following its capture, both Republic and Imperial forces raced to Makeb with their own agenda. The Republic evacuated many of the former citizens and forced the Hutts out following the planet's supposed destruction from the over-mining of isotope-5. However, the Empire secretly stabilized the planet's core, but by doing so polluted the atmosphere and caused devastating ground tremors and aftershocks that rendered the planet inhospitable. This allowed the Empire to continue harvesting isotope-5 without the knowledge of the Republic or the Hutt Cartel.

Tyler Navarro: This planet must've had a tremendous source of wealth for Jabba. But now that he is dead no one will want to come get the minerals here.

Nico: Maybe.

Tyler Navarro: But this is amazing.

Nico: Okay. Let's be careful. It's just the two of us right now.

Tyler Navarro: I know. But it's gonna be cool helping you out.

Nico: I know.

They heard a roar!

RRRRRRROOOOOOOOOOOOOOOOOOOOAAAAAAAAAAAARRRRRRRR

Nico: WHOA! What was that!?

Tyler Navarro: That sounded like a dinosaur roar.

Nico: A dinosaur here on Makeb? That is weird.

Tyler Navarro: (Sees something) I think that might be it down there.

They saw the dinosaur.

Nico: That's an Allosaurus!

Tyler Navarro: Whoa!

Nico: Lets head down there.

They flew down and landed in front of it.

Nico: Tyler, now would be a good tome to morph!

Tyler Navarro: You got it! IT'S MORPHIN TIME! DINO CHARGER ENGAGE! ENERGIZE! HA! UNLEASH THE POWER!

RRRRRRRROOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOAAAA
CHOMP!

He transformed!

Allosaurus: (In a girls voice) Wait a second. Nico is that really you!?

Nico: That voice? Allison?!

Allison: Nico wow!

Nico: It's great to see you again.

Allison: Hey, kid. Long time no see.

Nico: It has been a while Allison. I didn't expect to see you as an Allosaurus.

Tyler Navarro: Wow. Another one of your childhood friends?

Nico: Yep. Allison is a punk girl. She had a really awesome and powerful tough girl reputation and whenever I was being bullied she would always step in and punch the living daylights out of those dirt clobs.

Allison: It was a long time ago but yeah those were fun times.

Nico: Also, "kid"? Really?! I'm at a married age right now!

Allison: Boy it really HAS been a while. But you are still the same kid I love as a brother.

Tyler Navarro: That is awesome.

Nico: Anyway lets get you back to normal. I hope I can do it as good as J.D. can. Allison you are going to be human again. Here we go. Cover your eyes Tyler. (Snaps Fingers)

Allison was reverting back and Nico and Tyler covered their eyes. Then Allison was back to normal but was in her birthday suit. She was an orange hair mohawk hair girl.

Nico: How do you feel?

Allison: Like I got put into a molten volcano. But it feels good to be human again.

She saw Nico and Tyler covering their eyes.

Allison looked and saw herself in her birthday suit.

Allison: Geez I lost all my clothes.

Nico gave Allison a robe.

Nico: Maria is not with me to give you new clothes so a robe will have to do till we get back.

Allison: All right then.

She put it on.

Allison: You can look now kid.

They uncovered their eyes and then they heard a REALLY OMINOUS WHINNY!

Tyler Navarro: Was that a horse?

(OMINOUS WHINNY)

Nico: What is that?

Allison: Oh that's the Headless Horse that I encountered here.

Tyler Navarro: The Headless Horse? Like the one that Twilight Sparkle knows from a story?

Then a figure came out and it was THE HEADLESS HORSE! It was a black mare with a Jack-O-Lantern Cutie Mark and it had NO HEAD!

Nico: It's the Headless Horse!

Tyler Navarro: Whoa! Like the one we heard from those Ghost Stories that Twilight and Friends told us about.

Nico: No need to panic. There's three of us and one of him.

Allison: The Headless Horse is a female horse kid.

Nico: Oh. Sorry. Lets get her.

They fired energy blasts and smashed the Headless Horse all over.

Nico: I wonder how the Headless Horse lost its head like this.

Tyler Nevarro: Who knows? But it's like what happened with the Legend of Sleepy Hallow where a Hessian Soldier lost his head when a cannonball smashed into his head and knocked it off and blew it to pieces.

Nico: YUCK!

Allison: Cool.

Nico: I don't think that's what happened with the Headless Horse though. We got to find its head somehow.

Vypra and Dark Spicer then appeared and lassoed the Headless Horse and to their surprise Vypra was riding a horse made entirely of pitch black fire and Dark had a Nightmare Horse like Brittney does.

Dark Spicer: Looks like we got here just in time.

Vypra: We sure did.

Allison: Wow that was cool!

Vypra: Thanks. Are you one of Nico's friends?

Allison: That's right. Allison Mendosa.

Nico: She is now an Allosaurus Gene-Slammer.

Vypra: Awesome to meet you.

Dark Spicer: Same here. We'll take the Headless Horse to our stable till you all find its head.

Nico: Thanks guys.

They vanished with the Headless Horse.

Nico: We have quite a story for everyone back home. Lets head home.

Allison: Yeah.

They teleported back.

They arrived back.

Nico: I'm back.

Me: How did the rescue go?

Nico: It was great. This is one of my childhood friends.

Allison: Awesome to meet you J.D. I'm Allison Mendosa.

Me: Pleasure to meet you.

Qin, Erica, Ellie, Missy, Marie, Lillian and Nora saw her.

Qin: Allison!

Allison: Qin! Girls! Wow! You all are here.

They hugged her.

Marie: (Russian Accent) Yeah we sure are.

Nora Venice: Wow. It's great to have you with us.

Erica: Boy it sure is.

Poromon: ALLISON!

Poliwag: Allison!

They jumped into her arms.

Allison: Hey, Poromon! Hey, Poliwag!

Poromon: Wow we missed you!

Poliwag: We sure did.

Allison: It's awesome to see you.

Poliwag: Yeah it sure is awesome.

* * *

Later after Nico's Rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, and Connor McKnight were heading to Treasure Planet and not only is Lincoln going to rescue the twelve girls there, but we're going to find the Loot of A Thousand Worlds.

Lincoln: Wow, we're back on Treasure Planet, and I think I know what we're going to do here, not only am I going to rescue the twelve girls there, but we're also going to find the Treasure of A Thousand Worlds.

Me: That's right, big guy. This is going to be so awesome.

Nico: You said it, J.D.

Me: And I love a good treasure hunt.

Nicole: Me too dad.

William: It's been a long time since we've last been here.

Maria: You said it, babe, and of course, you, Luna, Leni, Luan, Laney, Lisa, and Lily are still going to prove XANA and Venjix wrong, right, Lincoln?

Lincoln: That's right, we've killed bad guys and villains who are beyond redemption for the last five years, who do XANA and Venjix think they are?

Luna: Now that I think about it, you're right, Linky. Those two are a bunch of doubt-casting assholes for trying to cast doubt on us! If XANA and Venjix come back, 'll short-circuit those scumbags!

William: I'm looking forward to seeing that!

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, but they've been cornered by an army of reptillian generals, but upon closer examination, they're revealed to be the generals of Orochi's army, and they're going to kill them.

Lincoln: Guys, I found the twelve girls, but they've been cornered by a group of Orochi's reptillian generals, and they're going to kill them.

Nicole Knudson: What the hell, if The Orochi Army is here, then this means, Orochi The Serpent King, has returned.

This also shocked the Dynasty Warriors and Samurai Warriors girls in Lincoln's harem, who have had their encounters with The Serpent King long ago.

Ina: Even after we defeated him long ago. Da Ji, you never learn, do you?

We rushed on over, and Lincoln fired a powerful blast of rainbow energy at a group of Orochi's army, and destroyed them, and it allowed the twelve girls to get away. When the other reptillian generals saw us, they were enraged.

Lincoln: I should've known that when I saw you all here, it meant one thing: The Serpent King Orochi has returned from the dead again, and I suspect that Da Ji had a hand in this plot again. But, we're not letting any of you leave here alive.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Connor McKnight transformed into his Red Dino Thunder Ranger costume, Lincoln's sisters also transformed into their Super Angel 750,000,000,000 forms and they unholstered their massive swords from their backs, The Lyoko Warriors unholstered their massive swords from their backs, and Me, Eli, and Nico also transform and we unholstered our massive swords from our backs, and we went at the soldiers of Orochi, and we fire powerful blasts of rainbow energy, elemental forces, water, lightning, and lasers right at the soldiers of Orochi, and they exploded with incredible power.

Then, Lincoln fired a red energy blast and it hits the soldiers of Orochi, and Lincoln sucked out and absorbed all of their energy, and he also gained vital information on what The Orochi Army does, and of very equal importance that the one who brought Orochi back from the dead was none other than Da Ji, and the soldiers of Orochi were killed after having their energy sucked out. We cheered wildly as we holster our massive swords on our backs and power down. Then, Lincoln and all of us went to the twelve girls there, and when Lincoln saw them, he immediately recognized them. The twelve girls are Ai-Chan and Kouhai-Chan from Tawawa on Monday, Himeji Kyouko, Ogawa Ikue, Kouda Akari, Satou Ayano, Suzuki Yuma, Takahashi Eriko, Saionji Marie, and Suzuki Momoka from Girl's High, Asahina Suzuka and Hashiba Miki from Suzuka.

Lincoln: Oh wow, it's Ai-Chan, Kouhai-Chan, Himeji Kyouko, Ogawa Ikue, Kouda Akari, Satou Ayano, Suzuki Yuma, Takahashi Eriko, Saionji Marie, Suzuki Momoka, Asahina Suzuka, and Hashiba Miki.

Me: From Tawawa on Monday, Girl's High, and Suzuka, awesome and cute!

Lincoln: Are you girls okay?

Ai-Chan: Yeah, we're okay, thanks to you.

Then, when Ai-Chan and the other eleven girls saw who it was that saved them from the soldiers of Orochi, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The

Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ai-Chan: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ai-Chan: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twelve Thunderbird Necklaces of Eternal Love have appeared around the necks of Ai-Chan, Kouhai-Chan, Himeji Kyouko, Ogawa Ikue, Kouda Akari, Satou Ayano, Suzuki Yuma, Takahashi Eriko, Saionji Marie, Suzuki Momoka, Asahina Suzuka, and Hashiba Miki. Then, we also found the Treasure of A Thousand Worlds and we had it sent to a museum, and had it all put under heavy security. Then, we returned home to the Estate, and we told everyone there of what we did on Treasure Planet, and we also found The Treasure of A Thousand Worlds.

Plus, they were also shocked when they found out that the ones who've tried to kill Ai-Chan, Kouhai-Chan, Himeji Kyouko, Ogawa Ikue, Kouda Akari, Satou Ayano, Suzuki Yuma, Takahashi Eriko, Saionji Marie, Suzuki Momoka, Asahina Suzuka, and Hashiba Miki were soldiers loyal to Orochi, The Serpent King, and that the one who brought him back from the dead was Da Ji. But, when they all saw what Lincoln did to the soldiers of Orochi, everyone cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over.

Lincoln: And there's also an added bonus: the doubts that XANA and Venjix put on me, Luna, Luan, Laney, Lisa, and Lily have finally been purged.

Girl Jordan: That's good news to hear, Linky.

Lily the Mermaid: (Puts her left hand on Lincoln's left cheek) But, don't forget, we're all here for you, Linky.

Sam Sharp Loud: Along with the rest of us.

This had brought a smile to Lincoln, Leni, Luna, Luan, Laney, Lisa, and Lily's faces as Ed, Eddy, Sam Sharp Loud, Joey, Dexter, Carlitos, and all of the girls in Lincoln's harem went up to Leni, Luna, Luan, Laney, Lisa, Lily, and Lincoln, and they hugged them, along with the rest of us, and they returned the hug with equal love. Now, Lincoln, Leni, Luna, Luan, Laney, Lisa, and Lily were freed from the doubt that XANA and Venjix put on them, and they're now free of doubt and stress, and we also found The Treasure of A Thousand Worlds.

But, we're going to be in for a very fierce battle today, now that we found out the truth: Orochi, The Serpent King, has returned from the dead, because of Da Ji.

After getting rid of the soldiers of Orochi's army this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln and his harem were getting ready for their date, this time, it's at Spa Island in the world of One Piece. But, they're not the only ones, Ed Cowart and Cattleya, Shu and Bouquet, Nadia La Arwal and Jean Roque Lartigue, Eli and Nunnally, Parn and Deedlit, Jack and Carly Altas with their kids, Cyborg and Sarasim, William Dunbar and Maria Rockell, Aylene Carter and Brain Freezer, Ganta Igarashi and Shiro, and Renton Thurston and Eureka were also heading there too.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, and buffalo on it and large orange sandals, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Ed Cowart, Shu, Jean Roque Lartigue, Eli, Parn, Jack Atlas, Cyborg, William Dunbar, Brain Freezer, Shiro, and Renton Thurston were dressed in swim trunks in their favorite colors with mythological animals and elemental forces on them.

Lincoln's harem were all dressed in two-piece bikinis in their favorite colors with the mythological animals on them, sandals in their favorite colors, and they had their weapons holstered, in case of trouble.

Cattleya, Bouquet, Nadia La Arwal, Nunnally, Deelit, Carly Atlas and the Atlas girls, Sarasim, Aylene Carter, Ganta Igarashi, and Eureka were dressed in two-piece bikinis in their favorite colors with the elemental forces and mythological animals on them, and Maria Rockell is dressed in a blue one piece swimsuit with ocean waves and mermaids on them.

Lincoln: Alright, everyone, shall we?

Girl Jordan: Of course, Linky.

Lincoln, Lincoln's harem, Ed Cowart and Cattleya, Shu and Bouquet, Nadia La Arwal and Jean Roque Lartigue, Eli and Nunnally, Parn and Deedlit, Jack and Carly Altas with their kids, Cyborg and Sarasim, William Dunbar and Maria Rockell, Aylene Carter and Brain Freezer, Ganta Igarashi and Shiro, and Renton Thurston and Eureka left the Estate, and they head for Spa Island in the world of One Piece. When they arrived in Spa Island, it was an awesome resort ship with fifty places filled with slides, swimming pools, cola baths, restaurants, and many other places. Everyone was stunned with awe.

Lincoln: Whoa, this is so awesome! Spa Island is date central!

Lily the Mermaid: Incredible!

Ed Cowart: I gathered intel on this place, but seeing it personally, this is so awesome!

Lincoln: You said it, and Luffy told us he and his crew have frequented this place whenever they need a little top-class relaxation. Shall we?

Mollie: Ooh, there's the Spa Island High Dive. What do you say, Linky, planning to do a cannonball into the swimming pool?

Lincoln: (Sly Grin) You know me all too well.

Lincoln went up to the High Dive, and as he dove right off, Lincoln did an awesome cannonball dive into the swimming pool, and the girls in his harem cheered for him, especially Mollie, who swam up to him and kissed him on the lips, which he returned. Ed Cowart and the others did the same thing, as they dove off the High Dive and did a cannonball dive into the swimming pool.

Brain Freezer: And we told Vypra of what happened on your rescue, Lincoln, and she was shocked when she heard of Orochi's return from the dead, and she's already thinking about what she's going to do to Da Ji for what she did.

Lincoln: Same with the girls of Wei, Wu, Shu, Jin, and the girls from Japan, they've had it up to hear with Da Ji's penchant for mayhem and chaos.

They also went on the Spa Island slides, and they slide right down to the swimming pools. Then, they went to the Cola Baths, and the intense heat from the Cola Baths was relaxing for Lincoln's bones and abnormally massive and powerful muscular body, along with the bones and muscles of Lincoln's harem. Lincoln also made clones of himself, and he and his clones go up to the girls in his harem, and gave them a relaxing full-body massage, which they enjoyed so much.

Then, they also gave Lincoln a relaxing full-body massage as well, and it melted even more of the stress away and out of his body, and he enjoyed it all too well, and the same thing happened with Ed Cowart and the other boys and their dates.

Then, they went to the restaurants, and they had lunch. Then, as the sun was about to set, Lincoln made clones of himself and they walk up to the girls in his harem, and they'd picked them up in their abnormally massive and powerful muscular arms, and Ed Cowart, Shu, Jean Roque Lartigue, Eli, Parn, Jack Atlas, Cyborg, William Dunbar, Brain Freezer, Shiro, and Renton Thurston went up to Cattleya, Bouquet, Nadia La Arwal, Nunnally, Deelit, Carly Atlas and the Atlas girls, Sarasim, Aylene Carter, Ganta Igarashi, and Eureka, and picked them up, and just as the sun had turned orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Spa Island in the world of One Piece.

Me: Spa Island, the resort ship that the Straw Hat Pirates have gone to? I remember Luffy telling me about it.

Lincoln: The very one, J.D. You should've seen it, that resort ship had more than fifty places there, filled with slides, swimming pools, cola baths, restaurants, and many other places.

Nico: I hope you went on the High Dive there.

Lincoln: I did, and I did a cannonball into the swimming pool, which Mollie loved.

Girl Jordan: She always loved doing cannonballs into the swimming pool.

Ed Cowart: And we did the same thing too, and we also got a kiss from our ladies.

Lincoln: And we went into the Cola Baths there, it was so therapeutic and relaxing, and the intense heat from the Cola Baths was relaxing for my bones and abnormally massive and powerful muscular body, along with the bones and muscles of the girls in my harem. I also made clones of himself, and gave the girls a relaxing full-body massage, which they enjoyed so much. Then, they also gave me a relaxing full-body massage as well, and it melted even more of the stress away and out of my body, and I enjoyed it too well. Plus, Ed Cowart and the boys did the same thing with their dates as well, and they also replied in the same manner too.

Nico: Awesome.

Ronnie Anne: And you'll love this one, Nico, we also went to the restaurants there too.

Ronnie Anne showed Nico the food that the restaurants had, and his mouth was drooling like crazy.

Nico: (Drooling) Holy crap. Next time, me and May are heading to Spa Island to try out the facilities, and the food there, Ronnie Anne.

Frida Casagrande: (Spanish Accent) A date in Spa Island, that could be something for me and Carlos can enjoy, but we'd also have to find a babysitter for Carl, CJ, Carlitos, Lalo, and Sergio. We know Bobby and Carlota are responsible for them, along with their own lives and schedules, and Carl, CJ, Carlitos, Lalo, and Sergio are known to be pranksters and very devious tricksters.

Lincoln: Hey, I can make a clone to babysit Carl, CJ, Carlitos, Lalo, and Sergio at your apartment, and he can tell me what's happening, while the real me and Lynn are babysitting for the Fox Quintuplets.

Carlos Casagrande: That's a great idea, Lincoln, and you get along great with CJ, Carl, Carlitos, and Lalo. But, I know that you can't deal with Sergio, but Ronnie Anne has her ways of dealing with him.

Lincoln: Thank you, Mr. Casagrande.

We continued listening to their accounts of their dates on Spa Island, and they had a ton of fun there on their date.

Later it was time for another trip to the Digital World.

Adagio Dazzle: I think I remember you saying that me, Sonata, and Aria can go with you.

Me: Yes I did say that girls.

Sonata Dusk: It'll be awesome to meet Mikey and friends.

Aria Blaze: I hope we get to thrash evil Digimon.

Me: Oh don't worry girls you will and you all can use your song on them to get them to kill each other and we can absorb Negative Energy from the fight too.

Adagio Dazzle: Awesome.

Me: Yep. Our next target is Olegmon and he is a pirate Digimon.

Aria Blaze: Awesome. Looking forward to this one.

Me: Me too. Lets go.

We were off to the Digital World.

We arrived in the Digital World.

Mikey Kudo: Hey J.D.!

Me: Hey guys. I would like you all to meet the Dazzlings.

Adagio Dazzle: Awesome to meet you all. I'm Adagio Dazzle.

Aria Blaze: Hi. I'm Aria Blaze.

Sonata Dusk: Hey I'm Sonata Dusk.

Angie: Awesome to meet you girls.

Me: The Dazzlings are 3 of the most awesome members we have of the Knights of The Friendship Table and they are known for having a powerful song that causes people in large numbers to fight each other. And through that fighting they absorb Negative Energy and it makes them stronger.

Christopher: Wow that sounds dangerous.

Me: It's actually not. We actually have that same kind of power. Whenever someone hates us to an incredible level we absorb Negative Energy from that hatred or dark emotion and it makes us more powerful.

Mikey Kudo: Wow that is amazing!

Shoutmon: It sure is.

Me: Yep. That's one of the key skills we have is that we get stronger from Negative Energy.

Sonata Dusk: We think it's cool.

Angie: It sure is.

Me: Yep. You'll see them do their song when we go take down Olegmon.

Sonata Dusk: I heard he's a pirate.

Mikey Kudo: That's right he is.

Me: Before we go after him, what can you tell us about him?

Christopher: It's a really interesting history.

He went over his history.

---

Olegmon was one of the Dark Generals of the Bagra Army, the ruler of Gold Land, and was one of the main antagonists of in the second half of the anime Digimon Xros Wars/Fusion. He's also known as the Gold Pirate. He even acted as a minor villain in the reboot of Digimon Adventure.

After Lord Bagra finished the Code Crown he reformated the Digital World into the 7 Satellite Kingdom. Olegmon became the ruler of Gold Land, while serving AxeKnightmon.

Olegmon casted a spell on Shoutmon and the others by magically chanting. Balistamon and Persiamon Digi-Fused to BaliBastemon to free Shoutmon and his friends from Olegmon's spell. Olegmon then ordered his right-hand, Mermaimon to change Balistamon to his original form, DarkVolumon. Shoutmon, however risked his life to change DarkVolumon back to Balistamon. Then Shoutmon Digi-Xrosed to Shoutmon X4S to fight Olegmon, then Balistamon defeated Olegmon with his Heavy Speaker attack. As Olegmon was fading away, Mikey suggested that Olegmon should be a good guy. Olegmon accepts this, then fades away.

Olegmon reappeared along with the other Death Generals as souless Digimon, and combined together to form the ultimate Dark General, GrandGeneramon.

While Mikey, Shoutmon, Ballistamon, and Dorulumon had their souls in Prison Land, Olegmon befriended Mikey and betrayed Apollomon Whispered and the other Death Generals. With the help of the good Apollomon, he sent Mikey, Olegmon, and his Digimon partners back to the Digital World and Olegmon regained his soul. He helped Shoutmon X7 fight GrandGeneramon, but GrandGeneramon struck the pirate in the stomach, but Olegmon still succeeded in destroying the resurrection core. With the remaining strength, Olegmon distracted GrandGeneramon. However, Olegmon was revived once again (along with Apollomon, Beelzemon, Deckerdramon, and Grademon) during the final battle against DarknessBagramon.

---

When he was done we were shocked and yet amazed how Mikey was able to get him to change.

Me: Wow! Mikey you really have a good heart on you to get one of the the Generals to turn on the Bagra Army.

Mikey Kudo: Yeah I knew there was good in Olegmon.

Me: I think he would make a great addition to our frenemies in the Masters of Evil just like many other digimon we have encountered.

Sonata Dusk: I think so too.

Nene: It sure is.

Sonata Dusk: I wanna see if he has some pirate booty!

Me: Oh I'm sure he will like all pirates do. You gonna use some of that money to buy tacos?

Sonata Dusk: You know me too well J.D.

Aria Blaze: You and your tacos Sonata.

Angie: Sonata sure loves tacos doesn't she?

Adagio Dazzle: She sure does. She can't get enough of them.

Me: Yep. Lets head to the Gold Land.

We were off to the Gold Land.

We arrived in the Gold Land and to our surprise and amazement it was home to islands with gold crystals and seas made of pure liquid gold!

Me: WHOA! Now I see why it's called the Gold Land because the oceans are made of pure liquid gold and the islands have gold crystals all on them.

Aria Blaze: Figures he'd be here. All pirates like gold.

Me: No kidding and there's enough gold here to make Earth rich forever.

Angie: Yeah.

Jeremy: This is amazing.

Me: There at 5:00.

We looked to the southeast and we saw on the liquid gold, OLEGMON'S SHIP!

Mikey Kudo: That's Olegmon's ship.

Me: Yep. And I see a bunch of awesome candidates for the M.O.E.

I saw Scorpiomon, Rabbitmon, MarineDevimon, Digitamamon, Mermaimon and Depthmon.

We flew and went on board the ship and we confronted OLEGMON!

Sonata Dusk: Avast! Tis I, Sonata Dusk! I be wanting your treasure!

Aria Blaze: (facepalms) I'm really sorry about this.

Me: Love that pirate attitude.

Olegmon: Aye she does have the Pirate Spirit lad. Tis be the famous J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right.

Mikey Kudo: Olegmon you don't have to do this anymore. You can be part of the frenemies of Team Loud Phoenix Storm the Masters of Evil.

Adagio Dazzle: Believe me. Me, Sonata, and Aria know what it's like to have been bad before.

Angie: Do you really?

Adagio Dazzle: Really ugly story.

Me: Yeah and it's filled with over 1,000 years of pain from a curse that made them into monsters.

Angie: Oh boy.

Aria Blaze: Yeah.

Sonata Dusk: Sorry, guys. Guess you're not going to hear that song after all.

Me: Actually we have LOTS of company coming now!

We saw hundreds of thousands of Depthmon, Scorpiomon, MarineDevimon and Mermaimon heading to us!

Adagio Dazzle: All right! Now watch this.

Adagio, Aria and Sonata sang their song and it made the Depthmon all fight and kill each other and we got stronger and more powerful from absorbing their negative energy and uploading their data and we got far more powerful than ever.

Angie: WHOA! That is intense!

Christopher: Wow! I feel amazing!

Mikey Kudo: That was awesome! I feel stronger than ever before.

Me: That's the power of the Song of The Sirens and the power we have to absorb Negative Energy and get stronger from it.

Nene: That was so awesome.

Me: Yep.

Mikey Kudo: Looks like we still got to hear that song.

Angie: But it was so awesome to hear.

Jeremy: It sure was.

Adagio Dazzle: Glad you all liked it.

Olegmon: Shiver me timbers! That was most amazing.

Later Olegmon decided from then on to leave the Bagra Army and he joined the Masters of Evil and we got a lot of gold from the Gold Land and later we went back to the estate.

We told them everything and they were amazed.

May: Who should come with you next time?

Me: I was thinking Varie and Celica next time.

Nico: Ooh nice and who is the next target?

Me: We're going after Splashmon in the Cyber Land next.

Nico: Whoa! So you're going to have to resort to total obliteration on him.

Me: Yep.

Eli: You'll make sure there's nothing left of him.

Nico: Yep.

---

Later we were over at Ant Man's old hideout and we were there to meet his friends the 3 Wombats, Kurt, Luis and Dave.

Drill Man: (to Ant Man) Who are these friends you want us to meet?

Ant Man: You'll see. They are my buddies that have helped me out many times in the past.

Nico: It'll be awesome to meet them.

We arrived at Ant Man's hideout and we met Kurt Goreshter, Dave, and Luis the 3 Wombats.

Nico: Whoa you must be Kurt, Dave and Luis.

Kurt: (Russian Accent) That's right and it's an honor to meet the famous Team Loud Phoenix Storm.

Me: Same to you Kurt.

Eliza Thornberry: (to Dave) So, you're a getaway driver?

Dave: That's right.

Nico: The 3 Wombats did heists all over and have never been caught.

Laney: So awesome.

Lana: That is cool.

Sly Cooper: You guys would make awesome master thieves.

Luis: Glad you think so Sly.

Suddenly I sensed something.

Eli: What is it bro?

Me: I sense something coming from that mountain there.

I pointed to the mountain.

Me: I better go check it out. Don't tell Nico where I'm going.

Eli: Right.

I flew off.

I was searching the mountain and looking high and low and then I saw a hatch under a rock.

Me: A hatch?

I went over and opened it and went down a ladder and I saw a metal door.

Me: Whoa.

I went in through the door and it was a hidden lab of some kind.

Me: Wow!

I flicked a light switch and then I saw a Cryopod!

Me: It's a cryogenics pod.

I went over and wiped the snow off it and I saw inside it was a woman raccoon!

Me: Whoa!

I looked closer and then I suddenly saw that it was SLY COOPER'S MOTHER, MARIE COOPER!

Me: Oh man! It's Marie Cooper! She has been alive all this time in cryogenic stasis!

I looked around and I pressed a button and the tank opened and Marie was thawed out and she fell and I caught her.

Marie Cooper: (Groans)

Me: You'll be all right.

Marie Cooper saw me.

Marie Cooper: Who are you?

Me: I'm J.D. Knudson, Leader of Team Loud Phoenix Storm and friend of your son Sly Cooper.

Marie Cooper: Oh no! Where is he? Did Clockwerk?

Me: Marie calm down. Clockwerk is dead. His 12,000 year killing spree of the Coopers is gone for good.

Marie Cooper: What happened to Connor?

Me: (Sighs) I'm sorry. He didn't make it.

I told her everything about Clockwerk and what he did and how we destroyed him and Sly Cooper becoming a great thief and more and she had tears of joy coming down her cheeks.

Marie Cooper: Oh Sly. I'm so proud of him.

Me: Lets get back to the team so you can be reunited with him.

Marie Cooper: Okay.

I got her dressed and we went back.

Luis: FYI, while you guys had your final battle with Xehanort, we had an encounter with his Heartless goons.

Mixmaster: Tell us more.

Luis: Okay. So, it was when me, Dave, and Kurt were getting burgers. I like mine with just cheese on the patty nothing else. So while we were waiting for our food, we saw Heartless killing a couple of people. The three of us panicked! Kurt was like, "We gotta get out of here!" Dave was like "We still haven't eaten!" I was like "We gotta find some weapons to defend ourselves with!" So, we found some weapons that belonged to dead AIM and Hydra Agents in trash cans. We ended up using them to kill the Heartless coming at us. Then we stayed in a warehouse until the Heartless stopped coming.

All of us stood in silence at Luis' story.

Lori: That's.. literally detailed.

Ant Man: Sorry. Luis likes going into long-winded explanations.

Nico: Wow! Hey where's J.D.?

Eli: He'll be back.

Then me and Marie came in.

Me: We're back.

Sly Cooper turned and then he gasped and so did Bentley, Neyla, Raj, Contessa, Jean Bison, Arpeggio, Murray, Guru, Penelope, Dimitri and the Panda King and Inspector Fox!

Bentley: Whoa man! Is that…

Sly Cooper: It can't be. (Tears stream down his face) Mom? Is that you?

Marie Cooper: Sly my boy. Look at you. You've grown into a great man.

Sly: MOM!

He went and hugged her for the first time in 20 years!

G1 Jazz: (to Luis) You, Dave, and Kurt are free to hang with us any time!

Luis: We would be honored. Since Scott knows all of you we can hang with you.

Dave: Yep. But we're so happy that Sly has his mom back. We heard all about what happened to Sly's family and that was terrible.

Kurt: It sure was comrades.

Laney: It was.

Brittney: But at least Sly has his mom back.

Sly: That's right. But mom where were you all this time?

Marie Cooper: I went into hiding because I knew that one day Clockwerk was coming for me and Connor. Before you inherited the Thievious Raccoonus, I snuck out and went into hiding in a specially built Cryogenic Lab that Dr. M built for me and I froze myself in suspended animation till Clockwerk was destroyed forever.

Brittney: Wow that is smart thinking.

Neyla: It sure is.

Inspector Fox: That was very clever.

Me: You don't have to worry about Clockwerk ever again.

Brittney: That's right dad. I made sure he was destroyed. He lived for over 12,000 years and he would stop at nothing to kill the Cooper Clan. But we destroyed that hatred forever.

Me: Yep.

---

Later we were back at the estate and getting ready for our next mission.

Ransack: Nico, not only do you get to do your first rescue. But you also get to lead today.

Nico: I know. And I'm excited for this one. We're going on another Goosebumps Monster Hunting Mission.

Eli: Ooh! Where are gonna go this time?

Nico: It's a little out of this world.

Nico held up the Goosebumps book for Welcome to Camp Nightmare.

Nicole: Ooh Welcome to Camp Nightmare. Good choice.

Me: That was a freaky one. That takes place on a summer camp called Camp Nightmoon that is over on another planet.

Shanan: Whoa that is dangerous.

Nico: Yep. That was a freaky one too. Our mission for this one is we're going to be going after the alien monster Sabre.

Laney: I don't like the sound of that.

Then Webstor, Angel, Red Ghost, Skalamander, Rich Texan, Steam

Smythe, Black Adam, Vypra, BlackWarGreymon, and Count Spankulot appeared.

BlackWarGreymon: Can me, Webstor, Angel, Red Ghost, Skalamander, Rich Texan, Steam Smythe, Black Adam, Vypra, and Count Spankulot go with you guys?

Nico: You sure can. We're going to face another Goosebumps monster.

Angel: Awesome! Which one this time?

Skyla: We're going to the world of Welcome to Camp Nightmare.

Angel: That was a scary one! I heard it takes place on another planet.

Me: Yep it sure does. And it takes place on a planet called Nightrama.

Shanan: Oh man! That is a really ominous planet. It's located 66,666 light-years away from Earth and it is home to REALLY terrible creatures that only come out at night.

Nico: Yep. We're going to meet Billy Harlan and help them out and get them off that planet. Lets head to the ship and head out!

Zhen Ji: Oh, before we head for Camp Nightmoon, we should introduce you all to some friends of ours who've helped us in dealing with Orochi and Da Ji.

Lincoln: Good idea, Lady Zhen Ji.

Lori: It sure is, we literally need to find out more about The Serpent King before we face him.

Suddenly, ten flashes of light had shined down into the Estate, and we saw ten figures come out from the light, and to our surprise, we saw who they were. They were none other than Susano'o, Nezha, Fu Xi, Nu Wa, Taigong Wang, San Zang, Sun Wukong, Kaguya, Zuo Ci, and Shennong, the residents and defenders of The Mystic Realm.

Lincoln: Oh wow, The Mystics, the residents and defenders of The Mystic Realm.

Taigong Wong: That's correct, and it's a pleasure to meet you, Lincoln Loud.

Lincoln: You too, Master Taigong Wong, along with Masters Susano'o, Nezha, Fu Xi, Nu Wa, San Zang, Sun Wukong, Kaguya, Zuo Ci, and Shennong.

Fu Xi: I'm surprised you found out who we are, Lincoln.

Me: We actually found out about you all from your allies from long ago.

Lincoln had explained to the Mystics that he was the one who rescued Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena long ago, and based on the Thunderbird Necklaces of Eternal Love on their necks, it means that they're now members of Lincoln's harem and his future wives, and he loves them all with his heart.

Taigong Wong: And we know that you're wanting to find out about Orochi, am I correct?

Lori: Yes, that's correct, Master Taigong Wong. What exactly can you tell us about him?

Susano'o: You won't like exactly what we're going to tell you all, Lori.

The Mystics proceeded to tell us about Orochi, The Serpent King, and as predicted, we weren't going to like him one bit.

---

Orochi

Orochi is a powerful, dangerous, and seemingly immortal entity from ancient times. From what can be told by putting various pieces of the stories and character's conversations together, Orochi was imprisoned by the mystics Taigong Wang, Fu Xi, and Nuwa for various crimes against humanity. It is later revealed that he was once known as Yinglong and was imprisoned for rebelling against his former master, the Heavenly Emperor. Interested in the chaos he could bring and feeling sympathy for him, Da Ji, together with Dodomeki and Gyūki, free him from his imprisonment at the Wuhang Mountains some millennium later.

Orochi decides to test the strength of warriors from the Three Kingdoms era and the Warring States period. He places these heroes into a new world, which is presumably a void space between dimensions. The world itself was a patchwork of different landmasses and locations in Asia, taken from their respective eras and nations, and bound together with Orochi's own demonic chi. He immediately sets his demonic armies upon the leaders and heroes from these worlds, quickly killing, imprisoning, or subjugating many powerful warriors. He sought to test his might against the heroes of these eras and among them find a worthy challenger.

For his first target, he attacks the Hōjō and Toyotomi armies at Odawara, taking both by surprise and scattering them. As a result of his chaos, the likes of Keiji, Kotarō and Dong Zhuo immediately flock to join him. Wasting little time, he then attacks Shu, where its leader, Liu Bei, attempts to flee Chengdu with the peasants. In response, Orochi clamps down on the leader and catches him, forcing the entire kingdom to bend its knee.

Shu's destruction soon causes many of the independent factions to strengthen themselves in anticipation to his next move. Orochi's next battle soon takes place at Kawanakajima, facing off against the allied forces of Shingen Takeda and Kenshin Uesugi, both considered military marvels of their period. Unimpressed, Orochi sweeps through their army and then orders Zhuge Liang to eliminate the Wu forces.

After Wu is subjugated, Orochi moves to personally siege Ieyasu at Edo Castle, breaking through the commander's defenses piece-by-piece until finally forcing him to surrender in exchange for the lives of his men. Orochi's might soon impresses Masamune and the general volunteers to serve the Serpent King wholeheartedly.

Upon learning of the Hero of Chaos, Cao Cao, Orochi tracks his prey down to Yiling and has Sun Quan at the forefront to fight the Wei army. At the end of the conflict Cao Cao is slain, but his body is never found. To the Orochi army's surprise, however, they are the ones soon under attack, this time by Nobunaga Oda, the mortal claiming to be the Demon King.

Amused by having the audacity of giving himself a lofty title, Orochi reinforces the Tokugawa at Mikatagahara and soon defeats Nobunaga as well. Having crushed all the human resistance, Orochi finally is able to smile in satisfaction, but Taigong Wang, Fu Xi and Nu Wa, having finally located the Demon army, descend into the fused world in order to apprehend Orochi once again. Despite the trio also relying on many sorcerers to augment their army's own magical powers, Orochi defeats them all and forces them back to the Mystic realm.

Returning to his throne with his officers and servants, Orochi decides to tighten the noose against the remaining pockets of resistance, convinced that mankind would truly bear its fangs if it was backed into a corner. Despite this, he ponders who the warrior to defeat him is, be it ally or enemy. With his new army, it seemed that no one could shake his grasp on the land. By the end of the first game, however, he is defeated by a coalition of the heroes of China and Japan -although it is left ambiguous who exactly stopped him.

In Warriors Orochi 2, Orochi is revived beyond the grave as Orochi X by Kiyomori with help from Da Ji and using Himiko as the catalyst for the resurrection to lead the forces of evil again. In Wei's story mode, he appears slightly earlier than others but is weakened from his unexpected revival. Regardless of which story mode the player partakes in, he is once again defeated.

Orochi's dream mode in Musou OROCHI Z has him divide his forces into two for a large-scale mock battle at Baidi Castle, fighting Da Ji's forces. Despite Da Ji calling on multiple allies such as Cao Pi, Dong Zhuo and both Zhuge Liang and Zhou Yu, Orochi is able to defeat her. As soon as this occurs, a messenger arrives reporting that Ueda Castle, which housed the captured Zhao Yun, had been infiltrated. With his boredom sated, he returns back to his castle. Orochi X's dream mode simultaneously challenging the leaders of every main faction against him -Shu, Wei, Wu, Samurai, the Mystics, Tadakatsu and Lu Bu- at Koshi Castle. He teams with Da Ji and Kiyomori and his remaining followers include Masamune, Sun Wukong, and Himiko. He wonders if there is any warrior among this large army who could grant him eternal slumber once more. After defeating the great army, he returns triumphant to his castle, telling the defeated to become stronger in order to face him once more.

While Orochi himself does not resurrect in Warriors Orochi 3, characters can sense remnants of Orochi's spirit and demonic chi throughout the story. The world's will takes his appearance multiple times near the end of the game, with each head turning into a different colored clone of the original. Its final consciousness resides within an Orochi X look-alike who faces the heroes one last time before dissipating once more.

In Warriors Orochi 3 Ultimate, Orochi's origin as the mystic, Yinglong, is revealed, and his role in killing the Heavenly Emperor is also shown in Fu Xi's past. Though Fu Xi returns from the future, and prevents the Emperor's death, Orochi is still able to weaken the ruler with deadly miasma. Orochi's very presence would continue to release this miasma, and to repair the Divine mirror, Orochi would need to be dealt with. Although he is able to kill Nezha in the conflict, Orochi is defeated by the remaining mystics at Koshi Castle, and the Heavenly Emperor manages to recreate a new Divine mirror to stop Kyūbi.

A copy of Orochi and Orochi X are later created by Kyūbi during her imprisonment at the mirror realm and serve her against the mirror realm's armies.

In Warriors Orochi 4, Orochi is revived beyond the grave again, alongside Orochi X by Odin, by capturing and using Shuten Dōji's body as a catalyst the moment he arrived into the fused world. Orochi X is revived in front of Odin and Da Ji, much to her dismay, while the regular Orochi is revived elsewhere. The Orochi Army including Kiyomori Taira all follow Orochi X, and to an extent, Odin's Army, to terrorize the Coalition forces in various battles. Later on, the Coalition forces confronted Orochi X to no avail, as Kiyomori Taira repeatedly healed him. A cutscene then plays where, moments before Orochi X executes someone, Orochi suddenly appears as a temporary ally, intercepts Orochi X's beam and confronts his X form, much to everyone's surprise. At this moment, the warriors finally remembered all the events that happened prior to the latest installment. After defeating Kiyomori, the Coalition and Orochi pressed the attack on Orochi X, but failed to defeat him. On their way to defeating Odin, Orochi X stood in their way. The Coalition forces, alongside Orochi, finally defeated Orochi X. In a cutscene, Orochi X falls as Orochi stands in front of him, challenging everyone, while Kiyomori and Da Ji both flock to their true lord. Orochi is then slain by the hands of Fu Xi and Susano'o, and is put back into eternal slumber, before giving Fu Xi a one last smile, implying that the soul of his former-self as Yinglong is still exist in him. Orochi X and Orochi would then revert to Shuten Dōji and brought back to the Mystic Realm at the final cutscene.

Known as either the Serpent King in the localization or the Demon King in the Asian scripts, Orochi is a surreal being who has the power to use the darkness and greed within people for his benefit, distorting their image of him into whatever they desire. Through this power, he can forcefully gain strongly loyal allies. He seems bored with actual administrating, leaving that up to his loyal strategist Da Ji. Of those who he has press-ganged into his service, he seems to respect Lu Bu the most, while Lu Bu is biding his time until he is powerful enough to slay Orochi and claim the title of the strongest for himself. He is intrigued by mankind's different decisions in conflict as well as how unpredictable at times they could be. He shows small surprise when the likes of Kotaro, Keiji and Masamune choose to serve him over supporting the other mortals in their resistance.

Orochi has a powerful desire to battle someone who can end his life, as hinted by various lines he speaks, Wei's ending in Warriors Orochi 2 and the Showdown at Yamatai Dream Mode level containing Lu Bu, Keiji Maeda, and Tadakatsu Honda. It is possible that he seeks peace in death, perhaps as atonement for his own corruption.

Orochi X remains as harsh as his older counterpart and is bitter for being wrenched him from his eternal slumber, something he bluntly confesses to Kiyomori. He acts arrogant of his superior might and continues his challenge heroes to slay him. After his death, Nuwa speculates that he may have wanted them to conquer him and claim this new land for themselves. His in-camp dialogues during the third game imply that he is far more nihilistic and omnicidal than the original, hellbent on bringing oblivion to himself and the world he created.

In Warriors Orochi 4, due to being revived simultaneously along with Orochi X, the original Orochi may retain the soul and memories of his former Yinglong-self, as he gave Fu Xi a smile before his eternal slumber, and when asked by Loki, attempts to deny any sort of past with the Mystic Realm. Like his former self, Orochi is not afraid to speak his mind, snapping back at Loki for his own conflicted thoughts, declaring that his friends would not escape destruction even if he achieved his vengeance. Despite this, Orochi retains some of Yinglong's benevolence, being more than willing to put down his God of Destruction counterpart alongside the coalition before challenging them himself. Orochi's bond with Lu Bu is explored once more, and he is delighted by the opportunity to grow stronger with and eventually be challenged by the warrior in a battle of world-ending proportions.

---

When Susano'o and The Mystics were done, we were horrified by the cataclysmic actions of Orochi.

Me: (Horrified) My God.

Nico: You said it, J.D. Orochi is the embodiment of pure evil, and he needs to be stopped.

Taigong Wong: And you mentioned that during your rescue, you encountered some of Orochi's troops on Treasure Planet, am I correct, Lincoln?

Lincoln: Yes, that's right, Master Taigong Wong.

Lori: And Lincoln soon found out that Da Ji was the one who brought Orochi back from the dead yet again to continue her self-amusement, she really makes me sick.

Nu Wa: Da Ji never learns her lesson, but this time, she's gone too far.

Lori: So, now we know everything about Orochi. (To Taigong Wong) Master Taigong Wong, which form is Orochi in when Da Ji brought him back from the dead?

Taigong Wong: Orochi was brought back in his first form, Lori. But, there's something else: Da Ji and Kiyomori also brought back Orochi's God of Destruction counterpart, Orochi X, in the process.

Oichi: Da Ji, Kiyomori, now those two have gone too far.

Zuo Ci: But, I soon discovered something quite interesting, Orochi had attacked Da Ji and Kiyomori after he and his God of Destruction counterpart were brought back, and he put his God of Destruction counterpart into a suspended animation, and left, which was quite strange.

This puzzled all of us as to why Orochi would do something like this.

Lori: What? Why would Orochi literally do something like this?

Lincoln: I think I know why, Lori. Orochi in his first form retained the soul, memories, and some of the benevolence of his former self, Yinglong, and he desires one thing: to face a powerful and brave warrior who can end him and grant him eternal slumber, while his God of Destruction counterpart, Orochi X, was devoid of his original personality, and desires to destroy everything in existence.

Me: Whoa.

Nico: You said it, Orochi wanted to face a brave and powerful warrior, who can grant him his desire for eternal slumber as repentance for his own corruption, that's one serious desire to repent for the sins he's committed.

Lori: And that's exactly what's going to happen.

San Zang: Lori, are you planning on…?

Lori: Yes, San Zang, I'm going to face Orochi, and bring him his eternal slumber, but I'm not doing it alone.

Sun Wukong: Now, that's what we wanted to hear, and in case, you were about to ask: I know that I was once part of Kiyomori's army, but let's just say, I'm already tired of Da Ji's constant desire for chaos and mayhem, and Kiyomori resurrecting Orochi over and over again. (To us) If you see Da Ji or Kiyomori, please put them out of their misery.

Luna: You can leave Kiyomori to me, Master Sun Wukong.

Leni: Which means, I'll handle that witch, Da Ji, as soon as they show themselves.

Lincoln: Now, we know who's going after Da Ji and Kiyomori soon, and Lori's right about not facing Orochi alone, I'm also going to help her in facing Orochi and granting him his desire for eternal slumber, and we won't let anyone down, Master Susano'o.

When The Mystics saw the conviction and determination in Lincoln's eyes, along with his bravery, this had impressed them greatly.

Susano'o: We know you and Lori won't disappoint, Lincoln.

Nu Wa: And we'll let you know if we encounter Da Ji or Kiyomori, courtesy of our new emissary.

The Mystics eventually left in a bright light, but we were left with the thought of who their new emissary was. But, we couldn't worry about that now.

Nico: Alright, everyone, let's head to Camp Nightmoon.

We went to the ship and we were off to planet Nightrama.

---

The Ship was flying through the voids of space.

Nico: Captain's Log, Stardate 4977.3: Team Loud Phoenix Storm is en route to the haunted forest planet Nightrama and our mission is to rescue the kids and staff of Camp Nightmoon and bring them back to Earth. Our mission is to also if possible bring the man who invented a camp like this to justice.

Donna Diego: Scream, are you familiar with Nightrama?

Scream: Not at all Donna. It's a new place for me.

Nico: For all of us actually. No telling what is gonna be there when we arrive.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

The screen turned on and we saw that we were at a really scary forest planet and it was close to a red dwarf star and it had 4 moons.

Nico: Wow this world looks wicked. Lets land.

We got to landing the ship and we were on the surface. We got out and we saw that the planet was much like Earth. Same Atmospheric composition, same gravity but with a different star and more moons and it had REALLY horrifying forests.

Me: Wow.

Nico: So this is Nightrama. Whoa what a scary planet.

Me: This planet gives me the creeps.

Eli: I'm sensing evil creatures here on this planet.

Fluttershy: (Hugs Lincoln in fright) Linky I'm scared.

Lincoln: It'll be all right Fluttershy.

Count Spankulot: (Transylvanian Accent) This place seems fine to me.

Me: Looks are deceiving count.

Nico: Yeah this planet may look like Earth but this place is a dangerous one. I've read the book and this place is home to many terrifying creatures that will kill you as soon as they see you. Lets find Camp Nightmoon.

We got out and walked around and the moons were absolutely amazing to see.

Nico: Wow. 4 moons in the sky.

Twilight Sparkle: That is so amazing.

Sunset Shimmer: It sure is.

We walked around and then we found Camp Nightmoon.

Nico: This is it guys.

Me: Wow. This was a REALLY bad idea. Building a camp on an alien planet thousands of light-years from home and on a world that is home to hostile creatures like this is basically a suicide mission.

Concrete Man: Anyone get the feeling that we're being watched?

Nico: I got that feeling.

I looked around and saw that there were glowing green eyes in a bush.

I fired an energy blast and it hit the bush and it exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The creatures in the bush ran away.

Nico: That was creepy.

But then a boy with blond hair came and it was Billy Harlan.

Billy Harlan: What was… Whoa! Team Loud Phoenix Storm!

Nico: You must be Billy Harlan.

Billy Harlan: I sure am and it's an awesome honor to meet you all.

Nico: Same to you.

Vypra: Are you really a human?

Nico: It's okay Vypra. He is Human.

Billy Harlan: Yes I'm human.

Nico: It's amazing how you all wound up here so far from home. You're on the planet Nightrama 66,666 light-years away from home.

Billy Harlan: Whoa man! No wonder it was so different here.

Me: Believe me I know the experience with going to different planets. Many of us do. We have been to many planets all over the universe and they are really amazing to see.

Laney: They sure are cool.

Eli: Yep and they have many amazing creatures and landscapes.

Nico: Yep. You should have seen how many planets we went to over the last few years.

Skyla: Yeah they are cool.

Billy Harlan: That is amazing. (Sees the Masters of Evil) Whoa are they the Masters of Evil?

Count Spankulot: That is right.

Vypra: Awesome to meet you.

Tania: I'm gonna be honest. This place is similar to the Shadow Realm.

Me: It sure does but it looks more like the Wood of Suicides from the 7th Circle of Hell.

Dante Alighieri: That was scary to see though.

Nico: No kidding.

Aqua: Actually this place looks more like the gnarled and discombobulated forests in the Realm of Darkness that I saw.

Me: That was scary. In fact all three of the places we said are scary.

Nico: Yep.

Billy Harlan: They sure are.

Black Adam: This planet is honestly not on the recommended camp list.

Me: A planet with this kind of scary landscape and the hostility of the fauna would not fit well at all.

Edd: That is something that I would say J.D.

Me: Sorry Double D.

Nico: But I agree with you both. Billy, we need to get you all out of here and to a much better camp.

Lazlo: And I have the camp that fits perfectly. Camp Kidney.

Koichi: And don't worry. Lumpus isn't in charge anymore.

Me: Yeah that rotten-orange brained moose is now locked up forever in the padded cell of the Saturn Insane Asylum.

At the Saturn Insane Asylum, Algonquin C. Lumpus was thrashing and lunging around in his cell and screaming in absolute insanity!

Lumpus: I WANT MY CAMP! IT'S MINE! (LAUGHS INSANELY) IT'S MINE AND NO ONE WILL HAVE IT! NO COW WILL HAVE IT! (LAUGHS INSANELY)

Doctor 1: How is he?

Doctor 2: Not good and getting worse and worse by the second.

Steam Smythe: What was that thing we just saw?

Me: I don't know but I got a really bad feeling about this.

Billy Harlan: That was a monster.

Shanan: I think I know what it is. It's called a Lobovendrgan.

Nico: Whoa man!

Eli: What is a Lobovendrgan?

Shanan: A dangerous creature native here to Nightrama. It only comes out at night and it feeds on meat of anyone it sees.

Laney: (GULPS)

Fluttershy hugged Lincoln in fright and she was scared.

Billy Harlan: On here, it's called a Sabre.

Laserbeak: (sarcastically) I wonder why.

Me: What does he look like?

Shanan: Here's what a Lobovendrgan looks like.

She showed a hologram of one.

Very little description is given to Sabre beyond it having red eyes. The episode gives Sabre a more distinct look, depicting it more as a giant wolf-like beast.

Me: WHOA! Scary and creepy!

Fluttershy screamed and hugged Lincoln in terror!

Lincoln: Man that is a scary creature!

Lana: No kidding! I would not want to meet one like that.

Allison: I think it's cool.

Qin: Only you would think a creature like that is cool Allison.

Erica: Yep.

Skalamander: That monster's out there right now. Probably waiting for the right time to strike.

Nico: If it does come we'll be ready.

Shanan: They only strike when one of us strays away from the team. But they also come out at night which on Nightrama is in an hour and a half.

Nico: We got to stick together then. Billy you have to get everyone in this camp out of here and onto the ship.

Billy Harlan: How? No one is going to believe me.

Nico: We can help you out with that. They won't believe you but they will believe us.

2D Man: Remember, no wandering off. That's what it wants.

Shanan: That's right. Just like the Thing, the Lobovendrgan's are ambush predators and they seize any chance to get a meal.

Nico: Right.

We stayed together and went to the cabins and told everyone everything about where they were and the kind of danger they all were in and everything and then they believed us and knew they were in trouble.

Freon: Now lets stay calm. We'll get you all back home safely.

Nico: Just pack your stuff and we'll fly you over to our ship so you can be safe there till we deal with Sabre.

Billy Harlan: Wait. Larry's missing!

Angel: I'll go fly and find him!

Nico: Skyla you go with her.

Skyla: Right.

They both flew to find him.

Azula: Shaggy, weren't you in a camp before?

Shaggy: Like yeah and we were terrorized by the Toxic Terror.

Nico: That's right I remember that.

Qin: Boy me too. That was scary.

Scrappy: I hope Shaggy and Uncle Scooby splatted the Toxic Terror!

Nico: They did.

Rich Texan: There's got to be some weapons around here that we can use!

Nico: Luckily I brought plenty of them.

Nico pulled out a scroll and unsealed a bunch of blasters like the ones from MIB.

Billy Harlan: Now you're talkin!

Nico: Yep.

Sheep Creep baaed, wondering what was taking Angel and Skyla so long.

Nico: They'll be back Sheep Creep.

Laney: Look there!

We saw Angel and Skyla carrying a badly hurt boy with them.

Billy Harlan: That's Larry!

Nico: He's hurt!

Eli: Oh man!

Red Ghost: (growls) If that thing did this, I will have Miklho tear him apart!

Nico: Same seconds for me.

They had Larry put on the ground and he was really cut up all to hell.

Varie: These injuries are bad.

Nico: Man that creature did a number on him.

Varie: They aren't fatal though. I can heal them up.

Nico: Okay.

Anastasia (Cinderella): Time to do our entrance on it!

Nico: Right! Linka you take the camp staff and kids and get them onto the ship. This is gonna be a big battle.

Linka: Right!

Linka did so.

Nico: Lets go!

We flew at Sabre.

Sabre was growling ferociously when suddenly the ghosts and spirits of the creatures of the night swirled around it and then then converged and then spun around and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above it and a phoenix cry was heard and then we came out.

Nico: Okay you furball. Your time is up!

Sabre roared ferociously at us!

Webstor webbed Sabre to a tree.

Webstor: Stick around, clown.

Me: This monster obviously doesn't know what a true werewolf can do!

I growled and my skin turned furry and I grew wolf ears and a wolf tail and my eyes turned glowing yellow and slit and I had my teeth turn into fangs and my hands turned into claws and my feet had claws too. I was now J.D. THE NOCTURNAL!

I howled ferociously!

Me: (BEASTLY VOICE) **Now for the night to spring forth.**

Erica: J.D. is a Werewolf!?

Qin: He has the power to turn into a werewolf at will. He calls this form J.D. the Nocturnal.

Allison: Cool!

Duskmon, Evil Green Ranger, Koragg, Robo Roxy, Shendu, Gizmo, Gentleman Ghost, Larxene, Selene, Amora the Enchantress, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror and Louie PoisonSea then appeared.

Nico: Duskmon, Evil Green Ranger, Koragg, Robo Roxy, Shendu, Gizmo, Gentleman Ghost, Larxene, Selene, Amora the Enchantress, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror and Louie PoisonSea.

Duskmon: Some camp this is, huh?

William: I know, right?

Me: **This camp is a nightmare on another world** .

Evil Green Ranger: If you ask me, Billy and the others deserve to be in a better camp.

Me: **I agree.**

Maria: That's kinda our plan after this is over.

Koragg: Good to know.

Robo Roxy: (to Nico) So, how was your first rescue?

Shendu: Was it enjoyable?

Nico: It was really cool and it was awesome. We went to the planet Makeb and it was really awesome to see.

?: That sure is cool.

A figure came out and it was SPINFERNO from episode 3 of Ninja Steel!

---

Spinferno is hired by Galvanax to attack the Rangers and get the Ninja Steel. Cosmo Royale hosts the show but it is interrupted by Spinferno. Cosmo gets angry and starts yelling at Spinferno who spins around him multiple times, making him dizzy. He then goes against the Brody and has the upper hand at first but with the Element Star Ninja Water Attack, the Ranger is able to blast him into the far skies. The monster later returns and wreaks havoc on the city but instead of the Power Rangers, he gets confronted by Victor Vincent and Monty in superhero outfits. After a long and laughable montage of the two idiots being "Superheroes" and trying to take him out with a fire extinguisher, he takes out the Datacom that Monty is holding with his fire spark and does his twister spin on the two "superheroes" to send them flying for several miles.

Afterwards, Spinferno is confronted with Calvin, Preston, Sarah, and Hayley but has the upper hand and the Rangers were in trouble. In the nick of time, Brody comes in and blasts the monster with his Ninja Blaster. The Red Ranger morphs and Spinferno summons an army of Kudabots to attack the Rangers and goes into battle. Whilst most of the Rangers take on the Kudabots, Brody and Preston take on Spinferno. Despite their teamwork, they are easily outmatched by the monster so the others join in. Outnumbered, Spinferno roller-skates away but is confronted by Calvin, who "challenges" him to a "race" for his Power Star, to which Spinferno agrees. However, it is a trap for him to get cornered by the other Rangers who then use the Element Star Forest Attack to hold him down and then obliterate him with the Ninja Fire Attack Final Strike, After Spinferno is "put out" by the Rangers, Cosmo asks the audience if Spinferno should be "lit back up", but the audience votes "No" so Cosmo Royale unleashes a Skullgator instead.

---

Brody Romero: Spinferno!

Spinferno: Been a while rangers.

Me: **I remember you! You were sent by Galvanax to get the Ninja Steel and the rangers ambushed you with the element of surprise. That was pure genius there.**

Spinferno: It sure was genius.

Vypra: Didn't I tell you he has a sharp memory?

Spinferno: And you weren't kidding Mistress Vypra.

Spinferno: (to Brody) Whatever happened to that Datacom you had before?

Brody: I must've left it back home.

Nico: We can go back and get it later.

Brody: Okay. Billy you are in for a great show.

Billy Harlen: Awesome!

We got the usual battles underway.

Jeri Katou, Kion, Beshte, Fuli, Ono, Bunga, Jasiri, Rainbow Dash, Scootaloo, Air Skylanders, Iormu the Jormungandr, Miia, Sea, Ransack and Crumplezone VS Duskmon - Me finding Sly Cooper's mom

---

Duskmon was first.

Duskmon: (to Jeri) I didn't expect J.D. to find Sly's mom. But I'm not complaining.

Jeri: I know and it's awesome that J.D. found her after all this time. Sly needed his mom back.

Kion: What amazed me is how she was alive after all this time. She was frozen in a cryogenic pod.

Beshte: You got that right. It was until Clockwerk was destroyed. But I guess fate had other plans.

Ono: Yeah no kidding. Dr. M didn't return because he was obsessing over the Cooper Vault for years.

Bunga: Yeah and his obsession did him in before he could come and revive her.

Fuli: But thanks to J.D. he brought her back.

Jasiri: (Australian Accent) After everything that happened to Sly and his gang over the last few years, he more than deserves to have his mom back.

Duskmon: I agree with you all there. The course of 12,000 years has not been kind for Sly Cooper's family.

Rainbow Dash: No it has not! But Sly and his mother have so much catching up to do after all these years.

Scootaloo: Sly was sent to an orphanage because of Clockwerk. But it wasn't all that bad for him. He met Bentley and Murray and got his team all together right away.

Whirlwind: That is true and the next Generation of the Cooper Gang was born because of that.

Iormu: That is so awesome and the Cooper Clan has been stealing from Criminals and all that for over 12,000 years. That's the most amazing family of thieves we've ever seen.

Miia: It sure is amazing.

Sea: I'll say. And they stored over 3,300 years worth of wealth and treasure that they stole from all those criminals, traitors, corrupted noblemen, Pharaohs, etc. all in a vault on an island in the South Pacific. So amazing.

Duskmon: Wow! That is really amazing! I'm glad that Sly has his mom back and I can tell they have a lot of catching up to do. Lets do it!

Kion: TILL THE PRIDELANDS END…

Jeri and the Lion Guard: LION GUARD DEFEND!

Bunga: ZUKA ZUMA!

Beshte: TWENDE KIBOKO!

Fuli: HUWEZI!

The blasted and smashed Duskmon down with lightning, wind, rainbows and energy.

Jeri Katou: (ROARS LIKE A LION)

Rainbow Dash: That was AWESOME!

---

Sarah Gunnerson: It was amazing! They not only got another round of the Loot of A Thousand Worlds but also took down Orochi the Serpent King's army

Koragg: Those monsters! I've heard of Orochi and he and his army are ruthless savages. They have no honor.

Sarah Gunnerson: No they sure don't!

Applejack: It was a really amazing battle and it was great how they faced The Serpent King's army

Apple Bloom: But we're now rid of them for good.

Flashwing: Thank goodness now The Serpent King Himself will be next soon.

Portaler: Soon we will be rid of them and the world can rest easy.

Lily: Yeah thank goodness.

Koragg: No kidding. But that still must be a tremendous shock still for you all that Venjix and Evox are both one in the same.

Sarah Gunnerson: You have no idea.

Koragg: Yeah. And this is Portaler's first time. What species is Portaler?

Portaler: Portaler is what's called a Voidonian from the planet Voidrous.

Koragg: Interesting and cool. Lets do it!

They fired waves of earth and crystal and rock and smashed him down.

Sarah Gunnerson: OH YEAH!

Applejack: YEEHAW! That was great!

---

Shendu the Demon Sorcerer of Fire was next.

Shendu: (to Kendra) Putting a camp on a planet like Nightrama was a terrible idea. They should've put it on somewhere peaceful like the Island of Sodor.

Kendra: That would make more sense because Thomas and friends wouldn't hurt anyone there.

Sunset Shimmer: That's true and they would watch over them.

Pip-Squeak: (British Accent) They sure would and it would be awesome.

Sunburn: I think so too.

Fire Princess: Thomas and friends are great protectors.

Gizmo: (to Ren) Camp Kidney's a much better camp. It's got a way more peaceful environment.

Lie Ren: Yeah and Lumpus is now back in the Saturn Insane Asylum where he belongs for good.

Starlight Glimmer: What really shocks me is that he went under plastic surgery to make himself different. Or in this case he did Species Change Surgery to turn himself from a Reindeer to a Moose.

Cozy Glow: That is amazing that he was able to elude the authorities all this time, locked Heffer in the closet and stole his job as Scoutmaster.

Hex: That guy gives Mooses everywhere a REALLY bad name.

Maiden of The Aqua: Yeah he sure does.

Cure Mermaid: He has no love for anyone and is an absolute idiot.

Red Archery Girl: Who does Lumpus think he is!?

Eria: Yeah what a bighorned buttface.

Natsume Seno: Yeah I heard about Lumpus and what he has done and he was a monster.

Gizmo: He is a complete and absolute vomitchewing barfbrain. Lets do it!

---

Selene was next.

Selene: (to Sam) Whoever put a camp on planet Nightrama has to be one stupid idiotic freak. I bet the idea came from someone who has the brain of a 2 year old!

Sam Simpson: Yeah no kidding! If we do find out who did that we'll make sure they are punished for it.

Princess Celestia: Absolutely! I'll banish them to the moon for 1,000 years.

Spotlight: Good idea!

Lilith the Devil: I would send them to Crematoria. That sounds much better.

Brittney Knudson: I do too. Hope they can handle the intense heat.

Cozy Glow: That was a horrifying experience that we heard about.

Magma Gloom: Boy no kidding. That was horrifying! Especially because they worshiped an artifact that was part of a greater threat that was out to destroy the entire universe. But it's good they are declared a terroristic threat. Lets get it on!

Stinky Pete: Those are funny too.

Woody: Yeah no kidding.

Silver Spoon: AWESOME!

Woody: YEEHAW! That was great!

?: (Echoing Demonic Voice) And now, the time has finally arrived for our fight.

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and when we sensed a dark energy, that means big trouble was coming.

Lori Loud: That dark energy, I knew it. You can finally come out now, Orochi.

A tall and dark figure came out of the darkness, and it was none other than Orochi, The Serpent King, in his first form.

Me: So, that's Orochi. He sure looks like a wicked individual.

Nicole Knudson: That's right, Dad, and he's exactly what The Mystics have described him to be, and we already know why you're here, Orochi.

Orochi: (Echoing Demonic Voice) Yes, to face off against Team Loud Phoenix Storm. But, I also intend to make my destruction a little more interesting.

Orochi then summoned his God of Destruction counterpart, Orochi X, and he was still in suspended animation.

Lori Loud: Your God of Destruction counterpart.

Orochi: (Echoing Demonic Voice) If you destroy me, then, my God of Destruction counterpart will also be destroyed as well.

Lori Loud: And that's exactly what's going to happen, Orochi.

Suddenly, Lori Loud's eyes turned neon blue, and she was surrounded by a rainbow energy aura with winds, flames, eagles, dragons, and fairies, and she unholstered her massive Sword of Ga'Oh from her back, and as she approached Orochi, she left neon blue energy, winds, flames, eagles, fairies, and dragons.

Lori Loud: Orochi, the crimes that you have committed against humanity and The Mystic Realm can never be forgiven. This time, I'll literally see to it that you never return from the dead ever again to cause havoc and chaos to all those in your path!

Suddenly, Lori Loud was surrounded by a massive vortex of rainbow energy with winds and flames now surrounding the vortex, there was an eagle, fairy, and dragon flying around the vortex, and in the vortex is a blond phoenix. Then, as the vortex had faded, Lori Loud emerged, but she was changed forever.

Lori Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted blue bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large sky blue orbs orbiting around her legs, she has blue highlights in the bangs of her long blonde hair, she has neon blue eyes and a rainbow energy aura with winds, flames, eagles, dragons, and fairies surrounding her, she has a rainbow deer with The Sun surrounded by its antlers with a rainbow eagle holding the Wind Kanji in its talons, rainbow fairy, and rainbow dragon holding the Fire Kanji in its claws surrounding the deer emblazoned on her forehead, she has on silver deer head stud earrings with the Wind Kanji in its antlers and a necklace with a deer head holding the Fire Kanji in its antlers for the pendant, she has on a sleeveless blue shirt with a blond phoenix, blue skirt with winds and flames on it, blue leather ankle-length combat boots, and a blue long sleeveless trenchcoat with winds, flames, eagles, and dragons on the coattails, and on the back is a deer with a dragon, eagle, fairy, and phoenix surrounding it.

Lori has massive blond angel wings with sky blue and orange tips on the large blond feathers, the massive, wide, double-edged blade of her Sword of Ga'Oh grew to 6'5" in length and the long black handle grew a little longer, and she has on blue fingerless gloves with the symbol of The Loud House on the back, Lori has on her Orange Lantern ring on her right ring finger, her brand new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her left hip. There's a sky blue kanji below the deer that said, "Lori Loud, First Born and Eldest of The Loud Family, Loving Sister and Defender of Her Many Siblings, Loving Eldest Daughter of Rita and Lynn Sr., Loving Wife of Bobby Santiago, Loving Mother of Many Kids, Slayer of Evil, Descendant of 17th Century Duchess Lori of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Amazing Member of Team Loud Phoenix Storm, Emissary and Champion of Ga'Oh, Defender of The Loud House and The Loud Family, and Master of Wind and Fire."

ロリ・ラウド、ラウド・ファミリーの最初の生まれで長男、彼女の多くの兄弟の愛する姉妹と擁護者、リタとリン・シニアの愛する長女、ボビー・サンティアゴの愛する妻、多くの子供たちの愛する母、悪の殺し屋、十七番目の子孫スコットランドのラウド湖の世紀公爵夫人ロリ、モラグ・マクラフリンの破壊者、ラウド・フェニックス・ストームの素晴らしいメンバー、ガオの使者とチャンピオン、ラウド・ハウスとラウド・ファミリーの擁護者、そして風と火のマスター

Lori Loud has transformed into SUPER ANGEL INFINITY HURRICANE DRAGON FIRESTORM EAGLE FAIRY ANGEL OF DIVINE JUSTICE AND LOVE!

We were amazed by Lori Loud's Super Angel Infinity transformation, and when Bobby Santiago saw it, he had an atomic red blush on his face, his eyes changed to hearts, and steam came out of his ears. But, when Orochi saw it, a smile appeared on his face, the fight that he's been waiting for has come.

Me: (Stunned) Whoa.

Nico: You said it, Commander, Lori's the next one of the Louds to transform.

Lynn: Oh man, and she's going to make sure Orochi gets the eternal slumber that he deserves.

Lincoln: Wow, Lori, you look amazing, how do you feel?

Lori Loud: (Divine Echoing Cosmic Voice of The Fiery Hurricane of Justice and Divine Love) **I literally feel incredible, Lincoln, and now, it's finally time to give Orochi the eternal slumber that he deserves.**

Lincoln: (Smiles) You got that right, Lori.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Lori.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal

Justice and Elemental Hope) **Let's do this, Lori.**

Lori: **I'm ready, Lincoln.**

Orochi: (Echoing Demonic Voice) (Smiles) **Do not disappoint me, Lori and Lincoln Loud.**

Warriors Orochi 3 Ultimate OST: Theme of Orochi Rebirth Mix

Lori and Lincoln went at The Serpent King, who swung his large scythe at them, but they dodged it, and they had fired powerful blasts of rainbow energy, winds, rainbow flames, elemental forces, Deer, Dragons, Eagles, Fairies, Thunderbirds, Buffalo, and Phoenixes at Orochi, and they exploded with incredible power as soon as they hit The Serpent King, and he was badly injured by the purity of the good radiating from them. Then, they attacked Orochi with their massive swords with powerful one-handed swings and he was badly hurt. Finally, Lori and Lincoln covered the massive blades of their massive swords with rainbow energy, and they charged at Orochi at fast superhuman speed, and they slashed and cut down Orochi, who dropped his large scythe to the floor.

And in the process, Orochi X was also destroyed, as well. When that happened, Orochi had a smile of peace on his face, and he fell to the floor. Lincoln and Lori holstered their massive swords on their backs and power down, and the improvements to Lori's clothes, weapons, jewelry, and angel wings were permanent, and they approached Orochi.

Orochi: **At last… , it's finally over.**

Lori Loud: This is what you desired, isn't it, Orochi?

Orochi: **Yes, Lori. I'm glad that you and Lincoln were the ones who brought about my death.**

This stunned Lincoln and Lori, as they soon found out that Yinglong's conscience spoke to them in his final moments, and it brought a smile to their faces, and a tear in their eyes.

Lincoln: And now, you can finally rest in peace.

Orochi's body turned purple, and his spirit was Super Hakaied forever, but he died peacefully with a smile on his face: his desire for eternal slumber was finally fulfilled.

Lori and Lincoln: (Smiles) Farewell… , Yinglong.

Lori and Lincoln hugged, and they went back to the rest of us, and we hugged them.

Nico: Wow, Lincoln, Lori, I'm so proud of you guys, you did it, Orochi is finally gone for good, along with his God of Destruction counterpart, and Orochi's desire for eternal slumber has been fulfilled.

Lincoln: That's right, Commander. At least, Orochi can finally enjoy eternal slumber, and we'd made sure that Kiyomori and Da Ji can't resurrect Orochi or The God of Destruction ever again.

The girls in Lincoln's harem ran up to Lincoln, and they hugged and kissed him, and Lincoln's kids all ran up to Lincoln and they hugged him and he returned it, Bobby went up to Lori, and he picked her up in his abnormally massive and powerful muscular arms, and they shared a passionate kiss, and her kids ran up to Lori and they hugged her, and she hugged them back. Then, Lynn Sr. and Rita went up to Lincoln and Lori, and they hugged them, and they returned the hug.

Bobby Santiago: Babe, you did an amazing job.

Lori: Thanks, Bobby.

Lincoln: But, this also means one thing, once word of Orochi's death reaches the ears of Da Ji and Kiyomori Taira, they're going to be wanting one thing: revenge for what we did to Orochi.

Luna Loud: But, like I said, big bro, I'll be ready for Kiyomori when he shows his ugly face.

Leni: And I'll be ready for Da Ji soon, but that'll be when The Mystics warn us if they spotted Da Ji or Kiyomori Taira.

Lori: And I literally heard you call Lincoln "big bro", why did you?

Luna: (Smiles) Well, it's because of just how big and muscular Lincoln is.

Me: (Laughs) Yeah, that makes sense, Luna.

We shared a laugh. The Mystics saw what Lincoln and Lori have done in ending Orochi this time for good, and they smiled at what they've achieved.

Fu Xi: They've done it, Orochi is finally gone, and now, all that's left is for them to hunt down Da Ji and Kiyomori.

Sun Wukong: When Kiyomori shows up, mind if I help Luna in taking him down?

Nu Wa: I guess I can call that as repentance for helping Kiyomori, Wukong. But, we'll have to decide on how to punish Da Ji for what she's done when we meet with Team Loud Phoenix Storm again, and they'll soon find out who our emissary is.

But, we might have an idea on who their emissary really is.

Gizmo: You guys will like it at Camp Kidney.

Billy Harlan: I don't doubt that.

Gentleman Ghost: It's way more peaceful there.

Larxene: And we're not lying about that.

Allison: Is it okay if I say something now?

Selene: Sure. What is it?

Allison: (sighs sadly) Nico, I've had a crush on you the entire time I've met you. But I see you and May are already married. So, I'm not mad or jealous. I guess I can live with us being just friends.

Amora the Enchantress: You know Nico's in a harem now, right?

Allison: Say what?

Lori: (to Nico) You literally didn't tell her?

Nico: It slipped my mind, okay?!

Me: It's true Allison, Nico is now part of the same Ordinence me, Lincoln and Clyde are under.

Allison: Wow. That is cool. Looks like the kid and his loves are family now.

Nico: Yep.

Eli: Guys lets get out of here now. We got more creatures coming.

Nico: Lets go home.

We went back to the ship and we got out of there.

Nico: That was close.

Billy Harlan: Yeah. (To the viewers) This was a great adventure and we are going back home to be in a better came.

Nico: Yeah you got that right.

Laney: Scary but awesome adventure.

We arrived and got Billy and his friends enrolled into Camp Kidney. We found out that the one that was responsible for the camp going to planet Nightrama was a mad scientist that was arrested earlier for his twisted portal experiments. He was sent to the nuthouse before we went to Nightrama. He was sentenced to the Saturn Insane Asylum forever. We enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfic done.

Welcome To Camp Nightmare was a really freaky book from the Goosebumps Books. Can you imagine going to an alien planet for a Summer Camp? That would be a horrifying and scary experience from Hell. The first part was for Nico's 1st ever Rescue and he rescued a childhood friend of his that was turned into an Allosaurus and they were on the planet Makeb from Star Wars. The second part for Lincoln's Rescue was for the 2002 movie Treasure Planet. Great movie and awesome adventure. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Next up for Nico's Rescue is gonna be another of his childhood friends and her name is Laura Correia will be the next Gene Slammers. She's a Ornithocheirus gene-slammer. That's a type of Pterodactyl that lived 105 million years ago. Nico will be in The Rite of Spring segment from Fantasia in 1940 and it'll be the during the Dinosaurs and the Tyrannosaurus Rex will be who they fight. Lincoln's rescue will be in the world of Fantasia 2000 and we'll be facing the Firebird in The Firebird Suite. I'll get another girl for my Harem and it'll be The Sprite of Spring as I save her from the evil Firebird and so will Lincoln with his harem. The next chapter is a scary one as we go face another Are You Afraid of The Dark Monster and it's going to be THE SHADOWMAN! We're going to make that nightmare monster pay for his crimes.

See you all tomorrow.

# WRATH OF THE SHADOWMAN

In the world of Dinosaurs on the movie of Fantasia from 1940, and Nico and Connor are there for another rescue.

Nico: Thanks for coming with me, Connor.

Connor: Anytime Nico. This is gonna be so awesome to go on one of these rescues.

They saw that they were in the world of the 1940 movie Fantasia and the song The Rite of Spring by igor Stravinsky was playing and they were in the Dinosaur Part of the song and it was awesome.

Nico: Wow! We're in the movie Fantasia and it's the song Rite of Spring.

Connor: Awesome. And I love the part with the Dinosaurs.

Nico: Me too.

Connor: This is gonna be awesome.

Nico: You should morph in case we run into trouble.

Connor: Right. DINO THUNDER POWER UP! HA!

He turned into the Red Dino Thunder Ranger!

Nico: Good.

Suddenly the music got louder and then out of a flash of lightning came THE TYRANNOSAURUS!

HE WAS REALLY HUNGRY!

Nico: It's the Tyrannosaurus!

Connor: Here we go.

Then they saw a Ornithocheirus biting and slashing its eyes!

Nico: Whoa look at that.

Connor: Wow that's an Ornithocheirus.

Ornithocheirus: (In a girls voice) TAKE THAT YOU BAD TYRANNOSAURUS! YOU NEED TO LEARN SOME MANNERS!

Nico: That voice. That's Laura Correia.

Connor: Another friend of yours Nico?

Nico: Yep.

Nico and Connor went over to the fight as the Tyrannosaurus was in pain from being blinded.

Nico: Laura! It's me!

Laura Correia: That voice. Nico?

Nico: Yeah it's me.

Laura Correia: Nic!

She flew and hugged him.

Nico: It's awesome to see you here.

Laura Correia: It sure is. Wow you look amazing.

Nico: Thanks. I've grown a lot since we last saw each other. You don't look bad yourself.

Laura Correia: I know but I'm now a Pterodactyl!

Connor: You're actually a Ornithocheirus.

Laura Correia: Oh.

Nico: Let me revert you back to normal.

Laura Correia: Okay.

Nico and Connor covered their eyes and Nico snapped his fingers and Laura was reverting back and she was in her birthday suit.

Nico: How do you feel?

Laura Correia: Good. (Sees herself and covers herself) But I'm naked as a jaybird!

Nico gave her a robe and she put it on.

Connor: Do you have any good memories of Nico to share?

Laura Correia: Me and Nico were gym partners in boxing. I would hold up the punching bag for him and then he would punch away at it with incredible strength. I would also spot him whenever he would lift incredible weights. He lifted up over 50,000 pounds.

Connor: WHOA! That is tremendous weight!

Nico: It's true. It's how I was able to win the championship weightlifting contest 15 times in a row.

Laura Correia: Yep. Also my funnest memory was when we were in science class and we were mixing chemicals. Nico put in a tiny drop of nitroglycerin to a formula we made and then it exploded in my face.

Nico: That was an accident and we laughed it off.

Laura Correia: Yeah. But I then underwent a really amazing change. I got sky blue angel wings as a result.

Connor: That's amazing and chemical accidents are one of the causes of people getting powers in the comics.

Nico: Sorry you got Gene Slammed.

Laura Correia: I actually don't mind it. I get to eat lots of fish and it's my favorite food.

Nico: Cool. But you did really well against the T-Rex.

Laura Correia: Thanks.

Nico: Lets get home before you catch cold from this rain.

Later Nico, Connor and Laura came back and Laura was reunited with all of her friends and was in the team.

---

Later on after Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, and Tyler Nevarro were heading to the world of Fantasia 2000, specifically The Firebird Suite, and not only is Lincoln going to rescue the sixteen girls there, but I'm also going to rescue The Sprite of Spring from the evil Firebird.

Lincoln: Wow, we're in The Firebird Suite, and I think I know what we're going to do here, not only am I going to rescue the sixteen girls there, but J.D.'s also going to rescue The Sprite of Spring, and we're going to take down the evil Firebird.

Me: That's right, big guy. This is going to be one fiery battle.

Nico: We'll turn that Firebird into fried chicken for what he's done.

Lynn: You said it, Nico.

Tyler Nevarro: Oh, and this morning, Alya posted up the video of yours and Lori's fight against Orochi yesterday on her blog, Lincoln. When everyone saw it, everyone then went bananas and they cheered wildly for what you guys did in getting rid of The Serpent King.

Lincoln: I know, Tyler. In fact, Lori and I almost got swarmed by a lot of people who were cheering for us for what we did to Orochi.

Nico: Yikes, but I can't blame them though, big guy, you and Lori did take down The Serpent King, who's known as a very dangerous threat to humanity, along with his God of Destruction counterpart, who's a danger to all of existence.

Lori: I agree, and I guess it was thanks to Orochi putting his evil God of Destruction counterpart in a state of suspended animation, and when we killed him, we also destroyed Orochi X for good.

Luna: True, dude, but I think Yinglong also had a hand in that one, since Lincoln did say Orochi in his first form had the soul, memories, and benevolence of his former self, Yinglong, in him. So, Yinglong also helped you and Lincoln out, and I'm sure that he's very proud of you both.

Lincoln: You said it, Luna.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the sixteen girls along with The Sprite of Spring, but they've been cornered by The Firebird, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls along with The Sprite of Spring, but they've been cornered by The Firebird, and he's going to kill them. Let's roast that bird on a spit.

Nico: Now, you're talking, big guy.

We rushed on over, and Lincoln fired a powerful blast of rainbow energy at The Firebird, and it hit the fiery bird in its wings, and injured it badly. When The Firebird saw us, it screeched in fiery anger at it.

Lincoln: Alright, you fiery rat with wings, time to end your little reign of terror once and for all.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Tyler Nevarro transformed into his Red Dino Charge Power Ranger form, Lincoln's sisters also transformed and they'd unholstered their massive swords from their backs, and Me, Eli, Nicole, and Nico also transform and we unholstered our massive swords from our backs, and we went at the soldiers of Orochi, and we fire powerful blasts of rainbow energy, elemental forces, water, lightning, stars, and lasers right at The Firebird, and they exploded with such incredible power. The Sprite of Spring and I also fired a blast of water at The Firebird and soaked it badly, and she now has a Elemental Phoenix Necklace of Eternal Love on her neck, signaling that she's now a part of my harem.

Then, Lincoln fired a red energy blast and it hits The Firebird, and Lincoln sucked out and absorbed all of the fire and energy of The Firebird, and he and the rest of us made them our own, and The Firebird was killed after having all of it's energy and fire sucked out. We all cheered wildly as we holstered our massive swords on our backs and power down. Then, Lincoln and all of us went to the sixteen girls there, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Chitose Fumio, Kawai Hina, Shibukawa Azumi, Usui Kyouko, and Yokosuka Erie from Hairpin Double, Ai Goushou from Hero Bank, Higa Maise from Deji Meets Girl, Mishima Mei, Aoi, Hayakawa Misaki, Kobayashi Tamako, Kurosaki Ryouko, Makihara Izumi, Miura, and Vanilla Make Repairs from Kemeko Deluxe, and Ayukawa Madoka from Kimagure Orange Road.

Lincoln: Oh wow, it's Chitose Fumio, Kawai Hina, Shibukawa Azumi, Usui Kyouko, Yokosuka Erie, Ai Goushou, Higa Maise, Mishima Mei, Aoi, Hayakawa Misaki, Kobayashi Tamako, Kurosaki Ryouko, Makihara Izumi, Miura, Vanilla Make Repair, and Ayukawa Madoka.

Me: From Hairpin Double, Hero Bank, Deji Meets Girl, Kemeko Deluxe, and Kimagure Orange Road, awesome and cute.

Lincoln: Are you girls okay?

Chitose Fumio: Yeah, we're okay, thanks to you.

Then, Chitose Fumio and the other fifteen girls saw who it was that saved them from The Firebird, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

And when The Sprite of Spring saw who it was that also saved her from The Firebird, her face turned atomic red when she saw me.

Chitose Fumio: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Sprite of Spring: And you're J.D. Knudson of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene. Then, I went up to The

Chitose Fumio: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Sprite of Spring: And it's also a pleasure to meet you too, J.D. Knudson.

I then went up to The Sprite of Spring, and I picked her up in my abnormally massive and powerful muscular arms, and we kissed passionately. Suddenly, an Elemental Phoenix Necklace of Eternal

Love appeared around her neck.

Suddenly, sixteen Thunderbird Necklaces of Eternal Love have appeared around the necks of Chitose Fumio, Kawai Hina, Shibukawa Azumi, Usui Kyouko, Yokosuka Erie, Ai Goushou, Higa Maise, Mishima Mei, Aoi, Hayakawa Misaki, Kobayashi Tamako, Kurosaki Ryouko, Makihara Izumi, Miura, Vanilla Make Repair, and Ayukawa Madoka. Then, we returned home to the Estate, and we told everyone there of what we did in the world of Fantasia 2000, and when they saw what Lincoln did to The Firebird, they cheered wildly for Lincoln and the rest of us, and they all hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. We got rid of The Firebird, which makes another evil villain from Fantasia put down for good.

---

After getting rid of The Firebird this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln and his harem were getting ready for their date, and this time, it's at Aquarium Park in Sonic's world. But, they're not the only ones going, Naruto and his harem are also coming along for the date.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, and buffalo on it and large orange sandals, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Naruto snapped his fingers, and the now 7'0" tall, blonde-haired, handsome, and extremely muscular teen was dressed in large red swim trunks with a phoenix and nine-tailed foxes on it, along with his large weighted red bands with silver phoenixes on his massive biceps and thighs, his jewelry, large red sandals, nine massive and long red fox tails, large red fox ears, and eight large crimson red orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were all dressed in two-piece bikinis in their favorite colors with the mythological animals on them, sandals in their favorite colors, and they had their weapons holstered, in case of trouble, and Naruto's harem harem were also dressed in two-piece bikinis in their favorite colors with the mythological animals on them, sandals in their favorite colors, and they had their weapons holstered, in case of trouble.

Lincoln: Alright, everyone, shall we?

Lily the Mermaid: Of course, Linky.

Lincoln and his harem, along with Naruto and his harem left the Estate, and they head for Aquarium Park. When they arrived at Aquarium Park, Lincoln and his harem, along with Naruto and his harem were amazed by Aquarium Park, it's a large planet that is flooded with water. Much aquatic vegetation grows peacefully here, and many fish, along with Wisps and robotic animals, inhabit the planet, and it is surrounded by a gigantic glass dome. Many East Asian-styled buildings are seen both on the surface and underwater.

Naruto: Wow, so this is Aquarium Park, this is so awesome.

Sakura Haruno: You said it, Naruto.

Lincoln: And now that Eggman is gone for good, Aquarium Park is now a place for us to visit and have some fun.

The gang went swimming in the water, and they saw the aquatic vegetation that grows peacefully here, and they also saw the many fish, along with Wisps and robotic animals, that inhabit the planet, and they took pictures of everything. They also went into one of the buildings to have lunch that Zhang Chunhua made for them, since they're not going to eat at the Bucket O'Sushi restaurant, since Tails said the food there tastes awful. Then, as the sun was about to set, Lincoln and Naruto made clones of themselves and they walk up to the girls in their harems, and picked them up in their abnormally massive and powerful muscular arms, and just as the sun had turned orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Aquarium Park in Sonic's world.

Tails: Aquarium Park, wow, that was an awesome place you chose. But, please tell me that you guys didn't eat at the Bucket O'Sushi restaurant, the food there tastes awful.

Lincoln: Don't worry, Tails, we didn't.

Zhang Chunhua: He's right, I was the one who made and packed us lunch.

Tails: Whew, now that was a close call.

Naruto: You said it, and I called to have the Bucket O'Sushi restaurant closed down and condemned for good.

Sonic: Nice one, Naruto.

Lincoln and Naruto showed us the pictures of the aquatic vegetation that grows peacefully here, and they also saw the many fish, along with Wisps and robotic animals, that inhabit the planet, along with the gigantic glass dome surrounding it, and the many East Asian-styled buildings seen both on the surface and underwater, and we were amazed.

Me: Whoa, that's awesome.

Nico: You said it, J.D.

Lily Loud: This is so awesome, plus, Aquarium Park is home to the aquatic vegetation growing here, along with the many fish here, Wisps, and robotic animals here.

We continued listening to the accounts of Lincoln and his harem and Naruto and his harem of their date in Aquarium Park, and it looks like they've had quite an amazing time.

Nico: Oh, and I think we figured out just who the emissary of The Mystic Realm is.

Lincoln: I was just about to say, Nico. But, this was definitely one mystery we had to think hard about to solve it.

Suddenly, we saw a large dog with white fur covering its body, gold markings around its lips, blue and gold markings on its white fur, large collar with a gold Yin-Yang symbol and purple tassel for the dog tag, jade colored paws and gold covering the fingers, and gold braces on its wrists.

Lana: Aw, where did you come from, big guy?

?: That would be from me.

Suddenly, we saw a blue flash of light descend in the Estate, and once the light faded, we saw who the figure was, it was none other than the Taoist Mystic, Yang Jian.

Lincoln: Wait a second, that dog that came into the Estate was the divine dog Xiaotan. Now I know who you are, you're the Taoist Mystic, Master Yang Jian, resident and defender of The Mystic Realm, and we figured out just who the Mystics' emissary was, you are known as a hard-working man, and who has devoted himself to his training and continuing to grow stronger by learning your enemy's weakness.

Yang Jian: Yes, that's correct, Lincoln, and it's a pleasure to meet you.

Me: You too, Master Yang Jian.

Yang Jian: I heard you were about to head out now, and it's a good thing I stopped you real quick, I have some news to tell you: we've found Da Ji.

We gasped in shock.

Lincoln: Whoa, we were just about to say, and from what we know, she's out for revenge for what happened to Orochi yesterday at Camp Nightmoon.

Yang Jian: Yes, that's correct, Lincoln.

Leni: Master Yang Jian, what can you tell us about Da Ji? We knew from Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena that she's Orochi's strategist, but I suspect that there's more information about her.

Yang Jian: You're right about one thing, Leni Loud. But, I must warn you all, you're not going to like her one bit.

Yang Jian proceeded to tell us about Da Ji, and we weren't going to like her one bit.

Da Ji

Da Ji is an evil immortal witch who's a strategic ally of the dark being known as Orochi, The Serpent King, and an antagonist from the Warriors Orochi videogame series, a crossover of Samurai Warriors and Dynasty Warriors.

She was voiced by Mami Kingetsu in the Japanese version, and by Stephanie Sheh in the English version.

History

Warriors Orochi

Based on conversations with the other Mystics, Da Ji is a runaway immortal being who was bored of her previous life. Sympathetic with The Serpent King and wanting to entertain herself, she unleashed Orochi from his prison and agreed to serve him. Acting as his main strategist, she uses her schemes and sorcery to inflict confusion in battle. She coordinates their army's advances and personally orders Orochi's minions. She also doubles as the army's inventor as she created the cannons surrounding Koshi Castle. During Orochi's story, she helps plan her lord's rise to power as they defeat each of the reigning factions one by one.

During the final conflict with Orochi, she survives the assault and flees from the battlefield. Sometime after the battle, she meets Himiko, and knowing that she's the key for her lord's resurrection, fiercely guards the girl's safety. They travel together to find Kiyomori, who's interested in reviving The Serpent King. By this time, Taigong Wang and his comrades have recovered from their previous defeat and join with other factions to capture her. She sacrifices her own safety to ensure that Himiko reaches her destination and escapes to serve the resurrected Orochi.

In Musou OROCHI Z, she cons Benkei into joining her group and joyfully pits Yoshitsune against his friend at Mikatagahara. She also has three dream stages in this title. In one of them, she teams with Xing Cai and Gracia to prove women's might to the men of the world. One of the new Dream Stages details her betrayal of the Mystics at the Wuhang Mountains, where she frees Orochi from his jail, and defeats the encroaching armies of Taigong Wang and the other mystics, who try to stop Orochi from merging the different worlds. She and Orochi also join the other Mystics in proving their superiority to humanity's best warriors at Chibi.

She is given another Dream Stage alongside Kiyomori, and Orochi X, where they are sieged by all the major factions that have opposed them in Warriors Orochi 2.

During the original timeline in Warriors Orochi 3, Da Ji enjoyed demolishing humanity with the serpent forces. At the battle with the Hydra, she prepares to kill the surviving generals, when Kaguya saves them. She doesn't feel threatened until the coalition from the future uses time travel to prevent the original timeline from occurring. Since Taigong Wang knows Hydra's true identity, he instructs his human companions to capture her. Although Da Ji manages to escape their clutches with her tricks, she is unable to completely evade Nezha and the mystic forces at Sekigahara.

Saved by Hanbei and company, Da Ji agrees to cooperate with them upon realizing that they have Himiko in their trust.

Once the Coalition reunite their separated regiments, they desire to find a way to go further back in time before Hydra appeared into the dimensional realm. But no human within their midst is viable for the feat. Also, the other immortals who are present -Taigong Wang, Zuo Ci, and Kaguya- had lived in the mystic realm until Hydra appeared. Only Da Ji remained in the dimensional world the entire time as she is the only way out of the rift created by the Hydra, meaning that the coalition has to rely on her for them to save the future. As the coalition returns to her past to prevent Hydra's appearance, they additionally have to protect her from the anti-Orochi forces or risk losing their sole chance of changing the timeline.

Using the Coalition as her bodyguards, Da Ji discreetly recovers Orochi's corpse and hides it within a box for her safe keeping. She schemes to kill two birds with one stone: she wants to resurrect Orochi and restore his consciousness. A sane Orochi would have full control over his powers and thereby prevent Hydra from appearing. Da Ji even tries to defend his body from Susano'o, but her plans fail when the giant serpent inevitably emerges. Unattached to Hydra, Da Ji willingly helps humanity defeat it. Although she admits it in private, her perceptions towards humans have changed, thanks to the time she spent with them.

In one of the downloadable scenarios, "Lu Bu's Revenge", Da Ji and Achilles help Lu Bu in finding and defeating Nezha.

Da Ji and her cohorts are beckoned to a mysterious stone in Ultimate. Not wanting to be at the Coalition's mercy again, her party opposes the heroes who had tracked them. Once Da Ji and company approach the stone, it creates various doppelgängers. With Tamamo free from her prison, Da Ji joins forces with her and they use the artifact to create fake versions of the heroes. Their schemes confuse the Coalition, causing them to momentarily turn against each other in a civil conflict. The deception is lifted thanks to the other mystics' intervention.

After the conflict, she look at a shard of the Divine Mirror and continues to insist she doesn't like humanity and leaves with Himiko.

After the past is changed again and the coalition corners Tamamo in Itsukushima, Da Ji shows up to teleport Tamamo to let her escape. As a result, Da Ji is captured and Fu Xi decides to send her back to the mystic realm.

Escaping into the distorted world created by her lord in Warriors Orochi 4, Da Ji recruits Lu Bu and Seimei Abe to join her in aiding Odin, who promises the revival of Orochi. Recruiting an amnesiac Himiko to her cause, they are eventually able to defeat Shuten Dōji, and have Odin revive Orochi. To her disappointment, she finds that it is only the God of Destruction in the manifestation of Orochi X that is revived, and not her actual lord.

Nonetheless, she continues to aid Odin until the God of Destruction is defeated and destroyed by the real Orochi, who was revived from Shuten Doji's remnants. Having had her fun, she briefly aids the real Orochi, before taking her troops to join the Coalition, not wishing to be destroyed until the next revival of her lord.

She later joins Hideyoshi's hunt for a beautiful yet shy goddess.

In Ultimate, she is still the de facto leader of the Demon Army, still allied with Odin, but more independent thanks to the revival of Orochi X. She continue to defy the Coalition numerous throughout their search for Odin's soul. When the Coalition near Odin's soul at the Spring of Mimir, Da Ji has noticeably distanced the demon army from Odin and has taken up camp at Kanegasaki with Orochi X. Rather than allow the God of Destruction to continuously give Odin power, the Coalition moves to attack them just before dealing with Odin. Like in the first scenario, Orochi X and the real Orochi are both slain, and the demon army joins the Coalition to stop Odin's plans of destroying all other than himself.

During the alternate scenario where the real Perseus is revived and exposes Hades's deception to the Coalition, Da Ji leads reinforcements for the Coalition at Changshan when they attempt to protect Kaguya and Gaia in order to travel back in time to rescue Odin.

In the new side stages, she is first given a new scenario early into her alliance with Odin, where they are tasked with finding the Arms of Ouroboros at Kyūshu. Although she doesn't find the desired objective, she is able to find and wage battle on her former acquaintances in the Date army during their stay in the area, as well as gaining the services of Yoshitsune and Benkei. The second stage she is given is where she and the rest of the demon army under the Coalition defend Ōsaka Castle from Odin's army. Although Odin is able to temporarily distract them with illusions of Orochi and Orochi X, the demon army are able to to push the god back. She also appears during the mock battle between the gods and the mystics, injecting the demon army into the battle in order to amuse themselves.

When Yang Jian was finished with telling us about Da Ji, we were horrified about her crimes.

Me: Whoa, so she was the one who freed Orochi from his prison long ago.

Nico: All because she wanted some self-amusement, and she also enjoyed seeing the pain and suffering of humans, all for her own amusement. That's it, she's done for when we catch her.

Leni: And that's what's going to happen to her, Nico, but, I'm not doing this alone. Master Yang Jian, would you like to help me and Lincoln fight Da Ji when she shows up?

Yang Jian: Of course, Leni.

Lincoln: And I hope you don't mind if Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena join in on thrashing Da Ji.

Leni: (Smiles) Nah, I don't mind, Lincoln. Besides, they've had more than enough of Da Ji's schemes and desire for mayhem and chaos.

Sun Shang Xiang: That's right, Leni. Da Ji's caused us more than enough trouble for the last time.

Yang Jian: And I've also got another potential member for The Redemption Squad, along with Sun Wukong, who volunteered to join Luna Loud tomorrow when she goes after Kiyomori Taira.

Another figure came out, and when Lincoln saw a young girl with the levitating clay dogu, he knew who it was, it was none other than Himiko.

Sun Shang Xiang: Himiko.

Lincoln: Wait, wasn't Himiko always with Da Ji and the Orochi Army, what happened to cause her to switch sides?

Yang Jian: That's what I wanted to talk to you about, you were the one who helped her realize the truth about Da Ji, Lincoln. Remember when you and Lori cut down Orochi?

We flashed back to yesterday, and Yang Jian was right, Lincoln and Lori covered the massive blades of their massive swords in rainbow energy, but what we also saw was that Lincoln also chanted a very powerful incantation, and when he cut down Orochi, somehow, this caused Himiko to see the truth of who Da Ji really was: an evil, deceptive, manipulative, conniving, sadistic, and vain witch who enjoys the pain and suffering of others around her for her own sick amusement.

We saw that she eventually got away from Da Ji and Kiyomori, and she was founded by Yang Jian and went with him to the Estate. When the flashback ended, we were quite stunned, but we're also proud of what Lincoln did in helping Himiko realize the truth about Da Ji and Kiyomori.

Me: Whoa.

Nico: None of us forgot what happened yesterday. Plus, it's thanks to Lincoln that Himiko realized just what kind of person Da Ji really is. But, to tell the truth, we really didn't see that coming.

Lincoln: Oh, now I remember. I…

Then, Himiko went up to Lincoln, who kneeled down before her. Then, she wrapped her arms around his neck, and he did the same, as he picked her up in his abnormally massive and powerful muscular arms.

Himiko: Thanks for making me realize the truth about Da Ji, Lincoln. (Sadly) I can't believe that she lied to me all this time, I thought that…

Lincoln: (Warmly) It's okay, Himiko. It's okay.

Lori: (Smiles) I'm really proud of what you did to save Himiko from Da Ji's lies, Lincoln.

Luna: (Smiles) We all are, sis.

Then, as soon as Lincoln gently put Himiko down, we saw her being surrounded by bright light, and it turned into a massive vortex of yellow energy with lights surrounding it, there was a wolf running around the vortex, and inside the vortex was a black and white phoenix. Then, as the vortex faded away, Himiko emerged, but she was changed forever.

Himiko grew to 6'0" in height, she had the body of a goddess, she had red highlights in the bangs of her dark brown hair and her hairstyle remained the same, along with her brown eyes, she has a wolf with black and white magatama beads emblazoned on her forehead, she has on a pair of silver wolf head earrings with the Light Kanji on its heads and she now has on a Thunderbird Necklace of Eternal Love with a Thunderbird pendant and silver wolf head with the Light Kanji on its head for the second pendant, she now has on a long white sleeveless top with magatama markings on the white sleeves, white blouse with light animals on them, white ankle-high combat boots with magatama symbols on them, and a long white sleeveless trenchcoat with wolves on the coattails and on the back is a wolf with magatama markings surrounding it.

Himiko's Goddess of Light clay dogu had gotten much bigger, and were transformed into her Mystic Dogu from Warriors Orochi 3: Ultimate, and hidden inside of her sleeves, she has on her brand-new Bracelets of the Champions of The Universe with large red gems on her wrists, Belt of Elemental Bravery with large red gem for the belt buckle on her waist, and an Eater of Sins revolver holstered on her left hip. There's a gold kanji right below the wolf that said, "Himiko, Future Queen of Yamatai, Loving Future Wife of Lincoln Loud, Former Member of The Orochi Army, Destroyer of Da Ji's Infernal Lies, Slayer of Evil, Friend of Kai and Sun Shang Xiang, Pure-Hearted and Fiery Maiden of Light, and Master of Light and Wolves".

We were amazed by Himiko's transformation as she's now become a young woman, and when Lincoln saw her, he had an atomic red blush on his face. Then, she went up to Lincoln, and she wrapped her arms around his waist, and he wrapped his abnormally massive and powerful muscular arms around her waist and as he leaned down, they kissed passionately, and we cheered for him.

Bao Sanniang: (Smiles) I think we just found another member for Lincoln's harem.

Himiko: That's right, and I want to apologize for everything that I've done.

Sun Shang Xiang: That's okay, Himiko. But, now, you have a fresh start.

Kai: She's right.

Bao Sanniang: And I can't wait until Da Ji gets the surprise of her life, this'll really put an end to her days of mayhem and chaos.

Himiko: You bet, and I'm looking forward to making sure she never does this to anyone else ever again.

We then set out on our mission, and then, later on, Leni, Lincoln, Yang Jian, Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, Sena, and Himiko are going to make sure that Da Ji pays for her crimes, and for releasing Orochi from his prison.

Later it was time for Georgina's first Ambassador Mission.

Aligned Optimus: Georgina, I think we've found a good place for your Ambassador mission.

Georgian: What is it?

Aligned Bumblebee: (grins) Oh, you'll love this one. It involves some old friends of ours.

Aligned Optimus: You're going to Griffin Rock to meet the Rescue Bots. They are a team of Autobots that are helping to rescue people all over that area.

Nico: That's awesome! I heard you talking about them when I was with you all in your world Optimus.

Aligned Optimus: They are really amazing.

Georgina: This is gonna be awesome! What are their names?

Aligned Optimus: Heat Wave, Boulder, Blades and Chase and they also have Quickshadow, Salvage and Blurr with them.

Nico: Awesome.

Georgina: This is gonna be awesome.

Me: I heard about Griffin Rock from Sideswipe. It's a really cool place.

Eli: Wow that is awesome.

Nico: I'll go with you Georgina to see how you do.

Georgina: Thanks Nico.

Me: And since the Aligned Transformer Earth is now part of our Earth you can ust fly to Griffin Rock.

Georgina: Yep.

Nico: Lets roll. Or as Optimus says, Transform and Roll Out!

They were off.

---

GRIFFIN ROCK, MAINE

---

They arrived in Griffin Rock, Maine.

Nico: Wow so this is Griffin Rock.

Georgina: It's beautiful and the view of the ocean is amazing.

A boy came out and it was Cody Burns.

Cody Burns: Excuse me. Are you two here to ask for rescue services? If so, you've come to the right place!

Georgina: Actually we are here to talk to you all.

Nico: Sorry we should introduce ourselves first.

Georgina: I'm Georgina Montgomery, member of Team Loud Phoenix Storm's DNA Spliceteam.

Nico: And I'm Nicolas Chan, Second in Command of Team Loud Phoenix Storm.

Cody Burns: Awesome! It's an honor to meet you both. Nico I've heard so much about you from Heat Wave from Optimus.

Nico: Me and my team helped out the Optimus Prime that you all know take down the Aligned version of Starscream.

Cody Burns: Wow! Sorry I'm Cody Burns and it's awesome to meet you both.

Georgina: Same here. I'm actually here on an Ambassador Mission to meet and help you all.

Nico: It's part of our special Ambassador Program that we made. One of the team would go to meet the people of the world we send them to so they can see what it's like.

Cody Burns: That's cool!

They went to the Rescue Bot HQ and they met Heat Wave, Chase, Boulder and Blades along with Cody's brother and sister Dani and Kade.

Chase: Optimus has told us alot about J.D.

Nico: I hope they're good things.

Boulder: Don't worry. He didn't say anything bad. He told us that J.D.'s a good person who's gets stressed out alot from fighting evil 24/7.

Nico: Yeah but it's an eternal battle and J.D. is always a good guy no matter what.

Chase: That is true.

Nico: Also The Decepticons are no longer a threat to you or the world.

Nico pulled out his Decepticon Leadership Medal and showed it to them.

Nico: I am now the new leader of the Decepticons and I am leading them on the road to redemption.

Chase: Wow! Then that must mean…

Nico: That's right. The war with the Autobots and the Decepticons is over.

Cody Burns: There was a war between the Autobots and the Decepticons?

Nico: Really horrible war. It was a horrible civil war over who would get to rule over Cybertron. The war raged on for countless years and it was horrible. Millions and millions of transformers on both sides died and it was brutal. It was fought all over the galaxy for many

years.

Cody Burns: That is terrible.

Georgina: It sure was terrible.

Aligned Heat Wave: You know, Georgina, I can't help but sense something off about you.

Kade Burns: I think that's probably her powers. Lots of people on Team Loud Phoenix Storm have those.

Aligned Heat Wave: No. I mean something really off. Like there's something not human inside her.

Georgina: It's a really ugly story.

Nico: Blame the Utrom Shredder for that.

Cody Burn: The Utrom Shredder? Who is that?

Nico: (Growls) You would not like this guy at all Cody.

Nico told him all about the Utrom Shredder and all the horrible and terrible atrocities he has committed all over the galaxy.

---

The **Utrom Shredder**, actually an evil alien named **Ch'rell**, is the main antagonist of the 2003 *Teenage Mutant Ninja Turtles* cartoon series, serving as the main antagonist of the first three seasons of the series and the 2009 film finale *Turtles Forever* .

He is the archenemy of the Turtles and their master Splinter. He also made some appearances in the comics like in the Mirage comics version as a cameo and later a major villain in the IDW version. He is the show's version of the Shredder.

He was voiced by Scottie Ray, who also played both the Tengu Shredder and the Cyber Shredder in the series as well, Daz Bonez in *One Piece*, Anubis in *Yu-Gi-Oh!: The Pyramid of Light*, Zure and Zane Truesdale in *Yu-Gi-Oh! GX* and Red Genesect in *Genesect* *and the Legend Awakened* .

Ch'rell was a malevolent member of peaceful alien race named the Utroms and went from planet to planet, unleashing wars, creating chaos and causing destruction. He was eventually captured by the other Utroms, but some time after being taken into custody, he somehow managed to free himself and caused the transport ship to crash on Earth in 11th century Japan. Ch'rell survived the crash and went into hiding. After the Utroms managed to create exo-suits to adapt with humanity, Ch'rell stole one. Later, he became an incarnation of the Shredder, inspired by the legends he heard about the Tengu Shredder. Ch'rell also proceeded to form the Foot Clan to aid his plans and also created the Sword of Tengu, but he lost it at some time in the past.

At some point in modern times, Ch'rell, as Shredder, adopted and trained an orphan named Karai, to whom he left the duty of watching over the Foot Clan's Japanese branch. He went to New York, where Shredder established himself as Oroku Saki, a billionaire businessman and took over the criminal underworld. One of very few people who could oppose Shredder was Hamato Yoshi, who protected the Utroms but refused to give up their location, and was killed.

Years later, Shredder continued to rule New York's underworld until the Ninja Turtles stopped a group of Purple Dragons who tried to steal an armored car full of money. Next they stopped Baxter Stockman's Mousers from robbing banks in New York. Finally, Shredder managed to retrieve the Sword of Tengu, along with one of the Utrom's exo-suits, so he knew that they were still around.

But then the Turtles got their hands on it and Shredder decided to get rid of them, assigning Hun and Stockman to find some way to deal with them. Hun managed to capture Raphael, then let him go so Stockman's Foot Tech Ninjas could follow him. The plan failed, but from what Hun found out from Raphael, Shredder learned that the Turtles are unaware about the Utrom, so they could be useful to him.

He invited Leonardo to his home as Oroku Saki, telling him that there was a great evil that his Foot Clan fought and that they should join forces to stop it. However, Splinter revealed to Leonardo and the other Turtles that Shredder is an old enemy who killed his master, Hamato Yoshi.

As the ninja turtles confronted the Foot Clan on the rooftops to deliver the news that they refused to join the Shredder, a fight started and though the turtles managed to fight off his Foot Ninjas and Hun, Shredder was able to send them running.

Splinter managed to help them regroup and they faced the Foot Clan again, but Shredder defeated them one by one. However, Splinter tricked him into cutting the support for a water tower, which was then knocked onto him. The water swept Shredder off the building, before the water tower itself fell on top of him.

Believing that they heard the last of him, the Ninja Turtles left with Splinter, but Shredder was very far from done. However immediately afterwards, Leonardo, who'd accidentally ended up in the past, came across Shredder, but beat him. Shredder and the Foot Clan followed Leonardo through time portals, ending up on Sh'Okanabo's space ship. They tried to take the technology, but with Sh'Okanabo and the Turtles to deal with, Shredder and his Foot Clan were defeated, ending up in their normal time.

Months later, Leonardo was attacked and almost beaten to death by the Foot Elite, and Shredder snapped his swords in half. After tossing Leonardo through the window of April's Second Time Around shop, Shredder led the Foot Clan to attack it. Eventually, the Turtles, along with Casey and April were forced into a walk-in freezer (since the store used to be a supermarket). As the police showed up, Shredder barred the door, cut a gas pipe, and dropped a fire bomb, which caused a explosion. However, the Turtles, Splinter, Casey, and April escaped the explosion and retreated to a farmhouse in North Hampton that belonged to Casey's grandmother.

They returned to New York, before storming the Foot Clan's headquarters and fought their way through the Foot Ninjas, Hun, mutated Shredder clones, and the Foot Mystics.

The Turtles finally reached Shredder's location, where they faced the Foot Elite and Hun again, before Stockman appeared, now in cyborg armor that he reverse engineered from the Utrom exo-suit Shredder left him to study. Shredder and the Turtles were forced to team up to fight him and after he was defeated, they took the fight out to the balcony of the building.

However, the Guardians showed up to help the Turtles and though the Shredder managed to reclaim the Sword of Tengu, Leonardo took it from him. With the Sword of Tengu, Leo faced off against Shredder, who was using the Turtle's katanas, in one final clash.

It ended with Shredder being beheaded, but after the Ninja Turtles left, he picked up his head and walked away. After the battle, Splinter went missing and the Turtles found him at the T.C.R.I. building, with Shredder following them. He sent Stockman into the building to tamper with the VR technology that the Utroms used to show the Turtles a flashback of their history. This forced them to fight a feudal version of Shredder and the Foot Clan, but they managed to get back to reality, where the Shredder and the Foot had invaded the building and attacked them. However, Donatello managed to transport all the Utroms and Guardians to the Utrom Homeworld, much to the anger of Shredder who tried to attack the Turtles as a revenge and revealed his true self. The Turtles escaped the imploding building, leaving Shredder alone inside as the building imploded and he was presumed dead.

With his supposed demise, the mob, the Purple Dragon, and the Foot, under the leadership of the Foot Elite, began a power struggle. Karai and the Foot, with help from the Turtles in exchange for a truce, managed to get back control of the city. However, it turned out that Ch'rell had survived and was placed in a capsule to heal him while Karai watched over him. After being fully healed, Shredder's first order of business was to have revenge on the Turtles. He found out that Hun had reduced Stockman to nothing more than a brain and recruited them again.

At that point, Stockman had created the Foot Mechs, mainly in the form of armored ninja robots, along with versions of the U.S. President, English Prime Minister, and Splinter. However, Shredder lost again to the Turtles with help from the Triceraton, Zog, as well as the fact that Karai was questioning her loyalty. Shredder was defeated after Zog gave his life to keep him on his freighter when it exploded, but Karai rescued him on a helicopter. Soon afterwards, the Triceratons launched an invasion of Earth and Shredder used it to gain favor in the city. He did so through his Oroku Saki persona by paying to restore the city.

Shredder would also make changes to the Foot Clan, such as Karai being his new second in command, above Hun, and Dr. Chaplin being hired as a replacement for Stockman. However, while Shredder was involved in the city's politics, at the same time he worked on a spaceship in the hopes that he could destroy the Utroms, as well as other planets. With his ship finished, Shredder left Karai in control of the Foot Clan, but Splinter, the Ninja Turtles, Leatherhead, and Agent Bishop interfered. During that battle, Hun discovered that Shredder was really an Utrom after his exo-suit was damaged again.

Despite numerous complications, including Baxter sabotaging his ship and attack by Agent Bishop and his men, Ch'rell managed to get onboard the ship with Karai and Chaplin.

As he entered a final battle with the Turtles, he used his more powerful exo-suit, easily defeating both them and Splinter. However, Shredder was forced to fall back after Bishop fired on his ship and the Turtles decided to use their last resort; they used the Fugitoid Program to overload the ship's core, which would destroy everything including themselves, so as to stop Shredder. However, the Utroms stopped the explosion using time stasis and put Ch'rell on trial for his actions.

Later on the Utrom homeworld inside the chambers of the Utrom High Council, the Turtles (who have various injuries on them), Splinter (who has some burns on him), and Professor Honeycutt (in a new robot body) watch a group of seven Utrom judges on the Utrom High Council as the holographic heads of various sentient alien species are shown watching the trial. They hear testimony from several alien races regarding the heinous crimes of Ch'rell who has gone through various aliases like Torrinon, Kako Naso, Duke Acureds, Oroku Saki, and Shredder.

Dolphette's testimony had mentioned that Ch'rell willingly launched an attack on the planet Enethone where over 1,000,000 innocent inhabitants perished. Wan-ran Otho's testimony had mentioned that Ch'rell incited and funded a civil war on Eno II in an effort to mine their raw minerals without restriction. 3,200,000 lives perished in the civil war. The final mentioning was that Ch'rell tried various attempts to take over the Utrom government through an illegal and violent coup.

As punishment for all the chaos and destruction he'd wrought throughout the universe, Ch'rell was banished to the ice planet, Mor Gal Tal, to freeze to death and is last seen on Mor Gal Tal yelling in rage and despair. With Shredder gone, Hun would turn the Purple Dragons into an organized crime syndicate and Karai would take over the Foot Clan as the new Shredder with Chaplin at her side.

In the future, the Utrom Shredder was seen locked in combat with the Tengu Shredder and Cyber Shredder. Around them, the Foot Ninja loyal to Utrom Shredder battled those loyal to the Cyber Shredder.

After the Shredder from the universe of the 1987 TMNT show ended up in that of the 2003 show, he began looking for his counterpart. He eventually located Ch'rell, frozen and teleported him to the Technodrome, where he revived the Utrom. However, it didn't work out as the 1987 Shredder had hoped, since his Utrom counterpart proceeded to take de facto control of the Technodrome with help from Karai who had Been monitoring his exile and tracked him to the Technodrome. He used technology from Krang's body to construct a more powerful exo-suit for himself and upgraded the Technodrome with Utrom technology. Bebop and Rocksteady two mutants who worked for the '87 Shredder now joined Ch'rell because he finds them amusing.

Ch'rell also created more advanced versions of the Foot Soldiers, as well as an army of mutants from his human soldiers. He proceeded to view all other dimensions using the Technodrome's dimensional portal, but what he saw shook him. Utrom Shredder saw that there were Ninja Turtles in every dimension and resolved to destroy each version. He used the Technodrome to attack New York along with his army of advanced Foot Soldiers and mutants. When the 1987 turtles and 2003 Turtles confronted Ch'rell, he managed to capture them and revealed his full plan.

He told them that each dimension branched off of one original dimension, "Turtle Prime", which was the dimension of the original TMNT comics. Ch'rell proceeded to show the turtles their alternate selves across the Multiverse and reveals he is scanning both groups of Turtles for the DNA he needed to find Turtle Prime and destroy it, thus destroying Ninja Turtles in every dimension. He then located Turtle Prime and gloated they will be destroyed with the scan. With this done, Utrom Shredder headed to Turtle Prime to destroy it, but the 1987 and 2003 Turtles managed to follow him.

After meeting and joining forces with their comic book incarnations, they went to deal with Utrom Shredder in Technodrome as he continued destroying the dimension. The comic Turtles managed to taunt Utrom Shredder into coming out to face them, but he soon found himself confronted by three teams of Turtles, 1987 Shredder, Krang, 2003 Splinter, along with Karai, who'd realized that his actions would destroy them all.

However, Ch'rell grew his exo-suit to giant size and proceeded to overwhelm them all with his suit's new technology. Krang also uses his exo suit to grow bigger as well attempting to fight Ch'rell. However, Ch'rell easily defeats and immobilizes Krang and his exo suit. Ch'rell manages to grab hold of the Mirage Turtles almost killing them and everyone else including himself as the world is being erased. Ch'rell himself is almost erased but decides that he must destroy all Ninja Turtle life even if it destroys him, despite Karai telling him to stop his madness. However 1987 Donatello throws exploding throwing stars at Utrom Shredder's left leg which makes him let go of the Mirage Turtles. Ch'rell then mocks his attackers, until the laser from the Technodrome's laser fires right in front of Ch'rell's exo suit. The laser opened fire as Bebop and Rocksteady turned it back on in an attempt to help Ch'rell, thinking he will be pleased that they "fixed" the laser for him. The laser however strikes Ch'rell's exo suit at such a close range that it tears it apart. Meanwhile Ch'rell tries to save himself but he cannot control his exo suit as the sheer power of the laserbeam rips his exo suit apart. Ch'rell screams that he is The Shredder and cannot be defeated, but his screams become quieter as he perishes in his dissolving exo suit.

When '87 Donatello mused aloud if Ch'rell was gone for good this time, 2003 Splinter said that he is seldom gone for long and Karai agreed that he would return. It's unknown if Ch'rell survived this final defeat or not given his habit of always coming back, but even if he is still alive, Ch'rell would be left in "Turtle Prime" with no way to return back to his original dimension.

When Nico was done they were shocked and horrified!

Cody Burns: Oh man!

Kade Burns: That is absolutely despicable and terrible!

Nico: Shocking beyond all words is the better way to describe it.

Georgina: Yeah. I have been turned into what's called a Sangurahuan Rockgolem?

Nico: They come from a volcano planet in the Pinwheel Galaxy called Sangurahua.

Heat Wave: That is an unusual planet. I never heard of a planet like that.

Nico: That's because it's from an uncharted region of the universe we call the Unknown Zone.

Cody Burns: Wow.

Georgina: They are powerful golem creatures that can withstand the extremely high temperatures of the lava on the planet.

Cody Burns: Wow! That is amazing!

Georgina: But my monster form's called Stonebiter.

Nico: This is what it looks like.

He showed them a picture of what Stonebiter looked like and they were amazed.

Heat Wave: Wow! That is amazing.

Chase: Whoa! Georgina that is amazing that you were turned into that.

Cody Burns: I can't believe the Shredder would do that to you and 7 others.

Georgina: I know.

Cody Burns: So, Georgina. Can you tell me more about your background story?

Georgina: Sure thing.

She told them about how she is an warehouse worker and how she came a very successful family and everything before she was slammed.

Georgina: I was born in a really wealthy family and my dad is an Internattional Shipping Magnate. One of the richest in the country. He has massive shipping lines that go to many ports all over the Pacific Coastline.

Cody Burns: Cool!

Georgina: Yep. I would always help him out on his job from time to time with lifting really loads for him. I was really strong for a girl. I also excelled in Gym, Science, Cooking and Geography. I went off to college later to earn my Industrial Engineering degree. After I graduated I went to work at a Shipping Warehouse owned by my dad when suddenly during one of my shifts I was ambushed and taken by the Shredder's goons.

Nico: She got slammed with 7 others. And they were in an underground city and trapped like prisoners there because of it.

Dani Burns: That's terrible.

Nico: It was.

Georgina: I also heard that you guys have Blurr, Salvage, High Tide, and Quickshadow with you.

Dani: Well, you won't meet them today. They're currently doing rescues out of town.

Georgina: That's a shame. We'll meet them next time.

Nico: It'll be awesome for Georgina to meet them.

Cody Burns: It sure will be cool. Quickshadow is a secret agent and she is awesome.

Nico: Awesome! We never met her yet. That is awesome.

Cody Burns: It sure is.

Then the alarm sounded.

Chief Burns: You two are about to see one of our rescues in action. There's a situation in town!

Nico: Lets get over there and help out! Like Optimus says, Autobots transform and Roll Out!

Georgina: YEAH!

They mobilized and rolled out!

Aligned Heat Wave: Rescue Bots: Roll to the Rescue!

They were off!

They arrived at a house located on a hill that was sinking in mud!

Nico: Whoa man!

Georgina: We got to get those people out of that house!

Blades: Right!

Graham Burns: Someone needs to get inside!

Georgina: I got this!

Georgina flew inside and got the people out of the house.

Nico: Good work Georgina!

Blades: Way to go! I'll get the house out of there.

Blades used his crane and Nico attached it to the house and they pulled it out.

It was successful.

Nico: ALL RIGHT!

Georgina: That was so awesome!

Mayor Lusky and Huxley Prescott then came.

Mayor Lusky: It's so nice to see new heroes!

Huxley Prescott: Tell us. What are your plans for the rest of your visits here?

Nico: Well, (Chuckles) these are usually Georgina's missions really. (glares at them) And I'm warning you two. The both of you better not cause any messes that we have to clean up!

They gulped.

Later back at the estate, I was looking up newspaper articles on the internet and then I saw one that REALLY shook me!

Me: (GASP) Oh man! Lincoln, Clyde, Lynn, take a look a this!

Everyone came and they saw the Newspaper article I pulled up and it showed Mr. Bolhofner and another man in police mugshots.

Everyone could not believe what they read on the computer. One article read "Amateur teachers arrested for child endangerment and abuse."

Lincoln: "Oh no! Bernard Bolhofner and Vincent Grum pose as school teachers to not only abuse innocent children, but also to rob schools of their money and budget! Royal Woods was the fourth school they attended, in the past they evaded capture after robbing three other schools. Holy crud!"

Lynn: WHOA! I knew something was fishy about the B. Minus his bad breath.

Laney: And look at the date on this. It was on March 6th, 2011. 10 years ago. Before the team was put together and all that.

Me: I always knew Bolhofner was a mean-tempered rotten apple stinky breathed son-of-a-bitch! No offense Applejack.

Applejack: None taken.

Clyde: "But that's not all, look at these."

We read more articles. "Bolhofner and Grum jailed," "Bolhofner escapes from maximum security prison," "Still on the run," "Police baffled," "Last known sighting: somewhere in Michigan."

Lincoln: "I knew it! Mr. Bolhofner was a criminal! No doubt Gotham Royal York was the fifth school he's impersonated a teacher at. And according to his prison file, he was also wanted for impersonating a war veteran and stealing war medals! That explains why we've never seen any proof when he tolds his "tales" of being in the army. Still, I'm glad we had him killed J.D.!"

Me: Me too Lincoln. But none of us had any idea he was like that.

Sheila: It's good he's dead. When prisoners escape from prison we shoot them on sight.

Clyde: "But where's this other guy? Mr. Grum?"

Lincoln: "According to this report and others listed, he and Bernard apparently had a feud in prison and ended their partnership from there. So while Bernard escaped from prison, Vincent was released for good behavior. He eventually moved to a big city, where he worked as pizza delivery guy…"

Clyde: "Good…"

Lincoln: "until months later when he snapped from all the stress and went crazy, eventually resorting to attempting harassment and stalking female co-workers and customers!"

Clyde: "Not good!"

Lincoln: "But luckily no one was harmed, and eventually Vincent was reported, arrested again and sent to a mental institution."

Clyde: "Good."

Me: Thank goodness. Now Bolhofner is in Hell and he can just kiss my pineapple-eating ass and I'll bet you five bucks that people are glad he's dead and people are dancing and shitting on his grave.

Lana: That would be nice.

Nico and Georgina came back.

May: How was it?

Georgina: It was so awesome!

Nico: Georgina did really well.

They told us all about it.

Me: Wow! That is amazing. Well done.

Georgina: Thanks J.D.

Nico: It was really fun too.

Me: We'll have to decide on who will go with you the next time.

SAN QUENTIN PRISON, CALIFORNIA

---

We were walking to San Quentin Prison in San Francisco, California and we were there to have Taylor make sure her so-called father never torments her again.

Muriel: Taylor, dear, if you and Naomi don't want to do this, you don't have to.

Taylor: I want to face my past and have my so-called dad be in for a shock.

Me: He's in for a worst surprise when this is done.

Nico: Oh yeah.

We went into San Quentin Prison, the most evil prison in all of the country.

Guard: Joel you have a visitor.

Joel: (Sarcastically) Whoopie.

In came Taylor.

Taylor: Hello "Dad".

Joel: Well hello Taylor. Come to give your old man a hug?

Taylor: Actually I've come here to say goodbye for good. But not before we have one last surprise for you.

Joel: Oh you shouldn't have. What is it.

Naomi came out and Joel gasped in shock!

Naomi: Hello Joel. Surprised to see me?

Joel: YOU! BUT BUT HOW!? I KILLED YOU!

Bai Tza: Surprised to see the wife you killed?

Joel: HOW IS THAT POSSIBLE!

Me: Isn't it obvious Joel? I resurrected her.

Joel: This has to be a trick! She has to be a ghost!

POW!

Naomi punched him in the face and gave him a nasty black eye.

Naomi: Can a ghost do that?

Joel: YOU SHOULD'VE STAYED DEAD! (to Taylor) AND YOU SHOULDN'T HAVE BEEN BORN AT ALL!

Me: YOU ROTTEN FUCKING PIECE OF FUCKING GARBAGE! HOW MUCH LOWER CAN YOU GET!?

Shrapnel: (angrily) Poromon?

Poromon: Yes, Shrapnel?

Shrapnel: Bite off his penis!

Lori: (grosssed out) Okay, that literally might be going too far! How about we just skip to-

Poromon: Okay!

Lynn: Too late.

CHOMP!

WE WINCED AND SOME OF US COVERED OUR MANHOODS AND EVEN FAINTED AND THEN JOEL LET OUT A GIRLY SCREAM! THEN HE HAD WHAT MADE HIM A MAN RIPPED OFF IN A NASTY FORM OF DISEMBOWELMENT!

Nico: NICE!

Me: That was awesome!

G1 Bumblebee: We could just dump him off in space and let him die out there.

Lola: That's a good idea.

Me: Good idea. And I know just where to send him. Joel your sentence has been upgraded to the Death Penalty. Before you die I have this to show you.

I showed him an Execution Warrant.

Joel: NO!

I picked him up and opened a portal and it lead to the Supermassive Black Hole at the very center of the galaxy.

Me: Enjoy the fires of hell!

I threw him in and we saw him freeze instantly and then he got to the black hole he was obliterated in an instant!

Nico: Good riddance.

Me: I would say may the Lord have mercy on his soul, but he has no soul to save.

Naomi: No he doesn't.

We later went back home.

---

We were getting ready for our next mission.

Rage Mage: J.D., you're leading today. (to Poromon) Are you satisfied with your meal?

Poromon: Yes I am. (BURPS)

Me: I think I lost my appetite for the rest of the day. And yes I know it's my turn to lead. But I'm afraid we got problems of the Umbra Kind. There's a Shadow Monster running loose at the Abandoned Carnival where we fought Freakshow.

Everyone gasped.

Aqua: Not that place again.

Nico: Right! I remember that place! That was crazy!

May: That was a horrible place.

Me: Yep.

Duskmon, Evil Green Ranger, Koragg, Robo Roxy, Shendu, Gizmo, Gentleman Ghost, Larxene, Selene, and Amora the Enchantress then appeared.

Robo Roxy: Can me, Duskmon, Evil Green Ranger, Koragg, Shendu, Gizmo, Gentleman Ghost, Larxene, Selene, and Amora go with you guys?

Me: You all sure can. There's a supernatural disturbance over at the abandoned amusement park where we fought Freakshow.

Nico: We're going up against a shadow creature.

Koragg: Oh man. That doesn't sound good.

Evil Green Ranger: We heard you all killed Taylor's so called dad.

I then turned green around the gills.

Me: (Sick to my stomach) It was so gross.

Shendu: You look like you're going to throw up J.D.

Nico beckoned Shendu and whispered into his ear and the Masters heard it and they winced and grimaced.

Shendu: Sorry we said something.

Nico: No worries. Lets head out.

We were off to the Abandoned Amusement Park.

---

ABANDONED AMUSEMENT PARK

---

We arrived at the Abandoned Amusement Park.

Gluko: If this is the abandoned carnival, that means we'll find the shadow in Amity Park.

Me: We will. But it could be anywhere.

Nico: In a place this big it sure would. What can you tell us about this monster J.D.?

Brittney: I can answer that for you. It's a creature that me and the Goths of Darkness have been hunting for. It's called The Shadowman!

Brittney told us all about it.

---

The Shadowman is the main antagonist of the second season of the revival series Are You Afraid of The Dark?, titled "Curse of the Shadows".

He was portrayed by Kyle Strauts.

The Shadowman is hard to see clearly, since he usually appears in the dark when the sun goes down. However, during the times when the Shadowman can be clearly seen, he appears as a monstrous humanoid figure whose body is covered in what appears to be rotted oak from a tree. The rotten oak doesn't cover his face, however, as his face resembles that of a human skull. He also has small tree branches coming out of both sides of his head, making it look like he has horns on the both sides of his head. Also, in some instances, like in one scene where he holds up Luke McCoy with his hand, he can be seen with large glowing yellow eyes.

The Shadowman can also become a shadowy version of himself. In this form, he is a silhouetted version of his original appearance (The one listed above). He can also appear as a mass of shadowy vines or spikes.

When he is in disguise as Connor Stevens, his appearance is exactly like him. He can make his eyes become black with white glowing pupils, or have his eyes completely blacked out whenever he becomes hostile to others, and he also gains the ability to speak, something that he can't do in his real form. Also, when a bright light is shown into his eyes, his pupils become bigger, this being a sign that the Shadowman is taking the form of Connor (A normal human's pupils would become smaller when a bright light is shown in their eyes).

---

When she was done we were shocked!

Nico: Whoa! That is terrifying.

Me: Yeah and we're going to need lots of light.

Brittney: He escaped from the Underworld and he must be stopped.

Koragg: Shall we go looking now?

Me: Lets go.

We got to searching for the Shadowman. But finding him in an abandoned Amusement Part like that was gonna be like looking for a needle in a haystack. We stuck together to find him. Brittney was using her dark magic sensing powers.

Caitlyn: Georgina, who should come with you on your next visit to Griffin Rock?

Georgina: Just Peyton for the next time and then I'll bring Hsi Wu after that.

Dominique: That was really awesome though how you saved that house.

Nico: It sure was.

Gizmo: Too bad Salvage, High Tide, Quickshadow, and Blurr weren't there. But maybe, you'll meet them next time.

Nico: I know that was a bummer.

Georgina: But we'll meet them next time.

Laney: Yeah that will be awesome though.

Lori: Nico, I can't help but notice that so far, you've rescued two girls that you know from childhood.

Lync: Maybe that's gonna be the pattern.

Nico: It could be but it's really awesome.

Me: I think it's cool that Nico is seeing many of his friends from his childhood on his rescues.

Erica: It sure is awesome.

Ellie Singh: Yeah and now we have Laura with us too.

Qin: Boy we sure do.

Lillian: It's awesome how we're coming back all together.

Nico: I admit that many girls from my childhood had crushes on me. But I was oblivious to them.

Evil Green Ranger: Well, just think of this as a second opportunity.

Me: Yeah buddy.

Brittney: Guys I sense the Shadowman. He's in here.

We saw that we were in front of the tent that we faced Freakshow in.

Me: The tent we faced Freakshow.

Ventus: This is where I saved Aqua from herself.

Nico: Oh boy.

Octane: Hold on. Maybe we should take this time to prepare for the battle.

Me: Good idea.

Larxene: Let's get back to the Estate and stock up on flashlights.

Nico: Good idea.

Me: Okay.

We teleported back and searched for every kind of light source we could find.

Needlenose: Hey, Spongebob. Does this remind you of anything?

SpongeBob: It sure does. Like the time I was scared of the dark.

Needlenose: That's right.

Amora the Enchantress: Wasn't that Radioactive Man's first time?

Pyrrha: Yeah it sure was and that was so awesome.

Nico: It sure was.

Laney: I thought so too.

Me: Yeah.

Dead End: You guys do know that the flashlights will run out of battery, right?

Lori: We know that.

Nico: Luan and Eddy can use their light powers too.

Me: So can I.

Spotlight: The Light Skylanders can do so as well.

Me: I got plenty of ultraviolet light grenades just in case.

Eli: Got road flares, a mega flashlight with the power of a massive spotlight and a headlight on my head that has the power of a lighthouse.

Me: Great.

Duskmon: And me and some of us have darkness on our side too.

Brittney: That's right. Darkness is the friend of the Goths of Darkness and out most powerful force.

Nico: Awesome.

Me: All right are we all ready?

Everyone had all their flashlights and lights ready.

Me: Great. Lets go get us a shadowman.

We went back to the Abandoned Amusement Park.

We arrived.

Gemini Man: I'll make some copies so the search goes faster.

Nico: Okay.

Me: Go for it.

Gemini Man made a bunch of clones.

Me: Here we go.

We went into the tent and it was as bad as we remember it.

Me: This place is full of bad memories.

Twilight Sparkle: What was Freakshow like J.D.?

Me: You would hate this guy Twilight.

I went over his history.

---

Frederich Isak Showenhower, better known as Freakshow is an antagonist from the sci-fan superhero TV cartoon show Danny Phantom. He comes from a long line of ghost-obsessive people. His family has the largest known knowledge of ghostly artifacts.

He was voiced by Jon Cryer, who also portrays Lex Luthor in the Arrowverse.

Freakshow first appeared in the episode "Control Freaks", where he opens a circus called the Circus Gothica in Amity Park. The performers in the circus were actually ghosts that are on a crime spree, held under Freakshow's command by a special scepter. This staff is Freakshow's main weapon in this episode and is so powerful that even a picture of the staff makes a ghost weak and willing to do the bearer's bidding.

Dark Danny accidentally catches sight of the staff when he sees an ad for the Circus Gothica and ends up in Freakshow's command, stealing money for him and becoming a performer in his circus. He is saved by Sam, who manages to return him to the hero he truly is. Danny subsequently rescues Sam, destroying the staff in the process. Following the staff's destruction, Danny and most of the formerly controlled ghosts (except Lydia, the tattoo ghost lady) confront Freakshow, trapping him in his own stolen goods until the police can arrest him.

Freakshow reappears as the main antagonist in the episode "Reality Trip". In this episode, the Guys In White have captured Lydia, using her to get Freakshow to talk about the Reality Gauntlet, which he does. Freakshow tricks the Guys in White into giving him the Reality Gauntlet and he uses it to escape with Lydia He then attacks Danny at Casper High's "School's Out!" Dumpty Humpty concert. Danny, Sam, and Tucker use the Gauntlet's defense mechanism to transport three of four critical precious stones known as the Reality Gems from the gauntlet, making it useless. Freakshow escapes with help from Lydia, but not before revealing Danny's secret identity to the entire school and Amity Park media.

Nursing his wounds, Freakshow comes up with a plan to get all three gems back by kidnapping the parents of Danny, Sam, and Tucker. Freakshow forces Danny, Sam, and Tucker to retrieve the three gems in exchange for their families' lives, giving them three days to do so. After Danny and friends succeed, Freakshow double-crosses Danny and retakes the Reality Gauntlet, giving himself control over all reality. In a fatal attempt at showmanship, Freakshow gives Danny the chance to save the lives of his friends and family from a roller coaster filled with deathtraps. Freakshow suffers from "ghost envy", Danny, in an attempt to defeat Freakshow, taunts Freakshow and makes him jealous of Danny's ghost powers. Outraged, Freakshow transforms himself into a full ghost and Danny captures him in the Fenton Thermos. Danny then uses the Reality Gauntlet to undo Freakshow's madness and to rewrite reality so that his secret identity was never revealed. Danny uses the gauntlet to turn Freakshow human again and gives him back to the Guys in White. Despite Danny's reality rewrite, Freakshow's lack of a blank expression suggests he may actually still know Danny's secret identity.

When I was done Twilight and friends were shocked.

Rainbow Dash: What a monster!

Rarity: If he ever comes back we'll make sure he gets a one way ticket to oblivion.

Me: You got that right. I hate him so much that I want to rip a mountain in too.

Nico: That kind of talk is what concerns me, J.D. It's also the reason why I want to be leader of the team full time. So you don't have to carry the burden of the entire world on your shoulders. Not because I want to overthrow you. Like I said before, I'm not like G1 Starscream.

Shendu: That… is a very good reason.

Me: Nico you were there when Freakshow had Aqua under his thumb. Wouldn't you feel the same way?

Nico: Yes I would.

Me: Besides I don't have to worry about Freakshow anymore. He's gone for good. I used the power of the Reality Stone to erase him from existence forever.

Sunset Shimmer: Good riddance.

Me: Yeah and Nico I understand your concern but I was talking metaphorically.

Nico: Oh.

Cree Lincoln: But still, Nico's reason actually is a good one. And it's what seperates him from G1 Starscream.

Me: That's true. (FARTS) Oops pardon me.

Danny Phantom: Time for another Dark Orb cleansing?

Me: Please.

Danny went intangible and went into me and then he came out of me with 3 Dark Orbs in me and I had a massive headache!

Me: (GROANS) What a headache.

Danny threw the Dark Orbs into the Warp.

Lana: Ice J.D.?

Me: Yes please.

She formed a block of ice on my head.

Brittney: We have movement.

We saw a shadowy figure move along the floor.

We saw a rat come out.

Selene: (sees a rat run out) False alarm. It was only a rat.

Me: Oh.

Stella Zhau: As long as it's not the rat beast.

Me: Hmm.

I shined a beam of light onto the rat and then it hissed and then it turned into a blob of darkness and it formed into THE

SHADOWMAN!

Selene: OH MAN! I guess it wasn't a false alarm after all!

Eli: So he's the Shadowman!

It ran.

Snaptrap: Let it run off a good distance. We can do our entrance on it that way!

Me: Okay.

He ran a good distance and then we flew after it.

He reformed and then the spirits of the Furious Magic Forces appeared and then they spun around and then converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we came out.

Me: You aren't going anywhere Shadowman.

Brittney: Except back to the darkness from whence you came!

Gentleman Ghost: Anything you want to say before we destroy you?

Shadowman: (Demonic voice) You'll never take me without a fight!

Me: Then how about this to start!? SOLAR FLARE!

I released a massive flash of light as bright as a 1,000 suns and it burned the Shadowman all over really bad as he screamed in pain.

Nico: Nice one!

Eli: Awesome!

Me: Now to make this monster See the Light.

Then Mumbo Jumbo, Skulker, Patty & Selma, Golden Glider, Professor XXXL, Grizzly, Zzzax, Abomination, Blizzard, Scorcher and Count Marzo appeared.

Me: Mumbo Jumbo, Skulker, Patty & Selma, Golden Glider, Professor XXXL, Grizzly, Zzzax, Abomination, Blizzard, Scorcher and Count Marzo.

Mumbo: (sees Squidstrictor) Is that a new alien?

Squidstrictor: It sure is.

Shanan: He's what's called a Cephalod-ae from the planet Molluskus.

Mumbo: Wow that is cool.

Skulker: Wait. Why are you as multiple aliens right now?

Squidstrictor: I divided myself using Echo Echo.

Selma: Well, just make sure you don't split into seperate personalities.

Maria: We'll make sure of that.

We laughed.

Golden Glider: (to Nico) I heard you and Connor visited Fantasia again.

Nico: We sure did.

Professor XXXL: Which part did you visit?

Marie Cooper: And I face Long John Peter.

Me: Awesome.

?: It sure us gonna be cool.

A figure came out and it was AMIGARD from episode 4 of Zyuohger!

---

Amigard is the first of Quval's Players to be sent to Earth although he was the third Player deployed overall in actuality (after Halbergoi and Bowguns) due to Quval's nature of taking insanely long to plot). His Blood Game (which he dubs the Battle Show) is to kidnap two people that are close to each other and force them to fight. The loser is ejected into space, causing the winner to feel regret which would entertain Ginis and allow Quval to win the competition between him and Azald. Amigard is first seen at night by Tokyo's Sumida River capturing two buskers, two women taking a selfie and two friends bonding. The next morning, Amigard and some Moebas initiate the Battle Show and keep the victims from escaping using forcefield projectors that fry any wannabe escapists. One man tries this as

Amigard introduces the stakes of his game and gets thrown back in immediately before being forced to fight his friend who quickly gains the upper-hand and knocks out his friend. As the winner is led out of the ring by a Moeba, Amigard transforms Yuuji into a barrel to continue his plans but Sela, Leo and Amu (having been on a shopping spree nearby) have been alerted to the Deathgalien presence by thier Zyuman instincts and sends in his Moebas but Leo gets through the swarm and takes on the Player as Amu and Sela fight his henchmen before freeing his prisoners. However, Amigard defeats Leo and tries to restrain Amu with a net only for Leo and Sena to be captured instead and Amu to be forced into retreat by the Moebas. Satisfied with his haul, Amigard leaves the Moebas to thier fates and teleports himself and the two captives away. Much later, Sela and Leo awaken in a boxing ring with Amigard in the audience having taken thier Zyuoh Changers. When they try and fail to escape the ring due to a forcefield, Amigard reveals his stakes as usual which Leo accepts and AMigard begins the fight but Sela soon talks reason into Leo who is still bitter about his defeat in a past karate tournament. Annoyed, Amigard fries them and threatens to transform both of them into barrels if they refuse to fight and they fight earnestly this time with the fight coming to a draw (though Sela having drawn blood).

Fortunately, before they can knock each other out, Amu returns with Yamato and Tusk (the two having remained behind at the Atelier Mori or the shopping spree and thus having not been in the earlier fight) and get thier comrades to stop fighting. The three henshin and cut down the Moebas before Amu and Tusk use thier Zyuoh Busters Gun Mode to destroy the forcefield generator and ring before Yamato tries and fails to hit Amigard with his EagRiser though it allows him to retrieve the two Zyuoh Changers. As it turns out, Tusk tracked Leo's scent there via a sock and the team regroups with the two former captives morphing as the team do thier roll call. Amigard is unimpressed and summons more Moebas which effectively makes himself a member of the Battle Show. Taking the fight outside, Sela and Leo fight Amigard as the other Zyuohgersdecimate the Moebas. Getting nowhere with his bare hands, Amigard pulls out his axe and fires off energy slashes at Leo and Sela but they dodge all of the shots and Amigard then tries fighting them directly. Seemingly getting an edge on Leo, Amigard tries to bisect him but he blocks the axe mid-swing and throws it up before delivering a devastating energy slash to the Player and then mauliung him. Picking Amigard clean up off the ground, Leo leaves him open enough for Sela to enter her Instinct Awakened form and wipe him out with a devastating spin attack when Leo tosses Amigard into the air. Down and critically injured, Amu, Tusk and Yamato perform the Zyuoh Shoot before Sela and Leo perform the Zyuoh Slash which obliterates Amigard.

However, Quval insists that Amigard has a second chance and tells Naria to enlarge Amigard and she obeys. She teleports down and enlarges Amigard by placing a Continue Medal on his corpse, enlarging the Player who thanks her as he bursts through a rooftop. The Zyuohgers summon thier Zyuoh Cubes and form Zyuoh King. Amigard is happy to see another potential player in his Battle Show and quickly delivers a swift beating to Zyuoh King. Even when Cube Elephant and Cube Tiger try to intervene, he just blocks thier attacks with his axe and blasts them to a standstill. With the Cubes disabled, he nets them up and they are forced into thier Cube forms but Yamato summons Cube Kirin which absorbs the net and sets the Cubes free. They then form ZyuohKing Kirin Bazooka and finish off Amigard with the Zyuoh Shot, the Player only having time to complain about how easy it is to watch instead of fight before face-planting and exploding.

---

Sela: Amigard!

Amigard: Been a while Blue Ranger.

Me: I remember you! You were sent for your blood game which was to force 2 people to fight and then you would send the losers into space to entertain Ginis.

Amigard: That's right J.D. You have a really good memory on you.

Me: Never missed an episode.

William: You know, Amigard, now that Ginis is gone, you can probably open your own fight club.

Amigard: That's not a bad idea!

Me: I like it.

Nico: Awesome. I would think that is cool.

Me: Yep.

Nico: And I know just the people to help us while we have the usual battles.

Nico used Bangray's powers and made Slave Versions of the Equestria Doomsday 23.

Twilight Sparkle: Our enemies!?

Nico: Look closer Twilight.

They saw that they had blank eyes.

Nico: They are my drones to help us out. Hold him off till we finish!

Slave 23: Yes Master.

They went at the Shadowman

Me: Awesome strategy Nico.

Nico: Thanks J.D.

And with that the usual battles got underway.

Rarity: What he was doing was absolutely horrible!

Sweetie Belle: Yeah I hate people like that! Criminals like Freakshow are known as the worst scum of the Earth.

Gill Grunt: Yeah no kidding.

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around

Leni: I should've known she'd show up sooner or later, you can come out now, Da Ji.

A figure came out, and it was none other than Da Ji, Orochi's strategist and the one who freed him from his prison in the Wuhang Mountains.

Yang Jian: I should've known you'd show up, Da Ji. You've escaped from us for the last time.

Da Ji: Oh please, you should know that you condescending fools can never catch me, and now that all of you are here, I will make you all pay for ruining my fun and killing Lord Orochi.

We saw that she summoned more of Orochi's reptillian troops to attack us, but Lincoln fired powerful blasts of rainbow energy, and he wiped them all out and Super Hakaied them for good.

Leni: Nice one, Lincoln.

Suddenly, Da Ji saw Himiko here, and when Himiko saw her, she wasn't happy one bit.

Da Ji: Himiko, what are you doing with Team Loud Phoenix Storm, they're the ones who killed Lord Orochi, and now, they're going to kill me.

Himiko: Don't even try to lie to me, Da Ji. It was thanks to Lincoln, that I finally realized that you're nothing more than an evil, conniving, manipulative, and sadistic liar. You took advantage of my trust, and you and Kiyomori used me to resurrect Orochi, so that you can continue your self-amusement, I will never forgive you!

Leni Loud: I totes agree with you, Himiko, and I've had it up to hear with you to last an eternity, Da Ji.

Suddenly, Leni Loud's eyes turned neon blue, and she was surrounded by a rainbow energy aura with stars, gravity, kaiju, and plants and she unholstered her massive Sword of King Ghidorah from her back, and as she approached Da Ji, she left rainbow energy, stars, gravity, kaiju, and plants with every step.

Leni Loud: Da Ji, what you've done in releasing Orochi from his prison in The Mystic Realm long ago can never be forgiven, and for what you've done in causing pain and suffering to everyone around you, just for your own self-amusement. This time, I'll see to it that you pay for every last one of your crimes in full!

Suddenly, Leni Loud was surrounded by a massive vortex of rainbow energy with stars, gravity, and plants surrounding the vortex, there was King Ghidorah flying around the vortex, and in the vortex is a sea foam green phoenix. Then, as the vortex had faded, Leni Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

There's a sea foam green kanji below King Ghidorah that said, "Leni Loud, Second Born and Second Eldest of The Loud Family, Loving Second Eldest Sister and Defender of Lincoln Loud and Her Many Siblings, Loving Eldest Daughter of Rita and Lynn Sr., Loving Girlfriend of Ed, Slayer of Evil, Descendant of 17th Century Duchess Leni of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Amazing Member and Fashionista of Team Loud Phoenix Storm, Emissary of King Ghidorah, Defender of The Loud House and The Loud Family, and Master of Stars, Gravity, and Plants."

レニ・ラウド、ラウド・ファミリーの2番目に生まれ、二番目に長男、リンカーン・ラウドとその多くの兄弟の2番目の姉と擁護者、リタとリン・シニアの愛する長女、エドの愛するガールフレンド、悪の殺し屋、十七世紀の子孫スコットランドのラウド湖のレニ公爵夫人、モラグマクラフリンの破壊者、ラウドフェニックスストームの素晴らしいメンバーとファッショニスタ、ギドラ王の使者、ラウドハウスとラウドファミリーの擁護者、星、重力、植物のマスター

Leni Loud has transformed into SUPER ANGEL INFINITY STELLAR STARSTOM GRAVITY PLANT KAIJU ANGEL OF DIVINE LOVE AND KING GHIDORAH'S JUSTICE!

We were amazed by Leni's Super Angel Infinity Transformation, and when Ed saw it, he had an atomic red blush on his face, his eyes changed to hearts, and steam came out of his ears. But, when Da Ji saw it, she was enraged and she fired a purple laser blast from her levitating Spheres of Decay, but Leni fired a powerful blast of sea foam green of energy, which overwhelmed the laser blast, and it hit Da Ji and sent her back-first towards a wall.

Me: (Stunned) Whoa.

Nico: You said it, J.D. Leni's the next Loud to transform, awesome.

Luna: And she sent Da Ji flying back-first towards a wall, awesome work, dude.

Lincoln: Wow, Leni, you look amazing, how do you feel?

Leni: (Divine Echoing Cosmic Voice of The Stars and Divine Love) **I feel incredible, Lincoln, and now, it's time for us to administer Da Ji's punishment.**

Lincoln: (Smiles) You got that right, Leni.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he, along with Yang Jian, Himiko, Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena, who got out their weapons joined Leni.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to administer your punishment for all the trouble you caused, Da Ji.**

Leni Loud, Lincoln Loud, Yang Jian, Himiko, Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena then went at Da Ji, and they dodged and avoided Da Ji's attacks from her Spheres of Decay along with the laser blasts that she fired from them, and they fired powerful blasts of rainbow energy, colored energy blasts, elemental forces, and magic at Da Ji, and they exploded with incredible power as they hit her, and she was badly injured by the purity of the good radiating from them.

Then, they attack Da Ji with their weapons, and they badly hurt her. Da Ji tried to flee from the field, but before she could flee, she was surrounded and trapped by a field of mystic energy conjured by Yang Jian.

Da Ji: What the? How could you?!

Leni: **And now, to make sure that you never escape ever again.**

Leni and Lincoln stripped Da Ji of all of her magical powers and abilities, except for her immortality, and Lincoln gave Ahri The Nine Tailed Fox who's in his harem Da Ji's Spheres of Decay, and the large levitating spheres changed from purple to red with gold markings and foxes on them.

Ahri the Nine Tailed Fox: (Smiles) Aw, thank you, Linky.

Lincoln: **You're welcome, Ahri. So, what do we do with Da Ji, Leni?**

Leni: **After everything that she's done to mankind and freeing Orochi from his prison, she needs to be imprisoned for all eternity. But, now that she doesn't have her powers anymore except for her immortality, let's see her try to escape when she's been turned to stone for all eternity.** (To Lincoln) **Shall we, Linky?**

Lincoln: **Let's do it, Leni.** (To Da Ji) **Da Ji, as punishment for freeing Orochi from his prison and causing pain and suffering**

**to mankind, you shall be turned to stone, and you will remain imprisoned within that stone prison for all eternity, and you will never be free again!**

Leni and Lincoln fired two powerful blasts of rainbow energy, and as they hit Da Ji, she screamed in terror, as she was eventually turned to stone and locked permanently in her stone prison for all of eternity. We cheered wildly for what Lincoln and Leni did, as they holstered their massive swords on their backs and power down, and the improvements to Leni's clothes, weapons, jewelry, and angel wings were permanent. Then, they came back to us, along with the stone prison of Da Ji, and Lori went up to Lincoln and Leni, and she hugged them, and they hugged her back.

Lori: (Smiles) Leni, Lincoln, I'm literally so proud of what you two did, you did such an awesome job in turning Da Ji to stone and imprisoning her permanently in her stone prison.

Leni: (Smiles) Thanks, Lori. And I think I know what made Lincoln choose that kind of punishment for Da Ji.

Lincoln: (Smiles) That's right, remember when Twilight Sparkle had turned The Fairy Godmother that Shrek knew into stone, I'd decided to choose that punishment for Da Ji, and she'll never be set free from her stone prison for all eternity.

We were surprised by why Lincoln and Leni chose that kind of punishment for Da Ji.

Twilight Sparkle: Wow, I got to admit, that was a nice job, Linky. Plus, we also have a reward for you.

Just then, Himiko, Zhen Ji, Cai Wenji, Wang Yi, Sun Shang Xiang, Xiao Qiao, Lian Shi, Xing Cai, Bao Sanniang, Guan Yinping, Wang Yuanji, Zhang Chunhua, Xin Xianying, Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, Sena, and Ahri The Nine Tailed Fox, along with the rest of Lincoln's harem went up to Lincoln, and they dogpiled on him, and they kissed him all over, and he had a lovestruck look on his face and kisses all over his abnormally massive and powerful muscular body, as we shared a laugh. Then, Ed went up to Leni, and he kissed her on the lips, which she also returned.

Me: So, what do we do with Da Ji now that she's been turned to stone?

Just then, the other Mystics have appeared, and when they saw what Lincoln and Leni did to Da Ji, they were impressed by the punishment they chose for her.

Nu Wa: I'm impressed by what the punishment that you and Leni chose for Da Ji, Lincoln. Now, she'll never be free ever again.

Leni: She deserved it, and we also stripped her of all her magical powers and abilities, except for her immortality, Nu Wa, I hope you don't mind.

Nu Wa: Not at all, Leni.

San Zang: But, what if Kiyomori tries to free her from her stone prison?

Lincoln: That won't happen, San Zang, we permanently locked Da Ji in her stone prison, and we also made sure that not even the dark magic of Kiyomori Taira can't undo the stone prison. This was the exact punishment that Twilight Sparkle used when she turned The Fairy Godmother that Shrek knew into stone, and locked her permanently in her stone prison for all eternity.

Taigong Wang: I must say, that was impressive work from you and Leni, Lincoln.

Lincoln: Thank you, Master Taigong Wang.

We then returned home to the Estate, and Lincoln placed the stone prison of Da Ji in the center of the garden, and it was placed under strict and heavy security.

Brittney: That was awesome! (To the viewers) Hope you all liked this adventure as much as I did because it was really awesome and epic.

Me: Yep it sure was.

We later enjoyed the rest of the day and went to sleep.

Another awesome chapter complete.

The Shadowman from Are You Afraid of The Dark was one of the scariest monsters I've ever seen from the show. It was really scary, dark, creepy, ugly and terrifying. Hope you all liked how we destroyed him. The first part was for Fantasia in 1940 and that was awesome. The second part was for Fantasia 2000. So awesome. * * *

Over in Yorkshire, England were Nico and Seto Kaiba and they were on another awesome rescue.

Nico: Thanks for coming with me, Kaiba.

Seto Kaiba: I wouldn't miss any of this for anything after I was told about the rescues that J.D. went on.

Nico: They are really awesome and many of them were amazing to hear about.

Seto Kaiba: Lets hope we don't run into many of the enemies we faced during my journeys with Yugi and his friends.

Nico: Well after everything you all went through that will happen someday.

They were walking through the English countryside and then they came across a VERY FAMILIAR place and it was the Tweedy Chicken Farm.

Nico: The Tweedy Chicken Farm.

Seto Kaiba: I had a feeling we would be here again.

Nico: And it looks like someone got it back up and running again and they have more chickens. Too bad Ed isn't here and you know how much he loves chickens.

They went into the farm.

Nico: We should free the chickens here.

Seto Kaiba: Good idea. This place is fully of bad memories.

But then they heard machinery running.

Nico: Oh no. Tell me that's not what I think it is.

They went to the barn and they saw THE PIE MACHINE FULLY FIXED AND OPERATIONAL AGAIN!

Nico: They have it back up and running.

They then saw MR. & MRS. TWEEDY!

---

Melisha Tweedy, better known as Mrs. Tweedy, is the main antagonist of DreamWorks' 4th full-length animated feature film Chicken Run, which is also Aardman's first feature film and Pathe's first animated feature film.

She is the impoverished owner of a chicken farm in 1950s Northern England. She desires to gain profit from her farm, but most of the time, the chickens barely hatch eggs. She is Mr. Tweedy's abusive wife and boss.

She was voiced by Miranda Richardson, who also played Lady Van Tassel in Sleepy Hollow.

In the United Kingdom in the 1950's, a hen named Ginger (the main heroine of the film) makes several unsuccessful attempts for her and her fellow chickens to escape from Mrs. Tweedy's farm in Yorkshire, England. As it turns out, Mrs. Tweedy runs the farm like a concentration camp, forcing the chickens to lay eggs to sell for profit and slaughtering those who fail to lay any eggs for a week. As the year goes by, Mrs. Tweedy discovers that profits are constantly going down due to low amounts of eggs being laid. Her husband Mr. Tweedy correctly suspects the chickens are "up to something" due to their attempts to escape, but Mrs. Tweedy brushes this off, believing that they (apart from Mr. Tweedy) are the most stupid creatures on the planet. After seeing a magazine showing an ad for a pie machine, Mrs. Tweedy decides to get it to turn all of her chickens into pies in a bid to increase her profits.

After ordering the machine, Mrs. Tweedy and her husband attempt to kill Ginger in their machine in order to test it, but are thwarted when a visiting American rooster named Rocky rescues her and clogs the gravy sprayer, sabotaging the machine. The chickens begin to prepare their ultimate escape plan, creating an airplane out of their coops to fly off the farm. In the meantime, Mrs. Tweedy forces Mr. Tweedy to fix the machine. After the repairs are done, Mrs. Tweedy orders Mr. Tweedy to fetch all of the chickens then turns the machine all the way up to "MAX". However, Mr. Tweedy finds out that most of his tools were stolen by the chickens for their plan, but he's attacked by the chickens and tied up and pinned underneath one of the coops. He tries to warn Mrs. Tweedy about this, but she ignores him, unaware of what's going on.

Just as Ginger is about to set up the ramp to help the airplane fly off, Mrs. Tweedy tries to stop her with her axe, finally seeing what's really going on. Fortunately, Rocky (who left until he saw an advertisement for Mrs. Tweedy's Chicken Pies) returns and uses his bike to knock Mrs. Tweedy unconscious, accidentally throwing the axe in the air. Mrs. Tweedy came to and sees the axe land right next to her neck, making her pass out again due to the shock. With that in mind, Rocky and Ginger set the ramp before escaping with the other chickens in their plane.

However, Mrs. Tweedy wakes up and goes off in hot pursuit of the escaping chickens by grabbing onto the dragging rope. Now insanely mad, she climbs herself up to stop the plane, even if it means endangering her own life. Fortunately, Ginger tricks Mrs. Tweedy into cutting the rope with her axe, and she falls through the barn window and lands headfirst in the safety valve of the pie machine, causing it to explode due to the overwhelming gravy pressure, destroying much of the barn as her farm is coated with gravy.

After the explosion, Mrs. Tweedy finds herself covered in gravy and still stuck in the safety valve, despite having survived the explosion. As the chickens have finally escaped from the farm, Mr. Tweedy (having untied himself and barely escaped the explosion unscathed) berates his wife for not listening to him about the chickens in the first place. This only enrages Mrs. Tweedy, but before she can lash out at her husband for his incompetence, he, who is fed up with her abusing pushes over the heavy barn door on her, finally getting back at her and releasing himself from her influence. It remains unknown whether Mrs. Tweedy was killed or just severely injured by the impact of the door falling down on her.

Mr. Tweedy

**Willard Tweedy**, or better known as **Mr. Tweedy**, is the secondary antagonist of DreamWorks' fourth full-length animated feature film *Chicken Run*, which is also Aardman's 1st feature film and Pathe's first animated feature film.

He is Mrs. Tweedy's abused husband who helps her run the farm and is often sent to check on the chickens. While more reasonable, he can also be as violent as his wife to due his desire to please her as much as possible.

He was voiced by the late Tony Haygarth.

Mr. Tweedy is one of the two owners and the main worker om Tweedy's farm, North England. He and his wife, Mrs. Melisha Tweedy run their egg farm more akin to a prison or prisoner of war camp, with Mr. Tweedy acting like the prison warder and his wife the warden. Mr. Tweedy is terrified of his wife and her short temper. For this reason, he follows her orders no matter how unreasonable or foolish they may seem. It is Mr. Tweedy who suspects/knows that the chickens are planning to escape, but Mrs. Tweedy refuses to listen to him.

At the start of the film, Mr. Tweedy and his two dogs are shown patrolling the fence around the chicken coop like prison officers, looking for signs of trouble. They soon catch Ginger and some of the other hens attempting to escape. Since Ginger is the only one outside the fence, the dogs chase her whilst Mr. Tweedy watches. Unfortunately, the commotion catches the attention of his wife, who is not happy and orders him to deal with the matter immediately. Angered, Mr. Tweedy locks Ginger in a coal bunker, then tells the other hens that "NO CHICKEN ESCAPES FROM TWEEDY'S FARM!" This threat did not stop the chickens from trying to make several more escape attempts. Each was systematically foiled by

Mr. Tweedy and his canines, culminating in Ginger being locked in the bunker again.

One night, Mr. Tweedy observed the chickens making yet another plot to escape. Talking to himself, he declared that Ginger was the groups leader and that they were well organised. These delcarations were dismissed by his wife who told him to drop the matter. Calling him stupid and delusional, she told him to drop the matter and forced him to say that he was imagining things. From that point on, whenever Mr. Tweedy noticed any of the chickens suspicious behaviour or activities, he usually did as his wife had instructed and told himself "It's all in your head." When Rocky the Rooster escaped from the circus, he landed at the Tweedy's residence, but thanks to the chickens efforts, he escaped detection.

Without the input of her husband, Mrs Tweedy purchased a pie making machine intending to turn their failing egg business into a more lucrative industry called Mrs Tweedy's Chicken Pies. Mr. Tweedy was suprised by this, having come from a long line of egg farmers, but nevertheless complied. He put the machine together single handed without any assistance. Once it was finished, he asked how the machine worked. When Mrs Tweedy said she would show him if he provided a chicken, Mr. Tweedy said he knew just the one.

Heading over to the coop, he retrieved Ginger, both to deprive the chickens of their leader and take revenge for all the times she had embarrassed him. Strapping her to the machine he then turned it on and waited for it to turn out the produce. Unbeknownst to the Tweedy's, Rocky had followed the farmer into the barn. Thanks to the roosters efforts, he and Ginger managed to escape unharmed, damaging the pie machine in the process. This earnt Mr. Tweedy, who was blamed by his wife, a pie to the face and bought the chickens enough time to come up with another escape plan.

Over the next several days, Mr. Tweedy tried to fix the pie machine. His attempts were foiled somewhat by Nick and Fletcher the rats, who stole his tools so that the chickens could build a plane or old crate as they called it. After several failed attempts and a boot up the backside from Mrs Tweedy, Mr. Tweedy finally managed to get the machine working again. Entering the barn, Mrs Tweedy told her husband to fetch the chickens, all of them!

Mr. Tweedy did as instructed, but upon lifting the lid of one of the huts, he found the chickens hard at work, using his missing tools. Making his presence known, Mr. Tweedy's shock soon faded. Now with the confirmation that he had been right all along, there was a brief stand off between himself and the fowl. However Ginger had finally had enough of living under her cruel owners and refused to give up when they were so close to escaping. Before Mr. Tweedy knew what was happening, Ginger ordered an all out attack on his person. A few seconds later, nearly every chicken in the facility had pounced upon the helpless farmer. Mr. Tweedy tried to warn his wife about what was happening, but she took his declaration that the chickens were "revolting" literally. Within no time, the farmer had been restrained with a length of rope and gagged by his own hat which was shoved into his mouth.

In retaliation for all the times he had locked her in the bunker, Ginger had Mr. Tweedy shoved unceremoniously under the hut. Having just taken their first steps towards freedom, Ginger told the others that the time had finally come, they were all going to escape, right then and there. Mr. Tweedy looked on in amazement as the flock prepared the plane for take off, once again trying and failing to notify his wife as to what was happening. With Fowler at the helm, Mac at the engines and the rest of the flock providing power, the chickens began their take off sequence. Unfortunately, Mr. Tweedy managed to wriggle out from under the hut and kicked over the take off ramp. This forced Fowler to swerve sharply, the planes tail landing a glancing blow to Mr. Tweedy's head. The farmer fell to the ground and remained uncouncious for the remainder of the event.

By the time Mr. Tweedy came around, both the chickens and their plane were skyborn. Managing to untie himself, he rushed into the barn, in order to inform his wife about the situation, unaware that she had already tried and failed to thwart the chickens escape. However, upon opening the door, Mr. Tweedy saw that his wife was stuck, head first, in the machines safety valve. Looking at the instruments, Mr. Tweedy saw the warning lights were flashing and that the machines gravy pressure was dangerously high. Knowing what was about to happen, Mr. Tweedy chose not to help his wife or risk his safety by attempting to turn off the machine. Instead, he just quietly stepped back out of the barn and shut the door.

Moments later, an explosion rocked the area, showering the entire area in gravy. Unhurt, Mr. Tweedy once again opens the door to the factory. There he finds that Mrs. Tweedy had survived, but was now covered in gravy and thar the machinery has been completely destroyed. With nothing better to say, Mr. Tweedy berates his wife, telling her that he was right about the chickens and that she should have listened to him. This only angers Mrs. Tweedy who is furious that, amongst other things, her husband was right all along. Growling menacingly, she prepares to shout at him again.

Before she can though, Mr. Tweedy decided that he had finally had enough of his wife's abuse. Without a word, Mr. Tweedy pushes the barn door down on top of her, hesitates for a second, then moves off in the direction of the house, leaving Mrs. Tweedy where she is. It is unknown what happened to Mr. Tweedy after this, with fans speculating that he may have moved off the farm and started a new life or found a new job, since both him and his wife are poor and lost everything. Whilst it is not clear if Mrs. Tweedy survived having the door pushed on her, fans also believe that if she did, then following this incident the Tweedy's divorced or at the very least, separated.

Nico: Mr. & Mrs. Tweedy? I thought they were put in jail.

Seto Kaiba: Same here. They must've gotten paroled.

They then heard thundering footfalls.

Mrs. Tweedy: What is that noise? Are the chickens acting up?

Mr. Tweedy: I don't think so.

A giant figure appeared behind Nico and Kaiba and they looked and that it was OBELISK THE TORMENTOR!

Nico: Obelisk The Tormentor!

Seto Kaiba: I didn't summon him. I don't even have my duel disk on.

Obelisk: (In a girls voice) (Monotonously) Been a long time Nico.

Nico: Wait a second. That voice. Lilith Falken? Is that you?

Obelisk: It has been a while.

Nico: Everyone, stay quiet.

They stayed quiet.

Mr. Tweedy: The noise stopped.

Mrs. Tweedy: Now we can get back to our plan. We were stopped last time by Team Loud Phoenix Storm and now we can resume our plan without them coming.

Mr. Tweedy: And what is that?

Mrs. Tweedy: We can turn all the new chickens we got into chicken pies and get rich beyond our wildest dreams.

Mr. Tweedy: Hope they aren't like those organized chickens we got before.

Mrs. Tweedy: No these chickens are stupid insignificant creatures.

They left.

Nico: Alright. They're gone. Now, let's free these chickens and get out of here before they find us!

Seto Kaiba: Right.

Nico: I know just how to do it.

Nico looked at the chickens and then snapped his fingers and then beamed them to our Chicken Sanctuary.

Nico: There. Now to go after the Tweedy's yet again.

Seto Kaiba: Right.

Nico: But first thing is first.

Lilith Falken: You want to revert me back to normal first.

Nico: Right.

Seto and Nico covered their eyes and Nico snapped his fingers and Lilith reverted back and she was in her birthday suit. She was a long blue-hair girl with blue eyes and her hair had black lightning lines in her hair and Nico gave her a gothic clothing set and she put it on.

Lilith Falken: It feels good to be back to normal.

Nico then hugged Lilith.

Nico: It's awesome to have you back Lilith.

Lilith Falken: I'm glad to be back Nico.

Seto Kaiba: What's your favorite memory with Nico?

Lilith Falken: Me and Nico were in math class together and Nico saw a bully picking on me because of how I looked and he turned the floor under her desk into quicksand with his powers and made her sink and he got her to confess why she hated me and all that and he got her expelled and sent to a boarding school. I heard she got disowned because of it too. Then I became part of the Quantum Girls.

Nico: That was a very awesome moment. I saved some kids being picked on by her. Also the teachers didn't like her and knew she was a rotten egg.

Lilith Falken: That was cool.

Nico: Now to get the fuck out of here and call the police on those two.

Seto Kaiba: Right.

Lilith Falken: Lets go.

They teleported back to the estate. Then the Tweedy's saw ALL THEIR CHICKENS GONE! THEY SCREAMED IN FURY! Then the cops came and arrested them.

Back at the estate, I was reading the paper.

Me: Ooh, Captain America busted more robbers in New York earlier.

Then Nico, Kaiba and Lilith came in.

Nico: We're back.

Lilith Falken: Wow nice place.

Nico: Welcome to Team Loud Phoenix Storm World Tree Estate.

Me: Welcome back guys.

Nico: Thanks.

Lilith Falken: Honor to meet you J.D. I'm Lilith Falken, Nico's friend from Math Class.

Me: Pleasure to meet you Lilith. Wow I love your blue hair.

Lilith Falken: Thanks. I'm a goth girl.

Nico: And she is also a Gene-Slammer for Obelisk The Tormentor.

Me: Whoa! She is the second of the 3 Egyptian God Card Gene-Slammers we met.

Qin: (Humming) (Gasps) Lilith!

Lilith Falken: Qin.

They went and Hugged.

Qin: Awesome to see you here.

Poromon and Poliwag: Lilith!

They jumped into her arms.

Lilith Falken: Poliwag and Poromon. Awesome to see you guys.

Me: Awesome to have you here.

---

Later on after Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, and Chazz Princeton were heading to the world of Apocalypto, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to see what the Mayans were like over in the Guatemalan City of Tikal, see how they tried to appease the gods, and we're also going to fight the Mayans that took Jaguar Paw and some of his men and friends.

Lincoln: Oh cool, we're in the Guatemalan City of Tikal in the world of the movie Apocalypto, and I think I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're also going to see what the Mayans were like over in the Guatemalan City of Tikal, see how they tried to appease the gods, and we're also going to fight the Mayans that took Jaguar Paw and some of his men and friends.

Me: That's right, big guy. I've wanted to find out what the Mayans were like and see how they tried to appease the gods.

Ronnie Anne: Too bad we didn't bring the rest of the family with us. Mom's at work in the hospital, same with Dad, Abuela's got building repairs, Abuelo's helping Bobby in the Mercado, Tia Frida is working on a new sculpture and Tio Carlos is helping her, Carlota's stuck babysitting Carl, CJ, and Carlitos, and Lalo's keeping an eye on Sergio.

Nico: Yeah, they would've loved it.

Lincoln: And we also got reports there's a Gene-Slammer here, but I can't help but get the feeling this Gene-Slammer is someone that I knew from when I was three years old.

Girl Jordan: Same here, but we'll find out about that one very soon, Linky.

We were flying above the city of Tikal, and we saw that the Mayans have hunted in the forests, but the forests were razed and there were fields of failed maize crops, and the Mayans were also dealing with plague and disease. We also saw that the Mayans have also practiced human sacrifice by taking the captured males to the top of their step pyramids, and we saw a Mayan priest slash the captive's chest with an obsidian knife, and he reached his hand in, and extracted the male's beating heart.

Lincoln: Whoa.

Ronnie Anne: Just like the Aztecs, the Mayans have practiced human sacrifice by taking the captured males to the top of their step pyramids, and the Mayan priest slashed the male captive's chest with an obsidian knife, and he extracted the still beating heart of the male, while the women are sold into slavery.

Me: Brutal.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, but they, along with Jaguar Paw, his family, and some of his men and friends, have been cornered by the Mayans warriors led by Zero Wolf, Cut Rock, and Middle Eye, and they're going to kill them.

Lincoln: Guys, I found the thirteen girls, but they, along with Jaguar Paw, his family, and some of his men and friends, have been cornered by the Mayans warriors led by Zero Wolf, Cut Rock, and Middle Eye, and they're going to kill them.

Ronnie Anne: What?! Oh man, come on, we've got to rescue them.

We flew down, and Lincoln fired a powerful blast of rainbow energy at a group of Mayan warriors, and it killed them. When Zero Wolf, Cut Rock, and Middle Eye saw us, they were enraged. But, before the remaining Mayan warriors could attack us, we heard a roar, and we saw something descend to the ground, it was The Winged Dragon of Ra.

Winged Dragon of Ra: (In a Girl's Voice) Don't even think about it, you savages.

Lincoln: That voice, that's Helena McTroy.

Girl Jordan: Helena McTroy, we haven't seen her since she was three years old.

Helena McTroy: Lincoln, Girl Jordan, is that you?

She flew and hugged Lincoln and Girl Jordan.

Lincoln: Yeah, it's me. But, I've really grown a lot as you can see, and I'm sixteen years old.

Helena McTroy: Yeah, I can see that, you've really grown a lot from the three-year-old cute little boy into a the 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and Girl Jordan's now become a beautiful 16-year-old woman.

Me: Whoa, Lincoln, Girl Jordan, you know her.

Lincoln: Yeah, we do, J.D. This is Helena McTroy, Girl Jordan and I met her when we were three years old, and she protected me and Girl Jordan from the bullies there. We'll have to catch up later, we've got to deal with the rest of the Mayan warriors.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem also got out their weapons, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at the remaining Mayan warriors, along with Zero Wolf, Cut Rock, and Middle Eye, and we fired powerful blasts of rainbow energy, elemental forces, stars, and lasers right at right at the remaining Mayan warriors, along with Zero Wolf, Cut Rock, and Middle Eye, and all of them were killed, and their spirits were Super Hakaied by Lincoln. We cheered wildly as we holstered our massive swords on our backs and power down.

Helena McTroy: Wow, that was fun.

Lincoln: It's always fun, now, let's get you back to normal. J.D., Nico, Eli, Chazz, be ready to cover your eyes. This is going to be my first time doing this.

Chazz, Nico, Eli, and I covered our eyes and Lincoln snapped his fingers, and Helena was reverting back to normal, and she was a beautiful 16-year-old girl with long blonde hair, purple eyes, fair skin, and she was 6'0" in height, and she had the body of a goddess. She also now has massive golden angel wings on her back, as she reigned in the power of The Winged Dragon of Ra, and she was in her birthday suit.

Lincoln: How do you feel, Helena?

Helena McTroy: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a robe to put on. Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Helena McTroy: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Helena.

Helena McTroy had a big smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered. Then, we helped Jaguar Paw, his family, and some of his men and friends, and Lincoln and the rest of us went up to the thirteen other girls located here, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Ritsuko Akizuki, Ami and Mami Futami, Haruka Amami, Hibiki Ganaha, Yukiho Hagiwara, Miki Hoshii, Makoto Kikuchi, Chihaya Kisaragi, Iori Minase, Azusa Miura, Takane Shijou, and Yayoi Takatsuki from Idolmaster.

Lincoln: Oh wow, it's Ritsuko Akizuki, Ami and Mami Futami, Haruka

Amami, Hibiki Ganaha, Yukiho Hagiwara, Miki Hoshii, Makoto Kikuchi, Chihaya Kisaragi, Iori Minase, Azusa Miura, Takane Shijou, and Yayoi Takatsuki.

Helena McTroy: Whoa, from Idolmaster, awesome.

Lincoln: Are you girls okay?

Ritsuko Akizuki: Yeah, we're okay, thanks to you.

Then, when Ritsuko Akizuki and the other twelve girls saw who it was that saved them from the Mayan warriors, along with Zero Wolf, Cut Rock, and Middle Eye, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ritsuko Akizuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ritsuko Akizuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love have appeared around the necks of Ritsuko Akizuki, Ami and Mami Futami, Haruka Amami, Hibiki Ganaha, Yukiho Hagiwara, Miki Hoshii, Makoto Kikuchi, Chihaya Kisaragi, Iori Minase, Azusa Miura, Takane Shijou, and Yayoi Takatsuki. We came back home to the Estate and we told everyone there of what we did in the world of Apocalypto, and when Lincoln showed them what we did to Zero Wolf and his warriors, they cheered wildly for Lincoln and the rest of us, and they all hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. We also welcomed Jaguar Paw, his family, and some of his men and friends into our home with us, and they were going to like it here.

Lincoln, Girl Jordan, and Helena McTroy have a lot of catching up to do now that she's back, and she's going to do a lot of sharing of memories with us.

* * *

After getting rid of Zero Wolf and his warriors this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Helena McTroy saw Lincoln working out like crazy, she had an atomic red blush on her face.

Helena McTroy: Dang, Lincoln's really grown to be a 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Me: Lincoln trained a lot under some very powerful teachers, me included, Helena. So, what was your favorite memory with you and Lincoln?

Helena McTroy: Ooh, I remembered that day in Kindergarten when me, Lincoln, and Girl Jordan had done our first lunch trade, and I guess Lincoln carried it with him to his friends, Clyde, Zach, Liam, Rusty, and Stella.

Clyde: Wow, that's awesome. (To Lincoln) Lincoln, what can you tell us about Helena?

Lincoln: Helena's a talented video game player, comic book reader, and she's one awesome athlete, and she's also one tough girl, one time, she beat the stuffing out of the bullies who were picking on me and Girl Jordan, and one of those bullies was Dustin Keystone.

Nico: Whoa, she beat the stuffing out of that murderous piece of crap?!

Helena McTroy: I sure did, and I also heard that loud reprimand you gave Dustin Keystone, and you really live up to your name, Lincoln. And I'm also not surprised to hear that Dustin Keystone is still the same piece of crap as ever, but for him to break out years ago and try to kill Lincoln as revenge, I hope he leaves out of prison in a coffin or beaten to death by the inmates in the Uranus Prison.

Lily the Mermaid: Yeah, our jaws went wide open when Linky let that bastard have it, and it caused him to crap his pants five million times, that was wild.

Zhen Ji: And I'm sure that you also kept on track as to what happened in the last two days, right, Helena?

Helena McTroy: That's right, Lady Zhen Ji, I've caught it on the Team Loud Phoenix Storm blog that Lincoln and Lori both took down and destroyed Orochi, The Serpent King when you guys went after Sabre on Camp Nightmoon, and yesterday, he, Leni, along with Yang Jian, Himiko, and all of you took down Da Ji, and turned her to stone. That means, all that's left is for Luna, Lincoln, Sun Wukong, and Himiko to take down and destroy Kiyomori Taira, and we'll be finished with Orochi's minions for good.

Nico: Wow, you sure kept track of what happened in the last two days.

Helena McTroy: Actually, I've kept track on all of your adventures, and they were really awesome, and that Lincoln has Max Dillon A.K.A. Electro as your archenemy in The Masters of Evil. And now, not only am I part of Lincoln's harem, I'm now a member of Team

Loud Phoenix Storm.

Me: Awesome.

Lori: Plus, Helena, and we're so happy to see you again after all those years.

Helena McTroy: Same here, Lori, and I'm glad when told me that you, Lynn, and Lola were freed from your dark sides, because trust me, if I see them, I'll beat those three bitches black and blue. (Cracks Knuckles)

Nico: Dang, Lincoln's not kidding when he said that you're a tough girl and you don't tolerate bullies, Helena.

Helena McTroy: That's right, Nico, and isn't that the same with your childhood friends who are now a part of your harem too?

Nico: Yep, and if someone tries to bully me, they're getting a fist to their face, and I hope they knock out their teeth.

Lincoln: And don't worry, Helena, the dark sides that we've gotten out of people were sent to The Pluto Prison for Tyrannical Dark Sides, imprisoned in crystal prisons, and they're never getting out.

We got a shower afterwards, and suddenly, a bright light descended onto the Estate, and we covered our eyes. Then, the bright lights faded, and to our big surprise, the world of Idolmaster, the world of Ritsuko Akizuki, Ami and Mami Futami, Haruka Amami, Hibiki Ganaha, Yukiho Hagiwara, Miki Hoshii, Makoto Kikuchi, Chihaya Kisaragi, Iori Minase, Azusa Miura, Takane Shijou, and Yayoi Takatsuki has merged with ours.

Lincoln: Oh wow, Ritsuko, Ami, Mami, Haruka, Hibiki, Yukiho, Miki, Makoto, Chihaya, Iori, Azusa, Takane, Yayoi, your world has merged with ours.

Ritsuko Akizuki: Awesome, and I can't wait to hear you singing on stage, Lincoln. This is going to be so awesome.

Helena McTroy: I'm going to guess we're in for a surprise and a show, right?

Me: You guessed it.

We then headed for 283 Production, and we met with President Tsutomu Amai and Secretary Hazuki Nanakusa, and they heard of what happened with the girls, and that Lincoln rescued them, and they're now part of Lincoln's harem, and they're proud of them. Then, we sat in the audience, and Lincoln and the girls went onstage, and they decided to sing A Thousand Years by Christina Perri, and when Lincoln and the girls sang, the stage transformed into the starlit skies out in space, and through Lincoln's very massive deep sapphire blue angel wings with orange tips on the massive deep sapphire blue feathers, we saw the adventures that we've had over the last five years, and the dates Lincoln and his future wives have had in the last few years, and they had a smile and tears in their eyes, and the same went with us.

Helena McTroy: Oh wow, Lincoln's got such an amazing divine voice.

Then, the girls in Lincoln's harem and all of us cheered wildly for them, and then, the girls went up to Lincoln, and he made clones for them, and wrapped their abnormally massive and powerful muscular arms around the girls' waists, and they wrap their left arms around their wider and more muscular backs and place their right hands on their massive and wide right pecs, and they kissed passionately, and we cheered for Lincoln.

Me: That was so awesome!

Nico: You said it, bro, and I also can't wait for when Lincoln's wedding comes in the future.

Lori: But, that'll be when he reaches the marrying age, and he'll always have something planned for the wedding to his future wives.

We then came back home.

---

Later it was time for another mission for me in the Digital World.

Varie: J.D., I'm coming with you with Mikey and his friends this time.

Celica: Same with me J.D.

Me: You will love meeting Mikey and his friends.

Nene: We're going after Splashmon next and he is going to be a tough challenge.

Nico: Be careful guys. But you can do it.

Me: We're going to make him pay.

We opened the portal and we went to the Digital World.

We arrived and Mikey saw us.

Mikey Kudo: Hey J.D.

Me: Hey guys. I have two people for you to meet.

Varie: Hi, I'm Varie. J.D.'s fiancé.

Celica: And I'm Celica, Princess of Zofia and anther one of J.D.'s fiancé's.

Mikey Kudo: Awesome to meet you both.

Angie: (Bows in respect) (To Celica) An honor to meet you Your Highness.

Celica: No need for formalities. Just call me Celica.

Angie: Sorry. Just wanting to be respectful.

Christopher: It's awesome to meet you both. Varie how did you and J.D. meet?

Me: Me and Varie met over at Grand Venture state park in Michigan and it was because of my friend Lucy's prediction on one of her Tarot Cards that lead me to her.

I told them everything that happened during the events of chapter 7.

When I was finished they were amazed.

Angie: Oh that is so sweet.

Jeremy: So awesome.

Nene: It sure is cool.

Christopher: Congratulations to you both.

Me: Thanks.

Angie: How did you meet Celica?

Me: That was a heroic one.

I went over the events of chapter 598 and it was amazing.

When I was finished they were more amazed.

Angie: Whoa! That is awesome!

Celica: It was a very heroic adventure and it was awesome to see my friends in the Super Smash Bros. Universe again even though I'm not part of the Super Smash roster.

Mikey Kudo: That is awesome!

Jeremy: J.D, I've got a good idea for when we fight Gravimon. You and Nico should go undercover as two criminals volunteering for the Bagra Army. Your undercover name can be

Walter White. Nico can be Jesse Pinkman.

Angie: (facepalms) Again with the Breaking Bad references.

Me: Even though it's Splashmon we're going after next that is a VERY CLEVER strategy. I will take great consideration into that.

Jeremy: Thanks J.D.

Angie: You agree with him?

Me: It's a very genius tactic. I'll be sure to let Nico know about it the next time we come here. Perfect Ambush assault.

Angie: Oh.

Varie: That is clever.

Me: Yep. Anyway lets head for Cyber Land.

We were off.

Varie: Wait. Can Splashmon blend into the water here?

Me: He is known as the Water Tiger. But Mikey what can you tell us about Splashmon?

Mikey Kudo: Well he is a monster.

He told us all about Splashmon.

---

Splashmon is one is one of the Dark Generals of the Bagra Army, the ruler of Cyber Land, and is one of the main antagonists in the second half of the anime, Digimon Xros Wars/Fusion, and a minor antagonist in the reboot of Digimon Adventure. He and also known as the Water-Tiger.

He was voiced by Hikaru Midorikawa in the Japanese version and Christopher Corey Smith in the English version.

After Lord Bagra (the main antagonist) finished the Code Crown, he recreated the Digital world into the 7 Satellite kingdoms. Doing so he also created the Death Generals. One of them was Splashmon. He's became the ruler of Cyber land with AxeKnightmon as his Master. He was destroyed by Shoutmon DX. Splashmon reappeared (in his Darkness Mode) along with the other Death Generals as soulless Digimon, and all combined together to form the ultimate Death General, GrandGeneramon.

---

When he was finished we were shocked!

Me: Whoa.

Celica: That is insane!

Me: And he has powerful water attacks and shapeshifting powers. So we need to be cautious of him.

We arrived in the Cyber Land and it looked like a massive futuristic city from thousands of years into the future.

Me: Whoa! So this is the Cyber Land. It looks like a city years into the future.

Celica: Wow! So advanced.

Me: Yep and I already see more perfect candidates for the Masters of Evil.

I saw Andromon, MetalTyrannomon, Sealsdramon and Whamon.

We landed.

Nene: Let's keep our eyes peeled.

Me: Right and be careful.

We looked around the city of Cyber Land and it was amazing. I was sensing for anything flowing with evil and looked sharp. Then I sensed something.

Me: (Looks up) UP THERE!

I fired an energy blast at a building in front of us and it hit it and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A figure came out and crashed onto the ground with a huge splash and it was SPLASHMON!

Me: Splashmon the Water Tiger. So we meet at last.

He reformed and saw us.

Splashmon: The famous J.D. Knudson of Team Loud Phoenix

Storm. Nice of you to pay us a visit and I see you have the Fusion Fighters with you.

Me: And soon you will meet the same end as NeoMyotismon.

Splashmon: You destroyed NeoMyotismon!?

Me: My friend Nico did that. Olegmon defected and joined our frenemies in the Masters of Evil.

Splashmon: After I kill you fools, Lord Bagra will most likely give me a promotion!

Me: I think not. DIGI FUSE!

I fused with Zhuqiaomon and he formed into his armor and I became my Phoenix Sovereign Warrior Mode!

Me: Time for you to see what the power of the Sovereign of The South can do.

I flew at Splashmon and slammed my knee into his stomach and slashed his arm and it evaporated into nothing!

Splashmon: YOU FOOL! (Echoing) HYDRO PRESSURE!

He fired a powerful blast of water from his fingertips!

Me: (Echoing) BLAZING HELIX!

I fired a swirling blast of intense fire from my wings and the blasts collided and exploded with incredible power!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the city of the Cyber Land and set much of it all on fire!

Nene: Try this on!

She summoned the Scythe of Azulongmon and slashed him and electrocuted Splashmon all over!

Shoutmon: What's wrong? A little out of your element?

Nene: Not used to fighting the power of the Sovereigns are you?

Splashmon: I'll show you power!

He turned into his TRUE DARKNESS MODE AND HE LOOKED LIKE A TIGER OF PURE WATER!

Me: You really are The Water Tiger.

Angie: Oh boy.

Me: But you won't survive this! BLAZING HELIX KAMEHAMEHA!

I fired a massive Kamehameha made of swirling fire hotter than the sun and it slammed into Splashmon and completely obliterated him in an instant! NOTHING WAS LEFT OF HIM! We then uploaded his data and acquired his powers and abilities.

Me: All right! Another general of the Bagra Army destroyed.

Mikey Kudo: Take that!

Nene: That was awesome!

We later went back.

May: How was it?

Me: Went really well. Splashmon has been completely evaporated.

Nico: All right! Man this is getting too easy for you all.

Me: Maybe. But Lord Bagra will be a big challenge for us when we face him on February 7th. But we got the Bagra Army on the run.

Nico: The strategy is working perfectly.

Me: Yep. Next up is Gravimon and Nico, I'll need your help on that one. Jeremy came up with a genius strategy for when we face him next.

I whispered into his ear and it was awesome.

Nico: That is genius. Perfect ambush tactic.

Me: Yep. Lincoln you and your siblings can come with too.

Lincoln: We would be honored J.D.

Nene: This is gonna be awesome.

---

Later we were off to Dr. Langstrom's lab.

RD Lola: So, we're going to see Dr. Langstrom now?

Me: Yep. We haven't seen him in a while ever since we saved Francine from the Manbat Mutagen.

Nico: It has been a while hasn't it.

Twilight Sparkle: And we faced the Manbat during the battle with Team Dark Phoenix Storm.

Me: I know. That was a shock.

Applejack: I'm confused. What was the Manbat?

Me: It was a project that Dr. Langstrom was working on. He was working on a mutagen for it. It was to create a new kind of species.

I went over his history.

---

Man-Bat appears in Batman the Animated Series as a zoologist at Gotham City Zoo. Dr. Langstrom had hoped to mix human and animal DNA to create a new species. However he could not control himself in this form and he went on a rampage, (which Batman was blamed for due to a similar appearance). Man-Bat was stopped and eventually cured.

However, his wife Francine was unwillingly exposed to the formula in another episode and transformed into She-bat. Dr. Langstrom and Batman worked together to return her to normal.

---

When I was done everyone that hadn't heard it was shocked.

Eli: Whoa that is terrible.

Fluttershy: Goodness.

Aylene C.: Really playing with fire.

Zoe Weather.: No kidding.

We arrived in Dr. Langstrom's lab.

Ripster: Hi, Dr. Langstrom!

Dr. Langstrom: Been a long time guys.

Me: Hello doctor. Sorry we haven't seen each other for so long. (Shakes hand) Things have been really busy for us.

Dr. Langstrom: I know. I've been keeping up to date with everything that was happening with you all. Especially with how you all fought my Manbat persona in the Aleutian Islands up in Alaska.

Nico: That was a really powerful battle.

Me: Yeah. Team Dark Phoenix Storm was trying to destroy the entire planet with powerful nuclear missiles.

Dr. Langstrom: That is what I was hearing and Lincoln that is amazing that you all have Scottish Ancestral Origins. Francine told me all about what happened with you all and I'm sorry that happened to you.

Lincoln: It's all right but it was cool going to Scotland.

Eli: It sure was.

Lucille Loud: (Scottish Accent) It sure was now. Sorry I'm Lucy

Loud's Scottish ancestor Lucille. It's an honor to meet you doctor.

Dr. Langstrom: Pleasure is mine Lucille.

Lucy Loud: We discovered that our ancestors and us have so much in common.

Bludgeon: Listen, there's something you need to know about that battle. But please don't freak out.

Bludgeon played a video of Man Bat fighting Lana, the Dinozaurs, the Huntik Team, and the Dino Charge Rangers.

Lola: Lana, why did you need Lok's help to disarm that missile?

Lana: You know technological stuff is not my strongsuit.

Lola: Oh right.

Dr. Langstrom: That is amazing how you all fought my Manbat Persona.

Me: That was amazing though.

Batman: But thank goodness Lok knew things like that.

Nico: Yeah it sure was.

Dr. Langstrom: Yep and Bruce it's hard to imagine that you and Batman are both one in the same.

Batman: It sure is. Everyone was shocked.

Me: The truth was gonna come out one day. Now that all of Batman's most dangerous enemies are all dead and some of them are now in our frenemies of the Masters of Evil he doesn't need to hide it anymore.

Nico: That's true.

Dr. Langstrom: That is true. And Bruce I heard that you have your family back.

Batman: That's right and they were brought back by the Aparoids.

Rarity: That was a shocking sight to see though.

Me: Yep.

G1 Ironhide: Mr. Mind must've used a Dark Orb at some point to get your Man Bat side out of you for his plans.

Dino Tyranno: But not to worry. I killed that mindless monster myself.

Nico: He sure did. And we had one of our own on the inside as well.

Naruto: The Chameleon was our mole.

Me: It's true.

Dr. Langstrom: Amazing.

We had a nice talk.

---

Later it was time for our mission.

Teresa: Nico, it's your turn to lead today.

Nico: Yes I know Teresa.

Lilith Falken: What is the mission we're going on?

Nico: Well it's actually a mission for Jared.

Jared: That's right. You see I have some personal business to take care of and it centers around Moka's father.

Me: What is this business you have with Moka's father son?

Jared: Well it was from before we came to Earth. Moka's dad Issa Shuzen and I have a nasty bloodfeud with each other because he stole something very important that belongs to me. It's a necklace that you gave to me when me and Allenby got married. My necklace looks like a flame of fire and Allenby's is a snowflake.

Heidi: I remember seeing that necklace dad.

Isabel: Yeah you told us you lost it.

Jared: Yeah because I was too ashamed to tell you all what happened. Issa Shuzen stole that necklace from me and he brought shame to me. Now I'm going to restore my honor and get my necklace back from Issa.

Moka: I'm sorry that happened to you Jared.

Jared: Thanks Moka. And I'm sorry that I have to fight your father but it's the only way to get it back. I'm not going to kill him. I'm going to just rough him up.

Me: And we'll gladly help you son.

Jared: Thanks dad.

Then Mumbo Jumbo, Skulker, Patty & Selma, Golden Glider, Professor XXXL, Grizzly, Zzzax, Abomination, Blizzard and Scorcher appeared.

Scorcher: Mind if me, Mumbo Jumbo, Skulker, Patty & Selma, Golden Glider, Professor XXXL, Grizzly, Zzzax, Abomination, and Blizzard go with you guys?

Nico: You all sure can. This is Jared's business.

Jared: I'll explain when we get to the Yokai World that Moka and her friends know.

Skulker: Okay.

Marge: Patty, Selma?

They saw Marge.

Selma: Marge.

Marge then broke down crying.

Marge: (Crying) Oh girls I'm so sorry for everything I've done. It was all Burns' fault.

Patty and Selma comforted her.

Selma: We know Marge.

Patty: It wasn't your fault at all.

Marge: But I've done so many horrible things! (Crying) I stabbed Nico in his gut and tried to kill Homer! I'm sorry!

Patty: Oh Marge.

They hugged her as she was crying.

Selma: It'll be all right Marge. Just let it all out.

Eli: Poor Marge.

Nico: Burns brainwashed her bad.

Lilith Falken: Did she do that to you Nico?

Nico: Yeah she did but I brushed it off and forgave her.

Erica: Good.

We gave them 20 minutes before we headed out.

Roxas: Buffy, can you call your friends to help us with this?

Buffy: I sure can.

Nico: Great and Alucard we'll need your friends too.

Alucard: You got it.

Buffy called her friends in and so did Alucard.

Nico: Awesome.

Marge calmed down.

Nico: Marge are you all better?

Marge: A little. Still guilty over what happened.

Nico: I know Marge. I'm sorry that happened to you.

Marge: I'll be all right.

Nico: Good. Better call in everyone. (Pulls out bugle and plays Reville and everyone came)

Everyone came and gathered.

Nico: ATTEN-TION!

We stood in attention.

(MILITARY THEME PLAYS)

Nico: ALL RIGHT MAGGOTS LISTEN UP! This mission is for J.D.'s son Jared. It's to restore his honor after he lost a fight with Moka's father Issa Shuzen. He lost his necklace that was given to him as a wedding present for him. Our mission is gonna be in the Yokai World and we're going to the castle of Issa Shuzen to get his necklace back. It's gonna be a brutal one. This is Jared's Mission so we're going to follow his lead too. Before we leave I have one rule and it's for everyone that's new. Everyone does their job and no one quits. You don't follow that rule and you will be sent back here to the estate for the remainder of the mission! DO YOU GET ME!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks!

Me: NICO'S ROUGHNECKS!

Everyone: (SPARTAN GRUNT)

Nico: At ease everyone! We leave in 10 minutes! Take that time to get what you need. We're gonna be in for a rough mission! That'll be all! Dismissed!

We got ready.

Ed: I got steaks!

He pulled out meat.

Eddy: Not the ones we need, Lumpy. I could go for a bite, though.

Abomination: Same with me.

Lea: I'll cook them.

Lea used his fire and cooked them and they ate them.

Nico: All right you guys now that you've had your little snack lets head out and you mean these kinds of stakes.

Nico gave them Silver Stakes.

Eddy: Thanks Commander.

Nico: You're welcome soldier. Lets move!

Nico opened a portal and we were off to the Yokai World. We arrived and we were in a creepy forest.

Me: Wow we're back in the Yokai World.

Moka: Good to be home.

Naruto: Sure has been a while since we were here.

Me: Sure has been a while bro.

Nico: Yep. Jared since you were here the last time you lead the way.

Jared: Yes sir commander. Issa's castle is just beyond this forest.

We followed Jared.

Jean Bison: Alucard, you and Buffy's friends ARE coming, right?

Alucard: Absolutely.

Buffy: We're ready.

We were walking through the forest.

Me: So son can you tell us what Issa is like?

Jared: He may be the lord of vampires but he is an honorable man. I fought him before and he is a very formidable adversary.

He went over Issa's history.

---

Issa Shuzen (朱染 一茶 Shuzen Issa) is the father of Moka Akashiya and her three sisters of the Shuzen Family, as well as a very influential figure among Vampires. Fittingly, he is incredibly powerful and a very capable combatant.

In this adaptation, Issa created Moka's Rosario Cross and the one used for the school barrier. His contempt for humans knows no bounds and, according to Koumori, his powers exceed that of a standard S-class yōkai, able to throw anyone with just a wave of his hand.

Moka's father resided in a vast castle when Tsukune Aono went in search of him for another Rosario cross. Upon meeting him, he disliked Tsukune because he chooses a "fake" Moka over his real daughter; however, he gains a respect for him once he takes the Rosario out of his hand without him knowing. As Inner Moka arrived and stopped the fight, claiming that if Issa was truly fighting seriously, Tsukune would have lost instantly. With this, he lets Tsukune keep the Rosario and leaves, causing the castle to collapse. He later gives Kokoa a spanking for apparently allowing Tsukune to infiltrate his castle.

Vampirism: Though the full extent of Issa's powers are not shown he is mentioned by Touhou Fuhai, one of the Three Dark Lords, as having power far greater than an ordinary S-Class vampire. He was also referred to as the strongest vampire which was proven when he easily defeated Tsukune and leff him a bloody mess without receiving any injury. Though considering that Issa is not a Shinso vampire but has power that allows him to surpass the currently only living Shinso Vampires easily, he must have reached the pinnacle of vampiric potential and abilities.

Immense Strength: Issa is known as an extremely powerful vampire due to his enormous strength. With a powerful clap he silenced both Kahlua and Akua from their fight with the two being visibly frightened. He is able to destroy an entire bar table by simply slamming both of his fist on top and killed a poisonous monster that almost killed Tsukune with a single powerful punch. Issa's strength matches that of a Dark Lord and he was strong enough that he was able to easily overpower Tsukune as a Shinso Vampire and beat him to a bloody mess.

Immense Speed: Issa is shown to be extremely fast, as he was able to easily catch Tuskune completely off guard with his speed when a poisonous monster tried to kill Tsukune from behind while the latter couldn't react to his movement. Later, when they sparred,Issa was not hit even once by Tsukune and he very quickly defeated Tsukune.

Yokai Detection: Issa can detect another monster's aura which is a standard ability amongst vampires. Though Issa's skill in this ability appears to be more advanced than an average vampire as he was able to detect the poisonous monster attempting to kill Tsukune while Tsukune himself and his friends didn't even noticed it. Though their attention was completely focused on Issa out of suspicions of his intentions when they noticed that he dropped a wanted poster of Tsukune out of his coat pocket.

Immense Demonic Aura: Issa apparently has a monstrous level of Yoki as when the 2nd Sub-Division Leader of Fairy Tale had copied the vampire's form and abilities to a lesser degree, Moka had sensed his Yoki to be identical to that of Issa himself from a far away distance and became increasingly frightened by his presence. In fact she even proclaimed him to be Shuzen's strongest man while still under the belief that the doppelganger was Issa.

Force Push: In the anime, Issa has shown the ability to repel others away just by exerting his Yokai energy with either a wave of his hand or by his thought. He did this to push Tsukune away from where he was sitting to show his disapproval of Tsukune choosing Outer Moka over Inner Moka.

Abilities

Master Hand-to-Hand Combatant: Issa is extremely skilled in Hand-to-Hand Combat and an exceptionally powerful fighter with his immense speed,agillity,and strength,with Kokoa noting his combat level as being equal to that of the Three Dark Lords. This was proven when Issa is able to easily defeat Tsukune after he became a Shinso Vampire during training, in fact, Tsukune was unable to land a single hit on Issa while he reduced the latter to a bloody mess in their fight.

---

We were shocked.

Me: Whoa! So he doesn't like anyone coming into his castle.

Nico: Looks like we're in for a nasty challenge when we get there.

Jared: Yep but Issa has no idea that I've gotten more powerful since our last encounter. But as a man of honor myself and the fact that he is a very formidable adversary I am going to let him live and if possible have him join our frenemies in the Masters of Evil.

Qin: Wow. Jared you are a very noble man.

Me: That's my son for you.

Grizzly: By the way, Nico, nice stealthy job in your rescue today.

Nico: Thanks Max. It was really awesome.

Jared: There it is.

We saw the castle.

Jared: At last, Castle Akashiya.

Brittney: Wow what a castle.

Lucy Loud: My kind of castle.

Nico: He sure likes Transylvanian castles.

Jared: Yep. Issa has always been a man of great taste.

Eli: Uh oh. I sense another energy there.

Me: What is it Eli?

Eli: It's tainted. It feels human and inhuman.

Me: Uh oh. I feel it too. It feels like it's not normal.

I concentrated and to my shock and horror it was TSUKUNE AONO!

Me: Oh no! It's Tsukune Aono!

Nico: Wasn't he the one that went to Yokai Academy by accident?

Me: Yep. That's what Moka told me. But somehow he became a ghoul and lost his mind.

Nico: Oh no.

Maria: We have to get him somewhere safe so we can heal him. NOW!

Bai Tza: Just what I was thinking!

Me: Let me see here.

I concentrated and found that he was still human but he was slowly being taken over by vampire darkness.

Me: There's still hope. We can save him from becoming a ghoul.

Nico: Good.

Eli: We have to hurry. He's inside the castle next to Issa's main study.

Jared: This is gonna be rough. He obviously knows that Moka and friends are with Naruto now and he is completely consumed with jealousy. But we can still save him.

Lola: How did he turn into a Ghoul like that?

Brittney: Moka fed on his blood many times from what I was told.

Lucy Loud: That's why I don't feed on the blood of people I know.

Me: That's why I go with the smart approach of getting blood from a blood bank for vampires like Lucy and Moka.

Nico: Yep.

Jared: Lets go guys. We're going in.

We went for the castle.

Professor XXXL: While we're looking, who do you think will appear in Nico's next rescue?

Nico: Boy that's a good question. But I'm betting on one of the girls that Leina Vance knows.

Leina Vance: That would be awesome.

We arrived at the castle door and Jared opened the door and we went in and the castle was amazing.

Nico: Wow what a castle.

Sora: Just as beautiful and amazing as Prince Adam's and King Mickey's castle.

Jared: Issa has a very amazing high caliber castle of great decor.

Elena: He's got to be here somewhere.

Jared: I know where he's at. But stay alert everyone. Tsukune is here too and we have to watch our backs. If he is a Ghoul like we fear then he is gonna be completely insane and dangerous trying to regain control.

Naruto: He'll be mentally unstable.

Laney: Oh boy. This is gonna be dangerous.

Jared: Yep. But don't worry. We'll save him.

Fenikusu: Oh boy. I hope it's not to late for him.

We walked around. We felt Issa's energy signal getting stronger as we got closer.

Patty: I think Issa's close.

Selma: We have to cure Tsukune first!

Lily: Leave that to me. If I can cure Nora Fries of her disease and Allie's mom and Elie Agreste then I can cure Tsukune too. I just need a magic boost.

Brittney: You got it Lily.

Jared: There it is.

We saw the doors into Issa's study.

Jared: Beyond those doors is Issa's study.

Me: This is gonna be brutal.

Jared: Yep. (Senses something) INCOMING!

A figure came in roaring and it was TSUKUNE AONO!

Jared grabbed him and threw him onto the floor!

Tsukune was completely out of his mind and he was glowing with dark vampire energy!

Tsukune: GIVE ME BACK MOKA!

Jared: Tsukune! Calm down! We don't want to hurt you.

Lily: This is for your own good Tsukune, because you are not yourself!

Lily spread her wings and enveloped him in a ball of water and it flowed into him and then a ball of purple-red energy came out and separated from him and Brittney contained it.

Brittney: There's the vampire Ghoul Energy that was in him.

Nico: Nice job Lily.

The water went back and Tsukune was weak and very disoriented.

Tsukune: (Weakly) What happened? Man my body and my neck and everything hurts really bad.

Varie was looking him over.

Varie: He's going to be weak for a while. He'll need a huge blood transfusion for the next few days.

Moka: Oh it's my fault. I let my hunger get the best of me. I couldn't control myself.

Laney: Moka it's not your fault. You're a vampire and you couldn't help it.

Me: Yeah Moka.

Tsukune: Moka? What happened?

Moka: It's a terrible story Tsukune.

Me: We can explain everything later.

Burst Man: We should probably head somewhere safe before we explain what's going on.

Jared: Agreed.

Nico: Lets head to the forest.

We teleported out.

In the forest Tsukune was resting.

Tsukune: (Groans weakly)

Kurumu: Save your energy Tsukune.

Varie gave him fresh blood she got from the blood bank for this.

Varie: You'll be all right Tsukune.

Lilith Falken: How do you know so much about this Varie?

Varie: I'm a nurse and it's my job to heal people.

Lilith Falken: Wow.

Jared: Tsukune, sorry we didn't introduce ourselves before. My name is Jared Knudson and J.D. Knudson is my father.

Me: Pleasure to meet you Tsukune. Sorry we didn't meet before. I'm J.D. Knudson.

We introduced ourselves.

Tsukune: (Weakly) It's an honor to meet you.

Golden Glider: How are you feeling?

Tsukune: Really weak. What happened to me?

Nico: You were bitten so many times by Moka that you turned into a vampire Ghoul. You nearly were consumed beyond the point of no return and Lily saved you from yourself.

Moka then hugged Tsukune and cried hard.

Moka: (Crying) Tsukune I'm so sorry! I didn't know I was going to turn you into this when I was drinking your blood. I'm sorry!

Tsukune: It's all right Moka. I forgive you.

Me: But at least you're going to be all right. Moka told us so much about you and how you have done so much good all over Yokai

Academy.

Nico: You are a true hero Tsukune. Going to a school for monsters from all over the world as the only human there and risking your life on a daily basis for fear you would be killed by them took a lot of guts and courage.

Tsukune: Thanks Nico. I was so terrified that I would be exposed there.

Nico: I know.

Muscle Man: You know who else is glad Tsukune's alright now?

Cut Man: Haven't heard this one in a while.

Muscle Man: My Mom!

We laughed.

Tsukune: I don't get it.

Allie Wilde: We don't either. But his jokes are funny.

Luan: They are.

Varie gave him some water.

Tsukune: Thanks Varie.

Tsukune drank it.

Jared: But we're really proud of you for helping so many people out at Yokai Academy.

Kurumu: That's right Tsukune.

Fenikusu: We're proud of you.

Yukari: That's right. You saved lots of students and helped them out just like J.D. and Naruto have.

Mizore: And we're honored to have you as a friend.

Tsukune: Thanks girls. I'm honored too. Naruto, take really good care of Moka and her friends. They are all in really good hands with you.

Naruto: Thanks Tsukune. That means a lot to me.

RD Girl Jordan: It's not your fault, Moka. You couldn't control your actions. (bitterly) I know the feeling.

Moka: (Sniffles) I know. It's just that I wish Tsukune didn't become a Ghoul like that.

Nico: Moka it's not your fault.

May: Yeah Moka. You are a great vampire. You and Tsukune have done so much good not just in Yokai Academy but with us as well. That makes you a great friend.

Naruto: And someone that would be perfect for anyone.

Laney: You have a good heart too.

Tamao: And you have set a lot of people straight with that powerful kick of yours.

Mizore: You are a true friend.

Kurumu: And a very strong and powerful force.

Yukari: You saved lots of people from themselves with the help of J.D., Naruto and Tsukune.

Me: That's right and you are a really amazing girl. You're more than just a vampire, Moka. You are also a great human being.

Moka gasped. No one has ever called her that before.

Me: Moka I don't care if you are a vampire. You are as human as all of us. Just like Kurumu, Mizore, Fenikusu, Keito, Tamao, Yukari and all of the people of Yokai Academy are all human in terms of spirit and heart. And you have the greatest friends in the universe: All of us.

Moka smiled and she was so happy to hear that.

Zzzax: And if anyone else has a problem with that, they can suck my electrified dick!

Me: You said it Zzzax.

Mollie: I agree.

Nico: That's right Moka. Don't let anyone tell you otherwise.

Moka: (Sniffles) Thank you all. Thank you.

Jared: You're welcome Moka. You're welcome.

Youngblood: (Tsukune's gets up) Where do you think you're going?

Tsukune: I'm going to help you guys.

Maria: Even with our powers able to heal you, you still won't be 100 percent.

Varie: Let me get you a wheelchair.

Varie pulled out a Dyna Cap and she pressed it and threw it and then…

BBBOOOOOOOOOOOOMMMMM!

A hover wheelchair came out.

Varie: There.

Tsukune got in.

Tsukune: Thanks Varie.

Varie: You're welcome. Also Tsukune you didn't know about this but Tamao is my sister.

Tamao: That's right.

Tsukune: Wow! I didn't know about that.

Tamao: I was so happy.

Nico: Yeah. Lets get going. It's time for us to face Issa. Jared has a little score to settle with him.

Jared: He has something that belongs to me. It's a necklace that was given to me as a wedding present.

Tsukune: Wow.

Jared: Lets head in.

Suddenly, Sun Wukong has arrived in the Estate in a flash of blue light.

Luna: Master Sun Wukong, uh oh, I think I know why you're here: you guys have found Kiyomori Taira, right?

Sun Wukong: That's right, Luna. (To Helena McTroy) And it's a pleasure to meet you, Helena.

Helena McTroy: You too, Master Sun Wukong.

Luna: Before we get after Moka and Kokoa's father, Master Sun Wukong, what can you tell us about Kiyomori Taira, since you've been around him all the time?

Sun Wukong: You won't like what I'm going to tell you about him, Luna, and the same goes with all of you.

Sun Wukong proceeded to tell us about Kiyomori Taira, and as predicted, we weren't going to like him one bit.

---

Kiyomori Taira

Before the events of Warriors Orochi 2, Kiyomori was Yoshitsune's honorable rival who died during their last confrontation. He was resurrected by Da Ji as a twisted half-demon, half-human entity. With his new found power, he frees Sun Wukong from his seal and acts as the leader for the remaining pro-Orochi forces. He works to find a method to revive Orochi, eventually finding Himiko as the catalyst he needs. To stall for his lord's complete revival, Kiyomori sacrifices himself and dies a second time.

In Musou OROCHI Z, Kiyomori participates in two dream stages. In one of them, he teams up with Benkei and Yoshitsune to prove the might of the Taira and Heike era. His personal contribution is rescuing the allied generals at the center of the battlefield. In the other, Kiyomori joins Da Ji and Orochi X along with the remaining Orochi loyalists at Koshi castle, and they fight the leaders of the four factions in Warriors Orochi 2. Kiyomori's personal contribution to the battle is helping raise the drawbridges to reduce the amount of enemy attack routes.

Though he had perished, it is initially believed that the Hydra's power had revived him. So long as the giant serpent exists, Kiyomori can infinitely revive himself and the fallen serpent army. He remains loyal to Hydra throughout the game's story, and he is one of the few characters to accept it as Orochi. Requiring vassals for the serpent army, he uses his sorcery to control the minds of several characters and have them fight their allies against their will as shown in the DLC midquel stages "The Rise of Kiyomori" parts 1 and 2. Since the spell requires constant maintenance, it is often incomplete and easy to break once the victim is beaten in battle. He also scouted the land constantly in search of other warriors to possess as well as to test is his own.

During the original timeline, Kiyomori brutally uses his mind-controlling magic to turn friends against one another and led his forces to practically wipe out humanity. When the coalition from the future use time travel to prevent his schemes from succeeding because of Kaguya and his failure in the future to notice, Kiyomori's forces lose ground and retreat to Anegawa. His incantation to complete his control over his servants is interrupted by Ryu and company.

When the coalition fight their final battle at Koshi Castle, Kiyomori will appear in both the Good and True Ending's versions. In the Good Ending, he will be guarding the central gate to Orochi X's room. He will also summon demon soldiers to aid him, but Susano'o unexpectedly appears to aid the humans. At the end, he is slain by the heroes to begin their ascent to Orochi X. In the True Ending, he will retain his role of protecting the central gate, but upon his first death, he will revive later at the western altar, and he proceeds to continuously summon demons and power up Orochi X. Even after subsequent deaths, he will revive endlessly thanks to the Hydra's presence. After Orochi X's final defeat, and the subsequent collapse of the world, it is presumed that he also dies permanently.

Upon being unlocked as a playable character, Susano'o confirms that he was the one who revived Kiyomori, in an attempt to keep the world from meeting its destruction.

He stars prominently during two DLC stages which has him and the demon army first attacked by the Wei and Wu armies at Hefei. Utilizing his newly acquired powers, he possesses his attackers instead and makes them his servants. This leads him to later attack Guan Yu's forces at Fan Castle. Thanks to the possession of all the other officers of the war god's army, Kiyomori is finally able to take the general down and bind him into service.

In Ultimate, he gets an additional scenario with Keiji and Masamune where the trio hope to capture officers of the Toyotomi army in order to test Kiyomori's newfound possession spells at Mikatagahara. Though he initially fails in possessing Guo Huai and Ranmaru, he manages to finally succeed, and Wang Yi is possessed.

A clone of him that was created by Tamamo also appears to aid Da Ji at Ueda Castle.

Still pinning his hopes on reviving Orochi once more, Kiyomori joins Da Ji again in searching out the means to do so during Warriors Orochi 4. Their search results in an alliance with Odin, who promises to eventually revive the Serpent King.

As part of their alliance, Kiyomori continues to attack and defy the Coalition. Eventually, Odin is able to revive Orochi X, whom he intends to use to complete Yggdrasil. Loyally serving the God of Destruction, Kiyomori defies the original Orochi until Orochi X's demise, after which, he sides with the real Orochi in fighting the Coalition. After his lord is put to rest once more, Kiyomori joins the Coalition, hoping to not get destroyed until Orochi's next return.

During one of the DLC stages, his friction with Yoshitsune eventually leads the Minamoto forces to temporarily break away from the demon army at Itsukushima-Chengdu and attack Kiyomori and enlists the aid of Cao Cao and Motonari Mōri in doing so. Amused, Kiyomori eventually accepts the duel and is defeated.

In Ultimate, he retains his role within the demon army in the alternate scenario, and he surrenders with Da Ji at Kanegasaki following the defeats of Orochi and Orochi X. After joining the Coalition, he and the rest of the demon army protect Ōsaka Castle from Odin's assault, and Kiyomori rescues Yoshitsune from an enemy ambush as well as defeating an illusion of Orochi X summoned by the Asgardian God. He also appears at Changshan to protect Kaguya and Gaia during their attempt to restore the former's powers and go back in time.

---

When Sun Wukong was done, we were horrified at Kiyomori's crimes, but we found out he became a twisted half-human half-demon because of Da Ji bringing him back from the dead.

Me: Whoa, this is really bad.

Nico: You said it, J.D. Da Ji's now gone too far this time for what she did.

Luna: I can't believe it, Kiyomori was once an honorable man, but Da Ji brought him back from the dead, and he was turned into a twisted undead half-human half-demon, always bent on resurrecting Orochi and wanting to bring an end to humanity. That bitch has gone too far, dude.

Lincoln: You said it, Luna, and I'm so glad that Leni and I turned Da Ji to stone yesterday, after we stripped her of all of her magical powers and abilities, except for her immortality.

Leni: It still doesn't excuse what Kiyomori Taira has done in the service of Orochi, but Luna, you, Lincoln, Sun Wukong, and Himiko have to put him to rest for good, that way, he doesn't come back from the dead again.

Luna: And that's what we're going to do, Leni. We'll make sure Kiyomori Taira's soul will rest in peace and he'll return to the afterlife for good.

Lincoln: And I've also got something to also help us out greatly, and also, protect us from getting infected by The Dark Orbs of Xehanort for good.

Lincoln chanted a powerful incantation, and all of us and the entire team saw on the floor and around our feet eight golden crosses and angelic runes surrounding us in a circle and rotating around it.

Lincoln: There we go.

Me: Lincoln, what did you do?

Lincoln: You see those eight golden crosses and angelic runes surrounding us in a circle and rotating around our feet? I combined the two spells, the protection spell against the Werecats and the second protection spell when we went after He Who Walks Behind The Rows, and it also combined with Brittney's Dark Orb protection spell, and it greatly enhanced Brittney's protection spell infinite-fold. This way, the Dark Orbs will never infect us ever again, and I don't want us to get infected by them ever again, and cause us to become reckless again, or even worse.

Nico: Lincoln.

Nico went up to Lincoln, and he hugged him, and Lincoln returned the hug. We also then went up to Lincoln, and we enveloped him in a massive group hug.

Nico: That was really an amazing thing that you just did for all of us, Lincoln.

Lincoln: Thanks, Nico.

Nico: Alright, everyone, let's get after Issa Shuzen, and help Jared reclaim his wedding present from Allenby from that undead bastard.

We then head over to the castle to confront Issa Shuzen, and to help Jared reclaim his wedding present from Allenby from that undead bastard, and Luna, Lincoln, Sun Wukong, and Himiko will also be ready for when Kiyomori Taira shows up.

We went back to the castle and went to the door of Issa's study.

Jared: Now let me have my fun and then when I give the signal, you all can come in.

Me: Be careful son.

Jared: I will dad.

Mumbo: (to Tsukune) I'll use my magic to get you to the Estate where you can rest.

Tsukune: Thanks Mumbo.

Mumbu did so with his magic.

Jared: Here we go.

Jared went into the study and sitting in a chair was ISSA SHUZEN!

Issa Shuzen: So who is this?

Jared: I'm hurt you don't remember me Issa. Its been a long time since we last fought and you took my necklace from me.

Issa Shuzen: Jared Knudson, it has been a while. You've gotten stronger since we last fought.

Jared: And more powerful. Many battles have passed since that day. I've come for my necklace.

Issa Shuzen: You want your necklace back I see. You can get it only if you defeat me.

Jared: Gladly. But just so you know…

He took off his jacket and folded it up and then he took off his boots and his wrist bands and folded them with his coat.

Jared: I'm not the same as I was when we fought the last time.

He threw them aside and then…

KRASMAAAAAAAAAAAAAAAASSSSSHHHH!

They crashed into the floor and made a crater.

Jared cricked his neck and loosened up.

Issa Shuzen: Impressive. You've been wearing weighted clothes.

Jared: Yep. And I can do this.

Jared flared up his fire power and then went into his SUPER ANGEL 750,000,000,000 INFERNO FIRESTORM PHOENIX OF DIVINE JUSTICE FORM!

Issa Shuzen: WHAT THE!?

Jared: (Divine Echoing Fiery Voice of Justice) **I've ascended to powers beyond all forms of comprehension. Lot of fights can do that for you. Shall we dance?**

Issa Shuzen: Lets shall.

Jared teleported and punched him in the stomach and kicked him in the face and smashed him all over with incredible speed and power.

Skulker: Jared helped kill De La Porta. So he can handle this.

Me: And he killed Danzo too. This is gonna be awesome. My son is awesome.

KRABOOOMMM!

Issa was really beaten up but he refused to give up no matter what.

Issa: You've really gotten stronger Jared. I'm impressed you were able to come so far.

Jared: **All the wonders of training and fighting for all those you care about my friend. I wouldn't have come this far if it weren't for the love and power of my friends and family. I love my family and friends more than anything. They are what makes**

**me stronger. You can learn many things from them. Right guys?**

Suddenly the fury of the magic forces came in and swirled around Issa and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted over them and a Phoenix Cry was heard and we landed.

Nico: Thats right Jared.

Issa Shuzen: The famous Team Loud Phoenix Storm. Welcome to my castle.

Me: Honor to be here sir. Sorry to have to rough you up like this it's just that Jared my son has some personal things with you.

Issa Shuzen: So I see.

Ghuul: Can we please have that necklace?

Issa Shuzen: After Jared beats me.

Jared: **And I promised that I would as a man of my word.**

Issa Shuzen: But I do have friends you all can beat.

He snapped his fingers and out came A MASSIVE ARMY OF PUTTIES!

Erica: Putties! I'll face half of them and you all can have the rest.

Nico: Be careful Erica.

Me: But it's cramped in here. Lets take this fight to another planet for more room.

I snapped my fingers and then we were on the planet Glaren.

Nico: Good thinking Colonel.

Jared: **Much better.**

Blizzard: (freezes Issa) That should hold you for a while.

Jared: **Sorry about this Issa. Don't want you to get caught in the crossfire of our usual battles.**

Issa Shuzen: I understand. I can wait but ice is too extreme.

Jared fired a blast of fire and thawed him out.

Jared: **Want to watch the battles?**

Issa Shuzen: Sure.

William: He's doing fine.

Waffle Woman: That's good.

Seadramon: Too bad he'll be out of action for a while.

Me: Yeah.

Hydro Man: (to Nico) I heard you arrested the Tweedy's.

Nico: Yep.

Nico: And we have one of my friends too. Meet Lilith Falken, she's an Obelisk The Tormentor Gene-Slammer.

Lilith Falken: Awesome to meet you all.

Electro: Pleasure to meet you.

?: That is cool.

A figure came out and it was DENVIL from episode 6 of Kyurangers!

---

Denvil made his first appearance on planet Earth treating some of his residents as his slaves and if he catches anyone well not doing of what they're supposed to do they'll received an electric jolt from his Bilibil Whip. However he was then attacked by the arrival of the Kyurangers, notably the three that are arguing of who's going to be the leader of the team.

After the intro he sent the Indavers to battle the team while he battles Hammie and Garu. However he used the humans as his shield to prevent the team from attacking him any further.

During the 2nd attempt to rescue the civilians and this time thanks to some dance lessons back on the Orion they manage to beat the Indavers and saved humans leaving Denvil left as he was then getting attacked by Lucky who's equipped with Pega-san. After that he was then defeated by their All Star Pegasus Impact.

However he managed to survive his first defeat from the team except for his Inro as he was forced to use his Moraimars to battle the team in their Kyuren-Oh. After that both him and the Megazord that he pilots were both destroyed by this finisher called Pegasus Break.

---

Lucky: Denvil!

Denvil: Been a while rangers!

Me: I remember you! You went to Earth to treat the people like Slaves and lash them with your whip which REALLY INFURIATES ME!

Denvil: Sorry but that is a good memory on you.

Me: Never missed an episode.

William: I like how dancing was included in your episode.

Denvil: Thanks! Though not all the Kyurangers fought me at the time.

Me: That was cool dancing.

Laney: It sure was.

We got the usual battles underway.

into slavery. It was sickening!

Seadramon: Boy that is terrifying. How did the Mayans get wiped out?

Nico: Well done Minuette.

?: I will make sure that none of you will leave here alive for what you did to Lord Orochi.

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and when we sensed a dark energy, that means big trouble was coming.

Luna: Uh oh, I knew we weren't done yet. You can come out now, Kiyomori Taira.

A massive figure came out of the shadows, and it was none other than the undead half-human half-demon, Kiyomori Taira.

Sun Wukong: I knew it was only a matter of time before you showed up, old man, and consider my debt to you repaid. Now, we're going to make sure you never come back.

Himiko: And you're also going to pay for using me to resurrect Orochi, Kiyomori Taira.

Lincoln: Your soul's been twisted by Da Ji's dark magic, and you lost the last traces of your humanity, and you're nothing more than an undead half-demon who needs to be put out of his misery for good.

Luna: And that's what's going to happen to him, bro.

Suddenly, Luna's eyes turned neon blue, and she was surrounded by a rainbow energy aura with ocean waves, snowflakes, ice crystals, mermaids, and sirens, she unholstered her massive Sword of The Neptune Crusades from her back, and as she approached Kiyomori Taira, she left rainbow energy, ocean waves, snowflakes, ice crystals, mermaids, and sirens with every step.

Leni Loud: Kiyomori Taira, what you've done in constantly resurrecting Orochi from the dead so many times can never be forgiven, and for what you've done in causing so much pain and suffering to all those around you, just to prove your loyalty to Orochi, I'll see to it that you pay for every last one of your crimes in full!

Suddenly, Luna Loud was surrounded by a massive vortex of rainbow energy with ocean waves, snowflakes, ice crystals, mermaids, and sirens surrounding the vortex and the sound of mermaids and sirens singing, there were sirens and mermaids swimming around the vortex, and in the vortex is a purple phoenix. Then, as the vortex faded, Luna Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Luna Loud has massive brown angel wings with purple and blue tips on the large brown feathers, her massive Sword of The Neptune Crusaders transformed in a kaleidoscope of ocean waves, ice crystals, snowflakes, mermaids, and sirens, and as the kaleidoscope of ocean waves, ice crystals, snowflakes, mermaids, and sirens faded, it emerged forever, and was transformed into The Sword of The Sirens, it's a new large sword with a 6'5" massive, wide, double-edged massive blue blade, the Sirens etched on the blade, large blue angel wings for the crossguards, large ocean blue gem for the hilts, longer blue handle, and large ocean blue faceted sphere pommel with surrounding ocean blue gems, she has on purple fingerless gloves with the symbol of The Loud House on the back, Luna Loud has on her Blue Lantern Corps ring on her right ring finger, her brand new Bracelets of the Champions of The Universe with large ocean blue gems on her wrists, Belt of Elemental Bravery with large ocean blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her left hip. There's an ocean blue kanji below the mermaid that said, "Luna Loud, Third Born and Third Eldest of The Loud Family, Loving Guardian of Lincoln Loud, Loving Sister of Her Many Siblings, Loving Eldest Daughter of Rita and Lynn Sr., Loving Girlfriend of Sam Sharp Loud, Slayer of Evil, Descendant of 17th Century Bard Luna of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Amazing Member and Talented Rockstar of Team Loud Phoenix Storm, Emissary of The Sirens, Defender of The Loud House and The Loud Family, and Master of Water, Ice, and Snow."

ルナ・ラウド、ラウド・ファミリーの三番目に生まれた3番目の長男、リンカーン・ラウドの愛する守護者、彼女の多くの兄弟の愛する姉妹、リタとリン・シニアの愛する長女、サム・シャープ・ラウドの愛するガールフレンド、悪の殺し屋、十七番目の子孫スコットランドのラウド湖のセンチュリーバードルナ、モラグマクラフリンの破壊者、チームラウドフェニックスストームの素晴らしいメンバーと才能のあるロックスター、サイレンの使者、ラウドハウスとラウドファミリーの擁護者、そして水、氷、雪のマスター

Luna Loud has transformed into SUPER ANGEL INFINITY SIREN MAELSTROM ARCTIC SNOW MERMAID ANGEL OF MUSICAL JUSTICE AND DIVINE HOPE!

We were amazed by Luna's Super Angel Infinity Transformation, and when Sam Sharp Loud saw it, she had an atomic red blush on her face. But, when Kiyomori Taira saw it, he tried to fire a blast of dark energy from his massive prayer bead ring, but Luna Loud fired a powerful blast of water, which overwhelmed the dark energy, and as it hits Kiyomori Taira, it burned him badly.

Me: (Stunned) Whoa.

Nico: You said it, Colonel, Luna's now the next Loud to transform, awesome.

Helena McTroy: And she burned Kiyomori Taira with a blast of water, awesome.

Lincoln: Wow, Luna, you look amazing. How do you feel?

Luna: (Divine Echoing Cosmic Voice of The Arctic Maelstrom and Divine Hope) **I feel incredible, Linky, and now, it's time we took care of this undead half-human half-demon monster.**

Lincoln: (Smiles) You got it, Luna.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo

Angel of Universal Justice and Elemental Hope, and he, along with Sun Wukong and Himiko, who got out their Mystic Dogu and Jingu Staff, and they joined with Luna.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to administer your punishment for what you've done, Kiyomori Taira.**

Luna, Lincoln, Sun Wukong, and Himiko went at Kiyomori Taira, and they dodged his Inequity prayer bead ring, along with his dark magic attacks, and they fired powerful blasts of rainbow energy, yellow and red energy, light, elemental forces, wind, water, and ice at Kiyomori Taira, and they exploded with incredible power as they hit him, and he was badly injured by the purity of the good radiating from them.

Then, they attacked Kiyomori Taira with their weapons, and they really hurt him badly. Then, they trap him in a field of mystic energy with a circle of Japanese kanji around it, and they chanted a powerful incantation, which removed all of Kiyomori's dark powers, and then, Lincoln and Luna fired two powerful energy swords from a swing of their massive swords, and as they hit Kiyomori Taira, he screamed in excruciating pain and his undead body was destroyed forever, and his spirit was Super Hakaied forever. We cheered wildly for what Lincoln and Luna did, as they holstered their massive swords on their backs and power down, and the improvements to Luna's clothes, weapons, jewelry, and angel wings were permanent. Then, they came back to us, and we went up to Lincoln and Luna, and we hugged them, and they hugged us back.

Luan: (Smiles) Luna, Lincoln, we're so proud of what you two did, you did such an awesome job in killing Kiyomori Taira.

Luna: (Smiles) Thanks, Luan, and now, we've finally gotten rid of Orochi's minions, this time for good.

Lincoln: (Smiles) With the only exceptions of Master Sun Wukong, who's cut his ties to Kiyomori for good, and Himiko who realized that Da Ji is nothing but a lying, sadistic, manipulative, conniving and evil witch.

Luna: (Smiles) Thanks to you, Linky.

Himiko: You're right about that one, Luna. (To Lincoln) And we also got a reward for you, Lincoln.

Just then, Himiko and the rest of Lincoln's harem went up to Lincoln, and they dogpiled on him, and they kissed him all over, and he had a lovestruck look on his face and kisses all over his abnormally massive and powerful muscular body, as we shared a laugh. Then, Sam Sharp Loud ran up to Luna, and they hugged and Luna kissed her on the cheek.

Me: Now, we're finally rid of Orochi and his army for good.

Just then, The Mystics have appeared, and they already saw what Luna and Lincoln did in getting rid of Kiyomori Taira for good.

Taigong Wang: Excellent job, everyone, thanks to you all, we're rid of Orochi and his army.

Lincoln: You're welcome, Master Taigong Wang.

Fu Xi: But, we'll also let you know if any more trouble from The Mystic Realm shows itself.

Luan: Good idea, Master Fu Xi.

Helena McTroy: I agree with you, Luan. I have a suspicion that Orochi and his army weren't the only ones who've caused trouble for The Mystic Realm and for all of mankind.

Shennong: I agree with you, and it's a pleasure to meet you, Helena McTroy.

Helena McTroy: You too, Master Shennong, along with all of you.

The Mystics disappear back to The Mystic Realm, but they'll also let us know of any more trouble from The Mystic Realm, but we'll be ready for them.

Nico: Well done everyone.

Jared: Thank you guys so much for helping me out.

Me: No problem son.

Nico: This was awesome.

Jared: (To the viewers) This was an awesome adventure everyone. Hope you all liked it as much as we did.

Nico: Yep. Lets go home.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

Another awesome chapter done.

This was based on the epic finale of Rosario+Vampire for where Tsukune goes to Moka's home castle and gets the rosary back for Moka. The first part was for Chicken Run and that was awesome and the second part was for the 2005 movie Apocalypto. Both were awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for Nico is gonna be in the movie Bambi but instead of the hunter he is going to face Lord Victor Quartermaine. Me and Nico are going to face him and also meet Cleo Nefertiti XXXIII who is also a direct descendant of Queen Nefertiti from 1370 B.C. and she is also a Gene-Slammer of the mighty Exodia. Lincoln's rescue is going to be in the world of the Timon & Pumbaa episode Hot Enough For Ya? and we're going to meet a Earthbound Immortal Wiraqocha Rasca Gene-Slammer that Lincoln knows from his Past and we're going to have a REALLY FUNNY Bug Chili contest on who has the hottest Bug Chili. The next chapter is gonna be for where we help Timon and Pumbaa when Pumbaa responds to the Distress Call of his old sounder, the one he was banished from for being a stinky warthog and we're going to help him out by turning those rotten birds into roast chickens and saving the sounders supply of bugs and help them get to high ground before the rain comes!

See you all tomorrow.

# WARTHOGS VS GUINEA FOWL

In the forests of Maine, me and Nico were there for another awesome rescue.

Nico: Nothing like two leaders on a rescue together, huh, buddy?

Me: Boy you said it pal. And it's awesome that you get to have me with you this time.

Nico: Yep and I know where we are too. We're in the meadow of the world of Bambi.

Me: All the way up in Maine. Really awesome.

Nico: I hope we get to kick that hunter's butt.

Me: I hope so too.

?: (British Accent) Oh I seriously doubt that fools!

Me: Oh great! I wasn't expecting that voice again!

Our came LORD VICTOR QUARTERMAINE!

---

Lord Victor Quartermaine, simply known as Victor Quartermaine, is the main antagonist of DreamWorks' 11th full-length animated feature film Wallace & Gromit: The Curse of the Were-Rabbit, which is Aardman's 2nd feature film.

He is a cruel, aristocratic hunter and Philip's owner who is obsessed on killing the Were-Rabbit in order to marry Lady Tottington in exchange. He is Wallace's arch-nemesis.

He was voiced by Ralph Fiennes, who also played Amon Goeth in Schindler's List, Rameses in The Prince of Egypt, Raiden the Moon King in Kubo and the Two Strings, Heathcliff in Wuthering Heights, Barry in Doolittle, Francis Dolarhyde in Red Dragon, James Moriarty in Holmes and Watson, Hades in Clash of the Titans, Lord Voldemort in the Harry Potter franchise, and Dennis "Spider" Cleg in Spider. In the videogame adaptation, he was voiced by Kayvan Novak, who also played Jake Abbasi in Skins: Fire and Paul in Inside No. 9.

## At Tottington Hall

Appearing at the doorstep, Victor Quartermaine presents himself to Lady Tottington by giving her flowers. Tottington accepts the flowers and shows him and his dog Philip to the rabbits roaming in her garden while Wallace and Gromit were capturing the rabbits using the BunVac 6000 (a machine to suck them away). Victor offered to get rid of the rabbits by shooting; however, Lady Tottington reminded him to not kill them without thought. Although Victor seemingly took her words, he prepares to shoot a rabbit before Wallace's contraption sucked it away as the bullet hits the ground. Confused at this occurrence, Victor inspects the hole the rabbit went through before his toupee gets sucked in and later also himself. He then gets out and questions Wallace and Gromit's handling of the rabbits, before demanding Wallace to pay for his toupee. Victor takes a black rabbit, thinking that it was his wig prior to leaving Tottington Hall with Philip.

## In the Church

During a town meeting taking place after a night where a creature, called the Were-Rabbit, ate most of the town's vegetables, Victor later enters in the midst of it offering to shoot the animal. However, Lady Tottington persuades the townsfolk to let Anti-Pesto capture the Were-Rabbit humanely and also continue their services, much to his irritation.

## Confronting Wallace and Witnessing His Transformation

He traveled with his dog Phillip to Tottington Hall with intentions to visit Totty, only to see her in the vegetable garden with Wallace. Enraged, Victor later corners Wallace during the night in the forest, where he threatens him due to the former being jealous of Lady Tottington's growing fondness for him. He then forces Wallace to fight him. However, Wallace was caught in the moonlight and started transforming unwillingly after he threw Victor onto the van with Gromit inside; both Gromit and Victor watched in fear, but the latter grinned afterwards. When Gromit eventually drives away to go after the now transformed Were-Rabbit, Victor makes another evil grin as he plots a plan.

## Acquiring the Bullets

Now knowing who the Were-Rabbit actually is and seeing the opportunity to kill two birds with one stone, Victor goes to Reverend Clement Hedges to seek a way to shoot it down. He gains access to "24-carrot" gold bullets, said by the vicar to be the only thing to kill the creature.

## Convincing the Town

Victor then comes to the hall when the people argue with Totty that the were-rabbit is still eating the vegetables. Then Victor told the town that he will kill him. This left Totty no choice but to allow him.

## Attempting to Take Down the Were-Rabbit

Victor comes to Wallace's house in West Wallaby Lane in the night where he tries to kill him. He managed to track down and shoot Wallace under the form of the Were-Rabbit, only to find out the "creature" Victor shot was actually Gromit in a rabbit decoy suit. He then locks him in an Anti-Pesto trap cage and leaves to exterminate the real Were-Rabbit.

## Vegetable Contest

Victor later comes to the contest and tells Officer Albert Mackintosh that the beast is not killed, and the Officer mistakenly repeats it over the bullhorn. Then he calms the folks down, assuring them that he will take down the Were-Rabbit while also mentioning that he has one bullet. When Victor runs out of bullets, he asks the vicar for more only to be told that there are no more. Setting his eyes on the golden carrot trophy, Victor argues with Totty as he attempts to use it as a makeshift bullet, which caught Wallace's attention (as he believes Victor is trying to hurt Tottington) and bringing him to kick the hunter. However, Victor managed to take the carrot, loading it up in a blunderbuss he found at an antiques table at the contest and climbs on a pipe which Wallace later smashed, sending Victor to land head first into a cotton candy machine.

## Final Confrontation

Then, Victor sees Tottington and Wallace holding hands right after she knew the Were-Rabbit was Wallace. Then Victor accidentally revealed his plans. Then as he makes an attempt to shoot him, he gets sprayed by Totty in the eyes, blinding him. Seeing that Wallace escaped after Tottington told him to run. Victor, to stop Tottington interfering, pinned her by ramming a pitchfork into her hair, not long before saying he actually like her hair pinned back and follows Wallace. During that time, Philip was chasing Gromit and Victor got bumped by Philip by accident. When he comes back on his feet, he saw Wallace on the flag pole and Victor shoots. Unfortunately, Gromit's plane intercepts the gold carrot-bullet meant for Wallace, shielding him in the process. Having lost his last chance, Victor begins to throw a tantrum. However, the bullet caused Gromit's plane and himself to plummet down into a cheese tent, whilst Wallace/the Were-Rabbit managed to catch it.

## Defeat

After believing that Wallace is officially dead, Victor started gloating about his triumphant victory that no one can beat him, although Tottington, who managed to be free, eventually smacked his head from behind with a giant carrot, causing Victor to fall into the same tent. While partially unconscious, he is then dressed in the rabbit suit by Gromit as punishment for his crimes and was sent to divert the mob from entering the tent where the real Were-Rabbit is. Philip believes Victor to be the beast, so he bites his master, and the angry mob chases Victor away.

At this point afterwards, his true fate with the mob on the chase remains a mystery; however, in a deleted scene, it is rumored that he was run out of town instead. It is also rumored that he was killed by the angry mob. Another rumor was that the angry mob caught him and realized that he was in the rabbit costume. It could also be implied that Victor Quartermaine was arrested for his crimes and the angry mob would later realize Wallace was the Were-Rabbit.

Me: Oh great! Lord Victory Quartermaine. Come back for more?

Quartermaine: Yes and I will use Queensberry Rules! And don't think acting like a big girl's blouse will get you out of it. There's no mercy with Victor Quartermaine!

Then he threw a punch at me and I grabbed his fist.

Me: Like I told you before, I don't play by Queensberry Rules!

I crushed his hand with my strength and he screamed in pain. Nico saw no one else with him.

Nico: Wait. Where's the other hunter that was here. Did you kill him?!

Quartermaine: Yes I did and it's YOU TWO that I want. YOU HAVE DISGRACED ME FOR THE LAST TIME!

Nico: You brought all that on yourself Quartermaine! Especially with how you punched Lori in the face!

Me: That's right!

Quartermaine: I will have my revenge on you both for sending me to prison!

Nico: Although you did one good thing today. And that's take out that hunter before he could cause trouble.

Me: But it still doesn't excuse the fact that you are just a selfish and spoiled brat man that refuses to accept defeat like a frightened little child!

Quartermaine: HOW DARE YOU!?

Nico: Yeah! You're nothing but a pathetic little baby!

Quartermaine then punched Nico in the stomach but it didn't even make him flinch!

Nico: Good try.

The 4-Star Dragonball glowed on Nico's bracelet and Nico glowed in an incredible fire aura and Quartermaine's arm was burned clear off and he screamed in excruciating pain!

Me: He was literally disarmed.

?: Yes he was and soon he will be back in prison with one arm.

We then saw a huge figure and it was EXODIA!

Me: WHOA! EXODIA THE FORBIDDEN ONE!

Nico: Did you summon him?

Me: No.

Exodia: (In a girls voice) Nico its been a long time.

Nico: Wait a second. Cleo? Cleo Nefertiti XXXIII is that you?

Exodia: It sure is. Great to see you again Nico.

Me: Another friend of yours Nico?

Nico: Yep. Cleo is actually a direct descendant of Queen Nefertiti from 1370 B.C.

Me: WOW! That is an amazing Ancestry.

Exodia: It sure is and it's an honor to meet you J.D.

Me: Same here Cleo.

Nico: How long were you watching that?

Exodia: The entire time and you've changed tremendously from that little boy I've known since preschool.

Nico: I know. Things have changed a lot since then.

Me: That's amazing that you two have known each other for so long.

Nico: Yep.

Me: What is your favorite memory with Cleo buddy?

Nico: We made a bunch of crystal clusters together. It was back in science when we were 5 years old and we made beautiful crystal clusters that would put manmade crystal labs to shame.

Exodia: Good times.

Nico: Lets get you back to normal.

Nico covered his eyes and I put on my blind man glasses and Nico snapped his fingers and cleo reverted back and she had black hair and purple eyes and she was in her birthday suit. I gave her an awesome purple and orange outfit.

Nico: Next time I should have a pair of blind man glasses.

Me: I'll look into that.

Cleo put on her outfit.

Cleo Nefertiti XXXIII: It feels great to be human again.

Nico and Cleo hugged.

Nico: I've missed you Cleo.

Cleo Nefertiti XXXIII: Me too Nico.

We tied up Quartermaine and sent him back to prison and then went back to the estate. We came in and Qin saw Cleo.

Qin: Cleo!

Cleo Nefertiti XXXIII: Qin!

They hugged.

Qin: It's awesome to see you.

Cleo Nefertiti XXXIII: Same here and I'm also an Exodia Gene-

Slammer.

Qin: Wow!

Poromon and Poliwag came.

Poromon: Cleo!

They jumped in her arms.

Cleo Nefertiti XXXIII: Poromon and Poliwag! Awesome to see you both.

It was a happy reunion.

---

Later on after Nico's rescue, Lincoln, Me, Nico, Lincoln's harem, Timon, and Pumbaa were heading out to the city, and not only is Lincoln going to rescue the nine girls there, but we're also going to have a REALLY FUNNY Bug Chili contest on who has the hottest Bug Chili, and we also got word of another Gene-Slammer there, and we also got word from The Justice Friends that Mental Mouse, another enemy of The Justice Friends, is there, along with the remaining soldiers of the Orochi Army.

Lincoln: So, it looks like my rescue's right here in Gotham Royal York, and I think I know what we're going to do here, not only am I going to rescue the nine girls there, but we're also going to have a REALLY FUNNY Bug Chili contest on who has the hottest Bug Chili, and we also got word of another Gene-Slammer there, and it's someone else that I know from my past.

Me: That's right, big guy, and we also got word from The Justice Friends that Mental Mouse, another enemy of The Justice Friends, is there, along with the remaining soldiers of the Orochi Army.

Lincoln: When we saw the picture of Mental Mouse, he does look a lot like MODOK, and the soldiers of the Orochi Army still fight for The Serpent King, even after we killed him, Da Ji, and Kiyomori. And thanks for coming with me on this one, Nico.

Nico: No problem, Lincoln, besides, you know I love nuclear hot food as much as you and J.D. Plus, when I heard that you ate Timon and Pumbaa's super spicy Bug Chili during your date at Planet Wisp, I was stunned, but you sure are one tough guy to eat that super spicy Bug Chili Timon and Pumbaa made.

Timon: No kidding, Nico. Looks like we've got another lover of our super spicy Bug Chili, and it's one of The Loud House's spice demons.

Lincoln: And Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily are also the judges for this contest. So, this should be good.

The contest began, as Timon and Pumbaa made their first batch of hot Bug Chili, and when Lincoln, Me, Nico, Timon, and Pumbaa ate the first batch, our auras flared up with rainbow and orange flames and my tattoo, Nico's tattoo, and Lincoln's tattoo on our right shoulders leaked out blood, and we gained a massive power boost, along with an increase in infinite body heat and temperature, but for Timon and Pumbaa, their heads and faces turn atomic red, and they excused themselves to head out and Maria gave them water to drink, and steam came out of their mouths.

Then, they made a second batch of hot Bug Chili, but this time, they made it hotter and spicier than the first batch, and when Lincoln, Me, Nico, Timon, and Pumbaa ate the second batch, our auras had again flared up with rainbow and orange flames and my tattoo, Nico's tattoo, and Lincoln's tattoo on our right shoulders had leaked out blood, and we gained another massive power boost, along with another increase in our infinite body heat and temperature, but Timon and Pumbaa then ran out of the kitchen at the same time with Timon drinking from the water at Lake Huron and Pumbaa drinking water in the bathroom sink at the Estate.

The same thing happened with a third batch of Hot Bug Chili, and they made it hotter and spicier with some peppers that Laney provided for them, and when Lincoln, Me, Nico, Timon, and Pumbaa ate the third batch, our auras again flared up with rainbow and orange flames and my tattoo, Nico's tattoo, and Lincoln's tattoo on our right shoulders had leaked out blood, and we gained another massive power boost, along with another increase in our infinite body heat and temperature, but Timon and Pumbaa turned red and ran and flew off at the same time with Timon shoving his mouth into a glacier in Antarctica and Pumbaa shoving his mouth into a pile of snow in the icy plains in China.

Finally, they made a fourth batch of hot Bug Chili, but for this one, they added their own personal spicy ingredients, for Timon, he added a drop of Pyro Potion, the ultimate Hot Sauce, but as he ran off, the whole bottle of Pyro Potion was added into it and a plume of black smoke appeared with glowing red eyes, an evil grin, and it was accompanied by demonic laughter. For Pumbaa, he added in Captain Napalm's Tonsil Torture XXXtra Hot, containing Extract of Flame, Rocket Fuel, Brimstone, and Corn Syrup. As Pumbaa laughed and opened up the jar, a Satanic choir was heard singing, and he added the whole jar into it, and the chili glowed neon atomic red.

When they came back with bowls of this third batch, we saw the third batch of hot Bug Chili was now glowing neon atomic red hot, and our Geiger counters went off the scale. The judges gasped in pure shock.

Lori: OMG, this is literally going to get totally wild!

Eli: You said it, Lori. We saw the ingredients Timon and Pumbaa added to their individual batches of hot Bug Chili, and I've got a really bad feeling about this.

Lincoln: Bottoms up, guys.

Lincoln, Me, Nico, Timon, and Pumbaa ate the fourth batch of this now neon atomic red super spicy hot Bug Chili, and we saw Timon and Pumbaa turn neon blue and we heard the countdown, and when it reached zero, Timon and Pumbaa blasted off, and they screamed out one word.

Timon and Pumbaa: UNCLE!

Lana caught Pumbaa and the 7'0" tall and extremely muscular Timon, and got them to the ground.

Timon: Hey, what's happening to Lincoln, J.D., and Nico?

Suddenly, Lincoln, Me, and Nico were engulfed by three very massive vortexes of rainbow and orange flames, and we gained a very massive power boost of epic proportions, and our tattoos leaked out drops of spicy and acidic blood, and we gained a massive increase in body heat and temperature. Me and Nico came out okay, but when Lincoln came out, we saw that the 16-year-old, 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs had a neon red and orange outline surrounding him, his long, white hair reaching the bottom of his neck turned neon red, the eight large orange orbs orbiting around his legs turned neon red, his deep sapphire blue eyes turned neon deep red, his large blue pants turned red but the multi-colored lightning bolts remained the same, his large orange bands with silver phoenixes on his really massive biceps and thighs turned red, and his really massive deep sapphire blue angel wings with reflecting stars turned red.

Lincoln has gained an elemental hero form, and he's known as INFERNO LINCOLN! We were stunned by what just happened to Lincoln, and when his harem saw it, they had atomic red blushes on their faces, their eyes turned to hearts, and steam came out of their ears.

Timon: Holy Hakuna Matata! Lincoln's gained a new hero form.

Pumbaa: Yeah, we know that he has transformed into Daydream Lincoln, Lincoln The Nocturnal, his Nocturnal Werewolf hero form, his Ace Savvy form, his Blue Lantern form, Lincoln The Vampire, his vampire form, his Miraculous form, Thunder Hare, and his Green Arrow form, and now, he's gained a new hero form when he ate our fourth batch of super spicy Bug Chili.

Me: (Stunned) Holy crap!

Nico: (Stunned) Now, that's what I call an awesome hero transformation.

Lincoln saw what happened to him when he made a mirror of water, and he was stunned.

Lincoln: Whoa, this is so awesome, I've gained a new hero form when I ate that fourth batch of super spicy hot Bug Chili Timon and Pumbaa ate, and it combined with the other three batches of spicy Bug Chili that I ate. Let's see.

Lincoln fired a powerful blast of red hot neon red energy and red hot neon flames at a target that he formed which looked like Morag, and as it hit, it was reduced to nothing but ashes, and we were so stunned and awestruck at that.

Lincoln: Hah, serves you right, you psychotic witch! Man, that felt good!

Nico: Dang! Now, that was so awesome!

Lisa Loud: Incredible.

Timon: Hey, you also forgot about Lincoln's Super Lincoln Phantom form, Pumbaa.

Pumbaa: Oops, sorry.

Lincoln: Hakuna Matata.

?: HELP!

Suddenly, Lincoln, in his new Inferno Lincoln form, heard the sound of nine girls calling out for help. With his deep red cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by Mental Mouse and the remaining soldiers of Orochi's army, and they're going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Mental Mouse and the remaining soldiers of Orochi's army, and they're going to kill them. Time to scorch and burn evil to the ground!

Nico: I like the catchphrase you came up with, big guy. Let's burn those assholes to the ground.

We rushed over, and Lincoln, in his Inferno Lincoln form, turned into a massive fiery phoenix, and he flew at the remaining soldiers of

Orochi's army, and as he hit them, all of them were reduced to ashes and their spirits were Super Hakaied, and we landed in front of Mental Mouse. When Mental Mouse saw us, he was enraged.

Mental Mouse: So, the famous Team Loud Phoenix Storm has arrived. No matter, you shall all be destroyed by my genius intelligence.

Lincoln: Don't even try it, Mental Mouse. You may be a criminal genius and mastermind, but we've got the one thing that only you are weak against.

Lincoln took out a ball of English Sharp Cheddar Cheese, and when Mental Mouse saw it, his eyes had gone wide open.

Mental Mouse: English Sharp Cheddar Cheese, oh curse my weakness and love for cheese.

Lincoln: If you want it, tell us how you managed to get the remaining soldiers of Orochi's army at your side.

Mental Mouse: Never! Get them!

Then, more of Orochi's troops came after us, but before they could attack, we saw the Earthbound Immortal Wiraqocha Rasca fly out, and it fired powerful blasts of purple energy, and it ripped the souls of Orochi's troops out of their bodies and devoured them, and they disintegrated.

Earthbound Immortal Wiraqocha Rasca: (In a girl's voice) Get lost, you serpent creeps.

Lincoln: That voice, Emily LaRue, is that you?

Helena McTroy: Emily's here? We haven't seen her since she was three.

Girl Jordan: Whoa, she's been turned into a Gene-Slammer for the Earthbound Immortal Wiraqocha Rasca. Wait until she meets Rex Goodwin, The Dark Signer of The Condor.

Emily LaRue: Lincoln, Emily, Girl Jordan, is that you?

Emily landed and she hugged Lincoln, Helena, and Girl Jordan.

Lincoln: Yeah, it's me, Emily. I haven't seen you when you were three, but, I've really grown a lot as you can see, and I'm sixteen years old.

Emily LaRue: Yeah, I can see, you've really grown a lot from the three-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Me: Whoa, Lincoln, you know her.

Lincoln: Yeah, we do, J.D. This is Emily LaRue, along with Helena McTroy, I met Emily when she was three years old, and I protected her from bullies who were picking on her. We'll have to catch up later, right now, we've got to deal with this M.O.D.O.K. knock-off.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and we went at Mental Mouse, and we fired powerful blasts of dark energy, rainbow energy, elemental forces, stars, and lasers right at Mental Mouse, and they hit him with incredible power, and he couldn't even escape. Then, Lincoln had chained him up in powerful and indestructible rainbow energy chains and rainbow energy straitjacket, and he sprouted out his eleven massive, long, and powerful werewolf tails, which turned neon red when he transformed into Inferno Lincoln, and as he stabbed them into Mental Mouse's massive brain, he began sucking out all of the information in Mental Mouse's head and draining Mental Mouse's massive brain, along with Mental Mouse's psionic abilities, and Lincoln was absorbing all of the information that he's sucking out of Mental Mouse's massive brain, and he was gaining a massive intelligence boost, and he and the rest of us made Mental Mouse's psionic abilities our own.

Then, he gained all of Mental Mouse's memories and plans, which of course, were cheese-themed and wanting to corner the cheese market. But, he also saw how he got the help of the remaining troops of Orochi's army, the one who gave him the remaining troops of Orochi's army was Kyūbi, an enemy of the Mystics and humans long before the emergence of Orochi, The Serpent King. Suddenly, Mental Mouse's brain shriveled up and it was reduced to being the size of a peanut, and as Lincoln got his eleven massive tails off of Mental Mouse's head, Mental Mouse was reduced to a brainless rodent, and Lincoln beamed him into the Uranus Prison, and he'd chained him up to the wall of his cell in Solitary Confinement. We cheered wildly as we holster our massive swords and Defender of The Circle of Life Keyblades on our backs, and Lincoln's red hair turns back to white, large weighted red bands and eight large red orbs orbiting around his legs change back to orange, his deep red eyes, massive red angel wings, and large red pants turned back to deep sapphire blue.

Emily LaRue: That was so awesome.

Lincoln: It's always awesome, now, let's get you back to normal. J.D., Nico, Eli, Timon, Pumbaa, you guys cover your eyes. Hold still, Emily, this is going to be painful.

Timon, Pumbaa, Eli, Me, and Nico covered our eyes and Lincoln snapped his fingers, and Emily was was reverting back to normal, and she was a beautiful 16-year-old girl with long purple hair, purple eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with purple tips on the large black feathers on her back, as she reigns in the power of The Winged Dragon of Ra, and she was in her birthday suit.

Lincoln: How do you feel, Emily?

Emily LaRue: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a robe to put on. Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Emily LaRue: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Emily.

Emily LaRue had a big smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered. Then, and Lincoln and the rest of us went up to the nine other girls located here, and when Lincoln saw them, he immediately recognized them. The nine girls are Elsha Lean, Atlee Ariel, Fine Forte, Prax Conrad, and Ren Sin from Back Arrow, Rosemary, Sage, Parsley, and Thyme from High Guardian Spice.

Lincoln: Oh wow, it's Elsha Lean, Atlee Ariel, Fine Forte, Prax Conrad, Ren Sin, Rosemary, Sage, Parsley, and Thyme.

Helena McTroy: From Back Arrow and High Guardian Spice, awesome.

Lincoln: Are you girls okay?

Elsha Lean: Yeah, we're okay, thanks to you.

Then, when Elsha Lean and the other eight girls saw who it was that saved them from Mental Mouse and the remaining troops of Orochi's army, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future

Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Elsha Lean: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Elsha Lean: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love have appeared around the necks of Elsha Lean, Atlee Ariel, Fine Forte, Prax Conrad, Ren Sin, Rosemary, Sage, Parsley, and Thyme. Then, we head back to the Estate, and we showed everyone what happened at that funny Bug Chili contest, and when Lincoln showed everyone what he did to Mental Mouse and the remaining troops of Orochi's army, hey cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over.

Lincoln, Emily LaRue, Girl Jordan, and Helena McTroy have a lot of catching up to do now that she's back, and she's going to do a lot of sharing of memories with us.

---

After dealing with Mental Mouse and wiping out the last remnants of Orochi's army this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Emily LaRue saw Lincoln working out like crazy, she had an atomic red blush on her face.

Emily LaRue: Helena was right, Lincoln's really grown to be a 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Me: Lincoln trained a lot under some very powerful teachers, me included. So, what memories did you have with Lincoln, Emily.

Emily LaRue: I remember that day when Lincoln saved me from those bullies who were picking on me, because I was known as a Gothic person just like Lucy and the Goths of Darkness. When he defended me, he saved me from getting picked on.

Nico: Wow, Lincoln, you were really brave to defend Emily.

Lucy Loud: Same with me, Nico.

Me: Lincoln, what can you tell us about Emily LaRue?

Lincoln: Emily, like she said, is known as a quiet and Gothic person, she's also smart and she also has a love for darkness. But, I've also seen she's tough and she's an awesome video game player, and a talented magician. She also has a love for darkness and the stars.

Brittney Knudson: And since she's a Gene-Slammer for the Earthbound Immortal Wiraqocha Rasca, she's also a perfect fit for the Goths of Darkness, awesome. Plus, you also saved her from falling even more into darkness when you defended her, Lincoln.

Helena McTroy: That's right, and I also saw it for myself.

We saw that Helena McTroy was dressed in a gold sleeveless shirt with a blue phoenix, gold skirt with the Winged Dragon of Ra and flames on it, gold leather ankle-high combat boots, and a long golden sleeveless trenchcoat with the Winged Dragon of Ra on the back, and on her back is a large Winged Dragon of Ra-themed sword with a 6'5" massive, wide, double-edged, man-sized gold blade and the Winged Dragon of Ra etched on it, the large golden wings of the Winged Dragon of Ra for the crossguard, large blue gem for the hilt, longer black handle, and large gold faceted sphere pommel with surrounding blue gems.

And Emily LaRue was dressed in a black sleeveless shirt with a purple phoenix, black skirt with the Earthbound Immortal Wiraqocha Rasca and purple flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound

Immortal Wiraqocha Rasca on the back, and on her back is a large Earthbound Immortal Wiraqocha Rasca-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Wiraqocha Rasca etched on it, the large black wings of Earthbound Immortal Wiraqocha Rasca for the crossguard, large purple gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding purple gems.

Leni: And I love the new outfits that Lincoln made for you, Helena and Emily, along with the new large swords on your backs.

Helena McTroy: Thanks, Leni.

Emily LaRue: Yeah, I love the outfit Lincoln made for me, it matches me perfectly, since I'm a Goth and I'm the Gene-Slammer for Earthbound Immortal Wiraqocha Rasca and Helena McTroy is the Gene-Slammer for The Winged Dragon of Ra.

We got a shower afterwards, and suddenly, a bright light descended onto the Estate, and we covered our eyes. Then, the bright lights faded, and to our big surprise, the world of High Guardian Spice, the world of Rosemary, Sage, Parsley, and Thyme, has merged with ours.

Lincoln: Wow, Parsley, your world has merged with ours.

Parsley: What? Oh wow, this is so awesome.

Himiko: This is going to be so awesome. And I just checked out the map, High Guardian Academy is right here in Gotham Royal York, not that far from Lynn's Table.

Lincoln: Awesome.

Lynn Sr.: It sure is, champ. Let's go check it out.

Lincoln: Right, Dad.

We head out to check out High Guardian Academy, and we met Ethics professor, Guidance Counselor, Archivist, Surgeon-at-arms and Ambassador to the Sea Wyverna Dretch, who's a demon, Moss Phlox who's a dwarf, Professor Hakone, Professor Caraway, and

Professor Redbun, who are human. We also met the students who also go here, Parnell, Aster, Amaryllis, and Snapdragon. We told them of what happened when they saw Rosemary, Sage, Parsley, and Thyme with us, and Lincoln explained that he saved them, along with Elsha Lean, Atlee Ariel, Fine Forte, Prax Conrad, and Ren Sin from Mental Mouse and the remaining troops of Orochi's army, and they were impressed, and when the girls told them that they're now future wives of Lincoln, they offered their congratulations, and they know that Lincoln will take good care of them. Plus, they were shocked when Lincoln told them that the one who gave Mental Mouse the last remaining troops of Orochi's army to use was Kyūbi, this shocked them and us.

But, none more so than Ahri the Nine Tailed Fox and Natsumi the 9-Tailed Kitsune, and they were mad when Lincoln explained everything that he found out when he got the info from Mental Mouse.

Ahri the Nine Tailed Fox: I can't believe it, so Kyūbi has returned, even after she was sealed into The Divine Mirror.

Professor Redbun: I've heard of Kyūbi, as well. She's a malevolent spirit and she has an immense hatred for both the humans and the Mystics, making her a dangerous threat even more than Orochi, The Serpent King.

Suddenly, Fu Xi, Nu Wa, and Shennong had appeared in the academy.

Lincoln: Fu Xi, Nu Wa, Shennong, you must've heard me mention about Kyūbi returning, right?

Fu Xi: That's correct, Lincoln.

Nu Wa: So, she's come back, it seems that she'll never learn her lesson.

Luan: What can you tell me about Kyūbi, Master Shennong. It seems you all know her all too well.

Shennong: You won't like what we're going to tell you about her, Luan.

Fu Xi, Nu Wa, and Shennong proceeded to tell us about Kyūbi, and we weren't going to like her one bit.

Kyūbi

Warriors Orochi

A malevolent being who thrives from conflict, Kyūbi originally waged war against the Mystics at their realm. According to Yinglong, she was defeated at some point, and her powers to create doubles were suppressed by the Heavenly Emperor, and she was released. Bent on revenge, she disguised herself as Tamamo to discreetly spread discord wherever she went as well as to blend in with the other mystics. Scouting Yinglong himself at Yamatai, she later manipulates him into killing the Heavenly Emperor and damaging the Divine Mirror. With the death of the emperor and the damage to the mirror, much of Kyubi's powers returned, and but she was eventually sealed in the Killing Stone.

After her tails are all defeated at the hands of the coalition, Kyūbi emerges in her true form at Wan Castle after a failed attempt to seal her. Vowing revenge, she flees to Dongkou, where she is defeated by the Coalition. Despite her defeat, she uses her remaining energy to take control of Odawara Castle. In the end, the Coalition led by the Wei-Toyotomi army catches and defeats her before she can flee again, and she is sealed at last by Guo Jia. She is defeated by her pursuers and sealed within the Divine Mirror.

While inside the mirror world, the vixen attempts to ease her boredom by personally crushing the reflections of her enemies. She first interrupts a training battle between the Shu-Tokugawa army and Kanbei Kuroda's army, crushing both and gaining the services of Zhang Jiao, Goemon, and Kanbei. Moving on to Mt. Xingshi, she turns Yuan Shao and Cao Cao against each other, and recruits the former along with the wandering Okuni. Venting her rage against the replica Mystics allows Kyūbi to gain satisfaction during her confinement.

In Warriors Orochi 4, she only appears as a bonus character, who is unlocked through one of the camp's upgrades.

Character Information

Personality

Contrary to her guise as Tamamo, Kyūbi is openly hostile to those she considers enemies and is easily prone to anger. Her rage against the mystics who sealed her is matched only by her desire to sow discord between humans and feed on their animosity. She shares an affinity with Da Ji, Orochi X, Seimei, and Hundun.

During the latest installment, she is put off by the sincere compliments of Guan Suo to her despite her assertions of being more dangerous and monstrous. His obliviousness to the degree of such words also makes her slightly afraid of him.

When Fu Xi, Nu Wa, and Shennong were finished, we were horrified.

Me: Whoa, I can't believe just how bad Kyūbi really is.

Nico: You said it, J.D. She's even worse than Da Ji and Orochi combined.

Zhen Ji: And we also found out that she disguised herself as Tamamo, and she tricked Yinglong into turning against The Heavenly Emperor, and he damaged The Divine Mirror, and once that happened, the dark energy spilled out from the cracks of The Divine Mirror, and he took the brunt of the dark energy, and as a result, he was transformed into Orochi, The Serpent King.

We gasped in horror and shock.

Me: Whoa.

Nico: You said it, J.D, so Kyūbi is the one responsible for Yinglong transforming into Orochi, The Serpent King, mainly as revenge on The Mystics for imprisoning her long ago. She's a vengeful and malevolent demon who needs to be stopped.

Ahri the Nine Tailed Fox: That bitch, I can't believe her.

Natsumi The 9-Tailed Kitsune: If I see her, she's going to get her tails ripped out of her hips, and shoved down her throat.

Luan: Wait, let me take her down, girls, after all, Lori took down Orochi, Leni took down Da Ji, and yesterday, Luna took down Kiyomori Taira, and Lincoln, if it's not too much to ask, can you help me take Kyūbi down?

Lincoln: Of course, Luan. We'll make sure Kyūbi never returns to torment anyone ever again, and I'll make sure that she pays for manipulating Yinglong into turning against The Heavenly Emperor, and causing this whole Serpent King nightmare.

Fu Xi: And I'll also help you both out, along with Nu Wa and Shennong. Long ago, we were the ones who trapped Tamamo inside The Cursed Stone for her crimes, so she'll be wanting revenge on us as well.

Luan: Thank you, Master Fu Xi.

Ahri the Nine Tailed Fox: When you see her, show her no mercy.

Lincoln: (Smiles) Trust me, Ahri, Kyūbi deserves no mercy after what she's done.

We then left High Guardian Academy to head on home, and during our mission, Lincoln, Luan, Fu Xi, Nu Wa, and Shennong are going to take down Kyūbi and make sure she pays for what she's done.

[In the estate, a close-up of a dinner table. Strawberry Pancake unceremoniously drops a metal pail. It is filled with note cards. A literal bucket list.]

Strawberry Pancake: This is a bucket.

[Cut to a side shot of her friends at the dinner table. With Orange Slices on the far right in the foreground grasping her glass of juice, everyone else is arranged counter-clockwise from him: Sweet Tarts, Snowstalker, Sour Patch, Strawberry Shake, Lemon Zest, Plum Pie, Cherry Pie, Raspberry Sauce, and Strawberry Pancake on the right foreground. Everyone is wearing an odd watch with a large digital display. Half-standing, Raspberry Sauce examines the bucket.]

Raspberry Sauce: OMIGOSH.

Strawberry Pancake: There's more.

Raspberry Sauce: [astonished] No!

Strawberry Pancake: [ignoring her] It contains our wish of every berry here. [turns] Plum Pie, Cherry Pie. You did collect everyone's wish?

Plum Pie: Oh, you bet!

Cherry Pie: Yes we did.

Strawberry Pancake: Excellent. Let's begin.

[Reverse shot with the bucket in the foreground. Her friends' expressions show varying degrees of interest. Strawberry Pancake draws a note card from the bucket.]

Strawberry Pancake: The first wish is Plum's. [he gestures] He's…

[Strawberry Pancake examines the card. Her brow wrinkles]

Strawberry Pancake:… drawn a picture of me getting hit by a car.

[The drawing is somewhat crude. The muscle car is drawn in much greater detail than Strawberry Pancake who is thrown up into the air, becoming disemboweled with blood spurting everywhere.]

Strawberry Pancake: [she peers closer] I have something radiating off of me.

Plum Pie: Yeah, those are stink lines.

[Cherry Pie turns to Lemon Zest in a mock whisper. Lemon Zest is mildly amused.]

Cherry Pie: That's why the car hit her. Cause she smells.

Strawberry Pancake: [rolling her eyes as he draws another card] Yes I see. Here you've drawn me having…

[The camera tastefully remains on her face.]

Strawberry Pancake: [somewhat bemused]… sexual congress with the Eiffel Tower. [she tosses it and draws another while Plum Pie and Cherry Pie giggles] The Eiffel Tower having sexual congress with me. [toss and giggle] Both of us relaxing post-coitus.

[Orange Slices confusingly mouths "post-coitus", Plum Pie and Cherry Pie is nearly in tears with laughter.]

Strawberry Pancake: [growing more irritated] I'm crying and the Eiffel Tower has stink lines coming off of it. [she angrily throws the card down] Did any berry besides Plum or Cherry put a card into the bucket?!

[Lemon Zest and Sour Patch are slightly amused. Plum Pie and Cherry Pie is near breathless with laughter.]

Plum Pie and Cherry Pie: [giggling] Oh man, Classic Pranksters.

Strawberry Pancake: [sighing] Fantastic. This was a huge waste of my time.

Raspberry Sauce: [pulling out a card] But you didn't read mine as you promise!

Strawberry Pancake: [another sigh] Let me guess, the card said you want the bucket?

Raspberry Sauce: [interrupting] Yes!

[Annoyed, Strawberry Pancake slides the bucket over as the rest of her friends get up to leave while Strawberry Shake remains with her sister. Raspberry Sauce greedily grabs the pail with both hands.]

Later it was time for Georgina's second Ambassador mission.

Georgina: Next time, Hsi Wu's coming with me.

Me: They will love meeting him Georgina. You two will have lots of fun.

Peyton: Boy we sure will. I hope they like eating a bunch of food.

Georgina: You sure love food Peyton.

Tom Major: You should have seen how much he ate in the Perim Hub.

Me: (Laughs) That's true but Georgina is a great cook just like Nanette. He loves her food.

Georgina: Thanks J.D. Shall we head out?

Peyton: You bet.

Me: Have fun you two.

Nico: Tell Heat Wave and his team I said hello?

Georgina: We will.

They were off.

They then arrived In Griffin Rock.

Georgina: Guys, I'd like you to meet my boyfriend.

Peyton: Name's Peyton. Peyton Touhey. Awesome to meet you all.

Cody Burns: Same here. Awesome to meet you too.

Dani: I heard a lot about your adventures in the world of Perim from Optimus and they are really awesome.

Peyton: Yeah we had a lot of adventures there. Some of them were really action packed.

Cody Burns: What did you all do there?

Peyton: We took down a bunch of Rogue players out to destroy Perim Locations, Destroyed the entirety of the M'arrillian Tribe and even brought down Krystella, Destroyed Lord Van Bloot and killed Vitog.

Cody Burns: Wow! You guys have done it all.

Georgina: They sure have and those were awesome and epic battles.

Dani Burns: (glares at Georgina) I'm warning you. Stay away from Cody. He's MY brother. And no one's taking him away from me.

Georgina: (nervously) What are you talking about?

Kade: (from behind Dani) And people say I'm a j*** most of the time.

Dani: (sees Kade) Kade! What are you doing here?!

Kade: I was finishing up in the bathroom when I heard your lovely threat to Georgina. Care to explain?

Georgina: I think I know what is going on here. She's jealous that Cody is spending more time with me than Dani but I can assure her that I'm not. I'm just a friend.

Kade: Oh. Yeah I've seen that happen before.

Peyton: Really?

Kade: Yeah many times. Dani is very protective of her brother.

Georgina: I feel the same way.

Dani: Really?

Georgina: Yeah. Before I left for college and got slammed I was VERY OVERPROTECTIVE of my little brother Casey and whenever he had friends over I would get jealous myself.

Dani: Wow.

Georgina: Yeah.

Dani: I'm sorry, Georgina. I admit that I was wrong to be jealous.

Kade: I'm just glad it got resolved before Dani ended up accidentally pushing Georgina out the window.

Aligned Heat Wave: Where'd you get that idea?

Kade: I watched it happen in Toy Story.

They laughed.

Peyton: That is funny!

Georgina: I know that scene all too well and it was great.

Dani: Yeah that was funny. But man Woody let his jealousy control him like that.

Then they saw 4 cars come in and they transformed and they were Quickshadow, Salvage, High Tide and Blurr.

Quickshadow: Looks like we got back just in time.

Salvage: Who are your new friends?

Kade: Oh guys meet Georgina Montgomery and her boyfriend Peyton Touhey. Georgina, Peyton these are Quickshadow, Salvage, High Tide and Blurr.

Georgina: Awesome to meet you all. Nico and Optimus told us all about you.

Salvage: An honor to meet you too Georgina.

Dr. Greene and his daughter Frankie came.

Chief Burns: Georgina, I'd like you to meet Doc Greene and his daughter Frankie.

Doc Greene: Greetings to you Georgina.

Georgina: Pleasure to meet you too.

Frankie: Same here. I love all your adventures with Team Loud Phoenix Storm and we heard so much about you all from Optimus. Did you all really kill Starscream?

Georgina: We sure did. You wouldn't believe what he was going to do.

Peyton: He was messing around with Mother Nature and we had to kill him. Oh sorry I'm Peyton Touhey, Georgina's boyfriend and champion of Chaotic.

Frankie: Wow! I heard so much about your adventures in Perim.

Peyton: They are cool huh?

Aligned Blurr: So, how's Sideswipe? I haven't seen him since we fought Drag Strip and Wildbreak.

Georgina: He's doing great. And also I take it you heard about Megatron now being part of the team.

Aligned Blurr: I sure have and that is amazing that you all have Optimus Prime's public enemy Number 1 with you all.

Peyton: It sure is. Nico told us that the big difference is that this version of Megatron has a sense of honor and wasn't NEARLY as big a threat as Starscream.

Aligned Blurr: That is true. I'm glad that Screamface is dead.

Georgina: So is Nico and all of the Team.

The alarm went off.

Graham: There's another emergency!

Georgina: Lets get it on!

Peyton: All right! This is gonna be awesome!

Georgina: Yep. Dani, Cody, next time I come, you are going to meet my archenemy in our frenemies of the Masters of Evil.

Cody Burns: Awesome!

Heat Wave: RESCUE BOTS, ROLL TO THE RESCUE!

Quickshadow: Georgina, you can ride with me.

Georgina: Awesome!

Quickshadow opened her doors and Georgina got in and buckled in.

Peyton: Lets roll!

They were off.

Cody: Georgina, while we're on the way to the emergency, can you tell me what your Stonebiter transformation feels like?

Georgina: Sure thing Cody. It feels like an awesome a rocky transformation and it feels like you're walking with rock armor. Metaphorically speaking of course. (Whispers to Stonebiter) Sorry Stonebiter.

Stonebiter: (From inside her head) No worries Georgina.

Cody Burns: That is amazing. But really awesome.

Aligned Heat Wave: Burning building up ahead!

They saw a building on fire!

Georgina: Oh man! And there are people trapped inside!

Peyton: I can help put it out! I have water powers.

Heat Wave: Awesome!

They got to work and Georgina flew and got people out of the building by getting them out through the windows.

Peyton and Heat Wave fired massive blasts of water and extinguished the fire.

They all cheered.

Quickshadow: Georgina, would you like to be my partner?

Georgina: I would be honored Quickshadow.

Quickshadow: Great!

Later Georgina and Peyton came back.

May: How was it?

Georgina: It was awesome!

Peyton: Boy it sure was.

They told us all about it and it was amazing.

Nico: Awesome! Another successful Ambassador mission.

Me: Yep. Great job guys. Next Hsi Wu is going with you.

Georgina: Yep. I can't wait to see who we'll rescue next.

Laney: I hope it will be an airplane that is falling out of the sky.

Lana: That would be awesome.

Me: Never know. It just might happen.

* * *

Later at school, Eddy was talking to us.

Eddy: Guys, remember that bet we did back in Peach Creek?

Double D: Of course we do.

Volcana: Why do you ask?

Eddy: Now that we've become better people, I'd like to redo said bet.

Me: Really? This is gonna be awesome. What brought this on?

Eddy: It was after swimming class. 2 hours ago.

The school bus has taken the Peach Creek kids to the community swimming pool for morning swimming lessons.]

Edd: "Swimming class certainly is an invigorating way to start the day! Don't you agree, Eddy?"

[Edd looks over to his friend, who is snoring away. As he watches, Eddy sinks to the bottom.]

Eddy: [yelling, suddenly awake] "THE DAM'S BURST! MAN THE LIFEBOATS! WOMEN AND ME FIRST! This early morning stuff's killing me." [A bucket hits him.] "Hey watch it, Ahab! I'm trying to catch a few winks here!"

[Ed is guzzling gravy from various containers.]

Edd: [worried] "Ed! Is that-gravy you're consuming?"

[The kids line up to dive from the low diving board. Ed brings up the rear, still guzzling gravy.]

Ed: "My turn!"

[Ed does a horribly clumsy dive, landing in the pool awkwardly. As he dives, a box falls out of his underwear.]

Ed: [picking it up] "Oh, silly me. I dropped my ready-instant gravy mix. Good thing it didn't open up, huh guys?"

[The box splits along the bottom, turning the pool brown.]

Edd: "Ed! You've contaminated the pool with the thickened gelatin of meat drippings!"

Ed: "There's plenty for everyone! Who needs a ladle?" [He holds up several in between his toes.]

[The kids are climbing onto the bus.]

Kevin: "Aw, man, I think I left it on the bus. I've got gravy in my ear."

Rolf: "Predictable."

[The Eds enter.]

Eddy: Geez Ed you need to not bring gravy to a swimming pool nexttime.

Ed: "Is it that time already? Ooh, gravy cakes! Yum." [He pulls some from the inside of his jacket.]

Edd: "Excuse me, Ed, but don't you feel this daily diet of gravy may become detrimental to your health?"

[Ed stares at Edd happily as the bus departs.]

Eddy: [fed up] "I swear he's obsessed with the stuff! It's stashed here-" [he pulls up Ed's shirt, revealing five gravy boats taped to his chest] "-hides it there-" [he pulls off Ed's left shoe and gravy flows out] "-I bet you couldn't go a lousy day without your lousy gravy, Ed."

Ed: "Says you." [He drinks from a thermos of gravy.]

Eddy: [in Ed's ear] "SO PROVE IT!"

Ed: [clutching his ears] "AAAAH! YOUR VOICE IS LIKE TOOTHPICKS IN MY DRUMSTICKS, EDDY!"

Eddy: Oops sorry. Guess old habits die hard.

Edd: "I agree, Ed. I've always wished Eddy could communicate in a tone of voice that didn't rattle the timbers of every house in a four-block vicinity." [Eddy becomes steamed.]

Ed: [to the camera] "Don't touch that dial, kids."

Eddy: "And what about you, Mr. Encyclopediac! I bet I could stop yelling way before you could stop using those big fancy-schmancy words of yours."

Jonny: "Plank says Double D would go wacky if he only used words with one syllable."

Eddy: "Ha! Even the doorstop's got you pegged!"

Kevin: [across the aisle] "Aww, Dork, Dorkk and Dorky are having a little tiff. Ain't it precious?" [He and Nazz laugh.] "What dorks."

Nazz: I thought you were over calling the Ed's dorks.

Kevin: Oops. Guess not.

Rolf: "Always with this duck word, yes Kevin-boy? Rolf would wager his love of mammal flesh and 25 cents that you cannot renounce this label for the mixed-nuts Ed-boys."

Eddy: [interested by the prospect of cash] "Twenty-five cents?!"

Kevin: [miffed] "What? I can give up saying dork just like that." [He snaps his fingers.]

[Eddy moves to a seat by Jonny.]

Eddy: "Think you could go a whole day without that chunk of termite food telling you what to do?"

Jonny: [nervous] "Easy-peasy lemon-squeezy, Eddy. Right, Plank?"

Eddy: "Sounds like we got ourselves a bet. So whaddya say, boys? Ya in or what?"

Kevin: "I'm in." [He joins hands with Eddy.]

Rolf: "Rolf will partake." [He puts his hand on top.]

Jonny: "This is gonna be a hoot!" [Ed puts his foot on top.]

Ed: "No gravy, or bust!" [Edd lays a napkin over Ed's foot so he won't dirty his hand.]

Edd: "Very well, then. I welcome the challenge to my vast resource of the English word."

Kevin: "Yo, Nazz. Want in on this action?"

Nazz: "As if."

Edd: "Then may the best, ahem, gentleman, win."

[The stack of hands breaks.]

FLASHBACK ENDS

Me: Oh boy. This is gonna be awesome and tough. Lets see.

I looked at my watch and saw that it was 11:23 AM.

Me: Looks like you guys have 22:37:21 left.

Eddy: This is gonna be tough but we can do it.

Me: Oh boy.

Billy: Can we join in?

Eddy: No. This is between us only. If you guys got involved, it might mentally break you.

Me: (Whispers to Nico) Not that Billy has ever had a brain to begin with because he's a brainless moron.

Nico: (Whispers to me) Yeah.

Billy: Oh.

Me: Well lets see how it goes.

We got to see how the bet was going.

Later Rolf hauls a huge load of meat out of his locker and throws it into the trash.

Me: GEEZ! Rolf you eat as much meat as Nicole does.

Rolf: It sure is a lot of meat.

Nicole: I'll eat all that for you if you don't want it.

Rolf: Thanks Red Fire Star Nicole.

Nicole: Thanks Rolf.

She took it.

[He then goes back into his locker to get more. Sarah turns her head while walking to watch, and runs into Eddy.]

Me: WHOA!

Nico: You alright Sarah?

Sarah: "Yeah. (YELLS AT EDDY) (SEMI TRUCK HORN HONKS) WATCH WHERE YOU'RE GOING, FISHFACE!"

[Eddy opens his mouth to yell back, but sees Rolf and Kevin watching him.]

Rolf: "Hel-lo."

Eddy: [normally] "Ahem. Nice try, windbag." [He pokes Sarah's nose and walks away.]

Jimmy: "Jeepers, Sarah, what was that all about?"

Jonny: "Jimmy!" [He attacks.] "Quick! Tell me to do something, anything!"

Jimmy: "Oh-uh-okay. Do my math homework for me?"

[Jimmy cowers, expecting a punch. Instead, Jonny grabs Jimmy's math books and a protractor out of Jimmy's locker and goes off to the library.]

Jonny: [seeing Plank on a book cart] "I'm my own person, Plank."

[The door closes behind Jonny. Eddy watches eagerly, and makes as if to yell. Remembering the bet, he stops and goes to fetch his friends. He gets Edd and shows him the scene inside.]

Eddy: "Check it out, Shakespeare. Without Plank, Melonhead's falling apart, begging to get bossed around. Ready to chicken out?"

Edd: [nervous] "No, not at all. It is… fun! To… mmm… speak in small words all day. Not hard one bit."

TRAIN HORN HONKS!

[Ed runs into Eddy. When he stands up, he has rings under his eyes and looks horrid.]

Me: WHOA!

Nico: What's wrong with Ed? He looks like he's suffering from Drug Discontinuation Syndrome.

Me: That's exactly what Mary and Jared saw when they saw this happen. He's suffering from what they call Gravy Withdrawl.

Ed: "Double D! How much longer, must me and gravy-" [He scratches himself all over.] "-not be as one?"

[Edd grabs Eddy and shows Ed to him.]

Ed: "Oh, the suffering!" [He runs into the book cart. Ed then proceeds to run the cart over him repeatedly.]

[It is lunchtime. Kevin sets a brown paper bag on a table and starts to take out his lunch. Suddenly, a spitball zooms through the air and lodges above Kevin's ear. Five more quickly follow it.]

Kevin: "KNOCK IT OFF, YA-"

[Eddy looks surprised and then turns his ear, exaggeratedly listening for the insult.]

Kevin: [let down] "Um… you know." [Eddy snickers.]

Edd: "Don't… um… push! Ed-dy. You are not… oh… fair!"

Jonny: "Here you go, Eddy!" [He drops a huge pile of socks on the table.] "Washed, dried, and static-free!"

Me: Jeez!

Mary Knudson: Look at all these socks.

[Jonny grins fearfully, then looks over to Plank, at the next table.]

Jonny: "I'm not listening to you!" [He plugs his ears and walks away.]

Nico: I'll help fold them.

[Eddy grins, while Edd looks worried. They then turn to the end of the table; Ed looks worse. On top of this, he is sucking ferociously on the table, trying to feed his addiction.]

Ed: "Table coulda-kinda tastes like gravy."

Nico: Geez Ed.

[Eddy hauls him upright and speaks sympathetically.]

Eddy: "Forget the gravy, Ed. Here. Gnaw on this." [He gives Ed a plate of mashed potatoes. Ed's face falls into it. Ed looks up.]

Ed: "Mashed potatoes? No gravy?"

[The plate sails across the lunchroom and slams into Kevin. Kevin gets up angrily and then he calms down and knew there was only one way for this to be resolved quickly.]

Eddy: Hey, Kev.

Kevin: Hey, dork.

Eddy: (shocked) You just called me a dork! That means you lose the bet.

Kevin: I stopped calling you guys dorks after what happened all those years ago. Dropping out of this bet is the only way for it not to go on longer then it needs to be.

Hook: That's very generous of you, Kevin.

Kevin: Thanks. Besides, if it weren't for Ed, Eddy would've won the first one. He's earned this.

Me: Conscientious of you Kevin.

Kevin: Thanks.

[At the table, Edd is folding socks.]

Edd: "Must-fold-socks."

Eli: You can do it Double D.

Linka: Just hold on there.

Eddy: "Let's see here…" [Eddy is looking at a dictionary, pen between his teeth.] "Con-she-en-che-us? What kinda bunk word is that?" [He scratches it out.] "Oh, here's another one.

Tem-pera-mental." [He gets rid of it.] "Well I don't know about you, but that's just plain stupid."

Edd: [tormented] "STOP!" [He snatches the dictionary away.] "I will not tolerate your singlehanded annihilation of the English language for your own monetary gain, Eddy!"

[Edd realizes what he just said and clamps his hands over his mouth.]

OOPS!

Jonny: "Think, Jonny, think!" [He is at an impasse over which sandwich to have.] "Just make up your mind!"

Eddy: "What's that, Plank?" [He's pretending to listen to Plank.] "You want me to what? Move all your stuff to my house? You wanna boss me around instead? And hang out with someone with a normal-sized head? You're a riot, pal-o-mine!"

[Jonny knocks Eddy out of the way and grabs Plank.]

Jonny: "Nobody takes orders from this chunk of termite food except me!

Varie: Jonny stay and watch will you.

Jonny: Okay.

There was a light knock and then Aylene went over and opened the door A haggard Rolf enters.

Rolf: "Thank you Aylene the Dinosaur Girl, Rolf could not find the strength to open the door!"

Nico: Good grief! Is this what happens when Rolf goes too long without meat?

Me: Yep. Rolf looks like someone who has Anorexia, the worst kind of mental illness. He suffers from Meat Discontinuation Syndrome as Jared and Mary calls it.

Mary K.: Yeah it's nuts.

Jared: Yeah.

Jared went and got the whole tray of fruit and veggies.

Leonard, Waffle Woman, Seadramon, Hydro Man, Electro, Xiao Fung, Moonstone, Oculous, Deadwood and Mysterio then appeared.

Leonard: May we have lunch with you all?

Eli: Sure Leonard.

Seadramon: Man what happened to Rolf and Ed?

Nico: Ugly story. It was a bet that they have going on.

Me: It's to see who can go the longest without their favorite things they like.

Seadramon: Good luck with that.

Me: Rolf you are ALL SKIN AND BONES! You need to get some meat inside you pronto.

Nico: I agree! Rolf you can't keep going on like this! You need meat in you now!

[Ed, meanwhile, crawls along the floor.]

Ed: [desperate] "Gravy?"

[Sarah and Jimmy are drinking from steaming bowls of some brown liquid.]

Jimmy: "I've got love in my tummy, Sarah!"

Sarah: "Me too, Jimmy!"

Eddy: "Mmm. Meaty." [He takes a giant bite out of a sausage.] "Yep. Real meaty meat."

[A tear leaks out of Rolf's eye as he watches Eddy chew.]

Rolf: "The games have ended! Rolf can no longer resist the sweet flesh draped in fat like Papa's therapeutic truss!"

Nico brought over a huge bunch of sausages, a whole turkey, meatballs and more meats for Rolf.

Nico: Rolf start eating!

[Rolf proceeds to eat his way through the entire counters worth of meat. Coming to the end, he knocks the lid off of a barrel of what appears to be gravy. Ed, seeing it, smiles happily.]

Ed: [overcome by the addiction] "It is you! Come to Ed! Belly misses you!" [He runs to the barrel.]

Edd: "Ed, stop!" [He stands by Ed, who is balanced on the edge of the barrel.] "You and Eddy are the only ones left in the bet!"

Me: UH OH!

Ed was about to dive into the pot but I stopped him at the last second by dogpiling onto him!

Me: ED That was Butterscotch pudding you were about to dive into!

Nico: He's right! It's Fun With Butterscotch Pudding Tuesday today. See?

He pointed to a poster.

Ed: Whoa! That was a close one. Thanks guys.

Ratchet brought out some gravy near Ed.

Ed: Gravy!

Me: It's the real stuff.

Ratchet: (sighs) I'm sorry, Ed. This is really nothing personal.

With that, Ed started eating the gravy.

Eddy: (shocked) You guys helped me win the bet?

Maria: Like Kevin said, you earned it. Besides, we know there's one other thing you like besides yelling?

Eddy: What's that?

William: Your blaster.

Me: Yep.

We counted up the money that Eddy got and it was $5.75.

Me: $5.75.

Nico: Good job guys. Sorry you all had to go through all that.

Rolf: It's all right. But thanks for helping us.

Ed: Yeah and thanks for giving me some gravy.

Me: Anytime big guy. I think you need this more than ever.

I used my imagination powers and made a GRAVY FOUNTAIN! Six Gravy Fountains to be precise. Each with 1 flavor of gravy.

G1 Bombshell: J.D., now that Eddy and the others are done putting themselves through suffering, you're leading today.

Me: Yes I know. WHEW! Man Jared, Mary, this bet was one of the craziest things anyone has ever done.

Jared: You're not kidding dad.

Mary: But the Butterscotch Pudding is delicious.

Nico: Yeah. But nice save from Ed getting another allergic reaction.

Seadramon: Why doesn't Ed like butterscotch pudding.

Poromon: It's not that he doesn't like it. He's violently allergic to it. Whenever he eats it he has his face bloat up and it breaks out in ugly hives and all that.

Seadramon: Oh. Sorry I asked. But I didn't know Ed was allergic to Butterscotch Pudding.

Edd: Yeah who knew he was allergic to that stuff.

Ed: Not me Double D.

Me: I don't think any of us knew until Double D told us about it.

Shion: But thank goodness we saved him from it.

Laney: Yeah and I got plenty of EpiPen's for all kinds of allergies just in case.

Eli: Great Laney.

Me: Anyway back to the topic at hand yes it's my turn to lead and we're going to Pumbaa's part of the Pridelands to see what it's like.

Nico: Cool!

Eli: This is gonna be awesome!

Seadramon: Can me, Leonard, Waffle Woman, Hydro Man, Electro, Xiao Fung, Moonstone, Oculous, Deadwood and Mysterio go with you guys?

Me: You all sure can.

Eddy: Luan when we get back want to go to the Candy Store for some Jawbreakers?

Luan: Sure Eddy.

Deadwood: By the way, Georgina, remind us to see your brother Casey someday.

Georgina: Noted and you guys will love him. He is a great kid.

Me: It'll be awesome to meet him and your family. Lets head out everyone!

With that we were off to Africa.

---

TANZANIA, AFRICA

---

We arrived in the Pridelands.

Razorclaw: The Pride Lands are looking peaceful after killing Scar once and for all.

Me: They sure do. And we'll never see that bad lions ugly mug ever again.

Bunga: Uncles Timon & Pumbaa told me that Scar was the most evil lion ever.

Nico: A True King of the Mooks.

Timon and Pumbaa laughed.

Timon: You got that right Nico. He sure would Scar you for life! (LAUGHS)

We laughed at his joke!

Me: (LAUGHS) That was a good one Timon.

Electro: We're not here for the Pride Lands. No, we're here for another part of Africa.

Nico: What do you think that part of Africa might be?

But then…

(HONK! PIGS OINKING)

Me: What was that?!

Pumbaa heard it and listened.

(HONK! PIGS OINKING)

Timon: WHAT THE HAKUNA MATATA WAS THAT!?

Pumbaa: That's the Distress Call Timon. There are Warthogs in trouble!

Me: Uh oh! We better get over there and help! Lead the way Pumbaa! (Whistles)

I whistled and my Rapidash came and me and Allie hopped on and we followed Pumbaa!

Shade Man: You two have a distress call?!

Pumbaa: That's right! But that is actually a Warthog Distress Call. We're here!

We saw that we were in front of a Maasai hut with a huge fort gate around it.

Timon: What's this? Mooksville?

Pumbaa: That's the Warthog Sounder.

Timon: The Warthog whater?

Pumbaa: Warthogs live in a family group called a sounder Timon. Like a Meerkat colony but for Warthogs.

Me: Well I wonder what the emergency is.

We then saw lightning flash and thunder crash and we saw that the entire fort was surrounded by a bunch of blue birds! THOUSANDS AND THOUSANDS OF THEM!

Pumbaa: (GASP) Guinea Fowl!

Nico: Guinea Fowl?

Pumbaa: The Warthogs natural enemy and worst nightmare! They must be after the sounders supply of bugs.

Me: They look like ordinary chickens.

Pumbaa: Don't let appearances deceive you J.D.

Timon: So let me get this straight, you turkeys are chicken of a bunch of chickens?

Pumbaa: Those chickens can strip the flesh off a hog in ten seconds.

Eli: HOLY GEEZ!

Moonstone: Let's do some recon first to find out more about their plan.

Pumbaa: Guinea Fowl are nothing to be made fun of Karla. They are dangerous as piranhas in the amazon. Once they set their sites on something they will not leave until they get it.

Me: And I bet they are after not just the Sounders supply of bugs but also Sounder itself.

Eli: Let me see here.

Eli went through his backpack and pulled out a book on birds of Africa and looked up The Great Guinea Fowl Invasion of Mauritania.

Eli: Here it is! The Great Guinea Fowl Invasion of Mauritania.

Me: What does it say there?

Eli: It says that in 1973, a massive invasion of Blue-Feathered Guinea Fowl, Africa's most nefarious and most dangerously ravenous bird went after a massive supply of bugs owned by the Wombiya Sounder in Mauritania and they not only ate the bugs but also the entirety of the Wombiya Clan leaving only their skeletons behind. It became forever known as The Great Wombiya Massacre. Resulting in the Guinea Fowl becoming the Warthogs most feared natural enemy and worst nightmare of all.

Me: Oh man and now it plans to do the same to this Sounder.

Flywheels: Not if we have anything to say about it!

Me: We got to get into the fort and help out. Lets go.

We flew over.

The Sounder was thinking on what to do and hoping that someone would answer the call.

Teal Warthog: It's useless. There's no one out there. No one will help.

Grey Warthog: Lets leave!

Blue Warthog: We can't leave! The Guinea Fowl will eat the bugs before we're an inch out the door! Not to mention us too!

Teal Warthog: And we'd never last through the rainy season without our supply of bugs! We'll Starve!

Grey Warthog: Lets stay!

Blue Warthog: We can't stay! This riverbed will fill up in no time and we'll all drown!

Shalla: ENOUGH! The Storm is not upon us yet.

Teal Warthog: Sorry.

Grey Warthog: You're right.

Blue Warthog: Yeah sorry.

Shalla: Stop fretting and start thinking. You can't expect the solution to just fall right out of the sky!

SMASH!

We busted in with Pumbaa and Timon.

Pumbaa: (Salutes) ANSWERING DISTRESS CALL AND READY FOR DUTY!

Teal Warthog: Pumbaa!?

Blue Warthog: Pumbaa!?

Grey Warthog: Pumbaa!?

Shalla: Pumbaa!?

Pumbaa: Shalla!?

They saw each other and love circled them.

(Romantic Theme Plays)

Shalla: Oh Pumbaa. Its been so long.

Pumbaa: (Charming Voice) I see you've been voted head hog.

Shalla: But I've never forgotten you.

Pumbaa: Nor I you.

Me: Looks like we got here just in time.

Nico: Pumbaa do you know them? They seem to know you all.

Pumbaa: Guys this is my old sounder. The one from which I was banished.

The warthogs were plugging their noses.

Teal Warthog: You were banished for a reason Mr. Stinky!

Grey Warthog: You smell!

Blue Warthog: Look Pumbaa we may be in trouble but not enough to want YOU back!

Hydro Man: Really? So, you're just gonna abandon your old buddy Pumbaa when you need him the most.

Me: Yeah some sounder that you all turned out to be! Pumbaa has answered the call and he is going to do everything he can to help you all in this time of danger!

Nico: Yeah! Pumbaa and Timon have done so much good for the world and the Universe ever since they became part of the team and helped us kill Scar.

Teal Warthog: Wait a second. You guys are the famous Team Loud Phoenix Storm! We heard so much about you!

Blue Warthog: We had no idea Pumbaa was with all of you!

Teal Warthog: Yeah.

Me: But you need to put aside your differences with Pumbaa for good. He answered your call for help and he is going to try and save you all and we're going to help him!

Nico: YEAH!

Commander Mars: But we get it. You guys don't want Pumbaa back because of who he is. Well, fine! We'll just help him deal with the Guinea Fowl without your help! C'mon, guys!

With that, we started to leave.

Shaggy: (glares at the other Warthogs) Like, me and Scoob might be cowards. But we're also loyal to our friends!

Lola: (pats Lana on the back) Don't worry, Lana. We can have Timon and Pumbaa's Bug Chili to cheer you up before the battle.

Me: GUYS! Stay!

Teal Warthog: Yeah we need your help!

Blue Warthog: Yeah!

Me: That's more like it.

Nico: Good.

Me: But on one condition.

Teal Warthog: Name it.

Me: Revoke Pumbaa's banishment and have him be with you guys again and we can give you all sanctuary in the Pridelands.

Shalla: That's a good idea. It'll be great to have Pumbaa back.

Teal Warthog: Oh fine.

Blue Warthog: Deal.

Grey Warthog: Yeah.

Me: Good. Also Pumbaa can't help it. He has a nasty gas problem. (Whispers to myself) Like a certain blond farting girl that we all know.

Lori: I heard that!

Seadramon: But we can still eat that Bug Chili before the battle.

Pumbaa: Good idea Seadramon.

Me: We had really good bug chili during Lincoln's rescue and it was a funny rescue and adventure.

Cleo Nefertiti XXXIII: It sure was delicious though.

Lilith Falken: Yeah it sure was.

Timon: Me and Pumbaa will heat up the food.

Exhaust: We'll leave you two to it.

They got to work.

Shalla: We thank you all for helping us.

Me: We never abandon anyone in need.

Fluttershy: Especially amazing and adorable animal friends like you.

Teal Warthog: Aw thanks.

Oculous: So, Nico. Which Gene Slammer do you think will appear next?

Nico: I am hoping a Revival Jam Gene-Slammer appears next.

Me: Ooh that's an interesting one to pick.

Eli: That was a cool one.

Laney: I heard that Strings used a monster like that.

Lana: Yeah.

Top Man: (to Shalla) Sorry about earlier. It's just that Pumbaa really has accomplished a lot since we met him.

Shalla: It's all right. But it's great that Pumbaa did so much with you all. I'm really proud of him.

Shalla went up to Pumbaa.

Shalla: Pumbaa I'm so proud of you.

Pumbaa: (Charming Voice) Thank you Shalla. I am too.

They then kissed.

It was so cute.

Waffle Woman: I also brought waffles for us.

Laney: Oh boy. I'm starving.

Ed: Can I have mine with gravy?

Waffle Woman: Sure Ed. After what you went through today you earned it.

Ed: Oh boy oh boy.

Timon and Pumbaa came out with Bug Chili.

Lana: This is the best bug chili we've had.

Me: Especially with that super awesome hot sauce we use.

Nico: Yep.

Leonard: I'll have my pigs help us with this. You guys will love them!

Nico: Leonard has a massive army of pigs and they will be a great help with this.

Me: Yep. We're going to turn those blue-feathered chickens into roast chicken dinners. Fluttershy I'm sorry you have to see that but it's the only way to stop them from hurting Pumbaa's friends and Sounder.

Fluttershy: I understand. Thank you J.D.

Me: You're welcome.

RD Lucy: If it makes you feel any better, you can use your Stare on them.

Fluttershy: Oh that works.

Me: Good call on that. But just remember guys, these chickens are no laughing matter. Almost 50 years ago they wiped out a whole warthog sounder in Mauritania with massive numbers. We're going to have to fight fire with fire on this one.

Naruto: I can summon a massive number of clones.

Me: Good idea bro.

Mysterio: Which Heartless Robot should I summon for this?

Yusei: For this one we're going to need a bunch of elemental robots. How about Red Nocturne, Blue Rhapsody, Yellow Opera, Green Requiem, Black Ballade, Silver Rock, Emerald Blues, Crimson Jazz, Spring Metal, Scarlet Tango, Grey Caprice, Striped Aria, Sapphire Elegy, Pink Concerto, Turquoise March, Emerald Serenade and Violet Waltz?

Mysterio: Awesome choices and those are perfect for this kind of situation.

Me: The more the merrier. We're going to be up against thousands upon thousands of Guinea Fowl that will come at us like swarms of piranhas.

Hunter: (German Accent) Ja. Und they are like the Zerg from Starcraft.

Axel Adell: (Swedish Accent) They are going to be tough but we can take them.

Me: We all sure can.

Slog: Time for our entrance.

Me: Lets do it. Get ready Guinea Fowl because you all are going to be dinner.

Laney: Yeah!

We got ready. The Warthogs opened the doors and then they opened and then the spirits of the Elemental Fury of Animals came and blasted numerous Guinea Fowl all over the place and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we came out.

Me: Time for you chickens to be roasted!

I fired a massive blast of fire and it incinerated numerous Guinea

Fowl in an instant and roasted them!

Xiao Fung: You think you're tough because took out a Sounder?! We took out many armies greater then that!

He blew the Guinea Fowl in a tornado.

Sasuke: FIRE STYLE: DRAGON FLAME JUTSU!

He fired a massive blast of fire and it formed into a dragon and turned the tornado into a fire tornado and it incinerated many of the Guinea Fowl all over..

Me: Now lets see how they like this!

I used my weather powers to form a thunderstorm.

Me: This jutsu is called Kirin! Sasuke Uchiha invented this Jutsu and it is awesome!

---

Sasuke draws natural lightning directly from thunder clouds to supplement the power of his strike and controls it with chakra. Unlike most techniques, which are based on the user's chakra, this one uses the natural lightning, which - as noted by Zetsu - reaches the ground in 1/1000th of a second. However, the preparation time required also decreases the technique's efficiency. If there are no active thunder clouds, the user must create them by using powerful fire techniques to produce the necessary storm conditions. With techniques such as Amaterasu, even stronger storm conditions can be made by them.

Once a lightning source has been acquired, shaping and guiding the lightning to the target requires very little chakra. This technique was powerful enough to completely obliterate a small mountain and Itachi Uchiha's Susanoo.

Using this technique disperses the thunder clouds, and as such, it can only be used once in a fight. Conversely, however, because of the inextinguishable properties of techniques such as Amaterasu, it can be used to continuously create new thunder clouds to use Kirin once again; however, the process seems to require a bit of time.

---

I summoned the mighty benevolent spirit that punishes the wicked!

Me: BEGONE WITH THE THUNDERCLAP!

I had Kirin hit the Guinea Foul faster than anyone could blink and then it exploded with incredible power!

KRABBBBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOO

The Guinea Fowl were incinerated in an instant all over from the explosion!

Me: Take that!

Nico: WHOA! What power!

Eli: That was intense!

Me: Yep.

But the Guinea Fowl just kept on coming!

Eli: There's no end to them!

Cheese Ninjas then appeared and held them off along with Mysterio's robots and Leonard's pigs.

Condiment King, Ssserpent, Roquefort, Shade, Demyx, Machinedramon, Pyro, Mr. Fizz, Magma, and Silver Samurai then appeared

Me: Condiment King, Ssserpent, Roquefort, Shade, Demyx, Machinedramon, Pyro, Mr. Fizz, Magma, and Silver Samurai.

Condiment King: Mysterio's robotic Heartless should keep those guys at bay for a while.

William: Just long enough for the usual battles.

Me: That's great. I take it you saw the explosion from my power?

Condiment King: Yep.

Ssserpent: On the bright side, you guys will have them for dinner when this is over.

Roquefort: And my Cheese Ninjas will help fend them off too.

Me: Awesome. As long as Nico gets to have some cheese.

Nico: (Drools) Oh yeah!

Shade: (to Nico) Heard you and J.D. went to Bambi's world again.

Nico: We did. But we didn't fight the hunter who killed Bambi's mom.

Demyx: What?! Then, who did you fight?!

Me: We fought Quartermaine.

Demyx: Lord Victor Quartermaine!? Not that guy again!

Me: Oh it was him.

?: Boy that guy is crazy!

A figure came out and it was RABROOM JAWS from episode 4 of LupinRangers VS PatRangers!

---

Rabroom Jaws is a shark-themed Gangler Monster who id one of the four antagonist in episode one alongside Ruretta Gerou, Garatt Nargo and Namero Bacho and the main antagonist of episode 4 of the 2018 TV series Kaitou Sentai Lupinranger VS Keisatsu Sentai Patranger. He is also equipped with a ribbon-like treasure called Je vais t'habiller.

He was voiced by Kiyohito Yoshikai.

In the first episode Rabroom Jaws made his first appearance in the Back world celebrating the 999th Birthday party of Dogranio

Yaboon.

In episode 4 he'd made his 2nd appearance disguised as a human selling these shark dolls (which are the disguises for his Warp Jaws) to his customers after the police tries to ask him some questions of supposed kidnapping, so he tried to lie his way out in order to get the police off of his back, but thanks to the Lupinrangers interference his cover was blown and attack the two teams, also if these two teams ever take him down well his knowledge of the captured humans will be lost forever. After that he'd made his get away.

However his hideout was then revealed to be a cave of where the trapped prisoners that he'd kidnaps thanks to Tsukasa who has a fond of collecting cute stuff animals. However before she'd could make an escape Rabroom attacks the cadet and before he could finish her off the rest of the Patrangers arrived and battle Rabroon Jaws. While later backed up by the Pordermen he battled the Patrangers in a forest outside of his hideout alongside with the arrival of the Lupinrangers. During the skirmish Patren3 sends Rabroom towards Lupin Yellow to where she used her dial fighter and unlocks Rabroom's safe (which his password is 7-9-4) and stole Je vais t'habiller (which translate as "Dress You Up") ribbon because with that out of his safe all of the disguised shark dolls has been revealed to be Warp Jaws, also he was taken out by the Patranger's One-shot Strike. However thanks to Goche Ru Medou he was then enlarged and battle Patkaiser however this gives him the advantage as he sends out his Warp Jaws allowing him to teleport to one location to the next as he's destroying this bot, however with the arrival of the aerial units they manage to destroy the jaws and a couple of decent blows onto Rabroom Jaws then the Lupinkaiser battle Rabroom Jaws and after that he was then destroyed by LupinKaiser's Rapid-Fire Down You Go Shot.

---

Tsukasa: Rabroom Jaws!

Rabroom Jaws: Been a while Pink Ranger.

Me: I remember you! You were kidnapping people who loved stuffed animals and you also found out that Tsukasa has a love for Stuffed

Animals.

Tsukasa: That's right. Good memory on you.

Me: Never missed an episode.

Maria: It was your episode that introduced Tsukusa's love for stuffed animals.

Tsukasa: (blushes) Can I help it that they're cute?!

Rabroom Jaws: (laughs) No wonder you got captured by me so easily!

Nico: Relax, Tsukusa. You've got nothing ot be ashamed about. I like stuffed animals too.

The rest of us looked at me shocked.

Lori: That's literally true?!

Nico: Yeah it's true.

Lola: Yeah and look at me. I have all kinds of stuffed animals myself.

Me: Is it wrong for many people to like stuffed animals?

Tsukasa: No it's not.

Condiment King: We also have a bunch of new recruits.

We saw ORNISMON, COOKIE BABOOM, BUZZ BUZZARD, HUNTOR, GABBY GATOR, NECROLAI, RONNO, WALLY WALRUS, BLING BLING BOY, HOT DOG GANGSTER and a new villain called CAPTAIN GRAVYHEAD!

Captain Gravyhead: Permit me to introduce myself. I'm Captain Gravyhead and I'm a new villain to soak the world in gravy.

Ed: OH BOY!

Misty Tredwell and Carly then appeared.

Me: Misty and Carly too?

Misty Tredwell: We're not here to fight you guys this time. It's for new usual battles. I picked Gabby Gator as my archenemy.

Carly Atlas: And I chose Necrolai.

Me: WHOA! This is a first.

Necrolai: It sure is and Misty and Carly are now part of you guys.

Me: And we're happy about that. Also I killed the Master.

Necrolai: I heard about that. good riddance.

## Leif Loud, Rainbow Dash, Scootaloo, Air Skylanders, Alusia Van Dalsia, Lynn, Margo, Paula, Bombshell and Kickback VS Condiment King - Nico's Rescue in Bambi's World

---

Condiment King was first.

Condiment King: (to Leif) The good news about Nico's rescue is that he didn't have to take on that hunter who killed Bambi's mom. The bad news is that it's because Victor

Quartermaine killed said hunter!

Leif: Yeah me and Lana HATED that guy! He was a heartless monster that brought it all on himself.

Rainbow Dash: Yeah to make Bambi an orphan was not awesome at all!

Scootaloo: You got that right! I heard from Yakko, Wakko and Dot that Skippy and his aunt Slappy watched a movie based on Bambi and it traumatized Skippy.

Whirlwind: Poor kid. That must've scarred him bad.

Alusia: Yeah it sure did. Poor kid.

Lynn: He really got scared from that.

Margo: Especially with the fire.

Paula: Yeah.

Condiment King: Yeah. Lets have some fun!

They fired waves of rainbows, lightning, wind, lava and earth and ice and smashed him down.

Leif Loud: ALL RIGHT!

Rainbow Dash: That was AWESOME!

Kimiko, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Lumina, Lightsworn Summoner, Alexis Rhodes, Razorclaw and Hun Gurr VS Ssserpent - Lincoln's Rescue with Bug Chili

Ssserpent was next.

Ssserpent: (to Kimiko) I heard Lincoln's Rescue invovled Bug Chili. How'd that go?

Kimiko: It went really well. They tried 4 levels of spicy chili.

Sunset Shimmer: It was awesome. Look.

She showed the video of the contest on her phone.

Lincoln: And Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily are also the judges for this contest. So, this should be good.

The contest began, as Timon and Pumbaa made their first batch of hot Bug Chili, and when Lincoln, Me, Nico, Timon, and Pumbaa ate the first batch, our auras flared up with rainbow and orange flames and my tattoo, Nico's tattoo, and Lincoln's tattoo on our right shoulders leaked out blood, and we gained a massive power boost, along with an increase in infinite body heat and temperature, but for Timon and Pumbaa, their heads and faces turn atomic red, and they excused themselves to head out and Maria gave them water to drink, and steam came out of their mouths.

Then, they made a second batch of hot Bug Chili, but this time, they made it hotter and spicier than the first batch, and when Lincoln, Me, Nico, Timon, and Pumbaa ate the second batch, our auras had again flared up with rainbow and orange flames and my tattoo, Nico's tattoo, and Lincoln's tattoo on our right shoulders had leaked out blood, and we gained another massive power boost, along with another increase in our infinite body heat and temperature, but Timon and Pumbaa then ran out of the kitchen at the same time with Timon drinking from the water at Lake Huron and Pumbaa drinking water in the bathroom sink at the Estate.

The same thing happened with a third batch of Hot Bug Chili, and they made it hotter and spicier with some peppers that Laney provided for them, and when Lincoln, Me, Nico, Timon, and Pumbaa ate the third batch, our auras again flared up with rainbow and orange flames and my tattoo, Nico's tattoo, and Lincoln's tattoo on our right shoulders had leaked out blood, and we gained another massive power boost, along with another increase in our infinite body heat and temperature, but Timon and Pumbaa turned red and ran and flew off at the same time with Timon shoving his mouth into a glacier in Antarctica and Pumbaa shoving his mouth into a pile of snow in the icy plains in China.

Finally, they made a fourth batch of hot Bug Chili, but for this one, they added their own personal spicy ingredients, for Timon, he added a drop of Pyro Potion, the ultimate Hot Sauce, but as he ran off, the whole bottle of Pyro Potion was added into it and a plume of black smoke appeared with glowing red eyes, an evil grin, and it was accompanied by demonic laughter. For Pumbaa, he added in Captain Napalm's Tonsil Torture XXXtra Hot, containing Extract of Flame, Rocket Fuel, Brimstone, and Corn Syrup. As Pumbaa laughed and opened up the jar, a Satanic choir was heard singing, and he added the whole jar into it, and the chili glowed neon atomic red.

When they came back with bowls of this third batch, we saw the third batch of hot Bug Chili was now glowing neon atomic red hot, and our Geiger counters went off the scale. The judges gasped in pure shock.

Lori: OMG, this is literally going to get totally wild!

Eli: You said it, Lori. We saw the ingredients Timon and Pumbaa added to their individual batches of hot Bug Chili, and I've got a really bad feeling about this.

Lincoln: Bottoms up, guys.

Lincoln, Me, Nico, Timon, and Pumbaa ate the fourth batch of this now neon atomic red super spicy hot Bug Chili, and we saw Timon and Pumbaa turn neon blue and we heard the countdown, and when it reached zero, Timon and Pumbaa blasted off, and they screamed out one word.

Timon and Pumbaa: UNCLE!

Lana caught Pumbaa and the 7'0" tall and extremely muscular Timon, and got them to the ground.

Timon: Hey, what's happening to Lincoln, J.D., and Nico?

Suddenly, Lincoln, Me, and Nico were engulfed by three very massive vortexes of rainbow and orange flames, and we gained a very massive power boost of epic proportions, and our tattoos leaked out drops of spicy and acidic blood, and we gained a massive increase in body heat and temperature. Me and Nico came out okay, but when Lincoln came out, we saw that the 16-year-old, 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs had a neon red and orange outline surrounding him, his long, white hair reaching the bottom of his neck turned neon red, the eight large orange orbs orbiting around his legs turned neon red, his deep sapphire blue eyes turned neon deep red, his large blue pants turned red but the multi-colored lightning bolts remained the same, his large orange bands with silver phoenixes on his really massive biceps and thighs turned red, and his really massive deep sapphire blue angel wings with reflecting stars turned red.

Lincoln has gained an elemental hero form, and he's known as INFERNO LINCOLN! We were stunned by what just happened to Lincoln, and when his harem saw it, they had atomic red blushes on their faces, their eyes turned to hearts, and steam came out of their ears.

Timon: Holy Hakuna Matata! Lincoln's gained a new hero form.

Pumbaa: Yeah, we know that he has transformed into Daydream Lincoln, Lincoln The Nocturnal, his Nocturnal Werewolf hero form, his Ace Savvy form, his Blue Lantern form, Lincoln The Vampire, his vampire form, his Miraculous form, Thunder Hare, and his Green Arrow form, and now, he's gained a new hero form when he ate our fourth batch of super spicy Bug Chili.

Me: (Stunned) Holy crap!

Nico: (Stunned) Now, that's what I call an awesome hero transformation.

Lincoln saw what happened to him when he made a mirror of water, and he was stunned.

Lincoln: Whoa, this is so awesome, I've gained a new hero form when I ate that fourth batch of super spicy hot Bug Chili Timon and Pumbaa ate, and it combined with the other three batches of spicy Bug Chili that I ate. Let's see.

Lincoln fired a powerful blast of red hot neon red energy and red hot neon flames at a target that he formed which looked like Morag, and as it hit, it was reduced to nothing but ashes, and we were so stunned and awestruck at that.

Lincoln: Hah, serves you right, you psychotic witch! Man, that felt good!

Nico: Dang! Now, that was so awesome!

Lisa Loud: Incredible.

Timon: Hey, you also forgot about Lincoln's Super Lincoln Phantom form, Pumbaa.

Pumbaa: Oops, sorry.

Lincoln: Hakuna Matata.

---

When it was done he was shocked and in awe.

Ssserpent: Wow! That was intense!

Pip-Squeak: (British Accent) It sure was! But that was most amazing!

Sunburn: That was so awesome seeing that contest and Lincoln unlocked an awesome new transformation too.

Lumina: He sure did and we're proud of him.

Alexis: We all sure are.

Ssserpent: Yeah. Glad you're back in action Alexis.

Alexis: Same here. It's awesome to be a mom too.

Ssserpent: Good. Lets get it on!

They fired waves of fire and energy and smashed him down.

Kimiko: YEAH!

Sunset Shimmer: That was amazing!

---

Shade Man VS Roquefort - Timon and Pumbaa's Bug Chili

---

Roquefort was next.

Roquefort: (to Raven) Timon and Pumbaa are really proud of their Bug Chili. I bet Lana ate it!

Raven: Oh she ate it all right. And it was potent for her.

Nico: You should have seen the contest for it. Timon and Pumbaa were making SUPER SPICY NUCLEAR HOT bug chili to see who can handle the most intense heat.

Princess Luna: It was amazing to see them eat that much spice.

Moondust: Boy it sure was. Spicy food like that would have killed a normal person.

Snowdrop: It sure was. The heat coming off of the chili was intense!

Gari: You aren't kidding there! I bet if you ate chili like that it would melt you.

Roquefort: (LAUGHS) You're right on that.

Blackout: That was one intense contest.

Lala: (Irish Accent) You're not kidding there lads.

Brittney: No kidding. It was brutal.

Grim: (Jamaican Accent) It would have been fun to reap someone from all that spice too mon.

Roquefort: Oh boy. Lets do it!

They fired waves of darkness and energy and smashed him down.

Raven: That was good.

Princess Luna: A true victory of the night!

Black Widow, Princess Celestia, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Ran the Jack-O-Lantern, Jack Skellington, Sally, Flywheels and Stranglehold VS Shade - The Bet Ed, Edd N Eddy and friends did

---

Shade was next.

Shade: (to Black Widow) The bet Ed, Double D, Eddy and their friends did was crazy! I can't tell if it was a bet or a torture session!

Black Widow: It was a little bit of both actually. It's hard to imagine that they did such a crazy bet all for a measly $5.75. But it was worth it because of Eddy winning the bet and getting Jawbreakers with Luan.

Princess Celestia: That bet was REALLY nuts!

Shade: What did they do that caused them so much pain in that bet?

Minuette: Well it was REALLY NUTS! Ed couldn't eat gravy.

Twinkleshine: Double D couldn't use complex smart phrases.

Lemon Hearts: Eddy couldn't yell with a voice that could be as loud as an air horn.

Moondancer: Kevin couldn't call the Ed's dorks.

Lyra Heartstrings: Rolf couldn't eat meat.

Sunset Shimmer: And Jonny couldn't be told what to do by Plank.

Shade: GEEZ! That is more like fates worse than death! What happened to them all?

Twilight Sparkle: Double D had to speak in words with 1 syllable, Ed looked like he was suffering from Heroin Withdrawal or Gravy Withdrawal in that case as he was sucking on the table and the floor, Eddy had to be as quiet as a mouse, Jonny was looking all over for something to do, Kevin was trying not to snap and Rolf looked like he was an anorexic and was as skinny as a toothpick because he was suffering from meat withdrawal.

Shade: WHOA! That was worse than a torture session.

Spotlight: You're not kidding there.

Ran: Ed almost dove into a pot full of Butterscotch Pudding and he is allergic to that stuff.

Shade: Ed is allergic to Butterscotch Pudding? Is that even possible?

Jack Skellington: Everyone thought the same thing.

Sally: They sure did.

Black Widow: Turns out Ed is allergic to rabbits, eels and Butterscotch Pudding. How weird is that?

Shade: VERY Strange. Lets do it!

They fired waves of magic, light and energy and smashed him down.

Black Widow: Take that!

Princess Celestia: That was so awesome!

---

Irma, Rarity, Sweetie Belle, Water Skylanders, Sea, Bai Tza, Maria, Gi, Commander Jupiter and Mars VS Demyx - Rolf being skinnier than a toothpick without meat

---

Demyx was next.

Demyx: (to Irma) Rolf was skinnier than a toothpick without meat! Maybe Nazz should've been in the bet instead of him.

Irma: She didn't want to be in it so she played it smart and safe. But yeah he had lost ALL of his muscle strength and was as weak as SpongeBob.

Rarity: Indeed he was darling. What happened to Rolf was terrible.

Sweetie Belle: But it's good that J.D. gave him a lot of meat.

Gill Grunt: I think the Ripping Friends knew what Rolf was like during that.

Sea: That was crazy.

Bai Tza: You're not kidding there.

Maria: Boy no kidding. Also Sarah, Jimmy and Marie didn't partake thank goodness.

Demyx: Thank goodness. Lets do it!

They fired waves of water, ice and jewels and smashed him down.

Irma: ALL RIGHT!

Rarity: Rapture darling that was grand!

---

## Sasuke the Android, Pinkie Pie, Featherweight, Tech Skylanders, Nemes the Sphinx, Somnambula, Scratch (Skylanders), Exhaust and Flamewar VS Machinedramon - Ed being crazy without gravy

---

Machinedramon was next.

Machinedramon: (to Sasuke) Ed went crazy without gravy! Good thing Ratchet gave him some.

Sasuke: Yeah that was nuts! Ed looked like he was suffering from drug discontinuation syndrom.

Pinkie Pie: Boy no kidding! I can't even begin to imagine what it would be like to go for 1 whole month without doing a party.

Featherweight: I don't think I want to imagine what would happen to Naruto if he went 6 months without Ramen.

Sprocket: That would NOT BE GOOD! Naruto loves ramen and I can't imagine him going that long without it.

Nemes: You're not kidding. Geez!

Somnambula: (Egyptian Accent) That would be an absolute nightmare.

Scratch: Ed was acting like a total junkie suffering from withdrawal symptoms.

Machinedramon: That is rough. I can't believe Ed eats that much Gravy. Lets dance.

They fired waves of lightning, metal, gears and energy and smashed him down.

Sasuke: YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

## Vakama, Fluttershy, Tornado Bolt, Life Skylanders, Fire Sorcerer, Fire Princess, Hiita, Top Man and Shadow Man VS Pyro - Kevin not calling the Ed's dorks

Pyro was next.

Pyro: (to Vakama) For the bet, Kevin couldn't call the Ed's dorks. Considering that he stopped doing that a long time ago, he would've won if he hadn't lost on purpose.

Vakama: You're not kidding there. Can you believe that Kevin and Sarah and all the Cul-De-Sac kids hated the Ed's guts before the Vengeance Express broke out? That was nuts!

Fluttershy: What happened during that time was absolutely terrible.

Tornado Bolt: Yeah it sure was awful.

Stealth Elf: You're not kidding there. What happened during that time was awful.

Fire Sorcerer: And not to mention that Bev, Bevv and Bevvy are going through the very same adventures as the Ed's are and the cul-de-sac kids of Gotham Royal York hate their guts too.

Fire Princess: AND they have MALE versions of the Kanker Sisters out to get down their skirts so to speak.

Hiita: And there's a strong possibility that they could destroy Gotham Royal York just like how the Kankers destroyed all of Atlanta.

Pyro: Oh boy. Lets hope we can stop them before that happens. Lets do it!

They fired waves of leaves, flowers, grass and fire and smashed him down.

Vakama: Take that!

Fluttershy: That was fun.

---

Gwen Tennyson, Starlight Glimmer, Cozy Glow, Undead Skylanders, Chocola the Easter Bunny, Bugs Bunny, Lola Bunny, Buster Bunny, Babs Bunny, Pain Yatta and Krankcase VS Mr. Fizz - Jonny not having Plank tell him what to do

---

Mr. Fizz was next.

Mr. Fizz: (to Gwen) It must've been tough for Jonny to not have Plank tell him what to do. (sighs) Sometimes, I wish Plank were able to talk to us.

Gwen T.: Me too. Jonny has had Plank with him ever since he was a little kid. It's to help him get over social awkwardness or phobias.

Starlight Glimmer: I know how Jonny feels. Sunburst has always been there to help me out ever since we were foals. But when he left I was alone and I blamed cutie marks. And I'm sure you know how I felt about that too.

Cozy Glow: That is crazy. But I'm glad Jonny has Plank with him. I wish we could hear him too.

Hex: Me too. That would be cool.

Chocola: It sure would be awesome.

Bugs: Eh it sure would be cool.

Lola Bunny: I agree too.

Buster Bunny: Jonny and Plank are awesome friends.

Babs Bunny: They sure are.

Mr. Fizz: Yes indeed. Lets do it!

Gwen T.: That was great!

Starlight Glimmer: That was amazing!

## Koji, Twilight Sparkle, Luster Dawn, Sunny Starscout, Magic Skylanders, Element Valkyrie, Lincoln, Linka, RD Luan and RD Lucy VS Magma - Eddy not being able to yell as loud as an air horn

Magma was next.

Magma: (to Koji) Eddy was able to succeed not being able to yell as loud as an air horn. These days, he prefers his blaster over yelling.

Koji: Yeah he sure does. I would hate to imagine if Eddy yelled at someone like that again.

Twilight Sparkle: Yeah no kidding. I did a measuring of Eddy yelling at his loudest and it measured at 235 decibels.

Magma: WHOA! That has to be loud enough to shatter glass.

Luster Dawn: You got that right. That is impressive for Eddy to have such a powerful voice.

Sunny Starscout: It sure is amazing.

Spyro: That is really amazing. Krakatoa when it erupted back in 1883 had a sound of 194 decibels and it was heard from over 3,000 miles away.

Magma: That's incredible!

Element Valkyrie: It sure is! That is awesome that Eddy has that powerful of a voice.

Lincoln: It sure is cool.

Linka: Yep it sure is.

Magma: Yep. Lets do it!

They fired waves of light and magic and lightning and smashed him down.

Twilight Sparkle: That was amazing!

Applejack: Boy howdy you aren't kidding there. That is awful.

Apple Bloom: Yeah it was terrible!

Flashwing: What happened to those warthogs 49 years ago was terrible.

---

Natsume Seno VS Cookie Baboom

---

Cookie Baboom was next.

Natsume: So before we start what is it that you used to do?

Cookie Baboom: Well as you know I'm an exotic dancer and a stripper but I am also the ex-girlfriend of the mayor of Las Vegas.

She went over her history.

---

**Cookie BaBoom** is a villain from The Mask: The Animated Series, only appearing in the season two episode, Flight as a Feather.

She's an exotic dancer and stripper who was Mayor Tilton's ex-girlfriend. She appeared during a ceremony, angry at Tilton for dumping her. She throws off her trench-coat to reveal 2 megatons worth of dynamite strategically strapped across her torso and waist. She proclaims that she's going to kill herself along with Mayor Tilton for if she couldn't have him then no one would.

The Mask (only interested in retrieving his lost feather) thwarts Cookie's plan by impersonating a Cockney British bartender who creates a drink called The Bikini Cocktail, using the dynamite strapped to the top half of Cookie's body as the main ingredient. Before Kellaway and Doyle can capture the Mask, he distracts them by turning Cookie (who had been spinning around in a blur after the Mask ripped the dynamite off her body) around so her naked front (which the spectator's unable to see) faces them, causing them to be gobsmacked and faint from the sight of her.

Cookie then puts her trench-coat back on and flees the scene. She is later seen with an angry mob chasing the Mask in revenge for her humiliation, but the Mask eludes them by distracting them with some snacks and escapes.

---

Natsume was very sympathetic for her.

Natsume: Oh man! I'm sorry that happened to you. I guess it's true what they say. "Hell Hath No Fury Like a Woman Scorned."

Cookie Baboom: Yeah you're right about that.

Natsume: Yeah. You could have picked J.D. He would love you more than anything like he does with me. He is one of the greatest people I know and he loves everyone with so much Passion.

Cookie Baboom: Yeah you're right. I'll give it a shot.

Natsume: Awesome! Lets dance!

Cookie Baboom: With pleasure!

She threw dynamite sticks at her and she dodged them and they exploded!

KRABBBBBBBBOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMMMMMM!

Natsume fired balls of fire from her hands and they hit her and knocked her down.

Natsume: All right! Blue-Hair Bombshell one, Explosive Voluptuous Beauty zero.

---

Woody Woodpecker VS Buzz Buzzard

---

Buzz Buzzard was next.

Woody Woodpecker: So how have things been for you Buzz?

Buzz Buzzard: Its been really well Woody. I've been looking forward to getting our battles back on.

Woody Woodpecker: Just like the old days. Lets do it!

Woody flew around and honked him on his nose.

HONK HONK!

Woody Woodpecker: Guess who? HAHAHAHAHA! HAHAHAHAHA! HAHAHAHAHA! (PECKS BUZZ ON HIS HEAD LIKE A JACKHAMMER)

He knocked him down with that.

Woody Woodpecker: HAHAHAHAHA! HAHAHAHAHA! HAHAHAHAHA! HEHHEHHEHHEHHEHHEHHEH!

---

Hestia VS Huntor

---

Huntor was next.

Huntor: (Australian Accent) My quarry is going to make a great catch for me.

Hestia: Well it's gonna be awesome having you as my archenemy Huntor. The hunt is on!

Huntor: That's the sport I like. Lets do it!

He fired laser blasts at her and she dodged them and kicked him in the face and knocked him down.

---

Zoe Drake VS Bling-Bling Boy

---

Bling Bling Boy was next.

Bling-Bling Boy: This will be awesome and fun.

Zoe Drake: It sure will. But can you tell me more about yourself?

Bling-Bling Boy: Why certainly. My real name is Eugene Hamilton but I go by Bling-Bling Boy because I wear bling all over me and I'm a billionaire genius and for years I have been the archenemy of Johnny Test. But this was before he joined Team Loud Phoenix Storm.

He went over his history.

---

Eugene Hamilton, better known as Bling-Bling Boy, is a recurring antagonist in Johnny Test. He has a one-sided crush on Susan Test and he's a true/archenemy of Johnny Test and Dukey.

He was voiced by Lee Tockar.

Eugene Hamilton is the (sometimes friendly) enemy of Johnny and Dukey, preferring to go by the name of "Bling-Bling Boy" (because of his gold jewelry and watches). He is a multi-millionaire with unlimited funds at his disposal.

He has a big crush on Susan, who doesn't reciprocate his feelings, and often resorts to evil plots or blackmail to try and force her to be his girlfriend. He occasionally teams up with Johnny and Dukey to defeat the other villains when the situation demands it. He seems to be good friends with Johnny and Dukey, despite being the main antagonist of the series.

Similar to his sisters, he occasionally tricks Johnny into testing some of his inventions. Deep down, Bling-Bling Boy is insecure due to being fat and having buck teeth, although in Phat Johnny, his weight and buck teeth actually help Bling-Bling Boy become successful as a hip hop star. He has a mother who punishes him for "embarrassing her" by plotting his evil schemes. He used to also attend the Mega Institution of Technology, but left the school after his thesis ate Professor Slopsink's hand. He later was allowed to return to the Institute in exchange for aiding in preventing a nuclear crisis, finally admitting to missing human interaction.

In "Johnny X Strikes Back" he had the power of gold vision and flight. In "Johnny's 100th episode", he bawled after thinking that Johnny was dead, but was glad he was still alive (even though he was an enemy to him).

---

Zoe was amazed.

Zoe Drake: Wow! That is so awesome. It's awesome that you have your own team to help you out and how you have done so much both good and bad with Johnny and just to try and win the heart of his sister Susan.

Bling Bling Boy: That is really cool huh? Shall we get it on?

Zoe Drake: Lets shall!

Zoe fired waves of wind at him and then he dodged the blasts and Bling Bling Boy fired waves of energy and she dodged them and then she fired waves of wind and smashed him down.

---

Star Butterfly VS Bonnie

Bonnie Rockwaller was next.

Star Butterfly: At least facing you will be better than Brittney Wong. That bitch hates me with a vengeance.

Bonnie Rockwaller: She must've really given you a hard time.

Star Butterfly: You have no idea. Brittney HATED MY GUTS and she wanted nothing more than to see me dead for ruining her life. She lost EVERYTHING and her parents lost all their money and they went insane and were sent to a nuthouse.

Bonnie: That's rough. I've always been the Black Sheep of my family. I brought nothing but shame to my family. My mom and my sisters both hated my guts because they thought I was a total embarrassment. I should tell you everything about me.

She told Star her history.

While it is unknown how long she has actually known Kim, she knew her long enough prior to when Kim first tried out for cheerleading in middle school to have given her the nickname "Tin Teeth", due to Kim having braces.

In middle school, Bonnie was one of three judges for cheerleading tryouts. She disliked Kim even then, and assigned her a routine that was supposedly impossible. Kim performed it flawlessly, so Bonnie reluctantly accepted her as a squad member. This was notably one of the few times where Bonnie apparently outranked Kim on the squad, as she also seemed to be in charge of the practices.

It was revealed during her senior year at Homecoming that she has known Ron almost at least as long as Kim knew him, as Bonnie had been calling him cruel names from Kindergarten to 12th-grade. Apparently she stepped up her level of disdain for him as Ron remarked when he was a millionaire that she had been mean and abusive to him since middle school.

Bonnie was very much concerned about the proverbial "food chain" at their high school and angled to keep her position on it by saving seats at lunch for the even more popular senior, Amelia, and by dating Brick Flagg, the then star quarterback of the Middleton High football team as that was considered a status symbol. A tactic which apparently worked as Bonnie was one of the only lower class students seen as able to sit at the senior lunch tables.

Nonetheless, Bonnie felt challenged by Kim's general popularity as well as her being the school cheerleading captain, the latter of which Bonnie coveted and managed to gain before eventually giving it back to Kim. Since then Bonnie was never nearly as vocal about replacing Kim as the captain. However she still angled to have prominent positions in routines; ever ready to step in whenever Kim might miss her mark in a layout, such as taking top of the pyramid at a Cheer Camp demonstration. Otherwise, Bonnie seems to consider it humiliating to be "second fiddle" to anyone for anything.

---

Star felt sorry for her.

Star Butterfly: Oh man. Bonnie I'm sorry.

Bonnie cried.

Bonnie Rockwaller: (Crying hard) I lost everything because of them!

Edward the platypus came and comforted her.

Edward the Platypus: I know how you feel Bonnie. My brothers hated my guts too because they felt that I was an embarrassment to my family too. My brothers were total jerks and they hated my guts.

Bonnie Rockwaller: (Sniffles) Really?

Edward the Platypus: Yeah. My brothers called me an embarrassment and called me a weak link and a disgrace. They thought I brought nothing but shame to the family too and they would always pick on me and bully me all the time.

Star Butterfly: It's true Bonnie. I think the real reason you were Kim's rival was because you were hurting inside from their abuse.

Bonnie Rockwall: (Crying) It's true!

She went and hugged Star and cried hard.

Wally Walrus was next.

Nene: So you were Woody Woodpeckers next door neighbor?

Wally Walrus: (Swedish Accent) Oh ja and he was a funny guy but we never got along.

He went over his history.

---

Wally Walrus is the tritagonist in the Woody Woodpeckeranimated series.

Wally is an anthropomorphic walrus who, in most of his appearances, speaks with a pronounced Swedish accent. Wally is rather slow-witted at times, and prone to anger when provoked. For many years, Wally was the primary foil for Woody Woodpecker, bearing roughly the same relationship to that character as Elmer Fudd had to Bugs Bunny in Warner Brothers' animated shorts from the same era. Wally is often heard humming or singing the popular song My Bonnie Lies Over the Ocean.

---

Nene was amazed.

Nene: Wow you have a really awesome lifestyle. Dana and Axel Adell would like you and Axel is from Sweden himself.

Wally Walrus: Always a pleasure to know a fellow countryman. Shall we dance? Ja?

Nene: We shall ja.

Nene fired waves of darkness and smashed him down.

They ran and Alusia grabbed Ronno and knocked him down.

Ornismon: I'm looking forward to this one.

Ornismon: (Echoing) COSMIC RAY!

He fired a star ray and she flew and dodged it and fired an ice blast and froze him.

Nico: And kicking your big ugly ass! Lets get him!

They fired waves of energy and smashed him all over the place.

Nico teleported and opened Rabroom Jaws' safe and in it was a bunch of swords called The Swords of the Ghostbusters, they're large swords with the Ghostbusters symbol etched on the 6'5" massive, wide, double-edged ghostly green blades, ghostly green large angel wings for the crossguards, large blue gems for the hilts, longer black handles, and large ghostly green faceted sphere pommels with surrounding blue gems. Once in hand, they'll get a massive power and energy increase, along with angel wings, and awesome Ghostbusters-themed sleeveless trenchcoats.

Then Nico teleported back with the swords.

PatRangers: INTERSTELLAR STRIKE!

They fired waves of energy and they fired waves of energy and elements and the blasts all hit Rabroom Jaws and he exploded!

Pumbaa: That wasn't the distress call Timon. That sound means that the trouble is over.

?: (Echoing Demonic Voice) **I will make you all pay for imprisoning me in The Divine Mirror!**

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed

Luan: Uh oh, looks like we're not done yet. You can come out now, Kyūbi.

A figure came out, and it was none other than Kyūbi, the malevolent nine-tailed fox who's an enemy to both the humans and The Mystics, and who, as Tamamo, manipulated Yinglong into turning against The Heavenly Emperor and breaking The Divine Mirror, and the dark energy spilling out which turned him into Orochi, The Serpent King.

Nu Wa: So, you've finally shown yourself, Kyūbi. It seems as though you'll never learn your lesson, will you?

Kyūbi: **It was because of you imprisoning me in that blasted mirror, and I will make sure that all of you will suffer the extent of my wrath and vengeance!**

Kyūbi made two clones of Orochi and Da Ji from two of her tails, but before they could attack, Luan fired two powerful blasts of light at them, and destroyed them, and the tails came back to her, and it also hurt her badly.

Luan: I've heard about enough out of you to last a lifetime, Kyūbi.

Suddenly, Luan's eyes turned neon blue, and she was surrounded by a rainbow energy aura with light, fairies, and light animals, she unholstered her massive Sword of Sulis from her back, and as she approached Kyūbi, she left rainbow energy, light, fairies, and light animals with every step.

Luan: Kyūbi, the trouble that you've caused to both the humans and The Mystic Realm can never be forgiven. But, what you did in manipulating Yinglong into turning against The Heavenly Emperor and damaging The Divine Mirror, which turned him into Orochi, The Serpent King, you've crossed the line, and I'll see to it that you pay for your crimes in full!

Suddenly, Luan Loud was surrounded by a massive vortex of rainbow energy with light, rainbow fire, and light animals surrounding the vortex, there were fairies flying around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex faded, Luan Loud emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Luan Loud grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted yellow bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large yellow orbs orbiting around her legs, she has yellow highlights in the bangs of her long light brown hair, she has neon blue eyes and a rainbow energy aura with light, fairies, and light animals surrounding her, she has a rainbow fairy holding the Light Kanji in their hands and The Sun above her head emblazoned on her forehead, she has on fairy earrings with the Light Kanji in her hands and a necklace with a fairy holding the Light Kanji in her hands for the pendant, she has on a sleeveless white shirt with a yellow phoenix, yellow skirt with light animals on it, white leather ankle-length combat boots with suns for the buckles, and a multi-colored long sleeveless trenchcoat with light animals on the coattails and suns on it, and on the back are light animals surrounding The Sun.

Luan Loud has massive light brown angel wings with yellow tips on the large light brown feathers, the massive, wide, double-edged man-sized blade of her Sword of Sulis grew to 6'5" in length and the long black handle grew a little longer, she has on yellow fingerless gloves with the symbol of The Loud House on the back, Luan Loud has on her Yellow Lantern Corps ring on her right ring finger, her brand new Bracelets of the Champions of The Universe with large rainbow gems on her wrists, Belt of Elemental Bravery with large rainbow gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her left hip. There's a yellow kanji below the light animals surrounding The Sun that said, "Luan Loud, Fourth Born and Fourth Eldest of The Loud Family, Loving Sister of Her Many Siblings, Loving Fourth Eldest Daughter of Rita and Lynn Sr., Loving Girlfriend of Eddy, Slayer of Evil, Descendant of 17th Century Jester Luan of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Amazing Member and Talented Rockstar of Team Loud Phoenix Storm, Emissary of Sulis, Defender of The Loud House and The Loud Family, and Master of Light and Laughter."

Luan has transformed into SUPER ANGEL INFINITY CELESTIAL SOLARSTORM FAIRY ANGEL OF COMEDIC JUSTICE AND DIVINE LOVE!

We were amazed by Luan's Super Angel Infinity transformation, and when Eddy saw it, he had an atomic red blush on his face. But when Kyūbi saw it, she fell into a rage and she fired nine fireballs from the tips of her nine white tails at Luan, but Luan fired a powerful blast of rainbow energy and light, which overwhelmed the nine fireballs and hits Kyūbi, and burned her badly.

Me: (Stunned) Whoa.

Nico: Awesome, Luan's now the next Loud to transform, awesome.

Emily LaRue: And she burned Kyūbi badly, nice.

Lincoln: Whoa, Luan, you look amazing, how do you feel?

Luan: (Divine Echoing Cosmic Voice of The Solarstorm and Divine Love) **I feel incredible, Lincoln, and now, it's time to deliver Kyūbi her punishment for all the mayhem she's caused.**

Lincoln: (Smiles) You got it, Luan.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he also sprouted out his eleven massive, long, and powerful deep sapphire blue werewolf tails, and he, along with Fu Xi, Nu Wa, and Shennong, who got out their weapons, and joined Luan.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to administer your punishment for what you've done, Kyūbi.**

Warriors Orochi 3: Ultimate - Waltz of White Darkness - Theme of Kyūbi

Luan, Lincoln, Fu Xi, Nu Wa, and Shennong went at Kyūbi, who fired more blue fireballs at them, but they dodged them, and they fired powerful blasts of rainbow energy, light, elemental forces, fire, ice, and plants at Kyūbi, and they exploded with incredible power, as they hit her, and she was also badly injured by the purity of the good radiating from them.

Then, they attacked Kyūbi with their weapons, and they really hurt her badly. Then, Lincoln restrains Kyūbi by her nine tails with nine of his massive, long, and powerful deep sapphire blue werewolf tails, and he restrains her arms with his last two massive, long, and powerful deep sapphire blue werewolf tails, and then, Lincoln began sucking out all of Kyūbi's magical powers and abilities, as his rainbow energy aura flared up to the extreme, and he and the rest of us made Kyūbi's magical powers and abilities our own. When Lincoln was done, Kyūbi was now completely powerless and drained, and he threw her into the air, and he and fired a massive rainbow energy wave, and it hits Kyūbi and exploded with incredible power, killing her and she was destroyed and her spirit was Super Hakaied forever. We cheered wildly for what Lincoln and Luan did, as they holstered their massive swords on their backs and power down, and the improvements to Luan's clothes, weapons, jewelry, and angel wings were permanent. Then, they came back to us, and we went up to Lincoln and Luan, and we hugged them, and they hugged us back.

Lynn: (Smiles) Luan, Lincoln, we're so proud of what you two did, you did an awesome job in killing Kyūbi.

Luan: (Smiles) Thanks, Lynn.

Lincoln: That's yet another enemy of The Mystic Realm put down for good, but I can't help but get the feeling that there's one last enemy of The Mystic Realm that's going to show himself soon.

Lynn: When that happens, you know I'm going to face him, and I'll also need your help with this one, Lincoln.

Lincoln: (Smiles Warmly) Of course, Lynn.

Himiko: And we'll also be cheering for you and Lincoln, Lynn. (To Lincoln) And we also got another reward for you, Lincoln.

Just then, Himiko and the rest of Lincoln's harem went up to Lincoln, and they dogpiled on him, and they kissed him all over, and he had a lovestruck look on his face and kisses all over his abnormally massive and powerful muscular body, as we shared a laugh. Then, Eddy ran up to Luan, and they hugged and kissed on the lips.

Fu Xi: And we'll let you know of that last threat Lincoln mentioned about, Lynn.

Then, Fu Xi, Nu Wa, and Shennong went back to The Mystic Realm.

Me: Awesome!

Pumbaa: (To the viewers) Not only have I been welcomed back into my sounder but I'm also a hero to them and now we all can live in the Pridelands and the team. It's gonna be awesome when we all eat bugs too.

Me: Yep. Great job today everyone. Lets round up all these roast chickens and head home.

We did so and went back home and we enjoyed the rest of the day and went to sleep.

# Magi Nation Babysitting Adventure

In the city, Nico, Maria and Horsea were walking through the city for their next rescue.

Nico: Thanks for coming with me, Maria.

Maria: Anytime Nico and it's always fun to spend time with you.

Nico: Yep and it looks like our rescue is over at Dexter and Dee Dee's favorite pizza restaurant for fun, Chubby Cheeses.

Maria: This is gonna be so awesome.

Horsea: Yeah! I hope we get to play games too.

Nico: As long as we're here we might as well win some prizes and have fun too.

Maria: And eat pizza.

They went in and saw a lot of kids and people having fun and eating pizza.

Maria: Wow! Look at this place.

Nico: This place is actually similar to Chuck E Cheese.

Horsea: I can't wait to have fun!

Nico: Lets do it and keep your eyes peeled for anything out of the ordinary.

Maria: Lets take a look at the prizes first and see what is available.

Nico: Okay.

They went to the prize counter and they saw a really awesome selection of prizes and then they saw a REALLY BIG PRIZE! It was a giant 20-Sided dice made entirely out of solid diamond and it was a necklace!

Nico: Wow!

Maria: I'm going for that!

Nico: That's gonna take a lot of tickets! Look how much it is!

It was 100 million tickets.

Nico: But we can do it. Lets do it!

They high five!

Horsea: Let's have some fun!

Nico: YEAH! Lets get to work!

Maria: We would have to hit all the games all at once. Lets do it!

Nico, Maria and Horsea: SHADOW CLONE JUTSU!

They made Shadow Clones and got to playing all the games at once in once sitting. They were piling up all the tickets in the entire place and in less than an hour they got over 500 million tickets accumulated!

Clerk: WHOA! You guys have set the record for scoring 500 million tickets in one sitting. Well done guys! What would you like?

Maria: That diamond 20-sided dice necklace.

Clerk: Congratulations on getting the largest prize in our stock.

Maria: Thanks.

He handed her the diamond dice and Maria looked at it and saw that it was a diamond WORTH BILLIONS! But then a man came at her.

Man: GIVE ME THAT DIAMOND YOU BITCH!

But then a Revival Jam stepped in front of Maria and kicked the man away.

Nico: WHOA! A Revival Jam!

Horsea: Cool!

Revival Jam: (In a Girls Voice) (Gurgling Voice) You stay away from that diamond you monster!

Nico: Whoa! Wait that voice. Lorna? Lorna Jacobs?

Revival Jam: Nico? Wow! Nico!

She hugged him.

Horsea: Another old friend?

Nico: Yep. Me and Lorna went to cooking class together and she showed me how to cook the toughest and most extremely hard dish to make: Duck Pâté en Croûte.

Maria: Whoa! That's a French Dish that is absolutely hard to make. Mary told me all about that dish and it is ONE Tough dish to make.

Revival Jam: It sure is. My family and I come from a long line of world famous chefs and we make some of the hardest dishes anyone can make.

Nico: Yep. It was awesome. It was an amazing dish that was like mana from Heaven.

Horsea: Boy that sounds like an awesome meal. You and Mary Knudson, J.D.'s daughter would be perfect partners. She's a World Famous Chef too.

Revival Jam: I can tell.

Horsea: Are you ready to revert back?

Revival Jam: I sure am.

Nico covered his eyes and snapped his fingers and Maria made sure no one looked and Lord reverted back and she was a blue hair girl and was in her birthday suit and Maria gave her a new aqua blue dress and it had sapphire sequins on it.

Lorna Jacobs: Wow! This is an amazing dress!

Maria: I made it. I'm one of the heads of the TLPS Emergency Fashion Brigade. We make clothes for gene-slammers that lose their clothes.

Lorna Jacobs: It's amazing. But I wonder why that crook was after your necklace.

Maria: I don't really know myself.

Nico: J.D. might know.

Maria, Nico and Horsea had 400 million tickets for leftover use later on and they went back to the estate.

They arrived and I was reading the paper.

Me: Ooh Hawkgirl saved a plane from crashing. Looks like Laney lost that bet.

Nico, Maria and Horsea came back and Lorna was with them.

Me: Hey guys. How did it go?

Nico: Really well.

Lorna Jacobs: Wow! J.D. it's an honor to meet you. My name is Lorna Jacobs. I'm one of Nico's friends from School.

Me: Awesome to meet you.

Nico: She's now a Revival Jam Gene-Slammer and we found her at Chubby Cheeses.

Dexter: Wow! That's mine and Dee Dee's favorite restaurant.

Me: Very amazing that you would find Lorna there.

Qin and Erica came.

Erica: Whoa Lorna!

Lorna Jacobs: Qin, Erica!

She hugged them.

Qin: Wow it's awesome you'r'e here!

Poromon and Poliwag saw her.

Poromon and Poliwag: LORNA!

They hugged her.

Lorna Jacobs: Poromon and Poliwag! Awesome to see you.

I then saw Maria's necklace.

Me: WHOA! Where did you get that Necklace, Maria?

Maria: It was the largest prize they had at Chubby Cheeses. A criminal was after it.

Me: Hmm.

I went to the computer and found a big article!

Me: WHOA! Maria you found a long lost jewel! That necklace you have is the Icosahedron Diamond. A 20,329 carat diamond necklace that was stolen 30 years ago by the notorious thief Juan Miguel Cortez back in 1992 and it was never found.

Maria: Whoa!

Horsea: I also made Shadow Clones!

Nico: We all did.

Maria: Yep. But wow! I had no idea Chubby Cheeses had an awesome diamond like this.

Lynn: Wow! That is amazing!

Lincoln came in!

Lincoln: Guys look what's on TV!

We turned on the tube and saw a news report that shocked us!

Katherine Mulligan: This is Katherine Mulligan coming to you live from Chubby Cheeses where notorious thief Juan Miguel Cortez who was working in disguise at this very restaurant has finally been apprehended after over 30 years of being on the run by the FBI and it was thanks to Nico, Maria and Horsea of Team Loud Phoenix Storm that they caught him.

Nico: WHOA! I had no idea that was him!

Maria: Wow! We caught one of the most notorious thieves in the country.

Horsea: Wow! That is awesome!

Qin: Amazing! And very coincidental.

Sheila and Tom came in.

Tom Lair: Hey guys.

Irma: Oh hey Dad. Hey Sheila.

Sheila: Hello Irma.

Nico: Hello officers.

Tom Lair: We want to congratulate you 3 for capturing Cortez.

Sheila: And Maria that jewel you have is amazing and you found it by luck.

Maria: I think it was dumb luck. We had no idea it was that valuable.

Maria gave it to Sheila.

Sheila: But you helped us all find one of the most incredible jewels ever and solved a very old case that took 3 decades to solve and apprehend the perpetrator. Well done to you guys.

Maria: Thanks Sheila.

Later on after Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, and Volcana were heading to Dexter's lab, and not only is Lincoln going to rescue the twelve girls there, but we're also going to convince Dexter that he's not going to die from eating a ginormous burrito, but we also got word that Grappulator, another enemy of The Justice Friends is here.

Lincoln: So, my rescue's taking place here at home, but I know what we're going to do here, not only am I going to rescue the twelve girls there, but we're also going to convince Dexter that he's not going to die from eating a ginormous burrito, but we also got word that Grappulator, another enemy of The Justice Friends is here.

Me: That's right, big guy. I don't think no one can die from eating a ginormous burrito.

Nico: Yeah, it'll just give someone a nasty case of the farts. Especially if beans are inside that burrito.

Lincoln: You got that right, Nico, and thanks for coming with me on this rescue, Claire.

Volcana: You're welcome, Lincoln, and I see you also brought Lisa with you, since she and Dexter are dating.

Lincoln: That's right, if something's happened concerning Dexter, I've got to bring Lisa with me.

Lisa Loud: That's correct, elder brother.

We got into the lab, and we saw Dexter, and he was getting worried about what he just did in eating that ginormous burrito.

Lincoln: Hey, Dexter, are you okay?

Dexter: Oh, no, I'm not, Lincoln. I ate a ginormous burrito this morning, and all of a sudden, my stomach is acting out and I'm suffering in pain. I feel like I'm going to die.

Me: Dexter, you're not going to die from eating that ginormous burrito.

Lincoln: He's right, Dexter. No one has died from eating a ginormous burrito, and your stomach pain that your getting, along with your stomach acting out, it's natural. But, it's also going to give you a nasty case of the farts. Did your burrito have beans inside it?

Dexter: Yes, it did.

Lincoln: Ooh, yeah, that's going to get you farting like crazy.

Dexter: I'm sorry for thinking that I was going to die from eating a ginormous burrito.

Lisa Loud: It's okay, Dexter.

Dexter: Wait, maybe, I can also help you out: you said I'll get a case of the farts, right?

Lincoln: (Smirks) Ooh, I think I know what you're planning.

Nico: (Smirks) Uh oh, a stinky surprise in store for the next baddie.

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, but they've been cornered by Grappulator, and he's going to kill them.

Lincoln: Guys, I found the twelve girls, but they've been cornered by Grappulator, and he's going to kill them.

Dexter: Grappulator's here?! This isn't good, let's get after him!

We rushed on over, and Lincoln fired a massive rainbow energy blast at Grappulator's back, and it hurt him badly. When Grappulator saw us, he had a vicious grin on his face.

Grappulator: So, the famous Team Loud Phoenix Storm has arrived? Perfect, now I can destroy you all.

Lincoln: Don't even think it, you Bane rip-off. Your days of crime are over, but first, Dexter, if you would?

FFFFFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

Dexter let out a huge fart, and the fart cloud hits Grappulator, and sent him flying into a wall. Then, Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Volcana unholstered her massive Sword of The Redemption Squad from her back, and Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem also got out their weapons, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Grappulator, and we fired powerful blasts of rainbow energy, elemental forces, stars, lasers, and flames at the hulking villain, and they exploded with incredible power as they hit him.

Then, Lincoln grabs Grappulator by his neck and hoisted him up with his immense brute superhuman strength, and Lincoln sucked out Grappulator's super strength and muscle mass, and he and the rest of us made Grappulator's super strength our own. Grappulator was now thin as a rake and completely weak, and Lincoln drops him to the ground. But, before Grappulator could attack, we saw Earthbound Immortal Chacu Challhua appear, and fired a powerful blast of indigo energy, and as it hit him, it rips Grappulator's soul out, and devoured it, and his body was turned to ashes.

Earthbound Immortal Chacu Challhua: (In a girl's voice) That'll teach you, you monster.

Lincoln: Wait, that voice, Cathy Russo, is that you?

Cathy Russo: Lincoln, is that you?

Cathy went up to Lincoln, and they hugged.

Lincoln: Yeah, it's me, Cathy, it's been a long time. I haven't seen you when you were four, and as you can see, I've really grown a lot as you can see, and I'm sixteen years old.

Cathy Russo: Yeah, I can see, you've really grown a lot from the three-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Me: Whoa, Lincoln, you know her.

Lincoln: Yeah, I do, J.D. This is Cathy Russo, I met her when she was four years old, and she also defended me from bullies, just like Helena.

Nico: Awesome.

Cathy Russo: And that was so fun.

Lincoln: The rescues are always awesome. Now, let's get you back to normal. J.D., Nico, Eli, cover your eyes. Hold still, Cathy, this is going to hurt.

Eli, Me, and Nico covered our eyes and Lincoln snapped his fingers, and Cathy was reverting back to normal, and she was a beautiful 16-year-old girl with long indigo hair, indigo eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with indigo tips on the large black feathers on her back, as she reigns in the power of Earthbound Immortal Chacu Challhua, and she was in her birthday suit.

Lincoln: How do you feel, Cathy?

Cathy Russo: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with a indigo phoenix, black skirt with the Earthbound Immortal Chacu

Challhua and indigo flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound Immortal Chacu Challhua on the back, and on her back is a large Earthbound Immortal Chacu Challhua-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Chacu Challhua etched on it, large black wings for the crossguard, large indigo gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding indigo gems.

Cathy Russo: Wow, I love this new outfit.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Cathy Russo: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Cathy.

Cathy Russo had a big smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered. Then, and Lincoln and the rest of us went up to the twelve girls located there, and when Lincoln saw them, he immediately recognized them. The twelve girls are Rosette Christopher from Chrono Crusade, Mink, Lufa, Pia, and Vina from Dragon Half, Hevn, Kakei Sakura, Kudou Himiko, Mizuki Natsumi, Otowa Madoka, Radou Ren, and Ujiie Kaoru from Get Backers.

Lincoln: Oh wow, it's Rosette Christopher, Mink, Lufa, Pia, Vina, Hevn, Kakei Sakura, Kudou Himiko, Mizuki Natsumi, Otowa Madoka, Radou Ren, and Ujiie Kaoru.

Helena McTroy: From Chrono Crusade, Dragon Half, and Get Backers, awesome.

Lincoln: Are you girls okay?

Rosette Christopher: Yeah, we're okay, thanks to you.

Then, when Rosette Christopher and the eleven other girls saw who it was that saved them from Grappulator, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Rosette Christopher: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Rosette Christopher: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twelve Thunderbird Necklaces of Eternal Love have appeared around the necks of Rosette Christopher, Mink, Lufa, Pia, Vina, Hevn, Kakei Sakura, Kudou Himiko, Mizuki Natsumi, Otowa Madoka, Radou Ren, and Ujiie Kaoru. Then, we head back to the Estate, and we told everyone that Dexter has been convinced that he wasn't going to die from eating that ginormous burrito, he was just going to have some gas for the day, and when Lincoln shows everyone what he did to Grappulator, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over.

Lincoln and Cathy Russo have a lot of catching up to do now that she's back, and she's going to do a lot of sharing of memories with us.

---

After dealing with Grappulator this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Cathy Russo saw Lincoln working out like crazy, she had an atomic red blush on her face.

Cathy Russo: Whoa, Lincoln's really grown to be a 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Me: Lincoln trained a lot under some very powerful teachers, me included. So, what memories did you have with Lincoln, Cathy?

Cathy Russo: Oh, Lincoln, remember that volcano project that we did in Science Class?

Lincoln: Ooh, yeah, I couldn't forget that volcano project we did in Science Class. You put in two drops of vinegar into the Paper-Mache volcano, when the instructions said that only one drop was needed, and when that happened, it made a big mess. But, luckily, the fake lava flowed into that deep bin, and it didn't overflow and spill onto the desk.

Rita Loud: Ouch, yeah, I remember you telling us that one, sweetie.

Lynn Sr.: We're just glad it didn't end in a pretty big mess.

Nico: You said it, Mr. Lynn. So, what can you tell us about Cathy Russo, Lincoln?

Lincoln: Well, Cathy is known as a smart girl, she really shines best in science, math, and history, she loves swimming in Lake Huron every year in the summer, and she's also tough. One time, two bullies were picking on me, and she Judo-chopped them in the stomach, and roundhouse kicked them in the stomach, and sent them flying into trashcans, and I told the principal what happened, and those two bullies got expelled.

Me: Nice one.

Lincoln: Thanks, J.D. Plus, I also found out she also has a love for the darkness, just like Emily.

Brittney Knudson: And since she's a Gene-Slammer for the Earthbound Immortal Chacu Challhua, she's also a perfect fit for the Goths of Darkness, awesome.

Luna: And she's also a perfect fit for the Neptune Crusaders, since she's also a good swimmer.

Lincoln: You got that right, Luna.

Emile Crossfade: And there's something that you should know, Lincoln. My real name isn't Emile Crossfode, my real name is Emilia Gudenburg.

This came as a surprise to us, including Lincoln and his harem, but not Claire Harvey and her friends. But, he soon pieced together everything, and he figured out her voice.

Lincoln: I knew who you really were, Emilia Gudenburg. Claire told me everything, and that you had disguised yourself physically as a man, but I can tell you were really a girl because of your voice.

Emilia Gudenburg: Really?

Lincoln: Yeah, and of course, you also had on a fragrant perfume, which easily ratted you out as being a woman.

Lori: Whoa, that was quite skilled of you figuring out someone's identity, Lincoln, and from what we saw, Emilia pulled a Mulan. (To Emilia) Don't worry, we saw it before, Emilia, Mulan disguised herself as a man in order to fight in the Imperial Army when her father fell ill, and when Shan Yu and the Hun army were on the move.

Emilia Gudenburg discarded her Emile Crossfode disguise, and she was a beautiful woman with long silver hair, green eyes, and a voluptuous body of a goddess, and she was dressed in a long white dress, Thunderbird Necklace of Eternal Love around her neck with the Thunderbird pendant right on her breasts, and white high heels. When Lincoln saw Emilia, his face turned atomic red, his nose was bleeding, and steam came out of his ears.

Lynn: But, you really fooled us with your disguise, but, not Lincoln, Claire, or your friends, since he'd heard your voice.

Lincoln: She sure did, and she's also a tomboy, just like you, Luna, Lana, and many others.

Lynn: An added bonus as well, awesome.

We got a shower afterwards, and then, Lincoln, Rosemary, Sage, Parsley, Thyme, Ai Gōshō, Himiko (Warriors Orochi), and Emilia Gudenburg were getting ready for their beach date, this time, it's at Gelato Beach in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, and buffalo on it and large orange sandals, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Rosemary, Sage, Parsley, Thyme, Ai Gōshō, Himiko (Warriors Orochi), and Emilia Gudenburg were dressed in two-piece bikinis in their favorite colors with the mythological animals on them, sandals in their favorite colors, and they had their weapons ready, in case of trouble.

Lincoln: Well then, ladies, shall we?

Emilia Gudenburg: Of course, Linky.

Lincoln and his harem left the Estate, and they head for Gelato Beach. When they arrived at Gelato Beach, it was an awesome pink sand beach resort location on Isle Delfino, and is located on the stomach part of the dolphin shaped island, east of Sirena Beach.

Emilia Gudenburg: Wow, what is this place, Linky?

Lincoln: This, Emilia, is Gelato Beach, located east of Sirena Beach, and it's an awesome pink sand beach resort location on Isle Delfino.

Himiko (Warriors Orochi): Awesome. Now, then, let's have some fun.

Lincoln and the girls dived into the water, and they began swimming in the water. They also checked out the fruit cabana and it was awesome. They also laid on towels they put on the sand, and were working on their tans, then, they had some lunch that Lincoln made himself: sandwiches with meat, lettuce, and swiss cheese slices on them, along with the smoothies they ordered here. Then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to Rosemary, Sage, Parsley, Thyme, Ai Gōshō, Himiko (Warriors Orochi) and Emilia Gudenburg, and picked them up in their abnormally massive and powerful muscular arms, and just as the sun turned orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Gelato Beach in Isle Delfino in the world of Mario.

Me: Awesome, and it looks like you guys had some fun.

Emilia Gutenburg: We sure did.

Rosemary: Plus, we also tried out the smoothies that they made in Gelato Beach, and we also had some lunch that Lincoln made for us: sandwiches with meat, lettuce, and swiss cheese slices on them.

Nico: Yeah, I remember, and Lori and the others were trying to keep me out of the fridge when Lincoln got out the swiss cheese slices to put on the sandwiches.

Lori: Well, we had to, Nico. Just be glad that Lincoln didn't pack any chocolate, otherwise, we'd charge in and start eating the chocolate like crazy.

Laney: Can you blame us, Lori? You know all of us love chocolate.

Nico: Yeah, I haven't forgotten about that time you all ate the chocolate that Lincoln and Clyde were going to use for their chocolate pies in their business project.

Rosemary: You've got to make us one of those chocolate pies one day, Linky.

Lincoln: Don't worry, I will, Rosemary.

Buster Bunny: And we'll keep your chocoholic sisters and the Eds away from the chocolate.

Lincoln: I've got someone safeguarding the chocolate from them.

We saw our mascots dressed in black clothes and sunglasses on their faces, and they were guarding the chocolate, and were watching for any sign of trouble. When Lola tried to get into the chocolate, Poromon barked like a mad dog, and she ran for her life.

Lori: Dang it. Looks like we're not getting into the chocolate anytime soon.

---

Later it was time for my next mission with the Fusion Fighters.

Nico: For the record, Jeremy's idea is perfect!

Me: Yep it sure is and it's a REALLY awesome and brilliant strategy.

Nene: It sure is.

Lincoln: It's gonna be so awesome to meet Nene's friends.

Lynn: Yeah it sure will be cool.

Me: Yep. Our next target is Gravimon and we're going to completely obliterate him. It's the only way to make sure he never regenerates.

Nico: Good.

Me: Lets head out.

We were off to the Digital World.

We arrived and Mikey and friends saw us.

Mikey Kudo: Hey guys!

Nico: Guys, meet our founders.

Me: One of the founders actually. This is my best friend Lincoln Loud and his amazing siblings.

Lincoln: Awesome to meet you all. I'm Lincoln Loud and these are my siblings Lori, Leni, Luna, Luan, Lynn, Liberty, Lyra, Lee, Lucy, Laney, Lana, Lola, Lisa, Lily and Leo. Yes our mom and dad thought it would be awesome and cute if all our names began with the Letter L.

Mikey Kudo: Wow! Awesome to meet you all! You have so many amazing sisters and brother Lincoln.

Lincoln: Yeah I sure do.

Angie: What do you all do? What are the things you like to do?

Lori: I'm the telephone master and I like texting and shopping. But I also like to golf. I have wind powers.

Leni: I'm the fashionista of the team and I make clothes and I have gravity powers.

Luna: I am the rock star of the family and I have Water powers.

Luan: I'm the jokester of the family and I have light powers.

Lynn: I'm the sports star and athlete of the team and I have rock and lava powers.

Liberty: I am the Magic Master of the team and I specialize in light and dark magic.

Lyra: I am the Mystery Solver of the team and I love solving mysteries.

Lee: I'm the boxer of the team and I like boxing.

Lucy: I'm the goth of the team and I'm a poet and I use darkness. I also like vampires.

Laney: I'm the bookworm and gardener and voice of reason for the Loud's and I also have plant powers.

Lana: I'm the mechanic and animal caretaker of the Loud's and I also like rolling in the mud. I also have Plant powers.

Lola: I'm the beauty pageant queen and I like being clean. I have fire powers.

Lisa Loud: I am the scientist of the family and I use my genius to solve the great mysteries of the universe and I teach at a university. I also have tech powers.

Lily: I'm the photographer of the family and I have water powers. And Leo here is the youngest. He doesn't have powers yet.

Angie: Wow!

Jeremy: That is amazing!

Christopher: You guys are so awesome.

Nico: Jeremy, J.D. told me your plan. It's perfect!

Me: It's very well thought out and a very genius ambush tactic.

Jeremy: Thanks guys.

Me: You're welcome and it's very well thought out. You have the makings of an amazing tactician Jeremy.

Jeremy: Thanks again.

Me: No problem. Now before we head out what can you tell us about Gravimon?

Mikey Kudo: He's very difficult to take down.

He went over his history.

---

After Lord Bagra finished the Code Crown, he reformatted the Digital World into Seven Satellite Kingdoms. One of the Dark Generals; Gravimon was serving under AxeKnightmon, and became the ruler of the Canyon Land. Gravimon captured Christopher and showed him his shady past, revealing flashbacks about young Christopher. Gravimon then tricks Christopher to fight his along with into fighting Mikey and OmniShoutmon, and attacking Deckerdramon for refusing to fight Mikey and OmniShoutmon. Christopher then reveals his shady past about his cruel father telling him to be only strong and not be weak, which is also revealed why Chrisopher is so heartless over the years.

After Christopher finally came to his senses, Gravimon showed up, and attempted to destroy the Fusion Fighters army, but Deckerdramon stepped in and took the attack, sacrificing himself. As Deckerdramon lay dying, he told Christopher that he was his great friend, and dies.

Mikey, Nene, and Christopher then DigiFused OmegaShoutmon, ZekeGreymon, Ballistamon, Dorulumon, Starmons, and Sparrowmon to become Shoutmon X7 for the first time to fight Gravimon and his army, and to avenge Deckerdramon's demise.

Shoutmon X7 defeats Gravimon, but one of his minions found his remaining tentacle, and resurrected him, and he also took Hi-VisionMonitamon hostage. During the battle (and after rescuing Hi-VisionMonitamon), he absorbed the rest of his minions and became his Darkness Mode form. The only to defeat him completely is destroying his core (which is his weakness) Christopher tricks Gravimon into surrendering his Fusion Loader. Gravimon nearly destroys Christopher, but Mikey jumped in the way in order to release the core from his arm. Gravimon was destroyed for good by the combined efforts of Shoutmon X7 and Chrisopher's loyalty.

Gravimon reappeared again as a soulless Digimon along with the other soulless Dark Generals, and they all combined together to form the ultimate Dark General, GrandGeneramon. After GrandGeneramon was defeated by Shoutmon X7, Gravimon and the remaining Dark Generals disintegrated into nothingness.

---

When he was finished we were shocked.

Me: Whoa! So he has the power to heal himself from any attack. We're going to have to hit him with a massive energy blast that will obliterate him in an instant.

Nico: Right.

Me: And he's over in the Canyon Land. Lets head out everyone.

We were off to Canyon Land.

We later arrived and we were in disguise and we stood before GRAVIMON!

Gravimon: Who are you two?

Me: The new recruits. I'm Walter White.

Nico: And I'm Jesse Pinkman. Bitch!

Gravimon: So you wish to join the Bagra Army huh?

Me: That's right and we're going to make those fools pay for trying to kill us.

Nico: They want us dead for no reason!

Me: That's right.

Nico: Before we discuss further plans, we'd like to take a look at the base's power core. B***!

Gravimon: Right this way.

We were escorted to the base and we saw the base's power core.

Gravimon: This is the power core of the base.

Me: Impressive.

We fired powerful energy blasts and blew up the Power Core for the base and the whole base exploded as we teleported out!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gravimon came out and he was badly mangled up and wounded and then he healed himself and saw us.

Gravimon: Wait. This was all a trap?!

Nico: Of course it was. Bitch!

We took off our disguises!

Me: SURPRISE MOTHERFUCKER!

Me and Nico fired a powerful and massive energy blast and it enveloped Gravimon and completely obliterated him in an instant into nothing and we loaded his data and got stronger.

Me: Another Dark General destroyed.

Mikey Kudo: Good riddance!

Jeremy: Awesome!

Me: Your plan worked Jeremy. Awesome job!

Angie was flabbergasted! Jeremy's plan worked 100% perfectly!

Christopher: Serves him right for messing with my head!

Me: You got that right.

Nico: Only fair that we returned the favor! Bitch!

Lynn: Okay, Nico. You can stop with the "Bitch" talk now.

Nico: Sorry.

Me: But this was an awesome strategy and plan.

Laney: It sure was.

Lincoln: Yep.

Later we came back and told everyone what happened and it was awesome.

May: Who should come with you next time?

Me: Twilight Sparkle and Friends next. Our next target is Zamielmon the Wood-Spirit.

Nico: We're really making progress. Who did you see that would make great candidates for the M.O.E.?

Me: Lots of great Digimon. Anubismon, Centarumon, Cerberumon, Hippogriffomon, Sagittarimon, Wendigomon, Thunderbirmon and Eaglemon.

Nico: Cool!

Laney: But it was awesome going to the Digital world and destroying Gravimon.

Nico: He never suspected a thing.

Lana: Nope.

Nene: That was a great plan.

Me: Yep. Zamielmon is gonna be a tough one though but we'll be ready for him.

---

In the city we were heading to see Harvey Dent whom we haven't talked to in a while.

Stickybeard: It's been a while since we talked to Harvey, lads.

Me: Boy it sure has been a while.

Nico: I know. I don't know how he's going to like it knowing how we took down his Two-Face Persona during the Battle with Team Dark Phoenix Storm.

Me: We'll show him when we tell him about it.

It was gonna be good to see him again. We arrived at his office.

Korra: Hey there, Harvey!

Harvey Dent: Hey been a long time guys!

Me: Sure has been a while Harvey. How you holding up?

Harvey Dent: Much better now that I don't have my Two-Face persona anymore. I've been doing all kinds of amazing cases like you wouldn't believe.

Nico: Wow.

Me: We have something you're going to want to see Harvey.

Shockwave: Harvey, there's something you need to know about.

Harvey: What is it?

Maria: It's best if we show you.

Maria showed a video of Two Face fighting Leon, the Muppets, Randy, and the Samurai Rangers.

Me: This is a video of one of the groups we sent to fight your Two-

Face Persona who was brought back by Mr. Mind during the battle with Team Dark Phoenix Storm last year. We faced him on the Comoros Islands in the Indian Ocean.

Eli: It was a brutal and intense battle.

Jayden: It sure was.

Jayden: But not to worry. I killed your Two Face persona by slicing him in half down the middle.

Wheeljack: That's poetic justice if you ask me!

Kermit: To be fair, I did ask for his access card nicely.

Me: And he flipped a coin and it landed on no.

Nico: Kermit gave it to me and I kept it as a trophy.

Nico showed the coin.

Nico: I thought it would make a great momento from such an incredible battle.

Harvey: Wow you guys have done so much during that day. But at least I'm free of that monster forever.

Laney: We all are. So is Gotham.

Twilight Sparkle: How did that happen to you by the way Harvey?

Harvey: It was a rough story.

Me: He got terribly burned in a factory explosion. 50% of his entire body was burned and horribly scarred and disfigured. The entire left side of his body was burned bad.

Sunset Shimmer: Ouch.

Me: Yeah. But Harvey also had a mental problem called Dissociative Identity Disorder.

Twilight Sparkle: Ooh.

We had a nice talk.

---

Later it was time for us to get ready for our next mission.

Just then, the Mystics appeared in the Estate.

Lincoln: Masters Susano'o, Nezha, Fu Xi, Nu Wa, Taigong Wang, San Zang, Sun Wukong, Kaguya, Zuo Ci, Yang Jian, and Shennong.

Fu Xi: Hello, Lincoln. (Noticing the absence of Nico and the others) Where's Nico and some of the other members of the team?

Lincoln: They're at our great Aunt Ruth's for the day, so the only ones here are all of us Louds, the Fox Quintuplets, and Nico's siblings, and J.D.'s babysitting us.

Nu Wa: Ah, your Babysitting Adventures, it's been a long while since any of you have done that.

Me: It sure has. And I can guess that you found out just who that last threat from The Mystic Realm that Lincoln mentioned yesterday is, right?

Taigong Wang: That's correct, J.D.

Then, Taigong Wang showed us who that threat is through a projection made of mystic energy: it was a demon with a canine head, long wild white hair, four dark wings, and four arms with the four large Endless Chaos hatchets in its hands. When we saw this demon, we were pretty horrified.

Me: Whoa, this demon sure looks scary. Who is he, Master Taigong Wang?

Taigong Wang: This demon is known as Hundun, and he's a dangerous demon who's also known as a lover of chaos and an enemy of order. He may not be part of Orochi's army, but he's menaced us for many centuries, wanting to bring chaos wherever he goes.

Lynn: Whoa, he's definitely bad news. Master Taigong Wang, what can you tell us about him? I'm planning on facing him, and Lincoln's also helping me out with this one.

Taigong Wang: You won't like what I'm going to tell you about him, Lynn.

Taigong Wang and the Mystics proceeded to tell us about Hundun, and as predicted, we weren't going to like him one bit.

Hundun

Role in Games

His character incarnation only appears as the final boss in gauntlet mode and is thought to be the reason why worlds collide and how other characters keep coming into the world Orochi has created. He sets up lots of challenges involving dragon portals and keeps the miasma of the Orochi world flowing, allowing for greater evil. When he is defeated, he merely goes back to sleep instead of dying finding the challenge amusing. When joining the coalition camp, he tends to forge bonds with demonic characters and isn't outright nihilistic, as evidenced by conversations with Dodomeki and Gyūki, giving them fashion advice.

Possibly due to a glitch, he makes a random appearance in the DLC stage 'Defense of Itsukushima'. His generic counterpart Hammerjaw also has a large role in Warriors Orochi 3 where he serves as an advisor to Yuan Shao, manipulating and corrupting him so the Orochi army can use his considerable forces to their cause. He is later deflected off by Jia Xu's strategies at Jiange but returns in another scenario in Ultimate where this time he is tricked by Yuan Shao at Shizugatake yet is still prepared for the outcome and is further strengthened by sorcery, acting as one of the commanders of the stage. In other stages, he is reduced to a mere frontline unit.

Hundun has a very unique role in Warriors Orochi 4. While he doesn't actually appear in the story, there is a chance that he would appear in a past battle, and the player is notified of his presence in the camp menu. If the player does a battle with Hundun's presence, the enemies near him will be a lot stronger and he will appear several times throughout the battle in question in order to menace the allied army. Certain characters will also comment on his appearance. In order to obtain him as a playable character, the main story must be cleared first. Afterwards, defeat him once in a mission and he will be unlocked.

Personality

Haughty and arrogant, Hundun is a demon who seeks to destroy anyone attempting to bring order to the dimensional realm. He loathes the prospect of peace and relishes chaos.

---

He shares bonds with demonic characters like Orochi, Dodomeki, Gyūki, Kyūbi and in Warriors Orochi 4, Kotarō Fūma.

When Taigong Wang and the other Mystics were finished, we were horrified.

Me: Whoa, this guy sure is bad news.

Connor Chan: You said it, J.D. Hundun needs to be stopped once and for all.

Lynn: That's right, Connor. Me and Lincoln are going to face him once he shows his face.

Lincoln: And that's in the Simulator, and I know just the stage for that fight: Koshi Castle, Orochi's fortress, and not only are going to destroy Hundun, we're also going to destroy Koshi Castle, and wipe out the last remnants of Orochi, once and for all.

Me: Perfect, Lincoln.

Susano'o: Indeed it is.

The Mystics disappeared back to the Mystic Realm, but now, we're aware that Lynn and Lincoln were going to face the lover of chaos, Hundun, and they're going to face him at Orochi's lair at Koshi

Castle in the Simulator, and they're going to destroy him and they're also going to destroy Koshi Castle and wipe out the last remnants of Orochi for good.

Aqua Man (Mega Man): Nico, you're leading today.

Nico: Yep I know.

Rita: Everyone we're going to Aunt Ruth's Today! YAY!

Nico: Oh it looks like the babysitter is in charge today.

Me: Yep and it's me. It's my turn again.

Nico: Wow! Colonel this is gonna be fun.

Rita: It sure is and you are babysitting all the kids this time. We're gonna be gone till tomorrow morning.

Me: Wow! Your annual All-Nighter.

Nico: Cool!

Eli: This is gonna be fun.

After everyone left for Aunt Ruth it was time to get another awesome babysitting adventure underway.

Me: This is gonna be so awesome!

The doorbell rang.

Me: Come in!

The elevator opened and in came the Fox Quints.

Lynn: Hey guys!

Pam: Hey coach Lynn. We were sent to be with you guys while our mom and dad are out on business.

Lynn: Cool! We're having another awesome babysitting adventure ourselves.

Me: Awesome having you all with us. It's my turn to babysit.

Ron: AWESOME!

Me: Yep.

Then Condiment King, Ssserpent, Roquefort, Shade, Demyx, Machinedramon, Pyro, Magma, Mr. Fizz and Silver Samurai appeared.

Mr. Fizz: Can me, Condiment King, Ssserpent, Roquefort, Shade, Demyx, Machinedramon, Pyro, Magma, and Silver Samurai go with you guys this time?

Nico: You sure can.

Me: It's my turn to babysit for all the Loud Kids. The parents and most of the group are gonna be away till tomorrow morning.

Demyx: Wow an all nighter.

Me: It's a once a year thing.

Alicia Chan: We're gonna have fun.

Me: Yep and I have just the activity for us. Instead of the Simulator we're going to the Moonlands and we're going to have 10 Awesome Rescues there.

Laney: Awesome!

Me: There will be one rescue there for each part of the Moonlands except for the Core.

Edyn: It'll be great to be home.

Me: Yep. And we're going to have 1 usual battle in each zone of the Moonlands too.

Strag: With Agram gone, it's now safe to explore the Moonlands.

Me: Thank goodness. Maria call in the members for the Usual Battles.

Maria: Okay.

Maria did so and then Abis Mal, Pete, Kalin, Private HIVE, Vreedle Brothers, Cargill, Krusty, Cantwell, Wiggum, and Springfield Mafia appeared.

Me: Abis Mal, Pete, Kalin, Private HIVE, Vreedle Brothers, Cargill, Krusty, Cantwell, Wiggum, and Springfield Mafia.

Pete: Is it time for the usual battles already?

Me: Not yet. I just want to tell you that we're going to have the usual battles in one zone for each of the Moonlands. My Babysitting Adventure is gonna be there.

I told them everything about what's going down and it was awesome.

Cargill: Wow! I like it!

Abis Mal: Looks like we'll see you guys at the Moonlands.

William: We sure will.

Pete: Good thing we won't fight Agram there.

Kalin: But there still might be scumbags lurking about.

Private HIVE: You soldiers be careful out there!

Rhomboid: And don't get lost!

Me: We won't. We have been here many times before. And we practically know these lands like the backs of our hands.

Nico: It's true.

They teleported to the Moonlands.

I opened the portal and we went through it.

We arrived at the Moonlands.

Me: Here we are.

Nico: Let's be careful. But let's also get the job done.

Me: Right. Okay here's how it's going to play out. We're going to split up into ten groups and cover more ground. We can cover each zone of the Moonlands that way. Hercules and Zoe, you two take a group with you to the Underneath, Brittney you and the Goths of Darkness will take a group to Kybar's Teeth, Nico you take a group to the Weave, Yugi you take a group to Nar, Ren & Stimpy you lead a group to the Deserts of D'Resh, Mimi you take a group to Paradwyn, Varie you and the Neptune Crusaders take a group to the oceans of Orothe, Aylene you take a group to Cald, Celica you take a group to Naroom and as for me I'll take a group to Arderial.

Nico: Awesome.

Me: Lets get a move on!

With that we split up into ten groups and we were off!

## THE UNDERNEATH

In the caves and mushroom forests of the Underneath Group one consisting of Hercules & Zoe Weather, Roquefort, Captain Simian and the Space Monkeys, Star Fox Team, the Digimon Tamers, Strag, Weiss Schnee, Rarity, Sweetie Belle, Water Skylanders, Mikomata, Yugito Nii, Grenade Man and Aqua Man were walking around.

Grenade Man: Doesn't it feel good to be home, Strag?

Strag: It sure does. I missed my home ever since you all were here the first time.

Zoe Weather: It does feel good to be back.

Captain Simian: But it sure is amazing here.

Rarity: I most agree with you there. It's so amazing that all this is here.

Hercules: Wait I see something.

They ran and they saw the first girl and it was ISCA OF MARAQUA from Neopets.

---

Isca is a female Maraquan Aisha who plays a major role in the Curse of Maraqua plot. She has long, flowing, baby blue hair and wears two rings on her long antennae. She also wears a piercing on one of her ears. In addition, she wears a dress with the top of it being white and the bottom of it being green and it's separated by a v-shaped blue belt.

Neopedia Entry

Orphaned during the devastating destruction of Old Maraqua, Isca and her sister Caylis were rescued by King Kelpbeardduring his search for survivors. Isca soon earned a respected place in the community, due to her amazing dreams that were able to see into the future, helping to avoid any possible calamities. Her sister, on the other hand, was plagued by nightmares of unstoppable disasters, which led to her being exiled out of fear.

Isca's greatest moment came when she was able to help stop an invasion of New Maraqua by the violent and notorious Captain Scarblade. King Kelpbeard, whose trust she had lost by recruiting the aid of her surface dwelling friend, applauded the effort of Isca and her friends. After playing a defining role in the kingdom's victory, Isca and her sister Caylis were warmly welcomed back into Maraqua.

---

Zoe Weather: Isca!

Isca: Zoe am I glad to see you!

?: So you all have come to rescue my prisoner!

They saw a figure standing by Isca and it was THE RAT KING OF TMNT 1987!

---

Despite being a minor character in the Mirage comics at the time of its initial airing, the Rat King (voiced by Townsend Coleman) is featured as a recurring character in the 1987 Teenage Mutant Ninja Turtles animated series, being one of the few villains from the comics to make the transition into the cartoon (the others being The Shredder, the Foot Clan, the Triceratons, and Dr. Baxter Stockman).

The cartoon counterpart of the Rat King was somewhat inconsistent in some regards to his comic version, being shown with blonde or orange hair instead of black and having a slightly altered costume; his first few appearances on the show had him controlling rats with a flute (à la The Pied Piper of Hamelin) instead of his mind as in later episodes. Even Splinter was affected by the music and almost killed the TMNT in a fight. The cartoon version of the Rat King was also depicted as highly intelligent, shown to be able to create such things as various chemical concoctions and bombs.

In the series, the Rat King is shown as a homeless man living in a dilapidated portion of the New York City sewer system near the Turtles and Splinter. In episodes featuring him, the Rat King would often enact some sort of plot to establish his own rat-controlled government and bring human rule to an end, believing that rats (which he counted himself as) were superior to all other species, whom he described as "inferior non-rodents." He occasionally joined other villains in group efforts that would, he thought, ultimately help his own goals.

In some episodes of the show, the Rat King is depicted as somewhat of an anti-hero, with him, on one occasion, even helping the Turtles rescue a captured April O'Neil. When not actively seeking to expand his "empire", the Rat King eventually seemed content to simply remain underground with his loyal rats and, it seems, realized it was more to his advantage to have the Turtles as allies than as enemies. His final appearance is in early season 8, with new attire, and mutated rats with the help of Shredder, however, the Turtles manage to capture him and turn him in.

In his final appearance in the series, he had added a tattered dark trench coat and dark hat to his ensemble and was recruited by a desperate Shredder to get rid of the Turtles in return for mutating his rat servants to help in his own schemes. As a clause to his rats being mutated, the Rat King was asked to help Krang retrieve a weapon of his from Dimension X that ended up in the wrong part of the city and was now being studied. He turned on Shredder and Krang, claiming the device for himself, planning to use it to blow up a reserve of rat poison for an ironic annihilation of the city's population. However, he was stopped by the Turtles and arrested.

---

Hercules: The 1987 Version of The Rat King!

Roquefort: I didn't expect him!

Rat King 1987: You know, rats like cheese.

Roquefort: Sorry. But only Nico gets to eat my cheese!

Zoe Weather: That's right you bubonic plague infested verminous freak!

Sweetie Belle: You are really ugly you know that?

Rat King 1987: We shall see about that.

Then Abis Mal came out.

Zoe Weather: Your up Weiss.

Weiss and her group went up.

Abis Mal: (to Weiss) Hard to believe that diamond was stolen 30 years ago. Does that sound familiar to any of you guys.

Weiss Schnee: It sure does. And it reminds me of what happened with Mordecai and Rigby when they faced the Capicola Gang.

Rarity: That was very coincidental and they stole diamonds too.

Sweetie Belle: But they kept hidden because they were waiting for the statute of limitations run out.

Gill Grunt: But thanks to Nico they caught him.

Mikomata: They sure did. Good riddance.

Yugito Nii: Another bad man in jail forever.

Abis Mal: Yep. Lets dance.

They fired waves of water, jewels, ice and blue fire and smashed him down.

Weiss: Take that!

Rarity: Rapture darling that was grand!

Sweetie: Now to take care of this ratfaced freak!

They fired waves of darkness, water, ice, jewels and energy and smashed him down and tied him up.

They freed Isca.

## KYBAR'S TEETH

In the frozen mountains of Kybar's Teeth, Goths of Darkness, Dark Signers (Minus Kalin), Lincoln's Friends, Penny, Fluttershy, Tornado Bolt, Life Skylanders, Hypnotick, Big Chill, Cyclonus, Cybertron Scourge and Dino Thunder Rangers were there to have a great rescue.

Cybertron Scourge: So, which Gene Slammer do you think will appear in Nico's next rescue?

Brittney: That is a really good question. I hope it's a Frost and Flame

Dragon Gene-Slammer next. That would be amazing to see.

Lucy Loud: It sure would as long as they are twins.

Cybertron Scourge: It sure would be awesome.

Hypnotick: I do too. But wow the Kybar's Teeth is amazing.

Carly Atlas: It sure is.

Fluttershy: What's that there?

They went over and saw an Ice Girl anchored to the mountain with ice.

Brittney: She's an ice wizard.

Volilla: My name is Volilla. Get me out of here.

?: So you will be the ones that will free my prisoner.

A figure appeared next to Volilla the Ice Wizard and it was ROCKSTEADY from the 1987 TMNT!

---

Rocksteady was originally a Caucasian-American human member of a gang of criminals who operated under the Foot, when one of their thefts was interrupted by an attack by the Teenage Mutant Ninja Turtles. Rocksteady was originally a short and stocky blond Caucasian man (who sported army camouflage pants that would be replaced with simple beige cargo pants later while also occasionally sporting an army helmet on his head in his mutated form). With the other members of his gang, he was sent out to stop a Channel 6 reporter named April O'Neil from doing a report about crime in the city. April ran down into the sewers while being chased by the street gang and met the Teenage Mutant Ninja Turtles, who then defeated the gang in a fight.

After this humiliating setback, the Shredder developed a plan to defeat the Turtles by mutating members of the street gang, so that they would have abilities greater than the Turtles'. Rocksteady and his friend Bebop were voluntarily mutated into evolved animals (though neither was particularly aware of what it would entail) with the promise that it would allow them to exact revenge on the Turtles and gain superhuman powers. He was held down by belts on a laboratory chair, and his DNA was mutated with a rhinoceros kidnapped from the zoo. Rocksteady became a half-man, half-rhinoceros. As a result, Rocksteady had the enormous strength of his animal counterparts, with the disadvantage being his appearance. Together with Bebop, the second victim of the experiment, Rocksteady supported Shredder henceforth in carrying out his plans. However, though the transformation did make them larger and stronger, they remained incompetent and were often inept at stopping the Turtles or carrying out Shredder's plans.

For example, in Enter the Shredder they charged at the Turtles, who jumped, and crashed into each other. Donatello commented that their mutations didn't "up their IQ's any." For most of the series they were employed for important purposes, much to the annoyance of the Shredder when they eventually fail. However, the Turtles certainly consider them to be formidable (despite their stupidity) in combat due to their great strength and endurance, and as such, often use their intelligence to outwit them rather than fighting them in a straightforward manner. But their attempts at the turtles seem to regularly fail due to their incompetence and goofy behavior, which all leads to them being abused both physically and verbally by Shredder and Krang.

However, in season eight, Rocksteady along with Bebop seemed to have some form of intelligence, but talked and joked around less. Rocksteady and Bebop's last appearance is in the season 8 finale Turtle Trek. In that episode, the Turtles destroy the Technodrome's engines, whereafter a monster plant pulls the fortress into a giant pit. The impact of the fall presumably destroys the Technodrome's trans-dimensional portal (although it is shown to be still working in the series finale), thereby stranding its inhabitants in Dimension X for good. Rocksteady and Bebop are never seen again after that episode, although their bosses Krang and Shredder return to Earth during the 10th and final season. It can be assumed that he and Bebop either perished somehow or were left behind by their bosses. It is also possible that, much like in the comics (which were originally based on the events of this show), that they both found the Eden Worlds and contentedly lived out the rest of their lives as animals in its wilderness.

---

Shade: You're Rocksteady, right? Where's your buddy, Bebop?

Rocksteady: Me, Master Krang, Bebop, and Master Shredder were told by that other mean Shredder that we couldn't be in the same group.

Brittney: You mean the Utrom Shredder.

Rocksteady: That's right.

Roman Goodwin: That guy is awful and bad news. You can't even begin to fathom the horrible atrocities he committed all over the galaxy.

Lilith Falken: Ch'Rell was his real name and he was responsible for many horrible crimes.

Lucille Loud: (Scottish Accent) Aye he sure was now.

Pete came out.

Brittney: Penny you're up.

Penny and her group went up to him.

Pete: (to Penny) That awesome strategy taking down Gravimon. And it was all thanks to Jeremy watching Breaking Bad!

Penny: Yeah it sure was awesome.

Fluttershy: It was a really clever move.

Tornado Bolt: It sure was awesome.

Stealth Elf: Yeah it sure was.

Hypnotick: We thought so as well.

Big Chill: Yep.

Pete: That is crazy. Lets do it!

They fired waves of jewels, ice, leaves, flowers and grass and smashed him down.

Penny: YEAH!

Fluttershy: That was fun.

They then set their sights on Rockstead and fired darkness, jewels, ice, leaves, flowers and grass and smashed him down and tied him up and then they freed Volilla.

## WEAVE

In the tall grasses of Weave, Nico, Cammy, Mindy, Alicia, Connor, Lisa, Levi, Dexter, Megaforce Rangers, Kyurangers, Zyuohgers, The Stitchpunks, ToQgers, Morpheus, Starlight Glimmer, Cozy Glow, Undead Skylanders, Zombina, Sawyer the Zombie, Giganta and Harley Quinn were walking through the tall grass.

Giganta: (to the Stitchpunks) Refresh my memory. When did we meet you guys?

9: It was during the time Lincoln and his family were on vacation. Nico and some of the team met us.

8: It was really awesome and cool. You helped us destroy the Fabrication Machine and we joined the team after.

7: It was so awesome.

Nico: That's right I remember that. That was amazing.

Mindy Chan: It sure was bro.

Nico: Yep.

They then saw the Soup Fairy from Neopets!

---

The Soup Faerie is a kind faerie who runs the Soup Kitchen. She provides free food to all the poor Neopets whose owners have fewer than 3,000 neopoints. (The 3,000 neopoints includes what you are carrying, what is in your shop till, and what is in your Bank Account.)

Much like Santa Claus, the Soup Faerie knows all, and can tell how many neopoints you have. However, you can fool the Soup Faerie by making a lowball trade offer for an extremely expensive item at the trading post, or on your own trades before you go to the Soup Kitchen, and then retract your offer after getting the soup and the avatar.

You are allowed to visit the Soup Faerie on your side accounts.

---

Nico: The Soup Faerie!

?: I will make sure you die for what you did to me Chan!

A figure came out from the grass and it was CYBER SHREDDER!

---

The Cyber Shredder is a cybernetic clone of the Utrom Shredder and a major antagonist of the 2003 Teenage Mutant Ninja Turtles cartoon series. He is the main antagonist of the seventh and final season "Back To The Sewer".

Like the Utrom and Tengu Shredder, he is voiced by Scottie Ray.

Shredder Wars

At one point, the Turtles ended up in a future where the Utrom Shredder and the Tengu Shredder were engaged in battle with each other. However they were also fighting a Shredder the Turtles had never seen before (Cyber Shredder), but he still knew who they were.

## Creation

As a contingency in the event of his demise, Ch'rell created a cybernetic engram of himself using a combination of Utrom technology and Earth machinery. The Shredder engram was locked away in a data vault, but eventually Viral, who had come to the present day, found it. She tried to access it, but the defenses were activated in response and the engram infected her, reformatting as the Cyber Shredder. He contacted a devoted Foot Clan operative, Master Khan, and planned to make his escape from cyber space so as to conquer New York.

## Something Wicked

Cyber Shredder had his first encounter with the Turtles when they entered cyber space looking for pieces of Splinter. Though they escaped him, he discovered they had a cyber portal, A.K.A. his ticket out of cyber space.

## Hacking Stockman

After Hun and the Purple Dragons started to raid Foot treasure vaults with use of advanced technology, Cyber Shredder got suspicious, since such plans were beyond Hun. He linked into Dragon HQ, finding out that Baxter Stockman, now sporting a new cyborg body, had been hacking into the Foot Database. Cyber Shredder realized Stockman's cyborg body could be a means for him to escape cyber space. He successfully took control of it, making a few additions to it, so that it resembled his appearance in cyber space, as well as power gauntlets to increase its power. Cyber Shredder proceeded to wreck Dragon HQ and was pleased when the Turtles showed up, though without Donatello. However, when Stockman joined forces with them, Donatello got into Cyber Shredder's base, taking away his control.

## Identity Crisis

Cyber Shredder's next plan was to make the Turtles into his slaves and when they found a cluster of Splinter's data in cyber space, he used a virus on them. It brainwashed the Turtles so that they thought they were Foot Ninjas loyal to Cyber Shredder, who commanded them to take care of the Purple Dragons. Though Casey, April, and Serling succeeded in bringing out their memories and freed them from Cyber Shredder's control, he succeeded in his true goal. While Donatello was under his control, Cyber Shredder had extracted the memories he needed to construct a cyber portal, so he could leave cyber space.

## Web Wranglers

After completing his cyber portal, Cyber Shredder needed to make sure it worked completely and sent virtual animals from a nature website to the real world. However each one sent through came out mutated and wrought havoc in the city, so the Turtles had to deal with them. Cyber Shredder worked on his portal so each animal was less mutated than the last and eventually perfected it, sending a non-mutated chipmunk and cyber version of Khan through. The Turtles realized what Cyber Shredder was up to and while Leonardo and Raphael headed to where he planned to emerge, Donatello and Michelangelo went into cyber space to deal with him. Donatello managed to hack Cyber Shredder's portal, while he was uploading himself to the real world, but he came out mutated and partially data. This let the Turtles use darts on Cyber Shredder that deleted cyber life forms, sending him back to cyber space, but he swore to make them part of his escape.

## Virtual Reality Check

Cyber Shredder managed to trick the Turtles into believing they were in the real world, when they were still in cyber space. This allowed him to spy on Donatello while he repaired the cyber portal, which Cyber Shredder made him believe had melted down. Khan and the Foot copied his work, building another cyber portal, but Leonardo, Michelangelo, and Raphael noticed strange occurrences happening. They soon realized that they were still in cyber space and what the Cyber Shredder up to and stopped Donatello from completing the cyber portal. However, Cyber Shredder used a spy bug to take a sample of the energy from the Turtles portal. This was all Kahn and the Foot needed to finish their cyber portal, allowing the Cyber Shredder to enter the real world.

## City Under Siege

Cyber Shredder hacked into New York's central hub, taking control of all the systems in the city. The Turtles soon discovered his presence in the real world and entered the hub to undo his actions before it became permanent. Donatello and April managed to free the city from Cyber Shredder's control, but the Turtles were unable to beat him in combat. However, Michelangelo used the same trick Splinter used against the Utrom Shredder in the first battle, tricking Cyber Shredder into cutting the catwalk they were on. As a result, he fell onto an electrode, damaging his body, but his digital core was unharmed. Cyber Shredder's gauntlet pierced a wire, allowing him to return to cyber space and the energy he absorbed as a result of the electrical surge made him stronger than ever.

Wedding Bells and Bytes

Cyber Shredder succeeded in infecting one of the last of Splinter's data bits with a virus before the Turtles could get it. After they converted Splinter back into matter, the virus became a homing beacon that Cyber Shredder used to track them. He found them at Casey and April's wedding, which was taking place at Casey's grandmother's farmhouse, before launching a full attack on the Turtles and wedding guests. In the fight, Cyber Shredder attempted to kill their friends by collapsing the barn upon them, but they managed to escape before they were killed. During the final battle with the Cyber Shredder, Donatello extracted the homing beacon from Splinter, using it to get a sample of Cyber Shredder's digital core. With this, Donatello was able to use Serling's decompilier blast to bear and bring an end to Cyber Shredder, possibly preventing the future where the three Shredders battle.

---

Nico: I'm getting really sick and tired of facing you Ch'Rell. You just can't learn how to take a hint and stay dead after everything you've done to the galaxy.

Cyber Shredder: Well I'm going to make sure you die this time.

9: Not if we can help it!

Cyber Shredder: (to the Stitchpunks) Oh, I assure you. There are fates far worse then getting your souls sucked out. Like me killing you fools before killing the turtles!

9: You'll have to take that up with our mechanical Digimon buddy over here.

Machinedramon: (smirks) Hi. Giga Cannon.

He fired a massive energy barrage from his cannons at Cyber Shredder and knocked him down.

Nico: Now it's my turn.

Nico then went Super Saiyan 5.

Nico: I'll make sure you never return again Ch'Rell.

Kalin then appeared.

Nico: You're up Morpheus.

Morpheus and his group went up to Kalin.

Kalin: (to Morpheus) I liked how Lincoln's rescue involved him and the others finding an Earthbound Immortal Chacu Challhua Gene-Slammer. But I still can't believe those Team Rocket scientists injected somebody with that kind of DNA!

Morpheus: No kidding. That is crazy.

Starlight Glimmer: It's amazing how they got the DNA of the Dark Signers signature monsters and they slammed people with them.

Cozy Glow: Yeah no kidding. That is intense!

Hex: Yeah those monsters have no idea what they are doing.

Zombina: You got that right.

Sawyer: Yeah they sure were intense.

Kalin: Yeah it sure is. Lets do it!

They fired waves of blue fire, stars, magic and bones and smashed him down.

Morpheus: Take that.

Starlight Glimmer: That was amazing!

They then regrouped to face the Cyber Shredder.

Nico: I've had it with you Ch'Rell.

Orion: If you ever survive this, Ch'Rell, J.D. has a nasty surprise for you!

Nico: And you're not going to like it one bit.

Megaforce Rangers: LEGENDARY RANGER MODE! NINJA STEEL!

The Megaforce Rangers turned into the Ninja Steel Rangers!

They went at Cyber Shredder and pulverized him and smashed him all over the place and Ch'Rell was badly wounded and left on the ground for dead and then they went over and freed the Soup Faerie.

Soup Faerie: Thanks for helping me guys.

Starlight Glimmer: You're welcome.

## NAR

In the mountains of Nar, Yugi Moto and Friends, Magma, Signers, Leni, Ed, Loni, Loud Ancestors, the TMNT Turtles, Emerald Sustrai, Sunset Shimmer, Pip-Squeak, Fire Skylanders, Yukumo the Kitsune, Kiyomi (Naruto), Barbossa and Long John Silver (Treasure Planet) were walking through the beautiful and cold mountains.

Magma: Good thing I'm immune to the cold.

Yukumo: But it's really amazing here.

Yugi: The mountains of Nar are awesome.

Yusei: Yeah they sure are.

Leonardo: Keep your eyes peeled for any sign of the damsel or any enemies.

They looked around and then tied to a pole they saw HANNAH!

---

Hannah works in the Golden Dubloon restaurant on Krawk Island, but is also an adventurer. The picture shown is an older one, and more modern pictures are available to view on the Neopets site, but are subject to copyright. She is of an average height for an usul, and is generally pretty. She has a fond liking of gems and valuable treasures, which is why she goes on her adventures anyway. She self-advertises herself through "boasting" around towns, calling herself "Hannah the Brave."

Hannah is very brave. She ventures into many dangeous places, including the Pirate Caves, Ice Caves, and even caves on Kreludor (in that order). You can join her through games on the site.

Brave and adventurous to a fault, Hannah is well-known throughout both Krawk Island and Terror Mountain for her ability to traverse the trickiest and most dangerous of places.

Before she was ever known as "Hannah the Brave", this fair Usul was just another serving girl at the Golden Dubloon. However (as luck would have it) she found an old book, which detailed the location of some hidden pirate caves that were filled with treasure.

Thrilled by the prospect of adventure and danger, Hannah left her meager life as a waitress and set out on her first in a series of treacherous adventures.

Within the depths of the Pirate Caves, Hannah learned to solve traps, avoid aggressive Pawkeets and skeletons, plus figure out puzzles that would lead her to secret shafts filled with gold and jewels.

Tales of Hannah's cunning and swiftness spread (mostly through her own word of mouth), and soon she was known in every tavern across the land as "Hannah the Brave."

Her second great adventure began when Kanrik, a Gelert from the Thieves Guild, got wind of her abilities. Through bribery and deceit, Kanrik fooled Hannah into helping him acquire a powerful ancient artifact (in the form of a sarcophagus), which had been hidden inside a cave in the Lost Desert. Upon opening the ancient chamber, Hannah was struck by a powerful curse. Kanrik left her in the caves to perish, taking the powerful artifact back to the Thieves Guild.

Hannah, however, had plenty of experience with caves, so she was able to escape and find help. The Usul adventurer made her way to Terror Mountain, which is where rumour had it that Kanrik was now heading. However, with her energy sapped by the powerful curse of The Bringer, Hannah collapsed in the snowy waste of Terror Mountain.

Hannah's adventures might have ended there, if not for the strange red pendant that she wore (which she'd found in the Bringer's Tomb). She was also greatly aided by a curious young Bori called Armin, who found Hannah and dragged her to shelter. Armin told Hannah that his species had been trapped in ice within Terror Mountain for a very long time. This had been done for their own protection, though, so that the Bringer could no longer harm them.

Shortly after meeting Armin, Kanrik appeared in the cave that she and the young Bori had taken shelter in. Confessing that the evil Acara, Masila, had tricked him into releasing the Bringer, Kanrik disclosed that he'd been chased away from the Thieves Guild. After a brief fight, the trio found a hidden path through the Ice Caves to the lair of the Bori.

There, with the help of Armin and Kanrik, Hannah reunited the jewel around her neck with the "Heart of the Mountain", which freed the Bori from their icy sleep. In the process The Bringer was destroyed, and the Bori celebrated Hannah as a true hero. However, the Bringer's curse raged on, and Hannah's life was slowly slipping away. To repay her for his deceit, Kanrik carried Hannah to the Snow Faerie, who was able to heal her.

Hannah has now returned to her old ways, plundering caves for treasure as she waits for her next big adventure.

You can join her in the games Hannah and the Ice Caves, Hannah and the Pirate Caves and Hannah and the Kreludor Caves.

Sunset Shimmer: Hannah the Usul!

?: You will pay for not siding with me turtles!

A figure came out and it was THE HIGH MAGE OF THE UNDERGROUND CITY!

---

The High Mage is an antagonist in the 2003 Teenage Mutant Ninja Turtles cartoon series. He is the surviving member of an ancient race known as the Y'Lyntians.

He was voiced by Ron Perlman, who also played Warhok in Kim Possible, The Lich in Adventure Time, Dieter Reinhardt in Blade II, and Xibalba in The Book of Life.

History

The High Mage originated from an advanced civilization who used crystals that stored Cosmic Energy. With this power, he and his kind dominated the Earth and wanted to prove themselves as superior to the humans as they enslaved them and transformed some of them into mutants to make them do heavy labor. However, the human race and their mutant allies rebelled against the Y'Lyntians and caused their demise as they destroyed their largest stone and source of power, the Sun Crystal. The High Mage and a few remainder of his people retreated to an outpost city underground where the surviving members of Y'Lyntians were encased in crystals in order to survive after their crystals had stopped working. However, the High Mage stood awake to guard them.

One day, the High Mage discovered the turtles and the Foot Clan's experiments. He offered his services to change the Foot Clan experiments back to humans by placing them inside crystal cases, but he tells the turtles he is very lonely and wanted them to stay with him. When the turtles decline, the High Mage became outraged and fought them. The turtles managed to defeat him by trapping him inside a crystal. The turtles felt bad for the High Mage after that as they said he was all alone and not actually evil.

The High Mage and his people were later revived as the planets aligned themselves that restored the crystals' energy as it also repowered a big fragment of the Sun Crystal that was recovered known as the Crystal Moon. After the turtles discovered the crystal they had was glowing, they traveled back to the underground city where they discover it entirely populated with Y'Lyntians. The High Mage was seen enchanting with a group of Y'Lyntians to raise their island home, until he noticed the turtles and threw four red crystals at the lava below, creating four lava monsters to subdue them. The High Mage later appeared before the turtles after they landed in a cell.

Emerald Sustrai: The High Mage!

Sunset Shimmer: This monster doesn't know how to accept defeat!

Leni: No he totes doesn't.

Donatello: You have a lot of nerve coming back here after everything you were going to do!

High Mage: You Turtles should've accepted my offer to join my city when you had the chance. Instead, you chose death!

Barbossa: Ye be walking the plank instead of that happening!

High Mage: (laughs) Oh please. Did you all forget that if it weren't for me, you all wouldn't have met my human captives and their genderbent counterparts? You could at least give me some credit by letting me do my business here!

Leonardo: But it's the wrong kind of credit!

Emerald Sustrai: But you deserve to pay for your crimes!

Then Private H.I.V.E. appeared.

Yugi: You're up Emerald.

Emerald and her group was up next.

Private H.I.V.E. (to Emerald) I heard Dexter ate a ginormous burrito. Did he really think he was gonna die?

Emerald Sustrai: Yeah and he got a nasty case of gas that made him think he was going to die. He thought he was going to explode. But all he got was a nasty case of explosively loud farts that could be heard all over the galaxy.

Sunset Shimmer: You should have seen the size of that burrito he ate. It was as big as a table and Dexter ate the whole thing.

Pip-Squeak: (British Accent) Yeah it was huge!

Sunburn: Yeah but it looked awesome from how we saw it.

Yukumo: Burrito Palace makes great burritos but they are loaded with beans.

Kiyomi: No kidding. Dexter had a nasty case of stomach cramps.

Private HIVE: You aren't kidding there. Permission to start the battle ma'am!

Emerald Sustrai: Granted soldier!

They fired waves of fire and energy and smashed him down.

Emerald Sustrai: Take that!

Sunset Shimmer: That was amazing!

They then fired waves of energy, fire and elements and the blasts hit him and froze him in a powerful and unbreakable crystal for all eternity! He was never gonna get out of that prison no matter how hard he tried.

The group went over and untied Hannah.

Hannah the Usul: Wow! Thanks guys. I am grateful to you all.

Sunset Shimmer: Glad we could help Hannah.

## D'RESH

In the scorching hot deserts of D'Resh, Ren & Stimpy, Duel Academy Alumni, Luan, Eddy, Lane, Apple Family, Ben 10, Applejack, Apple Bloom, Earth Skylanders, Kalolo the Jackalope, Woody (Toy Story), Blaster Tron and Sasha were walking through the blistering hot heat.

Blaster Tron: Sand interfering with sensors. Estimate time of locating girl in distress: 10 minutes.

Applejack: Whew. Thank goodness we packed plenty of water.

Kalolo: But it's amazing how the Moonlands have such an amazing desert.

Luan: It sure is and man is it hot here.

Eddy: Yeah I'm frying like an egg here.

Lane: It sure is hot.

Apple Fritter: But we'll be fine as long as we're together.

?: HELP ME!

They ran and saw a Desert Mage waist deep in quicksand!

Ren: Oh man!

?: Nice you all could make it!

A figure came out and it was BEBOP from the 1987 TMNT!

---

Bebop was originally an African-American human gangster that was employed by Shredder, affiliated with the likes of thugs such as fellow mutant Rocksteady. With the other members of his gang, he was sent out to stop a Channel 6 reporter named April O'Neil from doing a report about crime in the city. April ran down into the sewers while being chased by the street gang and met the Teenage Mutant Ninja Turtles, who then defeated the gang in a fight.

After his army of Foot Soldiers failed to stop the Turtles, Krang suggested that the Shredder mutate his own mutant soldiers so that they would have abilities parallel to the Turtles' to fight his enemies. With a new plan, Shredder sought two "volunteers" for his experiments. Bebop and Rocksteady both volunteered to undergo the procedure (though neither was particularly aware of what it would entail) with the promise that it would gave them superhuman powers and allow them to exact revenge on the Turtles. He was tied down with belts on a laboratory chair. Using robot drones, the Shredder stole a rhinoceros and a warthog from the zoo and brought them in the room with his new test subjects, and so his DNA was mutated with the kidnapped warthog.

As a result, Bebop became a mutated mix of warthog and man, donning twin turtle shells on his shoulders to mark his new job as an enforcer for the Shredder. Bebop henceforth supported Shredder in carrying out his plans. Bebop had the enormous strength of his animal counterpart, with the disadvantage being his appearance. However though the transformation did make them larger and stronger, the Shredder's choice in test subjects was less than stellar. Although tough, both Bebop and Rocksteady were far from intelligent. For example, in Enter the Shredder they charged at the Turtles, who jumped, causing the two mutants to crash into each other. Donatello commented that their mutations didn't "up their IQ's any." For most of the series they were employed for purposes however, the Turtles certainly consider them to be formidable (despite their stupidity) in combat due to their great strength and endurance, and as such, often use their intelligence to outwit them rather than fighting them in a straightforward manner. But their attempts at the turtles seem to regularly fail due to their incompetence and goofing behavior, which all leads to them being abused both physically and verbally by Shredder and Krang. Despite his supposed lack of intelligence, Bebop is continuously employed by the Shredder and is poorly chosen to be entrusted with various jobs that almost always fail miserably. In one episode of the series, Bebop was shown to have kept a pet turtle, which got mutated into the evil turtle Slash.

However, in their final appearance in the first "Red Sky" season, Bebop along with Rocksteady seemed to grasp some form of intelligence, and talked and joked around less. Bebop and Rocksteady's last appearance is in the season 8 finale Turtle Trek. As soon as Krang managed to get a trans-dimensional portal open to Dimension X, Bebop followed along with his boss. However, he is not seen later in the episode, perhaps signifying Shredder and Krang put him and Rocksteady to work with simple manual labor that even they could not foul-up. However, after the Turtles destroy the Technodrome's engine, the fortress is pulled into a giant pit by a monstrous plant. The impact of the fall destroys the Technodrome's trans-dimensional portal (although it is shown to be still working in the series finale), thereby leaving its inhabitants stranded in Dimension X. At some point after this, Bebop and Rocksteady either perish or are left behind by Shredder and Krang, as they do not return to Earth with them in season 10. It can also be assumed that, much like in the comics (which were originally based on this TV show), he and Rocksteady find the Eden Worlds in Dimension X and contentedly live out the rest of their lives as animals in its wilderness.

Outside of that, Bebop's human form was seen in a street scene with the other gang members when the Turtles arrive in the 80's Turtles dimension.

* * *

Silver Samurai: You are Bebop, correct?

Bebop 1987: That's right! Sorry Rocksteady ain't with me!

Applejack: Half man and half pig.

Bebop 1987: Warthog to be precise. And if you want to get to the girl you got to go through me.

Ren: Oh we'll gladly do so you eediot!

The Vreedle Brothers then appeared and Applejack and her group were up.

Octagon: (to Applejack) It's amazing how Nico and Maria busted that thief after 30 years. I hope that dirtbag enjoyed his freedom from the law.

Applejack: To be honest they had no idea that there was a criminal there let along one that stole that diamond all those years ago.

Apple Bloom: Yeah totally surprised them.

Flashwing: But it was awesome how they busted him.

Kalolo: It sure was cool.

Woody: I think so too.

Rhomboid: Me too.

Octagon: Lets do it!

They fired waves of earth, rock, crystal and apples and smashed them down.

Applejack: YEEHAW! That was great!

Apple Bloom: YEAH!

The group then fired waves of earth and energy at Bebop and tied him up and then they pulled the Desert Mage out of the quicksand.

Yomita: Thanks everyone. My name is Yomita. Awesome to meet you all.

Applejack: Pleasure is ours.

PARADWYN

---

In the flower forests of Paradwyn, Mimi & Lillymon, Lori, Loki, RWBY Girls, Nicole, Girl Jordan, Pinkie Pie, Featherweight, Tech Skylanders, Goop, BOB (Monsters VS Aliens), Blob (Hotel Transylvania), Oceanus Shenron and Paragus were walking through the beautiful lands.

Paragus: Did we see this jungle on our first visit?

Mimi: We sure did and it was absolutely amazing.

Oceanus Shenron: It sure is amazing to see.

Ruby Rose: I think all the flowers here are absolutely beautiful.

Lori: They literally are an amazing sight.

They then saw a Flower Fairy tied to a tree.

?: Now we can kill you all for killing all of us!

Many figures came out and it was HUN AND THE PURPLE DRAGONS!

---

Hun is one of the secondary antagonists in the first three seasons and later one the three main antagonists of season 4 (alongside Karai and Bishop) in the 2003 and a minor antagonist in the 2012 Teenage Mutant Ninja Turtles cartoon series'. He is the leader of the Purple Dragons, the archenemy of Casey Jones and (in the 2003 version) the right hand of the Utrom Shredder, before he was later replaced with Karai following her return. He also appears in the Mirage comics and in IDW Comics in the latter as Arnold Jones' Casey's father.

Hun started his criminal career in his teen years and became the leader of Purple Dragons. He and a group of Purple Dragons burned down the store of Arnold Jones (Casey's father) after he refused to pay the Purple Dragons protection money. Hun told Casey to tell his father to pay up next time or else. However, Arnold went to the police which made Hun kill him. Sometime later, the Shredder found him and took him as a protege after he realized his potential. In the beginning of the 2003 series, he left his operations to Johnny and Dragon Face while he serves the Shredder. In "Attack of the Mousers", he was sent by the Shredder to bring Dr. Baxter Stockman to the Foot HQ and gave him his punishment by drilling out his left eye. He delivered the Sword of Tengu to Saki in "Darkness on the Edge of Town" and punished two Foot technicians for losing it to the TMNT. Hun was later ordered by the Shredder to team up with Stockman to find info on the Turtles in "The Way of Invisibility". Hun let Raph escape so the Foot Tech ninjas follow him to the other Turtles. The TMNT defeated the ninjas and Baxter Stockman blamed Hun for the failure of the mission. However, Stockman was taken away by two Foot Tech Ninjas. Hun reported to Oroku Saki that based on his interrogation, the Turtles don't know anything about Saki's enemies. Oroku Saki decides that the Turtles may be useful to him when the time is right.

In "Fallen Angel", he hosts the Purple Dragons cage match. He knocked out Casey Jones and took him hostage, intending to let the winner of the cage match be the one who gets to kill him for all the trouble he caused for the Dragons. Later he fought the Turtles. In their first fight against him, he actually overpowered them, they were only saved by Casey Jones. Casey later defeats Hun and battle and almost kills him for what he did to his father before Angel stops him. When asked why, Angel states that killing Hun would be a big mistake as it would make Casey no better than him. He later returns in the first part of "The Shredder Strikes." Here, he fights the Turtles all at once and does considerably well despite being out numbered. He loses after Leo, out of anger after seeing Hun about to kill Raph, kicks him off the roof they were fighting on. Hun is alive, but is out of comission during the second part.

The Purple Dragons are a street gang led by Hun that often fight the Ninja Turtles and major antagonists in the Teenage Mutant Ninja Turtles comics, animated TV series, and video games. The gang as a whole is one of the the most dangerous organzations the Turtles have faced.

They mostly commit robberies and threaten people. They're one of the most dangerous street gangs in all of New York City (if not the most dangerous), and they work for the Shredder on most occasions. Because of this, they sometimes also carry out acts of assassination and even terrorism.

In MNT Gaiden, Purple Dragons are a favorite target of vigilante fights involving Raphael Hamato, Casey Jones and Shadow Jones, the latter two fighting the Purple Dragons while masked.

According to Chapter 13: Back into the Shadows, the renegade NYC Foot Clan leader Eikichi Gotoh holds the Purple Dragons in contempt as an organization, because Purple Dragon members only follow their own individual desires, whereas the NYC Foot Clan establishes a common group goal that is served by all its members as a whole. An unnamed gang that is similar to Purple Dragons was featured in 1987 TV Series. They were led by Bebop & Rocksteady.

---

Lori: Hun and the Purple Dragons!

Girl Jordan: Not these ugly clods again!

Sprocket: I hate these guys!

Mr. Fizz: (Holds out soda) Taste this!

Hun: (laughs) You think soda is gonna harm us?!

Mr. Fizz: I know it will! (smirks) I hope it gives you a rash!

Mr. Fizz fired soda at Hun and it made him break out in hives!

Nicole: Now for you all to die!

PD Member: No one messes with the Purple Dragons!

Nicole: Except me!

Nicole went Super Angel 100 billion!

Nicole: (Divine Echoing Voice of the Stars) **Time for me to slay the Purple Dragons.**

Nicole went at them and punched, kicked and pulverized them all over the place with incredible and indiscriminate fury!

As the fight was raging, the group freed the Flower Fairy and her name was Lilios. Then Gargill came out and Girl Jordan and her group went up next.

Cargill: (to Girl Jordan) Dexter released one ginormously loud and explosive flatulence after eating that big burrito. Did that cause him pain at all?

Girl Jordan: With all those huge stomach cramps he was having he sure was. Burrito Palace overloads all their burritos with a lot of beans.

Pinkie Pie: They are REALLY STUFFED with them.

Featherweight: They sure are full of them.

Sprocket: The burrito Dexter ate was as big as a table and it was full of 12 different kinds of beans.

Goop: (Gurgling Voice) Yeah it was huge.

BOB: You got that right.

Blob: But it was awesome.

Cargill: Whoa that is intense. Lets do it!

They fired waves of water, gears, lightning and metal and smashed him down.

Girl Jordan: AWESOME!

Pinkie Pie: BEST USUAL BATTLE EVER!

The Purple Dragons were all defeated and Hun was killed and dead.

The Purple Dragons were no more and were all sent to prison for eternity.

## OCEANS OF OROTHE

---

In the oceans of Orothe, The Neptune Crusaders, Demyx, Naruto, Lana, Jackie, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Cyara the Wonderworm, Alice, Alice Liddell, Bomb Man and Blast Man were swimming through the oceans.

Bomb Man: Good thing most of this group uses water!

Varie: Yep and I am glad that I was born a mermaid.

Lana: It's so awesome being in the ocean.

Girl Jordan: I love being in the ocean.

Luna: You said it dudes.

They the saw a mermaid named Gabriellia and went over.

?: Too bad you all will be my dinner.

A figure came out and it was LEATHERHEAD from 1987 TMNT!

---

Leatherhead is a mutated alligator and a minor character from the 1987, 2003, and 2012 Teenage Mutant Ninja Turtles cartoons, comic books, and video games. In the former series, he was a villain. In the latter two series, however, he is an anti-hero. In the Mirage Comics and Archie Comics, he was an anti-hero, and in the IDW Comics, he was a anti-villain.

He was voiced by Jim Cummings and Peter Renaday (Night of the Rogues) in the 1987 animated series, F.B. Owens (Seasons 2 and 3) and Gary Lewis (later seasons) in the 2003 animated series, and Peter Lurie in the 2012 animated series.

In the 1987 cartoon, he is a mutated villain who made slaves out of the Punk Frogs until he was captured by the Teenage Mutant Ninja Turtles who came to save the frogs. He escaped thanks to Shredder, Rocksteady, and Bebop. Then, he went to New York City to get revenge on the turtles, but got captured by the Rat King, and later freed himself and tried to wrestle him down until they made an alliance to capture the turtles and send robot-rats and android alligators to kill them. However, this failed. But they later worked together again, along with some other villains one time with Shredder to capture them.

Leatherhead also kidnapped April O'Neil and her coworker/frenemy, Vernon, numerous times throughout the series, sometimes separately and sometimes together. His main method of capture was simply shackling someone's neck into a neck chain and dragging them along behind him.

---

Demyx: I don't think we've ever met any version of you until today.

Leatherhead: You can call me Leatherhead.

Varie: You are in a salt water environment you know. And Alligators are primarily fresh water creatures.

Lana: That's right and you won't last in here.

Leatherhead: I guess I hadn't considered that.

Then Krusty came out and then Jackie and her group were up.

Krusty: HEY HEY KIDDIES! (LAUGHS GOOFILY)

Jackie: Awesome having you face us Krusty.

Krusty: (to Jackie) I hope Dexter will be alright after wolfing down that huge burrito. Why the Hell did he even do that in the first place?!

Jackie: Because he was hungry and a little guy like him with an advanced scientific mind like his has to eat you know.

Twilight Sparkle: Yeah he was really hungry. I know the feeling myself. My brain makes me really hungry too.

Sunny Starscout: It's awesome though.

Spyro: But he'll be having cramps for a while.

Cyara: Yeah he sure will.

Alice (Disney): (British Accent) But he'll be all right.

Alice Liddell: (British Accent) Yes he will.

Krusty: Yeah. Lets do it!

They fired waves of magic and fire and smashed him down.

Jackie: OH YEAH!

Twilight Sparkle: That was amazing!

They fired waves of water, magic and fire at Leatherhead and smashed him down and they tied him up and then freed Gabriellia.

Gabriellia: Thanks guys. I owe you all one.

Varie: You're welcome Gabriellia.

## CALD

In the Volcanic Mountains of Cald, Aylene C., Lynn (Boy & Girl), Anna Knudson, Pyro, The Fox Quints, Eithne the Fire Fairy, Sam S.L., Tara and Lola & Lexx, Lisa Simpson, Princess Celestia, Light Skylanders, Kuune the Cockatrice, Sideshow Bob and Jack Spicer were there for an awesome and wicked hot rescue.

Jack Spicer: Damn, it's hot!

Aylene C.: Well Cald is a volcanic area. What did you expect?

Anna Knudson: I like it and I always get a great thrill out of hot stuff.

Lynn: You and me both Anna.

They high five.

Eithne: It sure is hot here.

Sam S.L.: But we've handled worse than this.

Then they saw a Lava Mermaid tied to a rock.

Aylene C.: A Lava Mermaid. That is cool. Or hot in this case.

They went over.

?: You will not stop the Kraang.

A figure came out and in a robot body was KRAANG from 1987 TMNT!

---

Krang is the main antagonist of the 1987 Teenage Mutant Ninja Turtles series until season 9 and 10 where he is replaced by Lord Dregg.

He is an alien warlord from Dimension X who seeks to both conquer Earth and his home Dimension. He is also the partner of Shredder, whom he often argues and fights with. Truly he is from the dimension of the 2012 show where he was banished by his cousin, Kraang Subprime for his stupidity and because of his insane methods of conquering realms. He is also the central antagonist of the episode "Trans-Dimensional Turtles" in Season 4 and one of the two main antagonists (Alongside Shredder) of the Wanted: Bebop and Rocksteady arc in Season 5 of the 2012 TMNT series.

Before the series started, Krang was once a feared, powerful warlord from Dimension X, a place of continuous war. He controlled an army of Rock Soldiers, under the leadership of his right hand man, General Tragg. One day he was captured and was stripped of his body reducing him to a living brain. Krang (or what was left of him) was then banished from Dimension X, along with his mobile fortress, the Technodrome, to Earth, in hopes he would never return. However, during his stay on Earth, General Tragg continued the war against Dimension X natives, The Neutrinos.

Sometime before the Turtles and Splinter were mutated, Krang met the leader of the Foot Clan, Oroku Saki aka The Shredder, the two began an uneasy alliance. Krang allowed Shredder to access his advance technology in exchange for a new body, in which Krang himself designed. Despite this, Shredder did not live up to this deal as he was afraid that Krang would try to overthrow him. It wasn't until Shredder's countless failed attempts to kill Splinter and the Ninja Turtles that new had to create Krang's new body. When Krang's body was complete, he almost was successful in killing the Turtles and bringing his troops to Earth, but the Turtles foiled his plans and sent Krang, Shredder, and The Technodrome back to Dimension X, and from that point forward, Shredder had no choice but to follow Krang's orders.

---

Tara: Whoa what is that ugly thing!?

Anna Knudson: Oh no! Shanan told me all about them. Those are the Kraang. They are a corrupted version of the Utrom that are the bringers of destruction. The Utrom represent all things that are good and peaceful whereas the Kraang all represent destruction, death and chaos!

Lynn: That is sick!

Pyro: Are you an Utrom?

Krang: For the last time, no!

Pyro: Sorry! But you have to admit that you look like one.

Anna Knudson: Don't let their appearance deceive you. Kraang may look like Utrom but they are pure evil and cause nothing but death and destruction.

Cantwell then appeared and Lisa Simpson and her group were up.

Cantwell: (to Lisa) It's amazing how Nico, Maria and Horsea won all those tickets in such a short amount of time. Was it really Horsea's first time making Shadow Clones?

Lisa Simpson: Yes it sure was and I'm amazed how they all did all that.

Princess Celestia: But it was really genius too.

Spotlight: It sure was cool.

Kuune: I'll say.

Cantwell: Yeah. Lets do it!

They fired waves of light and smashed her down.

Lisa Simpson: ALL RIGHT!

Princess Celestia: That was so awesome!

They fired waves of light and fire and energy and smashed Kraang down and tied him up and then they freed the Lava Mermaid.

Lavana: Thank you all for saving me.

Anna K.: Anytime.

Lavana: Sorry my name is Lavana and it's an honor to meet the famous Team Loud Phoenix Storm.

Sam S.L.: Pleasure is ours.

## NAROOM

---

In the forests of Naroom, Celica, Edyn, Laney, Larry, Crysta, Fairy Tail Guild, Ssserpent, Jessica Herleins, Sam Manson, Syd Chang, the Winx Club, Homer, Bart, Princess Luna, Moondust, Dark Skylanders, Ehren - Lightsworn Monk, Omi, Dash and Notacon were walking through the beautiful forests.

Edyn: It feels great to be back home.

Celica: It's always beautiful when we come here.

Dash: What's the difference between this place and Paradwyn?

Edyn: One is full of flower forests and full of more life where as Naroom is full of forests and my people here.

Laney: That is always so awesome.

Crysta: All my people of FernGully would love coming here.

Ssserpent: They sure would and it's awesome.

Jessica Herleins: I think it's so awesome that you live in such an amazing part of the Moonlands Edyn.

Edyn: It sure is cool.

They then saw a Nature Fairy tied to a tree.

?: So glad you all could make it.

A figure came out and it was BAXTER STOCKMAN from the 1987 TMNT!

---

Baxter Stockman is a major antagonist in the 1987 Teenage Mutant Ninja Turtles cartoon.

He was voiced by Pat Fraley, who also voiced Barney Stockman and Slash in the same series.

Biography

Baxter first appeared in the inital five-part miniseries that led to the show. Like in the Mirage and 2003 versions, he created the mousers to rid the city of vermin, but in this version, the company to which he proposed them turned him down, believing that their destructive nature would be bad for business.

However, the Shredder, seeing potential for the mousers, took Baxter up on his proposal and used them in a failed attempt to destroy the Ninja Turtles.

After doing enough work for him, he ordered his Foot soldiers to kill him, but he was saved by the Turtles. After this, Baxter was committed to an insane asylum after trying to tell the police about the Turtles' existence.

Awhile later, Shredder broke him out of the asylum, and he was forced to work for him, suffering much abuse from the evil ninja master. Finally having enough of Baxter's stupidity, Shredder and Krang decided to kill him by throwing him into a disintegrator unit.

However, a small fly entered the same unit, and rather than kill him, the energy merged him with the fly, turning him into a half-man, half-fly creature. Blaming both the Shredder and the Turtles for this, Baxter swore revenge on all of them.

---

Celica: WHAT THE NUTS!?

Sam Manson: HE'S A FLY FREAK!

Lucy Heartfilia: He's HIDEOUS!

Bloom: IT'S LIKE LOOKING AT THE BACK SIDE OF AN ORANGUTAN!

Ehren: He sure is ugly.

Celica: But you must be Baxter Stockman. The one we knew and faced before was a disembodied brain.

Baxter Stockman 1987: That's right and very interesting.

Ssserpent: Wait. Are you the 1987 Stockman?

Stockman 1987: Why are you surprised?

Ssserpent: Because the Stockman Megan killed didn't look like a fly. He got turned into part machine instead.

Laney: Yeah and when we faced him the first time he was actually a severed head on a machine and then the second time we saw him he was a Disembodied Brain in a jar.

Stockman 1987: Interesting.

Chief Wiggum then appeared and Homer and his group were up next.

Chief Wiggum: (to Homer) It's awesome how Nico, Maria and Horsea busted that robber. I hope he likes the slammer!

Homer: Yep. Bread and water, icy showers, guards whomping your ass around the clock and the only way out is suicide.

They laughed.

Chief Wiggum: You said it Homer.

Bart: But it was awesome how they busted him.

Princess Luna: He deserved to be busted after all these years on the run.

Moondust: It's really amazing how he was able to elude the authorities for so long.

Blackout: That is really amazing.

Ehren: It sure was.

Omi: A most impressive feat for a dishonorable criminal.

Chief Wiggum: Yes indeed. Lets do it!

They fired waves of darkness and energy and smashed him down.

Homer: WOOHOO!

Princess Luna: A true victory of the night!

They then fired energy blasts at 1987 Baxter Stockman and smashed him down and tied him up and freed the Nature Fairy.

Sena: Whew. Thank you all so much.

Celica: You're welcome.

Sena: My name is Sena and it's an honor to meet you all.

Celica: Pleasure is ours. Lets get everyone and regroup with J.D. and Arderial.

They agreed.

A figure came out and it was SHREDDER from the 1987 TMNT!

---

Shredder is the leader of the Foot Clan and the central antagonist of the original Teenage Mutant Ninja Turtles cartoon series, and is Splinter and The Turtles' arch-nemesis.

He also serves as one of two main antagonists (Alongside Krang) of the fifth and final season of the 2012 TMNT series.

He was mainly voiced by the late James Avery, who was known for playing Uncle Phil from Fresh Prince of Bel-Air. However, in a few episodes, he was voiced by Pat Fraley, Jim Cummings, Townsend Coleman, and Dorian Harewood as fill-in actors. From the seventh season onward, he was voiced by the late William E. Martin. In the crossover with the 2012 TMNT series, he is voiced by Kevin Michael Richardson, who also voices the 2012 series' version of Shredder, as well as Captain Gantu in Disney's Lilo & Stitch franchise, Goro in the Mortal Kombat film, Chairman Drek, Joker in the Kids WB show The Batman, Darkseid in Superman: Shadow of Apokolips, and Trigon in both Teen Titans and Teen Titans Go!.

Past

Oroku Saki was a first rank ninja of the Foot Clan, a Japanese dynasty of ninjas led by the honorable Hamato Yoshi, whose distant ancestor founded the clan centuries ago. A power-hungry and ambitious man, Saki resented Yoshi's leadership and aspired to usurp him, taking control of the clan for himself. To this end, Saki pinned the back of Yoshi's dogi to the wall with a knife so that he couldn't bow before a visiting master sensei, which was seen as an insult. When Yoshi removed the knife, the sensei was again insulted, believing that he was drawing the blade in an attempt to kill him. Yoshi was subsequently banished from the Foot Clan, allowing Saki to take over and transform it into an army of crime. Later, he followed Yoshi to New York City, intending to finish him off once and for all. It was around this time (presumably) that he met Krang, a warlord from Dimension X who had been stripped of his body (reducing him to a brain-like form) and banished to Earth.

A deal had been struck, and Saki would gain access to a wide array of advanced technologies (including the Technodrome and a massive robotized army of Foot Soldiers) in exchange for building Krang a new body, which he eventually does at the end of season 1. Donning a bladed metal samurai suit, he took on a new pseudonym: 'the Shredder'. Saki eventually found Yoshi in the New York City sewer system, and dumped a chemical mutagen down the drain in the hopes that it would poison him. Instead, it mutated Yoshi, who had most recently been exposed to rats, into a giant, humanoid rat. In addition, it also mutated Yoshi's pet turtles, who had most recently exposed to Yoshi, into humanoid, talking turtles.

## First battles with the Ninja Turtles

Shredder began a crime wave throughout New York City, having his Foot Soldiers and other hired thugs steal advanced technology for him. He also created a faux security service team from his Foot Soldiers, who would then rob the buildings they were supposed to guard. After the news reporter, April O'Neil, began investigating this crime wave, Shredder sent some of his thugs to silence her. However, she was saved by the Ninja Turtles and later discovered Shredder's security scam. In response, Shredder sent his Foot Soldiers to kidnap April, but the Turtles rescued her. He later tried flooding the building that April and the Turtles were in, but they managed to escape. Shredder then turned to Krang for help, but the latter refused as Shredder had not yet honored his part of the deal: to build Krang a new body. Shredder decided to ignore Krang's nagging and came up with a plan to mutate some of his own henchmen, using more powerful animals than the Turtles and Splinter.

To this end, Shredder sent two Roadkill Rodney robots to steal a rhinoceros and warthog from a local zoo, using his mutagen to transform Bebop and Rocksteady (who had earlier fought the Turtles and wanted revenge) into a humanoid warthog and rhinoceros, respectively. He then had one of his robots capture Splinter, using him as bait in the hopes that it would lure the Turtles to the Technodrome, where they would face Shredder himself. Bypassing all of the Technodrome's traps, they eventually found Shredder, who told them that he was responsible for their creation and then asked them to join him. The Turtles told him to "go suck a lemon", prompting Shredder to send Bebop and Rocksteady after them. However, despite their superior strength and stamina, Bebop and Rocksteady were held back by their inane stupidity, allowing the Turtles to easily outwit them and escape with Splinter.

Shredder's next plan involved recruiting an embittered inventor named Baxter Stockman to create an army of robots called Mousers, a rat catching device that Stockman originally intended to sell to a pest control company before they rejected his invention (on the grounds that it was too effective and would have eventually put them out of business) and tossed him out of the building. He successfully captured Michelangelo and cornered the rest of the Turtles with the Mousers. However, when Krang saw that Shredder's plan was working, he freed Michelangelo, since Shredder would have no need to make Krang a new body if he succeeded. Michelangelo soon destroyed the Master Control to the Mousers, foiling Shredder's plan.

Still determined to avoid having to give Krang a body, Shredder used the Techondrome's dimensional portal to try and get more weapons from Dimension X. But instead of getting weapons, he got the Neutrinos, a group of bratty Dimension X teenagers, along with some of Krang's rock soldiers who were pursuing them. Shredder sent the Rock Soldiers after the Turtles, who had befriended the Neutrinos before luring the Rock Soldiers back into Dimension X, convincing the Neutrinos to go back as well. Finally out of options, Shredder decided to build a body for Krang, as well as a ray gun that could reverse the effects of the Mutagen, intending to use it to undo the Turtles' mutation, transforming them back into ordinary pet shop turtles, and robbing them of all of their humanoid abilities.

Shredder sent a message to the Turtles, telling them that the ray was the only means of restoring Splinter to human form. Splinter went alone since he knew what Shredder intended to do with that ray. Splinter and Shredder engaged in a long, drawn out battle, while Krang used his new android suit to fight the Turtles and terrorize the city. In addition to granting him increased fighting prowess, it also came with a special chip that allowing Krang to expand his molecules and increase his size to that of a towering behemoth. However, the Turtles infiltrated his body and destroyed the chip, returning him to normal size. With his size advantage gone, Krang decided that he had no choice but to summon Shredder, who responded by putting his fight with Splinter on hold and trapping him in an electric force field, although Splinter eventually escaped. Shredder arrived with the ray gun and prepared to use it on the Turtles, but Splinter destroyed the gun before he had the chance. The Turtles pursued them back to the Technodrome and utilized its Dimensional Portal to suck the Technodrome, along with Shredder and Krang, into Dimension X. Trapped there, Shredder was stuck following Krang's orders, and was determined to get back to Earth so as to have revenge on the Turtles and Splinter.

Krang eventually sent Shredder back to Earth, but refused to give him any more assistance untill he could prove himself. In one of his plans, he took over a dojo and created the Crooked Ninja Turtle Gang, which he used to frame the Ninja Turtles, although they were defeated. Shredder also recruited Baxter Stockman (who had been sent to a lunatic asylum after his Mousers were defeated) to help him fight the Turtles, but eventually got tired of his constant failures. Eventually, Krang sent Bebop and Rocksteady back to Earth to help Shredder in exchange for Baxter, who Krang would accidentally turn into a mutant fly.

At one point, Shredder eavesdropped on the Turtles and found out about three alien objects that had crash landed on Earth called the Three Fragments of the Eye of Sarnoth, which could grant its wielder great power when the three pieces were united. He found one fragment and discovered that it could shrink people, using it to shrink the Turtles, capture them, and nearly finish them off before Splinter intervened, returning them to their normal size. Shredder engaged in a race with the Turtles to get the Fragments and eventually collecting all of them, attaching them to his helmet to use its power. However, Stockman eventually got his hands on it and, fed up with Shredder's abuse, double crossed him. Shredder managed to get the helmet back as well as the Zarvometer which the Turtles had been using to track the fragments.

However, the Zarvometer was designed to destroy the Eye when they came into contact. The Turtles warned Shredder of the danger and he threw the helmet into the Hudson River, where it blew up. After some time, Shredder managed to obtain the energy needed to bring the Technodrome back to Earth. During the ensuing conflict, he faced off against Splinter in combat but lost. However, Donatello's intervention caused the Technodrome to sink to the core of the Earth without the power to even move. Shredder continued to clash with the Turtles by using transport modules he'd gotten from Krang to leave the Technodrome. His plans focused on either getting rid of the Turtles or obtaining the energy to re-power the Technodrome.

Shredder eventually succeeded in the latter and planned to open a portal to send Earth into Dimension X, where Krang's Rock Soldiers would fire on it. Shredder fought against Splinter again, but was defeated once more. Eventually, the Turtles sent the Technodrome, along with Shredder and his allies, into the portal where it was fired on by the Rock Soldiers, who mistook it for Earth. As a result, the Technodrome was completely destroyed and the villains were trapped in Dimension X, prompting Shredder to joke that "it could be worse, we might have wound up in Dimension Z", angering Krang. However, Shredder and his allies managed to make yet another return with the Technodrome, although the fortress would constantly get stuck in places like the North Pole and the bottom of the ocean.

Eventually, the Technodrome was sent back to Dimension X by the Turtles, but without Shredder, Krang, Bebop, or Rocksteady. This left them stranded on Earth with no power or weapons, and they were forced to run from hideout to hideout, constantly pursued by the Turtles. Later on, Krang was captured by Drakus, an old partner of Krang's who he eventually betrayed, although Shredder is unaware of this and believes that the Turtles have him. In response, Shredder threatened to blow up the Channel 6 news building if Krang was not returned within a certain amount of time. They rescued Krang from Drakus and brought him over to Shredder. Although they were a minute late, the building was still intact, and the Turtles inferred that Shredder was bluffing. However, Shredder responded that he never bluffed and blew up the building, which would cause April to become a free-lance reporter and a disgraceful Burne Thompson to blame this on the Turtles, which also sparks an worldwide outrage against Burne Thompson demanding to called off his vendetta on the turtles, until he finally admits that it was the Shredder who did blowed up the Channel 6 building. The villains managed to create a new portal into Dimension X and reclaim the Technodrome, preparing to bring it to Earth once more. The Turtles faced off against Shredder and Krang on the planet Balaraphon and blew up the Technodrome's main engines before escaping through the portal back to Earth. Moments later, an alien plant wrapped its tentacles around the Technodrome and pulled it into a deep pit, destroying the fortress for good.

Shredder spent the next two years in Dimension X, abandoning the ruined Technodrome and searching for new means to rebuild their power. Eventually, Shredder and Krang encounter Mung, a servant of Lord Dregg, who was looking for resources in Dimension X. Mung returns to Dregg's ship and tells him about Shredder and Krang (no mention is made of Bebop or Rocksteady, implying that they are either dead or no longer involved with Shredder and Krang), and Dregg responds by transporting them back to Earth to help him fight the Turtles, but neither of them had any interest in working with Dregg and immediately rebelled. Wasting no time, they kidnap April O'Neil and do battle with the Turtles once more, although they are all soon transported back to Dregg's lair.

Reluctantly agreeing to work with Dregg, Shredder and Krang manage to subdue the Turtles, allowing Dregg to place them in a machine that would drain their life force, along with their ninja skills. However, Shredder and Krang betray Dregg and force him onto one of the operating tables, taking Mung hostage in the process. Mung releases his microbots to apprehend the pair and free Dregg, allowing him to do what he intended to do all along: drain Shredder and Krang of their life force, intelligence, and fighting abilities so he would become invincible.

Shredder broke free before Dregg could take anything from him and escaped with Krang. Later on, Shredder gave some of his own life energy to revive Krang and together they resolved to take out both Dregg and the Turtles. In one final conflict, Shredder and Krang are transported back to Dimension X. Although they are not seen again for the rest of the series (which lasted for only three more episodes after their final appearance), it is assumed that they are still alive and would have eventually returned to Earth.

Condiment King: So, you're the 1987 Shredder, huh?

Shredder 1987: Yes. But I'm actually likable compared to the other insane Shredders! Especially the Utrom one

Maria: He double crossed you before, didn't he?

Shredder 1987: (sighs) Yes. He did.

Megan: I feel your pain. Really. I do.

Me: Well you don't have to worry about the Utrom Shredder anymore. My friends made sure that he was dead for good.

?: (Weakly) I'm not dead yet!

The Cyber Shredder appeared and he was badly wounded and bleeding profusely

Cyber Shredder: You have to help me my 1987 self!

Me: Oh hell no!

I teleported and then I painted a seal onto Ch'Rell.

Me: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATE!

Ch'Rell felt reality implode as his body froze in sheer terror and I teleported back to the group.

Cold Dead Voice: The Black Gate calls upon the souls of all you have murdered and allows them to judge you for all you've done. If you are found wanting then it kills you by converting your cells into exploding chakra one cell at a time… and you have a lot of Hatred and Evil Ch'Rell…"

The Evil Utrom saw millions and millions of angry, murderous eyes surrounding him and saw his skin begin to burn and melt. He screamed in anguish beyond comprehension as every pore and orifice in his body burned with corrosive, exploding chakra. The eyes screamed at him and scorched away his eardrums as they said "Crush him! Burn him! Slaughter him! Let Ch'Rell be judged!"

Ch'Rell: AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

He screamed in excruciating pain as his very soul burned him alive. He felt the skin, the muscles and the tendons burning away from an internal fire that could not; would not go out until nothing was left. His mouth was melted away and only Ch'Rell's mind was left to scream as his internal organs and skeleton began to melt; steam and finally vanish forever. An afterimage of the Malevolent Utrom Devil's soul was left screaming and begging for mercy before it too evaporated into nothing… It was a technique that was a billion times worse than Super Hakai.

Nico: Whoa! Was that your secret weapon J.D.?

Me: Yep.

The Springfield Mafia came and Sora and her group were up.

Legs: (to Sora) We heard J.D. used that powerful technique on the Utrom Shredder.

Louie: But maybe he should use that as a last resort.

Sora T.: We use it only when it's necessary. But the technique was called Uzumaki Black Judgement Sealing Art: Black Gate. What it does is it's a powerful sealing jutsu that is 100 billion times worse than Super Hakai and it causes you to be judged by the people whose lives that person or monster destroyed and if you are found guilty they turn your cells into chakra and it causes them to explode one at a time and it destroys your body and destroys your soul and erases you from existence completely for all eternity. Not even Dark Orbs, Number Cards or the Aparoids can bring you back.

They were shocked to hear about that.

Louie: Wow! That has to be one deadly technique!

Fat Tony: One of the deadliest we've ever seen.

Phoenixmon: It was intense!

Rainbow Dash: Yeah that was incredible! It destroyed his body from the inside!

Scootaloo: Scary but a fitting form of punishment for him.

Whirlwind: No kidding! After causing so much death and destruction all over the galaxy he had it coming.

Peace: Yeah no kidding!

Vida Rocca: Yeah he deserved to be destroyed.

Fat Tony: That was intense. Lets do it!

They fired waves of fire, lightning, wind and rainbows and smashed them down.

Sora T.: YEAH!

Rainbow Dash: That was AWESOME!

We regrouped and we were facing the 1987 Shredder.

?: (Echoing Demonic Voice) Soon, all of you will perish in eternal chaos.

Taigong Wang: I should've known you'd show up here, Hundun. But, your days of spreading chaos are about to come to an end.

Me: By our hands.

Hundun: (Echoing Demonic Voice) I shall enjoy destroying all of you.

Lynn: Don't even try it, you freak, I've had it up to hear with you to last an eternity.

Suddenly, Lynn's eyes turned neon red, and and she was surrounded by a rainbow energy aura with lava, earth, dragons, and phoenixes, and the heat coming off of her is incredible, she unholstered her massive Sword of Guabancex from her back, and as she approached Hundun, she left rainbow energy, lava, earth, dragons, and phoenixes with every molten step.

Lynn: Hundun, I will never forgive you for what you've done, you've caused nothing but trouble for both humans and Mystics for the last time, and this time, I'll see to it that you'll never return to bring chaos to the world ever again!

Suddenly, Lynn was surrounded by a massive vortex of rainbow energy with molten lava and earth surrounding it, there's a dragon and phoenix flying around the vortex, and in the vortex is a scarlet red phoenix. Then, as the vortex faded, Lynn emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lynn has transformed into SUPER ANGEL INFINITY VOLCANIC RAGE ATHELTE DRAGON PHOENIX ANGEL OF FIERY JUSTICE AND DIVINE LOVE!

We were amazed by Lynn's Super Angel Infinity transformation, and when Lightning saw it, he had an atomic red blush on his face, his nose was bleeding, and he had hearts in his eyes, and steam coming out of his ears. But, when Hundun saw it, he had a twisted feral smile on his face.

Me: (Stunned) Whoa.

Eli: This is awesome, Lynn's become the next Loud to transform, and she's going to see to it that Hundun pays for his crimes.

Lincoln: Whoa, Lynn, you look amazing. How do you feel?

Lynn: (Divine Echoing Cosmic Voice of The Raging Volcano and Divine Love) **I feel incredible, Lincoln, and now, it's time that we take down that feral beast, Hundun, once and for all.**

Lincoln: (Smiles) You said it, Lynn.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-

Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he also transformed into Lincoln the Nocturnal, as brown fur grew on his abnormally massive and powerful muscular arms and lower body, tanned fur grew on his abnormally massive and powerful wide pecs and eight-pack abs, he gained a sturdy and strong wolf's muzzle with black nose and covered in tanned fur, his nails grew into claws, he had two large brown wolf ears, and the black pupils in his neon deep sapphire blue eyes turned into slits, his canines grew into fangs, and he sprouted out his eleven massive, long, and powerful deep sapphire blue werewolf tails.

Lincoln: **Figured I'd let the beast out in me, as well.**

When Helena McTroy, Emily LaRue, and Cathy Russo saw Lincoln in his Lincoln the Nocturnal form, their faces had atomic red blushes and hearts in their eyes.

Helena McTroy: Whoa, so that Lincoln's Nocturnal Werewolf form, that's so awesome.

Lynn: **Alright, now, let's fight.**

Lincoln: **Time to die, Hundun.**

Warriors Orochi 3: Ultimate - Roar of Sight Marred - Theme of Hundun

Lynn and Lincoln went at Hundun, who tried to attack them with his four massive Endless Chaos hatchets, but they dodged them, and they fired powerful blasts of rainbow energy, elemental forces, lava, earth, and lightning at Hundun, and as they hit him, they exploded with incredible power, and he as also badly injured by the purity of the good radiating from them.

Then, they attacked Hundun with their massive swords, and they really hurt him badly. Then, Lincoln and Lynn fired powerful blasts of red energy, and as they hit Hundun, they began sucking out all of his powers and immense superhuman strength, and he and the rest of us made them our own. Then, Lincoln and Lynn impaled Hundun's four arms and four wings with swords made of rainbow energy, and the purity of those swords kept him from escaping, and were hurting him. Then, Lynn and Lincoln flew out of Koshi Castle, and they formed two massive rainbow energy balls and they threw them at the castle, and they teleported out, and as the two massive rainbow energy balls hit Koshi Castle and Hundun, Koshi Castle was destroyed and Hundun was obliterated forever, and his spirit was Super Hakaied forever.

We cheered wildly for them, as Lynn and Lynn then holstered their massive swords on their backs and power down, and the improvements to Lynn's clothes, weapons, jewelry, and angel wings were permanent. Then, they came back to us, and we went up to Lincoln and Lynn, and we hugged them, and they hugged us back.

Laney: (Smiles) Lynn, Lincoln, you guys did an awesome job, you destroyed Hundun, and you also destroyed Koshi Castle, wiping out the last remnants of Orochi forever.

Lynn: (Smiles) Thanks, Laney. (To Lincoln) Oops, uh, Lincoln, you forgot to change back to normal.

Lincoln: (Beastly Voice) **Whoops, sorry about that. Thanks for reminding me, Lynn.**

But, before Lincoln could change back, he got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln the Nocturnal had a sly grin on his muzzle, and he'd made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Lightning went up to Lynn, and he then wrapped his arms around Lynn's waist, and he kissed her passionately, which Lynn returned, as she wrapped her arms around his neck, and kissed him. Then, Lincoln turns back to normal.

Me: We're going to make sure The Loud Parents hears everything that happened today.

Lincoln: You got that right, J.D.

We then set our sights on the 1987 Shredder.

Me: This is gonna be fun.

I transformed into my Ultimate Transformation.

Me: Time for you to see how powerful I can be.

1987 Shredder: We'll see.

We went at each other and I was dodging all his punches and then I punched him in the face and kicked him in the stomach and then I kneed him in the face and smashed him down.

Nico and everyone were flabbergasted.

Nico: Unbelievable! J.D. is more powerful than ever before and not even the Shredder from 35 years ago can match him!

Rainbow Dash: AWESOME!

I punched the Shredder into the wall.

Me: LETS GET HIM!

We went at The 1987 Shredder and smashed and pulverized him all over with incredible fury. Swassa, Siado, Malvadine, Jaal, Tangath Toborn, Ario, Bierk, and Skartalas smashed and pulverized and blasted The 1987 Shredder.

They fired waves of elements and they formed into the symbols of the Moonlands.

Lincoln and his harem: MOONLANDS FINAL SMASH: MOONLAND BIG BANG ATTACK!

They fired a Big Bang Attack powered by the Moonlands at 1987 Shredder which explodes on contact and the blasts all hit him and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was smashed down.

Tony Jones: Well, that marks the end of a new kind of babysitting adventure.

Cargill: And with no evil Sasukes.

Me: Yep. Now that they were all Super Hakaied we will never see those monsters again.

1987 Shredder: So let me get this straight. As an alternative to us rotting in jail, we should join the Masters of Evil?

Krusty: Sounds about right.

Rocksteady: I'm in!

Bebop: Me too!

Kraang: (sighs) Well, it's better then being locked up.

Rat King: I'll join as well.

Leatherhead: Count me in too.

Stockman: I've always wanted to meet other scientists like myself.

1987 Shredder: Oh, what the Hell? I'm in.

Cantwell: Glad to hear it.

Wiggum: Now, who's up for some Karaoke?!

Dexter: As long as no burritos are involved.

Fat Tony: For the time being, I think you should eat ice cream.

Me: Don't worry we're not going to have burritos for lunch. Lets go have some Karaoke fun!

We cheered.

Me: First we got 2 more usual battles to head to. Lets go to the gym for them.

We did so and to our surprise we saw a figure there.

?: Bout time you all showed up. I was starting to get worried.

We saw that the figure was KING SPHINX from episode 4 of Mighty Morphin Season 1!

---

King Sphinx is initially mentioned by Finster as a monster to use as a way of separating Jason from the other Power Rangers to destroy him and leave them leaderless and easy to destroy. Finster supposedly creates him from a handful of Egyptian sand which he threw into the clay mold whilst making the monster's model. At Rita's request, King Sphinx deploys with the Putty Patrol so Zack, Kimberly and Jason arrive at the Children's Theater to fight them but King Sphinx flaps his wings hard enough to send Kimberly and Zack away to the Angel Grove Youth Center. After doing so, with all his Putties gone, King Sphinx blasts Jason with fire but he is unfazed and jumps at the monster and slashes the monster with his Power Sword but King Sphinx is unfazed and he has to roll away from a swing. After two more slashes that do nothing, they blade lock but Sphinx leaps into the air and teleports himself and Jason to the quarry and they roll down a hill before fighting again. King Sphinx quickly takes out Jason's legs but the Ranger blocks a swing to his neck and kicks away the monster before they jump at each other in mid-air, Unfortunately, it is at this point that Goldar arrives and forces Jason to dodge towards King Sphinx though Jason then slashes him away. Unfortunately, Rita then enlarges the two villains and Jason has to retreat from their giant footsteps even as they blast him down. Fortunately, despite King Sphinx blasting him, Jason is able to retrieve a bag filled with the new Power Crystals and use them to teleport the other Rangers in before he summons the Dinozords. Forming Tank Mode, they blast the two villains but they are unfazed and blast the formation with devastating force so they have to enter Battle Mode. Goldar and King Sphinx are smacked aside with Goldar getting punched back twice and Sphinx punched away. Though Goldar's counterattack forces them into

Tank Mode again, they ram down him and King Sphinx and blast them with the Cranial Laser. Enraged, King Sphinx leaps at them and slashes the Megazord but they deflect three more slashes and punch him away so he tries to blow them away instead. However, it barely pushes back the Megazord and Jason summons the Power Sword and they finish off King Sphinx with its energized slash. As he flails and cries out, King Sphinx face-plants and explodes.

Jason Lee Scott: King Sphinx!

King Sphinx: Been a while Rangers.

Me: I remember you! You were sent to destroy a Children's Theater that the rangers put together.

King Sphinx: That's right. Good memory on you there.

Me: Never missed an episode.

William: I'm so sorry for the long wait!

King Sphinx: It's fine. I know you guys haven't had a babysitting adventure in a while.

Me: No we haven't. But there will be many more of them this year.

Nico: Yep.

Grogan appeared too.

Grogan: (British Accent) Hope you are ready for a fight Edyn.

Edyn; Always ready Grogan.

We got the battle with King Sphinx underway.

The Mighty Morphin Rangers, Megaforce Rangers, Nico, Eli, Nunnally, Apple Fritter and Applejack were facing King Sphinx.

Jason: IT'S MORPHIN TIME!

THUNDERCLAP!

Tommy Oliver: DRAGONZORD!

Zach: MASTODON!

Kimberly: PTERODACTYL!

Billy: TRICERATOPS!

Trini: SABER TOOTH TIGER!

Jason: TYRANNOSAURUS!

They transformed and they were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! MIGHTY MORPHIN 1!

The Megaforce Rangers turned into the Mighty Morphin Rangers too!

Nico: It's buttkicking time!

Nico teleported and opened King Sphinx's safe and in it was a bunch of swords called the Destroyers of Yuuki Terumi's Dark and Genocidal Ambitions, they're large swords with the anti-Novus Orbis Librarium symbol etched onto the 6'5" massive, wide, double-edged blades, large black angel wings for the crossguards, large red gems for the hilts, longer black hilts, and large black faceted sphere pommels with surrounding red gems. Once in hand, they'll get a massive power and energy increase.

Nico teleported back with them.

Rangers: LETS BRING THEM TOGETHER!

They formed the Power Blaster!

Nico: FIRE!

They fired waves of energy and elements and the blasts hit and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

King Sphinx was dead.

Nico: King Sphinx you have failed this city!

Troy Burrows: Rangers that's a Super Mega Win.

Edyn was facing Grogan.

Edyn: I'm still amazed how you know J.D. from all those years ago. That is amazing.

Grogan: It sure is amazing. And he has come a long way over the years.

Edyn: Yes he has. Lets dance!

Edyn fired energy blasts and blew him down.

We later regrouped and cheered.

Me: Okay now it's Karaoke time! Lets head to Luna's room!

We cheered.

Later in Luna's room we were getting ready for an awesome singing session.

Me: Okay who wants to go first?

Turbo: I do. I have a song I'm going to sing. I'm going to sing Ain't Goin Down Till the Sun Comes up By Garth Brooks.

Nico: Good choice.

Laney: Awesome!

Turbo: I've always had a thing for Country Western Music.

The song played and we were in Monument Valley.

Turbo: (Singing)

Six o'clock on Friday evening

Momma doesn' t know she's leaving

'Til she hears the screen door slamming

Rubber squealin' gears a jamming

Local country station just a blaring on the radio

Pick him up at seven and they're headin' to the rodeo

Momma's on the front porch screamin' out her warning

Girl you better get your red head

Back in bed before the morning

Nine o'clock the show is ending

But the fun is just beginning

She knows he's anticipating

But she's gonna keep him waiting

Grab a bite to eat

And then they're heading to the honkey tonk

But loud crowds and line dancing

Just ain't what they really want

Drive out to the boondocks and park down by the creek

And where it's George Strait 'til real late

And dancing cheek to cheek

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Ten 'til twelve is wine and dancing

Midnight starts the hard romancing

One o'clock that truck is rocking

Two is coming, still no stopping

Break to check the clock at three

They're right on where they want to be

Four o'clock get up and going

Five o'clock that rooster's crowing

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Six o'clock on Saturday

Her folks don't know he's on his way

The stalls are clean, the horses fed

They say she's grounded 'til she's dead

Well here he comes around the bend

Slowing down, she's jumping in

Hey mom, you're daughter's gone

And there they go again

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

When the song was done we cheered wildly!

Applejack: YEEHAW! That was great!

Nico: Love good songs like those.

Me: Yep.

Otto Rocket: I got one. It's Funky Cold Medina by Tone Loc.

Me: Ooh! Good choice. That's one of my favorites.

Otto Rocket: Righteous!

The song played and we were in a bar.

Otto Rocket: (Singing)

Cold coolin' at a bar, and I'm lookin' for some action

Feel like Mike Jagger said, I can't get no satisfaction

The girls are all around, but none of them wanna get with me

My threads are fresh and I'm lookin' def', yo, what's up with L-O-C?

The girls is all jockin' at the other end of the bar

Havin' drinks with some no name chump

When they know that I'm the star

So I got up and strolled over to the other side of the cantina

I asked the guy, "Why you so fly?" he said, "Funky Cold Medina"

You know I'm saying

Funky Cold Medina

This brother told me a secret on how to get more chicks

Put a little Medina in your glass, and the girls'll come real quick

It's better than any alcohol or aphrodisiac

A couple of sips of this love potion, and she'll be on your lap

So I gave some to my dog when he began to beg

Then he licked his bowl and he looked at me

And did the wild thing on my leg

He used to scratch and bite me, before he was much, much meaner

But now all the poodles run to my house for the Funky Cold Medina

Oh, my goodness gracious, break it down for 'em

Uh-huh, Funky Cold Medina

I went up to this girl, she said, "Hi, my name is Sheena"

I thought she'd be good to go with a little Funky Cold Medina

She said, "I'd like a drink, " I said, "Ehm, okay, I'll go get it"

Then a couple sips she cold licked her lips

And I knew that she was with it

So I took her to my crib, and everything went well as planned

But when she got undressed, it was a big old mess, Sheena was a man

So I threw him out, I don't mess around with no Oscar Meyer wiener

You must be sure that your girl is pure for the Funky Cold Medina

You know what I'msaying, y'all? Ain't no plans with a man

Oh, yeah, Funky Cold Medina

Oh, it's too late, break it down

Back in the saddle, lookin' for a little affection

I took a shot as a contestant on, the Love Connection

The audience voted, and you know they picked a winner

I took my date to the Hilton for a Medina and some dinner

We had a few drinks, I'm thinkin' soon what I'll be gettin'

Instead she started talkin' 'bout plans for our weddin'

I said, "Wait, slow down, love, not so fast says, I'll be seein' ya"

That's why I found you don't play around with the Funky Cold Medina

Funky Cold Medina

When the song was done we cheered wildly.

Rainbow Dash: That was AWESOME!

Stacy Bolton: RIGHTEOUS BRO! That was great!

Nico: It sure was!

Otto Rocket: Thanks. First time singing actually.

Dr. Nick: I got one. It's for all those that fought against Godzilla. It's Heroes by the Wallflowers.

Me: Cool! That's a good choice.

Dr. Nick went up and the song played and we were in New York

City.

Dr. Nick: (Singing)

I, I will be king

And you, you will be queen

Though nothing, will drive them away

We can beat them, just for one day

We can be heroes, just for one day

And you, you can be mean

And I, I'll drink all the time

'Cause we're lovers, and that is a fact

Yes we're lovers, and that is that

Though nothing, will keep us together

We could steal time, just for one day

We can be heroes, forever and ever

What'd you say?

I, I wish you could swim

Like the dolphins, like dolphins can swim

Though nothing, nothing will keep us together

We can beat them, forever and ever

Oh we can be heroes, just for one day

I, I will be king

And you, you will be queen

Though nothing will drive them away

We can be heroes, just for one day

We can be us, just for one day

I, I can remember (I remember)

Standing, by the wall (by the wall)

And the guns, shot above our heads (over our heads)

And we kissed, as though nothing could fall (nothing could fall)

And the shame, was on the other side

Oh we can beat them, forever and ever

Then we could be heroes, just for one day

We can be heroes

We can be heroes

We can be heroes

Just for one day

We can be heroes

We're nothing, and nothing will help us

Maybe we're lying, then you better not stay

But we could be safer, just for one day

Oh-oh-oh-ohh, oh-oh-oh-ohh, just for one day

When the song was done we cheered wildly.

Me: Awesome!

Nicole: Way to go Nick!

Tony Jones: I got one. I'm going to sing Come and Get Your Love by Redbone.

Star Lord: Now you're talking! Go for it Tony!

Tony got ready and the song began and we were in the endless void of space.

Tony Jones: (Singing and Dancing)

(Peter Quill and Tony were singing and dancing to it)

When the song was done we cheered wildly for them and it was awesome!

Nico: ROCK ON GUYS!

Eli: That was so awesome!

Luna: ROCKIN DUDES!

Nico: That was so awesome!

Gamora: I thought it was really amazing myself.

Me: Yep it sure was.

Our stomachs growled.

Me: Getting hungry. Time for lunch.

We went to the kitchen. We decided to have pizza and ice cream and it was a big and awesome pizza.

---

French Narrator: (French Accent) 1 Hour Later.

---

We were STUFFED!

Me: Ahh! (BURPS!) Man that was delicious.

Nico: I'm stuffed.

Dexter: Sweet satisfaction.

Laney: Yeah. (Burps) Pardon me.

Eli: That was delicious.

Tony Jones: Yep. (To the viewers) This was an awesome babysitting adventure and it was amazing. Hope you all liked this as much as we do.

Nico: We all liked it. But you all did a great job today and colonel good job babysitting.

Me: Thanks Commander. Even though it was your turn to lead today I was expecting this to be honest.

Nico: No worries.

We later watched TV and later enjoyed the rest of the day and went to sleep and then the next morning everyone came back early and they saw that we were asleep.

THE END

---

Another awesome babysitting adventure in the books.

I always love the babysitting adventures we have and they are fun. The reason we have the 1987 TMNT villains in the mix is because I wanted us to be prepared for them when we face the upcoming 2012 villains of TMNT soon. The first part was for the Dexter's Lab episode called Chubby Cheeses and that was awesome! That episode aired on July 23rd, 1997 and that was an awesome episode and great too. The second part was for the Dexter's Lab episode called Critical Gas and that was one funny and crazy episode! Dexter ate a ginormous burrito and it gave him really bad gas and he released one enormously loud fart at the end of the episode that was heard all over the galaxy! That episode aired on February 4th, 1998 and it was awesome! I laughed my butt off so hard when Dexter did that! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for Nico is gonna be in Bright Savanna from Donkey Kong Country: Tropical Freeze and he, May and Manaphy are going to smash the Snowmads there as well as meet a Frost and Flame Dragon Gene-Slammer that is really twin friends he knows. Their names are Marah and Lorah Donnally and they went to woodworking class with him. The next rescue for Lincoln is going to be in the same world but in the island of Autumn Heights, one of my favorite levels there and Lincoln and his group are going to face Skowl The Startling and they will also meet an Earthbound Immortal Ccapac Apu Gene-Slammer and I'll meet a Guardian Eatos. The next chapter is heading back to the Moonlands and we're going to Arderial and we're going to face the 2003 villain Mephos and he is a FALLEN ANGEL villain from the Avians.

See you all tomorrow.

# Arderial Angel Fury

In the world of Donkey Kong, Nico, May and Manaphy were flying over the ocean.

Nico: Thanks for coming with me, May.

May: No problem honey and it'll be awesome to see more of the islands of the Donkey Kong World.

Manaphy: I hope the island we're going to for the rescue is gonna be wet and awesome.

Nico: It will be awesome and we're here.

They arrived at the island of the Bright Savannah.

---

Bright Savannah is the third world of the Wii U game Donkey Kong Country: Tropical Freeze.

The savannah appears as its own island decorated tall grass, Baobabs and Umbrella Thorn Acacias, boulders, canyons, and a waterfall. It also has is own inhabitants such as Swooper Doopers, Buffaloafers, and Porcupals which are the domestic enemies of World 3. The Savannah also as its own puppets of animals, has a hidden tornado and is being attacked by fire in the southeast. The canyons of the island are shown with gears and cogs part of their own contraptions on the west and infested with vines having thorns on the east. The center has been marked Snowmad territory as they left their flags and have built walls with signs trying to keep out the Kongs while invading the Savannah.

---

Nico: Here we are.

May: Wow. Nicole told me all about this place. It's the Bright

Savannah.

Nico: Yep and we're here to pulverize the Snowmads.

May: Those cretins! They stormed Donkey Kong's island and took it over by force.

Manaphy: Who are the Snowmads?

May: They are a bunch of ice loving nomads that are very reminiscent of the Vikings like back 1,000 years ago.

She told Manaphy about them.

---

The Snowmads are a tribe of seafaring animals and the main antagonists in the game Donkey Kong Country: Tropical Freeze. Hence their name, the Snowmads invaded and conquered many islands around the oceans, like real-life vikings.

The Snowmads first begin their plot of the game confronting Donkey Kong Island as their leader Lord Fredrik blows his horn, creating an Ice Dragon which unleashed strong winds, blowing the Kongs away from their island home. The Lord's ship then took flight, landing on top of the volcano of Donkey Kong Island as the Ice Dragon creates a blizzard all over the island, turning it into a frozen home for the Snowmads.

Although it seems like a wasteland, the Snowmads have made infrastructure of their own, including houses, taverns, and even a fortress seen in the level Clifftop Climb, as well as the level Seashore War, where they have many fisheries, all while they have ruined other parts of Donkey Kong Island, such as the ruins, and have caused multiple caves to become stressed to the point where the slightest loud noise could cause them to collapse. The forest has been mostly unaltered in appearance, but giant snowflakes are there, that can destroy wooden platforms, probably because they have become brittle. The factory has been frozen over, causing it to shut down, and there are multiple parts of the cliff that have gotten huge icicles to form. The volcano has been turned into a hallway leading to the summit of Donkey Kong Island.

After the Kongs have traversed five islands, defeating the generals of the Snowmads, they finally return to their island. Barrel Cannons are the only means of transportation between locations, because the terrain is covered in thick snow. Later on, the primates face Lord Fredrik inside the volcano and defeat him, throwing the Snowmads into the sea. By using Fredrik's magic horn, Donkey Kong is able to restore the original climate of the Donkey Kong Island.

---

When she was done Manaphy was horrified.

Manaphy: Why those rotten monsters! They need to be taught a lesson they will never forget!

Nico: I agree there. Lets go get those savages!

May: Yeah!

Nico: Since we didn't do an entrance the other day, let's do one right now.

May: With pleasure.

Manaphy: Lets get them!

They flew at them.

The Snowmad Penguins and seals and animals were gathering supplies when suddenly the fish and food they had came to life and were slapping and biting the Snowmads all over the place with incredible fury! Then the food shoved itself down a seal and he exploded in a massive fiery explosion!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOO

A phoenix cry was heard and they came out.

May: Surprise you bird freaks!

Nico: I've always wanted to try that out.

The Penguins yelled and the Snowmads went at them to attack!

POW BOP BONK BIFF BOOF WHAM SMACK!

May, Nico and Manaphy were punching and smashing the Snowmads all over the place with powerful fury.

May: How much a** are you kicking, Manaphy?

POW BIFF SMASH BLAM BLANG WHAM BASH KROW SMASH BIFF WHOMP!

Manaphy was smashing and pulverizing many Snowmads all over the place and the body count was piling up REALLY REALLY FAST!

Manaphy: As much as you mama!

May: Awesome!

Suddenly blasts of fire and ice hit the Snowmads all over from out of nowhere and the ice blasts froze them in blocks of ice and the fire blasts incinerated them into nothing.

Manaphy: Whoa! Was that you guys?

May: No that wasn't us.

Nico: It's from that!

They saw a Frost and Flame Dragon blasting the Snowmads into nothing!

May: Whoa! A Frost and Flame Dragon!

FAFD Frost Head: (In a Girls Voice) You are frozen stiff!

FAFD Flame Head: (In a Girls Voice) And now you're ashes!

Nico: Whoa those voices! That's Marah and Lorah Donnally.

May: More friends of yours?

Nico: They're twins and they went to woodworking class with me. Hey girls!

The Frost and Flame Dragon saw Nico waving at it.

FAFD Frost Head: Nico!

FAFD Flame Head: Nico!

They landed.

Lorah Donnally: Wow! Awesome to see you.

Marah Donnally: Wow you sure have grown.

Nico: Wait. How the Hell did you two get Gene Slammed into one creature?!

Lorah Donnally: We don't really know ourselves.

Marah Donnally: When we got slammed we just suddenly merged and became this.

May: Very strange and since Frost and Flame Dragon is 2 elements in one that must be tough.

Lorah Donnally: It sure was.

Marah Donnally: But we don't mind being this way.

Nico: Wow.

May: What's your favorite memory of Nico?

Lorah Donnally: When we made that awesome fancy furniture set together.

Marah Donnally: Yeah we made really luxurious furniture like the ones you see on TV or the internet and we made quite a lot of money for the school fundraiser.

Lorah Donnally: Sold by lots of rich people for millions.

May: Wow! That is cool!

Manaphy: Boy it sure is awesome!

May: Time for you two to have seperate bodies again.

Lorah Donnally: It'll be good to be human again.

May: May I do this one Nico?

Nico: Go for it.

Nico covered his eyes and May snapped her fingers and then Marah and Lorah split apart and turned into human again and Marah had blue hair and Lorah had orange red hair and they were both in their birthday suits and May gave them new dresses that matched their hair.

Lorah Donnally: Wow! This is amazing!

Marah Donnally: It sure is. Wow! It's awesome to be human again. Nico!

They went and hugged him.

Nico: It's awesome to see you girls again.

Lorah Donnally: Same here.

May: By the way sorry I didn't introduce myself earlier. I'm May Chan and this is Manaphy.

Manaphy: Hello there.

Marah Donnally: Awesome to meet you.

Lorah Donnally: Wow how did you teach Manaphy how to talk?

Manaphy: I actually learned myself.

Lorah Donnally: Wow.

They then went over to help Lincoln and his group.

A few minutes later after Nico's rescue, Nico, May, Manaphy, Lorah and Marah joined up with us and Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Lorah, Marah, May, Manaphy, Donkey Kong and his family, Kalin Kessler, and Mizore Shirayuki were heading back to Donkey Kong Island, this time, it's the Island of Autumn Heights, and not only is Lincoln going to rescue the thirteen girls there, but we're going to face Skowl the Startling.

And with us were Yukimura Sanada, Keiji Maeda, Kanetsugu Naoe, Hanzo Hattori, and Musashi Miyamoto from the Samurai Warriors franchise. They heard we were the ones who killed Orochi, Da Ji, Kiyomori Taira, Kyūbi, and Hundun, and that Lincoln was the one who rescued Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena, courtesy of the other warriors from the Samurai Warriors franchise, and Shingen Takeda, Ieyasu Tokugawa, and Kenshin Uesugi sent Yukimura Sanada, Keiji Maeda, Kanetsugu Naoe, Hanzo Hattori, and Musashi Miyamoto as emissaries, and the Samurai Warriors girls were happy to see them again.

Lincoln: Wow, we're on the Island of Autumn Heights, and I think I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're going to face Skowl the Startling.

Me: That's right, big guy.

Laney: Wow! This island is amazinf. Autumn Heights is loaded with all kinds of scenery for the fall turn.

Eli: It sure is. Wow.

---

Autumn Heights is a mountainous island, and the second world of the Wii U game Donkey Kong Country: Tropical Freeze. It is the place where the Hootzs originate from. Autumn Heights is a large grassy mountain island in the water which has habitats of red and yellow trees, windmills, pine trees, monoliths, and mountains with one in the shape of an owl. It's also has inhabitants of Cheesy Chesters and Schnautzels which are the domestic enemies of World

2.

---

Nico: So, one of the Snowmads has escaped here to Autumn Heights, eh? Perfect, and Lincoln's going to make sure that overgrown owl pays for his crimes.

Nicole: That's right, Nico. And it's a pleasure to meet you, Keiji, Kanetsugu, Hanzo, and Musashi, Yukimura.

Yukimura Sanada (Samurai Warriors): You too, Nicole.

Keiji Maeda (Samurai Warriors): When we heard that you were the ones who killed Orochi, Da Ji, Kiyomori, Kyūbi, and Hundun, let's just say we've been wanting to meet you, and that Lincoln's the one who rescued Chacha, Koshosho, Lady Hayakawa, Naotora Ii, Ginchiyo Tachibana, Ina, Okuni, Oichi, Nene, Gracia, Kai, Mitsuki, and Sena, and they're now part of his harem.

Kanetsugu Naoe (Samurai Warriors): Indeed, and Lincoln has sworn to take care of his future wives.

Lori: Lincoln has a massive golden heart, Kanetsugu, and he cares for everyone around him.

Nene (Samurai Warriors): He sure does, Lori. And I'm also going to guess that the news had also reached Lord Nobunaga.

Lincoln: You're right about that one, Nene. Plus, I'm sure it's also reached the armies of Wei, Wu, and Shu, which means, we'll meet several of those warriors very soon. But, I'm ready to meet them.

Me: That's what I want to hear, Lincoln.

Nico: Same here.

Kalin Kessler: Plus, there's another Earthbound Immortal Gene-Slammer here as well, and I'm going to guess it's another friend that Lincoln has met in childhood.

Lincoln: That's right, and like with Nico's rescue, the Gene-

Slammers I've met are friends I've met in childhood.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, along with a Guardian Eatos, but they've been cornered by Skowl the Startling, and he's going to kill them.

Lincoln: Guys, I've found the twelve girls, along with a Guardian Eatos, but they've been cornered by Skowl the Startling, and he's going to kill them.

Me: What?!

Lincoln: Let's get him!

We rushed on over, and Lincoln fired a massive rainbow energy blast at Skowl the Startling's back, and it hurt him badly. When Skowl the Startling saw us, he was enraged, especially when he saw Nico.

Skowl the Startling: So, the famous Team Loud Phoenix Storm has arrived? Now, I can get revenge on you all for what you did to the other Snowmads.

Lincoln: Don't even think about it, Skowl. You Snowmads have caused enough trouble for Donkey Kong and his family for the last time.

Me: And we're going to turn you into a fried turkey!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Mizore Shirayuki unholsters her massive Frostmourne sword from her back and transformed into her Super Angel 750,000,000,000 form, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem also got out their weapons, Yukimura Sanada, Keiji Maeda, Kanetsugu Naoe, Hanzo Hattori, and Musashi Miyamoto got out their weapons, Donkey Kong and his family got out their blasters and swords, Kalin made a sword of dark and blue energy, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Skowl the Startling, who also summoned his Blue and Hot Hootzes, and we fired powerful blasts of rainbow energy, elemental forces, wind, fire, darkness, ice, light, and arrows at them, and they exploded with incredible power, and we cut them down with our weapons.

But, we saw Skowl the Startling summon more Hootzes and he and all of them were coming after us, but before they could attack, we saw the Earthbound Immortal Ccapac Apu descend, and it fired a blast of purple energy at Skowl the Startling and his massive army of Hootzes, and it ripped all their souls out of their bodies and devoured them, and their bodies were reduced to ashes.

Kalin: What the? Ccapac Apu, but I didn't summon him on those bad owls.

Earthbound Immortal Ccapac Apu: (In a girl's voice) That'll teach you, you vicious owls.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Wait, that voice. Mia Addison, is that you?**

Cathy Russo: Mia's here?! Wow!

Emily LaRue: And just like us, she's an Earthbound Immortal Gene-Slammer, awesome.

Mia Addison: Lincoln, is that you?

Mia Addison went up to Lincoln, and they hugged.

Lincoln: **Yeah, it's me, Mia. I haven't seen you when you were four, and I've really grown a lot as you can see, and I'm sixteen years old.**

Mia Addison: Yeah, I can see, you've really grown a lot from the three-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Me: Whoa, Lincoln, you know her?

Lincoln: **Yeah, I do, J.D. This is Mia Addison, and like with Emily and Cathy, I met Mia when she was four years old, and she also defended me from bullies, like Helena, Emily, and Cathy.**

Nico: Awesome.

Me: Awesome to meet you.

Mia: Same here.

Nico: It's awesome that you smash bullies skulls in.

Mia Addison: That was so fun.

Kalin: And it's really cool that you are a gene-slammer of Ccapac Apu. I'm Kalin Kessler and I'm the Giant Dark Signer.

Mia Addison: Pleasure to meet you.

Lincoln: **The rescues are always awesome. Now, let's get you back to normal. Boys, cover your eyes. Hold still, Mia,, this is going to hurt.**

Eli, Me, Nico, Kalin, and Donkey Kong and his family covered our eyes and Lincoln snaps his fingers, and Mia was reverting back to normal, and she was a beautiful 16-year-old girl with long blue hair, blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with blue tips on the large black feathers on her back, as she reigns in the power of Earthbound Immortal Ccapac Apu, and she was in her birthday suit.

Lincoln: How do you feel, Mia?

Mia Addison: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with a blue phoenix, black skirt with the Earthbound Immortal Ccapac Apu and blue flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound Immortal Ccapac Apu on the back, and on her back is a large Earthbound Immortal Ccapac Apu-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Ccapac Apu etched on it, large black wings for the crossguard, large blue gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding blue gems.

Kalin: Nice. I like the outfits you designed for her, Emily, and Cathy, Lincoln.

Lincoln: **Thanks, Kalin. I decided to try my hand on making outfits for Gene-Slammers we've met, along with sticking to the theme of the creatures they were Gene-Slammed into, and the large swords holstered on their backs match the creatures they were Gene-Slammed into.**

Mia Addison: That's awesome, Lincoln, and I love this new outfit and new large sword you made for me.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Mia Addison: Wow, is this…?

Lincoln: **Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Mia.**

Mia Addison had a big smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered. And the Guardian Eatos had an Elemental Phoenix of Eternal Love necklace appear on her neck, and she went up to me, and I wrapped my wrapped his abnormally massive and powerful muscular arms around her waist and I kissed her, and all of us cheered. Then, Lincoln and the rest of us went up to the thirteen girls located here, and when Lincoln saw them, he immediately recognized them, including Yukimura Sanada, Keiji Maeda, Kanetsugu Naoe, Hanzo Hattori, and Musashi Miyamoto from the Samurai Warriors franchise.

The thirteen girls are Arashi Shinozuka from Gad Guard, Jūbei Yagyū, Sen Tokugawa, Yukimura Sanada, Charles d'Artagnan, Matabei Gotō, Hanzo Hattori, Naoe Kanetsugu, Hozoin Inshun, Keiji Maeda, Miyamoto Musashi, Araki Mataemon, and Sasaki Kojirou from Samurai Girls.

Lincoln: **Oh wow, it's Arashi Shinozuka, Jūbei Yagyū, Sen Tokugawa, Yukimura Sanada, Charles d'Artagnan, Matabei Gotō, Hanzo Hattori, Naoe Kanetsugu, Hozoin Inshun, Keiji Maeda, Miyamoto Musashi, Araki Mataemon, and Sasaki Kojirou.**

Helena McTroy: From Gad Guard and Samurai Girls, awesome.

Yukimura Sanada (Samurai Warriors): Looks like we also have genderbent twins, along with the rest of you, Lincoln.

Lincoln: **It sure is. Are you girls okay?**

Arashi Shinozuka: Yeah, we're okay, thanks to you.

Then when Arashi Shinozuka and the other twelve girls saw who it was that saved from Skowl the Startling, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Arashi Shinozuka: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: **That's right, and it's a pleasure to meet you all.**

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Arashi Shinozuka: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love have appeared around the necks of Arashi Shinozuka and the Samurai Girls versions of Jūbei Yagyū, Sen Tokugawa, Yukimura Sanada, Charles d'Artagnan, Matabei Gotō, Hanzo Hattori, Naoe Kanetsugu, Hozoin Inshun, Keiji Maeda, Miyamoto Musashi, Araki Mataemon, and Sasaki Kojirou. We returned to the Estate, and when Lincoln showed them of what we did to Skowl the Startling, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over.

Lincoln and Mia Addison have a lot of catching up to do now that she's back, and she's going to do a lot of sharing of memories with us, and Yukimura Sanada, Keiji Maeda, Kanetsugu Naoe, Hanzo Hattori, and Musashi Miyamoto from the Samurai Warriors franchise have become members of the team, and soon, we'll be meeting more warriors from the Dynasty Warriors and Samurai Warriors franchise, now that they know of us and that the girls from those two franchises are now the future wives of Lincoln.

---

After getting rid of Skowl the Startling this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Mia Addison saw Lincoln working out like crazy, she had an atomic red blush on her face.

Mia Addison: Whoa, Lincoln's really grown to be a 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. included, Mia, and now, I can also fight and defend myself.

Mia Addison: Awesome.

Me: So, Mia, what memories did you have with Lincoln?

Mia Addison: Oh, I remember that one time in Biology Class, Lincoln found a beautiful geode in the yard in the back of the school, and he brought it to me. When I cracked it open, it had beautiful blue sapphire gems inside it, and I still have it.

Mia Addison took out the geode, and when we saw the beautiful blue sapphire gems inside it, we were amazed.

Rarity: Those gems are so beautiful, Mia darling.

Nicole: They sure are, Rarity. And Lincoln found it in the school when he was four years old. That's so awesome.

Nico: Oh, Lincoln, what can you tell us about Mia Addison?

Lincoln: Well, Mia's a smart girl, but she's also a tough girl, and like I said, she defended me from the bullies there, and she has an interest in collecting beautiful gems.

Mia Addison took out her massive collection of beautiful gems, and they were so amazing.

Nico: Dang, those are some beautiful gems, Mia.

Mia Addison: Thanks, Nico.

Nicole: It's awesome that you are an amazing Rock and Mineral Enthusiast.

Maud Pie: (Monotonously) You and I are gonna be perfect together in the fields of geology.

Mia Addison: Yeah. Oh, and there's something that you guys should also know. I didn't tell Lincoln this long ago, but when I was five years old, it was on a cold February night, and when we were asleep, we were woken up by intruders in the house. Mom hid me in the closet of my room, but my parents were murdered in cold blood. I still hear the sounds of the gunshots of that night, and I soon found out who it was: the ones who murdered my parents in cold blood were Dustin Keystone's parents, and Dustin Keystone was with them on that night.

We gasped in pure horror, including Lincoln and his harem.

Lincoln: (Horrified) My God.

Twilight Sparkle: That was so awful. Mia, I'm so sorry.

Sheila Castille checked the computer of that night, and she saw that Dustin Keystone's parents were captured along with Dustin Keystone, and while Dustin was sent to prison for Life, his parents were convicted for the cold-blooded murders of Mia's parents, and her testimony of that night got them sentenced to death, and they were executed in the electric chair.

We were horrified at the news, and Mia had tears in her eyes, and she hugs Lincoln around his waist, and she then broke down and cried and he felt her tears on his bare chest. Lincoln then wrapped his abnormally massive and powerful muscular arms around her, and the infinite body heat coming from his abnormally massive and powerful muscular body was comforting and warming her. That really hurt us seeing her like this.

Lincoln: (Warmly) Shh, it's okay, Mia, it's okay.

Luna: Whoa, dude. Oh man, now I remember, Lincoln wasn't the only victim of Dustin Keystone, Mia was also made a victim of Dustin Keystone that day when he and his scum-sucking parents killed her parents.

Lincoln: Mia, I'm glad that you told us of what happened. But, I also know why you didn't want to tell me about it: you were afraid of re-opening the wounds of that night, and reliving those nightmares of that night.

Mia Addison: (Crying) I didn't want to tell you about it, because I really was afraid of re-opening the wounds.

Lincoln cupped his massive right hand on the right side of her face, and he wiped her tear from her right eye with his right thumb, and he wrapped his abnormally massive and powerful left arm around her waist. When she saw the warm smile on his face, she knew that Lincoln went through the same kind of torture at Dustin Keystone's hands, but he survived, and it was thanks to his sisters kicking his ass, he survived.

Then, he leaned down and he kissed Mia Addison right on the lips, and she returned the kiss, as she wrapped her arms around his neck, and they stayed like this, and we looked at the scene with a smile on our faces and tears in our eyes.

Nico: Now, I really hate Dustin Keystone even more. I can't believe what he and his parents did to Mia and her parents.

Me: Same here, Nico. If we ever see him in prison again we're going to give him ONE NASTY beating.

Mia Addison: Plus, I heard Lincoln's nasty reprimand on Dustin Keystone, and trust me, when I was hiding in a cave in Arizona after getting Gene-Slammed, I heard it and I was doing the shake all night long.

Lincoln had an embarrassed red blush on his face, and he laughed nervously. But, Mia smiled at him, and she raised her left arm, and her left hand cupped the left side of Lincoln's face.

Mia: Plus, I love just how much you have changed in those last few years, Linky, but you're still the same loving, caring, good-hearted, brave, strong, smart person who loves his family and friends with all his massive golden heart, and those kinds of characteristics that you have make you an awesome husband, father, brother, and son, and that's what we all love about you.

Lincoln had a smile on his face, and his eyes turned watery, and he responded with another romantic kiss, and she returned it, and we cheered wildly for them. We got a shower afterwards, and suddenly, a bright light descended on the Estate, and we covered our eyes. Then, the bright lights faded, and to our surprise, the world where Zuzu Boyle and Julia Krystal, two of Lincoln's many future wives, have merged with ours.

Lincoln: Wow, Zuzu, Julia, your world's merged with ours.

Zuzu Boyle: Awesome, this means, we're going to see Yuya and Aura again.

Suddenly, we saw two figures come up inside the elevator, and we saw them come out. They were none other than Yuya Sakaki and his girlfriend, Aura Sentia.

Zuzu Boyle: Yuya, Aura.

Yuya Sakaki: Zuzu, Julia.

Zuzu and Julia ran up to Yuyu and Aura, and they hugged. Then, we were introduced to Yuya and Aura, and they were honored to meet us. Then, Zuzu and Julia explained they're now the future wives of Lincoln, as evidence of their Thunderbird Necklaces of Eternal Love on their necks, and Lincoln explained that they were among a group of girls that he saved from John Kramer A.K.A. The Jigsaw Killer, and they cheered for them and offered their congratulations to them, and they know Lincoln's going to take good care of them, and he has a massive gold heart and he loves all those around them. We also met Yuya's counterparts, Yuto, Yugo, and Yuri, courtesy of a spiritual flame that Lincoln conjured up.

Yuya Sakaki: And it's also good to see you, Aster, and Jack again, Crow.

Crow Hogan: You too, Yuya.

Lincoln: Whoa, you guys know each other?

Jack Atlas: We sure do, Lincoln, and he's also a pretty good duelist, as well.

Lincoln: We'll have to hear about it one day.

Aster Phoenix: Trust me, Lincoln, you guys are going to love them.

---

Later is was time for Georgina's ambassador mission.

Hsi Wu: Can I go with you, Georgina?

Georgina: I did say I was gonna have you come with me next Hsi Wu. You will love the Rescue Bots.

Nico: Yep. It'll be awesome for you to meet them.

Hsi Wu: I can't wait to see what they are like.

Georgina: Lets head on out!

They were off to Griffin Rock.

They arrived.

Cody Burns: Hey Georgina!

Heat Wave: Who is this with you?

Georgina: Guys, meet my archenemy.

Hsi Wu: My name is Hsi Wu and I am known as the Demon Sorcerer of the Sky.

Cody Burns: Whoa! That is awesome.

Georgina: It's awesome having him as my archenemy. Whenever we have awesome usual battles we go into the air and fly and chase each other and then fight in the sky.

Dani: That is so awesome!

Kade: It sure is cool!

Hsi Wu: Speaking of my group, are there any possible recruits here?

Aligned Heat Wave: Well, compared to Optimus, Bumblebee, and the others, we don't have that many enemies.

Chase: But the ones we do have are not to be underestimated.

Georgina: We'll take note of that when we do face them in the future.

Cody Banks: I think I do see a potential couple of recruits for you.

He pointed to a van and they saw EVAN AND MYLES!

Georgina: Who are those two?

Dani: That's Evan and Myles. They are two delinquent twin brothers that do nothing but cause trouble.

They told them about their backgrounds.

---

Myles and Evan failed to steal from an ATM, but after seeing Doc Greene demonstrate the Minimizer at the Hall of Inspiration, they got the idea to steal it to make their thieving easier. They broke in to the hall that night and Evan quickly found the Minimizer. His brother subsequently used it on the Rescue Bots, but neither of them kept an eye on the rear entrance, and they were both grabbed by Chase. As Evan couldn't talk and Myles refused to, the duo were stuck in a jail cell.

Myles later engineered their escape using holograms. The pair used the town's holographic system to produce a plague of "ghosts", enabling them to scare people away from buildings so they could then go in and steal things. They managed to clean out the bank vault and the till of a restaurant before Cody, Frankie and the Doc worked out was going on. Using more holograms, the Rescue Bots caught the pair in the act of robbing a jewelery store.

Evan and Myles stole a piece of equipment from a shipment bound for Doc Greene's lab, easily avoiding Chase and Chief Burns by dumping oil on the road. Aiming to steal the rest of the stasis machine, they attempted to break into the laboratory, only to be seen off by Trex and an adult Cody Burns. The pair attempted to make a run for the ferry so they could reach the safety of the mainland, however after a chase through the docks, they were captured in a crate and airlifted to jail.

The criminal pair came up with a new plan to create a Tech Wrecker, and to this end they stole some mechanite from the museum, evading the authorities with the help of a hacked computer system. During their theft of Huxley Prescott's satellite dish, they also ganked Chase and were delighted to find that the rescue robot appeared to be under their control. With Chase's help, they stole floatium from the laboratory, and used their Tech Wrecker to disable technology across town. Their subsequent crime spree was brought to an end by the Burns family on scooters, and they were once again locked up. Bots and Robbers While trying to break into the bank vault, Evan and Myles were phased through the door by a mysterious superhero. Trapped, they were apprehended and locked up the next morning by Deputy Barney.

During preparations for Bot Appreciation Week, the pair infiltrated the laboratory and interfered with the 3D printer that was creating souvenir Rescue Bots for the celebration. The next day, they make the souvenirs steal from the townsfolk and break into the bank, taking advantage of the Burns family's absence from the island. Unfortunately for them, the Burns family returned to find the chaos and managed to arrest the pair, despite Evan's attempt at getaway driving.

Evan and Myles got themselves hired as assistants to Maura the Magnificent so that when Maura visited Griffin Rock to pick up some invisibility cloaks which Doc Greene had created for her act, the pair could steal the cloaks and use them to steal from the townsfolk. Unfortunately for them, Chase suspected something was up with

Maura's assistant, and the rescue team apprehended the pair as they robbed the bank.

Evan and Myles broke out of jail and tried to steal Quickshadow, first by simply dropping a shipping container on her, then by attaching a remote control device to her undercarriage and forcing her to drive off the pier and into the ocean. While both of these attempts were unsuccessful, they managed to get a video of Quickshadow acting in a distinctly un-robotic way during the second one, and threatened to upload it to the Internet if she didn't turn herself over to them within an hour. Quickshadow pretended to surrender to them, but revealed that they'd been foiled by the residents of Griffin Rock putting together a blatantly fake "sequel" to their video. They were returned to the mainland and to prison.

---

Georgina: Whoa man. They have really caused a lot of problems for you all huh?

Chief Burns: Yeah but they don't do any serious damage. They are what we call Delinquent Kids.

Georgina: Ah. Sociopathic troublemakers.

Chief Burns: Exactly.

Cody Burns: Georgina, before we go after Evan and Myles, can you tell me what your reversion back to human form feels like?

Georgina: Sure. It felt like I was being crushed and broken by a bunch of rocks the first time but then I got used to it.

Cody Burns: Ouch. But wow.

Hsi Wu: It was really awesome the first time though.

Georgina: It sure was.

They then saw a van and driving it was Evan and Myles!

Kade Burns: Well, if it isn't our old friends, Evan and Myles!

Aligned Heat Wave: How many times do we have to keep doing this dance?

Myles: Until the best man wins!

Evan threw a smoke bomb, creating a smokescreen. While the good guys couldn't see because of the smoke, the two brothers got into their van and drove off.

But Georgina was in the way and she held the van back with her incredible super strength and was smirking.

Georgina: Nice try boys but you two are not going anywhere.

Hsi Wu then grabbed them both out of their van.

They were brought over to them.

Quickshadow: I have to admit. You boys got us into a tough spot last time.

Myles: Yep. Kinda like the one you got us in right now. I mean, you guys probably don't care about secrets anymore. So, revealing that the Rescue Bots are actually alien robots probably won't do any good.

Hsi Wu: I hope you're aware that we could just throw you two in one of our prisons so you both never see the light of day again.

Myles: True. But I know that you're looking for recruits for your little crew.

Georgina: That's right and it always is fun.

Cody Burns: Look, the point is, we won't let you two keep stealing whatever you want whenever you two feel like it. It needs to end!

Myles: Can't do that. It's what we do.

Georgina: You're right about that and J.D. did tell us this many times in the past. There are people out there that will never change from what they do as it is always gonna be with them.

Myles: You're right on that.

Georgina: Okay. Then find another line of work.

Myles: (pretends to think about it) Don't want to.

Aligned Heat Wave: Why's that?

Myles: The same reason you all keep running after guys like us. The adrenaline. The thrill of the chase. We love this game. (smirks) And guess what? We're very good at it!

Georgina: Just like we are always good at stopping bad guys. But I think I have just the archenemies for you two.

Myles: Who?

Georgina: Nico's friends Lorah and Marah Donnally. They are twins of Fire and Ice.

Myles: We'll think about it but we have standards and we can't fight girls.

Georgina: Okay then. We'll think of something.

Cody Burns: Look, if you two are gonna be in the Masters of Evil, then you need to be aware that you two should only kill bad people.

Myles: Hey, all those times we've stolen stuff, we don't even kill at all. Blood makes me uneasy.

Georgina: Welcome to Lady Hokage's world. She and you would get along great because when she lost her lover Dan during the 2nd Great War she developed a fear of blood until my friend Naruto helped her overcome it.

Myles: Wow. But Blood still makes us uneasy.

Aligned Heat Wave: That's good. And if you guys really aren't like Morocco, then you guys know you don't have to kill to get what you want.

Georgina: You can always put your thieving skills to good use and steal from the bad guys we fight.

Myles: That's not a bad idea.

Later Georgina and Hsi Wu came back and they told us about it and it was awesome.

Maria: Who should go with you next time?

Georgina: J.D. and Eli next time. I think it would be awesome if they met them.

Me: Good idea. It'll be awesome to meet Cody and team.

Nico: It sure will. You will love them J.D.

Me: I can't wait.

Azula: Carmen, how exactly did you get the Hairy Chest of Resilience Badge?

Carmen: That is a really awesome and really painful experience.

Maria: I was there when my sister got that badge and let me tell you it was ONE TOUGH BADGE TO EARN! Jonny said that no one had earn that badge in over 50 years.

Jonny 2X4: It's true and it was intense.

Carmen: It was because a Female Urban Ranger was never made possible so I did the biggest thing I could.

---

Carmen: Rolf, I want to join the Urban Rangers and I want to do it by challenging you for the hardest badge you can think of for it!

Jimmy: "Holy mackerel! Is she talking about the-the-"

Rolf: [fear in his eyes] "The Hairy Chest of Resilience badge?" [The Urban Rangers gasp.]

Jonny: "Nobody's earned that badge in over fifty years!"

Maria: WHOA! That must be one hard badge to earn!

Rolf: "This badge has trampled the eggplants of many a brave hopeful who have tried to obtain it!"

Eddy: [irreverent] "Bawk! I smell a chicken!"

Ed: [excited] "A chicken, Eddy?"

Eddy: "Yep! A big urban free-range-er chicken!" [to Rolf] "I got a badge for you, mister chicken! How about the 'Go Home and Lay an Egg' badge?" [He laughs.]

Rolf: [angered] "Enough! Your mockery of the domestic fowl insults Rolf! You know not where you tread, Fire-Carmen Girl. Urban Rangers!" [He stalks away. Jonny and Jimmy haul out a huge book.]

Ed: [putting Carmen on his head as he walks] "Follow the chicken! Follow the chicken! Follow the chicken!"

Edd: [nervous] "Carmen, according to my calculations, taking into consideration mass versus height versus the scope of coverage in sheer body hair, Rolf surpasses you in every category, Carmen!" [He holds up the sheet of statistics, clearly showing Rolf is too skilled to go up against.]

Carmen: Don't worry Double D. I am now a superpowered girl with fire powers and I will show Rolf that I am tough and strong in anything.

Eddy: That's the spirit Carmen!

Maria: But I'll be there to support you Carmen.

[A flag is raised over the construction site. This is not the usual Urban Rangers flag; this one is red and white and features a picture of a muscled torso. The kids sit on a stack of woods, ready to enjoy the show.]

Jimmy: "Hear ye, hear ye! You 2 brave people are about to embark on a series of tests!" [flipping the book open] "Ordained by the Grand Poobah of the International Urban Rangerhood! Make your way to the Circle of Supremacy!" [As he was talking, Jonny had drawn a ring around the competitors.]

Kevin: "This is gonna be so cool!"

Sarah: You can do it Carmen!

Nazz: Go get him Carmen!

Jimmy: "The contenders must endure without a murmur, a mumble, or a mutter of grief in order to earn the coveted Hairy Chest of Resilience badge. The first test:"

Jonny: "The Wax of Wailing!"

Jimmy: "Assistants Ed and Double D: liberally apply the wax to Carmen's leg, adhere the leather strap to the wax, and await my signal." [Ed and Edd follow the instructions.]

Ed: "Lucky!"

Edd: "Still have time to renege, Carmen."

Carmen: Don't worry Double D. I got this.

Jimmy: "Are we ready?" [He looks around. Carmen shoots him a thumbs-up.]

[Jimmy blows a whistle. Jonny rips the strap off, waxing Rolf's hairy leg which shows a lot of hair. Rolf doesn't even react, though his leg does sprout more hair, at swollen pores.]

YICHIHUAHUAS! THAT IS GONNA HURT LIKE A SON OF A BITCH! OUCH!

[The kids look at Carmen, concerned.]

Ed: "And this little piggy went to market!"

[Ed rips the strap off. Carmen's leg swells up like a balloon, and her eyes don't fill with tears, but not a sound is heard.]

OUCH! THAT MUST HAVE HURT LIKE HELL!

Carmen: Nice try Rolf. But I've handled far worse than just having hair pulled out of my legs like that.

Rolf: You are tough but the battle is only beginning!

[He and the other Rangers stalk off to the next trial. Edd hauls out a first-aid kit.]

Carmen: That was awesome.

FLASHBACK PAUSE.

Nico: OUCH! THAT MUST'VE REALLY HURT!

Me: OUCH!

Eli: Yikes!

Inkling: Considering your powers, I'm surprised that earning the badge wasn't easy for you.

Carmen: Nope it wasn't.

Liam: What happened next?

Carmen: Next came the 2nd test.

FLASHBACK RESUMES.

[The contest has moved to inside a house.]

Jimmy: "Lady and Gentleman! The second test is:"

Jonny: "The Bumping of the Funny Bone!"

The second test was to have their arms slammed into open filing cabinets.

Edd: "Oh, dear." [He ties Carmen to the arm of a chair.]

Rolf: "Gather your fortitude, Ranger Jonny!"

Carmen: I'm ready. Give me all you got Ed.

[The whistle blows.]

Ed: "Whack!"

[Ed turns the chair and slams Carmen's elbow into a file cabinet repeatedly. Carmen's face didn't show any reaction as her arm was being slammed into the file cabinet repeatedly! On the other side of the room, Rolf undergoes the same treatment at Jonny's hands, but he only grimaces a bit.]

Rolf: "Don't make Rolf come up there, Wood Boy! Faster! Faster I say!"

[The turning quickens. Soon enough, the match ends, and Edd rushes in with his first-aid kit.]

Carmen: (LAUGHS) That tickles!

Edd: "For goodness sake, Carmen, concede!"

Maria: Double D, I know you're concerned but Carmen will be all right.

Carmen: That's right Double D.

[The competition is now in the woods. The competitors stand in front of brambly, entwined bushes, Rolf sporting a robe.]

Jimmy: "For the third test, wearing only your birthday suits, you must crawl through:"

Jonny: "The Bramble Bush of Bellyache!"

Eddy: [surprised] "Birthday suits?"

Ed: "Nudge nudge, wink wink!"

Edd: (Blushes) Oh my!

Rolf: "Enough!" [He crouches at the starting line.] "The prickly maiden of the bramble awaits!"

[The whistle tooted, and Jimmy waves the flag. Carmen and Rolf took off, 2 naked blurs. And Carmen comes out the other side first battered and torn.]

Rolf was mangled up too but not out of the woods yet! OUCH!

Maria gave Carmen her clothes and she put them on.

Edd: "Carmen, this charade of self-validation has gone on long enough. Look at yourself! You can barely stand! Please, Carmen. Throw in the towel. End it. Neither Ed nor I will think any less of you."

Carmen: No way Double D.

FLASHBACK PAUSES

Nico: GEEZ!

Eli: Ouch! Crawling through a bramble bush naked!? YIKES!

Varie: Ouch!

Brawl: I hope you guys didn't look at Carmen while she was n***!

Eddy: I didn't! I've been where she was, remember?

Brawl: Oh.

Me: What happened next?

Carmen: The Hardest tests were coming.

FLASHBACK RESUMES

[The kids are now gathered in the park.]

Jimmy: "The next test is called:"

Jonny: "The Pendulum of Protest!"

[Rolf and Carmen are tied to the swing set. On either side of them are giant boulders.]

Rolf: "As it is said in your country, let her rock!"

[Ed starts the contraption, and it goes like clackers for a few rounds.]

SMASH! SMASH! SMASH SMASH SMASH SMASH SMASH SMASH!

[Jimmy blows the whistle.]

Jimmy: "You both have done well. With this last test, we'll determine who will receive the coveted Hairy Chest of Resilience badge! Lady and Gentleman, I give you-"

Jonny: "The Tour of Tears!"

UH OH! GET READY FOR SOME REAL PAIN!

FLASHBACK PAUSES

Carmen: Here's where it GETS REALLY PAINFUL!

FLASHBACK RESUMES

[A banner waves over the starting line. Rolf and Carmen are on diving boards that jut out from a cliff. Rolf stands tall, ready to take it on. Carmen does the same thing and The whistle gives a mournful toot and they both dive off a tall cliff. Edd looks on fearfully, and Ed looks on absent-minded and Eddy is cheering for Carmen as they both leapt off the board and grabed massive air before diving towards the earth. They fall into a water tank for a train and land in its path as it goes by. The train pushes them forward. Slowly, they slide off its front and fall under it. The train goes one way, and Carmen and Rolf are detoured along another set of tracks when Jimmy and Jonny change the track. They land on a couch.]

Carmen: [hurt] "Is that all you got?"

Rolf: [ominously] "No."

[Jonny and Jimmy untie a rope, and the sofa shoots them away like a slingshot.]

Ed: "Catch you later, Carmen!"

Eddy: GO CARMEN GO!

[The competitors soar through the air. On the ground, Ed, Edd, Eddy, Jonny, and Jimmy hurry to the construction site.]

Edd: "Oh, my."

Eddy: Come on come on!

KRASMASH!

[Carmen and Rolf crash land in the center of the circle, and the earth cracks around them. The kids cheer.]

THAT IS NOT GOING TO FEEL GOOD IN THE MORNING!

[A horrible sound of feedback is heard against a background of darkness. Slowly, Carmen's eyelids creak open, and he looks up at Eddy, Ed and Edd.]

Ed: "Aw. Can I play with her, Double D?"

[Carmen is bandaged up on a stretcher.]

Edd: "Ed, don't touch."

Carmen: (Weakly and Hurt) What happened?

Edd: Well you won Carmen. Rolf passed out 10 seconds before you and you won by default!

Maria: You did it Carmen!

Maria gave her the HAIRY CHEST OF RESILIENCE BADGE!

Carmen: YEAH!

FLASHBACK ENDS!

We cheered wildly for Carmen!

Nico: WOW!

Prowl: Maria, I can suspect that you had a little… talk with Rolf about endangering Carmen's life.

Maria: Well actually Rolf took the defeat REALLY HARD.

Eddy: It was like what happened when I hurt Rolf's feelings by throwing a sea cucumber ball at the fence.

Edd: I remember that.

Maria: Rolf felt so disgraced and ashamed that he wouldn't come out of his house for a week after that.

Nico: Oh man.

Prowl: Oh. Man that must've been a painful loss for him.

Nico: Yeah.

Me: Poor Rolf.

Rolf: But Carmen showed us that girls can be Urban Rangers too. Carmen Fire Girl is one of the strongest girls Rolf has ever seen.

Liam: That's my amazing fire dumpling.

Carmen: Thanks guys.

Nico: It sure was.

Carmen: Yep. And because of that I earned a position in the Urban Rangers.

Me: That is so awesome.

Bitstream: J.D., now that Carmen's tale of pain is over, it's your turn to lead this time.

Me: Yep I know and that was an amazing story though.

Laney: It sure was and Carmen is one of the toughest girls we know.

Eli: She is as tough as my friend Mike Mazinsky.

Varie: Isn't she that girl from New York that lives on Albonquetine Island?

Eli: Yep.

Me: Wow! That island is all the way in the South Pacific. That must be really hard for her to live on an island that far away.

Eli: Yep but you guys would love Mike and her friends Lu and Og. Mike is as tough and strong as Carmen.

Carmen: Well I don't know about that but thanks Eli.

Nico: That is cool.

Eli: Yep. She sends me postcards.

Eli showed me a postcard that showed Mike, Lu and Og defeating pirates and how they took their treasure.

Me: Wow! She has the makings of a great adventurer. Anyway our mission is back in the Moonlands in Arderial and something is going on there that we need to look into.

Then Abis Mal, Pete, Kalin, Private HIVE, Vreedle Brothers, Cargill, Krusty, Cantwell, Wiggum, and the Springfield Mafia appeared.

Octagon: Can me, Abis Mal, Pete, Kalin, Private HIVE, Rhomboid, Cargill, Krusty, Cantwell, Wiggum, and Springfield Mafia go with you guys this time?

Rhomboid: I got a feeling we're heading back to the Moonlands.

Me: Yep our mission is in the Moonlands again and yes you all can go with us.

Nico: This is gonna be awesome.

Me: Lets head out everyone.

I opened the Portal and we were off to the Moonlands.

---

MOONLANDS

---

We arrived in the Moonlands.

Pam: Is it weird that we were just here yesterday?

Me: I know. Lets head for the Arderial Moonland.

We went to Arderial and we arrived and it was so awesome.

Nico: Wow! Just like it was when we were here yesterday.

Eli: Yep. So awesome.

Cargill: Georgina, you were listening to Heat Wave when he mentioned Morocco, right?

Georgina: Yes I was and I heard about Morocco. He is a mad scientist that messes around with Nanites.

Rex Salazar: Whoa! Sounds like someone I would not like at all.

Georgina: No one likes him at all.

Me: What can you tell us about him?

Georgina: It's not a good sight.

She told us about him.

---

Doctor Thaddeus Morocco is the main antagonist of Transformers: Rescue Bots series. He is a mad scientist who is more interested in wealth than in helping others, and has manipulated events from behind the scenes to make sure he comes out on top.

He was voiced by Tim Curry, who also portrayed Ben Ravencroft, It in Stephen King's It, the Goblin King in Scooby-Doo! and the Goblin King, Hexxus, Maestro Forte, Kilokahn, Drake in The Pebble and the Penguin, General Von Talon, Dr. Frank-N-Furter, Professor Calamitous, Taurus Bulba, Darth Sidious (in Clone Wars), and El Malefico. From Season 2 onwards, Jonny Rees took the role after Curry suffered a stroke in 2012.

Born sometime in the 19th century, Morocco made his career in science by stealing the work of others, including an incredible cellular regeneration chamber that he used to artificially extend his life by rejuvenating his body periodically up until the series.

In 1939, he became a member of the scientific community in Griffin Rock, and was involved in creating the time machine, but the project was dropped due to a lack of power source strong enough to power the machine. However, he soon witnessed the arrival of several Rescue Bots who traveled back in time, and believes that their powers and abilities can be put to good use for his own purposes.

In the present, Dr. Morocco became bent on either discrediting or destroying the Rescue Bots, and to do so, he would to have engineer a series of incidents that would give him an opportunity to be in the top, such as: infecting the town's mainframes with a virus and and framing Doc Greene, resulting the latter to be fired and for Morocco to be appointed as the new lead scientist. Another example was when he used a stolen weather machine to have everyone evacuate the island, allowing him to figure out about the Rescue Bot's origins as Autobots. He also created his own line of robots called MorBots, designed to have the Rescue-Bots' capabilities and to serve their master. However, the Rescue Bots and their friends managed to thwart him, though he escapes every time until one day, he was forced to surrender by the Autobot High Tide, who had him imprisoned. Morocco attempted to escape, but his best friend Jules Verne takes him to the future, where Jules erases Morocco's memory before showing him around in future Paris.

* * *

When she was done we were shocked!

Nico: WHOA!

Me: He is bad news.

Laney: Yeah.

Teen Titans Thunder: I have a bad feeling that Morocco is still out there.

Me: And if he is he's going back to prison. He's not worth killing.

Nico: No he's not.

Laney: Yeah.

We arrived in Arderial.

Abis Mal: Everything seems peaceful here.

Me: Yep so far.

Eli: Wait what's that up there?

We saw what looked like an angel flying above the city and watching over it.

Nico: Wow!

Angel (X-Man): He looks like me.

Me: He kinds of does.

Donatello: Oh wow! That's Raptarr!

Raphael: Wow! We haven't seen him in a while.

Me: Wow!

Raptarr landed.

Raptarr: Leonardo my friends it's great to see you.

Leonardo: Wait. How do I know it's really you and not an imposter?

Michelangelo: Say something only the real Raptarr knows!

Raptarr: Okay. (to Leonardo) Remember when you were still acting dark and broody while you were still traumatized about that one final battle with the Shredder before he got banished to that asteroid? Well, I met you and your brothers during one of those days. Mephos attacked me and Mikey and I landed on some debris which broke my fall. (laughs) Mikey was fine too despite underwear landing on him!

Michelangelo: (blushes in embarrassment) Ok, it's really you!

Bugly: (to Leonardo) You were traumatized after one of the battles against Utrom Shredder.

Leonardo: (sighs) Not one of my best moments. I don't like to talk about it.

Lynn: Don't worry. If you don't like talking about, we'll respect that.

Me: Yeah but it's awesome to meet you Raptarr. We heard so much about you from the Turtle Brothers and how they helped you out.

Raptarr: It's an honor to meet you too J.D. I heard so much about how you managed to destroy the Y'Lyntians once and for all and for that you have the eternal debt and gratitude of the Avians.

Me: It was our pleasure. That was one of our most harrowing battles.

Maria: We actually just took out the High Mage yesterday.

Mikey: You should've been there! The High Mage had his hand on my throat ready to strangle me to death. But thinking quickly, Raph got him off me and-

Private HIVE: Hold on, soldier! That never happened! I was there!

Raphael: As much as I like being put in a positive light, the High Mage never laid a serious injury on us the entire fight. We kicked his butt the entire time!

Me: It's true. But we didn't kill him. He was actually locked in an Unbreakable Crystal Prison. It's a magical crystal prison that will make sure no one escapes.

Maria: Oh. Right. Sorry.

Power Girl: Wait. Aren't you also part of the Justice Force?

Raptarr: That's right. It's a big organization that is as powerful as the Justice League and the Avengers that you all know.

Me: Wow.

Nico: That's amazing!

Eli: It sure is. But how come you are here in the Moonlands?

Raptarr: Well I'm afraid that my old friend Mephos is out of prison and is here causing trouble.

The Turtles gasped!

Leonardo: That metal winged exiled traitor is out of prison!?

Nico: Whoa man!

Me: Who is Mephos? We never met him before.

Raptarr: You would not want to. Let me tell you all about the history of the Avians leading up to him. We were a race of beings created as slaves by the ancient Y'Lyntians many eons ago. [A flashback begins, showing the island of Y'Lyntia.] Y'lyntia was a world of wonders. Through the limitless power of their crystal sun, the Y'Lyntians had built a utopian society far ahead of its time, but it had its dark side. We Avians were treated like animals by our cruel Y'Lyntian task masters. [Shows an Y'Lyntian whipping Avians to make them lift a statue.] We were worked like slaves to build their paradise, and forced to live apart in a floating cage so we would not befoul their precious city with our inferior presence.

The floating cage is shown tethered to the island by a long chain. Next, an Y'Lyntian blows a horn in warning at the sight of approaching ships.

Raptarr: Then one day there was war. The outside world had had enough of Y'Lyntia's iron fisted rule. [The ships launch boulders and giant spears at the city.] And so had we. [A rowboat carries several Y'Lyntians who are attempting escape. Avians swoop down and snatch them from the boat.] The slaves of Y'Lyntia united against our cruel slave masters. [The Merpeople break free of their chains. Buildings are on fire.] The rebellion raged. Irony of ironies, it was our birdcage prison that in the end, saved us all. [Avians chop at the metal tether and break it loose.] My ancestors managed to free it from its tether as Y'Lyntia finally sank beneath the waves. Salvaging precious fragments of the Y'Lyntian crystal sun, the Avians combined the shards into an incredibly powerful energy core. Powerful enough to keep our floating area locked forever. Their prison had been transformed into a home. My people were free.

The crystal energy core forms a protective shield around the Avian city. A group of Avians arrive in the chamber that holds the energy core to meet.

Raptarr: For centuries, we Avians kept ourselves cut off from the outside world. But there were those who believed we were destined to rule over the surface world, not to hide from it. The leader of this movement was my best friend and comrade, Mephos.

Standing before a contingent of Avians, Mephos issues a command.

Mephos: Attack!

Raptarr: He led his followers in a revolt that pitted Avian against Avian, brother against brother.

Avians fight. Raptarr and Mephos clash.

Raptarr: The war ended with Mephos's capture. For his crimes against our people, the Avian council sentenced Mephos to be exiled to the surface world for all time, his wings taken from him.

Two Avians carry Mephos into an alley and leave him there. His wings are gone, only stumps left where they once were.

Mephos: No! No!

On a building overlooking the alley, Raptarr watches his old friend.

Raptarr: I stayed on the surface world to watch Mephos, and to stop his attempts to return to the Avian city. [Return to the present.] Living there, in your world, I have learned much and have been able to help those in need. And, I have stopped Mephos's plan several times.

Me: Wow! Like a guardian angel watching over everything.

Nico: That's incredible.

Eli: It sure is.

Krusty: You know that pretty much makes you a hero, right?

Raptarr: Yes that's right.

Me: Wow.

Varie: Incredible.

Celica: Donny how did you and your brothers stop Mephos the first time?

Donny: That was an amazing adventure. I built jetpacks for everyone so we can fight Mephos and help Raptarr on Mephos's own level.

He told us how he did it.

---

Mephos eventually managed to build himself metallic wings that enable him to cause pain to his enemies and form a diamond drill. He fights against Raptarr and steals his crystal diadem, which would enable him to locate the city. There, he met up with his followers who had managed to secure the Council chamber. He intended to use the remnant crystal sun fragments as a weapon to destroy anything on the surface. He test tried on a mountain and was about to target Seattle when Raptarr and the Turtles, equipped with flight tech packs, stopped him. They tricked him into catching the control crystal too close to the main core, electrocuting him. Once again, he was defeated, stripped of his wings again and then imprisoned in jail.

---

When he was done we were amazed!

Nico: Wow! That was clever!

Laney: Very awesome.

Rainbow Dash: It sure was.

Sideways: So, you're saying that Mephos… is here?!

Raptarr: Yes he broke out of prison thanks to a strange black orb.

Me: A dark orb broke him out! Raptarr we have experiences with this and it's our biggest mission. The Dark Orbs are the fragments of the evil essence of the most evil keyblader that the universe has ever known. His name was Xehanort. He was an Evil Keyblader that was out to destroy the entire universe and reshape it in his own image. We killed him 4 years ago and in doing so we inadvertently scattered his evil essence all over the entire universe in the form of countless black spheres we call Dark Orbs. Our biggest mission is to destroy all of them.

Raptarr: That's right I heard all about that from the Avian Council.

Me: Yeah. Did Mephos get his wings back from it?

Raptarr: Yes he did.

Me: Oh boy.

Pete: How about we have some lunch first before looking for Mephos?

Me: Good idea. We haven't eaten yet.

Michelangelo: I'm starving.

Me: I know just the food.

I used my imagination powers to make burger and pizza trees for us and chicken drumstick trees for Nico.

Nico: Oh boy!

We got to eating.

Gilda: So, Nico. Which Gene Slammer do you think will appear next?

Nico: I'm hoping for a Five Headed Dragon Gene-Slammer. That would be awesome.

Laney: That would be awesome to see.

Lorah Donnally: It sure would be cool.

Me: Yep.

Twilight Sparkle: Did you guys really have that happen to you all before J.D. with the Y'Lyntians and all that?

Me: We sure did Twilight and that was one of the most incredible adventures we've ever experienced. Many of you don't know about this but it was how we brought down the Y'Lyntians for good. It was 2 days before the big war with Voldemort and his Death Followers was about to begin.

I went over was happened during the events of chapter 998.

---

Then the alarm went off.

Me: Uh oh.

We went to the computer and we saw the planets going into a really rare planetary alignment. It was a really rare planetary alignment called a Syzygy. An extremely rare planetary alignment where all the planets in the system are lined up in a perfect straight line. This happens only once every 10,000 to 1,000,000 years.

Me: Whoa! Look at that!

Ben: The planets are all in a perfect alignment.

Nicole: This is an event called a Syzygy.

Me: I've never seen something like this happen before.

Nicole: It's extremely rare dad. It only happens once every 10,000 to 1,000,000 years.

Me: This is a very rare event for us.

Lana: And that's not all that's happening! Look outside!

We saw a huge raging thunderstorm going on outside.

Me: Man what is happening out there.

Then we saw a blue light coming from Donatello's room.

Me: The crystal from the Underground City is reacting to something.

Donatello: But that's impossible. This crystal was completely burnt out.

Nico: But the energy coming off of it is incredible. It's like it's supercharged.

Laney: Yeah I feel it too.

Nicole: It might have something to do with the planetary alignment.

Donatello: Or it might have something to do with the Crystal Moon in the Underground City.

Me: Either way we better check it out and quick.

Qin: Right.

Maria: Looks like it's back to the Underground City.

Tara: This time, I'll go with you guys.

Me: Okay. Lets roll!

We then went back to the Underground City.

## UNDERGROUND CITY

We arrived back in the Underground City.

Sydney: I never thought I'd be here again.

Me: None of us did. I thought we were done here. But look.

We saw that the whole city was filled with people and was being prosperous.

Me: Wow.

Shanan: Amazing.

Lincoln: This is incredible.

Shanan: I know these people. They are the Y'Lyntians. A race of people long thought to have been forgotten over the millennia.

Lynn: Wow.

We then heard chanting.

Me: Listen.

We heard the chanting and we saw where it was coming from. It was coming from a few people standing in front of a crystal.

Me: What do you think that is?

May: No idea.

Qin then came out with a Green Jumpsuit.

May: That's a nice jumpsuit, Qin.

Qin: Thanks.

Me: We got to find out what's going on and how it involves the planetary alignment that's happening now. Stay with me and be quiet.

We went into the city and we then met an Y'Lyntian girl named Versallia and she lead us into the Chamber of Chronicles.

Versellia: So you see, we have a different reason for what the Alignment is doing. Here in the Chamber of Chronicles will you see the truth of the past.

Michelangelo: I don't know. Last time we were in here all that we saw was a pack of lies.

Me: Lets listen and find out.

Versallia: Yes.

The crystal in the chamber showed us what happened.

Versallia: We were of a different age a time long ago when Y'Lyntians held unassailable dominion over the Earth. We were the first. The chosen. The heavens bestowed upon us power beyond imagining in the form of mighty crystals from the stars. The largest of these, The Sun Crystal, came to rest high upon Mount Timaeus. Overlooking the entire continent. As a final gift from the heavens, the planets aligned and empowered our Sun Crystal. Charging it with unbelievable energy. Crystal energy which we harnessed to build the largest and most splendid civilization on Earth. But we Y'Lyntians had advanced so far so fast, we began to believe ourselves superior to all others. We enslaved many innocent humans and when they could not perform the jobs we imposed upon them, the limitless power of our Crystal Sun was used to mutate them. Into creatures better suited to serve our selfish needs. Water breathers to bring us the bounty of the sea. Monstrous beasts of burden to raise our monuments and dig our canals. And Avians to patrol the skies. Preventing certain Y'Lyntians from escaping. Y'Lyntians who like me detested the dark of our own people. And then an uprising. The human cultures banded together and launched an attack on our home. The Y'Lyntians were taken by surprise. The High Council gathered in the Star Chamber to take retaliatory action. And the slaves were ordered to turn the power of the Crystal Sun into the most devastating of weapons. But many slaves were allied with the human forces. Determined to put an end to their cruel Y'Lyntian taskmasters. The power of our Crystal Sun was turned back upon itself with catastrophic consequences. And the fabled island of Y'Lyntius sank beneath the waves.

We were shocked and horrified.

Me: Unbelievable.

Vince: That's awful.

Nico: That is terrible.

Michelangelo: Wait a minute. The fabled island of Y'Lyntius? You mean Y'Lyntius is really?

Donatello: Atlantis! Of course! Why didn't I think about it before? You guys are from the lost city of Atlantis. Unbelievable.

Lynn: But that's impossible! Atlantis disappeared over 10,000 years ago.

Versallia: Yes. We may be all that remains of the once great civilization.

Varie: I know the lost city of Atlantis. We actually have been there many times once before.

Qin: Wow. I didn't know that.

Sydney: It's a really amazing place.

Versallia: But a few of us have managed to escape destruction and took a fragment of the Sun Crystal. Though it's power was hugely diminished, it was enough to give life to a vast underground refuge. Now named the Crystal Moon, this smaller power source began to weaken and without slaves, the Y'Lyntians found they were unequipped to survive on their own. So they chose to go into Crystal Suspension until the next planetary alignment could recharge the Moon Crystal. Only one remained awake: The High Mage. It was his task to watch over the city until the Crystal Moon could be recharged. And now all has been fulfilled as it was foreseen by the high council. The alignment has come to pass. The Crystal Moon is recharged and the high council are using it to raise our ancient city from the sea.

Donatello: And with the sudden geologic change on such a massive scale continents will shift and sink. Most of the Human Race will be wiped out! It'll be the end of the world as we know it.

Me: It'll be just like what we encountered on the Apocalyptic Earth where we destroyed Diablo and the Evil Gods.

Nico: No kidding.

Hunter: Ja.

Nick F.: This a nightmare.

Me: We have to stop them.

Nicole: I think I have a solution. We can use what we learned from the history we were told on the Y'Lyntians and use that just like in what happened.

Donatello: That's a good idea.

Superman: (to Versellia) Here's your chance to do what's right. I would take it.

Versallia: Trust me. I've already made my decision. And that is to make sure that my people never come back.

Me: Now the entire world is in grave danger. We have to stop the High Mage.

?: Very fascinating.

Me: Wonder who said that.

We went to another room and we saw that it was YUFFO from episode 2 of Megaforce!

---

An alien scientist who attempts to capture humans to conduct experiments on. He is a Coccinellidae-like creature who's design is reminiscent of a UFO. His abilities include being able to trap people in a cocoon-like substance and being able to split himself into five small UFOs to evade enemies as well as to fire strong energy rays from his eyes. He is sent to study the humans and learn their weaknesses before the insect invasion proceeds any further. Nevertheless, he is able to hold his own in a battle and proves somewhat stronger than Scaraba. He is first beaten by the Megaforce Blaster's Dynamic Victory Charge. Vrak sends the Zombats to make him grow and he is destroyed by the Gosei Great Megazord's Victory Charge.

---

Troy Burrows: Yuffo!

Yuffo: Ah the Megaforce Rangers. I didn't expect you all here.

Me: I remember you! You wanted to bring in humans for study.

Yuffo: That's right. Watched me on TV didn't you?

Me: We sure did. You were the first monster to be destroyed by the Megaforce Rangers Gosei Megazord.

Yuffo: Impressive that you know that.

Nico: That was an awesome battle.

Me: I take it you came here to learn about the crystals.

Yuffo: That's right. I've actually been studying these crystals for a while now.

Donatello: How long?

Yuffo: (to Donatello): A couple days at the most. I can see why you were fascinated by them. Maybe once you're all dead, I'll take some with me.

Troy Burrows: Not gonna happen!

Troy fired a powerful blast of red energy from his hand and it hit Yuffo and exploded and sent him crashing into the wall.

Yuffo: You Rangers haven't lost your touch. But why don't you come follow me if you think you're brave enough?

With that, Yuffo turned into his UFO mode and flew away.

Jake Holling: And we're letting him fly away because…?

Leonardo: Because he can lead us right to the Entity.

Me: Lets get him!

We went after Yuffo.

We flew out and we saw THE HIGH MAGE!

---

The Mage was a member of the Y'Lyntian, an advanced civilization that lived underground. When they discovered life on the surface of the Earth, they built an outpost to study it from, which later became the Turtle Lair. However, they discovered that their race was dying. Eventually, he was the only one left.

When the Turtles and the Foot Clan mutant experiments enter his abandoned city, he captured them to turn them human again. However, in return, he demanded that everyone he cured had to stay as well as the Turtles. When the Turtles declined his invitation, he tried to keep them there forcibly. The Turtles were forced to use a light orb on him and encase him in crystal. When the Turtles returned to the city to cure the mutants, they discovered an entire chamber of crystallized beings, indicating that he was lying.

When the planets aligned, the cosmic energy recharged the Crystal Moon, he and his people were revived and ready to retake the world they once ruled. He sensed the Turtles' return and created four lava monsters to stop them from interfering and then trapped them. He informed them that they will be the first slaves in the new order. But they managed to escape with the help of a rebel Y'Lyntian and disrupt her people's attempt to raise Atlantis. He presumably died when the city was destroyed.

---

High Mage: So you Turtles have returned and you have friends with you.

Leonardo: That's right.

Me: We are Team Loud Phoenix Storm and we won't let you ruin the planet.

High Mage: I only wish to make the planet even better than it already is.

Sydney: By destroying it and wiping out billions of innocent people!? I don't think so!

Me: We won't let you do this!

Troy: Your bond with the Earth might be strong. But we have something greater!

Entity: And what's that?

Orion: Our will to never give up!

Megaforce Rangers: Legendary Ranger Mode: Electronic Brigade!

The Megaforce Rangers turned into the Electronic Squadron Denziman from 1980.

Me: It's over High Mage. Your reign of terror will end before it even begins.

Vypra: (Offscreen) We'll help him.

Me: Oh great.

We saw Vypra, Waffle Woman, Professor Calamitous and Lord Drakkon come out.

Me: The world is in danger right now Vypra. We don't have time to fight you.

Vypra: Then make time.

Lord Drakkon: Then lets see if you have enough time.

Me: If that's what you want then we'll face you.

Nico: I'll face the High Mage for you until it's time.

Me: Okay. Thanks Nico.

Vypra (to the Mysticons): This time, you girls are going to have a real fight against the Masters of Evil!

Lord Drakkon: Even though there are only four of us.

Arkayna: Bring it on.

We went at them.

---

Battle 1: Luan, William, Shego and Arkayna VS Vypra

---

Luan, William, Shego and Arkayna were facing Vypra.

Vypra: So it's a 4 on 1 match. Not very fair if you ask me.

William: Villains never play fair.

Shego: So neither will the Heroes.

Arkayna: We learned that when we were on Gemina.

Luan: Now you will Fair the truth. (Laughs) Get it?

William: Love the jokes but now is not the time.

Luan formed a sword of light and they went at Vypra and they clashed. Luan clashed with Vypra and kicked her in the face and William fired a powerful blast of lightning from his blaster and it hit Vypra and exploded.

---

Lisa Loud, Stewie, Bowser Jr. and Emerald were facing Professor Calamitous.

Professor Calamitous: Now you will face my new and improved suit.

Lisa: Lets see just how new that abomination you call a suit is.

Emerald: Yeah!

Professor Calamitous put his suit on.

Lisa: Time for you to see our power.

Lisa fired a powerful ray blast from her hand and it slammed into the suit and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Bowser Jr. fired powerful blasts of fire and they hit Calamitous and exploded all over and Stewie fired ray blasts at him and they exploded. Professor Calamitous fired missiles from his suit and they went at Lisa and Emerald formed a shield and deflected them back at him and they hit him and exploded.

Stewie: How do you like that you bastard!?

Bowser Jr. went into his shell and spin rapidly and Lisa kicked him and he slammed into Calamitous with incredible force.

Bowser Jr.: Yeah! That's something papa would do!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBBBBOOOOOOOOMM!
KRABBBBBBBOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM!

Emerald: Try this on! BATTLE UNICORN CHARGE!

Emerald sent a spirit Unicorn at him and it slammed into Professor

Calamitous and exploded. Resulting in his battle suit being completely destroyed!

Professor Calamitous was on the ground.

Lisa: How is that for wanting to see their power?

Calamitous was knocked down.

---

Battle 3: Me, Zarya, and Tara VS Waffle Woman

---

Me, Zarya, and Tara were facing Waffle Woman.

Me: I'm gonna eat you for breakfast Waffle Woman.

Waffle Woman: We'll see about that.

Tara: I love waffles and pancakes but you give a horrible meaning to the phrase time for breakfast.

Zarya: That's right.

We went at Waffle Woman and Tara fired stones and beams of energy at her and they hit her and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOMMM!
KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOMMM!

I fired blasts of fire and energy at Waffle Woman and they hit her and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOMM!

Zarya fired powerful energy arrows at Waffle Woman and they hit her and exploded.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I fired blasts of wind and fire and burned her and blew her around.

Zarya: Try this one! TIME TO HOWL! (HOWLS)

Zarya fired a powerful spirit energy wolf at Waffle Woman and it hit her and knocked her down in a powerful explosion.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked her down.

Me: I'm gonna go help Tommy take down Lord Drakkon.

Zarya: Okay.

I went over to help out Tommy.

---

Battle 4: Me, Tommy Oliver, Jason Lee Scott and Piper VS Lord Drakkon

---

(APOCALYPSE TOMORROW BY CHARLES EVANS PLAYS)

Me, Tommy Oliver, Jason Lee Scott and Piper were facing Lord Drakkon.

Me: You are a ruthless scumsucker Drakkon.

Lord Drakkon: I don't know what you see in defending that goodie-goodie two shoes version of me. You should be working for me.

Me: SHUT YOUR FUCKING TRAP!

Lord Drakkon gasped.

Me: I would never serve someone like you.

Tommy Oliver: I can't believe that I would become this monster that killed my friends in cold blood.

Jason Lee Scott: And send Kim on a path of vengeance.

Piper: You are a monster!

Me: I will never forgive you for your crimes Drakkon. So many have suffered all because of you. If you live to fight another day, I will be your arch nemesis.

We went at Lord Drakkon and I punched him in the stomach and kicked him in the head and Tommy slashed him all over with his Brachio Staff and Jason Lee Scott slashed him all over with his Tyrannosaurus Sword and Gold Zeo staff and kicked him in the head and Piper bashed him all over with her rings and fired powerful blasts of fire at him and burned him. I punched him all over the place and kicked him in the face with a powerful kick.

Me: Now you burn! (ECHOING) RAGE OF INFERNO! 超弾動閃煌斬

I swung my sword and fired a massive vortex of fire and light at Lord Drakkon and it hit him and exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lord Drakkon was sent flying and he crashed into a wall and knocked down some of the High Council and killed them in a powerful explosion.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lord Drakkon was really tough and we engaged in a powerful sword fight.

We clashed violently and sparks were flying everywhere and setting much of the temple on fire.

Lord Drakkon: This is the end of James Dean Knudson!

I legswept him and threw him into the ground and kicked him into the air.

Piper: Feel the fire! FLY PHOENIX FLY!

Piper fired a powerful spirit phoenix and it slammed into Lord Drakkon and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Lord Drakkon was knocked down.

Yuffo came flying and crashed through the ground. Darcy is the one that sent him crashing.

Yuffo (to Darcy): Impressive. You'd give Metal Alice a run for her money!

I fired a powerful energy blast and it hit him and exploded. He fell down and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Vypra and the masters regrouped.

Maria: Vypra, before you and your team teleport out, we need to discuss a few things.

Vypra: It's about Voldemort, right?

William: Exactly. As long as his threat's still out there, he's a danger to both our groups.

Me: He's not just a danger to us, he's a danger to the entire world. He and his followers are going to kill 7.8 billion innocent people. All because of his racist views on wizards and muggles.

Waffle Woman: So you're saying we should form a temporary truce against him when the time comes?

Nico: Exactly.

Calamitous: We accept.

Drakkon: We've already killed a few of those Death Eaters like all of you have anyway.

Me: We appreciate that. It'll make our battle against him easier. And Drakkon, you get to live to fight another day. But from now on we are archenemies.

Drakkon: I'll accept that.

They teleport out.

Me: We're not done here yet.

We then set our sights on the High Mage.

---

## Battle 5: HIGH MAGE

---

We were facing the High Mage.

Me: We won't let you destroy the planet.

High Mage: You will not stop me. I have powers that no mere mortal can understand.

Me: What a coincidence. So do we.

We powered up and transformed.

The Entity threw some orbs at Raph but just when they were about to touch him, he sliced them apart with his sais.

Raph: Not this time, asshole! (to Red Hood) Yo, Jason. Let's do a combo and show this guy how much me and my brothers have changed!

Red Hood: With pleasure.

Red Hood and Raphael fired a powerful blast of red energy.

Red Hood and Raphael: RED JUSTICE TURTLEBLAST!

The blasts combined and turned into a red turtle and it slammed into the High Mage and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Whoa! Awesome!

Paige: Nice one! Try this one! PHOENIX STYLE NINJA ART: TIANCHI PHOENIX ERUPTION!

Paige fired a powerful blast of fire and it turned into a phoenix and it slammed into the High Mage and exploded with the power of the Tianchi Eruption from 946 A.D.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Whoa! What power!

Nicole: No kidding! That was the power of the Tianchi volcanic eruption from 946 A.D.

Vince: Wow! That was over 1,000 years ago. I remember learning about that when we were over in Japan.

Aylene C.: That was cool!

Me: It sure was. Lets see how it compares to this! VOLCANO STYLE NINJA ART: RINJANI ICE AGE PANIC!

I fired a massive wave of lava and it slammed into the High Mage and exploded with the massive power of Mount Rinjani when it erupted back in 1257 A.D.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Paige: Whoa! That was powerful!

Me: It sure was. That was the power of the Mount Rinjani eruption from 1257 A.D.

Nicole: I remember that one. That was over in Mount Samalas in Indonesia and it plunged the world into a Little Ice Age.

Nico: Wow.

Qin: That is powerful!

Lincoln: No kidding.

Lily: Lets see how he likes this! ORACLE STYLE NINJA ART: WINGED HUSSARS

Lily flew into the air and a powerful curtain of the aurora borealis formed behind her and the song Winged Hussars by Sabaton played.

When the winged hussars arrived

A cry for help in time of need, await relief from holy league

60 days of siege, outnumbered and weak

Sent a message to the sky, wounded soldiers left to die

Will they hold the wall or will the city fall

Dedication

Dedication

They're outnumbered 15 to one

And the battle's begun

Then the winged hussars arrived

Coming down the mountainside

Then the winged hussars arrived

Coming down they turned the tide

As the days are passing by and as the dead are piling high

No escape and no salvation

Trenches to explosive halls are buried deep beneath the walls

Plant the charges there and watch the city fear

Desperation

Desperation

It's a desperate race against the mine

And a race against time

Then the winged hussars arrived

Coming down the mountainside

Then the winged hussars arrived

Coming down they turned the tide

Cannonballs are coming down from the sky

Janissaries are you ready to die?

We will seek our vengeance eye for an eye

You'll be stopped upon the steps of our gate

On this field you're only facing our hate

But back home the sultan's sealing your fate

We remember

In September

That's the night Vienna was freed

We made the enemy bleed!

Storm clouds, fire and steel

Death from above make their enemy kneel

The aurora fired powerful ribbons of light and they turned into the army from the Battle of Vienna in 1683 and it slammed into the High Mage and skewered, slashed and blasted him all over.

Me: Whoa! That was awesome!

Jessie K.: Wow! That was the army from the Battle of Vienna in 1683. One of the most intense battles in all of Austria's history.

Hunter: Ja. One of the most decisive battles in all of Austria's history.

Me: Very intense back 337 years ago.

Nico: No kidding.

Me: That was awesome though. Lets get him!

We all went at the High Mage and I punched him in the face and kicked him in the stomach and Qin then ripped out of her jumpsuit and turned into Scalebreath and fired a powerful blast of fire from her mouth! It hit the high mage and exploded with incredible power!

Lola and Piper: PHOENIX HALO RINGSTORM!

Lola's fire merged with the rings and turned them into miniature phoenixes and they hit the High Mage and exploded all over.

Ben: Lets see how he likes this!

Ben turned into a new Ultimate Alien. It was ULTIMATE DITTO! Ultimate Ditto is larger then the regular then the normal Ditto. The form of his head is still the same. He haves a green skin and wears a black jumpsuit. He have three spots on his stomach and one on his both hands. His arms are also very long.

Ben: ULTIMATE DITTO!

Me: Whoa! An Evolved Splixson!

Shanan: Wow! I've never seen something like this before. This is amazing!

Riley: So cool!

Ultimate Ditto: Watch this.

He split into 5,000 copies of himself and pulverized the High Mage all over the place.

Me: Whoa! Limitless duplication!

Riley: Awesome!

Me: Lets make this monster pay!

Misfire: Right! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his ion particle blaster 100-fold.

Elec Man: Time for you to feel the shock. EARTH CYBER KEY POWER!

The Earth Cyber Planet Key went into his right arm and enhanced his Thunder Ray 100-fold.

Misfire and Elec Man: LIGHTNING PARTICLE DESTROYER!

Misfire and Elec Man fired their blasts and they hit the High Mage and exploded with incredible power!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Wideload: Time for some power up! CYBER KEY POWER!

The Earth Cyber Planet Key went into his back and enhanced his strength 100-fold.

Skunk (Skunk Fu): Feel the stink! ANIMATRON CYBER KEY POWER!

Wideload and Skunk (Skunk Fu): STINKY BOULDER SURPRISE!

Wideload threw a huge boulder and Skunk farted a nasty fart of skunk gas and it covered the boulder and the boulder hit the High Mage and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Time for us to finish this monster!

Sydney: With pleasure! QUARRY ACID SPITFIRE!

Sydney jumped and ripped out of her jumpsuit as she turned into Quarry and she spit acid at the High Mage and burned him all over.

Nanette: This guy shocks me bad! THUNDERLEGS LIGHTNING STRIKE!

KRABBBBBOOOOOOOOOOOOOOOOOOMMMMM!

Leonardo: Lets get him guys!

Donatello: Yeah!

Teenage Mutant Ninja Turtles: RADIOACTIVE TURTLE MEGABLAST FORMATION!

The turtles got into an X formation and they fired a powerful blast of radioactive energy and it hit the High Mage and exploded.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion knocked him down.

Me: It's over High Mage.

Leo: Your crazy ritual is reeking havoc across the globe! It stops now!

Leo slammed a crystal into the Star Crystal and shattered it and the energy being released was destroying the city!

Me: Lets get out of here!

We got out of the city and got to the entrance of the city cave and we saw the city, all of the Y'Lyntians, the Crystal Moon and all of it sink into the lava.

Me: It's all gone.

Versallia: Yes the world has been saved. But I have lost everything I have ever known.

Versallia then broke down crying.

I comforted her.

Me: You haven't lost everything Versallia. You still have us as your friends and you helped us in saving the world.

We later went back home. We had to seal the cave that lead into the underground city and close it off forever. Qin and the others reverted back and got new clothes.

Versallia now calls the estate home. She is more than willing to help us and show us many things we were never shown.

---

When I was finished everyone was incredibly in awe.

Fluttershy: My goodness.

Spike the Dragon: That is incredible!

Nunnally: Wow! That was amazing!

Eli: No kidding! That is awesome bro.

Me: Yep.

Nanette: The High Mage said he wanted to help the 7 of us. But he actually wanted us to remain in the Underground City forever!

Kalin: That's called false advertising!

Me: Big time false advertising. And not only that but he was also going to destroy the entire world.

Nanette: Yep.

Me: But thanks to the help of Versallia here she helped us bring down the Y'Lyntians once and for all.

Raptarr: That is amazing.

W.I.T.C.H Miranda: (to the Genderbent Underground humans) Was it the same for you guys as well?

Rice Fitzgerald: Yes it sure was.

Kendra: Yep.

Sid Burlington: Yep it was the same thing.

Nate Allbright: Yep.

Nico: I'm so sorry guys.

Raythor: Yeah that was rough.

Cantwell: Ironic, isn't it? Ch'Rell had his scientists mutate you guys into monsters. (laughs) All he did was give you guys gifts!

Sydney: That is ironic.

Me: And you have me to thank for that and all it took was a snap of my fingers.

Raptarr: That is amazing.

Versallia: It sure is.

Laney: Yep.

Muscle Man: You know what else is just as amazing as a snap of J.D.'s fingers?

Cybertron Menasor: (Irish Accent) I think we know this one lad.

Muscle Man: MY MOM!

We laughed at his joke.

Ground Man: Also, you guys know what tomorrow is, right?

Ed: Maria's birthday?

William: No, Ed. Tomorrow isn't Maria's birthday.

Ed: Oh. When is her birthday then?

Eddy: Shut up Ed.

Ground Man. Tomorrow is when we go help Ish and Ash and help him and his friends destroy one of their enemies.

Me: That's right and since Nico helped Ish and Ash and friends out before he has experiences with this so that mission is perfect for him.

Nico: Thanks. It'll be perfect.

Wiggum: Seriously though, Maria. When IS your birthday?

Maria: August 17th.

Wiggum: Oh long ways away.

We later were full.

King Dedede: Man, I'm stuffed!

Laney: (BURPS) Oh pardon me.

Nico: But that was delicious.

Me: Yep. Now we can face Mephos.

We got ready.

Hotlink: Time to do our entrance.

Me: Lets see.

I looked around and above the city of Arderial was MEPHOS!

Me: Target sighted. Lets go.

We flew at him.

Mephos: COME ON OUT RAPTARR!

Suddenly the spirits of the elements of the most devious liars and deceivers appears and they swirled around and smashed him all over the place and then they spun around and then converged and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out in front of him and then a phoenix cry was heard and we came out.

Me: Hello Mephos. Nice to finally meet you wing to wing.

Mephos: The famous J.D. Knudson, Leader of all of Team Loud Phoenix Storm and all of Team Loud Phoenix Storm with you too. Raptarr I didn't expect you to be with them.

Raptarr: You still have one last chance to stop this madness my friend.

Mephos: Why should I Raptarr? The world is going to soon belong to the Avians.

Me: Just like how the Y'Lyntians once thought.

Tony: You're in a lot of trouble, punk!

Legs: I hope you like being filed with holes.

Louie: (sheepishly) I may not hit you with all the bullets I have.

Me: Don't worry guys. We'll face him with how we handle it. But first let me have a word with him.

I went up to Mephos.

Me: Mephos don't you remember all the great times you and Raptarr had as best friends and comrades that have done so much good for the world? Don't you miss those times and miss everything you have done together as not only friends but brothers?

Mephos: (Sighs) I do miss those times and yes I haven't forgotten.

Me: It's not to late for you Mephos. You can still return to the side of good and help protect the people and those you care about alongside your best friend and comrade that you love like a brother. Raptarr and you were very close and that friendship has not been destroyed forever. There is still good inside you and you can still make a difference and help protect those in need just like Raptarr has done. He has done so much good in the world and now you can too.

Mephos: I'm not sure I can.

Me: Yes you can Mephos.

I flew over and put my hand on his shoulder.

Me: Because you and Raptarr have not forgotten the most greatest treasure and gift of all and that is you 2 are friends and you love each other like brothers. The darkness has not taken that away from you and you can still redeem yourself.

Raptarr: That's right Mephos. Things can still go back to the way they were before you betrayed our people. Just let go of your powerlust and come back to me my brother.

Mephos knew that Raptarr was right and so was I and then he hugged Raptarr and cried.

Mephos: (Crying) Oh Raptarr! I'm sorry my friend! Please forgive me for everything I've done!

Raptarr: I already have Mephos. But we can still cleanse you of this darkness inside you.

Me: Just leave that to us.

I fired a powerful blast of light and it hit Mephos and it separated his darkness from inside him and formed DARK MEPHOS!

Nico: Whoa! J.D. you are a true light for many people.

Trapster, Femme Fetale, Man Boy, Firebrand, Saix, Kangor, Spot, Roman Goodwin, Gorilla Grodd, Pied Piper, and Jack O Lantern then appeared.

Me: Trapster, Femme Fetale, Man Boy, Firebrand, Saix, Kangor, Spot, Roman Goodwin, Gorilla Grodd, Pied Piper, and Jack O Lantern

Grodd: I've actually been called in because I heard about what happened in the world of Donkey Kong.

Me: Oh. Okay.

Trapster: So, you're another friend of the Turtles, right?

Raptarr: That's right.

Me: Yep.

Femme Fetale: (to the Turtles) How many friends did you have before us?

Donatello: Lots of them, actually.

Raphael: Just wait until you meet the Ninja Tribunal and their Acolytes!

Man Boy: Oh, I'll be looking forward to that!

Me: Same with me.

Firebrand: (to Nico) I heard you met 2 people gene slammed into 1 creature.

Nico: That's right.

Saix: How exactly is that possible?!

Nico: That's what has us confused too. It's strange.

?: Boy it sure is.

A figure came out and it was THE JAWS OF DESTRUCTION from episode 37 of Season 2 of Mighty Morphin!

Goldar captures Kimberly and Aisha's friend Shawna to try and drive a wedge between the Power Rangers which would make them refuse to work together and make conquering Earth a breeze. However, Lord Zedd's original plan fails miserably because it was very poorly thought out and the Rangers cooperated. To try and rectify this, Zedd creates the Jaws of Destruction is created by Lord Zedd from a large saw in the Angel Grove High School wood shop go destroy them all. In battle, the Jaws of Destruction is a brawler, using giant sword like saws mounted on sticks as his weapons of choice. Whilst the remaining five Power Rangers discuss how to rescue the hostages, the Jaws of Destruction attacks the Park and Zordon tells the Rangers that the Jaws of Destruction is one of Zedd's most dangerous monsters, the Rangers go to stop the monster's attack on the city. With a conflict of interests, the Power Rangers split up; Tommy and Aisha go to rescue their friends, the other three Power Rangers will tackle the monster. However, when the Rangers arrive, the Jaws of Destruction summons Putties to wipe them out but they are all easily defeated and the Power Rangers go to fight the Jaws of Destruction. However, the monster summons more Putties and the Rangers take a pounding from this batch for some reason.

Once Kimberly is rescued by Tommy and morphs, she joins the other Rangers in slaying the Putties but Tommy has had to remain at the cave due to Goldar appearing. After the Putties are wiped out, Zedd enlarges the Jaws of Destruction with a Growth Bomb to tear them to shreds. Emerging giant from behind some quarry hills, the Jaws of Destruction asks them if they're ready to be destroyed but Rocky says that it's his turn for a "good shellacking." Summoning the Thunderzords, Rocky summons the Red Dragon Thunderzord which the Jaws of Destruction threatens to be "ready to be routed" only for them to form the Thunder Megazord. Even so, the Jaws of Destruction has a traditional Japanese style stare down before screaming insults and insufferable puns at it before charging to "drill them full of steel." However, the Thunder Megazord (having been completely still up to this point) quickly pulls out the Thunder Saber and delivers a devastating slash across his waist. When the Jaws of Destruction turns, they deliver a second stronger slash down his chest which does makes him drop his saw-blades and allows them to finish him off. The Jaws of Destruction can only writhe and scream in pain before being explosively torn apart.

---

Kimberly: Jaws of Destruction!

Jaws of Destruction: Been a while rangers!

Me: I remember you! You were sent to destroy the rangers in one fell swoop with your saw sword and prevent them from getting to hostages that Goldar caught.

Jaws of Destruction: That's right. Good memory on you J.D.

Me: Never missed an episode.

William: So, your name is Jaws of Destruction?

Jaws of Destruction: It sure is!

William: Can I just call you Jaws to make it shorter?

Jaws of Destruction: That would make it sound like I'm a shark.

William: Yeah you're right.

Roman Goodwin: We also have new recruits

Out came FIREROID MERAN from episode Episode 23 of Gokaiger, CARNAGE from Super Hero Squad, an Anthropomorphic Pepper and an Anthropomorphic Slice of Cheese and a pig that smells worse than Pumbaa.

Eli: Fireroid Meran! I remember you! You were summoned after the attempt to get the GoGoFive's power failed.

Fireroid Meran: That's right Eli. Good memory.

Me: You're one of the Japanese Super Megaforce Rangers that was unadapted to the American Series. So awesome. And I recognize Carnage but this one looks like a comical version of him.

SHS Carnage: That's right. We come from the Marvel Superhero Squad Show.

Nico: Oh wow! I love that show! That was a really funny version of the Marvel Comic Book heroes and supervillains.

Me: I used to watch that show all the time and it was awesome. (To the Pepper and Cheese) Who are you two?

Malevolent Diablo Pepper: Call me Malevolent Diablo Pepper.

Angry Cheese: And I am the Angry Cheese!

Nico: Nice names.

Angry Cheese: DON'T YOU DARE EAT ME NICO! I know how much you love cheese but I'm NOT on your menu.

Nico: I know how much I love cheese but you are DEFINITELY NOT on my menu. Just Cheesebridge and Roquefort's cheeses for me.

Pumbaa: And I know Mr. Pig. I challenged him for the title he had and he beat me.

Me: Whoa!

Mr. PIg: That's right Pumbaa.

Nico: Wicked.

We got the usual battles underway.

Rocket Raccoon, Fluttershy, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Caam - Serenity of Gusto, Wynn the Wind Charmer, Lori Loud, Angel (X-Men), Bludgeon and Bitstream VS Trapster

---

Trapster was first.

Trapster: (to Rocket) Carmen deserved to earn the Hairy Chest of

Resilience Badge. Can't believe she went through all those tests without screaming in pain!

Rocket Raccoon: Yeah she is one of the toughest girls we've ever seen. It was amazing how she was practically beaten to within an inch of her life and managed to endure such a brutal beating.

Fluttershy: Yeah that was really brutal.

Tornado Bolt: Those tests were really intense and they were enough to land her in the hospital for a year.

Mage Meadowbrook: Yeah that was intense!

Stealth Elf: No kidding. But Carmen won the bad easy as pie.

Caam: You should have seen what she had to go through in order to get it. She had to face getting lots of hairs pulled out of her legs, smash her funny bone against a fire cabinet, crawl through a bramble bush in her birthday suit, get smashed in between boulders in a swingset that looked like a Newton's Cradle and then the most painful challenge was called the Tour of Tears.

Wynn: They had to dive off a cliff into a water tower and into the path of an oncoming train and roll down a track into a sofa slingshot and then get launched and crash land into the Circle of Supremacy.

Trapster: HOLY COW! Wow! THAT IS EXCRUTIATINGLY PAINFUL! Ouch.

Lori: No kidding. That was literally brutal.

Trapster: Wow! What happened to Rolf after that?

Angel (X-Men): He was so ashamed that he lost to Carmen that he wouldn't come out of his house for a week.

Trapster: Geez! That must've been a brutal series of challenges.

Rocket Raccoon: You have no idea.

Trapster: After enduring that much pain she earned that badge fair and square. Lets do it!

They fired waves of leaves, grass, flowers and energy and wind and smashed him down.

Alexis: Frost and Flame Dragon are both one creature. One head is ice and the other is fire. My guess is that because they are both the same creature and Lorah and Marah are twins they merged when they were slammed and turned into Frost and Flame Dragon.

Femme Fatale: Wow. That does make sense.

Rarity: Indeed it does darling. It's amazing that Nico knows two amazing girls that have become such an amazing creature.

Cozy Glow: That was intense and amazing.

Clover the Clever: Yeah it sure was amazing.

Hex: That is amazing. But thank goodness the Y'Lyntians are gone for good and the High Mage is now locked in an unbreakable crystal for all eternity.

Crabdozer: Thank goodness.

Mr. Krabs: Yeah he had it coming.

Princess Celestia: The Underground People felt like prisoners there because they couldn't leave the city without suffering the risk of turning back into their creature forms.

Minuette: That is crazy! But man they sure suffered a lot down there.

Twinkleship: It's terrible that they had to endure such hardships. But it was worse when the Y'Lyntians came back during an extremely rare planetary alignment to destroy the world.

Lemon Hearts: Yeah no kidding. That was terrible.

Moondancer: But the Y'Lyntians had it coming to them for their criimes. Versallia is one of the Y'Lyntians that were fed up with their ironclad rule.

Lyra Heartstrings: Yeah that was brutal and intense.

Sunset Shimmer: But she did help save the world from their evil.

(JOAN BY HEATHER DOLE PLAYS)

I am as God made me,

I have no desire for a mouth at my breast or a pot on the fire

I heed the high voices, I go where I'm sent

To mow down the men who refuse to repent

I'm a scythe in a field full of briars

And they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They'll know me as Joan

The courage of Catherine, the flames of the forge

The sword of St. Michael, the blood of St. George

I take what I'm given, I follow my truth

I gladly abandon the bloom of my youth

I'm the lashing that falls from the scourge

And they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They'll know me as Joan

Christem ducem

Poena fortis

Et sanguinis effusio

Corda terant

Ut te quaerant

Ieso, nostra redemptio

I fight where God tells me, I never ask why

I've bloodied the Devil with steel from on high

I kill without consequence, heed no man's law

I sift out the righteous like grain from the straw

I am judgment and heaven is nigh

They won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

No, they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

No, they won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

I will burn with a light of my own

They'll know me as Joan

They won't call me Mother or Sister or Wife

They will know me or not by the strength of my life

Lincoln: Wow, these necklaces are beautiful.

Jaws of Destruction: I'm glad you guys love them, these are called the Crystal Necklaces of the Buddha.

Lisa Simpson: Ooh, these are beautiful.

Lincoln put his Crystal Necklace of The Buddha with orange crystals for the necklace links and a large orange crystal for the pendant on, and he gave the rest of us our new Crystal Necklaces of The

Buddha.

Suddenly, the colored gems on Lincoln's Thunderbird Necklace of Eternal Love and the orange eyes on the silver buffalo head pendant started glowing, and he felt all of the stress he had inside him removed from him, and it destroyed it by extracting the negative energy, and it converted it into positive energy, and his rainbow energy aura with elemental forces, Thunderbirds, Phoenixes, and Buffalo flared up extremely, as he absorbed the converted positive energy, and he gained a massive power boost, and the same thing happened to us, as the colored crystals on our merged Crystal Necklaces of The Buddha, regular necklaces, Thunderbird Necklaces of Eternal Love, Elemental Phoenix Necklaces of Eternal Love, and amulets, along with the colored gems for eyes glowed, and we felt all of the stress we had inside ourselves being removed from us, and it destroyed it by extracting the negative energy, and it converted it into positive energy, and our rainbow energy aura with elemental forces and mythological animals flared up extremely, as we absorbed the converted positive energy, and we gained a massive power boost.

Nico: Whoa.

Lincoln: You said it, I now feel so stress free and I've gotten so much stronger. It was because of the Crystal Necklaces of The Buddha.

Jaws of Destruction: That's right, The Crystal Necklaces of The Buddha remove any stress that you'll get, and like your ability to absorb the negative energy of villains' hatred and convert it into positive energy and it makes you all stronger, these necklaces extract the negative energy from the stress, and you'll absorb the negative energy and convert it into positive energy, and it'll make you stronger than ever.

Lincoln and his harem: CLOUD FINAL SMASH: CLOUDY EXPLOSIVE!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was completely obliterated in an instant!

Me: Take that!

Nico: Oh yeah!

BlazBlue)

?: I will make you all pay for what you did to Yuuki Terumi!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and when we sensed a dark energy, that means big trouble was coming.

Ragna the Bloodedge: Oh crap, I was hoping not to hear that voice ever again. You can come out now, Hades Izanami.

A figure came out, and it was none other than Hades Izanami, another ally and follower of Yuuki Terumi, and she's here for revenge for what we did to him.

Ragna the Bloodedge: I should've known you'd show up, Hades Izanami, as soon as the word of Yuuki Terumi's death reached your ears.

Hades Izanami: I hate every last one of you so much!

Our auras flared up extremely, and we gained a massive power boost from her hatred.

Yukimura Sanada (Samurai Warriors): Why do I feel so much stronger now?

Lincoln: That's one of our primary abilities, Yukimura. We absorb the negative energy of villains, and we convert it into positive energy, and it makes us stronger than ever, it comes with the job.

Me: That's right.

Lincoln: Ragna, what can you tell us about Hades Izanami? Rachel Alucard told me that you have a nasty history with her, and when she mentioned Yuuki Terumi, it looks like he's another one of his followers.

Ragna the Bloodedge: Trust me, Lincoln, you won't like this bitch one bit.

Ragna the Bloodedge proceeded to tell us about Hades Izanami, and as predicted, we weren't going to like that bitch one bit.

Hades Izanami

Hades: Izanami (冥王・イザナミ Meiō: Izanami), also known as just Izanami (イザナミ), is a Drive manifestation. She is a playable character in BlazBlue: Centralfiction. She was also one of the main antagonists of the BlazBlue series.

## Appearance

In Saya's body, she looks like a young woman with very long, violet hair tied into a ponytail, and soulless red eyes. She wears a white and red Japanese-style outfit reminiscent of an empress, tied with a light blue sash, with a golden crown and a dark cape over her shoulders.

In Centralfiction, she does not battle in her normal priestess-styled regalia, but changes to a less restricting, more revealing outfit, with Yasakani no Magatama floating behind her. It's also shown that she has doll-like parts. One of these doll-like bits is that she does not have proper feet.

## Personality

Hades: Izanami is devoid of all emotion and extremely literal-minded, only smiling when it regards her goals and when her opposition is struggling against her. She is obsessed with making the world die and will stop at nothing to accomplish her goal. She has little to no concern for her comrades, even to the point of offering Ragna Terumi's head in exchange for joining her side and eventually discarding both Terumi and Relius when they were of no further use to her. In addition, Izanami has no true attachment to her title and announces to the entire world that she willingly hands the role of Emperor to Homura Amanohokosaka and would grant the "gift" of death to the world.

Izanami remarks that she can "feel" the strong attachment that the real Saya has towards Ragna. Throughout the game, she constantly mocks Ragna with Saya's voice in a playful manner. Like Relius, she has a dislike of Hazama and his "playful" attitude, though it also could be out of Saya's proxy due to what Terumi did to her in the past.

However, Izanami shows signs of being frantic when Mu-12 successfully absorbs her due to Ragna's interference, which was a possibility she never expected due to her arrogant and dismissive personality.

## History

Hades: Izanami is an immortal being, death incarnate. She is using Saya as her vessel, which was also cloned to create Lambda, Mu, and Nu. Izanami, like Noel, possesses a part of the Origin's soul, since she is the manifestation of her soul's power, her Drive.[2] Her goal is to reduce everything in the universe to nothing.

### BlazBlue: Continuum Shift

Izanami awakened during Continuum Shift. She cured Tsubaki Yayoi's blindness, and while Ragna sacrificed his left arm to turn Mu-12 back into Noel, she damaged the Master Unit, Amaterasu, to disable the time loop while nobody's looking, and took control of the Takamagahara system, thus granting herself the one wish she had always wanted: to prevent time from looping any longer and make the world the way it was: a "world of death".

### BlazBlue: Chronophantasma

She serves as the main antagonist in Chronophantasma. To make people aggressive, Izanami created Event Interferences in Ikaruga. To cancel it, the Amaterasu Unit had to get closer to the world, and was pulled out of the Boundary. After that, Izanami summoned Highlander: Takemikazuchi to destroy the Master Unit, but Rachel protected it with her Tsukuyomi Unit.

After Takemikazuchi was defeated, Izanami turned it in the Embryo, to create the True BlazBlue with it. She made Ragna's Blue Grimoire go fully berserk and declared that her alliance with Hazama and Relius Clover is now over since the "Banquet" has now ended, and that she will give them a "Good Death" for having served her.

As she heavily relies on the effects of magic element, Kokonoe's and Kagura's initial plan was to nail her with Kushinada's Lynchpin.

### BlazBlue: Centralfiction

In BlazBlue: Centralfiction she serves as the boss for Act 2: "Nightmare Memory". As it's said by Rachel, Izanami is just the

Drive of the girl inside the Master Unit, so it means she's also a part of the Origin's soul.

Her vessel, Saya, was customized by Relius to house Izanami, but it already started to deteriorate.

She has a conversation with Relius about the nature of souls. He said to her that even if she was just a Drive existence, as she has her own desire, which makes her a full individual with her own soul. Then she says that her only desire is to grant death to the current world.

She was eventually absorbed by Noel after she had merged with Mu-12. The attempt would've failed with Izanami gleefully using her powers to overwhelm Noel at close range if it were not for Ragna inverting her powers with the use of his Idea Engine (to which Izanami expresses her frantic disbelief).

## Powers and abilities

Izanami is known to be extremely powerful, as she manages to damage the Amaterasu Unit easily. The BlazBlue Material Collection mentions that her vessel has incredibly high Magic Formula aptitudes. As well as this, she is immortal, in the same way that Rachel is. Not even Hakumen's Time Killer technique is able to affect her. This is due to her not feeling time. Rachel claims that she is as strong as the Black Beast, if not even stronger, as indifference to the Black Beast, she cannot be killed. Rachel also says that even if Hakumen had access to his full power, he would still have a difficult time defeating her.

Her boss battle in BlazBlue: Chronophantasma shows off her skills in battle. She can effortlessly control the Event Weapon Takemikazuchi in battle as well as unleash an extensive myriad of energy projectiles that cause an extraordinary amount of damage against the opponent.

In BlazBlue: Centralfiction, it is shown that she can float at will, and has the ability to control time, bringing it to a stop and leaving her opponents completely defenseless for a set duration. She is also capable of conjuring skeletal constructs of spectral energy that shield her from opponent's attacks or act as an extension of herself in attacking her foes. She can even conjure large orbs of dark magical energies that she sends crashing down on her opponents. She is also a surprisingly skilled and flexible physical fighter. She also has the ability to teleport and drain the life energies from her opponents.

Also in BlazBlue: Centralfiction she claims that it would be difficult for her to create an energy blast like one Corpse Burial: Requiem was supposed to make, which was going to atomize the entire planet and the moon with 10 to the power of 31 joules worth of power, but she made it sound like she was actually capable of that.

Her Drive, Sand Shine Exodus Ark (沙麟エクソダスアーク Sharin Ekusodasu Āku), activates her special Unit, Yasakani no Magatama. While it is active, Izanami's abilities change, she can shoot Magatama projectiles, but cannot block. Her Overdrive, Suppressing Realm Ark Force (絶界アークフォース Zekkai Āku Fōsu), gives her access to all of her abilities of both modes, allowing her to block while the Unit is active. Lastly, her Astral Heat, Eternal Darkness (常世の闇 Tokoyo no Yami), has her launching the opponent high into the air and calling upon the spirits of the afterlife to aid her in dragging her opponent into the netherworld.

When Ragna the Bloodedge was done, we were horrified at Hades Izanami's dark actions.

Me: My God, she's nothing more than a monster who wants to see the world die.

Nico: You said it, that bitch deserves to die.

Lincoln: Wait, I sense another presence in her. (Gasps) It's Ragna's sister, Saya.

Laney: What?! Oh, we've got to get Saya out, and then, we're going to kill Hades Izanami.

Suddenly, Laney's eyes turned neon green, and she was surrounded by a rainbow energy aura with leaves, animals, and fire, she unholstered her massive Sword of Gaia from her back, and as she'd approached Hades Izanami, she left rainbow energy, leaves, animals, and rainbow fire with every step.

Laney: Hades Izanami, I will never forgive you for your crimes against mankind and the world. You are just as bad as Yuki Terumi, but now, I'll make sure that you never return to torment others ever again.

Suddenly, Laney was surrounded by a massive vortex of rainbow energy with leaves and the animals of the Animal Kingdom and rainbow flames surrounding it, there's a fairy flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Laney emerged, but she was changed forever.

Laney grew from 6'0" to 6'5" in height, she still retained the body of a goddess, along with the weighted brown bands on her biceps and thighs, and they now have silver phoenixes on them, and eight large brown orbs orbiting around her legs, she has green highlights in the bangs of her long flowing brown hair, she has neon green eyes and a rainbow energy aura with leaves, animals, and rainbow fire surrounding her, she has a rainbow fairy holding the Nature Kanji in its hands and a leaf emblazoned on her forehead, she has on fairy earrings with the Nature Kanji in its hands and a necklace with a fairy holding the Nature Kanji in its hands for the pendant, she has on a sleeveless black shirt with green phoenix and her red scarf, black skirt with leaves and animals on it, black pants and black leather ankle-length combat boots with leaves for the buckles, and a long brown sleeveless trenchcoat with leaves, animals, and rainbow fire on the coattails, and on the back is a fairy and leaves and plants surrounding them.

Laney has massive brown angel wings with green tips on the large brown feathers, the massive, wide, double-edged man-sized blade of her Sword of Gaia grew to 6'5" in length and the long black handle grew a little longer, she has on brown fingerless gloves with the symbol of The Loud House on the back, she has on her Lantern Corps ring on her right ring finger, her brand new Bracelets of the Champions of The Universe with large brown gems on her wrists, Belt of Elemental Bravery with large brown gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her left hip. There's a red kanji below the fairy that said, "Laney Loud, 2nd Youngest of The Loud Family, Loving Sister of Her Many Siblings, Loving Youngest Daughter of Rita and Lynn Sr., Loving Girlfriend of Joey, Slayer of Evil, Descendant of 17th Century Laney of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Amazing Artist of Team Loud Phoenix Storm, Voice of Reason in The Loud House Emissary of Gaia, Defender of The Loud House and The Loud Family, and Master of Nature, Animals, and Fire."

ラウド・ファミリーの二番目の末っ子、ラウド・ファミリーの2番目の末っ子、リタとリン・シニアの最年少の娘、ジョーイの愛するガールフレンド、悪の殺し屋、スコットランドのラウド湖の十七世紀のレイニーの子孫、モラグの破壊者マクラフリン、チームラウドフェニックスストームの素晴らしいアーティスト、ガイアのラウドハウス使者の理由の声、ラウドハウスとラウドファミリーの擁護者、そして自然、動物、そして火のマスター

Laney has transformed into SUPER ANGEL INFINITY GAIA FIRESTORM FAIRY NATURE ANGEL OF DIVINE LOVE AND DIVINE JUSTICE!

We were amazed by Laney's Super Angel Infinity transformation, and when Joey saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Hades Izanami saw it, she fell into a rage, and tried to attack. But, Laney attacked her with a bramble whip and it hurt her badly. Then, Lincoln fired a blast of light, which separated Saya from Hades Izanami, and he caught her, and he brought her back to Ragna the Bloodedge.

Ragna the Bloodedge: Saya, oh, thank goodness, she's okay.

Me: (Stunned) Whoa, Laney's transformed.

Nico: You said it, J.D., and Lincoln's separated Saya from Hades Izanami, and got her to safety in Ragna's arms.

Lincoln: Whoa, Laney, you look amazing, how do you feel?

Laney: (Divine Echoing Celtic Cosmic Voice of Nature and Divine Love) **I feel incredible, Lincoln, and now that Saya's freed from**

**Hades Izanami, we're free to let that death-dealing bitch have it.**

Lincoln: (Smiles) Oh yeah, now you're talking.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Laney.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get her!**

Laney and Lincoln went at Hades Izanami, who fired a blast of energy at them, but they dodged it, and they fire powerful blasts of rainbow energy, rainbow fire, elemental forces, animals, leaves, Thunderbirds, Phoenixes, and Buffalo at Hades Izanami, and they exploded with incredible power, as it hit her. Then, Laney and Lincoln fired powerful red energy blasts, and as they hit Hades Izanami, they began sucking out all of Hades Izanami's godly powers and abilities, along with the life energies of those that she's drained, and they and the rest of us made them our own. Then, when they were done, Hades Izanami was now rendered completely powerless.

Laney: **Shall we put an end to her once and for all, Lincoln?**

Lincoln: **Let's do it, Laney, and I think I know how we're going to end Hades Izanami. Let's use one of her own attacks on her, but let's put our own spin on it.**

Laney: (Smirks) **Ooh, now you're talking, big bro.**

Laney and Lincoln formed large orbs of elemental magical energies, and the large orbs had thirteen elemental forces orbiting around them, and they fired them, and as they hit Hades Izanami, they'd exploded with incredible power, and the resulting explosion killed her, and she was Super Hakaied for all eternity. We cheered wildly for what Laney and Lincoln did, as they holstered their massive swords on their backs and power down, and the improvements and upgrades to Laney's clothes, weapons, jewelry, and angel wings were permanent. Then, they came back to us, and we went up to Lincoln and Laney, and we hugged them, and they hugged us back.

Me: (Smiles) Laney, Lincoln, you did an awesome job in taking care of that bitch, Hades Izanami.

Lincoln: (Smiles) Thanks, J.D.

Laney: (Smiles) And the added thanks also goes to Lincoln, he separated Saya from Hades Izanami, and got her back to Ragna the Bloodedge, and reunited them.

Lincoln: He needed his little sister back, and I know of the strong and unbreakable bonds they have, it's just like the bonds that I have with all of you.

Me: You said it, Lincoln. But, of course, we'll also have to protect Saya and Ragna from Jin Kisaragi, when we see him in the future.

Lincoln: You said it, J.D. I've heard of him from Rachel Alucard, and he's cold, aloof, and borderline sociopathic. He cares little for the feelings of others, and denounces, in his own words, trivialities like camaraderie, believing that such things are lies that people use to their advantage, and he'll have no second thoughts with killing anyone who gets in the way of his goal.

Nico: Sheesh, this guy's bad news, and if we see him in the future, he's going straight to the grave.

Then, Lincoln got jumped by his harem, and he was kissed all over, and he had lipstick marks all over him. But, Lincoln had a very sly grin on his face, and he made clones of himself, and he wrapped his abnormally massive and powerful muscular arms around the waists of every last member of his harem, and as they lock eyes, he leans down and kissed them on the lips, and we cheered for him. Then, Joey went up to Laney, and he then wrapped his arms around Laney's waist, and he kissed her passionately, which Laney returned, as she wrapped her arms around his neck, and kissed him, and we cheered for them.

Kangor: (to Mephos) I didn't expect J.D. to get you to change your ways, mon.

Mephos: Is that a problem?

Spot: Not at all. It was just unexpected.

Roman: But we're not complaining.

Me: I just sensed that there was still good in him and that he just needed some help to come back into the light.

Nico: You made the right call J.D.

Pied Piper: Either way, we'd better get ready for tomorrow.

Lana: Why? What are we going to do tomorrow?

Pied Piper: The Same thing we do every night. Try to take over the world!

We laughed!

Me: That was funny!

Pied Piper: (Laughs) Sorry I couldn't resist.

Jack O Lantern: We've got a sports themed day ahead of us!

Rainbow Dash: This is gonna be awesome!

Leonardo: (To the viewers) I hope you all liked this awesome adventure in Arderial. We have a huge day tomorrow and we're going to be ready for anything.

Me: We sure are. Lets go home everyone. Great job today.

Mephos: I got to head back to the Avian City. I still have a lot to answer for my crimes. I'm not ready to join you all yet.

Me: I understand Mephos.

Mephos was taken back to the Avian City and he was put in prison for a while.

We went back home and enjoyed the rest of the day and went to sleep.

Meanwhile in the world of Isa and Ash, they were getting ready for an awesome adventure with us.

Ish: I hope we're all ready for when we take down Wild Card.

Ash: I know we all are ready.

Ish: Get ready Wild Card. We're coming for you! NFL RUSH ZONE!

They transformed and went at the camera.

TO BE CONTINUED!

Another awesome fanfic done.

This was an awesome chapter and it was for the TMNT villain Mephos from the TMNT 2003 episode A Wing And A Prayer and it was awesome and amazing. It was awesome. But it was awful that Mephos could become like that. The first 2 parts are for Donkey Kong Country Tropical Freeze and it was so awesome. Bright Savannah and Autumn Heights were used in that one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for Nico is gonna be in the world of Metroid Prime 3 and they are going to go to Skytown and Nico and the Power Pack are going there to take down the insane version of Ghor that was corrupted by Dark Samus and they are also going to meet a Five Headed Dragon Gene-Slammer named Reggie Hjorleifsstræti from Iceland that Nico knows from an awesome International Foreign Exchange Program. Lincoln's rescue is gonna be on the planet Phaaze and we're going to see not only what the home world of the Phazon Corruption was like but also we're going to battle Dark Samus and imprison her in the Book of Vile Darkness and also meet an Earthbound Immortal Ccarayhua Gene-Slammer. The next chapter for tomorrow is for NFL Rush

Zone and we're going to face Wild Card and we're going to make that monster pay for his crimes against all of football.

See you all tomorrow

# NFL RUSH ZONE ADVENTURE

GO BRONCOS!

On the planet Elysia, Nico and the Power Pack were there for another awesome rescue.

Nico: Thanks for coming with me, guys.

Lightspeed: No problem Nico. It's gonna be so awesome to go with you on a rescue.

Zero-G: It sure is gonna be awesome.

Energizer: Wow! Look at this place.

Mass Master: Where are we?

Nico: Wow! Nicole showed me this planet on a video game and Samus told me all about it. It's the planet Elysia.

Elysia is a planet featured in Metroid Prime 3: Corruption. Its most notable characteristic is that the planet seems to be covered in a perpetual cloud of unknown gases, including noxious gasses. As a result, the only known inhabitants of Elysia have been the Chozo and the robotic Elysians who lived in and maintained a large outpost named SkyTown high above the clouds of the planet, where the atmosphere is habitable.[citation needed] However, even at this altitude, SkyTown is not protected from harsh storms and winds.

According to an unused logbook entry, the planet is a Gas Giant. It is referenced that the crash of the Leviathan into the planet has struck its core, not its surface, which is consistent with gas giants being theorized to only possess a solid core. Additionally, the planet's large size in comparison to other planets on the map and the violent lower atmosphere match characteristics of gas giants. Another possibility is that Elysia may be a rock planet with a dense, violent and toxic atmosphere, as Aurora Unit 242 mentions how SkyTown floats high above the surface, and shows a three-dimensional representation of the planet, with the Leviathan sitting far away from the core. The large size of Elysia compared to the others in the Galaxy Map may be due to the interface of the map featuring depth, with that planet being the closest one to the screen.

## The Birth of SkyTown

1500 years before the events of *Metroid Prime 3: Corruption* the Chozo built the outpost known as SkyTown, high in the skies of Elysia. The purpose for this outpost was to be an interstellar observatory, designed to launch many observation satellites toward distant worlds for the Chozo to study them. However, the constant winds and storms of the planet began to take their toll on the station. This took up much of the Chozo's time, and seeing the need for assistance in maintaining the station, the Chozo created the robotic Elysian race 50 years after the outpost's creation. The Elysians were given the gift of self-awareness to better assist the Chozo in this task.

The Chozo continued their observation of the cosmos, until one day, a Chozo Searcher came across a stellar object that was in many ways a planet, yet also apparently sentient. This chance event was brief, and contact with the satellite was lost before more information could be gleaned from it. Eventually, the Chozo departed the station, 400 years after the creation of the Elysians. With their departure, the Chozo requested that they watch over the station until others who came seeking knowledge and enlightenment arrived, as well as the request from the Chozo Searcher to continue exploring the skies for the answers to the mysterious sentient planet.

The Elysians continued the tasks entrusted to them, maintaining the station and continuing to search for the elusive planet. However, 200 years after the Chozo's departure, the Elysians were low on critical supplies and their attempts to produce fuel from Elysia's atmosphere was unable to produce a sufficient supply. As a result, the Elysians opted to enter a state of hibernation and have the data collected by the station fed into them by dreams.

Through these observations, many great events came to the Elysians, including the knowledge of the Chozo's new home on Tallon IV. The last of these dreams foretold of a meteor impacting upon the surface of Tallon IV, which brought an end to the Chozo civilization that was built there (setting in motion the events of *Metroid Prime* ).

1435 years after the Elysians' creation, the Galactic Federation made contact with the Elysians, when Federation forces activated SkyTown's automated defense systems. This revived the Elysians from their hibernation, which led to first contact with the Federation, and later the "Treaty of Elysia". The terms for the treaty were simple: the Federation would provide supplies, fuel and parts to the Elysians, and in return, the Federation would be allowed to use SkyTown as they saw fit. This led to the installation of Aurora Unit 217into SkyTown, since the planet's harsh atmospheric conditions forced the Federation to pull their humanoid researchers. This partnership benefited both sides as they both worked together, assisting each other in valuable research that would prevent many disasters throughout the universe.

Five months before the events of *Metroid Prime 3: Corruption*, the Elysians detected a meteor-like object colliding into a planet in a nearby system. This planet may have been the Pirate Homeworld, although this cannot be confirmed. It is known that it was not planet Aether (whose impact was five decades ago, according to GF data entries) or planet Bryyo (whose impact was at the same time as Elysia and the attempt on Norion).

Regardless, several months passed before the Elysians discovered that this meteor had come through a wormhole from an incredibly distant planet (which would later be revealed to be the planet Phaaze). It became clear that this was the sentient planet that the Chozo Searcher had been looking for. The Elysians attempted to transmit this information to the Federation, but were unsuccessful, as Aurora Unit 217 had become infected with a corruption virus and thus communication with the Federation was disabled.

One week after the infection, the Elysians detected a Leviathan en route to their planet, destroying a large portion of SkyTown and ultimately striking the surface of Elysia. This was then followed by an attack by Space Pirate forces, who proceeded to infect the Elysians with the same virus that had corrupted the Aurora Unit.[5]

In response to this, the Galactic Federation dispatched the Bounty Hunter Ghor to SkyTown. However, Ghor too succumbed to Phazon corruption and as a result, took control of the Space Pirate forces, bringing an end to the Elysian resistance. This in turn prompted the Federation to dispatch Samus Aran to the planet, where she proceeded to defeat Ghor and the Space Pirates and destroy the Leviathan.

---

Lightspeed: Wow! I heard that Samus and that computer made an awesome and really amazing plan to destroy that seed.

Nico: Yep the Theronian Bomb and it carried the massive explosive power of a thermonuclear bomb. Very well thought out and very genius.

Zero-G: Wow! That was very cool.

Energizer: I remember seeing that when I saw Nicole playing Metroid Prime 3. That was really cool.

Lightspeed: It sure was.

They landed in SkyTown and they were at the Observatory.

Nico: This is my favorite place here in Elysia and it's how Samus found all the planets that she went to and how she found the planet Phaaze.

Zero-G: Wow! This is amazing. What an observatory.

Nico: Yep it sure is.

Energizer: It sure is amazing.

Nico: Let's be careful though. There might be enemies nearby.

Lightspeed: Right.

They walked around and flew around Skytown and kept their eyes on alert.

Energizer: Wait what's that!?

They saw smoke coming from a building and they flew over and they saw fire and coming out of the flames was GHOR! He was made insane because of the Corruption of Phazon!

---

A veteran of the liberation war of Wotan VII, Ghor was heavily injured in battle and was forced to modify much of his body with state-of-the-art cybernetic replacements, leaving only 6% of his original body. However, Ghor retained his personality and was known for his empathy, compassion, and sense of humor. Gentle and intelligent, he helped the weak, poor, and troubled by working as a Bounty Hunter for free or giving bounty money he earned to the victims of his targets.

Ghor also had a large armorsuit which doubled as a gunship and provided him with strong armaments, making him formidable in combat. However, merging with his suit caused his personality to shift dramatically, making him aggressive and violent. Ghor worked very well with anything mechanical, so he was often hired for missions requiring computer infiltration or manipulation.

Without his armor, however, he appeared to be fairly weak; Samus was easily able to fend him off with three Power Beam shots when he confronted her in the Aurora Chamber maintenance level in SkyTown. This is further reinforced by his lore that stated he was "not the most skilled of fighters."

Ghor, along with Rundas, Gandrayda, and Samus Aran, was asked by Fleet Admiral Dane of the Galactic Federation to help stop the Phazon corruption of the Aurora Units. He traveled to the G.F.S. *Olympus* with the other Hunters, where Samus first saw him undergoing a biohazard scan in the Security Station and later officially met him in the ship's Ready Room. Once the Space Pirates attacked the ship and the planet Norionbelow, Ghor helped defend the ship by confronting the infiltrating Space Pirates. He then went to

Norion to help the Federation ground troopers and protect the base from the invasion.

On the planet, he continued battling the Space Pirate onslaught and defeated a Berserker Lord when Samus met him on the planet. He told her to fix one of the planet's broken generators while he continued battling the Pirates.

Once the three generators were back online, Ghor rejoined his fellow hunters in the elevator leading to the Control Tower to activate the cannon that would destroy the approaching Leviathan. However, upon arriving at the cannon's control room, Dark Samus appeared to intervene, and after a brief skirmish she fired a large burst of Phazon at Ghor and his compatriots, causing them to fall unconscious.

Two weeks later, Ghor awakened. Due to Dark Samus firing Phazon at him, his body was now self-producing Phazon, though with no apparent negative effects. The Federation gave him a Phazon Enhancement Device to use this Phazon and sent him to the floating city of Skytown on planet Elysia to give its Aurora Unit a vaccine to cure it of Phazon corruption. However, he was unable to successfully control the Phazon inside his body and became corrupted by it.

## Corruption

After the Galactic Federation lost contact with Ghor, Samus was sent to the floating city of SkyTown, Elysiato investigate his disappearance and complete his objective in his stead. Arriving in SkyTown, she found Ghor's face displayed on various monitors around the facility and eventually, his Armorsuit being tended to by Repair Drones.

Samus soon found the AU and entered a maintenance tunnel that led to the port where she could input the vaccine. Moments later, she was confronted by a corrupted Ghor, who stated that her success was insignificant before using his Plasma Cannon to destroy vital circuitry that connected the Aurora Unit to the Skytown network. Samus fired at him, but Ghor was barely affected, and left through a mechanical hatchhe locked behind him.

The vaccinated Aurora Unit 217 then tasked Samus with retrieving Ghor's plasma cannon to repair its circuitry, though Samus knew that she would have to defeat him to obtain it. Soon afterward, the Chozo biotech computerin Samus's Gunship sent her a transmission from its location at the Main Docking Bay, warning that an unknown entity was attacking its hull. Samus rushed to the docking bay, only to find Ghor assaulting her ship, who told her she was "just in time". He then threw the crippled ship in her direction, missing her but crushing a piece of Chozo statuary above, preventing Samus from escaping. After sending her Gunship away, Samus was forced to fight Ghor.

Battle Phase 1

After crippling Samus's Gunship with his mech, Ghor throws it at the gateway to the landing pad, smashing the wall and trapping Samus. As she remotely pilots her Gunship away, Ghor activates a large frontal shield, and with a maniacal laugh, he begins repeatedly charging Samus as well as attempting to crush her with a thruster-enabled leap that creates a seismic wave upon impact. When Ghor charges at Samus, she can freeze the Fuel Gel on the landing pad with an Ice Missile, which makes Ghor slip, lose control, and crash into one of the walls so that Samus can attack his main CPU. Another way Samus can get at Ghor's generator is by locking on to him and strafing around him when he gets close during his charge. Samus will then have a short time to shoot at the generator before he recovers and turns around. When the generator on the back of Ghor's armorsuit is damaged to a certain degree, the shield deactivates, stunning him for a while, and Ghor will fire shoulder missiles, small bursts of plasma, and a large plasma beam from his chest while stationary as well as using a spin attack until the shield is reactivated. He will repeat this attack pattern until the main reactor (his head) is severely damaged. Samus can easily dodge Ghor's missiles by going into her Morph ball and using the boost ball to outrun the missiles; Samus can also dodge the large plasma beam by space jumping at the correct moment and thus avoiding the attack; Samus can also avoid this attack by going into her morph ball and going very close/ underneath Ghor as this plasma beam is restricted to a specific range of angles.

## Phase 2

When the shield is permanently destroyed, he vents out energy that seemingly vaporizes all Fuel Gel in the dock, and a small reactor will drop down from the undercarriage of his armorsuit. Samus can only hit it with ground-based attacks-in other words, the Morph Ball. However, caution is required while in Morph Ball mode, as Ghor will attempt to grab her from afar using a hookshot launched from his arm and proceed to smash her against the floor. Bombs are preferable to the Hyper Ball because while Ghor takes limited damage from the Hyper Ball; Samus will still lose 25-50 units of energy. Hitting the small reactor with a fully charged Boost Ball is effective as well. In this phase, Ghor will use his previous attacks plus the previously mentioned hookshot. When the undercarriage is hit, Ghor's faceplate is temporarily uncovered and left vulnerable for a while.

## Phase 3

After Samus has inflicted critical damage on him, Ghor will lose his frontal armor and become desperate; he'll enter Hypermode and use every weapon at his disposal until Samus finishes off his main reactor. Ghor will then try to change his armor into its gunship mode and escape, but it explodes, leaving Ghor floating in the air. His body trembles and he seems to gasp as a wraith-like Dark Samus absorbs the Phazon in his body, consuming him completely despite Samus's efforts to stop her by firing at Dark Samus's ghost-like form. On wings of darkness, Dark Samus soars away from the landing pad, leaving behind only Ghor's Plasma Beam.

## Other

Gandrayda sometimes morphs into Ghor when Samus fights her. In this form, she is known as "Ghor-G". Prior to her defeat, she will also morph into Ghor and fall down on her knees.

Ghor makes one last appearance in the special ending of the game, in which Samus takes a moment to mourn her fallen comrades on the same landing site where she fought him.

## Weapons and abilities

Though not a skilled fighter on his own, Ghor's armorsuit made him a force to be reckoned with. The cyborg's armorsuit granted him physical enough strength to spar evenly with a Berserker Knight and throw Samus's Gunship with little effort. It also contained a formidable arsenal of weapons, including:

Attack claws to fight hand-to-hand, and perform vicious spin attacks.

Laser cannons fitted on his attack claws.

A frontal shield to deflect attacks, also used to charge opponents.

A hookshot to ensnare opponents.

A Plasma Cannon mounted on his chest.

A Multi-Missile system.

Boosters to make high leaps in the air and land down, creating a shockwave. Weaknesses

Without his armorsuit, Ghor was physically weak on his own. This was evident as Samus was easily able to overpower him with three Power Beam shots. His armorsuit was also not without flaws: The frontal shield on his armor could be temporarily deactivated by overloading the generator on his back, and it also contained a fragile mini reactor that could easily be destroyed with the Morph Ball's arsenal.

Nico: Ghor!

Corrupted Ghor: Nice that you know who I am Saiyan.

A spirit of Dark Samus appeared around his face!

Nico: Dark Samus! This must be an evil version of him!

Lightspeed: Let Ghor go now Dark Samus! This is between you and us!

Corrupted Ghor: NEVER!

Mass Master: Why do I get the feeling that J.D., Lincoln, Tristen, and the others will also fight you later?

Corrupted Ghor: Yes and I'll be waiting for them. I've been ready for this ever since.

Nico: Dark Samus listen! You were made when Metroid Prime absorbed Samus' Phazon Suit and you were given life from that. You were a very formidable and extremely powerful adversary to Samus and she even tried to help you out because you are essentially her. And you are even now part of the Super Smash Bros. Roster which I think is really cool.

Corrupted Ghor: Yes I've heard about that. Lincoln Loud is a very formidable foe in the world of Super Smash Bros.

Lightspeed: That's awesome.

Nico: Yes it is. But Dark Samus don't do this to the people that Samus cares about the most. Because of the Phazon Crisis, you are putting countless innocent people at risk. It's not what your fellow people of Nintendo would want is it?

Dark Samus was thinking on it.

Corrupted Ghor: No it's not.

?: Then I will have to help you understand reason!

A huge figure appeared and it was a FIVE HEADED DRAGON!

Nico: WHOA! A Five Headed Dragon!

Five Headed Dragon: (In a girls Voice) (Icelandic Accent) Nico? Is that you?

Nico: That voice! Reggie! Reggie Hjorleifsstræti?

Reggie: Wow it has been a while!

Zero G: Good. It's just one person this time.

Nico: Long story. Me and Reggie met when Reggie first came to our school in an international foreign exchange program and I was very fluent in Icelandic back then and I taught her english and even spoke Icelandic from her.

Reggie: Those were great times.

Lightspeed: Wow! What is one of your favorite memories?

Nico: Me and Reggie were partners in Geography class and our project was on the geography of Iceland and we worked on a diorama of the entirety of Iceland and that took a REALLY long time to make. But it was worth it. We got EVERY SINGLE detail of Iceland done correctly.

Mass Master: Wow! That is amazing!

Reggie: That was a really fun project.

Nico: Lets revert you back after we take care of Corrupted Ghor here.

Reggie: Right.

Lightspeed: Let's see if Corrupted Ghor can fly!

ZOOM!

She flew and punched him in the face and burned him with a rainbow light trail and Energizer, Zero-G and Mass Master blasted him all over the place with energy blasts.

Nico: Lets see how he likes this.

Nico unsheathed his sword and the blade turned into a sword of pure plasma that was hotter than the sun!

Nico: Try this on! PLASMA BLADE FIRESTORM!

Nico fired blades of fire plasma from his sword and they slashed

Corrupted Ghor all over and burned him bad and then Reggie fired blasts of earth, fire, wind, water and darkness from each of her fire mouths and they hit Corrupted Ghor and exploded!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was obliterated in an instant!

Nico: Wow!

Reggie: That was amazing!

Nico: Now we can revert you back. Zero-G, Mass Master cover your eyes.

They did so and Nico put on a pair of blind man glasses like mine and Nico snapped his fingers and Reggie reverted back and she was in her birthday suit and Nico gave her an awesome new dress and it was amazing!

Reggie: Wow! This is an amazing dress.

Nico: Yep.

They hugged.

Nico: I missed you Reggie.

Reggie: Me too Nico.

Nico: Dark Samus will thank us for that later.

Lightspeed: Yeah but I heard that Janeen hates Dark Samus because of what she did to her real mother.

Reggie: What happened?

Nico: It's a really ugly story Reggie. During the Phazon Crisis on the Space Pirate homeworld of Urtragia, Samus battled Gandrayda and defeated her and then Dark Samus killed her.

Reggie: Oh man! That's terrible!

Zero-G: Yeah it sure was awful.

Nico: Yep. Janeen is not gonna like having Dark Samus in the Masters of Evil one bit but she will have to put aside her differences with her.

Mass Master: Yeah.

They went back to Earth.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, Megan McAllister, Samus Aran, Grenadyne Aran, Janeen Aran, Misty Tredwell, Woody Woodpecker, and Tristen are heading to the planet Phaaze, and not only is Lincoln going to rescue the fifteen girls located there, but we're also going to see what the home world of the Phazon Corruption was like, and we also got word that Dark Samus has returned from the dead.

It was a terrifying planet.

Lincoln: Whoa, we're on the planet Phaaze, and I think I know what we're going to do here, not only am I going to rescue the fifteen girls located there, but we're also going to see what the home world of the Phazon Corruption was like, and we also got word that Dark Samus has returned from the dead.

Me: That's right, big guy. Man, this place sure is dangerous.

Samus Aran: It sure is, J.D. Phaaze is the source of all Phazon, and it's home to many creatures who are hostile to all non-Phazon creatures here.

Eli: Yikes.

Nico: You said it, Eli.

Lincoln: And there's also another Earthbound Immortal Gene-Slammer here, and it's another one of my friends from childhood.

Woody Woodpecker: And like I told Buzz Buzzard yesterday, the next Gene-Slammer's got to be the Gene-Slammer for the Earthbound Immortal Ccarayhua.

Misty Tredwell: That's right, Woody.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the fifteen girls, but they've been cornered by Dark Samus, and she's going to kill them.

Lincoln: Guys, I've found the fifteen girls, but they've been cornered by Dark Samus, and she's going to kill them. Let's get her.

We rushed on over, and Lincoln fired a massive rainbow energy blast at Dark Samus, and it hit her in the back and really hurt her. When Dark Samus saw us, she was enraged.

Samus Aran: I should've known you'd show up here yet again.

Lincoln: But, this'll be the last time that we deal with you again, Dark Samus.

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Misty Tredwell unholstered her massive Sword of Ccarayhua and transformed into her Super Angel 750,000,000,000 form, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem also got out their weapons, Samus, Janeen, and Grenadaya got out their massive Hunters of The Galaxy swords, Megan McAllister unholstered her massive Sword of Kandrakar from her back and transformed into her Super Angel 750,000,000,000 form, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Dark Samus, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, stars, darkness, lasers, green fire, and colored flames at her, and they exploded with incredible power as they hit her.

Dark Samus was enraged, and she summoned her Dark Echoes, to attack. But, before they could, we saw the Earthbound Immortal Ccarayhua appear, and it fired a blast of purple energy, and it destroys the Dark Echoes, and hits Dark Samus, sending her into a wall.

Me: Misty, did you summon Earthbound Immortal Ccarayhua to help us?

Misty Tredwell: No, honey, I didn't.

Earthbound Immortal Ccarayhua: (In a girl's voice) That'll teach you, you Samus knock-off.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Wait, that voice. Emma Langley, is that you?**

Emma Langley: Lincoln, is that you?

Emma Langley went up to Lincoln, and they hugged.

Lincoln: **Yeah, it's me, Emma. I haven't seen you when you were five, and I've really grown a lot as you can see, and I'm sixteen years old.**

Emma Langley: Yeah, I can see, you've really grown a lot from the four-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Me: Whoa, Lincoln, you know her.

Lincoln: **Yeah, I do, J.D. This is Emma Langley. I met her when I was four years old, and she was five, and like with Helena, Emily, Cathy, and Mia, she protected me from bullies.**

Me: Awesome. Pleasure to meet you.

Lincoln: **We'll have to catch up later, we've got to deal with Dark Samus.**

Emma Langley: I can't wait to see how you're going to deal with her.

Lincoln bound Dark Samus with rainbow energy chains, and she couldn't escape.

Lincoln: **Your days of running free are over, Dark Samus. This time, you're going straight into a new prison. ALDURON ENLENTHRANEL VOSOLEN LIRUS-NOR!**

Lincoln fired a powerful blast of dark energy, and it hits Dark Samus, and he imprisoned her in The Book of Vile Darkness. We cheered wildly for what Lincoln did, as we holster our massive swords on our backs and power down, and Lincoln fired a powerful blast of rainbow energy at Phaaze, and he got the fifteen girls, and we got out of there and back to the Estate, and just in time to see Phaaze to be destroyed for good, and we were rid of the Phazon Corruption for good.

Emma Langley: Now, that was fun.

Lincoln: The rescues are always awesome. Now, let's get you back to normal. Boys, cover your eyes. Hold still, Emma, this is going to hurt.

Eli, Me, and Nico covered our eyes and Lincoln snaps his fingers, and Emma was reverting back to normal, and she was a beautiful 16-year-old girl with long black hair with green highlights in the bangs, green eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with green tips on the large black feathers on her back, as she reigns in the power of Earthbound Immortal Ccarayhua, and she was in her birthday suit.

Lincoln: How do you feel, Emma?

Emma Langley: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with a green phoenix, black skirt with the Earthbound Immortal Ccarayhua and green flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound Immortal Ccarayhua on the back, and on her back is a large Earthbound Immortal Ccarayhya-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Ccarayhua etched on it, large black wings for the crossguard, large green gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding green gems.

Emma Langley: Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Emma Langley: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Emma.

Emma Langley had a big smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, Lincoln and all of us went up to the fifteen girls we found on Phaaze, and when Lincoln saw them, he immediately recognized them. The fifteen girls are Rin Namiki, Kaguya Shinjūin, Manatsu Shiraishi, Jennifer Peach, Pan Tsui and Pan Tina, Fūka Tamaki, Kamui Kurenai, Misa Aoi, Kuromaru Manpuku, Yuzu Midorikawa, Emily Orange, Inori Misuda, and Naraku Mamiya from Kandagawa Jet Girls.

Lincoln: Oh wow, it's Rin Namiki, Kaguya Shinjūin, Manatsu Shiraishi, Jennifer Peach, Pan Tsui and Pan Tina, Fūka Tamaki, Kamui Kurenai, Misa Aoi, Kuromaru Manpuku, Yuzu Midorikawa, Emily Orange, Inori Misuda, and Naraku Mamiya.

Helena McTroy: From Kandagawa Jet Girls, awesome.

Lincoln: Are you girls okay?

Rin Namiki: Yeah, we're okay, thanks to you.

Then, when Rin Namiki and the other fourteen girls saw who it was that saved them from Dark Samus, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Rin Namiki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fourteen clones of himself, and he and the fourteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Rin Namiki: Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love have appeared around the necks of Rin Namiki, Kaguya Shinjūin, Manatsu Shiraishi, Jennifer Peach, Pan Tsui and Pan Tina, Fūka Tamaki, Kamui Kurenai, Misa Aoi, Kuromaru Manpuku, Yuzu Midorikawa, Emily Orange, Inori Misuda, and Naraku Mamiya, and they had gems in their favorite colors on the gold lightning bolt necklace links. Lincoln told everyone what happened on Planet Phaaze, and they were shocked when they found out Dark Samus has returned from the dead.

But, when Lincoln showed them what he did to Dark Samus by imprisoning her in The Book of Vile Darkness, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over.

Lincoln and Emma Langley have a lot of catching up to do now that she's back, and she's going to do a lot of sharing of memories with us.

* * *

After getting rid of Dark Samus and destroying Planet Phaaze, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Emma Langley saw Lincoln working out like crazy, she had an atomic red blush on her face.

Emma Langley: Whoa, Lincoln has really grown to be a 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. included, Emma, and now, I can also fight and defend myself.

Emma Langley: Awesome.

Me: So, Emma, what memories did you have with Lincoln?

Emma Langley: Oh, I remember that one day in Gym Class, Lincoln and I teamed up in Dodgeball, and we got back at Chandler and his goons.

Chandler remembered that day long ago, and he felt regret.

Chandler: Oh, now I remember. Now, I regret even hanging with or befriending those two, and what I've done, but it was because of Dark Chandler.

Emma Langley: I know, Chandler. Lincoln told me everything that happened, and you now have a new and fresh start, now that Dark Chandler's gone.

Chandler: Thanks, Emma.

Me: Yeah, Dark Chandler was nothing but a psychotic and sadistic monster who enjoyed bullying and tormenting people. But now, he's imprisoned in crystal for good, and he's never getting out again.

Nico: You said it, J.D. (To Lincoln) Hey, Lincoln, what can you tell us about Emma Langley?

Lincoln: Emma's an awesome athlete and she's also very smart, and she's an awesome boxer. One time, she slugged those two goons of Chandler that he sent to harass me, and sent them into trash cans. I told the principal of what those two did, and they got suspended for a month. They also have two nasty looking shiners on their left eyes when she punched them.

Nico: (Whistles) Nice one. And you said she's also an awesome boxer.

Lincoln: Yep, she's known for her killer left hook, and the other students have called her, "Left Hook" Langley and "Bully Thrasher".

We were impressed.

Me: Awesome.

Nico: "Left Hook" Langley, that's an awesome nickname for a boxer, along with "Bully Thrasher", because if anyone tried to bully you or anyone else, she'll thrash them.

Helena McTroy: Ooh, I've got an idea, we can form a group of our own, and the founding members can be me, Emily, Cathy, Mia, and Emma, since we've defended Lincoln from bullies when we were younger, and I've got just the name for us, The Bully Thrashers.

Lincoln: That's an awesome idea, Emma. And I'll also join The Bully Thrashers as well.

Nico: Same with all of us, as well. We've also thrashed a ton of bullies, as well, Helena.

We got a shower afterwards, and suddenly, a bright light descended on the Estate, and we covered our eyes. Then, the bright lights faded, and to our surprise, the world of Kandagawa Jet Girls, where Rin Namiki, Kaguya Shinjūin, Manatsu Shiraishi, Jennifer Peach, Pan Tsui and Pan Tina, Fūka Tamaki, Kamui Kurenai, Misa Aoi, Kuromaru Manpuku, Yuzu Midorikawa, Emily Orange, Inori Misuda, and Naraku Mamiya has merged with ours.

Lincoln: Wow, Rin, your world has merged with ours.

Rin Namiki: Awesome. Ooh, Lincoln, how do you feel about going jet skiing?

Lincoln: I'd love to, and I'm inviting my harem to join in.

Me: Let me come too, big guy, and I'm also bringing my harem too.

Nico: Same with me and my harem.

Ed Cowart: And I'll bring Cattleya with me.

Adrien Agreste: I'm also bring Marinette.

Eli: Same with Nunnally.

Yuya Sakaki: Same with Aura.

Crow Hogan: Along with Erica.

Chris Taylor: Same with Qin.

Jim Crocodile Cook: Same with Ellie.

Lloyd Irving: Same with Sheena.

Zelos Wilder: Same with Missy.

Peyton: Same with Georgina.

Genis Sage: And same with Presea.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

I snapped my fingers, and I was dressed in large red swim trunks with a phoenix and elemental forces on it, large red sandals, along with my large weighted red bands with silver phoenixes on my massive biceps and thighs, my jewelry, and eight large planets and stars orbiting around my legs, and I also had my weapons holstered, in case of trouble.

Nico snapped his fingers, and he was dressed in large red swim trunks with a phoenix and elemental forces on it, large red sandals, along with his large weighted red bands with silver phoenixes on his massive biceps and thighs, his jewelry, and eight large colored orbs orbiting around his legs, and he also had my weapons holstered, in case of trouble.

Eli, Ed Cowart, Lloyd Irving, Adrien Agreste, Yuya Sakaki, Crow Hogan, Jim Crocodile Cook, Zelos Wilder, Peyton, and Genis Sage were dressed in large swim trunks with mythological animals and elemental forces on it, sandals, along with their jewelry, and they had their weapons holstered, in case of trouble.

And Lincoln's harem, along with my harem, Nico's harem, Marinette, Aura, Ellie, Qin, Erica, Sheena, Presea, Cattleya, and Nunnally were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Shall we?

Me: Let's get going, big guy.

We left the Estate, and we head for the beach, and we got the jet skis ready. Lincoln's sisters and the rest of the team were there too, and they're dressed in their swimsuits, as well. Lori was the referee for the jet ski races.

Lori: Alright, everyone. The first jet ski race is between Lincoln Loud and J.D. Knudson.

I was on an awesome red jet ski that had a phoenix and elemental forces on it, and Lincoln was on an awesome orange jet ski that had a Thunderbird, Phoenix, Buffalo, and elemental forces on it.

Lori: Ready… set… GO!

Lincoln and I took off, and we were racing through the water, and everyone was cheering for us. We raced through the water, and Lincoln came in first. We parked our jet skis on the sand, and we got off the jet skis, and Lincoln walked up to me.

Lincoln: Good race, J.D.

Me: Thanks, big guy.

We shook hands and hugged, and everyone cheered at the awesome show of good sportsmanship from Lincoln, and our harems came up to us, and they kissed us all over.

Minerva Mink: Actually, Linky, I think the both of you have won.

Varie: Yeah, you two have won a kiss from all of us. (Seductively to me) wouldn't you say, big boy?

Both my face and Lincoln's face had atomic red blushes on our faces, but we gave in, and we kissed every member of our harem on the lips.

---

Later it was time for another adventure into the Digital World.

Twilight: J.D., you said we could come with you this time.

Mikey Kudo: Sure.

They told us about him.

Zamielmon, also known as Lord Zamielmon, is one of the Dark Generals of the Bagra Army, the ruler of Honey Land, and is one of the main antagonists in the second half of the anime Digimon Xros/Fusion. He is also known as the Wood-Spirit.

He was voiced by Travis Willingham and later Derek Stephen Prince in the English version.

After Lord Bagra obtained the completed Code Crown, he reformatted the Digital World into seven satellite kingdoms. Lord Zamielmon, serving under AxeKnightmon, is installed as the ruler of Honey Land. He was originally a giant until he consumed the Digi Honey that he had his minions create from the energy they stolen from other Digimon, resulting in his small size.

After the Fusion Fighters defeated NeoMyotismon, they arrived in Honey Land where they encountered Zamielmon and his Honeybeemon minions feeding off Lilamon's energy. Mervamon arrived on the scene and slayed several Honeybeemon as well as attacking Zamielmon, but he was too tiny to be attacked, and her brother, Ignitemon, prevented her from attacking Zamielmon.

Zamielmon returned after eating honey, and summoned his henchman, GrandisKuwagamon. Zamielmon force Digi-Fused his Honeybeemon minions with GrandisKuwagamon, making him become his Honeybee Mode form. After JetMervamon defeated GrandisKuwagamon, Zamielmon vows revenge.

Lord Zamielmon sends an invitation to trick the Fusion Fighters in take them to a twisted amusement park, where there was snow and lava and a Ferris wheel while Zamielmon toyed with them with his arrows. After Beelzemon and MetalGreymon destroyed Zamielmon's honey, confront Zamielmon after that, and he grew 40 ft. in size, returning to his original giant self, and fought the Fusion Fighters. He easily overwhelmed MetalGreymon, then OmniShoutmon and ZekeGreymon became Shoutmon DX, but Zamielmon was still too quick even for his gigantic size. He attempted to assassinate Shoutmon DX with his The World Shot attack, but JetMervamon distracted him and Shoutmon DX defeated Zamielmon by impaling him through the stomach.

Zamielmon reappeared along with the other Death Generals as souless Digimon, and all combined together to form the ultimate Death General, GrandGeneramon. After GrandGeneramon was defeated, Zamielmon and the other Dar Generals disintigrated to nothingness.

---

When he was done we were shocked!

Me: Whoa! So he is a small Digimon no bigger than my foot.

Angie: Yep and we're going to destroy him for good.

Me: Good. Looks like we're off to Honey Land.

We were off.

We arrived and it was amazing.

Me: Wow so this is Honey Land.

Nene: Yep.

Applejack: He's around here somewhere.

Me: Keep your eyes peeled. He's a small Digimon but he packs a wallop.

Rainbow Dash: Right.

We looked around and watched the area and saw a bunch of Digimon that would make perfect additions to the M.O.E. We saw Blossomon, Doumon, GrandisKuwagamon, Honeybeemon, Ignitemon, Kokuwamon, Kunemon, Mushmon Stingmon and Tanemon.

Me: Hmm. (Senses something) There!

I fired an energy blast and it hit a rock and exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A figure came out of the and crashed into a rock wall and it was ZAMIELMON!

Zamielmon: (French Accent) OW! Zat hurt you rotten freak!

Me: Lord Zamielmon the Wood Spirit. So we meet at last.

Rainbow Dash: I'm gonna enjoy stepping on you!

Me: Go for it R.D.!

ZOOM!

She ran with her incredible speed and then jumped and then…

CRUSH!

She smashed Zamielmon in a massively powerful and strong bone smashing stomp!

We uploaded Zamielmon's data and he was gone for good.

Angie: WHOA! Awesome!

Mikey Kudo: Wow! He was no problem for you!

Rainbow Dash: I do a lot of sports and work out a lot.

Me: Yep. Rainbow Dash is an awesome athlete. She does really well in the dodgeball games we have with our frenemies.

Nene: Yeah and you should see J.D. He is really acrobatic. He dodges dodgeballs like you wouldn't believe.

But we got rid of another general.

We later came back.

Nico: How did it go?

Me: It was really easy. Rainbow Dash defeated Zamielmon with just one powerful jump.

Nico: Wow! That was a little TOO easy.

Me: Well Zamielmon was a tiny Digimon that was no bigger than the size of my foot.

Rainbow Dash: But it was really awesome.

Nico: He wasn't that much of a threat.

Me: No he sure wasn't.

May: Who can come with you next time?

Me: I was thinking having the Guardians of Candrakar come with next time. Our next target is Dorbickmon the Fire-Fury.

Nico: Awesome!

Me: We only have 2 generals left to defeat.

Nico: Wow!

Then the alarm went off and we went to the computer and saw that a 211 was in progress at the bank.

Nico: Looks like we got a 211 in progress. Lets me!

We were off!

We went to the bank and we saw the police all there.

Sheila: (Through a megaphone) THIS IS THE GOTHAM ROYAL YORK POLICE DEPARTMENT! YOU ARE SURROUNDED! DROP YOUR WEAPON AND COME OUT WITH YOUR HANDS UP!

Me: Wow they all got here so fast.

Teen Titans Thunder: What has the police in an uproar this time

Nico: Not really sure but whatever it is it's got them going.

Stacy Bolton: I think HE does!

A figure came out of the bank and it was ROCKET RACER!

---

Robert Farrell, born in Brooklyn, New York, was the eldest of seven children. He became responsible for his younger siblings when his mother Emma Johnson Farrell became ill. Robert was a scientific prodigy, and when he realized he couldn't earn enough to support his family, he turned to a life of crime as the Rocket Racer. He developed a super-powered skateboard which is propelled at great speed by small rockets and cybernetically controlled by a crude walkman-like device. He wore a weapon-equipped costume, including rocket-powered gloves which give him the ability to hit an opponent with a "rocket-powered-punch."

Early in his career as a burglar, Rocket Racer encounters Spider-Man.

Rocket Racer hires the Tinkerer to redesign his skateboard after his first defeat by Spider-Man. At one point, he is hired by Jackson Weele to steal evidence that might be incriminating. Robert uses the evidence to blackmail Weele who wishes to commit suicide but Robert stops this. Even then, though, he mocks Weele as Big Weele. This is enough for Jackson to hire the Tinkerer to create a literal Big Wheel, to chase Robert around town with. Spider-Man assists and Weele seemingly falls to death in the Hudson River. Later, Rocket Racer was saved by Spider-Man from the Bounty Hunter.

Repeated defeats at the hands of Spider-Man and several brushes with the law, including a short jail sentence, convince Robert to reform. He goes through a high school equivalency course and his extremely high marks gain him a scholarship to Empire State University. This doesn't go well as his first few days are full with combating the efforts of a hate-group on campus. Though assisted by Spider-Man and sometimes, by other students who oppose the racism, Robert still struggles with his own rage during the entire ordeal.

Later, Robert attempted to prove Spider-Man innocent of a crime; and first encountered Silver Sable and The Outlaws. He joined forces with Spider-Man to stop the white supremacist, Skinhead. He was hired as a freelance operative for Silver Sable International to prevent two youths from stealing the victims' weapons at the Bar with No Name, the site of the Scourge massacre. He was again hired by Sable to stop the Speed Demon. He joined Spider-Man and the Outlaws against the Avengers and the Space Phantom, He was again hired along with the Outlaws to retrieve a Symkarian nuclear device in England. He was hired by Sable to stop a runaway subway maintenance robot. Rocket Racer finally formally joined the Outlaws, to rescue the kidnapped daughter of a Canadian official.

Rocket Racer briefly joined Tombstone's prison squad along with Big Ben and Hypno-Hustler where they provided Tombstone some protection at the time when he went under a heart bypass.

Robert is identified as one of the 142 registered superheroes who appear on the cover of Avengers: The Initiative #1. As a registered hero, he reported to Camp Hammond for training. Despite this, he needed money to support his comatose mother and prevent repossession of their house, so he was seen working for MODOK. He appeared to have been tempted back into crime, and reduced to a state of stuttering nervousness by the situation. He turned out to have been working for S.H.I.E.L.D. all along, with a deal that they will give him the money he needs in return for the Hypernova - he failed in this and it's unknown yet what's happened with his mother.

Rocket Racer is part of the new class of students when the Avengers Academy moves to the West Coast Avengers' former headquarters. Rocket Racer later leaves the Avengers Academy alongside Machine Teen to join child genius Jeremy Briggs.

---

Me: Whoa! Robert Farrell A.K.A. Rocket Racer!

Spiderman: Been a long time since I faced him!

Nico: He sure is quite the boarder!

Rocket Racer: Wow! Team Loud Phoenix Storm!

Vambre: (British Accent) Hi! Rocket Racer, right? Nice gear!

Rocket Racer: Why thank you.

Stacy Bolton: You sure have amazing talent.

Rocket Racer: Thank you. I take it you are here to recruit me for the Masters of Evil.

Nico: That's right. How did you know?

Rocket Racer: I was contacted by Vypra earlier and she told me that you would come for me soon.

Nico: Wow.

Armada Starscream: Also, we're gonna have to ask you to put the money back.

Rocket Racer: Only if…

Otto Rocket: YOINK!

He swiped the bag of dough he took while riding on his skateboard.

Stacy Bolton: Go Otto!

Rocket Racer: Looks like I found my archenemy.

Otto gave the money back to the bank.

Jetfire: (Australian Accent) Believe me mate, we couldn't have recruited you at a better time.

Rocket Racer: Why's that?

Nico: Because our next mission is going into the world of Football and we're going to meet Rainbow Dash and my friends Ish and his team to help take down Wild Card.

Rocket Racer: I heard from Vypra about that. That is gonna be awesome!

Nico: Yep. Lets head back to the estate and get ready.

We did so.

Jinx: Nico, considering you know Ish and Ash, having you lead is the best option.

Nico: Yes I know Jinx. This is gonna be awesome.

Eli: It sure will be awesome. We owe Ish and friends a big thanks for helping us kill Nene.

Shu: Yeah we sure do.

Nico: And it'll be awesome helping them out again just like old times. I also am the one that killed Wild Card before.

Me: Whoa!

Eli: Now he's going to be wanting some payback.

Nico: Yep.

Then Trapster, Femme Fetale, Man Boy, Firebrand, Saix, Kangor, Spot, Roman Goodwin, Pied Piper, and Jack O Lantern appeared.

Trapster: Can me, Femme Fetale, Man Boy, Firebrand, Saix, Kangor, Spot, Roman Goodwin, Pied Piper, and Jack O Lantern go with you guys? (to Poromon and Poliwag) If you two know Ish and Ash, now's a good time to speak up.

Poromon: Yes we do know Ish and Ash.

Poliwag: It has been a long time since we saw them though.

Jade Kubaos: It'll be awesome to see them though.

Nico: Yep and to answer your question yes you all can go with us.

Eli: This is gonna be awesome.

We were off.

We arrived in Canton, Ohio.

Sinnertwin: Ish lives here, right?

Me: Yep this is it. We're in Canton, Ohio.

Nico: This is gonna be awesome. Lets go find them.

Rainbow Dash: Lets head out!

We saw Ish playing with his football.

Man Boy: Hi. You must be Ish.

Ish: That's right. (Sees Nico and us) Wow! Nico, guys, Rainbow Dash!

Nico: What's happening Ish?

Ish and Nico fistbumped.

Ish: Not much. Just waiting for your arrival so we can get ready for the battle with Wild Card.

Nico: It's gonna be awesome taking him down again.

Me: Good to see you again Ish. We owe you big time for helping us take down Nene.

Ish: You're welcome J.D.

Rainbow Dash: It was so awesome.

Ish: Rainbow Dash it's awesome to have you here.

They hugged.

Rainbow Dash: It sure is awesome.

Zillius Zox: Specifically, it was Ganda that you guys helped kill.

Ish: Right I know.

Me: But he was still one of Nene's loyal followers.

Zola: And thanks to you guys you helped us kill Nene for good.

Ish: That's true.

Ash then came.

Ash: Hey guys!

Nico: Ash!

Ash: Wow Nico it's awesome you're here.

Nico: Yep.

Femme Fetale: Do you two remember Poromon and Poliwag?

Ash: We sure do.

Ish: Where are they?

Lorah Donnelly: Right here.

Lorah was holding them both in her hands.

Poliwag: Hi Ish.

Poromon: Miss us?

Ish: Poromon and Poliwag! Wow!

Ash: Oh you two are so cuter than ever!

Poliwag: Thanks Ash.

Poromon got out two beer bottles.

Ish: Poromon, what are those?

Poromon: Two bottles of beer!

Needle Man: Wait. Did you bring those two for Ish and Ash?!

Poromon: Yes.

Nico: Poromon they are too young to drink!

Poromon: Aw man!

Me: Don't mind Poromon. He is a total alcoholic and he gets into our beer vault.

Ash: Oh.

Saix: Nico, if you don't mind me asking, how did you meet Ish and Ash?

Nico: That was an adventure I'll never forget. It was 5 years ago before I joined the team. I was walking through the city of Canton when I saw what looked like a massive energy beam going into the sky and I went over and I saw Ish and his friends fighting Wild Card. He was giving them a hard time and I saw how powerful he was. I flew at him and went Super Saiyan 2 and punched a massive hole all the way through his chest and through his back and killed him instantly and then I fired an energy blast and obliterated him in an instant. Ish and his team were forever grateful to me for helping them out.

Me: Whoa! You beat Wild Card like he was nothing!

Eli: Unbelievable!

Laney: Wow! That was awesome!

Eli: He never saw that one coming.

Nico: No he sure didn't.

Vegeta: Well, I can sense that he's back for revenge.

Nico: I feel it too Vegeta. But Wild Card doesn't know all about the power of the Saiyans.

Ish: What's that?

Nico: The more we fight, the more powerful we become.

Me: That's right and I'm sure that Nico left his mark on him.

Eli: Yeah.

Firebrand: Why don't we train you two for the fight ahead?

Nico: Not a bad idea.

Ish: Yeah can you all train us?

Ash: Yeah.

Nico: We would be honored.

Ish's friends came and they wanted to train too.

G1 Rampage: You guys must be Ish's friends.

Troy Kang: Yep. I'm Troy Kang.

Tua: I'm Tua Tupola.

Marty: Marty Stevens.

Ricky Cervantes: And I'm Ricky Cervantes.

G1 Rampage: Awesome to meet you all.

Me: Awesome to meet you all.

Troy Kang: And it's awesome to meet the famous Team Loud Phoenix Storm.

Pied Piper: Hey, Lynn. Why don't you and Rainbow Dash train Ish and his friends?

Lynn: Now you're talking!

Rainbow Dash: All right guys lets get to work!

Ultra Humanite: In retrospect, you probably should have gone on

Rainbow Dash's Ambassador missions.

Lynn: I know, right. (to Ish and his friends) Alright. For the next few hours, we're gonna be training until you sweat. Now, this training will intense and grueling. But it'll be worth it when- (Sees something) Poromon, you put that beer down right now!

Poromon: (glares at Lynn defiantly) Make me! (drinks the beer)

Lynn: I hoped I wouldn't have to. Ed? (Snaps fingers)

Ed walked up to Poromon and grabbed him.

Ed: Skip to my loo my darling!

Ed shook Poromon and we saw that Poromon had 800 bottles of beer on him!

Nico: Poromon you are in big trouble!

Me: Yep.

Roman Goodwin: Okay, Poromon. It's obvious we can't stop you from sneaking beer on missions.

Nico: You can still bring beer. But just not over 100! Comprende?

Poromon: Fine.

Ed: I smell chickens Eddy.

Eddy: Shut up Ed.

Rainbow Dash: ALL RIGHT LADIES LETS GET STARTED!

Ace: Poromon, when did you and Poliwag meet Ish?

Poromon: It was 3 days after the defeat of Wild Card.

Poliwag: Yep.

Ed: Maybe I should turn into a gorilla to beat up Wild Card.

Eddy: I SAID SHUT IT STUPID!

Kangor: (to Poromon) (Jamaican Accent) Which Gene Slammer do you think Nico will meet on his next rescue mon?

Poromon: I think a Citadel Whale would be cool.

Ed: If only we had a sack of potatoes.

Eddy: THAT'S IT!

Eddy jumped on Ed and pulverized him into pulp in a brutal fight cloud!

Eddy stopped beating Ed up all of a sudden.

Ed: Something wrong, Eddy?

Eddy: Ed, are you getting the same feeling of dread that I have right now?

Ed: Every day of my life Eddy.

Double D: Eddy, I actually am getting that same feeling of dread myself.

Me: Weird. I wonder what it might be.

Squidward: Besides being a bunch of morons.

Eli: Squidward!

Squidward: Sorry. Force of habit.

Ish, Ash and friends were TRAINING REALLY HARD!

Gyro Man: Man, you guys are training hard!

Ish and friends were sweating like pigs and their clothes were wet with sweat.

Rainbow Dash: Good job guys!

Me: Yeah!

Lynn: All right! Lets refuel.

Lynn gave them raw eggs.

Lynn: Nothing builds up muscle mass faster than raw eggs.

Me: Yep you said it Lynn.

Ish: Oh boy.

Me: It takes a while to get used to.

Ash: Bottoms up.

We drank them and I got used to it but the taste for some of us was horrible!

Eli: YUCK!

Me: It takes a while to get used to like I said.

Rainbow Dash: Yeah.

Eddy: Let me have some eggs myself. It might get rid of the feeling of dread that I have.

He drank them too.

Ed: Eggs eggs eggs eggs eggs eggs eggs.

They drank the eggs and it was gross.

Nico: Poromon, have some eggs with us.

Poromon: Do I have to?!

Nico: If you do, I'll let you bring less then 50 bottles of beer on missions.

Poromon: Oh fine!

He had some eggs too.

Poromon: Ish, I really am glad Rainbow Dash is like a big sister to you now.

Ish: Me too. It's awesome.

Nico: Yep. How do you guys feel after all that working out?

Ish: Amazing.

Me: I know a faster way to get greater results.

Ish: What's that?

I pulled out a big Dyna Cap and pressed it and threw it and then…

BOOOOOOOOOOOOMM!

Out came a doorway into the Hyperbolic Time Chamber.

Me: This doorway leads to the Hyperbolic Time Chamber. We can get one years worth of training done in one day.

Nico: I forgot about that.

Eli: Cool!

Ish: Awesome! Lets do it.

Poliwag: You know what I'm still waiting for? A moment when we meet a Poliwrath or Politoed Gene Slammer!

Nico: That would be cool!

Rainbow Dash: It sure would be cool.

Me: Yep. And also this version of the Hyperbolic Time Chamber will fit all of us in it. Lets get to work!

We got to work. We went in and it was gonna be one intense training session.

---

French Narrator: (French Accent) 1 Day Later

---

We came out and it felt like we were in there for 40 years and we came out with our clothes all torn up and tattered and shredded and we were stronger and more powerful than ever before.

Ash: Wow! That was amazing!

Ish: Incredible!

Spot: After the usual battles, I can open up a portal to Wild Card's hideout.

Bastion: And before our entrance, me and Chazz have a… plan to distract Wild Card while the rest of us get the Football Cores back.

Me: Awesome.

Nico: Let me guess, with Day-O the Banana Boat song.

Bastion: Yep.

Me: Oh this is gonna be funny.

Eli: I'm looking forward to seeing that.

Maria: Yep. I'll call it in.

Maria did so and then Dark Laser, Onyx, Heatwave, P'andor, Myotismon, Radioactive Man, Greiger, Drakkon, Vulture, Centiback, and Goliath and the Red Guy appeared.

Nico: Dark Laser, Onyx, Heatwave, P'andor, Myotismon, Radioactive Man, Greiger, Drakkon, Vulture, Centiback and Goliath and the Red Guy.

Red Guy: HELLO! It's me the Red Guy.

Drakkon: Wow! You guys look incredible!

Me: We trained in the Hyperbolic Time Chamber for 1 day and got 40 years worth of training done.

Vulture: Incredible!

Centiback: Yep and I chose Ish of my archenemy too.

Ish: Awesome!

Dark Laser (to Ish and Rainbow Dash): Are you two glad to be reunited with each other.

Ish: We sure are.

Onyx: That's good.

Heat Wave: You guys get to spend a lot of quality time together after today.

Maria: Sibling relationship like these are honestly heartwarming.

P'andor: (to Nico) (Russian Accent) We heard you fought Corrupted Ghor.

Nico: We sure did.

Myotismon: Does that mean you fought Dark Samus too?

Nico: Lincoln faced Dark Samus and we sealed her in the Book of Vile Darkness. She will make a great addition to the M.O.E.

Janeen Aran: I'm still keeping my guard up for her.

?: I would too.

A figure came out and it was RAVENATOR from episode 26 of Mighty Morphin Season 3!

---

He was created by Finster and used by Rita Repulsa and Lord Zedd. Ravenator was shrunk and ingested by Tommy Oliver, forcing him to eat junk food to no end. He escaped Tommy's mouth when he resisted eating more and was later destroyed by the Shogun Megazord.

---

Tommy Oliver: Ravenator!

Laney: My what big teeth you have!

Ravenator: I do have good chompers!

Me: I remember you! You were shrunk down and you forced Tommy to eat tons and tons of junk food!

Ravenator: Good memory on you J.D.

Me: Never missed an episode but that was a really weird one if you ask me.

Tommy Oliver: Yeah I looked like a really fat slob.

Nico: Don't say that Tommy. But at least you got your great self back.

Tommy Oliver: Thanks man.

William: You sure are a hungry guy, huh?

Ravenator: Of course I am! Got anything to eat?

Anna Knudson: How about this for you?

Anna fired massive waves of cooked smoked blood sausages and Ravenator ate them all over.

Ravenator then belched.

Ravenator: Oops! Excuse me.

Me; You sure have quite an appetite.

We got the usual battles underway.

## Sabrina Mason, Princess Luna, Moondust, Dark Skylanders, Jeanne D'Arc, Joan of Arc, Marinette, Kitten and Jinx VS Dark Laser - Wonder why Ed, Edd and Eddy had a sense of dread

Dark Laser was first.

Dark Laser: (to Sabrina) I wonder why the Eds have a sense of dread. (shrugs) They're probably worried about what kind of insane plan Wild Card has in store?

Sabrina Mason: That could be. But I think it's something far more crazier.

Princess Luna: Whatever it is it must be something from the past that will forever haunt them.

Moondust: Maybe. We'll have to wait and see what ir is.

Blackout: I hope it's not from the event that they are thinking of.

Dark Laser: Oh boy. The Vengeance Express.

Jeanne D'Arc: What's the Vengeance Express?

Joan: It was a terrible event that happened in Atlanta on July 14th, 2014. It was what we call the ultimate Kanker Hissy Fit and it was an event that left much of Atlanta, Georgia in ruins with thousands of people dead and the kids of Peach Creek went on a warpath to hunt down the Ed's to get revenge and kill them and mount their heads on pikes.

Jeanne D'Arc: My goodness!

Marinette: Nico told me all about that event and it was terrible!

Dark Laser: I've heard about the Vengeance Express from Dark Spicer, Zy'Skayr and Number 7 and that was awful. That was horrible that all that went down on that day.

Sabrina Mason: It sure was horrible. And they even covered it up to make sure no one knew the truth. It was terrible.

Dark Laser: Yeah. And I heard the Kanker's mother got blamed for it all and she was executed.

Sabrina Mason: She sure was. And they buried her in an unmarked grave.

Dark Laser: Good riddance. Lets dance!

Jeanne, Joan and Marinette: We are Judgement and Heaven is nigh!

They fired waves of darkness and lightning and smashed him down.

Sabrina: AWESOME!

Princess Luna: A True Victory of The Night!

## Clay Bailey, Applejack, Apple Bloom, Earth Skylanders, Ice Master, Ice Queen, Sinnertwin and Cutthroat VS Onyx - Nico's rescue on Elysia

Onyx was next.

Onyx: (to Clay) So, Nico's rescue on Elysia, huh? How did that go?

Clay: It went really well and the view of the planet was incredible.

Applejack: Yeah and that was where Nico and the Power Pack all faced a corrupted version of Ghor and that was terrible seeing that.

Apple Bloom: Dark Samus turned him into a monster.

Flashwing: She sure did and it was horrible.

Ice Master: No kidding. That was awful.

Ice Queen: It sure was terrible.

Onyx: No kidding. Lets do it!

They fired waves of earth, rock, crystal and apples and smashed him down.

Clay Bailey and Applejack: YEEHAW!

Clay: That was awesome!

Applejack: That was great!

---

## Taranee, Sunset Shimmer, Fire Skylanders, Tyrannopede, Eli, Rexy, Chomper, Red Lantern Ratchet and Zilius Zox VS Heatwave - Lincoln's Rescue on Phaaze

---

Heat Wave was next.

Heat Wave: (to Taranee) I heard Lincoln's Rescue was on Phaaze. How was it?

Taranee: Phaaze was a very dangerous and very terrifying planet. It was located at the very center of the Virgo Supercluster and it was a threat to every living thing in the galaxy and the universe.

Sunset Shimmer: It was a living sentient planet and the very source of all the Phazon in the universe.

Sunburn: It sure was scary. The whole planet was completely alive.

Tyrannopede: No kidding. That was awful.

Eli: Yeah and it was scary seeing it when Nicole played the game. Right Rexy?

Rexy agreed.

Chomper: That was creepy.

Heat Wave: Wow! A planet that is alive? How strange is that?

Taranee: REALLY Strange.

Heat Wave: Boy no kidding. Lets do it!

They fired waves of fire and smashed him down.

Taranee: OH YEAH!

Sunset Shimmer: That was so awesome!

---

## Tahu, Starlight Glimmer, Undead Skylanders, Athena, Annabeth Chase, Needle Man and Heat Man VS P'Andor - Nico meeting Ish and friends and killing Wild Card the first time

---

P'andor was next.

P'andor: (to Tahu) It's nice that Nico met Ish and his friends before. It's also awesome that he killed Wild Card the first time!

Tahu: No kidding there. That was amazing and most incredible.

Starlight Glimmer: And all it took was a powerful punch from Nico's Super Saiyan 2 power.

Hex: He never even saw Nico's attack coming.

Athena: Yeah he sure didn't. Very brilliant move from Nico.

Annabeth: I agree there. It was very well done.

P'andor: That is amazing. Lets do it!

They fired waves of fire, magic, stars and bones and smashed him down.

Tahu: Well done brothers!

Starlight Glimmer: That was amazing!

---

## Nico, Princess Celestia, Light Skylanders, Hand of Nephthys, Jean Grey, Vegeta and Shadow VS Myotismon - Nico's rescue on Elysia and what happened to each of Samus's friends during the Phazon Crisis

---

Myotismon was next.

Myotismon: (to Nico) I hope you had a good rescue on Elysia. It was also horrible what happened to each of Samus's friends during the Phazon Crisis.

Nico: I know. It was terrible. Many planets all over the galaxy were affected terribly because of it. But the hardest hit of them all were the friends of Samus Aran. Rundas a Phrygisian from the moon Phrygis of Bes III was corrupted by Dark Samus and fought on the planet Bryyo. Ghor as you know is from the planet Whomion IV and is a Whomionian and he was corrupted and fought on Elysia. Gandrayda is from the planet Jovia XII and she is what's called a Lightonian Biomorph. She was corrupted and was fought on the Space Pirate Homeworld the planet Urthraghus. Samus beat all three of them and Dark Samus absorbed them.

Princess Celestia: That is terrible.

Spotlight: It sure was awful.

Hand of Nephthys: Yeah. Dark Samus has caused NUMEROUS problems for not just Samus but the entirety of the Galactic Federation.

Jean Grey: And it all started on Tallon IV.

Myotismon: That is awful. Samus went through hell because of that.

Nico: Yeah she sure did. The Phazon Crisis is something I wouldn't wish on the worst planets of all in the universe.

Myotismon: No kidding. Lets do it!

They fired waves of energy and light and fire and smashed him down.

Nico: OH YEAH BABY!

Princess Celestia: That was so awesome!

---

## Pyrrha Nikos, Rarity, Sweetie Belle, Water Skylanders, NRG, Radioactive Man (Simpsons) Divebomb and Rampage VS Radioactive Man - Phaaze being the Source of All the Phazon

---

Radioactive Man (Marvel) was next.

Radioactive Man: (to Pyrrha) Correct me if I'm wrong. But isn't Phaaze the source of all the Phazon?

Pyrrha: Yes it is. Phaaze is the very source of all Phazon and it was that very planet where the Phazon Crisis came from.

Rarity: When Samus landed there the first time she was locked in Permanent Hypermode and it took EVERY OUNCE of her willpower to not go crazy like what happened to her friends.

Sweetie Belle: Yeah it sure did! It was amazing.

Gill Grunt: It sure was. It was really scary but awesome.

NRG: (Russian Accent) Thank Goodness that Samus was able to destroy Dark Samus there.

Radioactive Man (The Simpsons): That was amazing.

Radioactive Man (Marvel): No kidding. Wow. Lets do it!

They fired waves of energy, jewels, water and ice and smashed him down.

Pyrrha: YEAH!

Rarity: Rapture darling that was grand!

---

## Boris, Cathy Russo, Pinkie Pie, Tech Skylanders, Lorica the Dark Matter, Clawful and Ultra Humanite VS Greiger - Nico's Rescue on Elysia and Lincoln's Rescue on Phaaze

---

Greiger was next.

Greiger: (to Boris) Today, Nico had a rescue on Elysia. And after that, Lincoln had a rescue on Phaaze.

Boris: They sure did and it was amazing.

Cathy Russo: Yeah it was awesome. Oh and I'm the Chacu Challhua Gene-Slammer, Cathy Russo. I'm one of Lincoln's friends.

Greiger: Pleasure to meet you. That is amazing that the Team Rocket Scientists were able to get DNA of the Earthbound Immortals.

Cathy Russo: It sure is cool.

Pinkie Pie: I think so too.

Greiger: Yeah. Nico and Lincoln and their groups went to 2 planets of Metroid. How cool.

Sprocket: They sure did.

Lorica: I think it's so awesome.

Greiger: Me too. Lets do it!

They fired waves of indigo fire, metal, gears, lightning and energy and smashed him down.

Boris: That was great!

Pinkie Pie: BEST USUAL BATTLE EVER!

## J.D. Knudson, Rainbow Dash, Scootaloo, Air Skylanders, Lato, Spike, Spyro, Breach and Ace VS Lord Drakkon - What Phaaze was like

---

Lord Drakkon was next.

Drakkon: (to me) I heard you went to Phaaze. How was it?

Me: It was terrifying! The whole planet was totally alive and it was irradiating Phazon all over the surface. It was a really scary planet and Samus had to use sheer willpower to not go insane from the power of the corruption she had from the Phazon. Radiation levels were intensely off the scale and the creatures there were incredible horrifying and hostile beyond all imagination. But luckily we are immune to all forms of radiation and we were made completely impervious to everything on Phaaze.

Rainbow Dash: But it was awesome to see. But it was even more awesome to face Dark Samus and meet an Earthbound Immortal Ccarayhua Gene-Slammer.

Scootaloo: It sure was cool. But after Lincoln sealed Dark Samus into the Book of Vile Darkness, Phaaze exploded.

Whirlwind: It was just like what happened in the game.

Lato: Yeah it was awesome!

Spike the Drago: We thought it was cool.

Spyro: Yep it sure was.

Lord Drakkon: That sounded like a really horrible world.

Me: It sure was. It sent chills down my spine even as we saw it from Space.

Lord Drakkon: Wow. Lets do it!

We fired waves of energy, lightning, rainbows and wind and fire and smashed him down.

Me: OH YEAH! That is a great victory!

Rainbow Dash: That was AWESOME!

Hay Lin, Twilight Sparkle, Magic Skylanders, Bima the Garuda, Sora T., Garudamon, Agony and Calypso VS Vulture - Wonder what the other planets of the Phazon Crisis were like

---

Vulture was next.

Vulture: (to Hay Lin) I wonder what the other planets of the Phazon Crisis were like. (grimaces) I have a feeling they're not planets full of rainbows and sunshine!

Hay Lin: No they sure weren't. The Phazon Crisis impacted lots of planets and Samus has been to 5 of them. Tallon IV of the Chozo was impacted by Phazon and was being torn apart because of it very slowly, Aether of the Luminoth was split into 2 dimensional worlds of light and darkness and the Dark half was ruled by an evil race called the Ing, Norion was nearly corrupted by Phazon, Bryyo, Elysia and the Space Pirate Homeworld Urthraghus were being corrupted by Phazon and they were saved by Samus despite the Space Pirates being Samus's major enemies.

Twilight Sparkle: It was all really horrible. What happened during that time was terrible.

Spyro: Many people all over the Federation Solar System lost their lives because of it including Janeen's mother Gandrayda.

Bima: Yeah that's terrible.

Sora T.: Many people were terribly impacted by it.

Garudamon: Boy they sure were and it was awful.

Vulture: Wow. That was terrible. Lets do it!

They fired waves of magic and energy and wind and smashed him down.

Hay Lin: ALL RIGHT!

Twilight Sparkle: That was amazing!

## Whenua, Fluttershy, Tornado Bolt, Life Skylanders, Way Big, Godzilla, King Ghidorah, Gyro Man and Charge Man VS Goliath - What Samus's adventures in the other worlds were like

Goliath was next.

Goliath: (to Whenua) What were Samus's adventures in the other worlds like? Were they really that intense?

Whenua: They sure were intense! But to help you understand how dangerous and powerful they were I'll tell you everything about what happened to Samus. Starting with her beginning.

Whenua went over everything that happened to her.

Samus Aran was originally a native of the Earth colony K-2L, where she lived with her parents Rodney and Virginia Aran. At the age of three, the colony was visited by the Chozo, who hoped to obtain some of the Afloraltite that the colony mined there. During this visit, Samus caught the attention of Old Bird, one of the Chozo elders. The two of them went for a walk where they began to strike up a friendship. Samus began to call him "Grandpa" and Old Bird introduced her to Pyonchi, a Rabbit-Squirrelwhom she adopted as a pet.

However, a Space Pirate raid led by Ridley soon commenced on the colony. Finding herself face-to-face with Ridley himself, the naive Samus asked him if they could become friends. In response, Ridley attempted to kill Samus, but her mother pushed her daughter out of the way at the cost of her own life. Meanwhile, Samus' father sacrificed himself to destroy Ridley's flagship. Little did Ridley know that, in killing Samus' mother and attempting to kill Samus, he succeeded in creating his greatest enemy.

Now orphaned, Samus was the sole survivor of the attack on K-2L. Eventually, the same group of Chozo found her alone and stranded on the destroyed colony and Old Bird decided to take custody of Samus. The Chozo brought her to their planet, Zebes and raised her. In order to survive the planet's harsh conditions, Samus was infused with Chozo DNA, and later gifted an advanced Chozo Power Suit.

Samus trained under the Chozo for many years, and had surpassed the physical limits of ordinary humans by 14. The Chozo were initially unsure if she was able to become a true warrior until they witnessed her compassion for a flock of Iono Feria that went insane as a result of exposure to Badger Clover. After Old Birdtold Samus that she had his confidence, she left the planet for the Federation.

## Rise of the Hunter

Enrolling in the Federation Police, Samus excelled in the academy, and was promoted to the Star-Trackers, an elite force that only one in a million police officers was qualified for. Under Chief Hardy, one of her early assignments was to the human planet Jigrad, which the Space Pirates had recently enslaved. When the pirates threatened to execute a child slave named Damara simply for being unfit for work, Samus and her squadmates Kreatz and Mauk attacked without orders. This led to the first Federation imprisonment and interrogation of a Space Pirate - a matter which also involved a military leader named Adam Malkovich, leading to his introduction to Samus. The interrogation revealed that the Space Pirate's actions on Jigrad were just a distraction from their invasion of Zebes. Hardy ordered Samus to wait for the Army to be deployed, but Samus and her teammates disobeyed and traveled to Zebes to aid the Chozo. After a run-in with Adam, she was told that she was given 48 hours before the army arrived.

## Infiltration of Zebes

Samus, Kreatz and Mauk arrived at Zebes and learned the Space Pirates were hoping to gain the whole of Chozo knowledge. The Chozo either fled or surrendered and the first Metroid was rogue in the base. Samus discovered that Mother Brain and the Chozo Gray Voice established a "satisfactory cooperative relationship" with the Pirates, in which Mother Brain would be their new leader and use them to reunite the galaxy. Mother Brain offered Samus the role of "master" of the Space Pirates - an offer that Aran quickly refused. At this time, Ridley arrived and taunted Samus over the death of her parents. All of this triggered Samus' posttraumatic stress disorder due to the repressed memories of the K-2L attack, with it being severe enough that she begged her comrades to kill her before Ridley does so when they came to rescue her. Samus was later saved by her squadmates causing a distant distraction and the newly rescued Chozo helped Samus get over her posttraumatic stress. Samus donned her Power Suit and defended the party from Ridley, who then retreated to defend Mother Brain from an attack by Gray Voice, who had revealed his true allegiance and was attacking Mother Brain. Learning about Gray Voice's plight from the rescued Chozo Platinum Chest, Samus wanted to assist, but decided to help the evacuation. While escaping, Samus somehow felt Gray Voice's final moments due to their shared DNA and heard his final words telepathically. Stating that she had become strong, the dying Chozo asked that Samus use her power to help protect the beings in the galaxy who needed it.

After breaking atmosphere in an ancient Chozo ship, Samus, her teammates and the Chozo were rescued by the Federation Army led by the Federation Army Special Ops Battleship VIXIV, commanded by General Adam Malkovich.

## Federation Army

After the infiltration of Zebes, Samus (Between 15-17 years old) worked on the VIXIV under General Adam Malkovich. Here, she met Anthony Higgs and Adam's younger brother, Ian Malkovich. It remains unknown how long she served with Adam's unit, but long enough to develop a strong relationship with Anthony, Ian and Adam. Adam would always finish his orders with the question, "Any objections, Lady?" as a way of cementing the trust between the two of them. Samus felt like Adam was the only person who truly understood her, and grew to view him as her best friend and surrogate father figure. However, Samus would leave the VIXIV after the death of Ian, whom Adam sacrificed to save 300 innocents on the Lusitania.

Samus vanished completely, abandoning her post in the GF Police. In *Metroid: Other M*, she stated that her reason for doing so was that she was still young and relatively inexperienced at the time. Samus did not resurface until a few years later. By this time, she became universally renowned as a Bounty Hunter by singlehandedly hunting down numerous Space Pirates, including stopping an assassination attempt at the inauguration of Chairman Keaton. So much of her life during this time was shrouded in mystery that the public believed her to be a male cyborg, not the same woman who graduated first in her class at the GF Police.

## Return to Zebes

Now a renowned Bounty Hunter, Samus was summoned by the Galactic Federation. Previously, a Federation Planet Reclamation Division had been sent to capture Metroid specimens for study, but the Space Pirates had swept in, killed the crew, and stolen the Metroids. The capture of this creature was a disastrous blow to the Federation. With hundreds of Metroids under their power, the Space Pirates would inevitably begin a campaign to conquer the rest of the universe. Galactic Civilization would end.

After a long and harrowing search, the Federation Police tracked the Pirates to Zebes. They launched an invasion, but Pirate resistance was too strong. After much debate, the Federation decided to turn to Samus to infiltrate the base at Zebes. She was given two objectives:

**Destroy all Metroid organisms.**

**Defeat the Mechanical Life-Form Mother Brain.**

## Samus's Zero Mission

Samus arrived on Zebes and soon discovered that in order to access the central Space Pirate base in Tourian, she had to kill the two Pirate leaders situated on the planet: her old foe, Ridley, and his partner Kraid. After discovering various Chozo artifacts located in multiple locations on the planet that served as upgrades for her suit, Samus was finally able to access the lower depths of Brinstar, where she discovered Kraid waiting for her. A fierce battle ensued, which ended in Kraid's defeat. Samus then headed into the deep volcanic regions of Zebes, where she had several surprising encounters with Imagos, gigantic insects that grew from enormous grub-like larvae. When Samus arrived at Ridley's lair, she soon encountered the Pirate leader, who had just arrived moments earlier after being sent to inspect the planet. The two faced off, with Samus intent on finally avenging her parents' death. The bounty hunter emerging the victor. However, unbeknownst to Samus, Ridley did not die from his crippling wounds.

After defeating Kraid and Ridley, Samus was granted access to Tourian, where she discovered that the Space Pirates had apparently underestimated the Metroids' intelligence. A massive breakout had occurred, and all Pirate personnel present at the time of the breakout were dead. Mother Brain herself, however, was protected by her Chozo-built facility and so completely unharmed. As a result, Metroid cloning had proceeded as though nothing happened, so the Metroid population had risen to an astonishing level. Samus engaged the Metroids she encountered but found that they were impervious to most of her weaponry. Only by exploiting their weakness to cold with the Ice Beam could Samus hope to overcome them.

Samus soon arrived at Mother Brain's chamber and fought her way past the defense systems. The two engaged in an arduous duel, but Mother Brain was ultimately defeated. Unfortunately for Samus, Mother Brain's death activated a hidden fail-safe that began a countdown for the self-destruction of the entire Pirate base. Samus barely managed to make it out to her Starship in time.

Ambush

Unfortunately, escape was not as easy as Samus had expected. As soon she left the atmosphere, Space Pirate vessels ambushed her;

during the ensuing chase, Samus was shot down, and her Starship crash-landed back on Zebes. Samus survived, but the explosion had destroyed her Power Suit. The only weapon left available to her was a mostly-useless stun pistol. Her only option was to sneak inside the Space Pirate Mother Ship, which had landed in a nearby valley, in hopes of hijacking a ship and escaping. The next morning, Samus climbed in through the air ducts and began her infiltration. She privately admitted that sneaking in to a highly armed area like the Mother Ship, especially while she was in her Zero Suit, was not the wisest strategy, but knew that she had no other options but to do so. Unfortunately, her plans were quickly botched when she was spotted by several Pirates, who quickly set off alarms throughout the entire ship. Though she managed to outwit them many times, Samus was ultimately forced to retreat to the nearby ruins of Chozodia.

In the ruins, Samus discovered a sacred Ruins Test which she had visited once as a young child. Upon her discovery, the Test activated; Samus had to face a mirror image of herself along with powerful bolts of lightning hurled by the hieroglyphic. Ultimately, Samus succeeded in passing the test, and the statue rewarded her with the Legendary Power Suit, and unlocked the three Unknown Items she had previously acquired: the Plasma Beam, the Gravity Suit, and the Space Jump. Now more powerful than ever before, Samus stormed the Pirate Mothership, leaving many dead Pirates in her wake.

Eventually, Samus made it to the bridge of the Mothership where she discovered the Ridley Robot, a gigantic robot built in Ridley's likeness. The robot engaged her in a fierce battle, but Samus was easily able to destroy it. As it shut down, it activated the self-destruct for the Pirate Mothership. Samus raced through the corridors of the Mothership, battling numerous Pirates along the way, until she managed to hijack a Space Pirate Escape Ship. Samus quickly flew out of the ship and left Zebes as the Pirate Mothership exploded behind her. Samus had fulfilled her Zero Mission.

## Mission at Tallon IV

Three years later, Samus's next mission led her to another planet in the Zebesian system: Tallon IV. She intercepted a distress signal sent from the Space Pirate frigate Orpheon and immediately flew in to investigate. Once inside, she found dead and dying pirates everywhere while vermin ran amok in the ship. It did not take Samus long to discover the source: a Parasite Queen the Pirates had been performing experiments on had broken out and stationed itself in the Frigate's Nuclear reactor core. Samus killed the creature, but the dying beast slipped into the reactor, causing a malfunction that threatened to destroy the entire vessel. Samus ran for her life through the ventilation tunnels, but to her great surprise, she found herself reunited with Ridley, who had been given many cybernetic implants and been transformed into a powerful cyborg. Samus chased him through the ship, but along the way, an explosion rammed her into a wall, causing her Power Suit to malfunction. This caused most of her abilities to go offline, leaving only the Arm Cannon functional. Samus quickly left the dying frigate and chased Meta Ridley in her Gunship, but he proved faster than expected and soon disappeared from her radar. Samus was forced to track him on foot, and so, even in her weakened state, she chose to land on the planet below: Tallon IV.

## The Metroid Prime

After traversing the jungles in the Tallon Overworld, Samus discovered an elevator which led to some deserted Chozo Ruins. There, she discovered that 50 years previously, a colony of Chozo had come to the planet to regain their spirituality. Unfortunately, a mysterious meteor eventually struck the planet, bringing with it a Great Poison and The Worm. The Great Poison quickly began spreading across the planet, killing most life in its path and corrupting the rest into savage mutants. Many of the Chozo were driven insane and became menacing spirits; the few survivors fled to an unknown location. The remaining sane Chozo on Tallon IV, now reduced to mere ghosts, managed to seal off the Impact Crater within a seal called The Cipher, locking up The Worm and most of the Great Poison with it. The Space Pirates fleeing the destruction of the base at Zebes had then landed on the planet; they began mining the Great Poison (which they named Phazon) after discovering it could be used to enhance the fighting potential of various creatures, including themselves.

Samus journeyed through Tallon IV, regaining her lost weaponry and collecting sacred Chozo Artifacts, learning along the way that the Chozo had prophesied that she was the one destined to destroy the Worm and the Phazon there. She also swept through the Phazon Mines the Pirates had set up, destroying the Phazon-infused experiments she found there. Samus eventually confronted the most powerful of these mutated Space Pirates: the Omega Pirate. After a challenging battle, Samus managed to defeat the beast, but in its death throes, it fell on Samus and melted into pure Phazon. The viral radiation dramatically altered her Power Suit, turning it into the Phazon Suit; fortunately, this corruption proved beneficial as it allowed her to safely come in contact with and harness the power of Phazon.

## Endgame

Having collected all the Chozo artifacts and suit upgrades, Samus returned to the Artifact Temple and activated the Cipher in preparation for entering the Impact Crater. Just before the statue's seal deactivated, however, Meta Ridley flew in and destroyed the statue. He then attempted to kill Samus, but Samus managed to burn off his wings then overload his life-support. Just as Meta Ridley was brought to death's door again, the Temple's Chozo statues there fired powerful lasers at his chest, blasting him off of the edge into the abyss. The Chozo Ghosts within the statues then undid the seal themselves, allowing Samus into the Impact Crater. Inside, Samus discovered the sleeping Metroid Prime, the source of all Phazon on the planet. Samus managed to destroy its armor, forcing the creature to reveal its true form. Unable to damage it further with conventional weaponry, Samus was forced to overload it by harnessing pure Phazon via her Phazon Suit. The Metroid Prime began to die, but in a last-ditch attempt to save itself, it shot out a tentacle and absorbed Samus's Phazon Suit before exploding. Samus ran for her life as the entire Impact Crater burst into flames. Though Tallon IV had been cleansed of Phazon, The Worm was not yet dead and would soon be reborn as Dark Samus.

## Ultimate Power

Some time afterward, a mysterious telepathic message was sent out from the Tetra Galaxy saying, "The secret to ultimate power resides in the Alimbic Cluster." Samus was sent by the Federation in order to determine the truth about this message. Unfortunately, the message had also been received by other parties and soon many other hunters began heading to the Alimbic Cluster, each with their own motives for seeking the "ultimate power". To gain it, one had to find the eight Octoliths which would power the Alimbic Cannon, allowing access to a structure in another dimension called the Oubliette. The Octoliths were all under guard by robotic beings: the Cretaphids and the Slenches.

Between skirmishes with these beings and the other hunters, Samus discovered that the Alimbics, the former inhabitants of the Alimbic Cluster, had been experiencing a time of peace and prosperity until a monstrous being named Gorea had arrived in the form of a comet and began wreaking havoc upon their civilization. The Alimbics were forced to sacrifice themselves to seal away Gorea within the Seal Sphere, which was kept in the Oubliette. They also left a cryptic prophecy on how one might defeat Gorea.

After collecting all eight Octoliths and using them to activate the Alimbic Cannon, Samus and the other hunters raced to the now-accessible Oubliette. The other hunters got there first, and inside discovered an immobile structure. They began firing at it, mistakenly believing it to hold the ultimate power. To their surprise, Gorea instead emerged from the broken structure. Samus arrived just in time to see Gorea shoot out massive tentacles and drain the other hunters of their powers. The defeated hunters disappeared, and Samus alone remained to fight Gorea. She first activated the panels around the arena in accordance with the Alimbic prophecy, then began battling Gorea by exploiting its link to the Seal Sphere. Gorea then revealed its final form and continued its assault. Fortunately, Samus gained access to the Omega Cannon, which allowed her to defeat Gorea's second form. Gorea and the Oubliette exploded, while Samus and the other hunters escaped with only their lives. Once she was back in the safety of space, Samus received a vision where three Alimbic spirits appeared to thank her.

### Dark Echoes

Samus was soon given yet another assignment from the Galactic Federation; this time, she was asked to track down a missing brigade of Federation Marines, GFMC Task Force Herakles. Samus headed to the planet Aether located in the Dasha region of space, where the troopers' distress signal was coming from. Samus attempted to land on Aether, but her Gunship was caught in the dimensional storms raging on the planet and was badly damaged. Luckily, her ship landed not far away from the troopers' makeshift base. Upon entering it, however, she found she was too late: All of the troopers had died in an attack by unknown assailants. Before she could discover the source, many of the dead troopers reanimated and began firing at her.

Samus fled the base, with the undead troopers in pursuit, but once she was safely outside, she encountered something even stranger: A mysterious black and blue being wearing a suit similar to hers was entering a mysterious portal to an unknown location. Samus followed the being into the portal, only to find herself in a nightmarish replica of the room she had been in, where her dark twin was absorbing a large quantity of Phazon. The being then destroyed a crystal near Samus, which was generating a force field protecting the hunter from the region's poisonous atmosphere. The double then departed, leaving a vulnerable Samus to the clutches of savage creatures that quickly surrounded and overwhelmed her. Samus was forced to retreat back through the portal, only to learn that the dark creatures had robbed her of many of her suit upgrades.

Samus made her way through the catacombs of Aether until she discovered the source of the distress signal: the Federation troopers' damaged ship, the GFS Tyr. Accessing the ship's log, she discovered that the Task Force had been stranded on Aether when their ship was damaged in pursuit of a downed Space Pirate frigate. Eventually, they were all killed after repeated assaults by Dark Splinters, though one of the troopers managed to send the distress signal before his death.

Samus's Gunship was still repairing itself, so she went on a search to identify the cause of the attack and recover her stolen weaponry. She began finding signs of an intelligent civilization living on Aether and chose to investigate. Her search eventually led to the Great Temple, where she found dozens of beings suspended in cryogenic hibernation. Before she could investigate further, she was immediately attacked by an Alpha Splinter, which was almost immediately possessed and transformed into a Dark Alpha Splinter. Samus managed to kill it, but a strange glowing object emerged from the dead insect and entered her suit.

Samus continued exploring the building until she encountered a being known as U-Mos, the Sentinel of the Luminoth. U-Mos informed her that his species, the Luminoth, had migrated to the planet after being drawn by its unique energy. They had lived in peace until a meteor much like the one that impacted Tallon IV impacted the planet, straining the planet's fragile dimensional stability and tearing it between two different dimensions in spacetime: the original Aether and a twisted, corrupted version called Dark Aether, which was home to a malevolent race called the Ing; it was the Ing who were responsible for the deaths and possession of the troopers, as well as the theft of Samus' upgrades. The Luminoth had been involved in a long war with the Ing for the Light of Aether and were at the verge of defeat when Samus had arrived. U-Mos also revealed that, after her battle with the Dark Alpha Splinter, Samus had recovered the Energy Transfer Module that had been stolen by the Ing years earlier. Now that she had it, she could transfer the planet's energy from Dark Aether to Light Aether; without it, the shadowy replica would collapse forever. Samus agreed to seek out the Energy Controllers to restore the Light of Aether to the Luminoth.

Samus' mission took her all through Aether and Dark Aether, where she faced many Ing attempting to kill her for assisting the Luminoth, as well as several skirmishes with her mysterious double, who was dubbed "Dark Samus". She also reclaimed her stolen weaponry from the various Ing Guardians who had made use of it, and obtained Luminoth upgrades such as the Dark Suit. Once she had restored the three energy controllers to transfer the Light of Aether, U-Mos thanked her with the Light Suit, a suit that contained the Light of Aether within itself. Then, he told her of her most dangerous task: to reach the final Energy Controller, hidden within the Sky Temple. To enter the Sky Temple, though, she had to find the nine Sky Temple keys scattered about Dark Aether.

Within the Sky Temple, Samus faced the Emperor Ing, a mighty behemoth that ruled the entire Ing race. Although she was almost defeated, Samus prevailed, killed the Emperor, and obtained the last of the planetary energy. Without the energy, Dark Aether started to fall apart, leaving her with only minutes to escape. Samus raced down to the Sky Temple gateway, but before she could flee the crumbling dimension, Dark Samus confronted her once more. The two dueled to the death, but Samus took advantage of her foe's sole weakness - an overload of Phazon - and defeated her doppelganger once again. In her weakened state, Dark Samus attempted to steal Samus' Light Suit, but instead dissipated into thin air. Samus then entered the portal, leaving Dark Aether to collapse behind her. The Luminoth, who had just returned from their cryogenic sleep, rejoiced and thanked Samus for freeing them from the Ing. Samus then gave them back the equipment she had borrowed from them, returned to her Gunship, and she flew off into the vast darkness of space.

Six months later, Samus was summoned to the battleship G.F.S. Olympus in orbit with the rest of the Federation fleet above the planet Norion in the Kalandor region, where she would receive her instructions for her next assignment. On the way over, however, she experienced a nightmare of Dark Samus' resurrection, as well as an anomaly within her cryostasis (which is heavily implied to have been caused by Dark Samus itself). On board the Olympus, she met with Fleet Admiral Castor Dane and Aurora Unit 242, along with fellow bounty hunters Rundas, Gandrayda, and Ghor. Dane and 242 informed of their mission:to deliver a vaccine to the Aurora Units in that system, who were suffering from a Space Pirate-engineered virus. Just as the mission briefing ended, the Pirates launched a surprise attack; all the bounty hunters, including Samus, headed down to their ships to assist with the battle at Norion's main base, fighting any Pirates they encountered in the corridors. Upon landing there, Samus was informed the Space Pirates had disabled the generators to Norion's planetary cannon; thus, she and the other hunters were given the responsibility of restoring them while the Federation Marines held off the invading Pirate forces.

Samus and the other hunters raced through the base, turning on each generator they found to restore power to the cannon. The situation soon became dire when the Federation discovered why the Pirates were attacking: a massive Leviathan was headed on a collision course with Norion. The invasion was intended to stall the Federation fleet until the Leviathan could arrive and crash into the planet, spreading Phazon everywhere. Samus headed to the final generator, only to find her old nemesis Meta Ridley waiting for her. In the ensuing melee, Meta Ridley broke through the floor and the two of them hurtled down the 1600-meter shaft, dueling all the way. Just as Samus finished off Meta Ridley, Rundas came down to rescue her and the two flew out of the shaft together. Samus restored the final generator and she and the other hunters rushed straight to the control tower to activate the cannon. As soon they made it to the top, though, they encountered Dark Samus, who had indeed been resurrected by consuming the Pirates' Phazon supply. After a brief struggle, Dark Samus incapacitated all four of them with a massive burst of Phazon, then flew off. Though barely conscious, Samus managed to fire the cannon just before she fainted, destroying the incoming Seed and saving Norion.

One month later, Samus awoke to discover that she and her fellow hunters' bodies were self-producing Phazon, with no negative side effects to their health. The Federation medics working on her had therefore equipped her with a Phazon Enhancement Device. Through this suit, she could harness her own Phazon to enter Hypermode, a function that would allow her to energize her suit and weapon systems with Phazon and giving her access to devastating powers. Samus was then informed by the Aurora Unit 242 that her fellow hunters had awoken two weeks before she had. They had also been given PEDs and were dispatched to the planets Bryyo, Elysia, and the Pirate Homeworld, which had also been struck by Leviathans. Unfortunately, the Federation had lost contact with all of them one week later. Samus was then tasked with completing the missing hunters' missions to destroy each Leviathan, as well as finding out exactly what caused the Federation to lose contact with them.

## Bryyo

Samus first traveled to the planet Bryyo, where Rundas had been assigned, and learned that the Leviathan infecting the planet was protected by two shield generators. Samus obtained the locations of the generators from a downed Federation ship, the G.F.S. Theseus.

After leaving the ship, though, she noticed Rundas watching her from a distant cliff. Travelling to Bryyo's eastern region to destroy the first generator, she discovered Rundas' ship had already landed before her.

Along the way to the generator, Samus learned that her internal Phazon - once thought to be benign - could cause her body to overload with Phazon - meaning that every use of Hypermode put her at risk of being completely corrupted by the Phazon. Soon after, she encountered Rundas himself, and made to greet him; however, his uncharacteristic silence gave her pause, and he left her without a word. Shortly afterward, he saved Samus from waves of Pirates, but then attacked her as well; Samus realized that her comrade had succumbed to his own corruption, and was now a slave to Dark Samus' will. Reluctantly, she was forced to fight her former friend in a grueling duel, ultimately defeating him. But as she approached Rundas, spikes of ice erupted from the ground, impaling Rundas and killing him instantly. To Samus' shock, the specter of Dark Samus then materialized, and absorbed Rundas' body before Samus could intervene.

Following Rundas' death, she then proceeded to destroy the two generators, leaving Bryyo's seed exposed. Flying directly into the bowels of the Leviathan, she destroyed the corrupted Mogenar war golem within, which released a massive wave of Phazon that caused Samus' own internal corruption to spread. Nevertheless, she proceeded to destroy the Leviathan's core, saving Bryyo from further corruption.

## Elysia

After being briefed by Unit 242, Aran proceeded to the planet Elysia, which was home to Skytown, an ancient, floating Chozo facility where Ghor had been assigned. Fighting past SkyTown's corrupted robotic inhabitants, Samus found her way to SkyTown's Aurora Unit 217, to whom she successfully administered the vaccine. However, the now-corrupted Ghor intervened, using his Plasma Cannon to sever 217's connections to the AU network. Shortly afterward, she discovered Ghor attempting to sabotage her Gunship, and was forced to fight him. After Ghor's defeat, the spectral form of Dark Samus again arrived to absorb him; Samus tried to save her fallen hunter, but could ultimately do nothing but angrily clench her fist. After fixing the damaged AU network, Samus was informed that the Federation had located the GFS Valhalla, and was asked to investigate. Upon arrival, she found it a desolate ghost ship, filled with corpses and Phazon-mutated creatures. After an initial investigation, she returned to Elysia, and the Aurora Units informed her of a plan they devised to bypass the shield protecting Elysia's Leviathan: Gather three components to a Theronian Bomb, which would then be dropped into the seed's shield. Unfortunately, this meant that Samus also had to be on board the bomb to defend it from Pirate forces, and flee before impact in an Emergency Evacuation Pod. After the shield was breached, Samus again destroyed the Leviathan's guardian - this time a corrupted robot known as Helios - and then the Leviathan itself.

## The Pirate Homeworld

With Elysia saved, 242 then informed Samus that the Federation had received an Emergency GF communication capsule from Gandrayda revealing the location of the Pirate Homeworld. On the planet, Samus learned that much of the planet was rendered inaccessible by deadly Acid Rain, but received a communication from an escaped Federation Trooper NZG41, who claimed he knew how to bypass the rain. Samus saved the trooper, but soon discovered that "NZG41" was actually a disguised Gandrayda, who was now fully corrupted. Samus fought the final hunter in all of her various forms in a vicious battle, but ultimately the shapeshifter fell. Like Rundas and Ghor before her, the screaming Gandrayda was absorbed by Dark Samus, but this time Samus grimly accepted the fact that there was nothing she could do, looking away as Gandrayda died.

After the battle and further investigation of the Pirate Homeworld, Samus disabled its planetary shield, allowing the Federation's fleet to launch a full-scale assault on the planet. Samus personally led a team of Demolition Troopers to destroy the security door of the cargo line leading to the Homeworld's Seed. There, she encountered and defeated her old nemesis once again, now reborn as Omega Ridley. All of the Leviathans had been destroyed, but Samus had been corrupted to the point that she was now literally glowing with Phazon.

Phaaze

Afterward, she returned to the Valhalla to investigate its depths, and discovered that the Pirates had ignored most otherwise-valuable equipment, taking only one thing: The vessel's Aurora Unit, 313. In addition, she found the codes required to access the Pirates' Leviathan Battleship.

With this, Samus and the Federation were able to launch a final battle to destroy the newly discovered planet Phaaze - the source of all Phazon and Dark Samus' place of origin. Traveling with the Federation via a wormhole created by the Leviathan Battleship, Samus descended to the planet while the Federation kept the Pirate forces busy. As soon she set foot on Phaaze, Samus absorbed dangerous amounts of Phazon and was nearly corrupted completely; even after venting all her available energy tanks and locking herself in permanent Hypermode, she was living on precious borrowed time. Venturing to the planet's inner sanctum, she encountered Dark Samus, and, after a long battle, Dark Samus merged with the stolen Aurora Unit 313 that was linked with Phaaze's core. After one final battle, Samus was able to overpower and destroy both her doppelganger and the Aurora Unit. Since the Aurora Unit was linked to the planet's core, its destruction caused a chain reaction that resulted in the destruction of Phaaze and the erasure of all Phazon from the universe, including the Phazon inside Samus' body. The Federation fleet escaped via another wormhole, but lost contact with Samus in the process. Just as the Federation had given up all hope of Samus' survival, she flew in and reported that the mission had been completed, closing the curtain on the Phazon saga.

After leaving the celebrating Federation fleet, Samus returned to Elysia, where she mourned the loss of her fellow bounty hunters on this mission. Eventually, she left Elysia and headed off to find her next mission, but failed to notice a mysterious_spacecraftfollowing her.

After a Space Pirate presence was discovered by the Galactic Federation in the Bermuda System, Samus was called in to investigate. The Bermuda System is a three-planet solar system with abandoned Galactic Federation facilities. The Federation Force, a team of highly trained soldiers wearing Mech suits modeled after Samus's Power Suit, was already there. Samus worked alongside them to battle Space Pirates, saving the group from a Rohkor Beetle at one point, but mostly gathering intelligence for them.

At some point, she was taken hostage by the Pirates and somehow put under mind control. When the Force boarded the *Doomseye*, a large Space Pirate battle station, the Pirates used technology from the ancient Bion race to increase Samus's size and forced her to fight the Federation soldiers. The Federation Force bested her and she was seemingly crushed by falling debris. The blow freed her from mind control, however, and after recovering, she saved the Force twice, first by destroying a group of Elite Pirates, and then by catching the soldiers with her Gunship when they were sucked into space. Samus told the Force that meeting them had been an honor, and then thanked them for saving her and the universe.

## SR-388 incident

What happened after this period of time is unknown. However, ultimately the Galactic Federation decided that the Metroids were too dangerous to exist, given the devastation they had caused in Pirate hands. After two failed attempts by their own troops, the Federation asked Samus to exterminate them herself, given her long experience in dealing with the creatures.

Arriving on SR388, Samus learned that the planet's environment caused Metroids to mutate into different forms, each stronger than the last. She also discovered ancient Chozo ruins, including a golden seal that was tied to the corrosive purple liquid blocking access to deeper areas of the planet; every time Samus managed to successfully kill all the Metroids in an area, the seal would lower the liquid levels, allowing the hunter access to deeper levels where stronger Metroids were hiding. Her search finally led her to the Queen Metroid, which was responsible for the reproduction of the entire Metroid species. Samus managed to kill the beast and thus believed herself to have successfully eliminated the Metroids for good. As she continued down the tunnels, however, she found a single Metroid egg. As she stared at it, an infant Metroid hatched out of the egg and, upon seeing Samus, imprinted on her as its mother. Samus felt compassion for the infant and, going against her orders, took the Metroid Hatchling to her Gunship and made preparations to leave the planet.

Before she could actually leave the planet with the infant, however, an unexpected threat arrived and grabbed the Metroid: her old foe, Ridley. Samus fought him over the baby, eventually grabbing his tail as he was flying away and proceeded to blast him directly in the exposed abdomen at point blank range until he was forced to let go of the baby Metroid before promptly blasting him in the wing and sending him flying into a cliff. However, Ridley rose from the rubble and resumed his attack on Samus, eventually blocking her attacks and throwing her against a wall before pinning her down to blast fire at her. She was saved by the baby, who proceeded to absorb enough energy from Ridley to rejuvenate her, allowing her to triumph over the Space Pirate leader. Afterwards, she then left the planet with baby.

Samus, knowing how valuable the Metroid hatchling could be to the Federation, headed to the Ceres Space Colony, and chose to turn it over to the scientists there, who believed they could harness the infant's power for the good of mankind. Confident in their findings, Samus proceeded to leave the station. However, she had not even left the asteroid belt where Ceres was stationed before she received a distress signal from the scientists. Returning to Ceres, she discovered that the Space Pirates had attacked the station in hopes of stealing the Metroid. Ridley himself had captured the infant and was about to make off when Samus arrived. After a brief struggle, Ridley flew out of the station and set the self-destruct to destroy the entire station. Samus barely made it out alive, flying away in her Starship while Ceres exploded behind her.

She managed to track Ridley and the other Pirates to Zebes, discovering that the Space Pirates had rebuilt their old base on the planet and had returned to their old plan of cloning Metroids. Mother Brain had returned as the head of the base, as had Ridley and Kraid. Two new Pirate generals had been recruited as well: Phantoon, a ghostly being that haunted the Wrecked Ship, and Draygon, a massive Evir which presided over Maridia. After defeating them all, Samus was granted access to Tourian. She proceeded to exterminate the Pirate-cloned Metroids she found there, but was suddenly attacked by a massive Metroid, far larger than any she had ever seen. All her weaponry was useless against it, and soon the Metroid had drained her suit to critical levels. Just moments away from her death, the Metroid relinquished its hold and fled after figuring out that it was Samus, leadin Samus to realize that it was the Baby, enhanced through unknown means.

Samus continued through Tourian until she encountered Mother Brain and proceeded to destroy her tank as before. Though she appeared to be defeated, Mother Brain suddenly emerged from the wreckage in a massive new body. Samus fought with all her might, but Mother Brain retaliated with the Laser Brain Attack, leaving Samus near death once more. Just before Mother Brain could launch another blow, the infant Metroid suddenly arrived, sucked the life out of Mother Brain, then began transferring the life to Samus. Mother Brain was not yet dead, though, and it began attacking the Metroid. An energy shot from Mother Brain finished off the Baby, but Samus had been revived and used Mother Brain's own Hyper Beam against her until she was no more. Mother Brain's death triggered yet another self-destruct mechanism, only this time, the entire planet was engulfed in the explosion. Samus escaped with her life, while Zebes, the ancient home of the Chozo and her childhood home, was lost forever.

## The BOTTLE SHIP Incident

Although she managed to escape from Zebes, Samus was injured from her fight against Mother Brain and from the mission overall, eventually resulting into her admission into a hospital. Samus recovered and flew off, but she still mourned the loss of the Baby. After several weeks of drifting aimlessly, Samus received a "Baby's Cry"-type distress signal directing her TO a facility known as the BOTTLE SHIP. She found that a Federation vessel had also received the S.O.S. and had docked on the BOTTLE SHIP. The crew of the ship, to her surprise, was the Federation squad she had been a part of when she had been enrolled in the GF Army, the 07th Platoon, consisting of several soldiers, namely Anthony Higgs and Adam Malkovich. She and the team were forced to cooperate in order to overcome the apparent dangers of the BOTTLE SHIP; Samus was allowed back onto the team provided that she followed Adam's orders. After restoring power to the Main Sector and being sent to inspect the Biosphere, Samus came across a small, furry creature that stopped to stare at her.

After much discovery and exploration, Samus arrived at the Exam Center toward the rear of the Biosphere. There, she met up with her comrades and activated a computer terminal. The data revealed that the BOTTLE SHIP was a research station where bioweapons were being bred under the directions of Madeline Bergman. Noticing a large lizard-like creature attacking the soldiers outside, Samus raced to help them, but was ambushed and almost killed before Anthony shot it off of her, said creature fleeing immediately afterward. They then found the body of Lyle Smithsonian, who appeared to have been mauled by the creature. Samus also found the lifeless shell of the small white creature she saw earlier, which was actually the immature form of the lizard beast that had attacked her. Samus pursued the creature into the Pyrospherebut was soon ordered to go to the Cryosphere to search for survivors. There, she found the body of Maurice Favreau and noticed a young woman staring at her. From events that had taken place, Samus deduced that there was a traitor in the platoon and nicknamed him The Deleter. Returning to the Pyrosphere, she then discovered the beast she was tracking was actually her nemesis, Ridley. He hurled Samus' old friend Anthony into a pool of Lava, angering Samus and empowering her enough to defeat Ridley once again, though he managed to escape.

Entering the Bioweapon Research Center while tracking the Deleter, Samus once again encountered the young woman, who identified herself as Madeline Bergman and explained what was going on. The BOTTLE SHIP scientists were trying to create a special forces unit modeled after the Space Pirates, which was then succeeded by cloning Metroids off fragments of the Baby on Samus' suit. An AI that recreated Mother Brain's thought processes so that the Metroids could be controlled was also developed, and nicknamed MB. Madeline gives Samus the directions to Sector Zero, a secret area on the BOTTLE SHIP containing the Metroids and MB. Samus set off to destroy them, however, Adam raced off to stop her. Samus walked to the entrance and was suddenly shot when about to kill a

Metroid, being weakened by Adam so that she couldn't strongarm her way past him. He gave her his last orders and proceeded to detach and destroy Sector Zero. Samus mourned his death, but eventually recovered and swore to finish the mission.

Returning to the Bioweapon Research Center to locate a survivor and find and defeat Ridley, she found the latter reduced to a dried husk, and later came across several hatched Metroid Eggs. Samus is then attacked by a Queen Metroid, who spawns Metroids as Samus engages it once again. Samus then chased the survivor, who also identifies herself as Madeline Bergman. Madeline cleared up Samus' confusion: she had actually met MB earlier. MB then stepped in and aimed a Freeze Gun at the two of them before numerous Federation Marines invaded and froze her. She then summoned an army of Ghalmanians, Mighty Griptians and Desbrachians to attack, but is ultimately killed by the Marines. As Madeline mourns, The Colonel steps in and praises Samus' work during the mission, but states that she is now an outsider due to the death of everyone in the platoon, and thus she cannot have any contact with Madeline. However, it turns out that Anthony survived his encounter with Ridley by freezing a Magdollite, revealed when he volunteers to escort Samus back to her Star Ship. Leaving the BOTTLE SHIP with the two of them, Samus reflected on Adam and MB as she flew towards Galactic Federation Headquarters.

Several days later, the Federation decided to destroy the BOTTLE SHIP. Samus returned, however, to recover an important item. Progressing through the environments once again, and defeating her old foe Phantoon, she eventually reached Adam's post, finding his abandoned helmet. Embracing it, Samus reverted to her Zero Suit, and held the helmet as she raced to her Star Ship.

SR388 was now free of Metroids, and so the Galactic Federation decided to send in a research party to investigate the planet. Due to her previous experience with the planet and its inhabitants, Samus was hired to serve as a guide to the researchers, to collect samples of life for the Biologic Space Laboratories research station. The researchers and Samus arrived on the planet, and when they were trying to capture a Hornoad, a mysterious organism injected itself inside Samus. Thinking nothing of it, the team continued on their mission. After their search was completed and the team returned to their ships, the parasite, which had infested Samus' central nervous system, caused her to fall unconscious. Though her Gunship crashed into an Asteroid belt, Samus was safely ejected from the ship and her escape pod was retrieved by the BSL. She was far from safe, however, as the parasites (which would later be named X) continued to spread throughout her body.

The X had infected so much of Samus' Power Suit that large portions of it had to be surgically removed, drastically altering its physical appearance. She was initially given a less than 1% chance of survival, but fortunately the scientists discovered a cure: Metroid DNA. The Metroids were discovered to have been created by the Chozo in order to control the X. With this knowledge in mind, the scientists used a culture of Metroid cells extracted from the Baby to make a vaccine. The vaccine was an astonishing success; the X were completely purged from Samus' body, curing her completely. However, it also had some unexpected side effects: Now that she was immune to the X, Samus could absorb them to regain energy and Missiles. She also gained the Metroid's trademark weakness to cold. More than just her biology changed, however; the surgical removal of parts of her Power Suit had left her with a radically different appearance: the new Fusion Suit. She then recalled that, before that point, the Baby had saved her twice, once against Ridley on SR388 and the other time against Mother Brain on Zebes.

Despite her recent illness, Samus was not given furlough by the Federation. She was immediately issued a new Starship with an onboard computer to serve as an aide. This computer's personality reminded her heavily of her former Commanding Officer and so, with irony noted, she chose to name it Adam in his memory. Samus was then sent to the BSL research station where the last batch of creatures from SR388 and the infected parts of her Power Suit were sent. She was to investigate an unexplained explosion in the Quarantine Bay. To her great surprise, she discovered that the X Parasite within her Suit had taken on her form, and it had become the SA-X (short for Samus Aran-X). It was responsible for the breach of Quarantine Bay, and as a result, the X ran amok throughout the station. All the researchers aboard the station were dead, and it was up to Samus to contain this breach. The X and the

SA-X made many attempts to kill her, but Samus was always able to outsmart them, even in her weakened state.

Eventually, Samus's missions through the BSL brought her to the Restricted Lab. After acquiring the Wave Beam, Samus was able to bypass the security door and enter inside. Inside the lab, Samus made a surprising discovery: the Galactic Federation were cloning Metroids. Before she could investigate further, she found the SA-X had followed her inside the lab and was releasing the Metroids so it could attack them. The Metroids soon overpowered it, but the SA-X's breakout had set off the lab's self-destruct failsafes. Samus managed to escape, but the lab broke away from the rest of the station and exploded, destroying the Metroids and the SA-X together.

When Samus spoke again to Adam, he was angry with her for meddling in top-secret Federation research. He also informed her that the Federation was very interested in his extensive research on the X and viewed it as a wonderful organism with a variety of uses. Several Federation officials were coming to the BSL in hopes of capturing the X and SA-X (due to asexual reproduction, there were now no fewer than ten SA-X aboard the station) for military purposes. Samus vocally disapproved, insisting that the Federation were underestimating the threat that the X posed, and resolved to activate the station's self-destruct to destroy the X, and herself if necessary.

Adam was aware of this, though, and thus locked all the doors. Samus reacted with outrage when she discovered what it had done and angrily yelled, "Don't let them do this! Can't you see what will happen, Adam?" The computer was confused at this response, as Samus had never disclosed her personal nickname for it. It asked for an explanation as to who this Adam was. Samus only told him that Adam was a friend who understood when sacrifices had to be made. From this, the computer was able to correctly deduce that Adam had given up his life to save Samus. However, it disregarded this, since Samus was incorrectly assuming that destroying the station would defeat the X for good, and curtly decided: "When Adam chose who would live, he chose the wrong person."

Suddenly, something unusual began happening. The computer began adopting the persona of the former Adam. It unlocked the doors and told Samus that her instructions were to head to the Navigation Deck and change the station's orbit so that it would crash into SR388, so that when it self-destructed, the planet too would be caught in the field. It ended this sudden command with Adam's famous clincher: "Any objections, lady?"

Refreshed with a new spirit, Samus headed to the Navigation Deck, but the SA-X burst in once more with murder on its mind. Endowed with her new weapons, Samus managed to defeat the clone, continuing fearlessly even when it mutated into a massive beast and then into a Core-X. Eventually, the SA-X was reduced once more to a lowly X, but before Samus could absorb it, it eluded her and escaped into the ventilation system. Disappointed and tired, but still determined, Samus continued her way up the Navigation Deck until she reached the terminal that controlled the station's orbit. Samus altered its orbit and set off the self-destruct, then proceeded to return to the Docking Bay. When she arrived, though, her Starship was nowhere to be found, and she was suddenly ambushed by an Omega Metroid, the evolved form of a Metroid that had escaped the Restricted Lab before its destruction. The creature defeated her in a single blow, but just before it could kill her, the SA-X appeared and began attacking the Metroid with its Ice Beam. The Omega Metroid recovered in time and attacked the SA-X, giving Samus enough time to absorb her doppelganger. Endowed with her Ice Beam once more, Samus made short work of the Omega Metroid. Shortly after killing it, her Starship then returned to the station to save her. Samus flew away just before BSL, and SR388, exploded together.

Back in the safety of space, Samus discovered that it is a common practice for the Federation to upload the minds of great leaders to computers and that this is what had happened to Adam. After this point, it is unknown what will happen to Samus, as she disobeyed a direct order from the Federation, and subsequently destroyed all their research aboard the BSL.

At an unknown point in time after *Fusion*, Samus intercepted a video transmission sent to the Galactic Federation, which indicated that the X Parasites had survived SR388's destruction. The transmission, traced to the remote planet of ZDR, led to the

Federation dispatching a team of seven E.M.M.I. robots to investigate, but contact with the robots was lost shortly after arrival. Samus, as the only being in the universe with immunity to the X, traveled to ZDR to find out for herself if the X truly were still alive. Upon arrival, Samus encounters Raven Beak and engages in a duel, ultimately losing and falling unconscious. Upon waking, she finds that she has lost all but the most basic aspects of her Power Suit.

While exploring the planet in an attempt to regain her lost abilities, Samus stumbled upon a fresco depicting Raven Beak ordering for several Chozo to be exterminated, with Samus expressing silent rage over this discovery. However, she was paralyzed by an E.M.M.I shortly afterwards but was saved moments from death by Quiet Robe a surviving member of the Chozo in the fresco, the Thoha, who was able to remotely deactivate the remaining drones. Quiet Robe explained to her that Raven Beak was a Mawkin General, a warrior tribe of the Chozo who collaborated with Quiet Robe's own tribe, the Thoha, to contain the Metroid threat on SR388. However, unlike the Thoha who sought to undo their mistake by destroying the Metroids, the Mawkin saw the Metroid as a bioweapon to be used to conquer the galaxy. As a result of this conflict of interest, Raven Beak slew the Thoha, keeping Quiet Robe as the sole prisoner due to the Thoha's ability to control the Metroids. However upon their return to ZDR, the Mawkin realised that one of their own was actually a disguised X Parasite. The tribe was subsequently infected and the Parasites proceeded to spread throughout the whole planet, with Raven Beak the sole surviving Mawkin. Quiet Robe explains that although Samus's act of destroying both the BSL and SR388 should have put an end to Raven Beak's plans due to the extinction of the Metroid, Samus's very existence proved otherwise, as the Metroid DNA within her was now Raven Beak's last chance of reviving the Metroids. To this end, he hacked the E.M.M.I and programmed them to hunt Samus down and extract the DNA from her. Although Samus promises to put an end to Raven Beak's plans, a Chozo robot kills Quiet Robe shortly afterwards.

Upon being ambushed by the final E.M.M.I, Samus discovers a new ability to drain energy, with which she uses to defeat the robot. Adam is able to locate Raven Beak in a flying fortress and Samus gives chase. Upon reaching the top, Adam revealed the truth behind Samus' current situation and her newfound powers: the Metroid DNA was causing her to undergo a metamorphosis. The Thoha DNA within her had previously kept this mutation at bay due to their control over the Metroid, however Adam revealed that Samus also has Mawkin DNA, explaining her incredible physical prowess. The Metroid were programmed to react violently towards the Mawkin, thus Samus' first encounter with Raven Beak had inadvertently acted as the catalyst for her new powers emerging. Shortly afterwards Samus realized that it was not actually Adam speaking to her, but Raven Beak impersonating the AI. Raven Beak referred to Samus as his daughter, revealing that the Mawkin DNA within her is actually his own. The two proceeded to engage in a lengthy battle, during which Samus was able to blast one of Raven Beak's wings off, with him proceeding to tear the other one off himself. Eventually however he is once again able to overpower her, suffocating her while gloating that his plans had changed. Rather than the Metroid DNA within her, Raven Beak now sought to create an army of clones of the most powerful Metroid of all: Samus herself. As her consciousness began to fade, her metamorphosis completes, transforming Samus and giving her the strength to grab onto Raven Beak's face, draining him of energy. The fortress explodes and crashes back onto ZDR and from both warriors emerge from the wreckage. Unbeknownst to Raven Beak however, an X Parasite is able to sneak up and infect him, transforming him into a hulking monstrosity known as Raven Beak X. With her new powers, Samus proceeded to annihilate Raven Beak once and for all.

Racing back to her ship as the planet self-destructs, Samus was prevented from leaving by Adam, telling her that her new Metroid form would cause her to siphon the ship's power, effectively dooming her. However she was shortly thereafter confronted by the X-infected Quiet Robe, whose corpse had been assimilated earlier. Though infected, Quiet Robe bowed to Samus in gratitude for ending Raven Beak's ambitions for galactic conquest, before transforming into an X Parasite and allowing Samus to absorb him. This stabilized her DNA and allowing her to safely pilot her ship moments before the planet is destroyed.

---

Wild Card is one of the main antagonists of NFL Rush Zone. He was once known as Warren Zimmer, but he was badly injured in an explosion, leaving him both physically and mentally scarred. As a result, he has sworn a vow of vengeance upon RZ, the NFL, and the world. To enact his revenge, he seeks the power of the Megacores.

He is voiced by Troy Baker.

Wild Card, A.K.A Warren Zimmer, grew up in his father's (who is later know as R.Z. 6.0) laboratory with his robot assistant Sidekick (now known as Drop Kick). He was always trying to get his father's attention, but he was always busy trying to find ways to stabilize the power of the core. Sidekick eventually became jealous that Warren got more attention than him, and that he didn't treat him right, that one day he secretly caused an explosion which resulted in the death of Richard Zimmer, Warren's father and the supposed death of Warren and Sidekick.

Years later, Warren returned with a suit due to the accident, seeking revenge and power, prompting the name "wild card" and began searching for the Megacores so that he could take over the world. It is reveled that Sidekick is working with Wild Card now known as Drop Kick. Later on in the series, Drop Kick was shown to be making his own plan to betray him. But Wild Card found out and reprogrammed his systems so that he couldn't harm him. But somehow, he was able to restore it to normal and later on finally commenced his plan.

He created a Siphon Blitz Bot and started to gain power, but when Wild Card found out, it was too late. Wild Card had to leave his own lair when he finds out that Drop Kick is responsible for him wearing his containment suit and the death of his father, so he teams up with the Guardians to defeat Drop Kick. They eventually do and Wild Card steals his siphon blitz bot and begins to power himself with the core and nearly becomes unstoppable, until with the help of Drop Kick, finally defeat him, and he is finally free from using his suit and is no longer a threat. Though, this may not be the end of Wild Card.

Warren Zimmer is mentioned as Wild Card by the announcers during "Wild Card Wednesday" and joking that the villain returned. Later, he is seen in a prison cell saying to never under estimate the Wild Card and his eyes glow purple, this foreshadows his possible return. When Sudden Death brought back Drop Kick after he was "decommissioned", he was assigned to break Warren out of solitary confinement and bring him to Sudden Death. Drop Kick scouts the prison and sets off an alarm to figure out the diagram of the building. After the Anticorians and Guardians fight, Drop Kick releases a knock out gas through out the prison and knocks the guards unconscious. Warren see's Drop Kick and questions his appearance in prison but he is knocked out.

Warren is then imprisoned by Sudden Death and Drop Kick who interrogate him to working with them. After Warren refuses, the Anticorians enter and give Zimmer an Anticorian Cuff which restores his powers, his suit and his evil personality. Wild Card returns with the semi wild and during his time in prison, he figured out that Drop Kick had a code for the deactivation of the safe zone. Sudden Death traps Wild Card with a restraint which blocks his Anticorian Cuff from working and is used as bait for the Guardians. Ish saves Wild Card before he fell to his death, The Guardian then tells Wild Card that he still has a choice to help them destroy Sudden Death. Ish frees Wild Card and notices his suit turned orange and is confused since he didn't do that. Ish notices that Wild Card has a Anticorian Cuff as he had one before and tells the villain that RZ can help him. This angers Wild Card as he remembers the experiment which crippled him and he blasts Ish.

Wild Card angrily stands up against Sudden Death for using him as bait for the Guardians and agrees to work for him but for his own personal reasons. Wild Card is shown to still have a little bit of Warren as when Sudden Death initiated the attack on the HOK, Wild Card screamed NO and then quickly made up an excuse to postpone the attack. He is then shown to be secretly feeding information to the Guardians about Sudden Death's plans. He manages to pin the blame for the missing weapon plans on the Anticorians and successfully gets rid of the aliens as they teleport away. He is forced to search for Drop Kick as Sudden Death noticed the robot was nowhere to be seen. Drop Kick and Wild Card have a small battle in a cave but ended when Wild Card threatened the bot with the EMP blaster. Drop Kick was blasted with the EMP gun and Wild Card reprogrammed him to work for him again and then make a plan to outsmart Sudden Death.

Sudden Death brings the Super Bowl Rings to Wild Card and Drop

Kick and tells them to power up the core accelerator. Drop Kick secretly powers up Wild Card with the rings and made an attempt to destroy Sudden Death but he blasts the rings out of Wild Card's hands and Drop Kick jumps after them when they fell back to the cave. Drop Kick recovers the rings but then he is blasted back to the cave, Sudden Death powers himself up and blasted Wild Card back to the cave as well. Wild Card informs the Guardians that there is a way out of the base and then wants to make a truce with them because he dislikes the fact that Sudden Death dragged him and Drop Kick back to the battle.

The final episode of the series, Wild Card and Drop Kick sneak into Sudden Death's passage frequency and attack him. They scrimmage in the field of the Ranger's stadium and make's a team with the Guardians to halt Sudden Death's plans to steal the Megacores. Wild Card's Anticorian cuff stops working and is imprisoned by the Guardians and RZ. RZ agrees to work with the Guardians and is given back an NFL-R to use his suit and powers once again. Wild Card makes foolish moves to attempt to end Sudden Death but all of them failed. When Sudden Death is finally killed, Wild Card sends Drop Kick to steal the core and deactivate the Guardians' NFL-R, making wildcard the third seasons true main villain. Wild Card taunts them and escapes in his speeder meaning that he will be the main villain of the fourth season (if there will ever be one.) Drop Kick is then blown up and destroyed by the Guardians, but it isn't the end of him since he would return in season 4.

Tchang Zu went up to him.

Wild Card: Well, if it isn't the Demon Lord of Thunder. You must think I'm afraid of you.

Tchang Zu: You should be. One zap from me is all it's going to take to destroy you.

We saw that he had the Football Megacores. Our plan was to distract him so that we can get the Football Megacores and render him powerless.

Bastion and Chazz went up.

Bastion: Hello Bastion Misawa.

Chazz: And I'm Chazz Princeton.

Bastion: And we have something we call The Halftime Show for you.

Bastion took a deep breath.

Bastion: Day-o! Day-ay-ay-o! Daylight come and me wan' go home. Day, me say day, me say day Me say day, me say day, me say Day-ay-ay-o. Everybody.

Chazz: Daylight come and me wan' go home

Bastion: Work all night for a drink a'rum.

Bastion and Chazz: Daylight come and me wan' go home.

Bastion: Stack the banana till the morning come

Bastion and Chazz: Daylight come and me wan' go home.

Bastion: (Umika smiles and bobs her head to the rhythm of the song) Come, Mr. Tally Mon, tally me banana

Bastion and Chazz: Daylight come and me wan' go home.

While this was happening, we were holding back the urge to laugh and Noel and the LupinRangers saw their chance chance, and they used the shadows and swiped all the Football Megacores.

Bastion: Lift six foot, seven foot, eight foot, bunch!

Nico: Now!

We flew in and then the spirits of the NFL swirled around and then they smashed and pulverized Wild Card all over with incredible fury and then the spirits converged and swirled around and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and we came out.

Wild Card saw Nico.

Wild Card: YOU!

Nico: Wild Card. I missed you, man!

Wild Card: Nico Chan. Do you always have to be annoyingly talkative?!

Jack O Lantern: Oh, c'mon! Can't he catch up with you on old times before we tear you limb from limb?

Nico: You and I have an old score to settle Wild Card. I see you still have the hole in your chest where I punched you.

Wild Card: And now I'm going to return the favor!

Nico: Bring it on you ugly monkey!

Wild Card: Tenga Warriors, attack!

An army of Tenga Warriors appeared by Wild Card's side.

Tommy Oliver: Tenga Warriors!

Nico: Now you're talking!

They came at us and we were punching and pulverizing them all over.

POW BIFF SMASH!

Nico: You birdbrains are stupid!

KROW!

Rainbow Dash kicked one in the face and knocked him down.

The Tengu's punched down Isa and friends.

Ish and his friends lay defeated at the hands of the Tenga Warriors.

Wild Card: (laughs evilly) What's the matter, Ish? Can't get up? Don't worry. I'll grant you the honor of a quick death before I conquer the world!

Eddy gunned down a Tenga Warrior before seeing this.

Eddy: Crap! Ish and his friends are in trouble. We've gotta help them!

Rainbow Dash got an idea.

Rainbow Dash: (to everyone watching) Everyone out there! Especially all the sports fans! Lend Ish and his friends your strength! They get stronger with your support! When I go "1, 2", shout "Enter the Rush Zone"! Okay? 1, 2…

All: ENTER THE RUSH ZONE!

Rainbow Dash: One more time! 1, 2…

All: ENTER THE RUSH ZONE!

Rainbow Dash: Louder! 1, 2…

All: (LOUDER) ENTER THE RUSH ZONE!

At these words, Ish found the strength to get back up.

Ish: I can hear everyone's cheers. There's no way I'm giving up without a fight!

Ish grabbed the Tenga Warrior attacking him and punched it.

SMASH!

Ish: (to the people watching) Thanks for all the support, guys.

Ash: Wow! I had no idea we had lots of fans.

Troy Kang: That's part of being a hero.

Tua: I'm not complaining.

Marty: This is for all you sports fans out there!

Ricky: Yeah! We won't let you down!

Ninjor: NINJOR is ready to help you all!

He came in on a cloud and then he jumped down and was ready to fight!

Rainbow Dash: Wild Card you are the worst ever sport I've ever seen and you are no worse than the Evil Lynn that nearly framed Lynn!

Wild Card: WHAT THE FUCK DID YOU JUST SAY TO ME!?

Rainbow Dash: YOU HEARD ME!

Rainbow Dash was then was enveloped in an aura of rainbows and energy and she had pegasi and phoenixes swirling around her.

Rainbow Dash: You have tormented the world of sports for far too long and now it's time for you to die!

Nico: Boy we haven't used the Book of Vile Darkness in a long time.

Nicole: I know.

?: I will kill every last one of you!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs were glowing, and when we sensed a dark energy, that means big trouble was coming.

Lincoln: I was right one of The Twisted Princesses would be here, and I knew you'd be here, Twisted Belle.

A figure came out, and it was Twisted Belle. She looked like Belle, but her eyes were black, her skin was pale, she had a noose around her neck, and her clothes were ragged, and in her left hand was the enchanted rose and in her right hand was a mirror, and in it was Gaston's spirit.

Me: Oh man, is that?

Allie Knudson: Yeah, Dad, that's the twisted version of Belle.

Nico: And from the looks of it, she's an undead ghost and in her black eyes, there's no traces of her humanity left.

Lincoln: So, we meet, Twisted Belle. But, you know why we're here, right?

Twisted Belle: Why would you want to fight me? It was because of Gaston that made me into this when he hanged me and killed everyone in the castle.

Lincoln: Okay, we know we hate Gaston, but don't you see? You've now become just as bad as he is when you came back from the dead.

Belle: What happened to her to make her like this?

Helena Nicos-Knudson: You won't like what made her into this, Belle, and you all know of one person who's to blame for it.

We knew who was to blame for that one: Gaston. Then, Helena proceeded to explain the story of Twisted Belle.

When the villagers arrive with Gaston and the mad asylum doctor at Belle's house, they call Maurice her father insane. Belle proves to them that he isn't and shows the Beast through the mirror. Gaston decides to kill the Beast and storm the castle. Belle calls him Gaston a beast and tries to stop him. But the villagers seize her. Gaston calls her a traitor and says traitors must die. So she's hanged while Maurice is taken away. Gaston and his men storm the castle. Although they put up a valiant fight, all the castle inhabitants are killed/destroyed. Gaston personally slays the Beast and takes his hide as a trophy. He accidently knocks out the Beast's enchanted rose. It's glow stops when it hit the ground. Gaston ignores it and moves to show his trophy to his men. Then the rose starts glowing again. Gaston looks for a second, then all the doors close and lock themselves. From out the darkness comes an undead Belle. Gaston is frightened and tries to hold her back. But you can't kill the undead. Eventually, Belle kills Gaston. But with Beast dead and her father gone, she now roams the castle as a ghost with the enchanted rose tied to her fate. Gaston's spirit, now trapped inside the magic mirror mocks her constantly that she will never again find true love.

When Helena Nicos-Knudson was finished, we were horrified and at the same time, enraged at Gaston for what he did.

Me: (Growling Ferociously) Gaston, you narcisstic, black-hearted, two-faced asshole!

Nico: You said it, Colonel. What Gaston did was really pure evil, and because of what happened, Belle came back from the dead and she killed him and his spirit is now trapped in a mirror for all eternity, and forever mocks Belle that she'll never find true love again.

Rainbow Dash: Your desire for revenge has to stop here and now, Belle.

Suddenly, Rainbow Dash's eyes turned neon purple, and she was surrounded by a rainbow energy aura with rainbow lightning, rainbow flames, and Alicorns, she unholstered her Sword of The Knights of The Friendship Table, and as she approached Twisted Belle, she left rainbow energy, rainbow lightning, rainbow flames, and Alicorns with every step.

Rainbow Dash: Twisted Belle, what happened to you was tragic, but you don't have to give up hope for true love. What Gaston did can never be forgiven, but it's not too late, we're going to save you from this fate that Gaston forced on you.

Suddenly, Rainbow Dash was surrounded by a massive vortex of rainbow energy with rainbow fire and rainbow lightning surrounding it, there was an Alicorn flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Rainbow Dash emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Rainbow Dash has transformed into SUPER ANGEL-ALICORN INFINITY ATHETIC ALICORN RAINBOW LIGHTNING ANGEL OF AWESOME LOYALTY AND DIVINE LOVE!

We were amazed by Rainbow Dash's Super Angel-Alicorn Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Twisted Belle saw it, she fell into a rage and fired a blast of magic from the enchanted rose, but Rainbow Dash fired a powerful blast of rainbow energy, which hits her and overwhelmed the blast Twisted Belle fired, and Lincoln caught the mirror with Gaston's spirit in it, and he channeled Super Hakai energy into it, and Gaston's spirit screamed in excruciating pain, as he was Super Hakaied forever.

Me: (Stunned) Whoa.

Nico: (Stunned) You said it, Colonel. Rainbow Dash has transformed into her new Super Angel-Alicorn Infinity form, and she's the first of the Mane 9 to transform, awesome!

Lincoln: Wow, Rainbow Dash, you look beautiful. How do you feel?

Rainbow Dash: (Divine Echoing Cosmic Voice of The Loyal Rainbow and Divine Love) **I feel awesome, Linky, and now, it's time to save Twisted Belle from herself.**

Lincoln: (Smiles) Don't start without me, Rainbow Dash.

Me: Go get her R.D.!

Scootaloo: YEAH! You can do it sis!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Rainbow Dash.

Lincoln: **Hold on, Belle, we're going to save you from what Gaston did to you.**

Lincoln and Rainbow Dash went at Twisted Belle, who fired a blast of magic from the enchanted rose, but they dodged it, and they fired powerful blasts of rainbow energy, rainbow lightning, elemental forces, and magic at her, and they exploded with incredible power. Then, Lincoln and Rainbow Dash made a magic circle on the ground that surrounded Twisted Belle.

Nico: Lincoln, what are you and Rainbow Dash going to do?

Lincoln: **I looked in my Spellbook of The Gods and The Universe, and I've found a spell that'll undo the Enchanted Rose's curse.**

Me: Really?

Rainbow Dash: **Oh yeah, J.D. Keep your eyes peeled.** (To Lincoln) **Let's do this, Linky.**

Rainbow Dash and Lincoln read the incantation from their Spellbooks of The Gods and The Universe, and the magic circle they made around Twisted Belle glowed with rainbow light, and it also reacted with the Enchanted Rose, as it glowed with red energy. Then, Twisted Belle screamed in pain, as she felt the Enchanted Rose's curse being removed from her for good, and the Enchanted Rose faded into darkness. When the lights faded and the magic circle vanished, we saw that Belle's twisted self was restored to life. We cheered wildly for what Lincoln and Rainbow Dash did, as they holstered their massive swords and power down, and the improvements to Rainbow Dash's clothes, weapons, jewelry, and angel wings were permanent, along with the eight rainbow colored orbs orbiting around her legs.

Belle 2 was almost about to faint, but Lincoln, Belle, and Rainbow Dash rush up to her and caught her. Then, Belle 2 broke down and she cried as the memories of what she did came back to her, and she hugged Lincoln and Rainbow Dash, and they comforted her.

Lincoln: It's okay, Belle 2, it's okay.

Belle 2: But, what I did, how can you forgive me?

Rainbow Dash: Because, it's just like we said, you're not to blame

for it.

Lincoln: Yeah, Gaston was the one to blame for what he did in hanging you, and killing your world's version of the Beast and the staff there. But, don't worry, Gaston's been banished to Oblivion, and he'll never return to hurt anyone ever again.

Belle: Lincoln's right. You're now free from the pain and suffering that he'd caused you.

This brought a smile to Belle 2's face, as she continued to hug Rainbow Dash, Belle, and Lincoln. We had tears in our eyes and a smile on our faces.

Lori: (Smiles) That was literally amazing.

Nico: You said it, Lori. Lincoln, Rainbow Dash, awesome job, you guys. I'm so proud of you.

Me: Here lets get this off of you.

I got her noose she had around her neck off.

Belle 2: Thanks J.D.

Me: You're welcome. If we ever go to your world we'll set everyone straight.

Belle 2 came back to us.

Lincoln: (Sly Smile) And of course, there's also the matter of a little something that I want to give you, Rainbow Dash.

Rainbow Dash: And what would that be, Linky?

Lincoln: Oh, this.

Lincoln wrapped his abnormally massive and powerful muscular arms around Rainbow Dash's waist, and as she and Lincoln lock eyes, he and Rainbow Dash shared a passionate kiss as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a

Thunderbird, Alicorn, Phoenix flying in the skies, a herd of Buffalo running across the field, and a rainbow behind them. We had tears in our eyes and a smile on our faces.

Me: (Smiles) That's so beautiful and awesome.

Nico: (Smiles) You got that right, Colonel.

Ash: Whoa, now that's awesome.

Ish: You said it, and Rainbow Dash wasn't kidding when she said that she's one of Lincoln's future wives, and who knew he could be quite the romantic when it comes to the ladies?

Me: He's always had that charm and charisma that attracts the ladies, and it also makes him, me, Nico, and Clyde ladies men. But, he's also a kind, caring, loving, friendly, tough, strong, and amazing and awesome man.

Ash: Dang.

Ish: Thanks, guys. We couldn't have stopped Wild Card without you.

Radioactive Man: It was our pleasure.

Me: Aw it was nothing.

Greiger: Wild Card will have a lot to think about in the Book of Vile Darkness.

Nico: Yep.

Drakkon: (to Nate) And thanks for helping out, Nate.

Nate: No problem.

Vulture: We really owe you one.

Me: Big time.

Ish: And keep up the good work until we meet you.

Nate: With pleasure!

Ish and Nate high fived.

Samus: And Lincoln, I want to thank you and Nico for dealing with the ghosts of my past.

Lincoln: Aw it was nothing.

Goliath: (chuckles) And here I thought you forgot about this morning.

Nico: But it was really awesome.

Me: But this was all one awesome adventure.

Nico: It sure was. Awesome job today everyone. I'm proud of you all. And Ish, Ash, guys you all did really well and I'm so proud of you guys.

Ish: Thanks Nico. It was awesome.

Nico: Glad you all had fun.

Rainbow Dash: (To the viewers) This was AWESOME! I hope you all had fun watching this one and may you all have fun watching the Superbowl next month. It's all gonna be awesome!

Nico: It sure is. Lets head home everyone. Great job.

We went back home and enjoyed the rest of the day and went to sleep.

Another awesome chapter done.

NFL Rush Zone was an awesome cartoon and it was amazing that it had the Megacores for each of the awesome football teams! As you all know I'm a fan of the Denver Broncos. Also the show was made before the Raiders moved from Oakland to Las Vegas, the Chargers moving from San Diego to Los Angeles and the Rams moving from St. Louis to Los Angeles. It was ALL AWESOME! I am a huge football fan and it is awesome! NFL Rush Zone aired from September 6, 2010 - October 22, 2014 and it was AWESOME! The first two parts are for my favorite Metroid Game from 2007, Metroid Prime 3: Corruption and that was a SO FUN Game on Wii. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. The next rescue for Nico is gonna be in the world of Anacondas: Hunt for The Blood Orchid and Nico and Stacy are going to the jungles of Borneo and they are going to not only go to get an elusive and rare flower called the Blood Orchid which is believe to hold the secret to eternal youth but also they are going to meet a Citadel Whale Gene-Slammer named Hayley Augusta and they are also going to get Dr. Jack Byron arrested and brought to justice. Lincoln's next rescue is gonna be in the world of Mike, Lu & Og and we're gong to meet Mike Mazinsky and her friends on the Albonquetine Islands we're going to also meet another one of Lincoln's friends who has been turned into an Earthbound Immortal Cusillu. The next chapter is going to take place in the oceans of Orothe in the Moonlands of Magi Nation and we're going to dive into the water and go to find the Turtle Brother's friend Angel who is a former member of the Purple Dragons and we're going to face Baxter Stockman from 2003 and we're going to kill that monster.

See you all tomorrow.

# Orothe Rescue Adventure

Over the islands of Indonesia, Nico and Stacy were flying over the area.

Nico: Thanks for coming with me, Stacy.

Stacy Bolton: No problem Nico. It's gonna be so awesome to go with you on your rescue.

Nico: I can't wait to see where we're going.

They flew across the ocean and they arrived at the Island of Borneo.

Nico: Wow the Island of Borneo. I haven't been here in a long time.

Stacy Bolton: Borneo is so awesome.

They flew over the jungles.

Nico: Before we go any further, now would be a good time to shark out.

Stacy Bolton: You got it!

She turned into SHREDGIRL!

Nico: YEAH!

Shredgirl: Ready for action.

Nico: Sorry about your shirt.

Shredgirl: No worries. I can always get another one. I wonder why we're in Borneo?

Nico: I was picking up a distress signal coming from here. Wait look.

They saw beautiful blood red orchid flowers and they were amazing.

Nico: Wow! The Blood Orchid.

Shredgirl: What beautiful flowers.

Nico: Not just any flower. This is Perrinnia Immortalis, otherwise known as "the Blood Orchid." It's a very powerful flower that is said to provide the secret to eternal youth. I saw this flower myself when I was here years ago when I lived in the Philippines.

Shredgirl: Amazing. (Sees something) What's that there?

They then saw a giant whale with a big horn on its nose and it had a castle and cannons on its back in the river.

Nico: Whoa that's a Citadel Whale.

Shredgirl: Wonder what that is doing here.

Nico: Good question.

BANG!

They heard a gunshot!

Nico: Uh oh!

They saw a man pointing a 44 Magnum gun at some people.

Nico: Get ready to do our entrance!

Shredgirl: I'm always ready.

Nico: Wait a second. I know him. That's Dr. Jack Byron. He's one of my fathers colleagues.

Shredgirl: What does he do?

Nico: He's the head of a pharmaceutical company that is on a mission here to get the Blood Orchid to bring back to expand human life.

Shredgirl: Weird. But interesting. He must be doing whatever it takes to get to the Citadel Whale.

Nico: Not if I can help it. Lets go.

They went at him.

Dr. Jack Byron: You can't get to that creature. Only I can.

Suddenly the muscles of the elements swirled around him and punched him all over and he dropped his gun and then the elements converged and then…

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then Nico and Shredgirl came out.

Nico: Hello Jack. Its been a long time.

Dr. Jack Byron: And you are?

Nico: You may not recognize me but I do. You know my adopted father Leandro Chan and he was one of your missionary partners when I lived in the Philippines with my family.

Dr. Jack Byron: Wait a second. Nico? Nico Chan? Wow! You sure have grown the last time I saw you.

Nico: It has been a while Jack.

Dr. Jack Byron: Indeed.

Nico: Look, just surrender right now. And you'll go to one of our space prisons. But we'll let you live.

Dr. Jack Byron: I don't think so.

Shredgirl: Don't make us add you to the growing list of enemies that we've killed, Jack.

Nico: You don't want that to happen. I know these flowers you are after could be very beneficial to the human race but trying to kill a bunch of people that want to get out of here all for a bunch of flowers and to avoid being snake food is wrong on so many levels.

Dr. Jack Byron: I'll do whatever it takes to get what I want.

Nico: Then let us help you out the hard way.

They teleported and grabbed him from behind and teleported to the Citadel Whale.

Citadel Whale: (In a girls voice) Bout time you all got here.

Nico: That voice. Hayley Augusta?

Citadel Whale: Nico? Wow! You have grown a lot since we last saw each other.

Shredgirl: Another of your friends Nico?

Nico: Yep. She and I went to Geography and we worked in Nautical Mapping. She has always been sort of a seadog in a sense. Because her father is a sailor for a fishing company.

Citadel Whale: Yep and it's awesome to see you again Nico.

Nico: As you can see, Stacy's also a Gene Slammer.

Shredgirl: Yep. I'm a sawshark. Me and my brothers were made this way by Dr. Luther Paradigm.

Citadel Whale: Wow! I've heard about that. It's good you all killed him. How about I take you all back to America before you have me reverted back to normal?

Nico: Not a bad idea. We can put Jack here in your brig.

Citadel Whale: Awesome. Hop on everyone.

They got on and Hayley swam fast down the river and out to sea and that went back to America.

Dr. Jack Byron: I thought you were going to kill me if I didn't surrender peacefully.

Nico: I decided to just send you to jail either way. Besides you aren't worth killing because you're a friend of my father and I can never bring myself to kill a friend of my dad.

Dr. Jack Byron was touched that Nico would spare him. Later that arrived at the San Francisco Wharf and Everyone disembarked. Dr. Jack Byron was arrested for attempted murder and other crimes.

Nico: Okay now we can get you reverted back.

Citadel Whale: Thanks Nico.

Nico covered his eyes with his blind man glasses and snapped his fingers and Hayley reverted back and she was in her birthday suit and then…

SPLASH!

Hailey Augusta: (SCREAMS) COLD!

Shredgirl: Oops!

Shredgirl pulled her out of the cold water and dried her off and Nico gave her new clothes and she put them on.

Hayley Augusta: Wow! These clothes are awesome.

Nico: Yep they sure are.

Nico and Hayley hugged.

Nico: Okay, Stacy. Your turn to revert back.

Stacy: Okay.

She did so and Nico gave her a new shirt and she put it on.

Nico then rubbed the spot on Stacy's back where her fin emerged.

Stacy: Ahh. Thanks Nico.

Hayley Augusta: That must be painful for you.

Stacy: Yeah but I'm used to it. What was the best thing you remember doing with Nico?

Hayley Augusta: That was an easy one. Me and Nico did a map on the surface of the Ocean Floor. It was like one of those topographical maps that people would use to study what is at the bottom of the ocean like underwater volcanoes, trenches, ridges, everything.

Stacy: Wow! That is amazing!

Nico: It was a tough one and it took lots of details.

Stacy: Wow.

Hayley Augusta: Stacy, can you describe what your Shredgirl transformation feels like?

Stacy: I can try. It feels like I'm becoming one with the powers of the ocean. But physically it felt like I was being pulled apart and stretched on a Rack. You know that torture device?

Hayley Augusta: That is very accurate.

Nico: Yep.

Later they went back home and told us everything and it was awesome and cool.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lynn Sr., Rita, Lincoln's harem, Spider Man and his allies, Devack, and Sage are heading to the Albonquetine Islands, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to meet Mike Mazinsky and her friends, Lu and Og, and we also got word that Norman Osborn A.K.A. The Green Goblin has returned from the dead, and he wants revenge on us.

And with us were Zhang Chunhua's two sons, Sima Shi, who is in his Dynasty Warriors 8 appearance and wielding his Emperor's Light Lightning Sword, and Sima Zhao, who is in his Dynasty Warriors 7 appearance and wielding his Cloudburst sword. We found out their father, Sima Yi, had sent them to meet with us, and they already knew their mother, Wang Yuanji, and Xin Xianying have since become members of Lincoln's harem and among his many future wives, and they know Lincoln will take good care of them, since he has a massive gold heart.

Lincoln: Wow, we're on the Albonquetine Islands, and I think I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're also going to meet Mike Mazinsky and her friends, Lu and Og, and we also got word that Norman Osborn A.K.A. The Green Goblin has returned from the dead, and he wants revenge on us.

Me: That's right, big guy.

Spider Man: I never thought I'd see or hear from Norman ever again, even after he died at his own hands when he tried to kill me.

Harry Osborn: Same here, Peter. But, I already disowned that man long ago, and Lynn Sr. is the only one that I can call father.

Lynn Sr.: But, we'll make sure he never returns again, Harry.

Lincoln: That's right, Dad. And it's a pleasure to meet you and Sima Zhao, Sima Shi.

Sima Shi: You too, Lincoln, and Mother had already told us of what happened long ago, and we know you'll take good care of her, Yuanji, and Xianying.

Lincoln: That's right.

Sima Zhao: And you don't have to worry about me, Lincoln. I'm now taking responsibility and I'm going to start taking things more seriously, now that I'm part of the team.

Lincoln: That's what I want to hear.

Eli: And I can't wait for you guys to meet Mike, Lu, and Og.

Nico: Same here, Eli, and I also can't wait to get rid of Norman Osborn this time for good, after what he's done, he deserves to be sent to Oblivion for his crimes.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, along with Mike Mazinsky, Lu, and Og, but they've been cornered by Norman Osborn A.K.A. Green Goblin, and he's going to kill them.

Lincoln: Guys, I found the thirteen girls, along with Mike Mazinsky, Lu, and Og, but they've been cornered by Norman Osborn A.K.A. Green Goblin, and he's going to kill them.

Eli: What?! I'm going to rip that insane bastard apart!

We rushed on over, and Lincoln fired a massive rainbow energy blast at Green Goblin's glider, and he jumped off and it exploded. When Green Goblin saw us, he was enraged.

Mike Mazinsky: Alright, Team Loud Phoenix Storm's here, along with Eli.

Eli: Mike, Lu, Og, it's good to see you again.

The thirteen girls got to safety with us, and Mike, Lu, and Og joined us in the pummeling of Green Goblin.

Spider Man: I should've known you'd come back from the dead, Norman. You just don't know when to quit, do you?

Green Goblin: I'll never quit until I've destroyed you all, and I will have my revenge on you all for killing me.

Lincoln: You're still as insane as ever, Norman Osborn, and if I remember correctly, you got yourself killed by your own hand when you tried to kill Peter. But, I guess there's no use in trying to talk to an insane madman like you, this time, you're not coming back from the dead again.

Me: Time to die, you lunatic!

Lincoln unholstered his improved massive Sword of Taranis from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Devack made a sword of dark and yellow energy, Sima Shi got out his Emperor's Light Lightning Sword and Sima Zhao got out his Cloudburst sword, Sage got out his katana, Lincoln's sisters also transformed and they unholster their massive swords from their backs, Lincoln's harem also got out their weapons, Spider Man unholstered his Keyblade from his back, Lynn Sr. and Rita got out their massive swords, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs.

Then, we went at Green Goblin, and we fired powerful blasts of rainbow energy, colored energy, blue fire, dark blades, elemental forces, plants, lightning Pumpkin Bombs, stars, darkness, webs, yellow fire, and rainbow fire at Green Goblin, and they exploded with incredible power as they hit him, and he was bleeding like crazy. Suddenly, we saw Earthbound Immortal Cusillu arrive, and punched Green Goblin real hard and sent him flying back first into a tree, and crashed onto the ground.

Sima Shi: Devack, did you summon Cusillu to help?

Devack: Not this time, Sima Shi.

Earthbound Immortal Cusillu: (In a girl's voice) Hope that hurt, you insane bastard.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Wait, that voice. Rebecca Madison, is that you?**

Rebecca Madison: Lincoln, is that you?

Rebecca Madison went up to Lincoln, and they hugged.

Lincoln: **Yeah, it's me, Rebecca. I haven't seen you when you were six, and I've really grown a lot as you can see, and I'm sixteen years old.**

Rebecca Madison: Yeah, I can see, you've really grown a lot from the five-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Me: Whoa, Lincoln, you know her.

Lincoln: **Yeah, I do, J.D. This is Rebecca Madison. I met her when I was five years old, and she was six years old, and like Helena, Emily, Cathy, Mia, and Emma, she protected me from bullies.**

Me: Awesome. Pleasure to meet you.

Lincoln: **We'll have to catch up later, we've got to deal with Green Goblin before he tries anything else.**

Lincoln fired a powerful rainbow blade from the 6'5" massive, wide, double-edged man-sized blade of his massive Sword of Taranis with a powerful, one-handed swing, and it hit Green Goblin in his black heart, and the resulting explosion killed him, and Super Hakaied his spirit forever. We cheered wildly as we holster our massive blades on our backs and power down.

Rebecca Madison: Now, that was fun.

Lincoln: The rescues are always awesome. Now, let's get you back to normal. Boys, cover your eyes. Hold still, Rebecca, this is going to hurt.

Eli, Me, Nico, and the rest of the boys covered our eyes and Lincoln snaps his fingers, and Rebecca was reverting back to normal, and she was a beautiful 16-year-old girl with long black hair with yellow highlights in the bangs, yellow eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings with yellow tips on the large black feathers on her back, as she reigns in the power of Earthbound Immortal Cusillu, and she was in her birthday suit.

Lincoln: How do you feel, Rebecca?

Rebecca Madison: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave her a new wardrobe, a black sleeveless shirt with a yellow phoenix, black skirt with the Earthbound Immortal Cusillu and yellow flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Earthbound Immortal Cusillu on the back, and on her back is a large Earthbound Immortal Cusillu-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Earthbound Immortal Cusillu etched on it, large black wings for the crossguard, large yellow gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding yellow gems.

Rebecca Madison: Wow, I love the new outfit and new large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on her neck.

Rebecca Madison: Wow, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Rebecca.

Rebecca Madison had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he kissed her, and we cheered for them. Then, Lincoln and all of us went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Futaba Igarashi, Natsumi Kurobe, Tōko Sakurai, and Mona Tsukishiro from My Senpai Is Annoying, Ayano Fujimoto, Sayuki Tokihara, Yuika Koga, Mizuha Kiryuu, Mao Nanjou, and Shiho Takasaki from Hensuki, Kana Hoshisato, Emma Sakurai, and Kokomi Kikyōin from Hatena Illusion.

Lincoln: Oh wow, it's Futaba Igarashi, Natsumi Kurobe, Tōko Sakurai, Mona Tsukishiro, Ayano Fujimoto, Sayuki Tokihara, Yuika Koga, Mizuha Kiryuu, Mao Nanjou, Shiho Takasaki, Kana Hoshisato, Emma Sakurai, and Kokomi Kikyōin.

Helena McTroy: From My Senpai Is Annoying, Hensuki, and Hatena Illusion, awesome.

Lincoln: Are you girls okay?

Futaba Igarashi: Yeah, we're okay, thanks to you saving us from that madman.

Then, when Futaba Igarashi and the twelve other girls saw who it was that saved them from Norman Osborn A.K.A. Green Goblin, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Taranis holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The

Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Futaba Igarashi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Futaba Igarashi: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love have appeared around the necks of Futaba Igarashi, Natsumi Kurobe, Tōko Sakurai, Mona Tsukishiro, Ayano Fujimoto, Sayuki Tokihara, Yuika Koga, Mizuha Kiryuu, Mao Nanjou, Shiho Takasaki, Kana Hoshisato, Emma Sakurai, and Kokomi Kikyōin, and they had gems in their favorite colors on the gold lightning bolt necklace links. We then returned home to the Estate, and we told everyone what happened on the Albonquetine Islands, and they were shocked when they found out that Norman Osborn A.K.A. Green Goblin had returned from the dead to seek revenge.

But, when Lincoln told and showed everyone what he did to that madman, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem went up to Lincoln, and they kissed him all over. Lincoln and Rebecca Madison have a lot of catching up to do now that she's back, and she's going to do a lot of sharing of memories with us, and Mike, Lu, Og, Sima Shi, and Sima Zhao were made new members of the team.

---

After getting rid of Norman Osborn A.K.A. Green Goblin this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Rebecca Madison saw Lincoln working out like crazy, she had an atomic red blush on her face.

Rebecca Madison: Whoa, Lincoln has really grown to be a 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. included, Rebecca, and now, I can also fight and defend myself.

Rebecca Madison: Awesome.

Me: It sure is. So, Rebecca, what memories did you have with Lincoln?

Rebecca Madison: Oh, I remember that one day, I saw Lincoln getting roughed up by Lynn, and I had to step in, and I roughed her up badly. Then, I got Lincoln into the house, and as I was bandaging his wounds, I told his parents what Lynn did, and they weren't happy one bit with her.

Lynn Sr.: Yeah, I remember that day, and Lynn got grounded for three days. And you did an awesome job in bandaging Lincoln's wounds, Rebecca.

Rebecca Madison: Thanks, Mr. Lynn. And I soon saw that it was because of Lynn's dark side, that she made Lynn rough and mean to Lincoln, the same with Lori and Lola's dark sides, and I was so mad at how they made Lincoln suffer badly, and they also formed a hive mind and forced the others to join in on taking advantage of Lincoln's kindness for their own selfish benefits.

Lori: Yeah, and after our dark sides were purged, Lynn, Lola, and I were really upset at how badly we treated Lincoln.

Nico: But, you, Lola, and Lynn have since repaired those bonds with Lincoln, Lori.

Lynn: True, Nico, and I did deserve that roughing up by Rebecca years ago, for what I did to Lincoln. But, we're glad those three are imprisoned in crystal, and they're not getting out.

Lincoln: Yeah, and if someone tried to get them out to help them seek revenge, just wait until they see me.

Nico: (Smirks) Yeah, they'll see you're not the same person they tried to kill before. So, Lincoln, what can you tell us about Rebecca?

Lincoln: Rebecca's not only a smart person, she's also incredibly strong, as evidence of how she really pummeled Lynn when she was trying to rough me up, and she also beat one of the students in an arm-wrestling match in the cafeteria.

Nico: (Whistles) She's definitely one strong girl, if she was able to pummel Lynn into the dirt when she tried to rough you up, and beat one of the students in the cafeteria in an arm-wrestling match.

Rebecca Madison: And I also saw that Weightlifting Competition Lincoln participated in, I was also impressed at just how strong he's really become.

Lincoln: (Flexes his abnormally massive and powerful muscular arms) And I'm also continuing to get stronger and smarter, Rebecca, with every passing day.

We got a shower afterwards, and then, Lincoln, Futaba Igarashi, Sari Sumdac, Entrapta, Frosta, Perfuma, Toph Bei Fong, Julie Makimoto, Mai Shiranui, Jessica Shannon, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Cassandra Alexandra, Fujiko Mine (TLPS Universe), R. Mika, Menat, Colette Brunel, Ryuko Matoi (TLPS Universe), Peni Parker, Princess Allura (Voltron: Legendary Defender), Solange Blanchefleur de Lux, Hana Uzaki, Shantae, Akko Kagari, Yumeko Jabami, and Rana Linchen were getting ready for their date, this time, it's at Blubble Lake in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Futaba Igarashi, Sari Sumdac, Entrapta, Frosta, Perfuma, Toph Bei Fong, Julie Makimoto, Mai Shiranui, Jessica Shannon, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Cassandra Alexandra, Fujiko Mine (TLPS Universe), R. Mika, Menat, Colette Brunel, Ryuko Matoi (TLPS Universe), Peni Parker, Princess Allura (Voltron: Legendary Defender), Solange Blanchefleur de Lux, Hana Uzaki, Shantae, Akko Kagari, Yumeko Jabami, and Rana Linchen were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Solange Blanchefleur de Lux: Of course, Linky.

Lincoln and the girls left the Estate, and they head for their destination, Blubble Lake in the world of Mario. When they arrived at Blubble Lake, it was a beautiful area with a huge lake with many rock structures and stone walls.

Solange Blanchefleur de Lux: Wow, what is this place, Linky?

Lincoln: This, Solange, is Blubble Lake. I heard about it from Mario that this is a beautiful area with a huge lake, along with many rock structures and stone walls.

Toph Bei Fong: Awesome.

Lincoln and the girls dived into the huge lake, and as they swam through the huge lake, and they had seen the creatures that live in the lake, and none of them were hostile this time. Then, they also took pictures of the many rock structures and stone walls, and they'll make sure to show Maud Pie those pictures. Then, they had lunch that Lincoln made for them, and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to Futaba Igarashi, Sari Sumdac, Entrapta, Frosta, Perfuma, Toph Bei Fong, Julie Makimoto, Mai Shiranui, Jessica Shannon, Yuna Kamihara, Nanami Simpson, Hilda, Tatsumaki, Cassandra Alexandra, Fujiko Mine (TLPS Universe), R. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Linc, how was your date?

Lincoln: It was so awesome, Nico. We went to Blubble Lake in the world of Mario.

Me: Awesome.

Lincoln: And we also saw the many rock structures and huge stone walls, and we also took pictures of them.

Lincoln showed us the pictures of the many rock structures and huge stone walls there, and Maud Pie was impressed by them.

Maud Pie: (Monotonously) Impressive.

Me: Now, those are awesome. We've seen many rock structures formed by nature or man for many centuries, and they're truly something to see.

Nico: Like Stonehenge and the moai statue heads on Easter Island in Chile, and they're so amazing.

We continued listening to Lincoln and the girls' day at Blubble Lake, and they had an amazing time.

Later it was time for Georgina's Final Ambassador Mission.

Georgina: J.D., I hope you don't mind that there won't be any bad guys to bust.

Me: Not at all Georgina. Besides you'll do great on your Ambassador Mission no matter what.

Maria: I better go with you all just to be on the safe side though.

Me: Okay. Ready Georgina?

Georgina: You bet. Lets head out!

We were off to Griffin Rock.

We arrived in Griffin Rock.

Cody Burns: Hey Georgina!

Georgina: Hey guys.

Dani: Awesome you're here.

Georgina: Guys, meet my fearless leader!

Me: (Laughs) Fearless Leader. I like that. Awesome to meet you all. J.D. Knudson, Leader of Team Loud Phoenix Storm.

Cody Burnss: Awesome! It's an honor to meet you J.D.

Dani: We love all your adventures and they are some of the best we've see.

Kade: They sure are. We think you are one of the most amazing heroes we know.

Me: Well thanks for the compliment. Oh and this is my friend Maria.

Maria: Awesome to meet you all. Maria Rockell, Second-in-Command of Team Loud Phoenix Storm's Redemption Squad.

Cody Burns: Wow! Awesome to meet you Maria. Aren't you formerly Aquamaria?

Maria: That's right. I was Aquamaria and then I got my humanity back thanks to my best friend and sister figure Carol as well as the power of Tefnut the Goddess of Water in Egyptian Myth.

Dani: Oh wow! That is cool!

Heat Wave: It sure is. And J.D. it's such an honor to meet you.

Me: Same to you Heat Wave. Nico told us all about you and your team.

Heat Wave: I'm glad he did.

Kade Burns: Hey, J.D. Georgina and Nico said that you constantly get stressed out a lot. So, Doc Greene made this stress ball for you.

Me: You know if I squeeze this, I'll only end up destroying it, right? You know how strong I am.

Kade Burns: That's the best part! It's made from an indestructible material. I wasn't paying attention to what material it is since while Doc was explaining it, I fell asleep.

Me: Wow! Hmm.

I squeezed it and it was very therapeutic.

Me: Hey it works. Wow. Thanks Kade.

Kade: You're welcome.

Georgina: That's cool. Would you all like to see me turn into Stonebiter?

Cody Burns: We sure would!

Graham Burns: You know, keeping your emotions bottled up, even during missions, isn't exactly healthy

Me: (chuckles) Funny. Another version of Johnny Storm said something very similar to me.

Boulder: And he's right. If you keep on holding in your emotions, it's only gonna end up badly for you.

Me: I know. It's hard for me. It's hard. But that's what makes me human. Even though I have all these powers and abilities and skills that are beyond all forms of comprehension, I still am human no matter what.

Boulder: That's right.

Chief: Georgina, it's only a matter of time before there's an emergency. So, now would be a good time for that transformation of yours.

Georgina: Okay. Here we go.

Maria concentrated and she was in pain and the she had her eyes turn red and then her skin turned hard and rocky and then she grew muscular and then her clothes ripped and she turned into STONEBITER!

She roared!

Cody Burns: WHOA!

Stonebiter: What do you think?

Kade: Wow! So that's a Sangurahuan Rockgolem?

Me: Yep. Pretty cool if I do say so myself.

Then the alarm sounded.

Heat Wave: Georgina, don't revert back just yet. We got an emergency situation!

Me: Looks like I get to see you all in action.

Stonebiter: Awesome!

Heat Wave: RESCUE BOTS ROLL OUT!

We were off.

Cody Burns: Georgina, while we're on the way to the emergency, can you tell me your favorite parts of your Stonebiter transformation and your reversion to human?

Stonebiter: That's a tough one. But I would say the super strength that I get and the powers I still have with Stonebiter when I am human. I am immune to volcanic heat and I can walk through lava and swim through it with no problems.

Cody Burns: Whoa! That is cool!

Blades: I see one bridge out!

We saw the bridge of the major highway and it had a section of the road that collapsed into the water!

Me: Whoa! I got this! Here's one of my cool powers. CONCRETE STYLE NINJA ART: CONCRETE SLAB SYNTHESIS!

I formed a huge slab of concrete!

Cody Burns: WHOA! That is cool!

Kade: Wow! Very well made!

Stonebiter: We know many techniques.

Blades hooked up the slab to his crane and we held the slab in place of the section that broke off.

Me: Okay. Maria, Stonebiter, hold the slab in place.

Maria: Okay!

I used Kevin Levin's powers and turned my arms into concrete and touched slab and then I welded the slab into place. Maria then checked it and it was stable.

Maria: It's stable guys!

Blades: Awesome!

Stonebiter: NOW, it's time for me to revert back.

Cody Burns: Okay.

Me: Uh fair warning you may want to cover your eyes. Georgina is gonna be in her birthday suit when she is back to normal.

Kade: Oh right.

Heat Wave: Good idea.

They covered their eyes I put on my blind man glasses and Georgina was reverting back and she regained her hair, skin, eyes and teeth and she was back to normal and in her birthday suit and Maria came and gave her new clothes and she put them on.

Georgina: There. Okay you can look now. I'm decent.

They saw that she was human again.

Cody Burns: That was amazing.

Me: It sure was cool. This is amazing that you all get to go on these awesome rescues and help people out.

Cody Burns: It sure is.

Maria: It sure is awesome.

Cody Burns: Georgina, I know this might make Dani jealous. But during the time I've spend with you, I've actually come to see you as a second big sister.

Georgina: Oh Cody.

They hugged happily.

Boulder: Oh I promised myself I wouldn't cry!

Later we went back home.

An hour later, after me, Maria, and Georgina went home, the head of a MorBot is seen floating in the ocean. Suddenly, a hand came out of the water, and grabbed onto the head! UH OH!

(OMINOUS THEME PLAYS)

Later we told everyone what happened and it was awesome.

May: Well, Rice's Ambassador missions are up next.

Nico: Yep and it's gonna be awesome for her.

Rice: I can't wait to see where I'm gonna go for my missions.

Eli: I have a feeling it's gonna be awesome.

Me: Yep.

At the Jupiter Prison, we were there to help Mia Addison as she is going to face the very monster of the MONSTERS that murdered her own parents in cold blood. We were there to help Mia pulverize the living crap out of Dustin Keystone, Lincoln's bully that Mia smashed many times while defending Lincoln. And he is gonna be in for a terrifying surprise.

Golden Queen: Mia, if you're not ready for this, we won't force you.

Mia Addison: I'm more than ready for this Golden Queen. Ever since I've been reunited with Lincoln and told you all about my past I've been wanting to get this off my chest for a while.

Also I have amazing powers as Earthbound Immortal Ccapac Apu.

Lincoln: But you are definitely ready for this Mia.

Kalin: Yeah I hate that monster Dustin.

Me: Who doesn't Kalin. He is a Nihilistic Psychopath. Completely unprincipled.

Kalin: Good way to say it.

We arrived at Dustin's cell and we opened it and we went down a hall and sitting in a clear prison cell was DUSTIN KEYSTONE!

Mia Addison: Wow! His cell is all the way in here?

Guard: We don't let him be among the prison population because Dustin is our number 1 inmate and he is far too dangerous to be let among them.

Mia Addison: Geez.

We went up to the cell.

Dustin Keystone: Are you here to get me out?

Pinkie Pie: Of course not, you big meanie!

Lori: We just want you to know that for what we recently heard, we're cursing you as an old man for all eternity!

Mia Addison: But not before I have some fun beating the living crap out of you!

Mia went up to him and he was shocked to see her.

Mia Addison: Hello Dustin. Remember me?

Dustin Keystone: Mia Addison!? You're alive!?

Mia Addison: Not just alive but I'm also something more. I'm going to pulverize your face in until you beg for mercy!

Dustin Keystone: Come and try it you whore!

POW!

Mia punched him square in the face with devastating force and it smashed all of his teeth out of his mouth and he crashed into the wall of his cell and he was REALLY IN PAIN FROM THAT!

Mia Addison: I remember your psycho mom said that to my mom when she slashed her throat and left her there to bleed to death as they were stealing all our money.

Nico: Geez.

Dustin Keystone: I should've just killed you along with your parents the first time!

Swindle: For once, you're right. You should've. And not doing that was your biggest mistake!

Mia Addison: You make me sick Dustin. You are just as pathetic and worthless as your godforsakened parents!

Then DUSTIN SNAPPED AND WENT BALLISTIC!

He went at her and she punched him in the face and kicked him in the stomach and then she punched him in the face and broke his nose and then kicked him in the crotch and he screamed like a little girl! Then she took his leg and broke it on her knee and he screamed in excruciating pain as his leg bone protruded through his skin and blood poured out of his leg. Then she smashed his head into the floor numerous times. She was getting out of control!

Lincoln: Mia stop!

She wouldn't listen and she kept on pulverizing him into pulp!

Lincoln: MIA STOP IT!

Mia then stopped and cried hard and hugged Lincoln.

Kalin: You know, I was just like you once. Until J.D. and Vypra changed me!

Dustin Keystone: Well, the joke's on you now! You'll never be a normal person again!

Sunstreaker: And that's fine. We like Kalin for who he is!

Me: That's right! You brought all this on yourself Dustin! You are a heartless monster and a remorseless killer!

Nico: But you are right about one thing.

Dustin Keystone: What's that?

Nico: When you said Mia should have died with her parents it reminded me that I should have killed those people that called Saya and her friends CHILDREN and how they were insane. I should have killed all those people when I had the chance. But this time I'm going to correct that mistake on our next mission.

Me: But your punishment is now worse than ever.

I snapped my fingers and turned him into an old man that looked like he was over 500-years-old!

Me: I have now cursed you with the most deadliest curse of all - Eternal Life Without Eternal Youth. But as a bonus you are going to face Hom-Dai, the Worst of All Ancient Egyptian Curses.

I then ripped his tongue out and he screamed in pain!

Me: In 6 months you will die and be forever cursed to walk the world as a hollow husk!

He was scared.

Me: On second thought why wait that long.

I wrapped him in bandages and then we put him inside a sarcophagus and then we put scarabs on him and they were eating him alive slowly and then we put a lid on the sarcophagus and I used the key and locked it. And then we put him in a bigger sarcophagus.

Nico: Nice.

Eli: I've only read about one use of the Hom-Dai being used in Egypt's history and that was with the high priest Imhotep.

Me: That's right Eli. My Past life was avenged when we destroyed him. We must never allow Dustin to be released.

I put the sarcophagus in a giant crystal structure made of solid magic diamond and it was to be his prison for all time. I moved the crystal into a special cell in the Pluto Prison where he will never be released.

---

Back at the estate we were getting ready for our next mission.

Dreamcatcher: J.D., it's your turn to lead today.

Me: Yes I know. Our next mission is back at the Moonlands and we're going to the Oceans of Orothe.

Nico: Ooh an Underwater Mission.

Me: Yep. This is gonna be awesome.

Laney: I can't wait to see what Orothe is like.

Then Dark Laser, Onyx, Heatwave, P'andor, Myotismon, Radioactive Man, Greiger, Drakkon, Vulture, and Goliath appeared.

Lord Drakkon: Can me, Dark Laser, Onyx, Heatwave, P'andor, Myotismon, Radioactive Man, Greiger, Vulture, and Goliath go with you guys?

Me: Yes you all sure can.

P'andor: (Russian Accent) We heard about what happened. That Dustin kid had it coming.

Me: He sure did and I used the most feared curse of all on him, The Hom-Dai.

Greiger: Whoa! That's the very same curse that was used on Imhotep. But Dustin wasn't a blasphemor.

Me: Actually he was. He was evil to the very last breath and he was the ultimate blasphemor because you know.

Greiger: Oh.

Me: He had it coming. But anyway Our mission is gonna be in the oceans of Orothe in the Moonlands and we're going on an awesome underwater adventure.

Hilda: (British accent) This is gonna be most fun for all of us!

Luna: You said it dude!

But, before we left for the oceans of Orothe in the Moonlands, we were contacted by King Kai.

King Kai: (Telepathically) J.D., can you hear me?

Me: King Kai, what's up? Is something wrong?

King Kai: (Telepathically) I've got some really bad news. I've found Henry Kane, the 19th Century Satanic reverend and leader of the utopian cult Kane's People. He's at the oceans of Orothe.

We gasped in shock, including Lucy Loud and the Freeling Family, who've dealt with Kane long ago.

Emily LaRue: Henry Kane, that monster from the Poltergeist movies?

Lincoln: The same one, Emily, and Lucy's dealt with him long ago, and she saved Carol Anne and her family from him.

Lucy Loud: That's right, Lincoln. I can't believe Henry Kane's back, I thought I got rid of him long ago.

Carol Anne Freeling: Same here, it looks like he refuses to stay dead.

Lincoln: And I remember that J.D. faced him during his rescue in California, when he was in his true form, The Beast. So, he and his cult are back, and Henry Kane also wants revenge on Lucy for killing him long ago.

King Kai: (Telepathically) That's right, Lincoln. Kane and his followers have to be stopped, since they pose a threat to both the living and the dead.

Nico: That's right, and nothing is worse than someone who's a threat to both the living and the dead.

Twilight Sparkle: Lucy, what can you tell us about Henry Kane?

Lucy Loud: You won't like what I'm going to tell you about Henry Kane, Twilight. He's an evil monster who's been a threat to Carol Anne Freeling and her family for a long time.

Lucy Loud proceeded to tell those who hadn't joined the team long ago about Henry Kane, and they weren't going to like him one bit.

Henry Kane

Reverend Henry Kane, also known as "The Beast", is the main antagonist of the Poltergeist film series. In life, this angry ghost he was a leader and priest of a Satanic, 19th century Utopian cult who held an apocalyptic view on the world, sealing himself and his followers inside a cave system in area to die: this location would eventually be built over to make the home the Freeling family would reside in within Cuesta Verde in California and his dark soul wishes to abduct the youngest child of the Freeling family named Carol Anne, to use her innocence and her untainted life essence to capture souls trying to enter the afterlife. This origin story contradicts the original movie's plot but seems to be the official story of the sequels.

He was portrayed by the late Julian Beck in the second film, and the late Nathan Davis in the final sequel.

## Biography

### Life and Death

Kane was a reverend, possibly from the American South, who started a utopian cult in the early 19th century. However, Kane simply wanted to harvest the energy of his followers' spirits in the afterlife to gain supernatural power; despite this, Kane is shown throughout the films to be a zealot, as he does believe in certain religious values. He led his "flock" into an underground cavern under the premise that the world was about to end, but in truth, Kane simply wanted to kill his disciples and himself and then harvest their souls in death. It is implied in Poltergeist II: The Other Side that Kane became enemies with an immortal Red Indian shaman called the "Medicine Man" who is also known as Taylor. The novelization for Poltergeist II: The Other Side states that Taylor is the reincarnation of an Indian named Ben Lagou; Lagou was a member of Kane's cult, but when he witnessed Kane's growing evil, he turned against him. Ben Lagou was briefly possessed when he drank tequila, just as Steve Freeling later would be. Ben was able to free himself from the possession, while Kane told his followers that had witnessed this event that Ben Lagou was evil. Kane's cult headed for the cavern and sealed themselves in. Ben tried to find Kane to stop him, but could not find him. He used his shaman abilities to reincarnate himself through lifetime after lifetime until he was reborn as Taylor, who helped the Freeling family defeat Kane.

### The Beast

After Kane died, his ghost absorbed the energy from the souls of his followers and this fused with the power-hungry evil in his heart, transforming Kane into a monstrous apparition that the psychic Tangina Barrons would go on to call "The Beast". Kane/The Beast was able to gain his powers from his followers. However, he desired the energy of more souls which he could not obtain because they kept entering the Light, but when a house was built over his cavern in the 1980s and the Freelings moved in, Kane immediately sensed the power of the Freelings' daughter Carol Anne's innocence and because of her hidden clairvoyant abilities, and realized that it shone like the Light. As the Beast, Kane persuaded other benign spirits to join with him and his cult to abduct Carol Anne through the screen of a TV set (showing only static) and bring her to their realm, dubbed the "Other Side" where he could use her to attract more souls. Luckily, Carol Anne was rescued by her mother, Diane and brought back to the real world whilst Tangina was able to persuade most of Kane's minions to enter the Light. A vengeful Kane/The Beast used his remaining strength to make the corpses of his pawns rise from their graves and eventually consumed the entire Freeling house, but unfortunately for Kane, the Freelings escaped.

A year later, Kane tracked Carol Anne to a new house where her grandmother, Grandma Jess's clairvoyance was able to forbid him from entering the house without permission before she passed away in her sleep. This is the moment that Kane takes his human form and attempts to gain the Freeling household's confidence but Carol Anne's father, Steven, manages to see through Kane's lies and Diane even has visions of Kane's life. This is known as the famous "Let Me In" sequence. After Grandma Jess dies, Kane attacks the Freelings but is stopped by the Medicine Man, now calling himself "Taylor". Taylor gives Steve the Smoke Spirit, which has the power to resist Kane's attacks. Kane also manages to possess Steve and in a disturbing scene, it is shown that Kane is also a rapist, as he tries to use Steve's body to rape Diane, this echoes a scene from Poltergeist, where the Beast telepathically drags Diane above her bed and lifts up her top to reveal her undergarments. Luckily, Diane's love for Steve forces Kane out of his body. At the end of the film, the Freelings travel to the "Other Side" and Kane is defeated by Steve using a magical spear that Taylor gave him. Kane and his cultists became lost in limbo.

In Poltergeist III, Kane manages to trace Carol Anne to her new home at the John Hancock Center and takes possession of the entire building, using the mirrors as a gateway to their world and getting his minions to take the form of reflections. Once again, Tangina comes to Carol Anne's aid but is captured by Kane. The now defenseless Carol Anne is almost taken by Kane but is stopped thanks to Tangina's sacrifice. Kane is offered redemption, which he seemingly takes and moves on into the Light. However, at the end of the film, Kane reveals his "redemption" to have been fake, as he zaps the John Hancock Center with a bolt of lightning at the city of Chicago and laughs evilly, planning on wrecking more havoc in the world.

## Poltergeist III original ending

When Pat Gardner jumps through the glass pane into the apartment, she finds Carol Anne, Donna, Scott, Bruce and Tangina frozen and dying. She then also becomes imprisoned in ice and gets attacked by Kane and her evil mirror reflection who want the necklace. Patricia tries to repel them and declares unconditional love for her family, but trips over frozen Tangina and falls to the floor. Tangina frees her arm from the ice and grabs the necklace. She convinces Kane that she is the one who can take him to the light, not Carol Anne. Kane puts his hand on the necklace, but instead of ascending, his face cracks and he explodes. Kane and Tangina then proceeded to the light, ending the latter's reign of terror as the Beast for good. The blast frees everyone, but annihilates Tangina and causes a violent thunderstorm. Patricia, Carol Anne, Donna, Scott and Bruce leave the other side, ending Kane's reign of terror on Carol Anne for good.

## Powers and Abilities

In death, Kane possesses relatively canonical poltergeist powers such as possession, invisibility, transparency and telepathy. But he also contains a vast amount of power due to him harvesting the souls of his followers, enabling him to shapeshift and virtually bend all matter to his will. Kane is able to transform into demonic monsters. He also can create minions such as in the third film, where he transforms the protagonists' reflections into flesh and blood servants. Kane does however have various weaknesses that can be used against him.

He cannot enter the property of the living without access to an electric item or permission from the owner.

Clairvoyant energy acts as a barrier to his power.

Displays of good emotions, love, kindness, and belief weaken him, yet bad emotions such as rage, frustration and despair strengthen his evil.

Personality

Kane is the classic villain; he possesses characteristics such as psychopathy, sadism, and an insatiable desire for power.

---

When Lucy Loud was done, those who hadn't joined us long ago were indeed horrified by Henry Kane's dark and truly evil actions.

Ace Bunny: Yikes, Kane is definitely one bad reverend, and to make matters worse, he's the leader of a Satanic utopian cult who wanted to harvest the energy of his followers' spirits in the afterlife to gain supernatural power.

Tech E Coyote: And just like King Kai and Nico said, Henry Kane and his cult are a danger to both the living and the dead, and they need to be more than dead, they need to be banished to Oblivion or sent to Hell for good.

Lincoln: I'm going for banishing them to Oblivion for good, Tech.

Lucy Loud: And I'll need help with dealing with him.

Lincoln: (Smiles Warmly) No need to say anymore, Lucy, I'm going to help you with getting rid of Kane and his Satanic followers this time for good.

Lucy Loud: (Smiles) Thanks, Lincoln.

Carol Anne Freeling: And we also have something that can also help you guys.

Carol Anne Freeling, Steve Freeling, Diane Freeling, Robbie Freeling, Dana Freeling, and Jessica Freeling gave Lucy and Lincoln an enchanted Native American spear, and it was glowing and overflowing with positive energy, and Lucy remembered that Kane hated positive energy, and he grows stronger by feeding on negative energy.

Lincoln: I can feel the spiritual positive energy coming from this spear, and it's really powerful.

Lucy Loud: Kane hated positive energy, and he grows stronger by feeding on negative energy, this spear is the one thing that'll kill this monster for good.

Lincoln: Alright, J.D., we're ready.

Me: Alright, everyone, let's go.

We headed straight to the Moonlands, and later on, Lucy and Lincoln are going to deal with Henry Kane, and they're going to make that monster and his cult pay for their crimes for good.

---

## MOONLANDS

---

Later we arrived at the Moonlands.

Tomahawk Man: Here we are back at the Moonlands.

Tony Jones: Yep we are back again.

Me: But we're going to the Oceans of Orothe. Lets head out everyone.

We were off to the ocean.

Dark Laser: (to Saya) By the way, you don't have to worry about those people who antagonized you. Me and Flipsy took care of them.

Saya: Really?

Maria: (knowing what Dark Laser really means) Wait. Flipsy helped you kill those douchebags?

Dark Laser: Hey, Flipsy can kick ass too! Just like all the other mascots we have!

Nico: Wow! Thanks Dark Laser. I owe you a great steak dinner after this.

Dark Laser: Thanks Nico.

Me: My treat.
